ANNUAL REPORT

of the

TOWN OFFICERS

FOR THE YEAR ENDING DECEMBER 31, 1967

3723

Property of
MEMORIAL PUBLIC LIBRARY
Medfield, Massachusetts 02052

In Memoriam

WILLIAM B. FROTHINGHAM

Water and Sewerage Board 1944 - 1949
Finance Committee 1956 - 1959

HOWARD A. WELCH

Superintendent of Streets 1936 - 1937

ARTHUR S. ATHERTON

Measurer of Wood and Bark 1957 - 1967

ANNUAL REPORT

TOWN OFFICERS

Moderator

Charles F. Woodard	Term expires 1968

Town Clerk

Charles W. Keirstead	Term expires 1968

Treasurer

Walter E. Anderson	Term expires 1969

Selectmen

Austin C. Buchanan	Term expires 1968
John J. O'Keefe	Term expires 1969
Walter M. Frank	Term expires 1970

Assessors

Harry E. Conway	Term expires 1968
Melville J. Mills	Term expires 1969
Joseph S. Kennedy	Term expires 1970

School Committee

G. Marshall Chick	Term expires 1968
Gordon W. Thomas	Term expires 1968
Richard R. Randlett	Term expires 1969
Joseph H. Donahue	Term expires 1969
Lennard T. Swanson	Term expires 1970

Trustees of the Public Library

Lucile F. Sturtevant	Term expires 1968
Peter P. Vasaturo	Term expires 1968
Mary M. Hay	Term expires 1969
Laura H. Smith	Term expires 1969
Eugene C. Fetteroll, Jr.	Term expires 1970
Francis J. Mastropieri	Term expires 1970

Collector of Taxes

Charles H. Rayner, Jr.	Term expires 1968

Board of Health

Claire H. Smith	Term expires 1968
George A. Gagliani, M. D.	Term expires 1969
Arthur P. Walker	Term expires 1970

Cemetery Commissioners

Allison T. Carr	Term expires 1968
Joseph A. Roberts	Term expires 1969
Walter F. Reynolds, Jr.	Term expires 1970

Water and Sewerage Commissioners

Robert L. Coulter	Term expires 1968
Harry R. Leighton	Term expires 1969
John D. Williams	Term expires 1970

Planning Board

William F. Rogers, Jr.	Term expires 1968
John F. Bradstreet	Term expires 1969
Burgess P. Standley	Term expires 1970
Ernest L. Spencer	Term expires 1971
Charles C. Cain	Term expires 1972

Park Commissioners

Walter M. Frank	Term expires 1968
Frederick H. Loader	Term expires 1968
Louis Lee DeSorgher	Term expires 1969
O. Scott Fader	Term expires 1970
Bruce E. Simpson	Term expires 1970

Board of Public Welfare

John R. Lantz	Term expires 1968
Warren C. Bois	Term expires 1969
Marion D. Henderson	Term expires 1970

Tree Warden

Ellis N. Allen — Term expires 1970

Constables

William J. Griffin	Term expires 1968
William H. Mann	Term expires 1968
Robert B. Ripley	Term expires 1968

Fire Chief

Walter F. Reynolds, Sr.

Chief of Police

Allan A. Kingsbury

Sergeants

George W. Kingsbury — E. Nina Iafolla

Patrolmen

Clayton M. Balcom	William H. Mann
Robert W. Brady	John F. McCarthy
John T. Garvey, Jr.	Robert B. Ripley
William J. Griffin	Robert K. McCarthy
Nicholas N. Gugliotta	Francis E. Ryan

APPOINTMENTS MADE BY SELECTMEN

Superintendent of Streets

William E. McCarthy

Superintendent of Insect Pest Control

Ellis N. Allen

Field Drivers and Fence Viewers

Charles C. Cain — Herbert B. Burr

Inspector of Animals

William H. Bowman

Pound Keeper

William S. Blanchard

Dog Officer

William H. Bowman

Sealer of Weights and Measures

George E. Crowell

Measurers of Wood and Bark

J. Hardy Henderson
Arthur S. Atherton, deceased

Public Weigher

Richard A. Ellsworth

Constables

Clayton Balcom
Robert W. Brady
John T. Garvey, Jr.
Nicholas N. Gugliotta
E. Nina Iafolla

DEPARTMENTAL REPORTS

FOR THE YEAR ENDING DECEMBER 31, 1967

REPORT OF THE BOARD OF SELECTMEN

In March of 1967, the Board of Selectmen was reorganized as follows: Austin C. Buchanan, Chairman; John J. O'Keefe, Clerk; and Walter M. Frank, third member.

This year saw 3.01 miles added to the public ways of the Town, making the total 53.97 miles. This additional mileage, the number of dwellings erected, and the accompanying increase in population, resulted in an increase in the tax rate in the running of the town government, primarily because the tax revenue from purely residential properties could not keep pace with such added costs.

The Main Street resurfacing program progressed this year west to the intersection of Bridge Street. We plan to complete this improvement to the Millis line in 1968, to re-align and surface Main Street to the east beyond Hartford Street, and to apply funds to the first lap of Hospital Road to the north.

The emergency generator for the Town Hall is in the process of being installed. Upon completion, this will enable an automatic switchover of power in an emergency.

As authorized by the vote of the Town Meeting, we adopted Pedestrian Control Laws in anticipation of traffic lights. We also voted to amend the Traffic Rules and Orders of the Town to change from angle parking to parallel parking on North Street in the hope that a safer approach to Route 109 for vehicles, and a better channelization of traffic in the vicinity would be accomplished. It is our hope that we may see the installation of traffic lights in 1968 in the town square, and we ask for your support at Town Meeting.

In compliance with a request from the Fire Chief, the Selectmen voted unanimously to adopt Section 59A of Chapter 48 of the General Laws as amended to allow the Fire Chief, at his discretion, to dispatch apparatus for the purposes of mutual aid.

Student Government Month during November was an innovation which was mutually enjoyed by students and Town Officials alike. We hope this will become an annual event. enlightening our students about the complexities of Town Government, and creating an interest for future leadership.

We combined our fuel requirements for the Library, Fire Station and Town Hall and accepted bids on a volume basis, resulting in substantial savings.

We will request funds in the Annual Town Meeting warrant to provide for a professional codification of the by-laws and statutes which have been adopted from time to time by the Town so that they will be available to the townspeople and public officials and will provide the necessary information for charter reform when the time comes to study this matter.

We met with several representatives of firms interested in installing cable TV in Medfield and are reserving judgment on this matter at the present time, awaiting further developments.

After study and deliberation, the Selectmen were recorded, two to one, in favor of the legislation proposed by the Selectmen of Dracut that the Willis-Harrington Act be amended to delete the section which provides for mandatory establishment of kindergartens by September, 1973, the consensus of the Board being that this should be a matter for Home Rule.

As authorized by vote of the Annual Town Meeting, we voted to appoint John T. Garvey, Jr. as a provisional Patrolman of the Police Department. In the interests of safety of the school children, another Traffic Supervisor was added to direct traffic at Park and Main Streets.

Under the provisions of Chapter 31 of the Massachusetts General Laws, the Civil Service law, the Chief of Police was removed, effective October 26, 1967.

The Selectmen attended meetings of the Norfolk County Commissioners, Norfolk County Selectmen's Association, a Community College Symposium at King Philip High School where the future cooperation of the Board was assured; the Board was represented at a 10-week seminar at Dean Junior College on municipal problems; also a seminar at Babson Institute on Home Rule and charter studies, as well as many local Board and Committee meetings.

We were recorded in favor of honoring the late Calvin George Fisher in the naming of the athletic field, "Fisher Field."

The Selectmen had the pleasure of bestowing honorary citizenship on Miss Laura Baccaglioni, an American Field Service student from Italy who made her home here in Medfield this past year and presenting her with the "Key to Medfield."

We also had the honor to nominate and award to Harry E. Conway a certificate from the Massachusetts League of Cities and Towns as the "Outstanding Municipal Employee" in Medfield for 1967.

The Board was active in the advancement of plans for the relocation of Route 27 between Spring Street and the Sherborn town line. Though action could have been taken independently of the approval of the townspeople, the Board chose to make a full disclosure of its intentions and ask for a favorable vote at a special town

meeting held on November 13, 1967, primarily because of the great importance of this step in the future of the Town. Preliminary groundwork in planning consisted of applying in November 1966 to the Department of Public Works of the Commonwealth for Federal Secondary Aid Funds. A formal reply, in the positive, was received in March 1967. In July the Board voted to notify abutters to view the plan, and in the same month received notice from the Department of Public Works that an engineering plan had been programmed. In September, the Board held a special meeting for the benefit of all the Town departments to supply them with complete background material to date, and to take their views and opinions into consideration. An affirmative vote was recorded at the November special town meeting and the Selectmen were instructed to petition the County for a layout.

The relocation toward the northwest is designed to accomplish three primary objectives, (one), alleviation of traffic problems at the intersections at North, Main and Spring Streets by eliminating the present jog in Route 27; (two), the building of a wider, straighter, and safer artery through the town for future expansion of traffic flow, much beyond the present, already heavy pressure; and three), the potential opening up of the town's industrial area toward the north, the development of which depends in great measure upon roads capable of carrying heavy transportation, and satisfactory accesses thereto.

The total expense of the construction of the relocation of Route 27 will be $975,000., borne entirely under the Federal Secondary Aid Program. However, landtakings arising out of such construction are currently estimated at $150,000., payable by the Town. We propose to vote these funds over the next two to three years to avoid the impact in one year on the tax rate. Completion of the project is estimated at less than five years.

The Selectmen appointed one of its members to conduct a study of the proposed position of "Executive Secretary." Questionnaires were sent to about 25 towns having such an employee, and the results were published around the turn of the year, so that the townspeople would be well informed on the subject at town meeting time.

During 1967, substantially all of the downstairs area of the Town Hall was repainted. Partitions were strategically placed for the formation of office cubicles and lighting was vastly improved, in the hope that efficiency could be increased through better work-

ing conditions. Plans for 1968 call for certain additional improvements on the main floor and a partial renovation of the upstairs area into office and hearing rooms to alleviate present overcrowded conditions. The Selectmen have worked out a three to five year Town Hall renovation program, which they hope will be acceptable to the townspeople, because of the wide scope and flexibility of the improvements at moderate cost, without the necessity of borrowing.

Regular meetings of the Board are held Tuesday evenings at 7:00 P.M. at the Town Hall. All meetings are open to the public. The Board appreciates all that has been done by the citizens for the improvement of the Town of Medfield.

Respectfully submitted,

AUSTIN C. BUCHANAN, Chairman
JOHN J. O'KEEFE, Clerk
WALTER M. FRANK
Board of Selectmen

REPORT OF THE MASTER PLAN IMPLEMENTATION COMMITTEE

To the Honorable Board of Selectmen:

The Master Plan Implementation Committee (MPIC) continues to work with Town Officials and Organizations to see that the Master Plan is put into effect, and used as a guide for future planning.

Preparation of new copies of the Master Plan Summary, including the Supplement, was completed, and are now available through Mrs. Burke at the Town House for all interested new residents of Medfield.

The following items as proposed by the Master Plan were implemented during 1967:

1. Route 109
   a. Relocation — The Blauvelt Engineering Co. of N.Y.C. has been authorized by the Mass. Dept. of Public Works to make an engineering survey, and prepare a report for possible relocation between Interstate 495 and Route 128; and has been sent a copy of Medfield's Master Plan Summary, Zoning By-Law, Highway and Street Plans, Water Plan, Zoning Maps and Geodetic Maps. (Selectmen)
   b. Reconstruction — Main Street from Spring Street to the Millis Line was completed. (Highway)

2. Route 27 — The Town voted at the November Special Town Meeting to finance the upcoming land takings resulting from the planned reconstruction and relocation of Route 27 from Main Street to the Sherborn Line as laid out by the Mass. Dept. of Public Works. MPIC unanimously endorsed this article, as following the spirit of the Master Plan, although the new route will not exactly follow the original layout proposed by the Master Plan. (Selectmen)

3. A section of Granite Street was paved in accordance with the Street Improvement Plan. (Highway)
Additional funds were voted for reconstruction of a section of Hospital Road. (Highway)

4. Monies for preliminary plans for a new elementary school off Elm Street was voted at the Special Town Meeting in in November. (School)

5. Conservation
   a. Additional acreage through gifts and tax title takings has been acquired along the Charles River. (Conservation Commission)
   b. Aerial photographs of the Charles River have been taken at high water, to help establish the limits of the Flood Plain. (Conservation Commission)
   c. Considerable work was done in the Baker's Pond area to further improve its appearance and usefulness. (Park & Recreation)

6. The new well off Elm Street will be operative as soon as as a few minor parts have arrived. All pipe has been laid and the new pump house has been installed. (Water Board)

7. Zoning
   a. Central Business District Zoning Regulations were completed and sent to the Planning Board for further action. (MPIC)
   b. The Town accepted the Industrial Intensive and Industrial Extensive Zoning By-Law. (Planning Board)
   c. The Planning Board adopted a revision of Land Subdivision Rules and Regulations. (Planning Board)

8. A Capital Outlay Program study through all Town Depts. was initiated, and a preliminary report will be ready by March, 1968. (Finance Committee)

The following aspects of the Master Plan were proposed to the Town, but turned down by the voters:

1. Construction of a Town Garage and land purchase for same.
2. Purchase and installation of traffic pedestrian control signals in the Town center.
3. Conversion of the North Street School for use as a municipal office building.
4. Conversion of the former bank building to library uses, and remodeling of the existing library building.
5. Purchase of vacant land adjacent to the Swimming Pond for recreational purposes.
6. Appointment of a committee to make a study of pedestrian safety and sidewalks.

MPIC feels that conversion of the North Street School for a Community Recreation Center, although not recommended by the original Master Plan, is proving to be a great addition to the Town, and is being used extensively by many Town Committees and Organizations as well as by the young people.

MPIC wishes to thank all Town Departments and Organizations for their cooperation during the past year, and reiterates that it stands ready to help in any planned or proposed project which falls within the confines of the Medfield Master Plan—a "blueprint" for an orderly growth for Medfield.

Respectfully submitted,

JOSEPH C. DONNELLY, JR., Chmn.
GRACE P. RITCHIE, Secretary
LEO KELLEY
RICHARD V. STURTEVANT
CHARLES A. AUSTIN, III
BOBETTE WICKS
PAUL HURD, Vice Chairman
JOHN V. CRACKNELL
RICHARD KAERWER

REPORT OF INDUSTRIAL AND DEVELOPMENT COMMISSION

Two significant items marked the progress of the year.

The first of these is the adoption by the town of the new zoning bylaws for industrial property. These bylaws may reduce, on a shortsighted basis, the rate at which industrial acreage is consumed. However, on a long term basis, they will assure that the town obtain the more desirable industries which will preserve both the beauty and the property values of the town while providing a substantial economic return to Medfield.

The second of these is the vote by the town to approve the construction of the new highway 27 along a route that essentially bisects the bulk of the industrial land. Through the efforts of your Commission, the agent of this land offered to donate to the town that portion needed by the new Route 27. This had a great deal to do with obtaining a favorable vote which was quite close, assuring the town a substantial reduction in Route 27 construction expense, while giving the town far better prospects for industrial development.

FRED W. HANNULA, Chairman
GORDON YARLOTT, Secretary
WILLIAM F. SPANG
CLAYTON HAIGH
JOHN EKSTROM

REPORT OF TREE DEPARTMENT

To the Honorable Board of Selectmen:

Maple Decline is still a serious problem with our roadside trees. As a result of the drought of the previous years along with concentrated amounts of salt in the soil and several other side effects, twenty three (23) of our roadside Maples were removed during 1967. We also completed routine pruning of many trees throughout the streets of Medfield. I recommend the sum of $5800.00 be appropriated for the care of trees for the year 1968.

Our roadside planting program of shade and flowering trees of such species as Tuliptree, Buttonwoods, and Japanese Flowering Crabs was supplemented by the addition of two (2) tree planters, with two (2) Flowering Crabs planted in them, located by the old watering trough in front of the Town Hall. I recommend the sum of $1000.00 be appropriated for the continuance of our tree planting program in 1968.

The Dutch Elm Disease problem this past year increased somewhat over the previous year with a total of thirty-three (33)

Elms having to be removed. With continued sanitation, pruning, and spraying programs it is hoped that the disease will be contained and kept from increasing. I recommend the sum of $2000.00 be appropriated for the furtherance of this program in 1968.

Department of Insect Pest Control

Our Insect Pest Control program was conducted with success. In executing this program, materials used are of the less toxic to wildlife types, so as to cooperate as much as possible with the conservation and wildlife agencies. I recommend the sum of $1000.00 be appropriated for the Insect Pest Control program for 1968.

The Poison Ivy Control program was continued with success and in the future I recommend this appropriation be included in the Insect Pest Control program with no separate amount to be appropriated.

Respectfully submitted,

ELLIS N. ALLEN

ANNUAL REPORT OF THE PARK AND RECREATION COMMISSION FOR 1967

To the Honorable Board of Selectmen:

During the year 1967 your Commission operated in the following areas of activity.

1. The renovation of the North Street School and the subsequent creation of a new Recreation Center in that building.
2. The operation and maintenance of a bathing beach and a Red Cross swimming instruction program for residents.
3. Use of the Swim Pond for a skating program.
4. The upkeep and beautification of Medfield's park and other properties over which it has control, as follows:
    (a) Baxter Park
    (b) Metacomet Field
    (c) Baker's Pond Area
    (d) Tennis Court on Adams Street
    (e) Green Street property — location of swimming pond.
5. Active cooperation from and with various service organizations for the beautification of traffic islands.

1967 was the occasion of an outstanding accomplishment at the Old North Street School Building. The Youth Center, acting under the supervision of a sub-committee of the Commission, with

funds raised by the young people from their Saturday night dances, spearheaded a rather ambitious renovation of these premises into a recreational facility. The project was helped along by a town appropriation at the Annual Town meeting. Even though the total over-all cost was less than $10,000, a great deal was accomplished to make this building not only acceptable, but extremely valuable to Town departments, service organizations, recreational groups, and last but not least to the Youth Center itself as a "new home." Indicative of the usefulness of this building is the fact that 53 separate functions were booked into the premises in the month of December alone. The remarkable feature of the project was the very large part the youth themselves took in making it succeed. The Commission was most pleased with this project and primarily with the way the young people responded to the Commission's Chairman, O. Scott Fader, who was in charge. Robert Luke, Chairman of the Adult Advisory Group, and Ross LaBaugh, President of the Youth Center were likewise heavily responsible for the project's success.

The Swimming Pond was the scene of the Commission's 6th successful season "at the beach." 2569 residents registered for the use of the area, which contributed $3 506 toward defraying the cost of running the program, making it 45% self-supporting. Commission member Walter M. Frank was in charge. The beach was in the expert care of Mr. William Tosches, Waterfront Director, and a staff of six. Mrs. William Krucke acted as Chief Swimming Instructor and under her direction and the assistance of the staff, 283 pupils received Red Cross certifications in the various swimming skill categories out of 800 who took lessons. Medfield was second only to Norwood in the Boston Chapter of the American Red Cross with respect to certifications awarded, with a very high ratio in the Senior Life Saving area. Medfield's swim team participated regularly in meets which were held as a part of the Suburban Swimming League activities. The 6th Annual Swim Meet was held for our own youngsters on the Sunday before Labor Day.

Member Bruce Simpson was responsible for the expansion of the physical properties at the Pond, especially the new shuffleboard court which should become operational in 1968.

A sub-committee of the Commission, under the direction of member Louis Lee DeSorgher, brought about the beginnings of a skating program which met with moderate success in 1967 at the Swimming Pond. An appropriation at the annual Town Meeting should help this program to expand in the year to come.

Jackyln Reed and Michael Kelleher attended meetings of the Commission regularly during the year, as student representatives

chosen by the High School faculty, and made valuable contributions from time to time to our thinking.

Merlon Spender was once again awarded the park upkeep contract, and as usual did an outstanding job which far surpassed what was expected of him. Residents are seeing the results of his ability in the improvements being made from year to year at the Baker's Pond Area, where still another section of land was newly landscaped during 1967. The Highway Department has been extremely helpful also in building up the land in this area from below grade. The near term future will bring about even further improvements in this land with hope that it will become one of the Town's most attractive spots.

The Commission owes a special note of thanks to its member Frederick H. Loader for his steadying influence in all phases of its work, with particular emphasis upon the keeping of records and the orderly booking of the new Recreation Center facilities.

The Alan Hastings family made a donation of an evergreen tree for Baxter Park. This tree was planted permanently at that site with the help of the Highway Department, the Tree Department and the Boston Edison Company at very low cost to the Town. The Commission intends to continue to light this tree at Christmas time annually.

Efforts have continued toward the acquisition of additional land adjacent to the Swimming Pond area on Green Street. With the help of the Conservation Commission, it is possible that this will come about during 1968.

A discouraging aspect of the Commission's work is the vandalism that takes place annually at the location of its various properties. It is ironic that harm should be done in areas where the only thought is in supplying pleasurable pursuits at little or no cost to the townspeople. The Commission issues a plea to the townspeople to be ever watchful and helpful to the police in order to bring vandalism under control.

The Commission is grateful to all the service organizations, Town Departments and individuals for the generous assistance received during the year.

Respectfully submitted,

O. SCOTT FADER, Chairman
FREDERICK H. LOADER, Vice Chairman
LOUIS LEE DESORGHER, Clerk
WALTER M. FRANK
BRUCE SIMPSON

REPORT OF THE CEMETERY COMMISSIONERS

To the Board of Selectmen:

The Cemetery Commissioners respectfully submit our report for the year ending December 31, 1967.

Progress has been made on road surfacing, banking around the pond and plans for the laying out of a new section.

In the road program, we are asking under a special article, for a sum of money to resurface the existing hard surfaced roads. This will maintain the roads presently built. In 1969 we will again ask for money to complete the surfacing of the remaining gravel drives in the "new section."

We report the following expenditures for 1967 and our requests for 1968.

Maintenance	1967	1968*
Mowing, Clipping, clean-up Spring & Fall, trees, general maintenance.	$6,348.00	$6,500.00
Machinery		
Two small machines, repairs and parts.	860.00	1,000.00
Supplies		
Gas, oil, tools and equipment.	343.55	400.00
Roads		
Maintenance of existing gravel roads not including special article.	2,722.22	700.00
Machinery Hire	138.00**	500.00

*Increase due to labor costs plus general increase in supplies.

**As we used Highway Equipment, actual costs of "Hired Equipment" not reflected in this report.

We wish to thank all town employees who have assisted the Cemetery Department at various times of stress. In particular, the Highway Department, who have gone out of their way to assist this Department.

Respectfully submitted,

ALLISON T. CARR
JOSEPH A. ROBERTS
WALTER F. REYNOLDS, JR.

REPORT OF TOWN GARAGE COMMITTEE

To the Honorable Board of Selectmen:

On March 13, 1967, the Town Garage Committee presented a building and site proposal to the voters of Medfield, at the annual Town Meeting.Defeat of this proposal was followed by re-evaluation of town requirements within the existing economic situation by the committee.

It was decided that building costs should be cut by reduction of building area marked for "Future Expansion"; in addition, various methods of minimizing land costs by proper site choice were investigated.

At the special Town Meeting of November 1967, the committee was prepared to present the modified plan. However, relocation of Route 27 was approved by voters of Medfield; this approval simultaneously made most of the chosen lot subject to loss by landtaking procedures and opened possibilities for other equally desirable sites becoming available. Dismissal of all applicable articles was recommended by the committee and was so voted.

This project is presently on "inactive" status, holding for final location of Route 27 to be established; at that time, site availability and desirability can be evaluated again.

Respectfully submitted,

CHARLES E. GIFFORD, Chairman
FOREST T. WILLS
SEDGREN J. DICK

REPORT OF INSPECTOR OF GASFITTING

To the Honorable Board of Selectmen:
Gentlemen:

I hereby submit my report as Inspector of Gasfitting for the year ended December 31, 1967.

Number of Permits Issued	125
Inspections by Gas Inspector	141
Inspections by Acting Gas Inspector	20
Mileage	483
Permit Fees Collected	$886.00

I wish to thank the Town Officials, Marie Burke, Gwendolyn Suereth and the other inspectors for their help and co-operation during the year.

Respectfully submitted,

WALTER R. NYE
Inspector of Gasfitting

In Memoriam

FRANK LESLIE TRAVERS

Captain, Fire Department

Fire Department, May 1915 — December 1960

REPORT OF THE FIRE DEPARTMENT

Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report for 1967.

The experiences of the past year have taught your Fire Department many valuable lessons. We have been confronted with fires causing tremendous property loss, but fortunately no serious results to persons involved.

As you will note, the payroll budget was exceeded only because of fires of these proportions. Once again, on several occasions the value of excellent mutual aid from our neighboring towns proved itself. Five departments assisted us at the State Hospital Barn fire in March and three towns came to our aid at the disastrous explosion in May. To the Firefighters of these towns, I shall be forever grateful.

I feel that the officers and men in the Department are well trained and are operating very efficiently as a Call Department, but it is obvious that the growth of the town will soon necessitate the establishment of a full-time force. Therefore, I strongly urge that you place the position of Fire Chief on a full-time basis with transportation this year. The use of my car for over three years on a mileage allowance has not been satisfactory. A full-time chief could study the situation and present to you at a future meeting a sensible and feasible solution to the problem. Otherwise, you will have to face it suddenly at an expense that will be quite noticeable.

The installation of Fire Alarm boxes was started during the year and I trust that you will allow this work to be carried further in 1968.

I find that after close inspection two of our older vehicles which I had hoped to replace this year will be serviceable until 1969 and perhaps then, under the Capital Outlay Program, the purchase of a replacement may be possible.

My budget request, you will note, is very close to that of 1967 and with a little luck should be sufficient.

In closing, let me stress the need for twenty-four hour coverage at the Station by trained personnel to handle all emergency calls and operate our Communication System. Complete facilities are now available at the Station but to function successfully they will require coverage around the clock.

Several of your Firefighters have, at their own expense, installed receivers in their homes which could be of great value as an "alert" providing that a Central Transmitter could signal them

in case of fire. This would shorten the time of response considerably.

Lastly, I might note that Medfield is the only town in this entire area without this added protection.

Classification of services rendered during 1967:

Buildings	23
Woods and grass	92
Automobiles	12
Highway Accidents	7
Station Duty	29
Mutual Aid	6
Oil Burners	3
False	9
Public Dump	10
Bomb Scares	2
Fire Patrols	9
Still Alarms	2
Miscellaneous	55
Reports Investigated	241
Oil Storage Permits	37
Blasting Permits	14
Building Inspections	14
Burning Permits	772

Again, I wish to express my gratitude to the officers and men of the Department, Police Chief and all police officers, Fire Alarm Operators and all other Town Departments who so willingly assisted us during the year.

Respectfully submitted,

WALTER F. REYNOLDS, Chief

REPORT OF BOARD OF PUBLIC WELFARE

To the Honorable Board of Selectmen:

During 1967 one hundred sixty-three applications were received and processed; one hundred twenty-one applications were approved for assistance; forty-two applications were denied or withdrawn. Assistance and service has been rendered to a total of two hundred twenty-six cases. Aid rendered in all categories was as follows:

Old Age Assistance	$ 14,751.35
Medical Assistance	72,030.30
Aid to Families with Dependent Children	21,254.89

Disability Assistance	3,304.33
General Relief	153.55
Total Aid in all Categories	$111,494.42

Medical Assistance (Medicaid) a total medical care program for all who are eligible but geared specifically to those under 21 and over 65 was initiated on 9/1/66. However, the real impact of this new category was not evident until after 6/1/67, at which time a "Declaration of Need for Medical Assistance", a simplified form of application was adopted.

In the Fall of 1967 Chapter 658, of the General Laws of the Commonwealth of Mass. of the Acts of 1967, was passed by the General Court and signed by the Governor. This Chapter removes, from local administration, public welfare.

Medical costs continue to increase. This continued increase should be the concern of all taxpayers.

This Board of Public Welfare wishes to publicly thank the town officials, physicians, private businessmen and others who have so willingly cooperated during 1967.

Respectfully submitted,

JOHN R. LANTZ, Chairman
WARREN C. BOIS, Clerk
MARION D. HENDERSON, Third Member

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit the report of the Police Department of the Town of Medfield for the year ending December 31, 1967:

ACCIDENTS REPORTED	166
Fatal accident	1

Class 1 and 2	31
MISCELLANEOUS	588

Since September 24, 1967, John Garvey of Natick has joined our Police Department, bringing our complement to (10) ten men. On some shifts we are able to keep two cruisers patrolling the town. I hope in the near future the taxpayers of Medfield will decide to give us enough men so that we are able to keep the two cruisers moving 24 hours a day, every day in the week.

With new housing developments springing up all over the town, it is only proper that the Police cover these sections. The additional men will enable us to give them faster and better service when required.

POLICE SCHOOL AND TRAINING

During 1967, no one has attended the State Police Academy in Framingham. The State Law now provides that any officer that is appointed to the Department must attend an approved training school within six months of his being appointed. It is possible that in 1968 one man will attend. This is to train and educate a Police Officer before assuming regular duties.

With new Supreme Court decisions being handed down from time to time, it is imperative that an officer have more and more training to be able to handle his job properly. This includes a more detailed method of booking and interrogation.

This year I will stress to all the Officers in the Department that they attend all lectures concerning Police matters. This would include safety, Police proceedure, modern Police technique, court procedure, seminars on search and seizure and narcotic and harmful drugs and the use of L.S.D. With the ever-increasing use of Marijuana and L.S.D. throughout the country, it is imperative that all officers know as much as possible in this regard.

Female Traffic Supervisors

This past year we have appointed one more Female Traffic Supervisor to cover the cross walk on Route 109 at Park Street.

A pedestrian count was taken at this cross walk and it was necessary that a Female Traffic Supervisor be stationed at this cross walk to enable the youngsters to cross without any difficulty. This brought our complement to (7) seven Female Traffic Supervisors.

I cannot stress too much what a fine job these girls are performing in protecting our loved ones across the streets each morning while schools are in session.

Auxiliary Police

Sergeant Iafolla, who has been in charge of the Medfield Auxiliary Police for the past (8) eight years, points out again to the taxpayers that the Auxiliary Police have contributed over 1000 hours of time in assisting the Regular Police on weekends, nights, and in emergencies.

Most of the men attended a Red Cross First Aid course at the Fire Station with regular Police and Firemen and received their certificates at the completion of the course.

On behalf of the Police Officers, Female Traffic Supervisors and Auxiliary Police, I wish to extend my sincerest thanks for the cooperation during the past year of state and local officials, department heads in the Town of Medfield and citizens.

Respectfully submitted,

E. NINA IAFOLLA
Sergeant In Charge

REPORT OF THE PLUMBING INSPECTOR

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report as Plumbing Inspector for the year ending December 31, 1967.

Number of Permits Issued	136
Number of Inspections	219
Permit Fees	$1,995.00

I wish to thank Marie Burke, Gwendolyn Suereth and the other inspectors for their help and assistance.

Respectfully submitted,

J. ROGER PETRIE,
Plumbing Inspector

REPORT OF OPERATION OF TOWN AMBULANCE

To the Honorable Board of Selectmen:

I hereby submit the Annual Repctr for the Operation and Maintenance of The Town of Medfield Ambulance for the year ending December 31, 1967:

Ambulance made 119 trips in 1967.	
Budget Expended in 1967	$2,398.42
Total Amount Billed for 1967 Trips	1,990.00
Outstanding Bills for 1967	1,061.00
Outstanding Bills for 1966	422.00
Outstanding Bills for 1965	426.00
Outstanding Bills for 1964	328.00
Outstanding Bills for 1963	185.00
Outstanding Bills for 1962	95.00
Outstanding Bills for 1961	- - - -
Outstanding Bills for 1960	140.00
Outstanding Bills for 1955 - 1959	350.00
Total Outstanding Bills	$3,007.00

The ambulance was out of operation for approximately a one month period due to repairs which were necessary as a result of accidents. The Town of Millis extended the use of their ambulance to Medfield residents during this period and their cooperation is very much appreciated.

Respectfully submitted,
HELEN B. WILLS

REPORT OF THE INSPECTOR OF WIRES

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report as Inspector of Wires for the year ending December 31, 1967.

Permits issued were 299 with 300 inspections made. Salaries and department expenses amount to $1757.38. Amount received in permit fees was $2157.00.

At this time I wish to thank Marie Burke, the other inspectors and departments for their help and cooperation during the year.

Respectfully submitted,
JOSEPH F. ERSKINE, JR.
Inspector of Wires

REPORT OF THE CONSERVATION COMMISSION

Your Conservation Commission was reorganized with Dr. Richard Heiligmann as the new chairman, George Drewett as the new member, and Dorothy Kane offered to serve another year as volunteer secretary. Retiring Chairman O. Scott Fader presented to the Commission a Conservation Plaque donated by his family; said plaque to be inscribed each year with the name of the candidate chosen by the encumbent committee membrs: said candidate being the person or organization who has contributed to conservation in Medfield in an outstanding manner.

Recipients:

1966 - Medfield Garden Club 1967 - Dorothy J. Kane

In April, Mario Pederzini arranged to have the Charles River photographed at its high water level by airplane from the Dover-Sherborn line to the Norfolk line. This project will help the Commission in securing land along the river when owners can vividly see the height of the normal spring run-off, and will also serve as an adjunct to any future flood plane zoning. Mrs. Ellen Gifford addressed the Medfield Garden Club in September, at which time she displayed and discussed these aerial photographs. In November these pictures were displayed in the window of the McGuire Drug Store by Lloyd Hughes and Brian Mellea, Boy Scouts of Troop #89 who were submitting this project as one requirement to earn the "Conservation and Natural Resources" merit badge.

Mrs. Dorothy Kane presented a 40 minute slide program in the Dale Street School Auditorium to 214 fourth grade pupils as part of their science program, which consisted of nature and conservation films, many taken in the Medfield area.

Mrs. Ellen Gifford arranged a meeting in November with other interested town committees concerning preliminary discussion and explanation of a Soil Survey Analysis of the Town of Medfield. This meeting was conducted by Mr. Wiliam Sweet, Chairman of the Norfok Conservation District.

Daniel Hinkley has again represented our Commission and Town as a member of the Board of Directors of the Charles River Watershed Association, and attends regular monthly meetings. Charles Allen represents us at the Neponset River Valley Conservation Association meetings.

Several members attended the Annual Meeting of the Massachusetts Association of Conservation Commissions in Auburn, Massachusetts, and a meeting of the Massachusetts Association of Conservation Districts held at Sturbridge Village Inn.

The Commission is finalizing all necessary papers to acquire

approximately 175 acres of Tax Title Land along the Charles and Stop Rivers.

The Commission wishes to publicly thank the Henry Bridge Family for their recent gift of land bordering the Charles River. Our thanks also to all the citizens of Medfield who have shown an interest in our program for 1967 and our special gratitude to the Medfield Garden Club for the donation of $50 and to the Hannah Adams Club for its gift of $10 toward the Conservation Fund.

Our meetings are held regularly on the 4th Tuesday of the month at 7:30 P.M. at the Medfield Recreation Center, and all interested residents are invited to attend at any time.

Respectfully submitted,

DR. RICHARD HEILIGMANN, Chairman
MARIO PEDERZINI
CHARLES ALLEN
E. AUGUSTA CAIN
DANIEL HINKLEY
ELLEN GIFFORD
GEORGE DREWETT

REPORT OF BUILDING INSPECTOR

To the Honorable Board of Selectmen
and Residents of the Town of Medfield:

The following is my annual report for the year beginning January 1, 1967 through December 31, 1967.

I have issued a total of 232 building permits (1966-200) as listed below, and have made a total of 593 inspections. Mr. Benjamin Brock, assistant building inspector, made 40 inspections, making a grand total of 633 inspections for 1967, as against 517 inspections in the year 1966.

New single family dwellings	106	permits
Additions and renovations to private dwellings	70	"
Additions and renovations to business and industrial property	9	"
Semi-permanent office units	2	"
Remodeling of churches	2	"
Swimming pools	9	"
Stables	4	"
Reshingling roofs	29	"
Demolitions	1	"
	232	permits

Total income from building permits (fees) (1966 — $3,082.00)	$ 3,359.00
Estimated construction cost of new dwellings (1966 — $1,745,000.00)	1,965,000.00
Estimated construction cost of all types of alterations, renovations, pools, shingling, etc. (1966 — $128,454.00)	160,314.00

There were no new business or industrial buildings constructed in Medfield during 1967.

The duty of assigning house numbers is the responsibility of the Building Inspector, as well as acting as the Enforcing Officer for Zoning, Enforcing Officer for Trailers, and the work of the Building Code Committee.

I wish to thank the town officials, the other department inspectors, the administrative secretaries, and Mrs. Kathleen C. Conners, for the assistance and cooperation they have rendered me during the past year.

Altogether, I have found the local and out of town builders to be very cooperative.

Respectfully submitted,

HERBERT B. BURR
Building Inspector

REPORT OF BOARD OF APPEALS ON ZONING

To the Honorable Board of Selectmen
and Residents of the Town of Medfield:

The Board of Appeals on Zoning submits, herewith, its report for the year ending December 31, 1967.

The present Board was organized at its meeting on October 26, 1967 as follows:

Charles Kenny	Chairman
John L. Preston	Clerk
Paul E. Nyren	Third Member
James T. Regan	Associate Member
Mrs. Kathleen C. Conners	Secretary

During the month of February the resignation of Herbert B. Burr was accepted with regret and James T. Regan of Forest Street was appointed as the Associate Member for a period of one year.

1967 Hearings:

2 variances on set-back lines, one business and one private dwelling. Both granted.

1 home occupation and sign. Granted.
2 Special Permits, one for use of land for "municipal use" and one for a nursery business. One granted and one denied.
1 variance for an apartment house. Denied.
1 variance for full use of Industrial Land. Dismissed.

In every instance the decisions of the Board were unanimous.

Very truly yours,
Board of Appeals on Zoning
CHARLES KENNY, Chairman

REPORT OF THE BUILDING CODE COMMITTEE

To the Honorable Board of Selectmen
and Residents of the Town of Medfield

The Building Code Committee holds regular meetings on the second Monday of each month beginning at 7:00 P.M. in the Selectmen's office at the Town House.

The committee became a permanent committee in February of 1967. The purpose of this committee is to assist the Building Inspector, and all other town inspectors, in interpreting the Building Code and all other related codes; to keep a record of future revisions, and to make proposals for changes.

During 1967 the committee has helped with the interpretation of: STD-10 from the Bureau of Standards; use of wooden shingles; what constitutes a spread footing; above and in-the-ground pools; pool fencing; pool wiring; types of plywood; percolation tests, and electrical wiring by home owners.

The final meeting of the committee in 1967 was conducted with a group of local contractors and building inspectors to hear a discussion on the use of trusses.

During the year 1968 we hope to make recommendations to amend the Building Code in Medfield to cover pools, types, wiring, fencing, etc., and present such recommendations at a future town meeting for approval of the voters.

Respectfully submitted,

HERBERT B. BURR, Chairman
BENJAMIN GREELY, Vice-Chairman
GEORGE G. JONES, Secretary
WALTER REYNOLDS, Fire Chief
NICHOLAS LAVERGHETTA
Building Code Committee

REPORT OF DEPARTMENT OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

Total	174.70

Respectfully submitted,

GEORGE E. CROWELL
Sealer

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Medfield:

In the following pages your school administrators have reported on the operations of your school system. Their facts and figures relate to **our** program and accomplishments in 1967. When you examine these reports, please keep in mind that public education as provided by our community is the product of the interplay of many factors. These include the laws of the Commonwealth, guide lines from the Department of Education, documented methods and philosophies of educators at the universities training our teachers, as well as the applied experience of educators actively engaged in the daily teaching of our children. Then, too, our program has to provide the best practical educational experience for the varied needs, interests, and abilities of our students.

The cost of public education is of deep concern to all of us. It is clear at this point that the limited sales tax will give the owner of real property no appreciable relief from his tax burden. Salaries of the instructional staff — approximately 80% of this year's budget — will continue to climb. The legal minimum starting salary for teachers was increased from $5000 to $5750 per annum by the legislature in 1967. This will mean significant upward adjustments for all teaching personnel. Bolstered by this vote of confidence, the teachers will seek and get additional compensation directly and in the form of fringe benefits under collective bargaining sanctioned by the preceding legislation.

In industry, wage demands have at least in some respects reflected productivity, The same cannot be said for education. Recognizing the need for individual help, the trend has been aimed at decreasing class sizes — decreasing student teacher ratios — thus increasing costs. As if this was not enough, kindergarten programs and greater time allocation for compulsory physical education at all levels including the primary grades are additions likely to come by legislative acts.

This dilemma of spiraling costs is faced to a degree by every community in Massachusetts. There has to be a point beyond which we cannot continue our present methods of taxation for education. Direction and leadership should be promulgated at the state level. The Department of Education should give consideration to what is necessary and what realistically belongs in public education. The legislature should also consider fiscal obligations imposed on the property owner in enactment of laws pertaining to educational matters .

On such important issues we cannot take unilateral action without damaging our educational program to the detriment of our children. Internal economics can achieve but limited objectives. The innovations in our own educational format are realistically conservative evolutionary changes necessary to strengthen and consolidate our program in keeping with current educational requirements.

Since the school buildings are public property it is disheartening to note the repeated acts of vandalism requiring expenditure of resources that could be put to better use. It seems particularly ironical that this should have been a problem in the year that the Town gave recognition to the young people's needs and created the Youth Center. With social unrest and drug use reported in our surrounding communities, it behooves all of us to take a responsible attitude toward these problems on behalf of our adolescents.

On the lighter side of these many weighty problems we are pleased to report that our educational program went along well with all four buildings fuctioniong without undue pressure from numbers and a favorable distribution of classes despite the unorthodox grade separations at the elementary level. Again may we thank all the people of Medfield who participated in our endeavors in one way or another. Particular recognition must be given to our school personnel whose enthusiasm and devotion to duty is evident at every level of responsibility. We are also grateful to all other town officials for their help so necessary for effective operation of our schools.

Respectfully submitted,

LENNARD T. SWANSON, Chairman
GORDON W. THOMAS
RICHARD R. RANDLETT
G. MARSHALL CHICK
JOSEPH H. DONAHUE

ENROLLMENT BY GRADE
OCTOBER 2, 1967

Grade	Spec.	1	2	3	4	5	6	7	8	9	10	11	12	Total
Boys	5	107	114	111	96	101	100	99	92	81	73	56	52	1087
Girls	5	121	114	99	99	108	93	90	87	84	72	59	61	1092
Total		228	228	210	195	209	193	189	179	165	145	115	113	2179

ENROLLMENT EFFECTS

As of October 2, 1967, a gain of 190 pupils was noted over the enrollment figure of October 1, 1966. The net gain continues to increase each year.

On January 2, 1968, the total enrollment was 2218. Memorial School had 9 first grades, 9 second grades and 1 special class -- an enrollment of 479 pupils. Dale Street School had 8 third grades, 7 fourth grades and 7 fifth grades — an enrollment of 625 pupils. The Junior High School had 575 students in grades 6, 7 and 8. The High School had 539 students in grade 9, 10, 11 and 12.

In September, 1968, Memorial School and Dale Street School will have all rooms occupied including the School Committee Room and Activity Room at Dale Street. The Junior High School will house grades 6, 7 and 8 without any problems. The High School, with an anticipated enrollment in excess of 600 students, will have troubles.

A new elementary school which is presently in the planning stage will have to be supported by an affirmative Town Meeting vote in order to provide the space needed in September 1969. The completion of this school will permit the transfer of grade 6 from

the Junior High School thereby making it possible to move grade 9 from the High School to the Junior High. Such planning should make it possible to consider only one building project instead of two at one time.

SURPLUS PROPERTY

The State Agency for Surplus Property, a division of the State Department of Education, advises public schools of government property which is available. During the year $60.90 was spent to obtain materials valued at $6050.

FEDERAL FUNDS

The Elementary and Secondary Education Act of 1965, Public Law 89-10, Title I, provided two projects during the year. $1873 supported a special reading project at the Junior High School and a sum of $14,982 was received to establish a 6-week Summer School.

The National Defense Education Act, Public Law 864, Title III, granted $12755.90 for Science Projects, and Title V of the same Act funded $9671.72.

Public Law 88-210 provides for Business and Office Education. Medfield received $792.

Public Law 89-10, Title II, provides support for school libraries. Medfield received $3,325.52.

MAINTENANCE

All oil burners and boilers were cleaned and serviced. Fire brick replacement was completed in the boilers at Memorial School, Dale Street School and the High School.

The Science Laboratory at Dale Street was renovated thus making it usable as a regular classroom.

Maintenance costs continue to rise as is evidenced by the following:

Repairs and upkeep for heating $4,081.23; plumbing, $1,206.33; electrical $1,860.03; general work such as roofing, carpentry, window replacement, grounds, etc., $4,574.07. Contingencies for above, $1,503.

It is most difficult to estimate an annual figure for this kind of work. Some statistical reports indicate that 1% of the total Annual Budget should be appropriated.

It is to be noted that the total appropriation for maintenance in 1967 was $8,740 and that the expenditure as of this date was $13,224.66. For 1967, the 1% factor is significant since the total Budget was $1,193,468. It would seem logical in another year to apply the 1% factor.

ACKNOWLEDGEMENTS

It has been a pleasure to work with a School Committee and a School Building Committee which have maintained a close observation of our school needs. Countless hours have been spent with but one thought in mind — to provide the best educational plan that the Town of Medfield could afford.

The success of our educational program is the direct result of the dedicated teachers, able administrators and cooperative members of the secretarial, custodial, health and cafeteria staffs.

I speak for all our students in thanking the Parent-Teacher Organization, The Boosters Club, Hannah Adams Club, Lions, Medfield Teachers Association, American Legion Post 110, Daughters of the American Revolution, and the Medfield High School Student Council for their continued support and interest in our young men and women.

I am very grateful for the assistance given to me and to the whole system by the secretarial staff in my office.

To the Town Officials, Fire and Police Departments, Water and Highway Departments, I extend my gratitude for the services performed for the benefit of the entire school system.

Respectfully submitted,

THOMAS A. BLAKE

REPORT OF MEMORIAL ELEMENTARY SCHOOL

To the Superintendent of Schools:

It is a pleasure to submit my thirteenth annual report as principal of the Memorial School for the fiscal year ending December 31, 1967.

In the past year the Memorial School has housed grades one and two and the trainable class, as it did the year before; it has a full house.

We still give a great amount of attention to the individual pupils — those doing below average work who need added help, those doing above average work who need a supplemental challenge, and those working along on the middle road doing average work. All assignments are geared to individual needs.

Reading and phonics, which are stressed to the highest degree, are taught to the children on an individual basis and in groups. Each classroom has three or four groups in reading. Some of the

children reading in one of the lower groups are given the opportunity to work with the group above, so that they may be given the extra stimulus to work harder. Those pupils with reading problems work with the special reading teacher according to their particular requirements.

The individual classroom libraries are growing yearly and the children make good use of the books on the shelves.

This excerpt is taken from "Learning to Read: The Great Confusion," which appeared in a recent issue of the **Carnegie Quarterly**: "As befits its importance, the teaching of reading has been the subject of thousands of research studies going back over more than fifty years. ... Given the accumulated body of evidence, one might expect that there would be some small measure of agreement as to what it proves — that is, what is the best way to start children reading. Instead, as any adult who has been reading during the past few years knows, there has been lively and often rancorous controversy."

Many years of teaching experience in addition to the observation of reading studies have led me to believe that a combination of the phonetic and meaning emphasis is conducive to the best results.

We have recognized the desirability of aiding children who suffer from speech defects. In some instances a child can be quickly helped, whereas in other cases it will be more lengthy process. We finally were able to secure a speech therapist who will work day and a half each week at the Memorial School.

The members of the trainable group will also have the benefit of speech therapy. The trainable group make up an integral part of our daily program. They enjoy eating and playing and attending assemblies with the other children. These young people are very happy in their work and environment.

Parents are always welcome to call the school office for appointments with me or with the teachers. If there are problems, small or large. we shall want to know about them. I am sure we can reach a solution.

The writing of this report gives me the opportunity of expressing my personal appreciation and thanks to the School Committee, to the Superintendent of Schools, to all of the school personnel, and to the parents and citizens of Medfield.

MAUDE S. WASHBURN
Principal

REPORT OF THE DALE STREET SCHOOL

To the Superintendent of Schools:

As Principal of the Dale Street School, I submit my fifth annual report for the year ending December 31, 1967.

Growth, change adaptation, and evaluation made this past year exciting and rewarding to students and staff. At this writing we have six hundred and twenty-two students in grades three (212 - 8 classes), four (198 - 7), and five (212 - 7 classes). The school is at capacity now and to make room for additional students expected next year the present School Committee room and the Activity Room will have to be converted to a regular classrooms. With the science laboratory already converted to a regular classroom for the opening of school this September, all available classroom space will be utilized.

PROGRAM

The following major changes have been made in the instructional program.

1. New mathematics texts for grades 3, 4, and 5, all classes.
2. Selected reading texts for levels in grades 3, 4, and 5.
3. Science texts — Grade 3, all classes.
4. English texts — Grade 3, all classes.
5. Reading achievement grouping — grade 3.
6. Scheduling — grades 4 and 5 classes scheduled for large group instruction.
7. Teacher assignments — grades 4 and 5 — All teachers instruct both fourth and fifth grade classes.
8. Assignment of reading specialist to teach two regular reading classes in addition to individual remedial work.
9. Addition of a part-time Guidance Counsellor for grades 3, 4, and 5.

On the negative side, due to teaching load, our students in grades 4 and 5 receive Art and Music instruction every other week. This means that 410 students have one-half the time scheduled. Because of the number of students, a full time Physical Education teacher for Dale Street School is necessary to offer an adequate program.

CO-CURRICULAR ACTIVITIES

Co-curricular activities have been limited by space, time, and personnel. Mrs. Bibby has offered square dancing, to grades 3 and 5 during the year. Intra-mural basketball for grade 5 boys has also been made available. In the annual Science Fair and

the Spring Festival, opportunities are offered for the students to participate in additional activities.

LIBRARY

The library was used extensively by the students for pleasure and information. The usefulness of the library has been limited because of the lack of trained personnel. Mrs. Gallagher deserves special mention because of her voluntary work to make use of the library possible.

CAFETERIA

Our cafeteria personnel under the supervision of Mrs. Avery, continue to do an outstanding job in offering our students nutritious and attractive hot lunches. Their cooperation and efficiency are greatly appreciated.

I wish to thank the Superintendent, School Committee, school staff, and the citizens of Medfield for their assistance and cooperation during the year.

Respectfully submitted,

ALLAN K. BELCHER, JR.
Principal

REPORT OF THE JUNIOR HIGH SCHOOL

To the Superintendent of Schools:

I am pleased to submit my second annual report for the year ending December 31, 1967.

This has been the first full year in our new school and we are very pleased with the excellent facilities and the opportunity afforded by them to provide the youngsters with quality education.

Certain revisions in the curriculum have taken place this past year.

English: All classes in grades 7 and 8 have returned to five periods a week. The Reading program which had been included in this department as a sixth period now is a separate program. Both areas are closely correlated.

Reading: We are firmly committed to the belief that success in all areas of scholastic endeavor is determined by a youngster's ability to read. All youngsters

in grade 6 receive five periods of reading per week plus those experiencing deficiencies are seen in separate small classes an additional two periods a week. All youngsters in grade 7 and 8 receive one or two periods of reading instruction per week depending on their grade placement, and have additional periods available to them if needed. The addition of another trained reading specialist to our staff has made this program possible. We continue to work very closely with the Reading Supervisor from the State Department of Education and believe we are progressing in a satisfactory manner. All youngsters in grades 6 and 7 were tested, to aid us in forming appropriate reading skill classes.

Science: This year has seen the inclusion of the new Earth Science Study in our 8th grade curriculum. This allows for normal progression from the Introductory Physical Science Course that was installed in grade 7 last year.

Four units of the new Elementary Science Study haev been introduced into grade 6 and are being well received by faculty and students. All youngsters have a double laboratory period once a week. This double laboratory period allows youngsters more time in laboratory work.

French: French is offered to all students in grade 7 on an elective basis. Presently there are 104 youngsters taking advantage of the course. There are 92 youngsters in grade 8 continuing their program. The language laboratory is in constant use and receives much acclaim. We also use the laboratory as an adjunct to our reading program.

Mathematics: All programs are taught with the Modern Math approach. We have also established a voluntary Math Program for youngsters who are experiencing difficulty with basic mathematical processes. There are presently fifty youngsters meeting three afternoons a week with the Math instructors.

Social Studies: We are in the process of revising our social studies offerings. We have held many departmental meetings and have met with the supervisors from the State Department of Education who have greatly

assisted us. We will have a new social studies curriculum in September, 1968.

Guidance: Under the Elementary and Secondary Education Act, Title I an additional counselor was added for three days a week to work with our sixth grade youngsters. An intern from Northeastern University also worked with us one day a week under the supervision of our Guidance Department. All youngsters in grades 6, 7, and 8 were administered aptitude and achievement tests during the year. Regular counselling is done with 7th and 8th grade students and any youngster in grade 6 who has been referred by himself, teachers, parents or administrators. Several referrals were made to the school psychologist and monthly consultations were held with a representative of the Cutler Clinic in Norwood.

Music: All youngsters have one period of general music per week. Our chorus and glee club is progressing extremely well and our band with 52 members performed during Homecoming Week at the football game. All of the above groups in conjunction with our Drama Club, presented an excellent Christmas Program. The Spring Music Festival was excellent and a tribute to the department.

Physical Education: We are presently meeting the new state requirements for this area in that all youngsters have physical education three full class periods per week. Our interscholastic basketball team compiled a 10 win 2 loss record while our baseball team had 5 wins and 3 losses. Our intramural program is very active. 197 boys participated in flag football and over 250 boys and girls in basketball. A "gym-orama" was presented in the gymnasium last spring to a capacity audience and a successful field day was held at the close of school in June.

Library Our library continues to be the key to our instructional program. As a materials resource center it is in constant use and as a learning laboratory. Classes are continually using it. All students continue receiving orientation to new materials in the

library. The 6th grade receives a complete orientation upon entering school.

Special Education: The special education class with 6 youngsters is still housed at the Junior High. The youngsters are integrated into the regular Junior High program in the areas of Music, Art, Home Economics, and Physical Education. They also take courses in Reading and Industrial Arts. They enjoy the school and the program.

Art, Home Economics and Industrial Art Departments presented a program for parents in the spring that was well received.

A very successful Summer School, funded under Federal monies, was held for 6 weeks at the Junior High. It was enjoyed by all 77 youngsters who participated.

An after school Reading Program also funded by Federal money, was held for 15 weeks, two afternoons a week, for twenty youngsters. This was designed to correct reading deficiencies and was quite successful.

A complete extra-curricular program has been included in the school day. 17 different activities meet once or twice a week.

Two student teachers from the State College at Framingham have spent 16 weeks with us in the Home Economics department. This has proved beneficial from all points of view and we hope it will continue.

In summary I wish to express my gratitude to the faculty and to the many townspeople who have given us cooperation, and assistance throughout the year. Particularly, I wish to thank the Superintendent, the School Committee, the School Building Committee and the parents for their continued support.

Respectfully submitted,

JAMES H. MORRIS, Principal

REPORT OF AMOS CLARK KINGSBURY HIGH SCHOOL

To the Superintendent of Schools:

Aa Principal of the Amos Clark Kingsbury High School, I hereby submit my thirteenth annual report for the year ending December 31, 1967.

With 1967 coming to an end, it is felt that the most pressing problem the town faces at the high school is that of space. Pre-

sently, we are operating at capacity and sacrificing little. In September of 1968 we will be over capacity and sacrificing more. Mention has been made of moving grade nine to the present junior high school in September of 1969. Even if this is done, the enrollment at the high school will be approximately the same as it is now. Additional space will be sorely needed at the high school in the very near future. The Superintendent, the School Committee, and the Building Committee are to be commended for the forward looking plans now under study.

The problem of limited space has forced us to limit offerings in the following areas: Music, Art, Home Economics, Industrial Arts and Typing. Further limits will be placed on these areas next year as the enrollment will increase by at least seventy students. Additional courses, which should be a part of the course offerings at the high school, will have to wait until additional space is provided.

We have completed our third year of studying a method of Team Teaching in United States History. In March. April and May of 1967 two units were taught by this method. As in the past, much success was gained through this method. It is planned to thoroughly revise the first unit and offer this again in March of 1968. The Social Studies Department, with Mrs. Janice Adams as Chairman, has done an excellent piece of work in organizing, developing, and evaluating the Team Teaching units. Only through dedication and extra work can new methods be tried and evaluated.

With the addition of the Yellow Version of BSCS Biology and Earth Science, the science department offers the latest courses in science education today. With these up-to-dote course offerings and the exceptional ability of our science teachers; we have, in Medfield an extremely fine science department.

In September a pilot project was started in grade nine involving seventy-seven students. Three teachers and the seventy-seven students are scheduled togther for the first four periods every day. Because of this manner of scheduling, their schedules for the first four periods are very flexible. The three subject areas involved are English, Algebra I and Ancient History. The teachers are able to meet with one student or all seventy-seven according to the needs. For example, all students have been tested in Algebra I on the first period of the day. For the next three periods they meet with their teachers as regular classes.

Correlation of subject matter has been accomplished to a greater extent with this group. While studying Greece in Ancient History, the English teacher gave a lecture on Greek Drama and the Algebra teacher gave a lecture on the influence the Greeks

had on mathematics. Both lectures were given to the entire group in the auditorium.

The teachers together with a guidance counselor and an administrator meet as a team at least once a week and discuss scheduling, correlation of subject matter and individuals in the project. The Team finds the project interesting and extremely helpful. Through evaluation, it will be determined if the project will be carried on into the sophomore year as well as the freshman year.

The High School was elected as a member of the College Entrance Examination Board for a term of three years: the Principal will serve as the school's delegate. This election gives Medfield a voice in the policies of the Board.

This report would not be complete without expressing my appreciation to the teachers, Superintendent, the School Committee and the many people in town who have given of their time and efforts to assist in making the high school one of the most highly regarded in the state.

Respectfully submitted,

CHARLES F. MAINS
Principal

REPORT OF THE GRADUATION EXERCISES FROM THE AMOS CLARK KINGSBURY HIGH SCHOOL JUNE 11, 1967

To the Superintendent of Schools:

On June 11, 1967 ninety-two students graduated from the Amos Clark Kingsbury High School. Thirty-six students went on to four year institutions while twenty other students went on to further education.

Award and scholarships made at the graduation were: The Harvard Prize Book to Geoffrey Supko, Class of 1968: the Daughters of the American Revolution Award to Barbara Eddy; Balfour Honor Key to Joanne Kaerwer; The Faculty Award of Merit to Barbara Eddy; American Legion Medals to David Lyman and Katrina Rudd; The Parent-Teachers Association Scholarship to Barbara Eddy; The Medfield Lions Club Scholarship to Joanne Kaerwer; The American Legion Scholarship to Robert Capers; The Medfield Teachers Club Scholarship to Susan Lyngaas; The Hannah Adams Club Scholarship to Nancy Eddy; The Fernandes Scholarship to Sandra Tothill; Special Award by the Hannah Adams Club to Lesley Potter and the Medfield Chapter of the National Honor Society to Joanne Weddell.

ANNUAL GUIDANCE REPORT

To the Superintendent of Schools:

As Guidance Director of the Medfield Public Schools, I am pleased to submit my fourth Annual Report. This encompasses the period from January 1, 1967 to December 31, 1967.

The general overview of some of the ongoing guidance programs are outlined below:

1. Through a reciprocal arrangement with Northeastern University we have utilized the services of a graduate student in guidance, Mrs. Donna Wilson, who is working at the junior high school several days per week. This internship arrangement allows the town to have a competently trained person at no cost and also provides valuable experience in the profession for the graduate student. Mrs. Wilson was supervised in counseling practicum under the direction of Mr. Collins of the counseling staff in the junior high. When her formalized class ends we hope we may continue this arrangement with another student from Northeastern.

2. Our second college admissions night of the school year was held in May and included some 35 schools and colleges. It was attended by some 350 interested parents and students. In addition to Medfield, there were three additional high schools from four surrounding towns also involved. Medfield doubtless will continue as a focal point in future years because of its central location and the familiarity of the admissions offices with this program. We are focusing on the underclassmen because it allows time for actively visiting schools in the summer between the junior and senior year.

3. With the expansion of regional mental health centers, the Leslie B. Cutler Clinic in Norwood has become quite active in providing the services of a mental health coordinator. In conjunction with this, Mr. Sidney Ribak, Chief Psychologist at the Wrentham State School, is with us under a Title I grant. These gentlemen work effectively with administrators and the instructional staff in meeting the special needs of individual students throughout the system.

4. From our high school in Medfield, some 65% of last year's graduates have gone on to some form of higher education. 28% are actively employed, and the others have entered the armed services. That these students need the help of a well-informed counselor is evident from the number of some 2000 schools of different

types across the country and the continually changing entry employment needs fostered by federal legislation. The guidance program is so arranged that, in general, each pupil has the same counselor through his high school career. It is noted that although counseling of this type is an important function, it is only one of a diversification of activities for guidance personnel.

5. As part of the Title I proposals, Miss Rosalind Tepper, has been counseling in both Dale Street school and the junior high. This is in keeping with the proposed expansion of guidance services in the elementary area. She is exploring group techniques in counseling, more active liaison with the home, and working with referrals from the professional staff as well as maintaining regular interviews.

6. The testing program in grades 1 through 12 has been standardized. We have attempted to avoid duplication of tests and to use results within the limits suggested by confidentiality but yet helpful to the personnel involved. Various meetings were held with parents and students during the year to disseminate this information.

We are continuing our efforts directed toward the specially oriented student with work-study programs and distributive education to provide a challenge as rewarding as that provided for the college bound. This program in many ways is more complex because it is not yet as well defined.

May I again offer my thanks to all of those who have given support in making our program here possible.

Respectfully submitted,

ALAN E. HASTINGS
Director of Guidance

ANNUAL REPORT OF THE DIRECTOR OF PHYSICAL EDUCATION AND ATHLETICS

To the Superintendent of Schools:

It gives me great pleasure to submit my second Annual Report as the Director of Physical Education and Athletics for the Public Schools of Medfield for the year ending December 31, 1967.

Physical Education is that phase of the total school program which educates students through physical activity. It contributes to the growth, development and behavior of the students through

selected activities. These activities in which the students participate not only develop such physical qualities as strength, endurance, coordination and rhythm, but are aIso designed to help the student to develop an awareness of themselves and an understanding of their abilities and limitations in relation to those around them. Basically physical education attempts to develop "a sound mind in a sound body."

Physical Education in our school system starts in Grade 1 and continues through Grade 12. It is a required subject for all boys and girls unless they are excused for medical reasons.

At the elementary school level classes are of a short duration and geared to group activities. They are held once a week and basic skills using the large muscle groups of the body are taught through such activities as simple rhythms, quiet and active games. These are aimed at developing coordination in the youngsters.

In grades 3-4-5 simple games and stunts are introduced with particular emphasis being placed upon the coordination of the mind with physical ability. Skills of running, throwing, jumping, catching along with lead up games which teach the essentials of team sports are incorporated into this program. These are conducive to the further development of coordination and to the learning of the essential techniques of team sports. Tumbling, balancing and other types of mat work are begun at this level.

At the Junior High School Physical Education is held three times a week for 41 minutes each class. The emphasis is now on the basic techniques for team games and for individual sports. The fundamentals of football, basketball and baseball are introduced. Also introduced are volleyball, tumbling, and gymnastics. In gymnastics apparatus such as the parallel bars, side horse, uneven bar, horizontal bar and the mats are brought into play.

This year the Junior High School staff had their first annual gymnastic show. This show was open to the public and was a great success. Many thanks for a job well done should be given to the administration and faculty of the Junior High School. A special note of gratitude should be tendered to Miss Lois Gediman and Mr. George Ruggiero of the Physical Education staff for their fine efforts.

At the High School level classes are held twice a week with a class duration of 47 minutes each. Team games are also taught but now the emphasis is on the team work that is needed for the successful fulfillment of the skills that have been learned. More attention is now given to the individual and the individual sports

for their carry-over values in later life. More advanced skills on the gymnastic apparatus and mats are taught.

Once again in cooperation with the President's Council on Fitness and the National Association of Health, Physical Education and Recreation, the physical fitness tests were administered in Grades 5 - 12. Once again I am pleased to report that our students compared favorably with the national norms that have been established for this test.

The physical education staff attempts to provide a balanced program fitted to the needs of the students. A wide variety of activities so that the students will be exposed to as many areas as possible. The students then will be able to choose those activities that will be of interest to him now and later in life.

At present, as part of our co-curricular program, we have intramural activities in flag football, basketball, volleyball, body building ,gymnastics and winter track. These activities provide opportunities for all pupils, regardless of ability, to put into practice skills and knowledge acquired in the class program.

This year we have included the Junior High School in our interscholastic program. The Junior Warriors played 12 basketball games and had a nine-game slate in baseball. In the High School we started for the first time a track team that competed in the Tri-Valley League. This team came in second in the All-Conference Meet and fifth in the State Meet held in Boston. Wayne Clive equalled the state record for the 440 yard run. John Kellar and Richard Lovelace came in second and fifth respectively in the 880 yard run. The Tennis Team, which is another new sport, finished up the season with a very respectable five wins and two losses. They just missed qualifying for the State Tournament. For the first time this Fall Medfield had a freshman football team that finished up with only one loss in six games.

We also started an after-school instructional program for the girls in field hockey and in 1968 Medfield girls will have a team entered in the field hockey league.

In addition to these new teams that have been introduced on the sport scene we still field boys and girls teams in the following varsity and junior versity sports: cheerleading, crosscountry, football, boys' and girls' basketball, baseball and softball. Our varsity football team was the repeat champion of the Tri-Valley Conference. They have not lost a league game in the past two years. As a matter of fact since 1964, when this present graduating class were freshmen, the football team has only lost three

league games and a total of seven games. The record for that time is 28 wins and 7 losses.

Over 300 people attended the Annual All-Sports Banquet in the High School Cafeteria. 228 Certificates were awarded to the young men and women athletes. 116 Varsity Letters were awarded and 44 sweaters awarded to junior and senior letter award winners. Sandra Tothill and David Lyman received the highest single award that can be given by receiving the Scholar Athlete Award.

The Athletic Department would like to thank the Medfield School Booster Club for the support they have given to our athletic teams this year. They presented to the 1966 football team Award jackets emblematic of their winning the football championship. We were also most happy to have awarded at the Annual All-Sports Banquet the Booster Club Award which this year went to Miss Sandra Tothill. The generous amount of $250 was presented for her use in furthering her education. The School Department and the Town of Medfield is very fortunate to have such dedicated people to help support our school activities.

Although physical education and athletics is primarily concerned with the physical well being of the students such as posture, health, abliity to perform in specific games and stunts, they also concern themselves with the social side of life; that is, to help our young men and women to work and play successfully and live harmoniously with their neighbors. They also attempt to develop the qualities of couroge, initiative, cooperation and self-reliance.

Respectfully submitted,

EDWARD B. KEYES
Director of Physical Education and Athletics

REPORT OF SCHOOL LUNCH PROGRAM

To the Superintendent of Schools:

I am pleased to submit my annual report as director of the School Lunch Program for the year ending December 31, 1967,

Due to the ever increasing enrollment in the schools, the lunch program is growing larger each year. Food and labor costs have continued to be on the upward trend. However, we must strive to continue to serve the children nutritious well prepared meals to help meet the needs of their physical and mental growth.

There has been some increase in the amount of commodities received from the U.S.D.A. this fall and we are promised more for the coming year. To help keep the food costs down we must use these commodities to good advantage. We have a very good baking program in all schools with the exception of the Memorial School which is not properly equipped for making yeast rolls or french bread. All desserts, pies, cakes and puddings served in the schools are made on the premises.

If the program continues to grow as it has in the past two years, the present equipment in the Senior High School will not be ample to handle the extra preparation of food required to meet the demand. At the present time some of the workers have to wait their turn to use certain equipment.

During the year 1967, the cafeteria staff took part in two extra activities in the school system. The first one was a breakfast served to members of the graduating class of 1967. After an all night program held at the Glenn Ellen Country Club in Millis, those who so desired returned to the Senior High School for a 6 o'clock breakfast. The cafeteria staff reported at 5:30 A.M. to prepare and serve a complete breakfast to them. Everything was cleaned up and back to normal by 7:30 and the staff ready to resume their daily routine.

On June 22nd a field day was held at the Junior High School. At lunch time everyone lined up at tables which had been set up outdoors where they were served a picnic style lunch by the cafeteria staff. A most enjoyable time was had by all and the day declared a complete success.

In November we had two bomb threats on the same day involving all four schools. The second occurred at lunchtime causing much inconvenience to all concerned. School was dismissed for the remainder of the day. Needless to say the School Lunch Program suffered a substantial loss for the day.

I am very proud of the fine job the members of the cafeteria staff are doing in all schools. Without their loyalty and co-operation the School Lunch Program could not operate successfully.

Respectfully submitted,

IRENE F. TODD
School Lunch Director.

ANNUAL REPORT ADULT EDUCATION

To the Superintendent of Schools:

January 9, 1967 was the beginning of the second semester of the 1966 - 1967 Adult Education Program. A total of sixteen classes, in thirteen different courses, were continued by the director. The cources offered and continued were in Rug Braiding, Flower Arrangement, Sewing, Typing, Art, Woodworking, Physical Education for Women, Physical Education for Men, Conversational French, Bridge, Driver Education and Square Dancing. These courses were offered on Monday, Tuesday, and Thursday evenings between 7 and 10 P.M. for ten additional weeks.

The 1967 - 1968 Adult Education Program offered nineteen different courses. Of the nineteen courses offered, nineten classes were established and operating. New courses offered and established were Pottery (Ceramics) and Shorthand. These courses replaced the Modern Mathematics and Current Events courses offered the previous year.

430 people registered for the above courses which were offered on Monday ,Tuesday or Thursday evenings between 7 to 10 P.M. for twenty weeks beginning the week of October 2, 1967 and ending the week of March 25, 1968.

This year we once again requested and were granted both Federal and State Funds to support the Adult Education Program. The funds will pay for some of the expenses of the sewing classes, rug braiding, knitting, flower arrangement and pottery classes.

The achievement Night for the 1967 - 1968 Adult Education Program will be held on Thursday, April 9, 1968.

Respectfully submitted,

JOHN CUOCO, JR.
Director

REPORT OF SCHOOL NURSE

To the Superintendent of Schools:

I. As a school nurse, my specific duties involve the total school health program. I am a registered nurse with advanced training and experience in Public Health, First Aid, and Social service. I am responsible to the Superintendent of Schools for my

administrative duties and to the school physicians for my professional performance.

II. I am responsible for the following nursing services:

a. Plan for and assist school physicians with the physical examinations.
b. Assist with the dental program.
c. Assist with x-ray program.
d. Administering first aid to pupils and staff.
e. Inspection of suspects of communicable disease.
f. Conferences with teachers, pupils, parents, medical personnel and others relative to the adjustment of physical, mental, social and environmental problems at school. These conferences include individual health counseling and assisting parents regarding remediable conditions of their school children.
g. Investigating unexplained absences.
h. Testing vision.
i. Testing hearing.

III. Health Appraisal Services:

a. Health examinations are conducted by a school physician in the presence of the school nurse, who enters onto a permanent health record any observations the doctor makes.
b. All pupils in the first, fourth, seventh and tenth grades are examined.
c. Pre-school children are examined with a parent present on registration day prior to entering first grade.
d. All pupils participating in competitive sports are examined before the start of practice.

IV. Dental Survey:

The beginning of school all elementary pupils are examined by the school dentist. If one area of dental caries is found, a notice to parents is sent signifying dental care is necessary. After all elementary pupils have been screened by Dr. Kirschbaum, we proceed with the operating clinic. Parental consent forms are sent home by the nurse, and no child may be treated unless we have a signed request from a parent.

V. Vision test:

All pupils in grades one through twelve are vision tested annually. The Titmus vision tester is used. All failures are retested and all defects are reported to parents. Referrals and follow-ups are conducted by the school nurse.

VI. Hearing Tests:

All pupils in grades one through twelve are individually tested annually by means of the Pure Tone Audiometer. All defects are individually charted on an audiogram by the nurse and notice sent to the parents. Follow-ups are then conducted by the nurse.

VII. Chest X-Ray and Tuberculosis Screening:

All school personnel are required by law to be X-rayed every three years. This program is carried on by the Norfolk County Tuberculosis Association. All the records are kept by the school nurse. This Fall, Time testing for T.B. was offered to all children in the first and ninth grades whose parents requested it be done. The school nurse is responsible for recordings.

VIII. FirstAid:

First aid is administered by the nurse to all pupils and staff for accidental injuries, sudden illnesses and other emergencies.

The services of the school nurse are many and varied. There is a change from day to day in the responsibilities which she assumes and the needs of the individuals with whom she works.

I make home visits on request to discuss school problems, vision and hearing defects, behavior and emotional problems, and scores of other problems affecting a child's ability to learn.

The school nurse is responsible for maintaining a continuing health record on each pupil; compiling state and federal and town reports; and all clerical duties pertaining to school health.

I wish to thank the school administration and faculty for their cooperation in making this year more successful.

Flu shots were offered to the school personnel:

20 received Booster.
10 received Initial Treatment.

Respectfully submitted,

MADELINE HARDING, R.N.
School Nurse

Joseph Zanstuck, 20 Frairy Street.
Plant Chemist, The Ruberoid Co., 60 Curve Street, Millis, Mass.

REPORT OF CIVIL DEFENSE DEPARTMENT

To the Honorable Board of Selectmen:

This fiscal year has been one of the most successful we have ever had. The acquisition of our new radio equipment gives us four mobile units capable of operating on three different channels to provide communications with the Emergency Operating Center, State Sector Headquarters in Stoughton, and the Ham Band. This installation has been handled by Radio Officer John Dearness and his two assistants.

The Emergency Truck which has been three years in the building is now in service. All of the work has been performed by volunteers with the exception of some highly skilled trades which were required. I want to especially thank Floyd Ours who installed a re-built engine in the truck as well as doing other mechanical checking of the transmission, brakes and electrical systems. The siren and lights were donated, the equipment carried in the truck has come from the surplus property program, including the 5,000 watt generator. The cost of the vehicle and its present equipment is estimated at $800.00, the replacement cost would be around $4,500.00.

Semi-annual Progress reports have been completed and approved by State and Federal Civil Defense Agnecies.

Our community participated in the National CD exercises sending and receiving several messages and fallout readings over the three-day test period.

The Auxiliary Police continue to provide additional trained manpower to augment the regular police department during holiday weekends and other special assignments.

At this time I would like to thank the State and local authorities for their cooperation during the year. Most especially I want to thank the many volunteers serving this department during the year. Without them, our operation would be impossible.

Respectfully,

AUSTIN C. BUCHANAN, Director

REPORT OF VETERANS' AGENT

To the Honorable Board of Selectmen:

I hereby submit my report for Veterans' Benefits and Veterans' Services for the year ending December 31, 1967.

VETERANS' BENEFITS

Applications for Ordinary Assistance	25
Benefits Administered	20

VETERANS' SERVICES ASSISTANCE

Education	25
Burial Allowance	15
Insurance	20
Hospitalization	20
Pension Assistance	30
Compensation	15
Dependent Assistance	20
Civil Service	12
Vocational Rehabilitation	10
Social Security	10

Our budget has increased due to large expenditures for hospitalization and medical assistance for our applicants.

The Veterans' Agent is available to serve Veterans of Medfield, their widows or dependents for counsel concerning benefits granted by Federal or State governments.

I wish to thank the town officials, Physicians, Veterans organization officials and Marie Burke for their assistance and cooperation this past year.

Respectfully submitted,
PHILIP J. BURR
Veterans' Agent

REPORT OF INSPECTOR OF SLAUGHTER

Board of Health
Medfield, Massachusetts

Dear Sirs:

Herewith is my report as slaughter inspector for 1967.

Number of hogs slaughtered and inspected — 2
Number of cattle slaughtered and inspected — 1

Sincerely yours,
FRANCIS X. MAGUIRE, V.M.D.

REPORT OF THE BOARD OF HEALTH

To the Honorable Board of Selectmen:

The Board of Health met every second and fourth Friday of the month during 1967. Extra meetings included: the Selectmen, Planning, Finance, Personnel and Appeals Boards, Town Counsel and being represented at the monthly meetings of the Visiting Nurses Association. Special meetings were called for special problems and for nurses and students who were interested in Public Health problems.

Licenses have been issued to dealers selling or transporting Methyl Alcohol, the Manufacturing of Ice Cream, to the Directors of the Funeral Home and to The Coin-O-Matic Laundry. All establishments handling, serving and selling food were licensed after having been inspected by a Registered Sanitarian.

The Garbage Contract was renewed. Collections were made once a week in the Winter and twice weekly during the summer.

At the Town Dump, the partial land fill program has been continued as has the weekly burning of brush.

As of February 1, 1968 the Dump Hours will be:

Sunday	8 to 1
Monday	9 to 5
Tuesday	9 to 12
Wednesday	9 to 5
Thursday	closed all day
Friday	9 to 5
Saturday	9 to 5

The dump will be closed all day on the following legal holidays as established by the Personnel Board:

January 1
Washington's Birthday
Patriot's Day
Memorial Day
Independence Day
Labor Day
Columbus Day
Armistice Day
Thanksgiving
Christmas

Visiting Nurses Association Report to the Board of Health:

Jan. 1 thru Dec. 31, 1967

Total Number of Cases	72
Total Number of Visits	601
Total Clinics	4

Three Immunization clinics including Diphtheria, Tetanus, Whooping Cough, Polio, Smallpox and Measles, and one special Measles Clinic.

Total Immunizations	320

These Clinics are sponsored by the State Department of Health, the Medfield Board of Health and administered by the Visiting Nurses Association.

Respectfully submitted,

CLAIRE H. SMITH, Chairman

REPORT OF THE BOARD OF LIBRARY TRUSTEES

To the Honorable Board of Selectmen of Medfield:

Improvement of Medfield's public library facilities has continued to be the chief concern of the Trustees of the Memorial Public Library in 1967. However, the Annual Town Meeting, though lending majority support, as in 1966, to our plans, did not give the two-thirds vote necessary for the proposed long-range expansion.

In view of the above action by the voters, the Trustees have prepared a plan which will produce limited improvement in Medfield's library facilities. This plan was presented to the Special Town Meeting of November 13, 1967, but deferred to the Annual Town Meeting of March, 1968. Briefly, through taking over the Historical Room; permitting the Historical Society to use the main floor of the Library Annex (former bank); and opening the archway between the two main floor rooms of the library, this plan will give space for 6000 additional volumes, almost a 50% increase over our current 12,700. Neither our adult seating nor our administrative space will be any greater, although the latter will be more efficiently utilized. But our book stock can be gradually built up from the present 60% to 95% of the standards desirable for our present population.

Several necessary repair and maintenance projects have been completed in 1967. To comply with fire safety requirements, a new entrance to the Children's Room was constructed, and an emergency lighting system added on both floors. To render the Children's

Room more comfortable, additional warm air ducts were installed, effecting better distribution of heat. Drainage problems were corrected by replacing two copper downspouts and repairing leaky gutters. Window wells were cleaned and refilled with fresh gravel to guard against seepage of ground water into the Children's Room. Loose plaster and bricks on the Main Street facade of the building were repaired. A dehumidifier was installed in the basement of the Annex to permit storage of essential library materials not frequently called for.

The work of the librarians in preparing catalogue cards, maintaining the accounts, compiling statistics, ordering books, etc., has been facilitated by the purchase of an adding machine, and of two typewriters to replace venerable items of untold years of service.

A most gratifying aspect of 1967 has been the interest shown in the Library and its problems by the "Friends of the Library", as noted in the Librarian's report.

We are grateful to Mrs. James K. Johnson, Jr. for her wish that a memorial to her late husband should take the form of a gift of books to the Library.

The Trustees wish to thank the librarians and aides for their continued service to the citizens of Medfield under difficult and crowded conditions, and the custodian for his faithful care of the property.

The Trustees believe that the Town owes a debt of gratitude to Mr. Robert Peters, former chairman, under whose leadership the long-range expansion plans were formulated, and whose personal contributions to the details thereof were immense. In addition, the continuing Trustees wish to express their appreciation of the untold hours devoted by Mr. Peter Vasaturo, our retiring member, to furthering the improvement plans.

Respectfully submitted,

Board of Library Trustees
LAURA H. SMITH, Chairman
EUGENE C. FETTEROLL, JR., Vice-chairman
PETER P. VASATURO
LUCILE STURTEVANT
MARY M. HAY
FRANCIS J. MASTROPIERI

ANNUAL REPORT OF MEMORIAL PUBLIC LIBRARY
LIBRARIAN'S REPORT

To the Honorable Board of Selectmen:

On this 50th anniversary year of the Medfield library in the present building, I hereby submit my report for the year ending December 31, 1967.

STATISTICS

Number of books withdrawn by annual weeding:

Adult	175
Juvenile	34
Total	209

ACTIVITIES

Story Hour: Story hour for pre-school children 4-5 years old was held on Wednesdays from 3:30 — 4:30 P.M. 80 children were signed up for the series. Average attendance was about 40. In all, 757 children attended the two sessions November '66 — June '67 and September '67 — December '67. Story hour has moved back into the children's room since the new entrance on Pleasant street was opened in the Fall. However, space is still a problem; we should be able to hold story hour in a separate area to avoid confusion with older children using the children's room. This year at Christmas each child brought an ornament, for the most part self-made, so that each had a part in trimming the tree and at the last story hour before Christmas vacation, in addition to listening to stories, the children listened to

Christmas recordings, and each received a small candy cane to take home.

National Library Week: National Library Week this year was sponsored by the newly-formed "Friends of the Library" (late 1966) featuring an exhibit of some of Mr. Byron Reed's delightful paintings. New books were purchased by the library for this event to add to the library's present collection of books on art, and both the High school and Junior High libraries participated by loaning certain books from their art collections. The event was well attended.

Memorial: A memorial fund in memory of Mr. James K. Johnson, Jr. amounting to over $800 was conducted by the "Friends of the Library" at the request of Mrs. Johnson, donations being received from several states. This sum was presented to the Town at the special November 13 Town Meeting and is to be spent for books for the library in fields of Mr. Johnson's interests, namely: business management, applied psychology and sports. The "Friends of the Library" which reports a membership of over 200, also held a successful Book Fair in May at the Library Annex, some of the proceeds of which will be used to benefit the library in a number of ways. The group plans to make this Book Fair an annual event. Through their monthly paper "Bibliotopics" copies of which may be found in the library they keep the public informed of new books in the library.

New Names: Several new names have been added to the staff this year. Mrs. Bergin and Mrs. Wenmark are now Library Aides, and in training as the year ends are Mrs. Gattuso and Miss Karen Kellar. Two more who have signified interest in becoming Library Aides will be added in January. We have also lost an Aide who has been with us for some time, Mrs. Leon Ballou who has moved to Maine. She will be missed, especially in the children's room.

The library has also increased the number of hours this year, being open all day on Saturday from 10 A.M. to 8:30 P.M., in addition to the morning hours 10 A.M. to 12 o'clock noon on Monday and Tuesday which were added during 1966.

Many new books have been added to the library this year on a variety of subjects, some of which were donations, including a book in memory of Anne Young (Mrs. Henry) given to the library by the Selectmen. A new Encyclopedia Britannica was also purchased. Our record collection was increased just before Christmas by a donation of 30 records from the Columbia Record Company.

We wish to express our gratitude and appreciation to our many friends who have donated books to the library and flowers and flowering plants in season for the beautification of the desk for all to enjoy. Many thanks to the Town also for 2 flowering crabs and a maple tree to enhance the grounds.

Respectfully submitted,
Ethel G. Hersey, Librarian

REGULAR STAFF

Ethel G. Hersey, librarian — Alice S. Ripley, asst. librarian
Frances F. Copithorne, children's librarian

Library Aides

Mrs. Ernest Spencer — Mrs. Leon Ballou
Mrs. Russell Nilson — Miss Dorothy Gardner
Mrs. Charles Justice — Mrs. Frances Bergin
Mrs. John Hinkley — Mrs. John Wenmark

Mr. Vincent Bravo, custodian

Main Room

Monday through Friday 2 - 8:30 P.M. also Monday & Tuesday 10 A.M. - 12 and Saturdays 10 A.M. - 8:30 P.M.

Children's Room

Monday through Friday 2:15-5:30 P.M. Saturday 10 A.M.-5:30 P.M.

REPORT OF INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen:

I hereby submit my report for the year ending December 31, 1967. The dogs reported to have bitten persons were examined and no disease found. One monkey bite and two chipmunk bites reported also proved negative. Dogs and chipmunk examined at Wasserman Lab. also negative.

In the animal inspection there were 6 cattle, 73 horses, 1 bear, 33 sheep, and 6 swine. All animals appeared free of contagious disease.

Respectfully submitted,
WILLIAM H. BOWMAN
Inspector of Animals

Misting, from Trucks	975 Acres
Winter Pre-hatch Dusting	43 Acres
Drainage Ditches Cleaned	3735 Feet
Brush Cut	565 Feet
Culverts Cleaned	57 Culverts

Respectfully submitted,

ALBERT W. HEUSER
Superintendent

REPORT OF THE PLANNING BOARD

To the Honorable Board of Selectmen:

We hereby submit our annual report for the year ending December 31, 1967.

MEETINGS

The Planning Board held regular meetings each Wednesday at the Town Hall beginning at 8:00 P.M.

In addition to these regular meetings, the board members met Thursday evenings at least twice each month in work sessions; first, to revise the sections of the Zoning By-law and the Zoning Map that pertained to Industrial Districts, and secondly, to make a complete revision of the board's rules and regulations governing the subdivision of land.

On-site inspections were made by the board members nearly every weekend to view the areas proposed for new subdivisions and to check on the street construction in those subdivisions now being developed.

Appointments and information may be obtained through the board's assistant, Mrs. Charles H. Rayner, Jr., 208 South Street.

ZONING BY-LAW

Extensive revisions were made to the Zoning By-law under Article 70 which was passed at the Annual Town Meeting on March 16, 1967. The significance of the revisions adopted under this article is as follows:

(a) The establishment of Industrial Intensive and Industrial Extensive Zoning Districts, also buffer zones for the protection of abutting residential property owners.

(b) A detailed outline of "Use Regulations" in Industrial Districts.

(c) The establishment of more control in Industrial Districts over the following:

1. Area requirements
2. Height and bulk regulations
3. Signs and lighting
4. Off-street parking
5. Noise, vibration and smoke
6. Streets, curbing and sidewalks

(d) A new format was set up which can be used for all subsequent zoning revisions.

The board used as a basis for these revisions the Master Plan Study Report No. 7, "Putting the Plan Into Effect", pages 22-31, 33 and 34.

The revisions have been incorporated in the Zoning By-law and copies have been printed and are available at the Town Hall and from the board's assistant.

ZONING MAP

The Zoning Map was revised on October 1, 1967 to coincide with the changes made under Article 70 and to include all new streets accepted by the town.

A copy of the revised Zoning Map is included with this rereport. If larger prints are needed, they are available from the board.

PROPOSED ZONING REVISIONS

The following resolution directed to the Planning Board was passed at the Annual Town Meeting:

"We publicly urge that the Planning Board consider the new zoning laws as their number one assignment for 1967, with their main goal being the correction of any inequities caused by this law. With this in mind, we, your selectmen, will call for a town meeting whenever the Planning Board informs us that they are prepared to bring forth to the town any revisions in the law."

The Planning Board reports that they considered this resolution immediately after the Annual Town Meeting; however, it was agreed that the best procedure to follow would be to complete the pending revision of the land subdivision rules and regulations and then start the study of the revision of the Zoning Laws, with special emphasis on the Central Business District and the correction of any inequities that may have been caused by the recent amendment.

The revision of the rules and regulations was completed on December 20, 1967, and since this time, the board has been studying the reports of the Master Plan, the Central Business District Committee, and the Master Plan Implementation Committee as they pertain to the Central Business District and to all other zoning.

LAND SUBDIVISION RULES AND REGULATIONS

After a very detailed study and a public hearing, the Planning Board voted on December 20, 1967, to adopt the proposed revision entitled "Land Subdivision Rules and Regulations of the Planning Board of the Town of Medfield, Massachusetts." These were adopted in accordance with the General Laws of the Commonwealth of Massachusetts, Chapter 41, Section 81-Q, as amended.

The reason for the revision was to amplify the previous rules and regulations. For your information the board has listed some of the significant changes:

(a) All utilities are to be placed underground.

(b) Granite curbing will be required on curbs where the radius is less than 400 feet.

(c) The design and installation of drainage is clearly defined.

(d) The specifications for the design of streets was changed to include the following:

1. Wider traveled way
2. Grass strips
3. Thicker pavement
4. Improved base course
5. Improved compaction standards

(e) Standard forms were drawn up.

Master Plan Study Report No. 7, "Putting the Plan Into Effect", pages 54 - 95, was used as a basis for these revisions.

SUBDIVISIONS

Nine subdivisions were active during 1967 and the Board approved the definitive plans of the subdivision of Pine Needle Park (Section IV) owned by Marc, Inc., located on Main Street approximately opposite the Colonial Inn. This subdivision contains 37 lots.

The following subdivision streets, or portions thereof, were recommended to the Board of Selectmen for acceptance:

Belknap Road - - - - - - -Station 3+89.07 to Station 10+44.78

Stagecoach Road - - - - - - Station 7+37.80 to Station 14+75

The board contemplates that in 1968 there will be an increase in the number of streets recommended for acceptance because

many are now in the stage where they have only minor details to be completed.

The inspection of these streets while they are under construction entails many hours on the part of the board members and the Superintendent of Streets to assure the town that each stage of the construction is completed satisfactorily.
The board extends its appreciation to William E. McCarthy for his cooperation and assistance.

The following table shows the number of lots approved for buidling, number of lots released each year for building, and the number of lots remaining for potential building in each subdivision. It is hoped that this information will assist other boards and committees with their long-range planning projects.

See Table on pages 93, 94 and 95.

Charles C. Cain was again appointed to serve the board as its authorized agent to sign plans that come under the category of "Subdivision Control Law Not Required." Eighteen of these plans were approved and signed.

ROUTE 109

Again this year the Planning Board has worked with the Board of Selectmen to keep a check on the progress of the relocation of Route 109. The last report showed that the location study was in the hands of a consulting firm.

ROUTE 27

The board endorsed the Board of Selectmen's petition for the relocation of Route 27.

LOW INCOME HOUSING FOR THE ELDERLY

John F. Bradstreet continued to act as the board's representative on the Committee to Study Low Income Housing for the Elderly . During the fall the committee toured housing proejcts in the surrounding towns of Wrentham, Foxboro and Millis and at the present time, they are attempting to establish a definite need for this type of housing in Medfield. An article has been included in the warrant for the annual town meeting to establish a Housing Authority.

INDUSTRIAL COMMISSION

The board met with members of the Industrial Commission several times during the early part of the year to discuss the development of the Industrial Districts. At this time, the board wishes to express its appreciation to the members of the commission for their assistance in the preparation of Article 70 (Industrial District Uses).

CAPITAL OUTLAY PROGRAM

On May 10th, the Planning Board discussed the "Capital Improvement Program" as suggested by the Master Plan Study Report No. 7 (See page 108); and on May 22nd, a letter was written to the Master Plan Implementation Committee initiating action on this project. Since this time, the Committee has promoted the program with the Finance Committee and the Board of Selectmen. The Planning Board has met with the chairman of the Finance Committee and recently each department has received requests for an estimate of their expenditures on the basis of a ten-year projection.

IN GENERAL

The Planning Board urges citizens and town groups to meet with the board or to contact one of its members if they have any suggestions for the general improvement of our town. The board's aim is to help Medfield develop into a desirable community for those persons living here now and for those who will live here in the future.

Respectfully submitted,

WILLIAM F. ROGERS, Jr., Chairman
JOHN F. BRADSTREET, Vice Chairman
BURGESS P. STANDLEY, Secretary
CHARLES C. CAIN
ERNEST L. SPENCER

TOWN CLERK'S REPORT

FOR THE YEAR ENDING DECEMBER 31, 1967

VITAL STATISTICS

IMPORTANT NOTICE

Chapter 45 of the General Laws of Massachusetts requires that every physician shall within fifteen days after the birth at which he has officiated, report the same to the Town Clerk of the Town in which the birth took place.

Parents within forty days after the birth of a child and every householder, within forty days after a birth in his house shall cause notice thereof to be given to the Town Clerk of the Town in which the birth took place.

Failure to give such notice is punishable with a fine.

Blanks for the return may be obtained upon application to the Town Clerk.

Parents and others are requested to carefully examine the following lists and if there are any errors or omissions, report such at once to the Town Clerk. This is important so that we may have as accurate and complete a record of Vital Statistics as possible.

The foregoing report is an account of the financial transactions and standing of the Town of Medfield for the year ending December 31, 1967.

LESLIE J. HOWLETT

Accountant

TOWN OF MEDFIELD
WARRANT FOR ANNUAL TOWN MEETING
COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualifield to vote in elections and in town affairs to meet at the Memorial School, in said Medfield, on Monday, the sixth day of March A.D. 1967, at 6:00 A.M., then and there to act on the following articles:

ARTICLE 1. To choose all Town Officers required to be elected annually by ballot, viz:

One Moderator, One Town Clerk, all for one year.

One Selectman, One Assessor, Two Trustees of the Public Library, One member of the School Committee, One member of the Board of Health, One Cemetery Commissioner, One Member of the Water and Sewerage Board, Two Members of the Park Commission, One Member of the Board of Public Welfare, One Tree Warden, all for three years.

One member of the Planning Board for five years.

QUESTION OF PUBLIC POLICY

An amendment to Section 11B of Chapter 32-B, General Laws:

A town may provide for such payment if a majority of the votes cast in answer to the following question which shall be printed on the official ballot to be used at an election in said town is in the affirmative:

> "Shall the town extend contributory group hospital, surgical and medical insurance to elderly persons retired from the service of the town and to their dependents with fifty percent of the premium cost, a portion of the administrative expense and the payment of a surcharge or subsidiary rate to be paid by the town?"

Yes	☐
No	☐

The polls will be opened at 6:00 A.M. and shall be closed at 8:00 o'clock P.M.

On Monday, the thirteenth day of March A.D. 1967 commencing at 7:30 P.M., the following articles will be acted on at the Amos Clark Kingsbury School Gymnasium in said Medfield, viz:

ARTICLE 2. To see if the Town will vote to accept the reports of the several Town Officers for the past year.

ARTICLE 3. To see if the Town will vote to raise and appropriate and/or transfer such sums of money as may be necessary to defray the following departmental and other expenses of the Town for the ensuing year, and to fix the salary and compensation of all elected officers of the Town as provided for in Section 108, Chapter 41 of the General Laws.

(Board of Health)

ARTICLE 11. To see if the Town will vote to authorize the Cemetery Commissioners to appoint one of its members as Superintendent, or do or act anything in relation thereto.

(Cemetery Commissioners)

ARTICLE 12. To see if the Town will vote to authorize the Board of Selectmen to acquire in behalf of the Town for Town Garage purposes, by purchase, taking by eminent domain or otherwise approximately 3.5 acres of that parcel of land now or formerly owned by Atlantic Brick Company on the westerly side of Grove Street and shown on the Assessors' Plans as Lot 888 and to see what sums of money the Town will vote to raise and, appropriate and/or borrow and/or transfer from available funds to defray the cost of such acquisition, or take any other action relative thereto.

(Town Garage Committee)

ARTICLE 13. To see if the Town will vote to authorize the Selectmen to appoint a committee to enter into and execute any and all manner of contracts, in behalf of the Town of Medfield, in connection with the construction of a Town Garage, and to see what sum of money the Town will vote to raise and appropriate, borrow or transfer from available funds for the purposes of this Article, or take any other action relative thereto. (Town Garage Committee)

ARTICLE 14. To see if the Town will vote to adopt the provisions of General Laws, Chapter 90, Section 20B, as amended, and to adopt the provisions of General Laws, Chapter 90, Section 18A, or to adopt either of them, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 15. To see what sum of money the Town will vote to raise and appropriate, transfer and/or borrow for the purchase and installation of traffic pedestrian control signals at the intersection of Spring and Main Streets, at the intersection of North, Main and Pleasant Streets and at the intersection of South and Main Streets and for the synchronization of all of them with existing traffic control lights and with each other, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 16. To see if the Town will vote to amend the Zoning By-law adopted April 21, 1938 as amended to March 21, 1966 by changing "Section VII" in the second sentence of Section I., Article 2, so that said sentence now reads:

> "A" Residence District uses under Section II shall apply to the "AA" and "C" Residence District, and the area regulations of Section VIII pertaining to the "A" Residence District shall apply to the "AA" and "C" Residence District, except for the lot size specified for the "AA" and "C" district in Article 5, Sec. VIII,

or take any action relative thereto.

(Planning Board)

ARTICLE 17. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Ninety-one Dollars and Forty-three cents ($91.43) for the purpose of paying land damages arising from the relocation of Hospital Road, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 18. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Five Thousand, Five Hundred and Thirty-six Dollars and Thirty-three Cents ($5,536.33) for the purpose of paying land damages arising from the relocation of West Mill Street, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 19. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Three Thousand, Eight Hundred and Seventy-Dollars and Twenty-three Cents ($3,870.23) for the purpose of paying land damages arising from the relocation of West Street, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 20. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to purchase and equip a new motor vehicle for use as a police cruiser, and to authorize the Board of Selectmen to trade or sell as part of the purchase price one of the present cruisers, or do or act anything in relation thereto.

(Police Department)

ARTICLE 21. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to purchase a Radar-Timer for use by the Police Department, or do or act anything in relation thereto. (Police Department)

ARTICLE 22. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to be used to paint pavement markings on public ways, or do or act anything in relation thereto. (Police Department)

ARTICLE 23. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to be used to purchase Traffic Regulatory Signs, Parking Signs, etc., or do or act anything in relation thereto.

(Police Department)

ARTICLE 24. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to purchase two (2) portable radios to be used by the Police Department, or do or act anything in relation thereto.

(Police Department)

ARTICLE 25. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to be used to purchase a Mobile Radio to replace the G. E. Radio in one of the cruisers or do or act anything in relation thereto.

(Police Department)

ARTICLE 26. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to purchase an Electronic Siren and Public Address System to be installed in one of the cruisers, or do or act anything in relation thereto.

(Police Department)

ARTICLE 27. To see if the Town will vote to raise and appropriate the sum of Six Thousand Dollars ($6,000.00) as the Town's share for the reconstruction of a section of Hospital Road (Route 27), to further raise and appropriate the sum of Nineteen Hundred Dollars ($1,900.00) for the replacement of trees and the installation of a sidewalk and to authorize the Selectmen to enter into any and all contracts necessary or incidental thereto; said money to be used with funds allotted by the County and State, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 28. To see if the Town will vote to raise and appropriate the sum of Eighteen Hundred Dollars ($1,800.00) for the purchase of a 1½ Ton Roller for the Street Department and to authorize the Selectmen to trade or sell as part of the purchase price a 1 Ton Clyde roller, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 29. To see if the Town will vote to raise and appropriate Seven Thousand, Five Hundred Dollars ($7,500.00) for the purchase of a Dump Truck for the Street Department and authorize the Selectmen to trade or sell a 1956 Dodge Dump Truck as part of the purchase price, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 30. To see if the Town will vote to raise and appropriate and/or borrow the sum of Fourteen Thousand Dollars ($14,000.00) and appropriate it to the Street Improvement Program for the purpose of reconstruction of a section of Granite Street, and to authorize the Selectmen to acquire by eminent domain or otherwise all easements as may be necessary or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 31. To see if the Town will vote to raise and appropriate the sum of Seventy-five Hundred Dollars ($7,500.00) for the purpose of resurfacing that section of Hospital Road commencing at the Grade Crossing of the New York, New Haven & Hartford Railroad and continuing in an easterly direction for a distance of 3,300 feet, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of Six Thousand Four Hundred and Seventy-Nine Dollars ($6,479.00) for the purpose of reconstructing that section of Green Street that commences near Kenney Road and continues northeasterly a distance of twelve hundred (1200) feet, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 33. To see if the Town will vote to raise and appropriate and/or borrow and/or transfer from available funds in the Town Treasury a sum of money to purchase and equip a car for the use of the Fire Chief, or do or act anything in relation thereto.

(Fire Department)

ARTICLE 34. To hear and act on the reports of any special committees appointed at any previous Special Town Meeting or Annual Town Meeting or appointed by the Moderator or Selectmen as authorized by the vote of the Town.

(Board of Selectmen)

ARTICLE 35. To see what sums of money the Town will vote to raise and appropriate, borrow or transfer from available funds for the purpose of making extraordinary repairs and alterations to the existing Public Library Building at Main and Pleasant Streets, or take any other action relative thereto.

(Trustees of the Public Library)

ARTICLE 36. To see what sums of money the Town will vote to raise and appropriate, borrow or transfer from existing funds for the purpose of constructing, originally furnishing and equipping a new Public Library Building on land presently owned by the Town on Pleasant Street, or take any other action relative thereto.

(Trustees of the Public Library)

ARTICLE 37. To see if the Town will vote to appoint a Public Library Building Committee and to authorize it to make extraordinary repairs and alterations to the existing public library building at Main and Pleasant Streets and to construct, originally equip and furnish a new public library building on land presently owned by the Town on Pleasant Street; to enter into contracts for all of the same; to employ architects and engineers in connection therewith; to accept the work when completed and to enter into contracts and agreements relative to State or Federal Aid relative to the project with any appropriate Agency of the State or Federal governments, or take any other action relative thereto.

(Trustees of the Public Library)

ARTICLE 38. To see what sums of money the Town will vote to raise and appropriate, borrow or transfer from existing funds for the purpose of converting the former Needham Cooperative Bank Building on Pleasant Street to library uses, and for the purpose of remodeling the existing library building at Main and Pleasant Streets, and to authorize the Board of Trustees of the Public Library to enter into and execute any and all manner of contracts necessary for the purposes of this Article, or take any other action relative thereto.

(Trustees of the Public Library)

ARTICLE 39. To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from existing funds, to be disbursed by the Board of Trustees of the Public Library, for the construction of an emergency exit in the public library building at Main and Pleasant Streets to comply with the fire laws and regulations, or take any other action relative thereo.

(Trustees of the Public Library)

ARTICLE 40. To see what sums of money the Town will vote to raise and appropriate, transfer and/or borrow for the purpose of making extraordinary repairs to the former North Street School, so-called, so as to convert the same for use as a municipal office building, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 41. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purpose of making extraordinary repairs, renovations and alterations to the Town Hall, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 42. To see what sums of money the Town will vote to raise and appropriate, borrow or transfer from existing funds to be used for the purpose of purchasing and installing a generator and the necessary wiring and appurtenances to provide emergency power for facilities of the Town, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 43. To see if the Town will vote to accept as public ways the following named streets or parts thereof:
Bayberry Road from Station 0 + 0 to Station 3 + 53
Belknap Road from Station 10 + 44.78 to Station 14 + 64.78
Colonial Road from Station 0 + 0 to Station 6 + 95.41
Cypress Street from Station 0 + 0 to Station 3 + 08.48
Emerson Road from Station 0 + 0 to Station 11 + 43.91
Evergreen Way from Station 0 + 0 to Station 13 + 40.05
Flint Locke Lane from Station 9 + 16.52 to Station 21 + 11.24
Fox Lane from Station 0 + 0 to Station 2 + 60
Green Street from Station 0 + 0 to Station 5 + 28.74
Indian Hill Road from Station 0 + 30 to Station 14 + 00
Johns Avenue from Station 0 + 0 to Station 8 + 13
Knollwood Road from Station 0 + 0 to Station 18 + 85.97
Longmeadow Road from Station 0 + 0 to Station 10 + 65.77
Lowell Mason Road from North Street to Green Street
Marlyn Road from Station 18 + 98.02 to Station 19 + 60.08
Pheasant Road from Station 0 + 0 to Station 6 + 0

Stagecoach Road from Station 0 + 30 to Station 7 + 37.80
Stony Brook Road from Station 0 + 0 to Station 11 + 05

Wildwood Drive from Station 1 + 11.65 to Station 8 + 50
Woodfall Road from Station 0 + 0 to Station 10 + 96.67
as laid out by the Board of Selectmen and as shown on plans referred to in the several Orders of Layout and on file with the Town Clerk's Office, and to authorize the Board of Selectmen to acquire by eminent domain or otherwise, such rights, titles and easements, including drainage easements, as may be necessary to accomplish such purpose, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 44. To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise in behalf of the Town, perpetual easements for the installation, maintenance, repair and replacement of pipes for drainage of storm water in a strip of land 20 feet in width on the northerly side of Longmeadow Road running through lands now or formerly of John L. and Audrey I. Benedict and land of James A. and Joan D. Plesh, a strip of land 20 feet in width between Evergreen Way and Stony Brook Road running through the land now or formerly of Elwood F. & Laverne M. Linskey, the land now or formerly of Salvatore & Roberta F. Perrone, the land now or formerly of Edward R. & Louise W. Wiot and the land now or formerly of Ethel M. Ward & Eleanor M. Johnson, a strip of land 20 feet in width on the northerly side of Evergreen Way running through the land now or formerly of Edwin P. & Shirley H. Pelipski, a strip of land 20 feet in width on the southerly side of Longmeadow Road running through land now or formerly of Stuart H. Hastings & Joseph A. Gautreau, all as shown on a plan entitled "Town of Medfield Acceptance Plan of Storm Drain Easements, Medfield, Mass.," dated January 31, 1966 and drawn by Bowie Engineering Co., copies of which are on file in the Office of the Selectmen, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 45. To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise, in behalf of the Town, perpetual easements for the installation, maintenance, repair and replacement of pipes for drainage of storm water in a strip of land 20 feet in width on the northerly side of Indian Hill Road running through land now or formerly of Myles P. & Rita K. Connelly and the land now or formerly of Haslam Realty Corp., all as shown on a plan entitled "'Drainage Easement Noon Hill Estates, Medfield, Mass.," dated Dec. 3, 1966, drawn by Landmark Engineering, Inc., Wrentham, Mass., copies of which are on file in the Office of the Select-

men, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 46. To see if the Town will vote to authorize the permanent School Planning and Building Committee to make application from time to time the United States of America, under the provisions of Public Law 560 of the 83rd Congress, for an advance or final plans for any school building facilities within the Town of vadvances of funds for the purpose of preparing preliminary and Medfield, or take any action relative thereto.

(School Planning and Building Com.)

ARTICLE 47. To see if the Town will vote to accept as a gift from Henry C. Bridge and Grace E. Bridge the title in fee simple, for school purposes, of a parcel of land shown and designated as Lot A located at the easterly corner of land now or formerly of Henry C. Bridge and Grace E. Bridge, bounded northeasterly by land of the Town 27 feet southeasterly by land of the Town 13 feet, southwesterly by land of Henry C. and Grace E. Bridge 27.47 feet, containing 172 square feet all as shown on a plan entitled "Plan of Land to be acquired by the Town of Medfield, Mass. Scale 1" — 40'Cheney Engineering Co., Inc., Needham, Mass." dated September 13, 1966, or take any action relative thereto.

(School Planning and Building Com.)

ARTICLE 48. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds for the use of the Board of Assessors in securing expert appraisals of taxable real estate, or do or act anything in relation thereto.

(Board of Assessors)

ARTICLE 49. To see what sum the Town will vote to raise and appropriate or transfer from available funds for the use of the Board of Assessors in the purchase of a set of Assessors' Plans of the Town of Medfield, or do or act anything in relation thereto.

(Board of Assessors)

ARTICLE 50. To see if the Town will vote to raise and appropriate a sum of money for the purchase of a new brush chipper for the Tree and Insect Pest Control Departments or do or act anything in relation thereto.

(Tree Warden)

ARTICLE 51. To see if the Town will vote to raise and appropriate or transfer from Available Funds in the Town Treasury the sum of One Thousand, Sixteen Dollars and Twelve Cents ($1,016.12) for

Property of MEDFIELD PUBLIC LIBRARY

the following unpaid bill incurred in the year 1966.

Boston Edison Company (Removing and Reinstalling street lights in connection with Main Street reconstruction.)

(Board of Selectmen)

ARTICLE 52. To see what sums of money the Town will vote to raise and appropriate, borrow and/or transfer from available funds for the purpose of extending the water mains in School Street between the corner of North Street and Wight Street, or do or act anything in relation thereto. (Petition)

ARTICLE 53. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purchase and installation of water pipes in Wight Street for a distance of approximately 220 feet from the end of the existing water line in Wight Street to connect with the pipes to be installed under the preceding article, together with the necessary fittings and appurtenances thereto, and all under the provisions of the Water Betterment Act, so-called or take any other action relative thereto.

(Water and Sewerage Board)

ARTICLE 54. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purchase and installation of water pipes in Green Street for approximately five hundred and eighty (580) feet from the end of the existing water line to the intersection of Green Street and Cypress Street, together with the necessary fittings and appurtenances thereto, and all under the provisions of the Water Betterment Act, so-called, or take any other action relative thereto.

(Water and Sewerage Board)

ARTICLE 55. To see what sums of money the Town will vote to raise and appropriate, borrow or transfer from available funds for the purchase and installation of water pipes in West Mill Street for approximately 1,400 feet from the end of the present water line to the intersection of West Mill Street and West Street and for approximately 800 feet westerly in West Street, together with the necessary fittings and appurtenances thereto and all under the provisions of the Water Betterment Act, so-called, or take any other action relative thereto.

(Board of Selectmen and Water & Sewerage Board)

ARTICLE 56. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purchase and installation of water pipes in Maplewood Drive for a distance of approximately 80 feet, together with the necessary fittings and

appurtenances thereto, and all under the provisions of the Water Betterment Act, so-called, or take any other action relative thereto.

(Water & Sewerage Board)

ARTICLE 57. To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise in behalf of the Town for water supply purposes, an easement for the installation and maintenance of water supply pipes on the southwesterly side of Philip Street running through lands now or formerly of Charles and Maurine G. Kenny as is shown on a plan entitled "Plan of Easement to be Acquired by the Town of Medfield, Mass." dated November 21, 1966 drawn by Cheney Engineering Co., Inc., Needham, Mass. Scale 1" = 20' on file with the Water and Sewerage Board, or take any other action in relation thereto.

(Water and Sewerage Board)

ARTICLE 58. To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise, in behalf of the Town for water supply purposes, an easement for the installation and maintenance of water supply pipes in a strip of land 40 feet in width and running through lands now or formerly of Charles and Maurine G. Kenny and land now or formerly of Roger E. Hardy, said strip running from Foundry Street to Nebo Street, all as is shown on a plan entitled "Plan of Easement to be acquired by the Town of Medfield, Mass." dated June 15, 1966, drawn by Cheney Engineering Co., Inc., Needham, Mass. Scale 1" = 20' on file with the Water and Sewerage Board, or take any other action relative thereto.

(Water and Sewerage Board)

ARTICLE 59. To see what sums of money the Town will vote to raise and appropriate, borrow and/or transfer for the purchase and installation of approximately 650 feet of water mains in Hartford Street, beginning at the terminus of the existing water main in said street and running in a generally Northeasterly direction, said purchase and installation of said water mains to be under the provisions of the water betterment assessment law, so-called, or do or act anything in relation thereto.

(Petition)

ARTICLE 60. To see if the Town will vote to change the name of a portion of a certain public way known as Fairview Road northerly from Station 13 + 22 as shown on a Plan entitled, "Acceptance Plan of Fairview Road, Medfield, Mass." by Cheney Engineering Co. dated November 21, 1961 on file with the Board of Selectmen to Fieldstone Drive, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 61. To see if the Town will vote to raise and appropriate or transfer a sum of money for the purpose of providing recreation for the physically and mentally handicapped, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 62. To see if the Town will vote to cover certain elected or appointed officers under the Workmen's Compensation Act as provided in Section 69 of Chapter 152 of the General Laws of Massachusetts as amended by Chapter 401 of the Acts of 1966, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 63. To see if the Town will vote to authorize the Board of Selectmen to transfer the care, custody, management and control of the North Street School Building, so-called, together with an area of land surrounding the same to the jurisdiction of the Park and Recreation Commission for the purpose of a Community Recreation Center, or take any other action relative thereto.

(Park and Recreation Commission)

ARTICLE 64. To see what sums of money the Town will vote to raise and appropriate, borrow or transfer from available funds in the Treasury for the purpose of purchasing and installing a boiler and for renovating the heating, plumbing and wiring systems in the North Street School Building and other necessary alterations so as to make said building suitable for use as a Community Recreation Center, or take any other action relative thereto.

(Park and Recreation Commission)

ARTICLE 65. To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from available funds in the Treasury, to be made available to the Park and Recreation Commission to pay for utilities and other expenses incurred in operating the North Street School Building as a Community Recreation Center or take any other action relative thereto.

(Park and Recreation Commission)

ARTICLE 66. To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from available funds in the Treasury for the purpose of improving the Bakers Pond area, or take any other action relative thereto.

(Park and Recreation Commission)

ARTICLE 67. To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from available funds in the Treasury for the purpose of installing certain capital improvements to the Town's swimming facility off Green Street, or take any other action relative thereto.

(Park and Recreation Commission)

ARTICLE 68. To see if the Town will authorize the Park and Recreation Commission to disburse from its annual appropriation miscellaneous sums of money for entry fees, the purchase of prizes, and awards, and the like in connection with the participation of groups sponsored by the Commission in meets, contests, and competitions both within and without the confines of the Town of Medfield, or take any action relative thereto.

(Park and Recreation Commission)

ARTICLE 69. To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from available funds in the Treasury for the purpose of purchasing vacant land adjacent to the land presently owned by the Town of Medfield and used in conjunction with the Swimming Pond, or take any other action relative thereto.

(Park and Recreation Commission)

Article 70. To see if the Town will vote to revise the Zoning Map, Medfield, Mass. dated April 9, 1938 and revised December 31, 1965 so that:

the industrial area shown on said map lying north of Main Street and east and west of Brook Street and the industrial area shown on said map lying south of Main Street, east and west of the New York, New Haven and Hartford Railroad at Park Street shall be designated as Industrial Intensive (I-I) and that;

the industrial area shown on said map lying north and south of West Mill Street and north of West Street shall be designated as Industrial Extensive (I-E).

and to see if the Town will vote to amend the Zoning By-Law for the Town of Medfield, Massachusetts adopted April 21, 1938, as amended, by changing Section VIII Area Regulations (not applicable to apartment house lots) as follows:

1. **Rear Yards.** Second sentence to now read: "In a business district no dwelling shall be built within twenty feet of a rear lot line."

2. **Side Yards.** Third sentence to now read: "In any district except in an Industrial District no building shall be built within six feet of any lot line unless there is a party wall."

3. **Front Yards.** Second sentence to now read: "In a "B" residence district no buildings shall be built within twenty feet of the street line and no building of accessory use or farm or poultry farm building other than a dwelling or roadside stand shall be built within sixty feet of the street line, provided that no building need be set back more than twenty per cent of the depth of the lot nor more than the average of the setbacks of the buildings on the lots next thereto on either side, a vacant lot or a lot occupied by a building set back more than twenty feet being counted as though occupied by a building set back twenty feet."

and by changing Section V Industrial District Uses to read as follows: Section V, Industrial Classes of Districts: Industrial Intensive (I-I) and Industrial Extensive (I-E).

1. **General**

(a) In an Industrial District no building or premises shall be erected, altered or used for dwelling purposes, or for any purpose injurious, noxious or offensive to a neighborhood by reason of the emission of odor, fumes, dust, smoke, vibration, noise or other cause.

(b) No vehicular access to an industrial district shall be over land that is not zoned industrial. Vehicular access to an industrial district shall be over a public way. New public ways will be constructed in accordance with the latest Rules and Regulations for the Subdivision of Land in the Town of Medfield, Mass.

2. **Use Regulations**

(a) No building, structure or land shall be used, in whole or in part for any purposes in an industrial district other than as set forth under Section V 2b, Permitted Uses.

(b) In the following Table of Use Regulations, Permitted Uses shall be designated by the word (Yes). Those uses that may be permitted by special permit in this district and in accordance with Section 9 shall be designated by the letters (SP). Uses designated by (No) shall not be permitted in the district.

(c) Table of Use Regulation that immediately follows is declared to be part of this By-Law.

3. **Area, Height and Bulk Regulations**

(a) The regulation for this district pertaining to minimum lot area, minimum lot width, minimum lot depth, maximum height of buildings, maximum number of stories, maximum floor area ratio, maximum usable open space, minimum front yard depth, minimum side yard width, minimum rear yard depth shall be as specified in this section and set forth in the following Table of Area Regulations and Height and Bulk Regulations, and subject to the further provisions of this section.

TABLE OF AREA REGULATIONS

(Numbers refer to attached notes)

District	Use	Minimum Required Lots (1) Area (Sq. Ft.)	Width (Ft.)	Depth (Ft).
I-I	Any permitted structure or principal use	12,000	100	100

	Yards (2 thru 6)		
	Front (Ft.)	Side (Ft.)	Rear (Ft.)
	15	12	12

District	Use	Minimum Required Lots (1) Area (Ft. 2)	Width (Ft.)	Depth (Ft.)

I-E	Any permitted structure or permitted use	1 acre	200		200
			Yards (2 thru 6)		
		Front (Ft.)	Side (Ft.)		Rear (Ft.)
		25	25		25

NOTES:

1. Except for planned developments, community facilities and public utilities (see Section 9) only one principal structure shall be permitted on one lot. Principal structures, so limited shall be completed unobstructed in view from the street, except for vegetation and permitted accessory signs.

2. A corner lot shall have minimum street yards with depths which shall be the same as the required front yard depths for the adjoining lots.

3. At each end of a through lot, there shall be a setback depth required which is equal to the front yard depth required for the district in which each street frontage is located.

4. No building shall be within 10 feet of any water course or wet land area or, if subject to flooding, 10 feet from its flood line.

5. Projections into required yards, or other required open spaces are permitted subject to the following:

(a) Balcony or bay window limited in total length to one-half the length of the building, not more than two feet.

(b) Open terrace or steps or stoop under 4 feet in height up to one-half the required yard setback.

(c) Steps or stoop over 4 feet in height, window sill, belt course, chimney, roof eave, fire escape, fire tower, storm enclosure or similar architectural features, not more than 2 feet.

6. Screening and buffers shall be required in any Industrial District as follows: In an Industrial-Intensive (I-I) District, there shall be a landscaped buffer strip along each boundary which adjoins a residential district. This strip shall be at least 10 feet in width and shall contain a screen of plantings in the center of the strip not less than 5 feet in width and 6 feet in height at the time of occupancy of any lot. Individual bushes or trees shall be planted not more than 3 feet on centers, and shall

thereafter be maintained by the owner or occupants so as to maintain a dense screen year-round. One hundred percent of the plantings shall consist of evergreens. No building shall be placed within this buffer strip.

In an Industrial-Extensive (I-E) District, there shall be a landscaped buffer strip along each boundary which adjoins a residential district. This strip shall be at least 150 feet in width, and shall be portioned as follows:

(a) The portion of such buffer strip within one hundred (100) feet of the district boundary line shall be used only for, and maintained as, a planting area for lawns, trees, shrubs, or other landscape materials to provide a park-like area of separation between the districts.

(b) The remaining fifty (50) feet of space may be used for off-street parking or other permitted open uses, but shall not contain any permanent structure.

Table of Height and Bulk Regulations (Nos. refer to attached notes)

District	Max. Hgt. (ft.) 1, 2	Permitted Height (Stories)	Fl. Area Ratio incl. Access. Bldgs. to Total Area of Lot	Min. Usable Green Space %	Min. Residential Net Fl. Area (Sq. Ft.)
I-I	(See Appendix G,		0.75	10	Not permitted
	(				
I-E	(Bldg. Code. Town of		0.50	20	Not permitted
	(Medfield, Mass.				

NOTES:

1. Maximum height permitted in this By-Law shall be subject to the restrictions of the Medfield Building Code and shall not apply to:

(a) Necessary appurtenant structures such as: church spire, belfry, cupola, dome, smokestack, monument, derrick, conveyer, flagpole, radio or television tower, mast, antenna, aerial, airplane hangar, roof tank, building service equipment, roof structures other than a penthouse, chimney or parapet wall, or any similar appurtenance provided: any such structure shall set back from the vertical plane of the required set-back building line 1 foot horizontally for each 2 feet of extra height.

(b) Special industrial structures such as: a cooling tower, grain elevator, sugar refinery, gas holder or other similar structure where the industrial process requires a greater height, provided: any such structure shall not occupy more than 15 percent of the lot area; and shall be not less than 50 feet from any lot line.

2. A fence, hedge, wall, or other enclosure may be maintained on a corner lot provided: it shall not obstruct visual clearance at intersecting streets by being between 3 1/2 feet and 10 feet above the grade within the triangular area formed by the intersection of the curb lines and a straight line joining said curb lines at points which are 25 feet distance from the point of intersection of said curb lines. Where curbs do not exist the lines shall be where such curb would be required if built.

4. **Signs**

(a) In an Industrial Intensive (I-I) district, the following exterior signs and no others are permitted:

(1) One sign for each fifty (50) feet, or fraction thereof, of lot frontage on the principal street, or for each separate and distinct establishment on the premises, provided that the aggregate area of all such signs shall not exceed one hundred (100) square feet for each said unit of frontage. In an Industrial Intensive (I-I) district no such signs shall be located nearer to the street line than the permitted setback distance for a building on the same lot.

(b) In an Industrial-Extensive (I-E) district the following exterior signs and no other are permitted:

(1) One sign for each one hundred (100) feet, or fraction thereof, of lot frontage on the principal street, provided that the aggregate area of all such signs shall not exceed one hundred square feet for each unit of frontage. No such sign shall be located nearer to the street line than the permitted setback distance for a building on the same lot.

(c) In both the Industrial Intensive (I-I) and the Industrial Extensive (I-E), no exterior sign shall have a height greater than the highest point on the roof of the main building to which it pertains, or greater than twenty-five (25) feet above the mean grade of the curb of the principal frontage street, whichever is highest.

(d) In both the Industrial Intensive (I-I) and the Industrial Extensive (I-E), no exterior sign, and no interior sign readily visible from the exterior of a building, shall be illuminated by other than a steady light (with no flashing or other interruption). No exterior sign shall be rotated, oscillated, or otherwise regularly moved, or shall be designed to turn or flutter in the wind, or shall in any way be other than stationary.

(e) For the purpose of this Section, an exterior sign is any structure or part thereof located outside of a building, or any device attached to or printed or represented on the exterior of a building or structure (including, but not limited to display signs) which shall display or include any letter, word, model, banner, flag, pennant, insignia, device or other representation used as, or which is in the nature of, an announcement, direction or advertisement. Where a sign consists of individual letters, insignia or other individual representations, the area of the sign shall be considered to be that of the smallest rectangle which encompasses all of said letters, insignia or other representations.

(f) Notwithstanding any of the foregoing, exterior signs which indicate necessary directions only (such as "entrance," "exit," or "parking") or are required for safety purposes, shall be exempt from the provisions of this Section, provided that each such sign has an area of not over two (2) square feet and is unlighted, or illuminated only by steady white light. Posters (including price tags) which are attached to merchandise lawfully displayed shall also be exempt, provided that each such poster has an area of not over one (1) square foot.

5. **Shielding of Lights**

(a) In Industrial-Intensive (I-I) and Industrial-Extensive (I-E) Districts, all lights and other sources of illumination (whether interior or exterior) and all intense light emanating from operation or equipment (such as from an acetylene torch) shall be shielded from direct view at normal eye level from streets and Residential Districts. Any existing light sources not conforming to the provision of this Section shall be properly shielded (or otherwise removed) within one (1) year of the effective date hereof.

6. **Off-Street Parking**

In the Industrial-Intensive (I-I) and the Industrial-Extensive (I-E) Districts, there shall be provided and maintained

improved off-street automobile parking spaces in connection with the erection, establishment or increase by units or dimensions of buildings, structures and use, in at least the following minimum amounts:

(a) One parking space for each one thousand (1,000) square feet of gross floor area on all floors.

(b) An off-street parking space shall be defined as an area of not less than 200 square feet, plus access and maneuvering space; for the exclusive use as a parking stall for one motor vehicle. For this By-Law a parking space shall be 10 feet wide by 20 feet long.

(c) Off-street parking spaces required hereunder shall be provided either on the same premises with the parking generator, or on any premises, associated therewith; provided, however, that the walking distance between the farthest point of the parking area and the main pedestrian entrance to the building or use in question shall not exceed five hundred (500) feet, except that in the case of parking space for employees only, the distance may be increased to eight hundred (800) feet.

(d) No off-street parking shall be allowed within the setback requirements for the front, side and rear yards of either industrial district.

(e) Where required parking spaces are provided away from the lot on which the use, other structure, or lot they are intended to serve is located, such space shall be in the same possession, either by deed, or long-term lease, as the property occupied by the use, structure or lot to which the parking spaces are accessory.

(f) No off-street parking accessory to an industrial area shall be permitted within a residential district.

7. **Streets, Curbings and Sidewalks**

In areas defined as industrial, construction and layout of all new streets, curbings and sidewalks shall conform to the rules and regulations governing the subdivision of land in the Town of Medfield, Mass., as amended to date.

8. **Non-Conforming Uses**

(a) Except as expressly provided herein, any lawful building, structure ,or use of a building, structure or land existing on the effective date of this By-Law or any amendment thereto which does not conform to the provisions thereof may be continued unless and until abandoned. However, a non-conforming use shall not be changed (except to a conforming use) nor extended, and a non-conforming building or structure shall not be structurally altered, enlarged or reconstructed except as hereinafter set forth. For the purposes of this Section, a non-conforming use which has been discontinued for more than twelve consecutive months shall be deemed to have been abandoned.

(b) The Board of Appeals may authorize by special permit a non-conforming use of a building, structure or land to be changed to a specified use not substantially different in character or in its effect on the vicinity. Said Board may also authorize by special permit a non-conforming use of a building, structure, or land to be extended, or a building devoted to a non-conforming use to be structurally altered or enlarged, providing that such extension, alteration or enlargement (i) will not have a materially adverse effect on the value of land and building in the neighborhood or on the amenities thereof, or be detrimental to the normal use of adjacent property, and (ii) will not be injurious or dangerous to the public health, or hazardous because of traffic congestion or other reasons.

9. **Special Permit — Industrial District**

(a) Certain uses are designated in Section V Industrial Classes of Districts; Industrial Intensive (I-I) and Industrial Extensive (I-E) sub-section 2 (b) by special permit and designated by the letters (SP) in the Table of Use Regulations. Those uses that require a special permit shall come under the jurisdiction of the Board of Appeals and shall be approved by them.

(b) Upon application duly made to the Appeal Board, the Appeal Board may, in appropriate cases and subject to appropriate conditions and safeguards, grant a special permit for such uses and no others.

(c) In acting upon an application for a special permit, the Appeal Board shall take into consideration whether: the specific site is an appropriate location for the use or structure;

the adequacy of public sewerage and water facilities, or the suitability of soils for on-lot sewerage and water systems; the use developed will adversely affect the neighborhood; there will be undue nuisance or serious hazard to vehicles or pedestrians; and adequate and appropriate facilities will be provided to ensure the proper operation of the proposed use, structure or condition. The Board of Appeals shall authorize such special permit only when it finds that, in view of these considerations, such exception is consistent with the spirit of this By-Law.

10. For the industrial use of any lot in any Industrial District, the proposed use shall not emit any smoke of a shade darker than No. 2 on the Ringelman Smoke Chart, as published by the U.S. Bureau of Mines; no air pollution particle concentrations shall exceed 0.3 grains per cubic foot; all inflammable or radioactive liquids shall be stored underground; the discharge of water shall be into a public sewer or the system subject to the written approval of the Massachusetts Department of Public Health; vibration shall not exceed the safe range of Table 7, U.S. Bureau of Mines, Bulletin No. 442; no sky reflected glare shall be permitted; and further provided that all materials shall be stored within a completely enclosed building.

or take any action relative thereto.

Planning Board and Industrial Commission

ARTICLE 71 To see if the Town will vote to adopt the following By-law:

STREET NUMBERING BY-LAW

Street numbers shall be provided for each dwelling and each business, industrial, and other building in the Town of Medfield by the owner of such structures by ninety (90) days after approval by the Attorney General in accordance with the following:

1. The numbers shall be made of permanent, weatherproof material, shall be at least three (3) inches in height and shall be clearly visible from the the street or roadway upon which the dwelling or building fronts.

2. The numbers shall be placed on each structure or on a suitable support near the main entrance to the structure so as to be visible from the street.

3. The numbers shall be those assigned to each structure in accordance with the street numbering survey completed by the Board of Selectmen on file in the office of the Town Clerk.

4. It shall be the responsibility of each property owner in the town to obtain a number assigned to his affected structure or structures within three (3) months of the effective date of this By-law.

5. This By-law shall be enforced by the Board of Selectmen of the Town of Medfield either directly or through an inspector to be appointed by them. Failure to comply with this By-law shall subject the offending property owner to a fine not exceeding ten (10) dollars.

or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 72. To see if the Town will vote under Massachusetts General Laws (Ter. Ed.) Chapter 121, Section 26K, as amended, to establish a Housing Authority and in that connection to make any and all determinations and declarations deemed necessary or desirable and take any action in relation thereto.

(Board of Selectmen)

ARTICLE 73. To see if the Town will vote to amend the Zoning By-law and Zoning Map of the Town of Medfield by removing any or all of the several parcels of land hereinafter described from the provisions of SECTION II "A" RESIDENCE DISTRICT USES and placing them under the provisions of SECTION V. INDUSTRIAL DISTRICT USES.

Seven certain parcels of land, all situated in Medfield, Norfolk County, Massachusetts and separately bounded and described as follows:

Parcel A. Northeasterly by Hospital Road, as shown on the plan hereinafter referred to, 372 feet, more or less; Southeasterly by land now or formerly of Charles W. Haigh and by land now or formerly of Clayton H. Haigh, 659.69 feet, more or less; Northeasterly by land now or formerly of Clayton H. Haigh, 284.37 feet, more or less;

Southerly 340.49 feet, more or less, Southeasterly 123.91 feet, more or less and Northeasterly 220 feet, more or less, all by land now or formerly of George Hinkley; Southwesterly 880 feet, more or less, by land now or formerly of Marvin; Northwesterly by land now or formerly of Commonwealth of Massachusetts, on two courses measuring respectively 450 feet, more or less and 762.44 feet, more or less; and Northeasterly 100 feet, more or less and Northwesterly 105 feet, more or less, by land now or formerly of Kennedy.

Said premises contain 15.5 acres, more or less and are shown as the parcel marked A on the plan hereinafter referred to.

Parcel B. Easterly by Harding Street, as shown on the plan hereinafter referred to, 138 feet, more or less; Southeasterly 190 feet, more or less and Easterly 140 feet, more or less, by land now or formerly of Henry L. Sittig et ux; Southeasterly 230 feet, more or less and Northeasterly 190 feet, more or less, by land now or formerly of Peter D. Vroom; Southeasterly by land now or formerly of The New York, New Haven and Hartford Railroad Co., 365 feet, more or less; Southwesterly 815 feet, more or less, by land now or formerly of Marvin; Northwesterly by land now or formerly of George Hinkley, 800 feet, more or less; and Northwesterly and Northerly by land now or formerly of Elizabeth M. Sweeney, 282 feet, more or less.

Said premises contain 9.8 acres, more or less and are shown as the parcel marked B on the plan hereinafter referred to.

Parcel C. Northwesterly by West Mill Street, 540 feet, more or less; Northeasterly by land now or formerly of Marvin, 155 feet, more or less; Easterly 370 feet, more or less, Northeasterly 505 feet, more or less and Westerly 200 feet, more or less, all by land now or formerly of Alice M. Crawford; again Northeasterly 350 feet, more or less, by land now or formerly of Marvin; Southeasterly by land now or formerly of Vincent A. Palumbo et ux, 330 feet, more or less; South-

westerly 21.1 feet, Southeasterly and Southwesterly 670 feet, more or less, all by land now or formerly of Albert L. Clark; and Southwesterly by other land now or formerly of Marvin 470 feet, more or less.

Said premises contain 6.4 acres, more or less and are shown as the parcel marked C on the plan hereinafter referred to.

Parcel D. Northeasterly by land now or formerly of Marvin, 620 feet, more or less; Southerly by land now or formerly of George Hinkley, 330 feet, more or less; Southwesterly by land now or formerly of the First Congregational Church and by land now or formerly of Amie Newell Estate, 520 feet, more or less; and Northwesterly by land now or formerly of Commonwealth of Massachusetts, 60 feet, more or less.

Said premises contain 2.2 acres, more or less and are shown as the parcel marked D on the plan hereinafter referred to.

Parcel E. Northeasterly by land now or formerly of Marvin, 455 feet, more or less; Southerly by land now or formerly of Clark, 290 feet, more or less; Southwesterly by land now or formerly of the Town of Medfield, 300 feet, more or less; and Northwesterly by land now or formerly of George Hinkley, 210 feet, more or less.

Said premises contain 2 acres, more or less and are shown as the parcel marked E on the plan hereinafter referred to.

Parcel F. Northeasterly by land now or formerly of Marvin, 305 feet, more or less; Southeasterly by land now or formerly of Marvin, 95 feet, more or less; and Southwesterly by land now or formerly of Clark, 325 feet, more or less.

Said premises contain 3/10 acres, more or less and are shown as the parcel marked F on the plan hereinafter referred to.

Parcel G. Southeasterly by land now or formerly of Marvin, 670 feet, more or less; Southwesterly 70 feet, more or less and Westerly 470 feet, more or less, all by land now or formerly of Atlantic Brick Co.; and Northerly by land now or formerly of the Town of Medfield and by land now or formerly of Clark, 350 feet, more or less.

Said premises contain 2.3 acres, more or less and are shown as the parcel marked G on the plan hereinafter referred to.

All of the aforesaid parcels are shown on a plan entitled "'Marvin-Rogers Park' Proposed Zoning Plan of Land in Medfield, Mass. Scale 1 in. = 100 ft. more or less, Cheney Engineering Co., Inc., Needham, Mass. Jan. 9, 1967" copies of which are on file in the office of the Board of Selectmen and the office of the Planning Board of the Town of Medfield.

(Petition)

ARTICLE 74. To see if the Town will vote to amend the Zoning By-law and Zoning Map of the Town of Medfield by removing either or both of the parcels hereinafter described from the provisions of SECTION II "AA" RESIDENCE USES and placing them under the provisions of SECTION V. INDUSTRIAL DISTRICT USES.

Two certain parcels of land, both situated in Medfield, Norfolk County, Massachusetts and separately bounded and described as follows:

Parcel H. Northwesterly by West Mill Street, 50 feet, more or less; Northeasterly by land now or formerly of Alice M. Crawford, 120 feet, more or less; Easterly by land now or formerly of said Crawford, 60 feet, more or less; and Southwesterly by land now or formerly of Marvin, 155 feet, more or less.

Said premises contain .16 acres, more or less and are shown as the parcel marked H on the plan hereinafter referred to.

Parcel I. Northeasterly by Harding Street, 290 feet, more or less; Southeasterly by land now or formerly of Vincent A. Palumbo et ux, 220 feet, more or less; Southwesterly by land now or formerly of Marvin, 350 feet, more or less; Westerly, 24 feet, more or less and Northeasterly, 160 feet, more or less and Northwesterly, 180 feet, more or less, all by land now or formerly of Millis Transportation Co., Inc.

Said premises contain 1.1 acres, more or less and are shown as the parcel marked I on the plan hereinafter referred to.

Both of the aforesaid parcels of land are as shown on a plan entitled "'Marvin-Rogers Park' Proposed Zoning Plan of Land in Medfield, Mass. Scale 1 in. = 100 ft. more or less, Cheney Engineering Co., Inc., Needham, Mass. Jan. 9, 1967" copies of which are on file in the office

of the Board of Selectmen and the office of the Planning Board of the Town of Medfield.

(Petition)

ARTICLE 75. To see if the Town will vote to authorize the Board of Selectmen to appoint a committee consisting of one member of the Board of Selectmen, one member of the Finance Committee, one member of the School Committee, one member of the Planning Board, and the Chief of Police Department and the Superintendent of Streets to make a study of pedestrian safety and sidewalks and to make a report of their findings and recommendations at a future Town Meeting, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 76. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars ($1,000.00) such sum to be used for surfacing the drives in Vine Lake Cemetery, or do or act anything in relation thereto.

(Cemetery Commissioners)

ARTICLE 77. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars ($500.00), such sum to be used to survey and lay out that section of Vine Lake Cemetery at Bridge and Dale Street or do or act anything in relation thereto.

(Cemetery Commissioners)

ARTICLE 78. To see if the Town will vote to authorize the Moderator to appoint a committee of five (5) members and authorize it to make arrangements and to spend money appropriated under Article 3 for the observance of Memorial Day.

(Board of Selectmen)

ARTICLE 79. To see if the Town will vote to authorize the Board of Assessors to use a sum of money from Free Cash in the Treasury for the reduction of the 1967 Tax Rate, or do or act anything in relation thereto.

ARTICLE 80. To see if the Town will vote to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz:

Edward W. Band Lot	$100.
Robert Alexander Lot	150.
George E. Crowell Lot	100.
George Lemmler Lot	100.
James E. McKinnon Lot	150.
Francis Scribner Lot	50.
Theodore G. Suereth Lot	100.
Joseph Tammero Lot	100.

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this 2nd day of February A.D., Nineteen Hundred and Sixty-seven.

Richard G. Connors
Austin C. Buchanan
John J. O'Keefe

Selectmen of
Medfield

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss. Medfield, Massachusetts
February 24, 1967

By virtue of this warrant I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections to meet at the time and for the purpose named, by posting attested copies of said warrant in not less than five public places in the Town at least seven days before the time of holding the meeting.

ALLAN A. KINGSBURY
Constable of Medfield

WARRANT, SPECIAL TOWN MEETING

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of Town of Medfield, qualified to vote in elections and in town affairs, to meet at the Amos Clark Kingsbury School Gymnasium, in said Medfield on Monday, the thirteenth day of March A.D. 1967 at 8:30 p.m. then and there to act on the following article:

ARTICLE 1. To see if the Town will vote to amend the Zoning By-Law and Zoning Map of the Town of Medfield by removing the premises hereinafter described from the provisions of SECTION II, "AA", "A" and "C" RESIDENCE DISTRICT USES and placing the same under the provisions of SECTION IV, BUSINESS DISTRICT USES.

That certain parcel of land situated on the southerly side of Main Street in Medfield, Norfolk County, Massachusetts, and bounded and described as follows:

NORTHWESTERLY by Main Street about 483.25 feet;

NORTHEASTERLY by land owned now or formerly by Fernandes Realty Corporation measuring about 500 feet;
SOUTHEASTERLY by land owned now or formerly by Vincent A. and Muriel C. Palumbo, and to be distant southerly from Main Street 500 feet and parallel therewith;
SOUTHWESTERLY by land owned now or formerly by Helen G. McCarthy measuring 500 feet;

or do or act anything in relation thereto.

(Planning Board)

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this tenth day of February A.D. nineteen hundred and sixty-seven.

RICHARD G. CONNORS
AUSTIN C. BUCHANAN
JOHN J. O'KEEFE
Selectmen of Medfield

COMMONWEALTH OF MASSACHUSETTS

QUESTION OF PUBLIC POLICY

An amendment to Section 11B of Chapter 32–B, General Laws:

A town may provide for such payment if a majority of the votes cast in answer to the following question which shall be printed on the official ballot to be used at an election in said town is in the affirmative:

> "Shall the town extend contributary group hospital, surgical and medical insurance to elderly persons retired from the service of the town and to their dependents with fifty per cent of the premium cost, a portion of the administrative expense and the payment of a surcharge or subsidiary rate to be paid by the town?"

Yes	841
No	468
Blanks	186

After the results were publicly announced, the ballots, tally sheets and master sheet were turned over to the Town Clerk for safe keeping as prescribed by law.

ANNUAL TOWN MEETING FOR THE TRANSACTION OF BUSINESS HELD ON MARCH 13, 1967

The meeting was called to order by the Moderator at 7:30 p.m. in the Amos Clark Kingsbury School and the following action was taken on the remaining articles in the warrant:

Article 2. Voted to accept the reports of the several Town Officers for the past year.

Article 3. (Voted to act on Articles 6 and 62 prior to action on Article 3. Also voted to act on Article 7 after items 1 to 7 of Article 3 had been voted on.)

At 8:30 p.m. after action on Article 3 had been started the Special Town Meeting called for this time by the foregoing warrant was called to order by the Moderator and the following action was voted on Article 1 of said warrant:

SPECIAL TOWN MEETING
March 13, 1967

Article 1. Voted to amend the Zoning By-Law and Zoning Map of the Town of Medfield by removing the premises hereinafter described from the provisions of SECTION II, "AA", "A" and "C" RESIDENCE DISTRICT USES and placing the same under the provisions of SECTION IV, BUSINESS DISTRICT USES.

That certain parcel of land situated on the southerly side of Main Street in Medfield, Norfolk County, Massachusetts, and bounded and described as follows:

NORTHWESTERLY by Main Street about 483.25 feet;
NORTHEASTERLY by land owned now or formerly by Fernandes Realty Corporation measuring about 500 feet;
SOUTHEASTERLY by land owned now or formerly by Vincent A. and Muriel C. Palumbo, and to be distant southerly from Main Street 500 feet and parallel therewith;
SOUTHWESTERLY by land owned now or formerly by Helen G. McCarthy measuring 500 feet.

Voted in favor of passage	631
Voted against passage	81

Voted that this Special Town Meeting be adjourned at 8:42 p.m.

A true copy attest: CHARLES W. KEIRSTEAD
Town Clerk

Attorney General's Acceptance of the foregoing Article 1 of the Special Town Meeting of 3/13/67:

Boston, Mass. July 14, 1967

The foregoing amendment to Zoning By-laws adopted under Article 1 is approved.

A true copy attest: ELIOT L. RICHARDSON
Attorney General
CHARLES W. KEIRSTEAD
Town Clerk

Article 3. Voted to raise and appropriate the following named sums to defray the departmental and other expenses of the Town for the ensuing year, and to fix the salary and compensation of all elected officers of the Town as provided for in Section 108, Chapter 41 of the General Laws:

Moderator

Selectmen:

Article 7. Voted to dismiss this article wherein appointment of an Executive Secretary was proposed.

Article 8. Voted to authorize the Water and Sewerage Board to appoint one its members as Water Superintendent.

Article 9. Voted to authorize the Board of Assessors to appoint one of its members as Clerk.

Article 10. Voted to authorize the Board of Health to appoint one of its members as Agent for the Board of Health.

Article 11. Voted to authorize the Cemetery Commissioners to appoint one of its members as Superintendent.

Article 12. This article wherein purchase of land on Grove Street, owned by the Atlantic Brick Company, for Town Garage purposes was proposed, failed to pass as shown by the following vote:

Voted for passage	136
Voted against passage	311

Voted that this article be dismissed.

Article 13. Voted that this article be dismissed as failure of Article 12 to pass nullified the need for a Town Garage Building Committee.

Article 14. Voted to adopt the provisions of General Laws, Chapter 90. Section 18A.

Article 15. Voted to dismiss this article wherein the sum of $29,700.00 was proposed for the installation of Traffic Control Lights at the intersection of South and Main Streets.

An amendment to the original motion was defeated by a strong negative vote.

	($11,758.59 from State Aid)
	17,941.41 to be raised and appropriated
	$29,700.00

The original motion to appropriate the sum of $29,700.00 by:

Receiving from the State	$11,758.59
Raising and appropriating	9,941.41
Borrowing for 2 years	8,000.00
	$29,700.00

was defeated as shown by a counted vote of 137 for passage of motion and 344 against passage of motion.

Article 16. Voted unanimously to amend the Zoning By-law adopted April 21, 1938 as amended to March 21, 1966 by changing "Section VII" in second sentence of Section 1, Article 2, so that said sentence now reads:

"A" Residence District uses under Section II shall apply to the "AA" and "C" Residence District, and the area regulations of Section VIII pertaining to the "A" Residence District shall apply to the "AA" and "C" Residence District, except for the lot size specified for the "AA" and "C" district in Article 5, Section VIII.

Article 17. Voted that the sum of $91.43 be raised and appropriated for the purpose of paying land damages arising from the relocation of Hospital Road.

Article 18. Voted that the sum of $5,536.33 be raised and appropriated for the purpose of paying land damages arising from the relocatin ed for the purpose of paying land damages arising from the relocation of West Mill Street.

Article 19. Voted that the sum of $3,870.23 be raised and appropriated for the purpose of paying land damages arising from the relocation of West Street.

Article 20. Voted that the sum of $1,500.00 be raised and appropriated to purchase and equip a new Police Cruiser and to authorize the Board of Selectmen to trade or sell as part of the purchase price one of the present cruisers. An amended motion that the sum of $2,490.00 be raised and appropriated to purchase a new Police Cruiser and that one of the present Police Cruisers be converted for Highway Department use was defeated.

Article 21. Voted that the sum of $895.00 be raised and approrpiated for the purchase of a Radar-Timer for use by the Police Department.

Article 22. Voted that the sum of $5,000.00 be raised and appropriated to paint pavement markings on public ways.

Article 23. Voted that the sum of $500.00 be raised and appropriated to purchase Traffic Regulatory Signs, Parking Signs, etc.

Article 24. Voted that the sum of $650.00 be raised and appropriated for the purchase of a portable radio to be used by the Police Department.

Article 25. Voted that the sum of $865.00 be raised and appropriated for the purchase of a Mobile Radio to replace the G.E. Radin one of the Police cruisers.

Article 26. Voted that this article be dismissed wherein the purchase of an Electronic Siren and Public Address System for one of the Police cruisers was proposed.

Article 27. Voted that the sum of $6,000.00 be raised and appropriated as the Town's share for the reconstruction of a section of Hospital Road (Route 27), to further raise and appropriate the sum of $1,900.00 for the replacement of trees and the installation of a sidewalk and to authorize the Selectmen to enter into any and all contracts necessary or incidental thereto; said money to be used with funds allotted by the County and State.

Article 28. Voted to raise and appropriate the sum of $1,800.00 for the purchase of a 1½ Ton Roller for the Street Department and to authorize the Selectmen to trade or sell as part of the purchase of a 1 Ton Clyde Roller.

Article 29. Voted to raise and appropriate the sum of $7,500.00 for the purchase of a Dump Truck for the Street Department and authorize the Selectmen to trade or sell a 1956 Dodge Dump Truck as part of the purchase price.

Article 30. Voted unanimously to raise and appropriate the sum of $14,000.00 and appropriate it to the Street Improvement Program for the reconstruction of a section of Granite Street, and to authorize the Selectmen to acquire by eminent domain or otherwise all easements as may be necessary.

Article 31. Voted that this article be dismissed wherein the sum of $7,500.00 was sought for the purpose of resurfacing that section of Hospital Road commencing at the Grade Crossing of section of Hospital Road commencing at the Grade Crossing of the New York, New Haven and Hartford Railroad and continuing in an easterly direction for a distance of 3,300 feet.

It was voted to act on the Library articles, namely Articles 35, 36, 37, 38 and 39 prior to taking action on articles 32, 33 and 34.

Article 35. Voted that the sum of $20,000.00 be rasied and appropriated for the purpose of making extraordinary repairs and alterations to the existing Public Library Building at Main and Pleasant Streets.

273 voted for passage
228 voted against passage

NOTE:

At the adjourned Annual Town Meeting of March 15, 1967 it was voted that foregoing appropriation of $20,000.00 made under Article 35 on March 14, 1967 be recinded and that said Article 35 be dismissed.

Article 36. A motion 'that the sum of $198,000.00 be appropriated for the purpose of constructing, originally furnishing and equipping new Public Library Building on land presently owned by the Town of Pleasant Street, and that to meet said appropriation the sum of $60,000.00 be transferred from the stabilization fund and that the Treasurer, with the approval of the Selectmen, be authorized to borrow the sum of $138,000.00 for a period of not longer than five (5) years, under the provisions of Massachusetts General Laws, Chapter 44, as amended' failed to carry by a required 2/3 vote as shown by a standing counted vote of

266 in favor of motion
232 against motion

A vote to reconsider the action on Article 36 failed to pass.

With final action still to be determined on Article 36, it was voted to adjourn the meeting until 7:30 P.M. on March 15, 1967 at this Amos Clark Kingsbury School.

NOTE:

To make certain that the new By-Law Quorum requirement approved by the Attorney General was net at all times, the tellers took a quorum count at the beginning of this meeting which showed that 454 voters were present. Several other quorum counts at subsequent meetings confirmed the new required number of 250 voters instead of the old 150 requirement.

As final action on Article 36 was left undetermined at the conclusion of the previous Adjourned Town Meeting of March 14, 1967, discussion was continued and the following action was voted:

Article 36. A motion 'That the sum of $198,000.00 be raised and appropriated for the purpose of constructing, originally equipping

and furnishing a new Public Library Building on land presently owned by the Town on Pleasant Street' failed to pass as shown by the following standing counted vote:

173 voted in favor of motion
334 voted against motion

Voted that Article 36 be dismissed

Voted that the previous appropriation of $20,000.00 made under Article 35 on March 14, 1967 be recinded and that said Article 35 be dismissed.

A motion that the previous dismissal of Article 36 be reconsidered failed to carry.

A motion that the previous dismissal of Article 35 be reconsidered failed to carry.

Article 37. It was voted that this article be dismissed as the failure of Article 36 eliminated the need for the appointment of a Public Library Building Committee.

Article 38. Voted that this article be dismissed wherein a sum of money for the conversion of the former Needham Co-operative Bank Building of Pleasant Street to library purposes and for the remodeling of the existing library building at Main and Pleasant Streets was proposed.

304 voted for dismissal
176 voted against dismissal

A motion for reconsideration of Article 38 failed to carry.

Article 39. Voted that the sum of $1,800.00 be raised and appropriated for the construction of an emergency exit in the Public Library Building at Main and Pleasant Streets to comply with the Fire Laws and Regulations, that the Board of Trustees of the Public Library be authorized to enter into contracts for the foregoing purpose, to approve bills for payment in connection therewith, and to accept the work when completed.

Resumed action of articles in order.

Article 32. Voted to raise and appropriate the sum of $6,479.00 for the purpose of reconstructing that section of Green Street that commences near Kenney Road and continues northeasterly a distance of twelve hundred (1200) feet.

Article 33. Voted that this article be dismissed wherein a sum of money was sought for the purchase of a car for the use of the Fire Chief.

Article 34. Voted to hear any reports of committees appointed at any previous Town Meetings. No reports were given.

Although several articles were not voted in orderly sequence they have now all been completed through Article 39.

Voted to act on Articles 40, 41, 63, 64, and 65 next as they are generally of the same type.

Article 40. Voted to dismiss this article wherein a sum of money was sought for the purpose of making extraordinary repairs to the former North Street School to convert the same for use as a municipal office building.

Article 41. Voted to raise and appropriate the sum of $3,375.00 for the purpose of making extraordinary repairs, renovations and alterations to the Town Hall.

Article 62. Voted to have the Town cover certain elected or appointed officers under the Workmen's Compensation Act as provided in Section 69 of Chapter 152 of the General Laws of Massachusetts as amended by Chapter 401 of the Acts of 1966.

NOTE:

Action on the foregoing Article 62 was taken prior to voting on Article 3 at the Annual Town Meeting held on March 13, 1967.

Article 63. Voted to authorize the Board of Selectmen to transfer the care, custody, management and control of the North Street School Building, so called, together with an area of land surrounding the same to the jurisdiction of the Park and Recreation Commission for the purpose of a Community Recreation Center.

379 voted in favor of article , 26 voted against

Article 64. Voted that the sum of $5,000.00 be raised and appropriated for the purpose of purchasing and installing a boiler and for renovating the heating, plumbing and wiring systems in the North Street School Building and other necessary alterations so as to make said building suitable for use as a Community Recreation Center.

Article 65. Voted that the sum of $2,000.00 be raised and appropriated, said amount to be made available to the Park and Recreation Commission to pay for utilities and other expenses incurred in operating the North Street School Building as a Community Recreation Center.

Article 42. Voted that the sum of $1,600.00 be raised and appropriated for the purpose of purchasing and installing a generator and the necessary wiring and appurtenances in the Town House to provide emergency power for facilities of the Town.

Article 43. Voted unanimously that the Town accept as public ways the following named streets or parts thereof:

Bayberry Road from Station 0 + 0 to Station 3 + 53
Belknap Road from Station 10 + 44.78 to Station 14 + 64.78
Colonial Road from Station 0 + 0 to Station 6 + 95.41
Cypress Street from Station 0 + 0 to Station 3 + 08.48
Emerson Road from Station 0 + 0 to Station 11 + 43.91
Evergreen Way from Station 0 + 0 to Station 13 + 40.05
Flint Locke Lane from Station 9 + 16.52 to Station 21 + 11.24
Fox Lane from Station 0 + 0 to Station 2 + 60
Green Street from Station 0 + 0 to Station 5 + 28.74
Indian Hill Road from Station 0 + 30 to Station 14 + 00
Johns Avenue from Station 0 + 0 to Station 8 + 13
Knollwood Road from Station 0 + 0 to Station 18 + 85.97
Longmeadow Road from Station 0 + 0 to Station 10 + 65.77
Lowell Mason Road from North Street to Green Street
Marlyn Road from Station 18 + 98.02 to Station 19 + 60.08
Pheasant Road from Station 0 + 0 to Station 6 + 0
Stagecoach Road from Station 0 + 30 to Station 7 + 37.80
Stony Brook Road from Station 0 + 0 to Station 11 + 05
Tamarack Road from Station 0 + 0 to Station 8 + 39.48
Wildwood Drive from Station 1 + 11.65 to Station 8 + 50
Woodfall Road from Station 0 + 0 to Station 10 + 96.67

Article 44. Voted unanimously that the Selectmen be authorized to acquire by purchase, taking by eminent domain or otherwise in behalf of the Town, perpetual easements for the installation, maintenance repair and replacement of pipes for drainage of storm water in a strip of land 20 feet in width on the northerly side of Longmeadow Road running through lands now or formerly of John L. and Audrey I. Benedict and land of James A. and Joan D. Plesh, a strip of land 20 feet in width between Evergreen Way and Stony Brook Road running through the land now or formerly of Elwood F. and Laverne M. Linskey, the land now or formerly of Salvadore and Roberta F. Perrone, the land now or fromerly of Edward R. and Louise W. Wiot, and the land now or fromerly of Ethel M. Ward and Eleanor M. Johnson, a strip of land 20 feet in width on the northerly side of Evergreen Way running through the land now or formerly of Edwin P. and Shirley H. Pelipski, a strip of land 20 feet in width on the southerly side of Longmeadow Road running through land now or formerly of Stuart H. Hastings and Joseph A. Gautreau, all as shown on a plan entitled "Town of Medfield Acceptance Plan of Storm Drain Easements, Medfield, Mass.," dated January 31, 1966 and drawn by Bowie Engineering Co., copies of which are on file in the office of the Selectmen.

Article 45. Voted unanimously that the Selectmen be authorized to acquire by purchase, taking by eminent domain or otherwise, in behalf of the Town, perpetual easements for the installation, maintenance repair and replacement of pipes for drainage of storm water in a strip of land 20 feet in width on the northerly side of Indian Hill Road running through land now or formerly of Myles P. and Rita K. Connelly and the land now or formerly of Haslam Realty Corp., all as shown on a plan entitled "Drainage Easement Noon Hill Estates, Medfield, Mass.," dated December 3, 1966, drawn by Landmark Engineering, Inc., Wrentham, Mass., copies of which are on file in the office of the Selectmen.

Article 46. Voted to authorize the permanent School Planning and Building Committee to make application from time to time to the United States of America, under the provisions of Public Law 560 of the 83rd Congress, for an advance or advances of funds for the purpose of preparing preliminary and final plans for any school building facilities within the Town of Medfield.

Article 47. Voted to accept as a gift from Henry C. Bridge and Grace E. Bridge the title in fee simple, for school purposes, of a parcel of

land shown and designated as Lot A located at the easterly corner of land now or formerly of Henry C. Bridge, bounded northeasterly by land of the Town 27 feet, southeasterly by land of the Town 13 feet southwesterly by land of Henry C. and Grace E. Bridge 27.47 feet, containing 172 square feet all as shown on a plan entitled "Plan of Land to be acquired by the Town of Medfield, Mass., Scale 1" – 40 feet Cheney Engineering Co., Inc., Needham, Mass." dated September 13, 1966.

NOTE: Voted to take action on Article 49 prior to Article 48.

Voted to table Article 49 and postpone action of Article 48 until the next adjourned Annual Town Meeting.

Article 50. Voted that this article be dismissed wherein the purchase of a new brush chipper for the Tree and Insect Pest Control Departments was proposed.

Article 51. Voted to raise and appropriate the sum of $1,016.12 to pay the following unpaid bill incurred in the year 1966.

(this was a unanimous vote)

Boston Edison Company (Removing and Reinstalling street lights in connection with Main Street reconstruction) - $1,016.12

Article 52. A motion to raise and appropriate the sum of $14,000.00 for the purpose of extending the water mains in School Street between the corner of North Street and Wight Street failed to pass as shown by the following vote:

Voted in favor of passage	112
Voted against passage	193

Final disposition of this article was not determined at 10:45 P.M. at which time it was voted to adjourn to 7:30 P.M. on March 16, 1967 at this same Amos Clark Kingsbury School.

ADJOURNED ANNUAL TOWN MEETING

March 16, 1967

The meeting was called to order by the Moderator at 7:30 P.M. in the Amos Clark Kingsbury School and the following action was taken on the articles as shown:

An official quorum count was taken prior to the start of the meeting which showed that 256 voters were present, thus meeting the By-Law requirements.

As final action of Article 52 was left unfinished at the close of the previous meeting a motion was made to reconsider this article, but it failed to pass as shown by the following vote:

Voted for passage	187
Voted against passage	141

Article 52. Voted that this article be dismissed.

Article 53. Voted that this article be dismissed wherein the purchase and installation of about 220 feet of water pipe in Wight Street was sought.

Article 54. Voted that the sum of $5,800.00 be raised and appropriated for the purchase and installation of water pipes in Green Street for approximately five hundred and eighty(580) feet from the end of the existing water line to the intersection of Green Street and Cypress Street, together with the necessary fittings and appurtenances hereto, and all under the provisions of the Water Betterment Act, so called.

Article 55. Voted that this article be dismissed wherein a sum of money was proposed for the purchase and installation of about 1,400 feet of water pipe in West Mill and West Streets.

Article 56. Voted that the sum of $1,000.00 be raised and appropriated for the purchase and installation of water pipes in Maplewood Drive for a distance of approximately 80 feet, together with the necessary fittings and appurtenances thereto, and that special assessments be levied in accordance with Section 42G, 42H and 42I of Chapter 40 of the Massachusetts General Laws.

Article 57. Voted to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise in behalf of the Town for water supply purposes, an easement for the installation and maintenance of water supply pipes on the southwesterly side of Philip Street running through lands now or formerly of Charles and Maurine G. Kenny as

is shown on a plan entitled "Plan of Easement to be acquired by the Town of Medfield, Mass." dated November 21, 1966 drawn by Cheney Engineering Co., Inc., Needham, Mass. Scale 1" = 20' on file with the Water and Sewerage Board.

Voted in favor of passage	– 155
Voted against passage	– 16

Article 58. Voted unanimously to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise, in behalf of the Town for water supply purposes, an easement for the installation and maintenance of water supply pipes in a strip of land 40 feet in width and running through lands now or formerly of Charles and Maurine G. Kenny and land now or formerly of Roger E. Hardy, said strip running from Foundry Street to Nebo Street, all as is shown on a plan entitled "Plan of Easement to be acquired by the Town of Medfield, Mass." dated June 15, 1966, drawn by Cheney Engineering Co., Inc., Needham, Mass. Scale 1" = 20' on file with the Water and Sewerage Board.

Article 59. Voted that this article be dismissed wherein the sum of $5,600.00 was sought for the purchase and installation of about 650 feet of water pipe in Hartford Street.

At the previous meeting of March 15th it was voted first to consider Article 49 prior to Article 48 but later it was voted to table Article 49 and postpone action on Article 48 until the next adjounred Town Meeting.

At this time it was voted to take action on Article 49 which had been tabled previously.

Article 49. Voted that the sum of $4,000.00 be raised and appropriated for the purchase of a set of Assessors' Plans for the use of the Board of Assessors.

Article 48. Boted that the sum of $21,000.00 be raised and appropriated for the use of the Board of Assessors in securing expert appraisals of taxable real estate.

Article 60. Voted that the name be changed of that portion of the public way known as Fairview Road northerly from Station 13 – 22 as shown on a plan entitled "Acceptance Plan of Fairview Road, Medfield,

Mass." by Cheney Engineering Co. dated November 21, 1964 on file with the Board of Selectmen, to Fieldstone Drive.

Article 61. Voted that the sum of $1,100.00 be raised and appropriated for the purpose of providing recreation for the physically and mentally handicapped.

A motion that Article 48 be reconsidered failed to pass.

Article 62. Voted to have the Town cover certain elected or appointed officers under the Workmen's Compensation Act as provided in Section 69 of Chapter 152 of the General Laws of Massachusetts as amended by Chapter 401 of the Acts of 1966.

Articles 63, 64 and 65 were acted on previously at the meeting of March 15, 1967.

Article 66. Voted that the sum of $250.00 be raised and appropriated for the purpose of improving the Baker's Pond area.

Article 67. Voted that the sum of $500.00 be raised and appropriated for the purpose of installing certain capital improvements to the Town's swimming facility off Green Street.

Article 68. Voted to authorize the Park and Recreation Commission to disburse from its annual appropriation miscellaneous sums of money for entry fees, the purchase of prizes, and awards, and the like in connection with the participation of groups sponsored by the Commission in meets, contests and competitions both within and without the confines of the Town of Medfield.

Article 69. Voted that this article be dismissed wherein a sum of money was sought for the purchase of vacant land adjacent to the land presently owned by the Town of Medfield and used in conjunction with the Swimming Pond.

NOTE: Due to the closeness of the number of voters present to the number required by the Quorum By-Law, official counts of 273 prior to voting on Article 70 were taken by the tellers.

Prior to the vote on Article 70, a motion to dismiss said article failed to carry.

Article 70. Voted to revise the Zoning Map, Medfield, Mass. dated April 9, 1938 and revised December 31, 1965 so that:

the industrial area shown on said map lying north of Main Street and east and west of Brook Street and the industrial area shown on said map lying south of Main Street, east and west of the New York, New Haven and Hartford Railroad at Park Street shall be designated as Industrial Intensive (I-I) and that;

the industrial area shown on said map lying north and south of West Mill Street and north of West Street shall be designated as Industrial Extensive (I-E).

and to see if the Town will vote to amend the Zoning By-Law for the Town of Medfield, Massachusetts adopted April 21, 1938, as amended, by changing Section VIII Area Regulations (not applicable to apartment house lots) as follows:

1. **Rear Yards.** Second sentence to now read: "In a business district no dwelling shall be built within twenty feet of a rear lot line."

2. **Side Yards.** Third sentence to now read: "In any district except in an Industrial District no building shall be built within six feet of any lot line unless there is a party wall."

3. **Front Yards.** Second sentence to now read: "In a "B" residence district no buildings shall be built within twenty feet of the street line and no building of accessory use or farm or poultry farm building other than a dwelling or roadside stand shall be built within sixty feet of the street line, provided that no building need be set back more than twenty per cent of the depth of the lot nor more than the average of the setbacks of the buildings on the lots next thereto on either side, a vacant lot or a lot occupied by a building set back more than twenty feet being counted as though occupied by a building set back twenty feet."

and by changing Section V Industrial District Uses to read as follows: Section V, Industrial Classes of Districts: Industrial Intensive (I-I) and Industrial Extensive (I-E).

1. **General**

(a) In an Industrial District no building or premises shall be erected, altered or used for dwelling purposes, or for any purpose injurious, noxious or offensive to a neighborhood by reason of the emission of odor, fumes, dust, smoke, vibration, noise or other cause.

(b) No vehicular access to an industrial district shall be over land that is not zoned industrial. Vehicular access to an industrial district shall be over a public way. New public ways will be constructed in accordance with the latest Rules and Regulations for the Subdivision of Land in the Town of Medfield, Mass.

2. **Use Regulations**

(a) No building, structure or land shall be used, in whole or in part for any purposes in an industrial district other than as set forth under Section V 2b, Permitted Uses.

(b) In the following Table of Use Regulations, Permitted Uses shall be designated by the word (Yes). Those uses that may be permitted by special permit in this district and in accordance with Section 9 shall be designated by the letters (SP). Uses designated by (No) shall not be permitted in the district.

(c) Table of Use Regulation that immediately follows is declared to be part of this By-Law.

TABLE OF USE REGULATION

Use	I-I	I-E
COMMUNITY FACILITIES		
1. Church or other religious purpose	Yes	Yes

e. Motor vehicles and motor vehicle equipment	SP	Yes
f. Transportation equipment	SP	Yes
g. Other durable goods	SP	SP
h. Food and kindred products	SP	SP
i. Textile and mill products	SP	SP
j. Apparel and other fabricated textile products	SP	SP
k. Printing, publishing and allied industries	SP	Yes
l. Chemicals and allied products	SP	SP
m. Other nondurable goods	SP	SP
4. Railroads and railway express service	Yes	Yes
5. Trucking service and warehousing	SP	Yes
6. Other transportation services (taxicabs)	Yes	Yes
7. Wholesale trade	Yes	Yes

3. **Area, Height and Bulk Regulations**

(a) The regulation for this district pertaining to minimum lot area, minimum lot width, minimum lot depth, maximum height of buildings, maximum number of stories, maximum floor area ratio, maximum usable open space, minimum front yard depth, minimum side yard width, minimum rear yard depth shall be as specified in this section and set forth in the following Table of Area Regulations and Height and Bulk Regulations, and subject to the further provisions of this section.

TABLE OF AREA REGULATIONS

(Numbers refer to attached notes)

District	Use	Minimum Required Lots (1) Area (Sq. Ft.)	Width (Ft.)	Depth (Ft).
I-I	Any permitted structure or principal use	12,000	100	100

Yards (2 thru 6)		
Front (Ft.)	Side (Ft.)	Rear (Ft.)
15	12	12

District	Use	Minimum Required Lots (1) Area (Ft. 2)	Width (Ft.)	Depth (Ft.)

I-E	Any permitted structure or permitted use	1 acre	200		200
			Yards (2 thru 6)		
		Front (Ft.)	Side (Ft.)		Rear (Ft.)
		25	25		25

NOTES:

1. Except for planned developments, community facilities and public utilities (see Section 9) only one principal structure shall be permitted on one lot. Principal structures, so limited shall be completed unobstructed in view from the street, except for vegetation and permitted accessory signs.

2. A corner lot shall have minimum street yards with depths which shall be the same as the required front yard depths for the adjoining lots.

3. At each end of a through lot, there shall be a setback depth required which is equal to the front yard depth required for the district in which each street frontage is located.

4. No building shall be within 10 feet of any water course or wet land area or, if subject to flooding, 10 feet from its flood line.

5. Projections into required yards, or other required open spaces are permitted subject to the following:

(a) Balcony or bay window limited in total length to one-half the length of the building, not more than two feet.

(b) Open terrace or steps or stoop under 4 feet in height up to one-half the required yard setback.

(c) Steps or stoop over 4 feet in height, window sill, belt course, chimney, roof eave, fire escape, fire tower, storm enclosure or similar architectural features, not more than 2 feet.

6. Screening and buffers shall be required in any Industrial District as follows: In an Industrial-Intensive (I-I) District, there shall be a landscaped buffer strip along each boundary which adjoins a residential district. This strip shall be at least 10 feet in width and shall contain a screen of plantings in the center of the strip not less than 5 feet in width and 6 feet in height at the time of occupancy of any lot. Individual bushes or trees shall be planted not more than 3 feet on centers, and shall

thereafter be maintained by the owner or occupants so as to maintain a dense screen year-round. One hundred percent of the plantings shall consist of evergreens. No building shall be placed within this buffer strip.

In an Industrial-Extensive (I-E) District, there shall be a landscaped buffer strip along each boundary which adjoins a residential district. This strip shall be at least 150 feet in width, and shall be portioned as follows:

(a) The portion of such buffer strip within one hundred (100) feet of the district boundary line shall be used only for, and maintained as, a planting area for lawns, trees, shrubs, or other landscape materials to provide a park-like area of separation between the districts.

(b) The remaining fifty (50) feet of space may be used for off-street parking or other permitted open uses, but shall not contain any permanent structure.

Table of Height and Bulk Regulations (Nos. refer to attached notes)

District	Max. Hgt. (ft.) 1, 2	Permitted Height (Stories)	Fl. Area Ratio incl. Access. Bldgs. to Total Area of Lot	Min. Usable Green Space %	Min. Residential Net Fl. Area (Sq. Ft.)
I-I	(See Appendix G,		0.75	10	Not permitted
	(				
I-E	(Bldg. Code. Town of		0.50	20	Not permitted
	(Medfield, Mass.				

NOTES:

1. Maximum height permitted in this By-Law shall be subject to the restrictions of the Medfield Building Code and shall not apply to:

(a) Necessary appurtenant structures such as: church spire, belfry, cupola, dome, smokestack, monument, derrick, conveyer, flagpole, radio or television tower, mast, antenna, aerial, airplane hangar, roof tank, building service equipment, roof structures other than a penthouse, chimney or parapet wall, or any similar appurtenance provided: any such structure shall set back from the vertical plane of the required set-back building line 1 foot horizontally for each 2 feet of extra height.

(b) Special industrial structures such as: a cooling tower, grain elevator, sugar refinery, gas holder or other similar structure where the industrial process requires a greater height, provided: any such structure shall not occupy more than 15 percent of the lot area; and shall be not less than 50 feet from any lot line.

2. A fence, hedge, wall, or other enclosure may be maintained on a corner lot provided: it shall not obstruct visual clearance at intersecting streets by being between 3 1/2 feet and 10 feet above the grade within the triangular area formed by the intersection of the curb lines and a straight line joining said curb lines at points which are 25 feet distance from the point of intersection of said curb lines. Where curbs do not exist the lines shall be where such curb would be required if built.

4. **Signs**

(a) In an Industrial Intensive (I-I) district, the following exterior signs and no others are permitted:

(1) One sign for each fifty (50) feet, or fraction thereof, of lot frontage on the principal street, or for each separate and distinct establishment on the premises, provided that the aggregate area of all such signs shall not exceed one hundred (100) square feet for each said unit of frontage. In an Industrial Intensive (I-I) district no such signs shall be located nearer to the street line than the permitted setback distance for a building on the same lot.

(b) In an Industrial-Extensive (I-E) district the following exterior signs and no other are permitted:

(1) One sign for each one hundred (100) feet, or fraction thereof, of lot frontage on the principal street, provided that the aggregate area of all such signs shall not exceed one hundred square feet for each unit of frontage. No such sign shall be located nearer to the street line than the permitted setback distance for a building on the same lot.

(c) In both the Industrial Intensive (I-I) and the Industrial Extensive (I-E), no exterior sign shall have a height greater than the highest point on the roof of the main building to which it pertains, or greater than twenty-five (25) feet above the mean grade of the curb of the principal frontage street, whichever is highest.

(d) In both the Industrial Intensive (I-I) and the Industrial Extensive (I-E), no exterior sign, and no interior sign readily visible from the exterior of a building, shall be illuminated by other than a steady light (with no flashing or other interruption). No exterior sign shall be rotated, oscillated, or otherwise regularly moved, or shall be designed to turn or flutter in the wind, or shall in any way be other than stationary.

(e) For the purpose of this Section, an exterior sign is any structure or part thereof located outside of a building, or any device attached to or printed or represented on the exterior of a building or structure (including, but not limited to display signs) which shall display or include any letter, word, model, banner, flag, pennant, insignia, device or other representation used as, or which is in the nature of, an announcement, direction or advertisement. Where a sign consists of individual letters, insignia or other individual representations, the area of the sign shall be considered to be that of the smallest rectangle which encompasses all of said letters, insignia or other representations.

(f) Notwithstanding any of the foregoing, exterior signs which indicate necessary directions only (such as "entrance," "exit," or "parking") or are required for safety purposes, shall be exempt from the provisions of this Section, provided that each such sign has an area of not over two (2) square feet and is unlighted, or illuminated only by steady white light. Posters (including price tags) which are attached to merchandise lawfully displayed shall also be exempt, provided that each such poster has an area of not over one (1) square foot.

5. **Shielding of Lights**

(a) In Industrial-Intensive (I-I) and Industrial-Extensive (I-E) Districts, all lights and other sources of illumination (whether interior or exterior) and all intense light emanating from operation or equipment (such as from an acetylene torch) shall be shielded from direct view at normal eye level from streets and Residential Districts. Any existing light sources not conforming to the provision of this Section shall be properly shielded (or otherwise removed) within one (1) year of the effective date hereof.

6. **Off-Street Parking**

In the Industrial-Intensive (I-I) and the Industrial-Extensive (I-E) Districts, there shall be provided and maintained

improved off-street automobile parking spaces in connection with the erection, establishment or increase by units or dimensions of buildings, structures and use, in at least the following minimum amounts:

(a) One parking space for each one thousand (1,000) square feet of gross floor area on all floors.

(b) An off-street parking space shall be defined as an area of not less than 200 square feet, plus access and maneuvering space; for the exclusive use as a parking stall for one motor vehicle. For this By-Law a parking space shall be 10 feet wide by 20 feet long.

(c) Off-street parking spaces required hereunder shall be provided either on the same premises with the parking generator, or on any premises, associated therewith; provided, however, that the walking distance between the farthest point of the parking area and the main pedestrian entrance to the building or use in question shall not exceed five hundred (500) feet, except that in the case of parking space for employees only, the distance may be increased to eight hundred (800) feet.

(d) No off-street parking shall be allowed within the setback requirements for the front, side and rear yards of either industrial district.

(e) Where required parking spaces are provided away from the lot on which the use, other structure, or lot they are intended to serve is located, such space shall be in the same possession, either by deed, or long-term lease, as the property occupied by the use, structure or lot to which the parking spaces are accessory.

(f) No off-street parking accessory to an industrial area shall be permitted within a residential district.

7. **Streets, Curbings and Sidewalks**

In areas defined as industrial, construction and layout of all new streets, curbings and sidewalks shall conform to the rules and regulations governing the subdivision of land in the Town of Medfield, Mass., as amended to date.

8. **Non-Conforming Uses**

(a) Except as expressly provided herein, any lawful building, structure ,or use of a building, structure or land existing on the effective date of this By-Law or any amendment thereto which does not conform to the provisions thereof may be continued unless and until abandoned. However, a non-conforming use shall not be changed (except to a conforming use) nor extended, and a non-conforming building or structure shall not be structurally altered, enlarged or reconstructed except as hereinafter set forth. For the purposes of this Section, a non-conforming use which has been discontinued for more than twelve consecutive months shall be deemed to have been abandoned.

(b) The Board of Appeals may authorize by special permit a non-conforming use of a building, structure or land to be changed to a specified use not substantially different in character or in its effect on the vicinity. Said Board may also authorize by special permit a non-conforming use of a building, structure, or land to be extended, or a building devoted to a non-conforming use to be structurally altered or enlarged, providing that such extension, alteration or enlargement (i) will not have a materially adverse effect on the value of land and building in the neighborhood or on the amenities thereof, or be detrimental to the normal use of adjacent property, and (ii) will not be injurious or dangerous to the public health, or hazardous because of traffic congestion or other reasons.

9. **Special Permit — Industrial District**

(a) Certain uses are designated in Section V Industrial Classes of Districts; Industrial Intensive (I-I) and Industrial Extensive (I-E) sub-section 2 (b) by special permit and designated by the letters (SP) in the Table of Use Regulations. Those uses that require a special permit shall come under the jurisdiction of the Board of Appeals and shall be approved by them.

(b) Upon application duly made to the Appeal Board, the Appeal Board may, in appropriate cases and subject to appropriate conditions and safeguards, grant a special permit for such uses and no others.

(c) In acting upon an application for a special permit, the Appeal Board shall take into consideration whether: the specific site is an appropriate location for the use or structure;

the adequacy of public sewerage and water facilities, or the suitability of soils for on-lot sewerage and water systems; the use developed will adversely affect the neighborhood; there will be undue nuisance or serious hazard to vehicles or pedestrians; and adequate and appropriate facilities will be provided to ensure the proper operation of the proposed use, structure or condition. The Board of Appeals shall authorize such special permit only when it finds that, in view of these considerations, such exception is consistent with the spirit of this By-Law.

10. For the industrial use of any lot in any Industrial District, the proposed use shall not emit any smoke of a shade darker than No. 2 on the Ringelman Smoke Chart, as published by the U.S. Bureau of Mines; no air pollution particle concentrations shall exceed 0.3 grains per cubic foot; all inflammable or radioactive liquids shall be stored underground; the discharge of water shall be into a public sewer or the system subject to the written approval of the Massachusetts Department of Public Health; vibration shall not exceed the safe range of Table 7, U.S. Bureau of Mines, Bulletin No. 442; no sky reflected glare shall be permitted; and further provided that all materials shall be stored within a completely enclosed building.

184 voted for passage of article
48 voted against passage of article

Article 71. Voted that the Town adopt the following By-Law:

STREET NUMBERING BY-LAW

Street numbers shall be provided for each dwelling and each business, industrial, and other building in the Town of Medfield by the owner of such structures by ninety (90) days after approval by the Attorney General in accordance with the following:

1. The numbers shall be made of permanent, weatherproof material, shall be at least three (3) inches in height and shall be clearly visible from the the street or roadway upon which the dwelling or building fronts.

2. The numbers shall be placed on each structure or on a suitable support near the main entrance to the structure so as to be visible from the street.

3. The numbers shall be those assigned to each structure in accordance with the street numbering survey completed by the Board of Selectmen on file in the office of the Town Clerk.

4. It shall be the responsibility of each property owner in the town to obtain a number assigned to his affected structure or structures within three (3) months of the effective date of this By-law.

5. This By-law shall be enforced by the Board of Selectmen of the Town of Medfield either directly or through an inspector to be appointed by them. Failure to comply with this By-law shall subject the offending property owner to a fine not exceeding ten (10) dollars.

Voted to adjourn the meeting at 10:45 p.m. to March 27, 1967 at 7:30 p.m. in this same Amos Clark Kingsbury School.

ADJOURNED ANNUAL TOWN MEETING
March 27, 1967

The meeting was called to order by the Moderator at 7:30 p.m., in the Amos Clark Kingsbury School and the following action was taken on the remaining articles:

An official quorum count was taken prior to the start of the meeting and showed that 272 voters were present, thus meeting the By-Law requirements.

Article 72. Voted to dismiss this article wherein adoption of Chapter 121, Section 26K of the General Laws (Ter.Ed.) relative to the establishment of a Housing Authority was proposed.

For dismissal	– 157
Against dismissal	— 84

Article 73. Voted that this article be dismissed wherein it was proposed to amend the Zoning By-Law and Zoning Map by removing seven certain parcels of land described in the warrant from the provisions of Section II "AA" Residence District Uses and placing them under the provisions of Section V., Industrial District Uses.

Article 74. Voted that this article be dismissed wherein it was proposed to amend the Zoning By-Law and Zoning Map by removing two certain parcels of land hereinafter described from the provisions of Section II "AA" Residence Uses and placing them under the provisions of Section V Industrial District Uses.

Parcel H. containing about 16 acres bounded by West Mill Street, etc. and

Parcel I. containing about 1.1 acre bounded by Harding Street, etc., both parcels of land are shown on a plan entitled "Marvin-Rogers Park" Proposed Zoning Plan of Land in Medfield, Mass., copies of which are on file in the offices of the Board of Selectmen and the Planning Board.

Article 75. Prior to action on this article a motion was made to reconsider Article 70, but it failed to carry as shown by the following:

68 voted for reconsideration
158 voted against reconsideration

At this time it was voted to pass the following Resolution:

"We publicly urge that the Planning Board consider the new Zoning laws as their number one assignment for 1967, with their main goal being the correction of any inequities caused by this law. With this in mind we, your Selectmen, will call for a Town Meeting whenever the Planning Board informs us that they are prepared to bring forth to the Town any revisions in this law."

Article 75. Voted that this article be dismissed wherein it was suggested that a committee be appointed to make a study of pedestrian safety and sidewalks.

Article 76. Voted that the sum of $1,000.00 be raised and appropriated for the purpose of surfacing the drives in the Vine Lake Cemetery.

Article 77. Voted that the sum of $500.00 be raised and appropriated for the purpose of surveying and laying out that section of Vine Lake Cemetery at Bridge and Dale Streets.

Article 78. Voted to authorize the Moderator to appoint a committee of five (5) members and authorize it to make arrangements and to spend money appropriated under Article 3 for the observance of Memorial Day.

Article 79. Voted that this article be dismissed wherein a sum of money to be used for the reduction of the 1967 tax rate was sought from Free Cash in the Town Treasury.

Article 80. Voted to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care,viz:

Edward W. Band Lot	$100.00
Robert Alexander Lot	150.00
George E. Crowell Lot	100.00
George Lemnler Lot	100.00
James E. McKinnon Lot	150.00
Francis Scribner Lot	50.00
Theodore G. Suereth Lot	100.00
Joseph Tammero Lot	100.00

Voted that the meeting be dissolved at 9:14 p.m.

A true copy attest: CHARLES W. KEIRSTEAD
Town Clerk

TOWN WARRANT
COMMONWEALTH OF MASSACHUSETTS

Norfolk,ss.

To either of the Constables of the Town of Medfield, in said County, greeting:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs, to meet at the Dale Street School in said Medfield, on Monday, the 13th day of November A.D. 1967 at 7:30 p.m. then and there to act on the following articles:

Article 1. To see if the Town will vote to instruct the Selectmen to petition the Norfolk County Commissioners to lay out a proposed new Route 27 starting in the vicinity of Pine Grove Road on Spring Street in a northwesterly direction to Hospital Road in the vicinity of the grade crossing of the New York, New Haven and Hartford railroad, or do or act anything in relation thereto.

(Board of Selectmen)

Article 2. To see if the Town will authorize the Board of Selectmen to use a parcel of land now owned by the Town fronting on the southerly side of Dale Street for Town Garage purposes, said parcel extending from a point approximately 90 feet easterly of Adams Street to a point approximately 285 feet easterly of Adams Street and thence southerly approximately 195 feet, or do or act anything in relation thereto.

(Town Garage Committee)

Article 3. To see if the Town will vote to authorize the Board of Selectmen to acquire in behalf of the Town for Town Garage purposes, by purchase, taking by eminent domain or otherwise, approximately 3.5 acres

of that parcel of land now or formerly owned by Atlantic Brick Company on the westerly side of Grove Street and shown on the Assessors' Plans as Lot 888 and to see what sums of money the Town will vote to raise and appropriate and/or borrow and/or transfer from available funds to defray the cost of such acquisition or take any action relative thereto.

(Town Garage Committee)

Article 4. To see if the Town will vote to authorize the Board of Selectmen to appoint a committee to enter into and execute any and all manner of contracts in behalf of the Town of Medfield, in connection with the construction of a Town Garage, and to see what sum of money the Town will vote to raise and appropriate borrow or transfer from available funds for the purposes of this article, or take any other action relative thereto.

(Town Garage Committee)

Article 5. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purchase and installation of water pipes in Grove Street for approximately 1,100 feet from the end of the present existing water line to the intersection of Grove and West Streets and for approximately 800 feet westerly in West Street, together with the necessary fittings and appurtenances thereto, and all under the provisions of the Water Betterment Act, so-called, or take any action relative thereto.

(Water & Sewerage Board and Board of Selectmen)

Article 6. To see what sums of money the Town will vote to raise and appropriate, borrow or transfer from available funds for the purchase and installation of water pipes in West Mill Street for approximately 1,400 feet from the end of the present water line to the intersection of West Mill Street and West Street and for approximately 800 feet westerly in West Street, together with the necessary fittings and appurtenances thereto and all under the provisions of the Water Betterment Act, so-called, or take any other action relative thereto.

(Water & Sewerage Board and Board of Selectmen)

Article 7. To see what sum of money the Town will vote to raise and appropriate, borrow and/or transfer from available funds for the purpose of purchasing, housing and installing all necessary equipment for chlorinating the effluent from the sewage treatment plant, or do or act anything in relation thereto.

(Water and Sewerage Board)

Article 8. To see if the Town will vote to accept and appropriate a sum of money to be disbursed by the Trustees of the Public Library for the

purchase of books as a memorial to the late James K. Johnson, Jr., said money being contributions received by the Friends of the Memorial Public Library in his memory, or take any action relative thereto.

(Trustees of the Public Library)

Article 9. To see if the Town will vote to transfer to the Memorial Public Library of Medfield the sum of One Thousand Five Hundred Five and 25/100 Dollars (1505.25) received from the Commonwealth of Massachusetts under the provisions of Chapter 760, Acts of 1960, as amended, an Act providing state aid to cities and towns for free public libraries, or take any other action relative thereto.

(Trustees of Memorial Public Library)

Article 10. To see what sum on money the Town will vote to raise and appropriate, borrow or transfer from existing funds, to be spent by the Board of Trustees of the Public Library for the renovation and remodeling of a portion of the Memorial Public Library at Main and Pleasant Streets, or take any other action relative thereto.

(Board of Trustees of the Memorial Public Library)

Article 11. To see if the Town will vote to raise and appropriate, borrow or transfer from available funds a sum of money for the purpose of acquiring preliminary plans, final plans, working drawings and specifications for a new elementary school to be constructed on the Elm Street school site, said sum of money to be disbursed by the School Planning and Building Committee for that purpose, or take any other action relative thereto.

(School Planning and Building Comm.)

Article 12. To see if the Town will vote to transfer from the jurisdiction of the School Committee to the jurisdiction of the Board of Selectmen the custody and control of that parcel of land containing 1920 square feet shown as Lot 6A on a plan entitled "Plan of Land in Medfield, Mass," dated May 17, 1967, by Cheney Engineering Co., Inc., Needham, Mass., or take any action in relation thereto.

(School Planning and Building Comm.)

Article 13. To see if the Town will vote to authorize the Selectmen to convey the parcel of land designated in the previous article to Frank W. Mead and Martha L. Mead in exchange for that parcel of land containing 1920 square feet shown as Lot 5A on the same plan as set out in the previous article, or take any action in relation thereto.

(School Planning and Building Comm.)

Article 14. To see if the Town will vote to accept the grant of the Lot 5A referred to in the preceeding article from Frank W. Mead and Martha L. Mead for school purposes, to be under the jurisdiction and control of the School Committee, or take any action in relation thereto.

(School Planning and Building Comm.)

Article 15. To see if the Town will vote to raise and appropriate the sum of $15,000.00 for the reconstruction of a section of Green Street in 1968 and to authorize the Selectmen to acquire by eminent domain or otherwise all easements as may be necessary or do or act anything in relation thereto.

(Board of Selectmen)

Article 16. To see if the Town will vote to raise and appropriate the sum of $5,000.00 for the reconstruction of a section of Granite Street in 1968 and to authorize the Selectmen to acquire by eminent domain or otherwise all easements as may be necessary or do or act anything in relation thereto.

(Board of Selectmen)

Article 17. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Ninety-nine Dollars and Thirty-five cents ($99.35) for the purpose of paying land damages arising from the relocation of Hospital Road, or do or act anything in relation thereto.

(Board of Selectmen)

Article 18. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Twelve Thousand and Sixty Dollars and Sixteen Cents ($12,060.16) for the purpose of paying land damages arising from the relocation of Philip Street, or do or act anything in relation thereto.

(Board of Selectmen)

Article 19. To see what sum of money the Town will vote to raise and appropriate, transfer and/or borrow for the purchase and installation of traffic and pedestrian control signals at the intersection of Spring and Main Streets, at the intersection of Main Street and the property of the New York, New Haven and Hartford Railroad, at the intersection of North Main, and Pleasant Streets, and at the intersection of South and Main Streets, and for the synchronization of all of them with existing traffic control lights and with each other, or do or act anything in relation thereto.

(Board of Selectmen)

Article 20. To see if the Town will vote under Massachusetts General Laws (Ter. Ed.) Chapter 121, Section 26K, as amended, to establish a Housing Authority and in that connection to make any and all determinations and declarations deemed necessary or desirable, and take any action in relation thereto.

(Housing for the Ederly Committee)

Article 21. To see if the Town will vote to change the name of a certain public way known as New Way to Henderson Way, or take any action relative thereto.

(Board of Selectmen)

Article 22. To see if the Town will vote to raise and appropriate the sum of Two Hundred and Fifty Dollars ($250.00) for the purpose of providing photo indentificaion cards for certain Town officials and employees, or do or act anything in relation thereto.

(Board of Selectmen)

Article 23. To see if the Town will vote to transfer a sum of money from the Town Hall Payroll Account to the Town Hall Other Expenses Account, or do or act anything in relation thereto.

(Board of Selectmen)

Article 24. To see if the Town will vote to accept the following named sums as Perpetual Trust Funds for the care of Lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz.:

Bohumil Beran Lot	$ 50.00
Henry C. Bridge Lot	200.00
Allison T. Carr Lot	150.00
Herbert G. Ferran Lot	150.00
Charles & Mary McDoanld Lot	100.00
Russell E. Nilson Lot	200.00
Fred C. Spicer Lot	50.00
Martin Sweeney Lot	100.00
Ellen Wood Lot	100.00

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this third day of November A.D. nineteen hundred and sixty-seven.

AUSTIN C. BUCHANAN
JOHN J. O'KEEFE
WALTER FRANK
Selectmen of Medfield

A true copy attest:

CHARLES W. KEIRSTEAD
Town Clerk

G. NINA IAFOLLA
Constable of Medfield

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss. Medfield, Massachusetts
November 6, 1967 – 9:30 am.

By virtue of this warrant I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections to meet at the time and for the purpose named by posting attested copies of said warrant in not less than five public places in the Town at least seven days before the time of holding the meeting.

G. NINA IAFOLLA
Constable of Medfield

SPECIAL TOWN MEETING
November 13, 1967

Pursuant to the foregoing warrant the meeting was called to order by the Moderator at 7:30 p.m. at the Dale Street School and after reading the warrant notice and Constables' return, action was taken on the articles as follows:

Article 1. Voted to instruct the Selectmen to petition the Norfolk County Commissioners to lay out a proposed new Route 27 starting in the vicinity of Pine Grove Road on Spring Street in a northwesterly direction to Hospital Road in the vicinity of the grade crossing of the New York, New Haven and Hartford Railroad.

Voted for passage of Article 221.
Voted against passage of Article 200

Article 2. Voted that this article be dismissed wherein use of a parcel of land owned by the Town on the southerly side of Dale Street for Town Garage purposes was sought by the Town Garage Committee.

Article 3. Voted that this article be dismissed wherein aequisition for Town Garage purposes of a 3.5 acre parcel of land owned by the Atlantic Brick Company on the westerly side of Grove Street was sought by the Town Garage Committee.

Article 4. Voted that this article be dismissed wherein appointment of a Town Garage Committee was suggested.

Article 5. Voted that this article be dismissed wherein a sum of money was wanted for the installation of water pipes in Grove Street for about 1,100 feet from the end of the present existing water line to the intersection of Grove and West Streets and for about 800 feet westerly in West Street.

Article 6. Voted that this article be dismissed wherein a sum of money was wanted for the installation of water pipes in West Mill Street for about 1,400 feet from the end of the present water line to the intersection of West Mill Street and West Street and for about 800 feet westerly in West Street.

Article 7. Voted that the sum of $8,500.00 be transferred from the unexpended balances of the following articles:

Article 10 of the Special Town Meeting of November 30, 1964–$1,000.

WARRANT

For

TOWN OF MEDFIELD

ANNUAL TOWN MEETING

1968

TOWN OF MEDFIELD
WARRANT FOR ANNUAL TOWN MEETING
COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs to meet at the Memorial School, in said Medfield, on Monday, the fourth of March A.D. 1968, at 6:00 A.M., then and there to act on the following articles:

ARTICLE 1. To choose all Town Officers required to be elected annually by ballot, viz:

One Moderator, One Town Clerk, One Selectman, all for one year.

One Selectman, One Assessor, One Collector of Taxes, Two Trustees of the Public Library, Two Members of the School Committee, One Member of the Board of Health, One Cemetery Commissioner, One Member of the Water and Sewerage Board, Two Members of the Park Commission, One Member of the Board of Public Welfare, and Three Constables, all for three years.

One Member of the Planning Board for five years.

QUESTIONS OF PUBLIC POLICY

An amendment to Chapter 32-B, General Laws, adding Section 9C.

A town may provide for such payment if a majority of the votes cast in answer to the following question which shall be printed on the official ballot to be used at an election in said town is in the affirmative:

An act providing that a local governmental unit may pay one-half the cost of a premium and the full amount of an additonal rate for group health insurance for the widow and children of a fire fighter who was killed or who died from injuries received in the performance of his duty.

"Shall the town pay one-half of a premium for group health insurance for the surviving widow and dependents of an insured fire fighter who was killed or who died from injuries received in the performance of his

duty, with the survivor paying the remaining one-half, and shall the town also pay a subsidiary or additional rate?"

YES ☐
NO ☐

An amendment to Chapter 32-B, Adding Section 9D, General Laws.

A town may provide for such payment if a majority of the votes cast in answer to the following question on the official ballot to be used at an election in said town is in the affirmative:

An act authorizing certain political subdivisions of the Commonwealth to contribute one-half of the cost of certain premiums of health insurance of the surviving spouse of insured active or retired employees.

"Shall the town pay one-half of the premium costs payable by the surviving spouse of an employee or retired employee for group general or blanket hospital, surgical, medical and other health insurance?"

YES ☐
NO ☐

An amendment to Chapter 32-B, General Laws, adding Section 11 D.

A town may provide for such payment if a majority of the votes cast in answer to the following question which shall be printed on the official ballot to be used at an election in said town is in the affirmative:

An Act providing that a local governmental unit may pay one half the cost of a premium and the full amount of an additional rate for group accidental death insurance for policemen and firemen who are killed or who die from injuries received in the performance of their duties.

"Shall the town pay one half of a premium for group accidental death insurance for policemen and firemen who are killed or who die from accidental injuries received in the performance of their duties with such employee paying the remaining one half, and shall the town also pay a subsidiary or additional rate?"

YES ☐
NO ☐

The polls will be opened at 6:00 A.M. and shall be closed at 8:00 o'clock P.M.

On Monday, the eleventh day of March A.D. 1968 commencing at 7:30 P.M., the following articles will be acted on at the Amos Clark Kingsbury School Gymnasium in said Medfield, viz:

ARTICLE 2. To see if the Town will vote to accept the reports of the several Town Officers for the past year.

ARTICLE 3. To see if the Town will vote to raise and appropriate and/or transfer such sums of money as may be necessary to defray the following departmental and other expenses of the Town for the ensuing year, and to fix the salary and compensation of all elected officers of the Town as provided for in Section 108, Chapter 41 of the General Laws.

(Park & Recreation Commission)

ARTICLE 48. To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from available funds in the Treasury for the pupose of installing certain capital improvements to the Town's swimming facility off Green Street. or take any other action relative thereto.
(Park & Recreation Commission)

ARTICLE 49. To see if the Town will authorize the Park and Recreation Commission to disburse from its annual appropriation miscellaneous sums of money for entry fees, the purchase of prizes, and awards, and the like in connection with the participation of groups sponsored by the Commission in meets, contests, and competitions both within and without the confines of the Town of Medfield, or take any action relative thereto.
(Park & Recreation Commission)

ARTICLE 50. To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from available funds in the Treasury for the purpose of purchasing vacant land adjacent to the land presently owned by the Town of Medfield and use in conjunction with the Conservation Program and the Swimming Pond, or take any other action relative thereto.

ARTICLE 51. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds for the purpose of hiring a person or persons under the direction of the Park & Recreation Commission to act as a recreational coordinator and/or playground director, or take any other action relative thereto. (Park & Recreation Commission)

ARTICLE 52. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds for the purpose of hiring employees under the direction of the Park & Recreation Commission to act as playground personnel, or take any other action relative thereto.
(Park & Recreation Commission)

ARTICLE 53. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds for the purpose of purchasing playground equipment under the direction of the Park & Recreation Commission, or take any other action relative thereto. (Park & Recreation Commission)

ARTICLE 54. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds for the purpose of reconstructing an existing ball field adjacent to the present Little League field at the location of Metacomet Park for use as a Town softball field, or take any action relative thereto.
(Park & Recreation Commission)

ARTICLE 55. To see if the Town will vote to declare that an Industrial Development Financing Authority is needed in the Town of Medfield and that (1) unemployment or the threat there-

of exists in the Town of Medfield, or (2) security against future unemployment and lack of business opportunity is required in the Town, and that unemployment or the threat thereof can be alleviated or the security against future unemployment and lack of business opportunity can be provided, by attracting new industry to the Town or substantially expanding industry in the Town through an industrial development project or projects financed under Chapter 772 of the Acts of 1967, (Note: In determining the need for such an Authority the Town shall take into consideration its ability to adjust to any expected increase in the demand for municipal facilities and services as a result of the expected increase in employment and business activities from such industrial development), or take any action relative thereto. (Board of Selectmen)

ARTICLE 56. To see if the Town will vote to raise and appropriate and/or transfer from available funds and/or borrow a sum of money for the purpose of a soil survey analysis, or do or take any other action in relation thereto.
(Conservation Comm., Master Plan Implemen. Comm. & Plann. Bd.)

ARTICLE 57. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of $225.00 for the purchase of a wide carriage standard typewriter for the Town Clerk's Department, or do or take anything in relation thereto. (Town Clerk)

ARTICLE 58. To see what sum the Town will vote to raise and appropriate or transfer from available funds for the use of the Board of Assessors in the purchase of a set of Assessors' Plans of the Town of Medfield, or do or act anything in relation thereto. (Board of Assessors)

ARTICLE 59. To see if the Town will vote to raise and appropriate the sum of $500.00, such sum to be used for re-surfacing the drives in Vine Lake Cemetery or do or act anything in relation thereto. (Cemetery Commissioners)

ARTICLE 60. To see if the Town will vote to authorize the Board of Assessors to use a sum of money from Free Cash in the Treasury for the reduction of the 1968 Tax Rate, or do or act anything in relation thereto. (Board of Assessors)

ARTICLE 61. To see if the Town will vote to authorize the Moderator to appoint a committee of five(5) members and autho-

rize it to make arrangements and to spend money appropriated under Article 3 for the observance of Memorial Day.

(Board of Selectmen)

ARTICLE 62. To see if the Town will vote to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz:

Vincenzo Dalo Lot	$100.00
James Dawson Lot	100.00
Edward Dornig Lot	100.00
Owen Getchell Lot	100.00
Clarence Palady Lot	100.00
Earl Rhodes Lot	100.00
Albert Tuttle Lot	100.00

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforsaid.

Given under our hands this sixth day of February A.D., Nineteen Hundred and Sixty-eight.

AUSTIN C. BUCHANAN

WALTER M. FRANK

DEPARTMENTAL

REPORTS

FOR THE YEAR ENDING DECEMBER 31, 1968

ANNUAL REPORT OF THE BOARD OF SELECTMEN

On January 23, 1968, the Board regretfully accepted the resignation of Selectman John J. O'Keefe due to a business transfer, and it was voted that Selectman Frank replace Mr. O'Keefe as Clerk of the Board.

The Board paid tribute to retiring member Austin C. Buchanan, who served as a Selectman with great distinction for nine years.

On March 5, 1968, the Board reorganized as follows: Walter M. Frank, Chairman; Harry A. Kelleher, Clerk; and Lawrence E. Abar, third member.

While the Town's tax rate was reduced in 1968, most property tax bills were nevertheless higher. This was due to a property revaluation upward for equalization purposes and to create additional revenue to cover the greater costs of operating a larger town with the necessary services. Unfortunately, such additional revenues, contributed almost solely by the resident property owners, could not keep pace with the higher costs.

The Selectmen are requesting at the 1969 Annual Town Meeting the appointment of a Town Government Study Committee. Our present growth with its corresponding demand for services requires additional personnel, equipment, and changes in administrative methods. We are hopeful that if approved, this committee will give us the necessary direction to meet the new municipal demands of today and tomorrow.

The Selectmen requested that the Master Plan Implementation Committee take on the duties of formulating and following up a Capital Outlay Program. An affirmative and enthusiastic response was received.

Welfare, in the last half of 1968, highlighted an immediate problem with various drastic future fiscal implications. In July of 1968, by legislative decree, the welfare program was taken from local supervision and returned to centrally located State offices. Coincidentally, at about the same time the public throughout the Commonwealth became aware of the vast benefits of the Medicaid Program which had been adopted by a previous executive order of Governor Volpe. Abuses and far too liberal eligibility benefits created a very serious financial problem and burden on the entire Commonwealth. As a result, all of the cities and towns are expecting that increased burdens will be reflected back to them due to reduced distribution of money usually made available by the Commonwealth through Local Aid Funds. Our Governor and our Legislature must make immediate moves to correct the serious deficiencies in the Program. We are confident they will do so. As your Selectmen, we will keep ourselves actively interested.

1968 saw .26 mile added to the public ways of the Town, making a total of 54.21 miles.

Stage two of the Green Street project was completed in 1968 and consisted of installing 1200 feet of drainage and the reconstruction of 800 feet of the street at a cost of $14,990. Stage three involves the elimination of a combined vertical and horizontal curve near Summer Street that presently provides visibility far below the minimal. In order to provide a properly designed street, a relocation of Green Street either side of Summer Street will be required. Stage three is proposed for 1969.

In 1968, $17,345. was expended for installing 1900 feet of drainage in Granite Street and an easement off its southerly side. 1500 feet was roughed out as far as Station 17. A small amount of additional drainage is proposed for installation in 1969 and the completion of this section of the street.

1600 feet of Main Street (Route 109) between Bridge Street and the Millis town line was resurfaced under the Chapter 81 State Aid Account. Main Street between the Millis town line and Hartford Street is a minimum of thirty feet wide and is in good condition. The 3500 feet between Hartford street and the Dover town line is only 24 feet wide and the surface is in poor condition; attention to this section of Route 109 will be required in the future.

During 1968, the Massachusetts Department of Public Works assigned several survey crews to the relocation of Route 27. A baseline has been presented to the County and the Town. In response to a letter of inquiry from the Board of Selectmen, the District Engineer has informed the Selectmen that the project possibly can be scheduled for advertisement for bids some time in 1969.

The sum of $7,839.06 is available as the Town's share of Chapter 616 of the Acts of 1967 for certain highway purposes or traffic signals. The Board of Selectmen have applied for and received approval from the Massachusetts Department of Public Works for the use of the funds for traffic signals at South Street and Main Street. Installation of traffic signals must be justified and the pedestrian traffic in the area warrants the installation of signals.

The installation of signals at the North and Main Street intersection will be done under the provisions of Chapter 515 of the Acts of 1967, whereby the State pays 75% of the costs. Bids were opened in November and have been forwarded to the Massachusetts Department of Public Works in accordance with a special procedure prior to making the award to the low bidder.

A substantial beginning was made in 1968 to establish a sidewalk building and maintenance program, the first in the modern history of the Town. The program will gradually increase pedestrian safety and will furnish eventually a network of sidewalks and paths from the Town center and the schools to the numerous subdivisions and growth areas. At the present time, we have sidewalks on both sides of the approximately 13 miles of subdivision roads or approximately 135,000 lineal feet. On 40.55 miles of other town roads, we have less than 5% with sidewalks on either side. Obviously for safety and for school bus economy, we must start a regular and efficient program which will eventually help alleviate these two serious problems in relation to safety and economy. The Townspeople will have the opportunity to vote on the first phase of this program at the 1969 Annual Town Meeting.

The Selectmen and other town boards held their first hearing under the Hatch Act, a recent State law aimed at protecting the rivers and flood plains from overflowing and to protect our water supplies from pollution. Although the Town Boards were unanimous in their opinions to prevent the development of certain sections of a new subdivision, the State Department of Natural Resources overruled the Town's objections and granted permission to develop the land, as they felt the provisions of the Hatch Act were not being violated.

On Monday, March 18, 1968, the Selectmen declared that a State of Emergency existed in the Town, due to a 7-inch rainfall which caused severe flooding. The situation involved the health and safety of persons and property in the Town and all necessary steps were taken to alleviate the dangers, and protect the citizenry. The Director of Civil Defense and the several departments of the Town were notified. Feeder streams to the Charles and Neponset Rivers peaked late on Monday, but the Charles did not start to recede until Thursday afternoon. By Sunday, March 24th, all detours were removed. The Fire Department assisted residents by pumping cellars. The Selectmen wish to thank the Civil Defense Director and the Town Departments for maintaining health and safety throughout the emergency. Periodic floods such as that of March 18th demonstrate the need of and responsibility for establishing flood plains for the protection of individual home owners and the public.

The most serious result of the flood was the loss of Brastow's Bridge. For some time the Selectmen of Millis and Medfield have been concerned with the condition of this bridge, located on Bridge Street. Some years ago, in reply to a request for an examination by the Bridge Division, the Chief Engineer of the Massachusetts Department of Public

Works advised the two towns to restrict the vehicles using the bridge to a maximum of 6 tons. Again in March of 1968, following the flood, the Selectmen of the two towns requested another examination and were advised to close the bridge. Under a special State program for participation in substandard bridges, a new bridge will be started in 1969. Opening of a new bridge on a new site will restore the former traffic pattern and remove traffic from residential areas.

As an actively participating member community in the Metropolitan Area Planning Council, we were delighted to see that Medfield is recognized as being an important part of the Boston Regional Area Planning. The M.A.P.C. has recently voted a River and Open Space Program which recommends that the State, through the Division of Natural Resources, eventually acquire approximately 2,000 acres of land in the Noon Hill and Charles River area for preservation as a State Park for outdoor recreation purposes. We will be following closely the development of this recommendation of a major State plan for Medfield.

The Selectmen were recorded in favor of the relocation of Elm Street from South Street to the Walpole Town line and North Street from School Street to the Dover Town Line which were the subject of hearings held in Dedham by the Norfolk County Commissioners in September. The Selectmen petitioned for the relocation of Elm Street when the Town purchased land for school building sites in the area, in order to accommodate the traffic that would use this narrow street. The original layout was made in 1652. Only one objection was voiced, this regarding the loss of some trees which would probably be taken care of in the awards or on relocation of the street. North Street relocation was petitioned following a resolution at a town meeting in 1962, instructing the Selectmen to petition for this relocation, as the 1922 layout is only 40 feet in width. This is inadequate for the construction of a street to meet existing and projected traffic requirements. Objections were voiced by almost all of the people living in the area, expressing concern for probable speeding up of the traffic and aesthetic beauty being marred. There is very poor and dangerous vertical alignment and a new layout would provide for correction. North Street is designated as a Federal Secondary Street and if the Town has a layout that satisfies Federal specifications, there is a possibility of Federal participation for the costs of reconstruction.

In the past year, the Selectmen have diligently pursued the request of our previous Board of Selectmen to the New England Fire Insurance Rating Association to affect reconsideration of the grading of our Town fire protection facilities. At the present time, we are classified by the National

Board of Fire Underwriters as a seventh class municipal protection, and a class "D" for dwelling protection. We feel strongly that we are entitled to the better grading of sixth class National Board of Fire Underwriters and a "C" class for dwelling protection for the following reasons, all being improvements since we were last graded in 1959: a greatly improved volunteer Fire Department led by Chief Walter F. Reynolds; the new Fire Station; new equipment and fire trucks; maintenance of a yearly program for installation of new fire alarm boxes throughout the Town; a vast improvement in the water service for fire fighting purposes with the building, installation and pressing into service of new well No. 3; an enlarged Police Force, providing better equipment and greatly improved police coverage in this area; and improved building codes and zoning by-laws. The field resurvey work by the Rating Board has now been completed. While the final results are not yet known, the Fire Chief and the Selectmen are hopefully confident that our grading will be improved.

Consideration has been given by the Board of Selectmen to the town's relationship with the Massachusetts Bay Transportation Authority. Under existing State law, we participate in a portion of the deficit incurred annually by the Authority, but receive no visible benefits from this participation. The Board agrees that suburban towns such as ours must participate in and aid the total development of the entire Metropolitan area. Core city problems do now, and will continue to have an effect on the future of the Town. A major problem in any Metropolitan area is mass transportation and the M.B.T.A. was created to provide required services at a reasonable cost, or in fact at a controllable deficit. This obligation, we feel, has not been met, nor do we have any assurance that it will be met in the foreseeable future. It is, therefore, our intention to exert every influence possible, even the threat of withdrawal, (this requires approval of the General Court) to direct the Authority to fulfill the purposes for which it was created..

We have installed a new Town well which will pump 1,250,000 gallons per day which more than equals the present capacity of wells No. 1 and No. 2. This should carry us satisfactorily for a number of years in relation to demands. During the course of the year, we experienced a problem with well No. 2 when numerous citizens reported sand in their water. The problem first presented itself in 1967. Since that time and after one annual and two special town meetings, funds were granted in September to surge well No. 2. Close to $3,000. has been expended for this

project alone and well No. 2 is now free from sand. Nevertheless sand is still present in the mains and the next phase will be to flush all hydrants in the Spring when water can no longer freeze, thus avoiding creation of safety hazards. When flushing is completed, we hope that most of the sand will be eliminated from the system. However, at the special town meeting when the article was discussed it was pointed out that even after improvements to the well, it would probably take several years for the sand to clear entirely out of our system. The Water Department is striving constantly to correct this problem.

On January 4, 1968, the Civil Service Commission advised the Board that its action in discharging Allan A. Kingsbury from his position as Chief of Police in October 1967 was justified and affirmed. The decision was appealed to Boston Municipal Court which held a hearing on the appeal. At the year end, no decision on the appeal had been announced by that Court. On February 6, 1968, the Selectmen voted to request the temporary transfer of Sergeant E. Nina Iafolla as Acting Police Chief to provide a head of the department for proper functioning. The transfer was approved by the Division of Civil Service on February 29, 1968. On February 20, 1968, the Selectmen voted to request approval of the temporary transfer of Patrolman William H. Mann as Acting Sergeant to maintain the efficiency of the department while the incumbent performed the duties of the Chief, which was approved by the Division of Civil Service on March 26, 1968. John T. Garvey, Jr. and George F. Knehr were appointed permanent patrolmen during the latter part of 1968.

In March, a meeting was held by the Board with all interested town officials invited, and including Representative Charles W. Long and Richard G. Connors, representing Senator John M. Quinlan, to discuss the possibility of the Commonwealth disposing of some of its land at the State Hospital. The further possibility had been advanced by Mr. William F. Rogers, a member of the Planning Board, that Medfield might be in a position to acquire a portion of this land for Town use. At year end the Board was awaiting word from the Commonwealth and engineers conducting surveys, as to which areas might be available and lend themselves most logically to acquisition by the Town. Such acquisition necessarily would be preceded by legislation. All those present at the aforementioned meeting were in favor of acquiring such land if it became available.

In April, the Board unanimously nominated Mr. O. Scott Fader, Chairman of the Park & Recreation Commission, for consideration as recipient of the Distinguished Citizen Award, given annually by the Massachusetts Selectmen's Association. Much to the pleasure of all, Mr.

Fader was later given the award and statewide recognition for his outstanding work in conservation and with the youth of the Town in leading them in their creation of a Youth Center and Recreation Building at the old North Street School.

The Selectmen bestowed honorary citizenship on Esen Arkis, an American Field Service exchange student from Turkey, who made his home here in Medfield this past year. He was presented the "Key to Medfield."

The Board requested Representative Charles W. Long and Senator John M. Quinlan, both of whose districts include Medfield, to file legislation advancing the payment of State Aid on school construction to the date of completion of schools, as against the present method which calls for equal payments over the life of bond issues. At present borrowing rates, the Board contended, the interest cost on a school bond issue constitutes virtually half again as much as the cost of the school, an exceptionally heavy burden on the already overburdened property taxpayer. In December, Senate Bill No. 541 had been filed by Senator John M. Quinlan. This bill speaks directly to this problem.

A representative of the Board joined with other Town officials in attending a Drug Abuse Workshop at Stonehill College, primarily in response to concern in Medfield over what appeared to be an increased involvement in drug abuse in the Town. At year end the Board was aware of an excellent approach to the problem being pursued by the School system. In addition, the representative of the Board of Selectmen had arranged several meetings of the young people of various churches in Medfield who were addressed on the subject by Mr. B.H. Ross, Coordinator of Health Education of the Department of Public Health of the Commonwealth. Plans called for additional meetings early in 1969 of all those officials who attended the Work Shop.

The General Laws of Massachusetts were changed to permit collective bargaining by municipal employees for the purposes of wages, working conditions and benefits. This year, the Medfield Police League presented itself to the Board of Selectmen as the authorized agents for the Medfield Police Department for the purposes of collective bargaining. The Selectmen decided to recognize the agent and enter into negotiations for a contract. It was agreed that a negotiating team comprised of one member each from the Board of Selectmen, Personnel Board and Finance Committee would represent the Town for the purpose of these negotiations. Meetings have been held between the parties and it is anticipated that by Town

Meeting in 1969, details of a contract will be available and money matters, if any, will be presented to the Town for their final approval.

The remaining work on the first floor of the Town Hall was completed with the retiling of the Selectmen's Office and Police Station. Noteworthy was the help of the Superintendent of Streets and men from his department who assisted by rebuilding entirely the understructure of the floor before the tile was installed. In addition, new concrete steps were installed and a portion of sidewalk was rebuilt, in front and to the side of the building. Bids were prepared for the installation of modern acoustical hung ceilings, including recessed lighting and a limited amount of paneling in the upstairs of the Town Hall. The work should be completed in early 1969, and there is the hope that further work involving improved heating and ventilation, and the creation of functional office spaces will be accomplished as phase three of this Town Hall improvement program. The needs for additional space by the Town departments become greater from year to year.

The Selectmen wish to thank their Secretary, the Office Staff, Town Counsel, the departments of the Town, and all Boards, Inspectors and other individuals, elected or appointed, for their splendid cooperation during the past year. Remembered also are all those who so kindly volunteered their help and advice.

While attending to the daily and weekly administrative needs of our Town affairs, the Selectmen are constantly looking ahead. We are participating and attending many conferences, meetings and study seminars conducted at the Federal, State, Regional, County and local government levels. The interest, feelings, and problems of our Town are being conscientiously reported to all authorities. After attending to immediate problems, we believe our next most important function is to lead a planned, orderly growth of the Town into the future, a growth which will retain all the characteristics that the citizens desire, and still be fiscally realistic.

Respectfully submitted,

WALTER M. FRANK, Chairman
HARRY A. KELLEHER, Clerk
LAWRENCE E. ABAR
Board of Selectmen

REPORT OF THE PLANNING BOARD

To the Honorable Board of Selectmen:

We hereby submit our annual report for the year ending December 31, 1968.

MEETINGS

The Planning Board held regular meetings once a week at the Town Hall.

In addition to regular meetings, the board members held work sessions to finish revising sections of the Zoning By-laws and the Zoning Map. During the year there were meetings with the Board of Selectmen, Board of Health, Water and Sewer Board, and other boards and committees.

Saturday inspections were made by the board members, sometimes with Superintendent of Streets, William E. McCarthy, present, to view the areas proposed for new subdivisions and to check street construction and drainage in subdivisions under development.

SUBDIVISIONS

Ten subdivisions were active during 1968. We include a table showing subdivision lots approved for building, number of lots released during the year for building and the number of lots remaining for building in each subdivision. The table runs from 1956 to present.

The following portions of streets within the subdivisions were recommended to the Board of Selectmen for acceptance:

Blacksmith Drive – Station 11 + 74.92 to Station 13 + 38.56
Stagecoach Road – Station 14 + 75 to end of the turnaround
Cypress Street – Station 0 + 00 to Station 12 + 25.51

OTHER MATTERS

The Zoning By-laws are in the process of being revised for future vote by the Town Meeting.

The board had several meetings with other town boards on the subject of sanitary waste disposal and with the Norfolk Conservation District and other town boards to initiate a study of the drainage problems in two subdivisions bordering on State Hospital land.

A study was begun of factors affecting the needs and prospects for the Central Business District with the Master Plan Implementation Committee. The firm of Metcalf & Eddy, which prepared our Master Plan, has

been retained to make this study.

Other agencies providing information and assistance during the year were Massachusetts Department of Natural Resources, Massachusetts Department of Commerce and Development, Metropolitan Area Planning Council, the U.S. Army Corps of Engineers and the Norfolk Conservation District.

These agencies and the Planning Board predict continued physical growth and increased population density for Medfield. To "let nature take its course" under these circumstances will certainly create complex and costly problems. To anticipate and cope with the problems will require increased cooperation, planning, and action in the following areas:

Better use of industrially zoned land.
Proper land use to avoid hazards of floods, water pollution, on-lot sanitary waste disposal trouble, expensive errors in the location of highways, buildings, sewers and water pipes.
Orderly growth so that municipal services can be extended on a sound financial basis.

To accomplish these goals some new planning tools are needed, such as revised zoning, a detailed soil survey, the creation of the position of town engineer, a federally-funded sewer study and the support of citizens of these items at this time.

We wish to express our thanks for the cooperation and assistance of the many citizens, town officials and builders with whom we have worked during the year.

Requests for information and appointments may be obtained through Mrs. John C. Willis, 14 Hearthstone Drive, Medfield, Planning Board Assistant.

Respectfully submitted,

MEDFIELD PLANNING BOARD

John F. Bradstreet, Chairman
Burgess P. Standley, Vice Chairman
Chrysie E. Kirsch, Secretary
William F. Rogers, Jr.

REPORT OF THE BUILDING CODE COMMITTEE

To the Honorable Board of Selectmen and
Residents of the Town of Medfield

The Building Code Committee held regular meetings on the Second Monday of each month, beginning at 7:15 P.M. in the Selectmen's office at the Town Hall. During the year, Carl J. Mellea was appointed as an Associate Member of the committee by the Board of Selectmen. Mr. Mellea was one of the original members of the committee which compiled the present building code for the town.

During 1968, the Building Code Committee continued to work closely with town selectmen, officials, and other organizations in the interpretation of the Medfield Building Code.

It was determined necessary that one inspection card for each building be signed by all inspectors and returned to the office of the Building Inspector upon completion of all work.

The Supreme Judicial Court has ruled that a town can lawfully require a building permit for the erection of a school on land owned by it, and also require the payment of a fee in obtaining such a permit since a contractor includes this fee in his bid.

Discussions and recommendations by the Committee were held on percolation tests that are performed in June, July, and August and the possibility of an extra 25% increase on tests taken during this time.

An increase in permit fees was recommended and authorized at the annual town meeting. Approved by the Attorney General, the increase involves repairs and alterations as follows: "no fee for a minimum of $250 for repairs and alterations not involving structural changes; over $250, the fee shall be $6.50 up to $1,000 or any fraction thereof; and $1 for each $1,000 or fraction thereof of estimated cost.

Additional meetings were held for building code interpretation of trusses, aluminum sidings, waterproofing foundations, apartment buildings, plaster over boilers, chimneys, church zoning, corner bracing, violations, pool fencing and special purpose buildings.

The Building Code Committee voted to review the entire Building Code during 1969 and make recommendations at a future date.

Respectfully submitted,
HERBERT B. BURR, Chairman
BENJAMIN GREELY, Vice Chairman
GEORGE T. JONES, Clerk
Chief WALTER J. REYNOLDS
NICHOLAS LAVERGHETTA
CARL J. MELLEA, Associate Member

REPORT OF THE BOARD OF HEALTH

To the Honorable Board of Selectmen:

The Board of Health met regularly the first and third Monday of each month, with additional meetings held with the Board of Selectmen, Planning Board, Finance Committee, Personnel Board and Town Counsel. Special meetings were also attended with the Norfolk County Conservation Commission and State Department of Public Health, as well as an emergency meeting with other town departments regarding pollution during the March flood conditions.

The following licenses were issued during the year: Food Service Establishments, Mobile Catering, Ice Cream Manufacturing, Funeral Home Catering, Transportation of Effluent, Temporary Food Sale and Service, and a permit for the keeping of two ponies.

The garbage contract was renewed with F.J. Cassidy of Medway with collections scheduled for once a week during winter months and twice during the summer.

The Board adopted a new set of rules and regulations covering Sewage Disposal Systems, and is compiling general regulations covering all phases of the Board of Health. New fees were established for on-site sewage permits, commercial rubbish collections. All sub-divisions in Medfield were checked by the Board of Health before approval of preliminary and definitive plans.

A hearing was held regarding animal control with reference to horses, sheep, poultry, etc., with many interested citizens attending. Regulations are still under discussion, and it is hoped that new controls will be finalized in 1969.

The Board's sanitation officer, Charles W. Pierce, Jr., of Newton, made the following inspections during the year:

	No. of Inspections
Services to eating places	33
Services to other food establishments	19
Eating utensil examinations	84
Inspection school cafeterias	8
Mobile Canteen	2
Housing problems investigated	5
Private sewage disposal investigations	3
Polluted water investigations from sewage, etc.	23
Town pond water tests	6
Other complaints	4
Samples of water to laboratory	10
Nursing Home inspections	2
Conferences with Board of Health	18
Conferences with Town Officials	8

Visits to sub-divisions	1
Visits to town well	1
Court appearances	1

All food service establishments, restaurants, and school cafeterias were inspected for compliance of sanitary standards and safe methods in storing, preparing and dispensing foods. Food markets and bakeries were also inspected to insure the safe handling and storage of food products, as well as to inusre sanitary conditions on the premises.

Laboratory analysis of multi-use eating and drinking utensils was conducted to establish whether compliance with standards for cleaning and disinfection of utensils was obtained.

Weekly inspections of the swimming pond beach and collection of water samples for analysis was obtained and investigations of environmental nuisance complaints were made and steps taken to have them abated.

The total mileage involved in the duties of the sanitation officer amounted to 1,307 miles.

The sanitary inspector for on-site sewage systems, Edward W. Callow made a total of 310 inspections during the year, and issued a total of 162 Board of Health Permits. Permit fees collected amounted to $1,365.

The Visiting Nurse Association under Mrs. Porter Whitney, R.N., made a total of 601 visits covering 79 cases in 1968. Three Immunization Clinics were held involving 321 patients, and 7 physical therapy visits were made. The Board of Health wishes to thank Mrs. Whitney and her staff for their cooperation during the year.

Infectious diseases reported by physicians to the Board included 1 case of mumps, 3 Salmonella, 6 Scarlet Fever, 1 German Measles, 3 Chicken Pox and 1 Infectious Hepatitis.

The Board of Health is responsible for the condition of the Town Dump as it affects the public health. Due to the fine cooperation of the highway department and fire department as well as the Custodian, the dump has been maintained at a high level of cleanliness during the year. The cost of the frequent fires in the area is of great concern to these boards. The responsibility of these fires goes directly to careless residents who throw hot ashes after burning private papers and records, or toss cigarettes at the site. The Board of Health asks the cooperation of all citizens during 1969 to abstain from such careless actions while using the area.

The approximate income to the Board of Health during the year was $1,800.

The Board of Health will have an office open for the benefit of the public on Mondays and Wednesdays during the coming year.

Respectfully submitted,

DR. G.A. GAGLIANI, Chairman
GERARD F. GALLAGHER, Clerk
ARTHUR P. WALKER
Board of Health

REPORT OF THE MASTER PLAN IMPLEMENTATION COMMITTEE

Board of Selectmen
Town of Medfield

To the Honorable Board of Selectmen:

During the year 1968, the Master Plan Implementation Committee (MPIC) continued working with Town Officials to see that more of the recommendations of the Master Plan were put into effect. The following items appearing in the order as listed under "Recommended Six-Year Capital Improvements Program" on Page 46 of the Master Plan Summary were acted upon in 1968.

HIGHWAY DEPARTMENT

1. Additional Funds were voted for the reconstruction of a section of Hospital Road (Rt. 27).
2. Funds were voted to install traffic signals at the intersection of North and Main Streets.
3. Sections of both Granite and Green Streets were paved in accordance with the Street Improvement Plan.
4. Funds were voted to reconstruct a portion of Elm Street from South Street to the new Elementary School.

SCHOOL BUILDINGS

At the special town meeting in September the town voted to build a new Elementary School on Elm Street.

CONSERVATION AND RECREATION

1. The Conservation Committee continued its acquisition of land along the Charles River.
2. Additional land adjacent to the swimming pond was acquired.

LIBRARY

Funds were voted for refurbishing and redecoration of the current library.

WATER AND SEWERS

Discussions were held with various town departments and outside engineers to determine how the town might best study the needs of additional town sewerage and a larger sewage treatment plant.

The following items recommended by the Master Plan were presented before the Town Meeting but not accepted by the town.

1. Having a complete soil survey of the town.
2. A committee to study pedestrian safety and sidewalks was dissolved.

In addition, during the fall the MPIC compiled an inventory of uncommitted land for the Planning Board.

Respectfully submitted,
JOSEPH C. DONNELLY, Jr., Chairman
PAUL HURD, Vice Chairman
GRACE P. RITCHIE, Secretary
JOHN V. CRACKNELL

Class 1 and 2	16
MISCELLANEOUS	691

POLICE SCHOOL AND TRAINING

The law now provides that every officer appointed on a full-time permanent basis must, within six (6) months after his appointment, attend an approved Police Training School. During 1968, no one attended this school because officers John T. Garvey and George F. Knehr were not appointed until late Fall of this same year.

Commencing in February, officers John T. Garvey and George F. Knehr will attend the State Police Academy in Framingham for six weeks. This course will cover all fields of study concerning law enforcement. This will also give the officers a better understanding of Police techniques, court procedure and evidence.

During 1969, I intend to send three more officers to an approved training school. This will enable the officers to give the Town much better protection with the knowledge which they acquire.

This year, as in the past, I will stress that all officers should attend lectures, conferences and seminars to keep abreast of modern Police techniques. Since I have already received an affirmative answer in this regard, I am sure that all monies budgeted for this purpose will be used to good advantage.

TRAFFIC AND PERSONNEL

Traffic continues to be one of our greatest problems and is worsening each year on Route 109 and Route 27. At the present time it is estimated that 25,000 vehicles travel through the center of town each day. The traffic lights which will be installed in the Spring will control the flow of traffic through the town, and will help pedestrians cross Main and North Streets without any difficulty. This will enable an officer to be utilized at other locations during the daytime hours.

I am recommending that we add one more police officer to the Police Department this year, and again next year until we have a force of thirteen (13) officers. The constant growth of the Town, the need to keep adequate records, the need to assign one officer to an investigation until it is completed certainly warrants additional men. We have had in the past year an increase in breaking and entering crimes, crimes committed by juveniles, motor vehicle violations and many requests by citizens of Medfield for assistance. Without an adequate force, these services cannot be performed, and traffic and its speed cannot be controlled on the arterial and secondary ways throughout the town.

FEMALE TRAFFIC SUPERVISORS

During the latter part of 1968, the Police Department and the School Department worked together with regard to pedestrian traffic counts at Main Street and Robert Sproul Road. As a result of these counts, we felt it was necessary for the safety of the children to station a traffic supervisor at this crosswalk. At the present time Mrs. Mary Nyren has been assigned to protect all persons using this crosswalk. This brought our complement to eight (8) Female Traffic Supervisors.

It is anticipated that in 1969 we will require two (2) more traffic supervisors to assist children crossing at the intersection of Elm Street and South Street entrance to the new Elementary School, and possibly one at the intersection of Route 27 and South Street Extension. This will be determined atter a traffic and pedestrian count has been conducted both in the morning and afternoon.

On behalf of the Police Officers, Female Traffic Supervisors and Auxiliary Police, I wish to extend my sincerest thanks to the state and local officials, department heads and citizens of the Town of Medfield for their cooperation in keeping this community a safe one in which to live.

Respectfully submitted,
E. NINA IAFOLLA
Acting Chief

REPORT OF THE ANIMAL INSPECTOR

To the Honorable Board of Selectmen:

Following is my report, as Animal Inspector, for the year ending December 31, 1968.

Thirty (30) dogs and one (1) cat alleged to have bitten people were quarantined for a period of ten days. When these animals were checked in ten days, none of them showed any evidences of rabies.

Twenty-seven (27) stables used as shelters for horses, sheep, goat, beef cattle, or swine were examined for general cleanliness, water supply, and sufficient light. The premises were also checked for approved animal husbandry practices.

For the annual inspection, a total of 71 horses, 6 beef cattle, 19 sheep, 1 goat, 13 ponies, and 8 swine were inspected for and appeared to be free from any communicable diseases.

Respectfully submitted,
RICHARD A. ELLSWORTH, Jr.
Animal Inspector

REPORT OF INSPECTOR OF GASFITTING

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report as Inspector of Gasfitting for the year ending December 31, 1968.

Number of permits issued	170
Inspections by gas inspector	222
Inspections by Acting Inspector	18
Total Fees collected	$1,390.00
Monies Expended	$1,264.80

I wish to thank the town officials, people at the Town Hall, and the other inspectors for their help and cooperation during the year.

Respectfully submitted,
WALTER R. NYE
Gas Inspector

REPORT OF OPERATION OF TOWN AMBULANCE

To the Honorable Board of Selectmen:

I hereby submit the Annual Report for the Operation and Maintenance of the Town of Medfield Ambulance for the year ending December 31, 1968:

Ambulance made 167 trips in 1968.	
Budget Expended in 1968	$3,215.13
Total Amount Billed for 1968 trips	2,725.00
Outstanding Bills for 1968	777.00
Outstanding Bills for 1967	390.00
Outstanding Bills for 1966	446.00
Outstanding Bills for 1965	426.00
Outstanding Bills for 1964–1960	748.00
Total Outstanding Bills	$2,787.00

New regulations were imposed by the advent of a State Hospital Facilities Division. Our ambulance was certified July 8, 1968. This meant additional regulations to be followed, as well as supplies and equipment to be purchased by the Town. We therefore received additional funds by a transfer from the reserve fund during the year to comply with the new regulations. Additional duties were required of the ambulance serviceman. He is now paid according to the number of runs. It is important to note that the Town would be subject to a $500.00 fine if the new regulations were not followed, and Medicare bills would not be honored by Blue Cross. You will note that ambulance runs totaled 167 in 1968 as opposed to 119 in 1967.

Respectfully submitted,
HELEN B. WILLS

REPORT OF THE CIVIL DEFENSE DEPARTMENT

To: The Honorable Board of Selectmen

The Public Shelter program has progressed satisfactorily with marking and stocking to provide shelter spaces for forty per-cent of the Town's population in public buildings. The home survey conducted throughout the State by the Federal Government will point up additional shelter spaces and so advise the individual homeowners concerned. These facts are not available to the public but will take the strain off of present public shelter facilities.

Our Auxiliary Police have been active on many special assignments as well as regular monthly meetings and drills. Re-organization late in the year has put emphasis upon the interest and ability of the individual to carry out the responsibilities of this office in time of emergency. An intensified training program under the direction of Captain Varnum is of great benefit to the department and its membership.

Surplus Property Program continues to benefit all town departments. Purchases through this program for small warehouse charges saves the town thousands of dollars on tools, supplies and equipment.

The Emergency Truck has responded to all night fire alarms and accidents where emergency lighting was necessary. The matching funds program received State approval but ran head on into Federal budget cutbacks. The funds for this equipment program are still available and a new application for Federal approval has been made.

I wish to thank all the Town Departments and employees for their cooperation during the year. Most especially I want to thank those who have given so unselfishly of their time and talents, for without them there would be no Civil Defense effort.

Respectfully submitted,
AUSTIN C. BUCHANAN, Director

REPORT OF INDUSTRIAL AND DEVELOPMENT COMMISSION

To the Honorable Board of Selectmen:

During 1968 your Commission spent its efforts in the following three areas:

1. Determining the total useful industrial land available with regards to the proposed Route 27 and the flood plain regulations.
2. Means of promoting the Town of Medfield and the industrial land available. Brochures and literature of other towns were reviewed and the area news media was contacted to determine the best way of promoting the property available in the Town.
3. Contact was established with the area utility companies to determine the services which could be made available to interested companies. We are pleased that one member of the Planning Board was assigned to act as contact to the Commission.

Completing work on the three points above early in 1969, the Commission will be in a position to actively promote the property available in town.

G.B. GRENZBERG, Chairman
F.W. HANNULA
J. EKSTROM
C. HAIGH
D.B. JEFFERSON, Jr.
E.C. BURGESS

ANNUAL REPORT OF THE PARK AND RECREATION COMMISSION FOR 1968

To the Honorable Board of Selectmen:

During 1968, the Commission improved and pursued the following activities.

(1) The operation and maintenance of the bathing beach along with a Red Cross swimming instruction program for the residents.
(2) The operation and maintenance of the Recreation Building in which many town organizations have met and conducted their programs and business.
(3) The operation of a Youth Center which has both social and work interests.
(4) The upkeep of Medfield's parks and other properties under its jurisdiction, as follows:
    (a) Baxter Park
    (b) Metacomet Park
    (c) Bakers Pond Area
    (d) Tennis Courts on Adams Street
    (e) Green Street Property – the location of the swimming and skating pond.
(5) The operation of a skating program.
(6) The planning and operation of a playground program.
(7) The planning of a more diversified recreation program with the hiring of a recreational Co-ordinator.
(8) The planning and installation of a Christmas lighting program.
(9) The organizing of a town beautification program.

The Park and Recreation Commission has as its Youth Representatives this year, Miss Jay Aronson, and Mr. Jeff Lee, who, it is hoped, will contribute much to the Commission. Also, present at all meetings is a representative of the Youth Center, Mr. Tom Thompson.

The swimming program achieved renewed success with a fine swim team leading the way. Accidents were kept to a minimum, and over 275 young people increased their ability in swimming techniques as they were given Certificates of Merit for their achievements. Again, the Park and Recreation Commission would like to commend its staff for a job well done.

The Medfield Recreation Building has received many improvements, most of which were made by the young people and their advisors of the Medfield Youth Center. Besides the normal improvement of painting-refinishing the floors, etc., many major tasks were undertaken. They are as follows:

Installation of new rear doors.
Landscaping the front of building.
Planting and landscaping around rear entrance.
Purchase and installation of new kitchen cabinets.
Purchase and installation of a new stove and sink.
Purchase of a new refrigerator.
Ironing out problems in the heating system.
Purchase and installation of new sump pumps.
Carpeting and furnishing front office.
Installation of stereo systems.
The displaying of Christmas lights.

It might be interesting to note that over forty organizations and committees use the building and in a single month eighty-three meetings were held at the Recreation Center, not including the Medfield Youth Center's own activities. This building still needs repair, but the use it has been given makes it one of the Town's most valuable assets.

The Medfield Youth Center Program, under its capable President, Tom Thompson, has set as its goal a social function on every Saturday night, provided it does not interfere with school activities. During the year over four hundred Medfield young people have participated in their program. Out of town young people are welcome to the dances provided they adhere to the young people's rules and regulations. There have been as many as four hundred young people present for one dance. The young people should be commended for the responsible manner in which they handled these programs. The Youth Center programs include dancing, game room activities, and social times in the lounge. They have also, on occasion, programmed a Coffee House on Sunday evenings, which proved to be successful. Again, the Park Commission commends those responsible young people of the Youth Center Staff for a successful year.

Mr. Merlon Spender was the successful bidder for the care and upkeep of our Parks. We would like, at this time, to make it clear to all the residents of the Town that he goes far beyond the contract when he assumes this work. He has always poured his heart into the care of the parks and to see our grounds in such fine condition is a tribute to his talent. In this way he contributes more than his share to our Town.

Our skating program at the Medfield Swim Pond has received its greatest success. There has been fine cooperation between Mother Nature and the supervisory staff to date and if it continues, we will have our best year of ice since the beginning of our program. Over seven hundred people have registered for the skating program and we have found over 250 people skating on a single Sunday afternoon.

For the first time the Park and Recreation Commission established a Playground program. Mr. Howard Kelly, a physical education teacher in

the Norton School system, directed the summer program that involved over 250 children. Four paid Counselors aided him and we hope that this undertaking can be continued and enhanced year to year.

This year, for the first time, the Park and Recreation Commission was given money by the town to hire a Recreation Co-ordinator whose job will be to organize and oversee a diversified young people's recreation program. Mr. Richard Cantrell, a Physical Educator in the Town of Walpole was hired and has assumed his job and is presently setting up supplementary activities not to conflict with either school or private organizations. The Commission feels that in years to come that this will be one of our most worth-while ventures.

For the first time the Town has had a worthy display of Christmas lights. With the outstanding help of Mr. Joseph Marcionette and Mr. Herbert Fernan, the Park and Recreation Commission was able to raise enough money to purchase, install, wire, and electrify ten 8-ft. Christmas displays, hung from the telephone poles in the Town's center. Many volunteer hours went into the undertaking and we wish to thank those who gave of their time. Also, we want to thank the many contributors who made it possible. Hopefully, our Town's Christmas lighting display will be enlarged in years to come.

In the Spring, the Park and Recreation Commission took the initiative and was able to get four traffic islands planted by various civic and private groups. There were many favorable comments as to how simple flower arrangements help to make the town more attractive.

With a few exceptions we omitted names and organizations that have cooperated with the numerous Park and Recreation Commission activities. Knowing that their donations of both time and talent were not given because of a desire for notoriety, and also knowing of the impractical use of space by listing them here, the Park and Recreation Commission wishes to thank all those that have participated in their Town's progress by serving in whatever capacity they have found practical.

Respectfully submitted,
Park & Recreation Commission

REPORT OF THE SLAUGHTER INSPECTOR

Board of Selectmen
Medfield, Mass.

Herewith is my report as Slaughter Inspector for 1968.
Number of pigs inspected and slaughtered – Two (2).

Very truly yours,
FRANCIS X. MAGUIRE

REPORT OF THE CEMETERY COMMISSIONERS

To the Honorable Board of Selectmen:

Gentlemen:

As Cemetery Commissioners of the Vine Lake Cemetery, we respectfully submit our report for the year ending December 31, 1968.

Further progress to hard-surface the gravel drives in Section B has been discontinued. The re-location and construction of Route 27 will have a bearing on the entrance at the Frairy–Dale street gate.

The Vine Lake Cemetery of Medfield, a vital function in the general welfare of our town, has for many years, had a basic problem which is reaching the point of being ridiculous.

We need a suitable place, free from dampness, dust and vandalism which would be available at all times to keep our records, plans and the storage of supplies and equipment.

We have studied the feasibility of our sharing space in the new "Town Garage" and feel it would be inadequate to our requirements.

We will propose, in its place, a two-stall garage-type building, with office space at the open end, this garage to be built into the bank of a location adjacent to our present tool tomb, within the cemetery grounds. This building would be of poured-concrete walls, sides and rear and a steel-reinforced roof which would be covered with earth and landscaped to its surroundings.

This could be accomplished at a relatively small cost, roughly $2,500 and would be well worth it in usefulness to the Town. We would not want to borrow for this purpose as it would only add to our over-loaded interest payments of today but prefer to accomplish our objective in two stages. We are going to ask, in a special article, for the sum of $1,500 to be used for this purpose. We would use this money to start this garage-office complex and ask for the necessary funds next year to complete the project.

Our budget for 1969 will be approximately the same in the labor account but will be higher in the machinery account. We need another rider-type mower and two small manual-type machines. These requests will be asked for in a special article.

We again wish to thank the Highway Department and its people for the assistance we have received from them. Without their co-operation it would be necessary to ask for a great deal more in our operating account, and to the Police Department for their constant patrol of the grounds.

In closing this report, we again wish to say that the curbing of vandalism can only be stopped in the homes, by parental teaching and discipline.

Respectfully submitted,
ALLISON T. CARR
WALTER F. REYNOLDS, Jr.
JOSEPH A. ROBERTS

REPORT OF THE TREE DEPARTMENT

To the Honorable Board of Selectmen:

More time was spent this past year removing deadwood from our roadside Maples than in previous years and less tiem removing dead Maples showin the rate of dying is perhaps slowing down. With corrective pruning and an assist from nature in the form of rain again this year, the rate of loss should be less. Routine program pruning was continued on other roadside shade trees. I recommend the sum of $5,800.00 be appropriated for the Care of Trees for the year 1969.

The program for planting and replacing roadside shade trees continued with the planting of forty-five (45) trees including such varieties as Columnar Maple, Pin Oak, Mt. Ash and Sweetgum. I recommend the sum of $1,000.00 be appropriated for the continuance of the Tree Planting program in 1969.

Again our number of Dutch Elm Diseased trees declined as is the pattern of every other year. By maintaining our sanitation, pruning and spraying programs we expect to keep this public nuisance under control. I recommend the sum of $2,000.00 be appropriated for the year 1969.

The Insect Pest Control program was again successful with most of our efforts directed to the control of the Elm Bark Beetle and the Elm Leaf Beetle. However, there has been evidence at several locations in town of the Gypsy Moth and it may become necessary to satrt limited control of this serious pest of twelve or fifteen years ago. I recommend the sum of $1,000.00 be appropriated for the Insect Pest Control program for 1969.

Respectfully submitted,

ELLIS N. ALLEN
Tree Warden
Superintendent of Insect
Pest Control

REPORT OF TOWN GARAGE COMMITTEE

To the Honorable Board of Selectmen:

The project of supplying building plans and site location continues on "inactive status" pending determination of final location of "new" Route 27 by State engineers. Mr. R.M. Ezequelle was appointed to this committee during this calendar year.

Respectfully submitted,
CHARLES E. GIFFORD
FOREST T. WILLS
RICHARD M. EZEQUELLE

REPORT OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report for 1968.

The past year has been an extremely busy one. Ninety-two more calls for service were received than in 1967. During the March floods, one hundred and fifty-one cellars were pumped out in a four-day period, causing the payroll account to be depleted in December when a transfer of funds was requested and granted.

The continued growth of the Town in population and the sharp increase in property valuations should be considered as a basis for my opinion that a Full-time Chief is necessary. The clerical work alone is more than a Call Chief can accomplish with inspections, Fire Prevention programs, Training programs, Permits and numerous other duties now being neglected.

During the year, four Personnel changes were necessary. Three Firefighters moved from Medfield and one resigned for health reasons. Replacements who are available in the daytime are difficult to enlist, but after considerable screening, men were found who have been very satisfactory.

Five of our men, on their own time, attended a two-day Seminar held in Walpole in September and future plans call for sending at least that number each year in order that latest techniques will be used by the Department.

The Fire Alarm System was expanded by the installation of four additional street boxes, brining the present total to eighteen, including one at each school. This program should be continued each year.

In closing, I wish to thank the Officers and Men of the Department, Police Chief, and all Police Officers, Fire Alarm Operators, and all other Town departments and Citizens who so willingly assisted us during the year.

WALTER F. REYNOLDS
Chief

REPORT OF THE PLUMBING INSPECTOR

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report as Plumbing Inspector for the year ending December 31, 1968.

Number of Permits Issued	153
Number of Inspections	351
Permit Fees	$2,462.50

I wish to thank Marie Burke, Gwendolyn Suereth, Pauline Goucher, and the other inspectors for their help and assistance.

Respectfully submitted,

J. ROGER PETRIE
Plumbing Inspector

REPORT OF THE INSPECTOR OF WIRES

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report as Inspector of Wires for the year ending December 31, 1968.

Amount received in permit fees	$2,520.00
Salaries and department expenses	2,101.46
Permits Issued	293
Inspections made	371

At this time I would like to thank Marie Burke, Gwendolyn Suereth, Pauline Goucher, the other inspectors, and departments for their help and cooperation during the year.

Respectfully submitted,

JOSEPH F. ERSKINE, Jr.
Inspector of Wires

REPORT OF THE CONSERVATION COMMISSION

To the Honorable Board of Selectmen:

Your Conservation Commission has spent the year of 1968 concentrating on the acquisition of wetlands adjacent to the rivers and streams of the town.

A gift of 2.8 acres of land bordering the Stop River was acquired from Bernice Carlson, and 26.25 acres of land belonging to William Blanchard was acquired by purchase. This land abuts the town well property on Route 109 and extends 1350 feet in a northerly direction along the banks of the Charles River. Other parcels in various areas of the town are presently in the process of acquisition. Your Commission is also finalizing all necessary state forms in order to acquire approximately 175 acres of tax-title land along both the Stop and Charles Rivers.

A communication, issued by the Norfolk Conservation District shows that Medfield, with 190.85 acres of conservation land, is ranked third in land acquisition by all towns in the Norfolk District, and preliminary plans of the Metropolitan Area Planning Council indicate that Medfield is a prime area in the Open Space Program.

Your Conservation Commission and Planning Board sponsored an article in the 1968 Town Warrant for a "Soil Survey Analysis." This article was defeated much to our disappointment. However, this article will be submitted again in 1969 in the hope that memories of last year's March flooding will be remembered. We feel a soil survey might have prevented much of this destructive flooding.

After receiving an affirmative vote at the 1968 Annual Town Meeting, all plans and specifications pertinent to the land adjacent to the swim pond have been satisfactorily submitted and accepted by the Department of Natural Resources. A "Self-Help Plan" of one-half cost subsidy will be granted to purchase these three acres known as the "Benedict Land." This will be considered conservation land but will be maintained and administered by your Park and Recreation Commission.

The Commission acquired many fine photographs of the March flooding condition in various areas of the town, and all are available to citizens upon request. Aerial photographs of the Charles River at spring flooding were exhibited by the commission in the Medfield Branch of Norfolk County Trust. This display was favorably received and proved of great interest to townspeople.

The Massachusetts "Wet Lands Bill," a great asset to the conservation and open space program, was passed by the state legislature and took effect September 26, 1968.

Daniel Hinkley has again represented our Commission and the Town of Medfield, as a member of the Board of Directors of the Charles River Watershed Association.

Charles Allen represents the Commission at the Neponset River Valley Conservation Association meetings.

A gift of $50 from the Medfield Garden Club has been gratefully acknowledged.

Our Commission is interested in forming an allied group in Medfield which will be called "Friends of Conservation." Anyone interested may contact Mrs. Charles Gifford of the Commission.

Our meetings are held regularly on the 4th Tuesday of the month at 7:30 P.M. at the Medfield Youth Center, and all interested residents are invited to attend.

Respectfully submitted,
DR. RICHARD HEILIGMANN, Chairman
MARIO PEDERZINI
CHARLES ALLEN
GEORGE DREWETT
ELLEN GIFFORD
DANIEL HINKLEY
ROBERT KINSMAN
DOROTHY KANE, Secretary

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

Total	183.10

Respectfully submitted,
GEORGE E. CROWELL
Sealer

REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen and Residents of the Town of Medfield.

The following is my annual report for the year beginning on January 1, 1968 through December 31, 1968.

I have issued a total of 257 building permits (1967 – 232) as listed below and have made a total of 632 inspections; Mr. Henry Kingsbury, Assistant Building Inspector made 68 inspections, making a grand total of 700 inspections for 1968 as against 633 inspections in 1967:

New single family dwellings	140 permits
New two-family dwellings	3
New business building (cleaning establishment)	1
New industrial warehouse building	1
New garage and welding shop	1
New elementary school	1
Additions and renovations to private dwellings	59
Additions and renovations to business and industrial property	3
Addition to church	1
Addition to private kindergarten	1
Swimming pools	6
Private stables	1

Municipal Renovations:		
Library	1	
Little League	1	
Town Hall	1	
Reshingling: Roofs and sidewalls	32	
Demolitions	4	
Total		257 permits
Total income from building permits (fees) (1967 – $3,359.00)		$ 4,368.50
Estimated construction costs of new dwellings (1967 – $1,965,000.00)		2,706,500.00
Estimated construction costs of new industrial and business buildings (1967 – none)		65,000.00
Estimated cost of new elementary school		1,430,000.00
Estimated construction costs of all types of alterations, renovations, pools, shingling, etc. (1967 – $160,314.00)		220,000.00

The duty of assigning house numbers is still the responsibility of the Building Inspector. As Enforcing Officer for Zoning, the work has tripled due to the growth and problems of the town. These complaints require considerable time, work, and expense.

After serving for many years as Assistant Building Inspector, Mr. Benjamin H. Brock retired this year due to ill health. Mr. Henry A. Kingsbury was appointed to fill his term. The passing of Mr. Brock this Fall has left a definite gap in this department as he was a loyal, energetic and civic-minded citizen of the Town.

I wish to thank the town officials, the other department inspectors, the administrative secretaries, and Mrs. Kathleen C. Conners and Mrs. Helen B. Wills for the assistance and cooperation they have rendered me during the past year.

Altogether, I have found the local and out-of-town builders to be very cooperative and more than willing to try to improve workmanship.

Respectfully submitted,

HERBERT B. BURR,
Building Inspector

REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

To the Citizens of Medfield:

Submitted herewith is the report of the Norfolk County Mosquito Control Project of its activities in the Town of Medfield for the year ending December 31, 1968.

Aerial larvicide	1,430 acres
Misting from trucks	1,540 acres
Backpack spray	40 acres
Winter pre-hatch dusting	73 acres
Drainage ditches cleaned	10,811 feet
Brush cut along ditches	800 feet
Culverts cleaned	67 culverts
Truck-mounted fog application	1,025 acres
New drainage ditch construction	125 feet
Aerial adulticide	260 acres

Respectfully submitted,
ALBERT W. HEUSER
Superintendent

REPORT OF THE VETERANS' AGENT

To the Honorable Board of Selectmen:

I hereby submit my report for Veterans' Benefits and Veterans' Services for the year ending December 31, 1968.

The population expansion in Medfield for the last few years has necessitated a greater increase in services for the Veterans and their dependents of this community. The Vietnam Conflict has also increased our Veteran population and is a factor along with Medical and Hospitalization costs in the sharp rise of financial expenditures. Our expenditures for Veterans' Services rose 100% from 1967 due to the heavy case load and spiraling medical expenses.

The following is a breakdown of Service and assistances rendered Medfield Veterans:

Veterans' Benefits:	
Applications for Ordinary Assistance	35
Benefits Administered	30

Veterans Services Assistance:	
Hospitalization	25
Education	34
Vietnam Bonuses	120
Insurance	20
Burial Allowance	15
Pension Assistance	25
Compensation	14
Civil Service	18
Vocational Rehabilitation	15
Social Security	18

This department has been frustrated to date in its efforts to commemorate our Vietnam servicemen for their dedicated service to their country. It would be appreciated if all families would continue to submit names of Medfield participants, to this office, for a future memorial in their behalf.

I wish to thank Marie Burke, all Veterans' organizational officials, town officers, and community Physicians for their assistance and cooperation this past year.

Respectfully submitted,
PHILIP J. BURR
Veterans' Agent

LIBRARIAN'S REPORT FOR THE YEAR 1968

Memorial Public Library

To the Honorable Board of Selectmen:

I hereby submit my report.

STATISTICS

New books	633 of which 191 are juvenile
New records	61 of which 18 are juvenile
New applicants	589
No. books discarded	38 fiction (sent to State Hospital)
	11 nonfiction

46 books are still out and long overdue, which we have not been able to collect regardless of overdue notices and letters from the librarian.

Overdue fines for 1968 still unpaid		$41.75
Circulation:	Adult	23,340
	Juvenile	23,136
Total		46,476

ACTIVITIES

There were no special activities this year, owing to problems connected with new construction. Even the Fall opening of Story Hour has been delayed due to conditions beyond our control. We have been operating under exceedingly trying conditions since August. Reference books in the main room have been piled on the tables wherever we could find space for them and temporary cessation of circulation of periodicals has hurt our circulation. Young adults' fiction had to be moved downstairs temporarily, which did not meet with favor with the young adults. These were only a few of the most pressing problems encountered. We did not purchase as many new books as usual, because we had no place to put them. This was the main reason why no memorial books have been purchased from the Johnson Memorial Fund. We were the recipients of a new and attractive sign for the front of the library, the gift of the "Friends of the Library".

When all construction is completed, we hope to house all our fiction, records and current magazines in the new room, which is to be called the Dailey room in honor of Granville F. Dailey who gave this library to the Town in 1917. The main room will then become a reference and study room with all the non-fiction arranged in proper order decimally. Encyclopedias will remain on the tables where they will be easily accessible to all, and particularly for use by students. The many reference books which do not circulate will have special space according to category. Back numbers of periodicals, 2–3 years back, which is as long as we can keep them owing to lack of space, will still be kept in the periodical room downstairs, but the new stairway and adequate lighting will make them more easily accessible than they have been in the past. Current year magazines, except for the latest copies on display will circulate from the new room.

We wish to express our gratitude to our friends who have contributed books, records, flowers or other favors to us, and to all our public who have been so patient with and so understanding of our problems during the construction period. We hope you will all like and enjoy our expanded quarters.

Respectfully submitted,
ETHEL G. HERSEY
Librarian

LIBRARY STAFF

Ethel G. Hersey, Librarian — Alice S. Ripley, Asst. Librarian
Frances F. Copithorne, Children's Librarian

LIBRARY AIDES

Doris Spencer	Elinor Hinkley	Marie Bergin
Ruth Justice	Helen Gattuso	Karin Nilson

Pages – Sarah and Carolyn Goucher

During the year we lost two of our aides, Mrs. Russell Nilson who moved from Medfield and Miss Dorothy Gardner who died in October. Miss Gardner had assisted with story hour from its beginning.

Custodian
Mr. Vincent Bravo

REPORT OF THE LIBRARY TRUSTEES

To the Honorable Board of Selectmen:

Improvement of Medfield's public Library facilities has progressed in 1968, following the unanimous vote by the Annual Town Meeting of $15,000 for remodeling. Owing to a steep rise in construction costs between the fall of 1967, when our professional estimator's figures were prepared, and the spring of 1968, all bids received were in excess of the allotted funds. However,we were able to award the general contract to Aliberti Brothers of Wakefield and to start construction by:

a) eliminating interior painting and the purchase of the new book stacks from the general contract.
b) increasing from $5,000, as originally planned, to $6,503 the amount to be used from unexpended interest of the Dailey Trust.
c) receiving $450 granted from the Reserve Fund by the Finance Committee.

Adding the above amounts to the $15,000 voted by the March Meeting made a total project cost of $21,953 (exclusive of painting and stacks): i.e., $18,812 to general contractor, $1,000 contingency, and $2,141 architect's fees. In September the Special Town Meeting unanimously voted $6,000 from free cash for the interior painting and the bookcases.

As of December 31, 1968, the remodeling is almost complete except for these last two items, and for the correction of a condition created in 1955 when the heating ducts for the Children's Room were installed in such a manner as to weaken the support of the main floor.

The Trustees feel that the librarians and aides should be commended for keeping the library open almost without interruption during the remodeling, despite severe space restrictions. The custodian's work has also been rendered difficult by the inevitable debris, dust, and confusion created by the construction.

In addition to the remodeling, other matters concerning the physical facilities have been dealt with in 1968. The exterior woodwork and iron railings of the building were repainted in the fall, after re-puttying of the

windows. It is hoped that this latter measure, together with tightening of the stop beads inside the window frames, will lessen drafts and reduce heating costs.

The problem of water seepage into the Children's Room, which we seemed to have overcome on the West side of the building in 1967, reappeared on the northeast corner, threatening books and floor tiles in that area. Through the efforts of Highway Superintendent William McCarthy and his men, the pipes leading from the downspouts to the northeast dry well were cleaned out on the north side, and replaced on the east side, and a new dry well dug. After two trouble-free months, the heavy November rains caused more seepage into the Children's Room. Hence, the Trustees plan to have all the windows of the library re-caulked in January, 1969, and to proceed with repointing of the bad joints of the section of the east wall north of the new addition as soon as temperature permits.

During 1968 there were two time-consuming tasks which required extra clerical help. In the preparation of an up-to-date inventory of the contents of the library for insurance purposes, Mr. Abar and Mr. Kelleher of the Selectmen gave valuable advice. The other project, in which we were aided by Town Counsel, involved the perusal of all bills paid for books from 1960 through 1967, in an effort to collect detailed data on the purchases of children's books on which the seller allegedly did not give the library a discount. This information was sent at the request of the Selectmen to the Office of the Attorney General, who has entered Medfield, along with many other cities and towns, as party to a "company suit" in Federal Court to recover triple damages under the anti-trust laws.

As all our librarians, the custodian, and some of our aides are already at the top of our present pay scale, the Trustees have requested and received approval from the Personnel Board for a moderate increase in the pay rates, and the creation of a new classification of "senior aide".

The Trustees wish to thank the Finance Board, Highway Department, Selectmen, Tree Warden's Department, Town Counsel, Town Accountant, and Personnel Board for their timely aid in solving library problems in 1968. We trust that the remodeled facilities will bring improved service and increased satisfaction to all citizens of Medfield.

Respectfully submitted,

LAURA H. SMITH, Chairman
EUGENE C. FETTEROLL, Jr., Vice-Chairman
LUCILE F. STURTEVANT

JAMES F. BARTON, Secretary

REPORT OF BOARD OF APPEALS ON ZONING

To the Honorable Board of Selectmen
and Residents of the Town of Medfield:

The Board of Appeals on Zoning submits, herewith, its report for the year ending December 31, 1968.

The present Board was organized at a meeting on March 21, 1968 as follows:

John L. Preston, Chairman
Paul E. Nyren, Clerk
Charles Kenny, Third Member
James T. Regan, Associate Member
Mrs. Kathleen C. Conners, Secretary

In summary, hearings were held during 1968 on requests for the following:

2 Special Permits for a gasoline station. Both denied.
1 Special Permit for a Home Occupation. Denied
3 Variances for lot size and set-back lines. Two granted. One denied.
2 Special Permits for apartment house. Both denied.
1 Change of non-conforming use to permit manufacturing. Granted.
1 Special Permit for auto repair shop. Granted.
1 Special Permit for non-conforming use for garaging contracting equipment. Denied.

In each case, the decision of the Board of Appeals was unanimous.

Respectfully submitted,
JOHN L. PRESTON
Chairman

HARRY R. LEIGHTON
ROBERT L. COULTER, Clerk

REPORT OF THE MEDFIELD SCHOOL COMMITTEE

To the Citizens of Medfield:

Medfield is an attractive suburban community in which to live; and, because it is, we have experienced a steady growth in the number of young families with school age children who have located here. Our school enrollment in recent years has been growing at the rate of approximately 9% per year and, at present, nearly 33% of our total town population are youngsters attending Medfield schools. The total number enrolled is now approaching 2,500, and continuation of our present rate of growth means that we will require the equivalent of a new Elm Street School, together with supporting staff, every two to three years. Even as construction proceeds on the Elm Street School, which is scheduled to open its doors in September of 1969, the School Committee has instructed the School Building & Planning Committee to develop initial plans for an addition to the senior high school.

Growth in enrollment has led to a natural increase in expenses for facilities, teachers, pupil maintenance, and transportation. This natural growth in expenses in recent years has been compounded by additional expense factors which have resulted from state legislation and educational mandates, inflation, and most recently, negotiations with teachers and other personnel. In 1968, state legislation raised the minimum starting salary for teachers; and this, coupled with the terms of our first negotiated contract with our teachers, resulted in a 14% increase in the average salary paid. During 1968, the contract was renegotiated for a two-year contract period and the terms of the settlement provide for additional salary increases in both 1969 and 1970. Provisions governing maximum class size, duty-free lunch periods, sick leave and other benefits will add further to the cost of operating the Medfield schools in the coming years. It is quite evident the introduction of collective bargaining in public education will have a profound effect upon the cost of education in Medfield and, indeed, it has already had serious impact.

Your School Committee is extremely concerned with the escalation of expenses. In the past five years, we have seen the school budget more than double. Total salary expenses, which were 84% of our budget in 1964, increased to nearly 87% of the total budget in 1968. Non-salaried expenses for school supplies, equipment and school maintenance, etc., have been decreasing as a percentage of the total budget, and in 1968 these expenses increased by only 2.6% over the prior year, even though growth in the number of students and normal inflation project a higher percentage increase. With the sizeable increases in salary expense, it has been necessary to hold down those expenses which fall in the non-salaried areas. However, your School Committee has been concerned that such action has been at

the expense of new programs and equipment required to meet the expanding educational needs of our schools and our children.

It becomes apparent that increased state or federal aid will be necessary to support our educational needs in the future. Although state aid has increased by approximately 67% in the past five years, the amount received by Medfield is still only a small percentage of our total budget. It is estimated that state aid in 1968 equalled approximately 11% of our total 1968 school budget, and this represents a slight reduction as state aid constituted slightly over 13% of our total budget five years ago. It would appear that unless there are changes in the present system of state and federal aid to education, we cannot count on increased assistance from these sources, but must continue to rely on our own limited resources.

1968 did not see the introduction of any major new programs in our educational system, but a program of curriculum review and development was initiated and is currently under way in the elementary grades and will eventually cover each subject area, Grades 1 through 12. The senior high school is also being evaluated by the New England Association of Colleges and Secondary Schools for accreditation. We expect that major educational developments will result from both of these programs.

We are grateful to the townspeople and town officials for their continued support of education in Medfield and to the teachers, administrators and other school personnel for their cooperation and assistance in providing for the educational needs of our children.

GORDON W. THOMAS, Chairman
LENNARD T. SWANSON
JAMES D. SULLIVAN
RICHARD R. RANDLETT
JOSEPH H. DONAHUE
Medfield School Committee

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Chairman and Members of the School Committee:

I have the honor to submit herewith my Twelfth Annual Report which is the seventeenth in a series of Annual Reports of the Superintendent of Schools in Medfield.

SCHOOL COMMITTEE

Thomas, Gordon W.	Chairman	Term expires 1971
Randlett, Richard R.	Vice-Chairman	Term expires 1969
Sullivan, James D.	Secretary	Term expires 1971
Donahue, Joseph H.	Financial Secretary	Term expires 1969
Swanson, Lennard T.		Term expires 1970

Total	10	243	227	249	225	204	219	197	188	178	160	148	116	2364

ENROLLMENT EFFECTS

As of October 1, 1968, a gain of 185 pupils was noted over the enrollment figure of October 2, 1967. This annual gain remains fairly constant and contributes to the projection of our future classroom space needs.

On January 2, 1968, the total enrollment was 2387. Memorial School had 9 first grades, 9 second grades and 1 special class – an enrollment of 473 pupils. Dale Street School had 9 third grades, 8 fourth grades and 7 fifth grades – an enrollment of 688 pupils. In September 1968, it was necessary to use the School Committee Room and the Activity Room in order to accommodate the extra classes. The Junior High School had 615 students in Grades 6, 7 and 8. The High School had 611 students in Grades 9, 10, 11 and 12.

Hopefully the new elementary school, presently under construction on Elm Street, will be ready for occupancy in September, 1969. This will provide temporary relief for all existing buildings. The School Committee has voted to have the new elementary school and the Memorial/Dale Street complex each house Grades 1–6. The Junior High School will provide space for Grades 7, 8, and 9 – the High School will house Grades 10, 11 and 12.

The School Committee has also advised the School Planning and Building Committee that the next immediate "space need" is at the High School level. Such an addition must be ready no later than September 1971, if not sooner.

It has been agreed by the School Committee, the administration and teachers that the Middle School Concept involving Grades 6, 7 and 8 is educationally and psychologically sound and that a reversion to this grade structure will be most desirable when the high school addition is complete.

CURRICULUM

James H. Morris, Assistant Superintendent, has been working with Mrs. Washburn, Mr. Belcher and their respective staffs at Memorial and Dale Street Schools on curriculum changes and innovation.

The format was submitted to and approved by the School Committee. In brief, the following will be in effect in September 1969:

MEMORIAL SCHOOL AND ELM STREET

A Core Program in Grades 1, 2 and 3

1. The "Core" will be an area designated as "Communicative Arts" and will involve all areas of communications as

Reading	Individual and group instruction Oral, diagnostic, remedial, developmental.
Phonics	Phonetic skill development.
Language Arts	Grammar, literature (folk tales, fairy tales, realistic stories, poetry).
Writing	Penmanship and printing (practical and creative).
Listening	For information, for appreciation.
Speaking	Story telling, conversing, dramatization.
Spelling	For clear communication; as an aid to phonetic development.

2. Mathematics; 3. Science/Health/Safety; 4. Social Studies; 5. Music; 6. Art; 7. Physical Education.

Science and Social Studies will rotate from three periods in Science and two periods in Social Studies one week to the reverse the next week.

Physical Education will be given two periods per week in keeping with state law.

DALE STREET – The present curriculum includes the following:

Subject	Periods per week
English	5
Reading	5
Science	5
Mathematics	5
History	5
Geography	5
Physical Education	1
Art	1
Penmanship/Spelling	2½
Music	1

This program is run on seven full periods per day plus one period of twenty-five minutes per day for homeroom, penmanship and spelling.

Recommendations are to reschedule Dale Street on a seven-period day as follows:

Subject	Periods per week
English	5
Science	5
Mathematics	5
Social Studies	5
Reading	5
Physical Education	2
Art	1
Music	1
Penmanship	1
Library Science	1
Study	4

This involves class time being extended from forty minutes per day to approximately forty-five minutes per day.

Combine History and Geography into one subject labeled Social Studies to be taught five periods per week instead of the present ten periods per week. This is successfully done at our Junior High School. It would involve rewriting our curriculum using an Area Study approach.

The twenty-five minutes homeroom period each noon be eliminated and Spelling be placed in the English curriculum where it belongs. Penmanship will be firmly established as an individual discipline to be taught exclusively in the assigned time each week.

A Reading Department be created.

Physical Education be extended to two full periods per week in keeping with existing state law.

A planned program of Library Science be instituted in which youngsters will be completely indoctrinated in library use and teachers, with the aid of the librarian, will teach specific classes in the library.

Study Hall periods are a must in a departmentalized program and many benefits will accrue from their inclusion. Some of these are:

1. Activity Program within the school day.
2. Released time for Religious Education without affecting academic time.
3. Creation of a Library Assistant organization.
4. Creation of an Audio-Visual organization.
5. Availability of students for instrumental instruction with no conflict with academics.

6. Increased availability for boys and girls in physical education through formation of a leader's club.

The report of the junior high principle indicates the curriculum revision made at that level.

FEDERAL FUNDS

The Elementary and Secondary Education Act of 1965, Public Law 89-10, Title I, funded one project during the year. The sum of $14,045 was received to support a summer program held for six weeks at the Junior High School.

The National Defense Education Act, Public Law 864, Title III, granted $951.47 for a project in History. Title V of the same Public Law provided $549.50 for Guidance.

Public Law 88-210 provided for Business and Office Education. Medfield received $561.

Public Law 89-10, Title II, aids in the support of school libraries. Medfield received $3,165.90

ACKNOWLEDGEMENTS

An end of year report many times offers the only opportunity to publicly commend and thank those people who have supported our students and our schools.

My twelve years in Medfield have made me realize how continuous and unselfish this support has been.

I am truly grateful to the citizens of Medfield who are providing the funds for our expanding educational programs and for our new school buildings. Current operational expenses are constantly increasing and those plus a program for new construction and/or additions to existing buildings are going to place a heavy burden on everyone. I have faith in all of our people, and somehow the needs will be met.

I wish to thank our administrators, teachers, secretaries, custodians, health and cafeteria staffs for their dedication to our educational program.

The Boosters Club, Medfield Teachers Association, Hannah Adams Club, Parent Teachers Organization, American Legion Post No. 110, Daughters of the American Revolution, Lions Club, Medfield High School Student Council – all have contributed to the welfare of our students by providing scholarship aid, honors and recognition.

I extend my gratitude to the staff in my office – Mrs. Kerr, Mrs. Shugrue and Mrs. Greenlaw for their assistance to the system and to me.

All of us in the Medfield Public Schools are grateful to our Town officials, Police and Fire Departments, Water and Highway Departments.

Their assistance in handling school business and providing safety for our youngsters is highly commendable.

Many thanks are extended to the School Committee and the School Planning and Building Committee for the many hours of deliberation in the planning for current and future educational programs.

Respectfully submitted,
THOMAS A. BLAKE
Superintendent

REPORT OF THE MEMORIAL ELEMENTARY SCHOOL

To the Superintendent of Schools:

It is with pleasure that I submit my fourteenth annual report as principal of the Memorial School for the year ending December 31, 1968.

Memorial School has accommodated grades one and two and the trainable class again this past year. It is always interesting to watch the growth and change that take place at this age level.

The scholastic plan remains essentially unaltered. Our self-contained classrooms are the scene of concentrated reading instruction and of systematic programs in writing and modern mathematics. This is supplemented by a special reading class for pupils who need added help. The services of a speech therapist are available to children with problems of articulation. Testing procedures go forward under the supervision of the Guidance Director. Selected school programs aired on Channel 2 are an important audio-visual adjunct of our science education. Open House during National Education Week, the Art and Music Festival in the spring, and appropriate holiday programs enliven the course of the school year.

The teachers are revising the curriculum guides, setting forth the sequence of materials to be taught in grades one through three in each subject area. These guides constitute the year's work at each grade level.

The policy governing the issuance of report cards continues to be the same – that is, reports are issued four times to grade two and three times to grade one during the school year.

Homework planned in terms of individual need is assigned to grades one and two. The maximum daily time allotment for homework at this level is fifteen minutes. Reading should not be restricted to school hours; parents and children alike should adopt a healthy attitude toward reading and realize the value of reading in the home.

Use of the library nook in each classroom plays a significant part in the daily schedule. The children show a great interest in books as a result of these library reading periods whereby they gain pleasure and information.

At this point some amplification may be in order with regard to the remedial assistance offered in the area of reading. The following disabilities or faulty reading skills are among those that determine what pupils need help and extra work with the reading teacher: (a) habitual repetitions, omissions, or insertions; (b) incorrect phrasing; (c) frequent errors in small words; (d) nonrecognition of consonant, vowel, and blended sounds; (e) poor comprehension; (f) small basic vocabulary; (g) emotional and social immaturity.

We have had three student teachers in our building this past year. The resultant experiences have been profitable for both the girls and Memorial School.

Our cafeteria personnel continue to show genuine interest in serving attractive and palatable lunches to the little ones. This is truly a big job, and their endeavors are appreciated.

The custodians work hard and take great pride in keeping our building in "tip-top" condition. They too work in the interest of these young people.

I am very grateful for the assistance given to me by my most capable secretary.

To the teaching staff of the Memorial School I extend my gratitude for the competent teaching services performed for the good of the entire school.

May I also at this time express my personal appreciation and thanks to the School Committee, to the Superintendent of Schools, to the Assistant Superintendent, and to the parents and citizens of Medfield.

Respectfully submitted,
MAUDE S. WASHBURN
Principal

REPORT OF THE DALE STREET SCHOOL

To the Superintendent of Schools:

As Principal of the Dale Street School, I submit my sixth annual report for the year ending December 31, 1968.

School Population

Our school population has increased from 622 a year ago, to 687 as of this writing. We have 24 classrooms with every available space utilized. Grade three has 256 students (9 classes); grade four has 224 students (8 classes); grade five has 207 students (7 classes).

Program

The following changes and/or additions have been made in the instructional program:

1. New spelling texts – Grades three, four, and five.
2. English Composition texts – Grades four and five.
3. Further revision in program to allow for more individualized instruction:
   a) Individual programming
   b) Staff Curriculum meetings
4. Full-time Physical Education teacher.
5. Introduction of a limited Health Program.
6. Full-time Librarian and Library Program for all students.
7. Coordinated curriculum film program.
8. Grade three students now receive a forty-minute period in Art, Music, and Physical Education each week.

Students in grades four and five continue to receive Art and Music Instruction every other week, due to the teaching load.

Cocurricular Activities

Square dancing has been enthusiastically supported by grades three and five students during the year.

Intramural basketball for grade five boys had 85% participation.

The Science Fair, Spring Festival, and class assembly programs offered all students additional opportunities for participation.

The elementary instrumental program under the direction of Mr. Clegg offered musically inclined students an opportunity for expression as did the elementary school chorus under the direction of Mrs. Bancroft.

Library

Since September, 1968, our library has increased its value and its services due to the addition of a full-time Librarian. A systematic curriculum oriented library program has been developed.

All students have had one period per week of Library Use and Instruction. Book control, inventory, usage, and educational value have all increased.

Cafeteria

Note must be taken of the excellent meals served to the students by our cafeteria personnel. The large participation percentage by our students attests to this.

I wish to thank the Superintendent, Assistant Superintendent, School Committee, School Faculty, and the citizens of Medfield for their cooperation and assistance during the year.

Respectfully submitted,
ALLAN K. BELCHER, Jr.

REPORT OF THE JUNIOR HIGH SCHOOL

To the Superintendent of Schools:

It is a pleasure to submit the annual report for the year ending December 31, 1968.

Presently enrolled in the Junior High School are 615 students, in grades 6, 7, and 8.

Points of interest in the various subject areas for 1968 are as follows:

English: The course of study, recently completed by the staff, is now in effect. Stress is placed on improved oral and written expression, and opportunities to do creative writing are given to all classes. Through the use of Federal Library Funds, recordings and filmstrips have been added to the English Department. These relate to paragraph development, library skills, folk tales and legends.

Reading: The sixth grade reading program continues the basal reading curriculum of the lower elementary grades, while the 7th and 8th grade program is developmental in nature. Its purpose is to improve the common skills needed in reading all types of materials and to develop the special skills needed for effective reading in science, social studies, literature, and reference material. Remedial help is offered to any student who can profit by more individual attention.

Mathematics: Two members of our staff, Mrs. Mildred Kneer, and Mrs. Ella McWilliams attended the Annual Meeting of the National Council of Teachers of Mathematics in Boston in November. They had an opportunity to hear outstanding speakers and authorities in the field and to view some of the latest instructional materials now used in mathematics education. Course of Study materials were made available to staff members beginning in September. Accelerated programs are offered to students in Grades 7 and 8, and remedial instruction is given after school. Mathematics teachers are

making use of a new series of filmstrips on fractions and signed numbers.

Science: Two of the newer programs in science education are Introductory Physical Science and Earth Science. I.P.S. has been continued this year in grades 7 and 8. The course leads to an experimental understanding of the atomic model of matter, while emphasizing laboratory exercises as opposed to a straight textbook approach. Earth Science is taught at the 8th grade level. Here we use investigative techniques to describe earth processes and our planet's relationship to the solar system and the universe.

Social Studies: The revised program of studies was begun this fall and will be evaluated periodically. Areas of instruction include Physical Geography, Ancient History, United States History and World Geography. A multi-text approach is used. Audio-Visual aids including maps, charts, filmstrips and recordings continue to be used to good advantage in the instructional program. In the spring, a unit entitled "One Nation Indivisible" was taught to 7th and 8th grade classes as an experiment in instructional television.

French: French is offered to students in grades 7 and 8. An audio-lingual approach is integrated with the traditional method of instruction in these grades. The language laboratory continues in operation and various types of supplementary materials including flash cards, pictures, and tapes are used. Approximately 25 students in grades 7 and 8 are enrolled in French Club at present. Activities include a pen-pal unit; preparation of a puppet show, and French language games. The language laboratory is also utilized by the teacher of speech therapy to assist students in the practice of proper pronunciation.

Music: A teacher of vocal music has been added to our staff this year making it possible for Mr. Clegg to spend his entire time on instrumental work in the Junior High School, and for the first time, in the Dale Street School. The Junior High School Band has been increased in size to 66 members and 80 new students have been added to the instrumental program at the elementary level. Last spring, the chorus presented the operetta "H.M.S. Pinafore" to enthusiastic audiences. In December, the musical play "The Choir Girl"

was presented to Grade 6 and Dickens' "Christmas Carol", to Grades 7 and 8.

The spring program presented by the Art, Home Economics and Industrial Arts program provided a fine opportunity to display student projects in these fields.

Physical Education: Physical fitness tests, sponsored by the American Association of Health, Physical Education and Recreation were administered to boys and girls in the fall and in the spring. Students receiving a mark of 85% or better on these tests have their names sent to Washington D.C. and in turn receive a Certificate and Badge Award in recognition of their achievement. A total of 69 boys and girls were honored this year.

In November a new activity was introduced; the Junior High School Indoor Obstacle Course was organized and was received with much enthusiasm by the students. This will be an annual event.

Special Education: Our Class enrolls 6 students this year. Pupils are taught reading, arithmetic and measurement, phonics, geography, history and current events by Miss Paula Judge. Special Class students join other classes for art, music, industrial arts, home economics and physical education. Two pupils are in the girls club and one acts as a library aid.

The Lions Club has recently donated a tape recorder, a television set, a record player and a slide projector to our Special Class. This equipment does much to help our pupils enjoy an excellent productive adjustment in the Junior High School.

Guidance: Under the supervision of the Junior High School Guidance Department an intern from Northeastern University did his counseling and field work from January through June. With Federal Assistance, Title I, Elementary and Secondary Education Act, the services of a counselling psychologist and a field social worker were made available. During this same period the elementary counselor spent 3 days a week at the Junior High School building. The following tests were administered to junior high school students:

Grade 6 – Achievement Tests
Grade 7 – Achievement and Intelligence Tests
Grade 8 – Achievement and Aptitude Tests

The Guidance Department cooperated with the Reading Department to evaluate the reading progress of all pupils in grades 6 and 7. A total of 94 students were enrolled in the summer school program funded by the Federal Government. Course offerings included creative writing, mathematics, and reading. Guidance services were made available to students and their parents, and a counselling psychologist was on call during a 10-day period. A staff of 19 teachers was involved in the program.

Library: The value of our library is increased each year with the addition of many new materials and an increase in the use of these resources. Our book collection now numbers 5000 volumes and we find some 650 items available in the audio-visual center in the following categories: filmstrips, recordings, slides, pictures, and tape recordings. There are a total of 50 periodicals for pupils and teachers. One prominent addition to our collection this year has been bound volumes of National Geographic Magazine, covering a period of 25 years, from 1943 to 1968. Many gifts of these issues have made this collection possible.

The library program now makes necessary the expansion of facilities to include audio-visual listening and viewing stations. Conference rooms in the library resource center are presently used for small group work by teachers and students, and the library work room now includes complete dark room facilities for photographic work. An enlarger, trays, a timer, and chemicals have been purchased for the photography club by the Student Council. Thus the library continues its place as the major focal point for the entire instructional program.

In December, a group of 35 Junior High School Principals from the surrounding communities of Westwood, Walpole, Norwood, Needham, Newton, Braintree, Ashland, Wellesley, Framingham, Natick and other towns met as a "neighborhood" group at our Junior High School building. Meetings of these administrators are usually held in a new school, lending an opportunity to tour recently constructed facilities. Following a business

meeting and luncheon, the principals expressed their gratitude for the opportunity to visit Medfield Junior High School.

In the fall, two student teachers from State College at Bridgewater were assigned to the Junior High School for their student teaching experience. Elizabeth Blanchard, a Medfield resident, joined the English Department as an observer and teacher. Mary Ellen Keith, of Hull, was attached to the Social Studies department and did related work in the library. Both of these girls benefitted greatly as a result of their experience here.

Many thanks go to the members of the staff and to the townspeople for their cooperation and their many courtesies throughout the year. It is both a pleasure and a privilege to be associated with the Superintendent and the Assistant Superintendent and the members of the Medfield School Committee.

Respectfully submitted,
THOMAS F. DONAHUE
Principal

ANNUAL REPORT OF THE AMOS CLARK KINGSBURY HIGH SCHOOL

To the Superintendent of Schools:

As Principal of the Amos Clark Kingsbury High School, I hereby submit my fourteenth annual report for the year ending December 31, 1968.

In April of 1968, the staff and administration initiated action on the evaluation process of the New England Association of Colleges and Secondary Schools. This process will lead to a thorough evaluation of the High School.

A new Philosophy of Education has been written for the High School. The entire evaluation is based on this philosophy. Every area in the curriculum will be evaluated as well as the building itself. The staff and administration are presently meeting to accept each individual section.

Membership in the New England Association of Colleges and Secondary Schools enhances the opportunities of the students to be accepted by colleges and other schools of higher learning. Many colleges are including a statement in their catalogues stating, in effect, that students from member schools will be given preference in admission procedures.

In April of 1969, a twenty-two member committee will visit the High School for three days and conduct an evaluation for the Association.

At graduation exercises on June 9, 1968, diplomas were awarded to 116 seniors.

The following awards were made at commencement: Harvard Prize Book, Peter Arzberger; Faculty Award of Merit, Marcia Mains; D.A.R. Good Citizen Award, Judith Scribner; American Legion Medals, Roberta Lantz and Russell Shade, Bausch and Lomb Medal, Albert Yundt, Jr.; Medfield Youth Center Award, David Catenacci.

The following scholarships were awarded: Medfield Teachers' Club Scholarship to Judith Scribner; American Legion Scholarship to Geoffrey Supko; Medfield Lions Club Scholarship to Michael Kelleher; Parent-Teacher Organization Scholarship to Charles Rayner; Hannah Adams Club Scholarship to Kristen Capers; Fernandes Super Market Scholarship to Candice Brais; Medfield Youth Center Scholarship to Charles Kenyon; National Honor Society Scholarship to Jacklyn Reed.

The staff and administration would like to take this opportunity to express their gratitude to the aforementioned organizations.

Respectfully submitted,
CHARLES F. MAINS
Principal

ANNUAL GUIDANCE REPORT

To the Superintendent of Schools:

As Guidance Director of the Medfield Public Schools, I am pleased to submit my fifth Annual Report. This encompasses the period from January 1, 1968 to December 31, 1968.

Certain of the diversified facets of guidance functions are outlined below:

1. In an effort to draw from the professional training, experiences and interests of various townspeople the guidance department mailed a questionnaire to a large number of residents and businessmen in Medfield asking what their specialties were and whether they would be willing and able to share these with students in high school. The response was gratifying and subject matter teachers have been drawing on these resource people to implement their classes.

2. Guidance interns were again provided by Northeastern University in the continuing reciprocal arrangement with that institution. They were housed biweekly in the spring semester at the Junior High School. This process serves as a valuable experience for graduate students to complete certification in counseling and provides opportunity for certain of our students to be followed more closely than would be possible with the current ratio of one counselor to six hundred students.

3. A one year follow-up was completed on the high school class of 1967. Information was obtained from 100% of the graduates. Approximately 35% are attending 4-year degree-granting institutions, 17% 2-year colleges, 8% professional training, 11% in the Armed Services, 12% in clerical managerial and kindred, and crafts and services 13%. We plan to contact each class at the end of 1, 5, and 10 years to compare their progress and to report these comparisons. Of interest is the sizable proportion of those entering clerical and/or service and craft work emphasizing the comprehensive diversified nature of the class structure and the continuing stress that must be placed on training the specialty oriented student even though Medfield prides itself on its college bound. The students also responded to a general questionnaire relative to courses they wished might have been offered and those that were most helpful. Obviously such devices are useful in suggesting modifications in curricula and reflecting needs which are currently felt by post graduates. In this respect the work-study program has expanded to include members of the junior class. Briefly, students are given school credits for a work situation which is

established through the guidance work-study coordinator and the employer. Their classes are so arranged to allow for early dismissal. Several girls have entered the training program of a Boston insurance firm which provides actual experience to enable them to have a wider vocational choice when they commence full-time employment. Approximately 15 of the senior boys were interviewed for apprenticeship training opportunities with the General Motors Institute.

4. A number of meetings were held periodically during the year to discuss with parents and students interpretation of test results, vocational and school planning and program selection. Evening conferences have been held by the High School counselors with parents who expressed a desire to meet at this time.

5. During the past three years compensatory education for educationally disadvantaged pupils has been given considerable impetus from Title I of the Elementary and Secondary Education Act of 1965. A pilot program in counseling in our upper elementary grades was completed in the school year of 1967-68. Such aid cuts across the hiring of additional personnel, purchase of equipment, and implementation of cooperative research and demonstration procedures. Another proposed title will draw upon the services of a consulting psychologist to assist in the screening of the preschool youngsters entering next fall. In any of these programs there is a great need for evaluation which is specific enough to continually provide data necessary for assessment and improvement of the programs. Yet, evaluation is one of the areas where the least material, training, and experience is available. Fortunately, Medfield has been selected by the University of Massachusetts as a school to which they would provide evaluative instruments, analysis and feedback of data, and providing workshop experience for the guidance staff. This utilization of data in a constructive manner looks towards the future development of more effective Title I projects for the town.

We are most appreciative of the continued interest and support that guidance services have received.

Respectfully submitted,
ALAN E. HASTINGS
Director of Guidance

ANNUAL REPORT OF THE DIRECTOR PHYSICAL EDUCATION AND ATHLETICS

To the Superintendent of Schools:

It gives me great pleasure to submit my third annual report as the Director of Physical Education and Athletics for the year ending December 31, 1968.

Physical Education is that phase of the total school program that educates the students through physical activity. It contributes to the growth, development and behavior of the students through selected activities. These activities in which the students participate not only develop such physical qualities as strength, endurance, coordination and rhythm, but are also designed to help the student to develop an awareness of themselves and an understanding of their abilities and limitations in relation to those around them. Basically physical education attempts to develop a "sound mind in a sound body".

Physical Education in our system begins in grade 1 and continues through grade 12. It is a required subject for all boys and girls unless they are excused for medical reasons.

Presently in our elementary schools we have a full time and a part time teacher. The classes are geared to group activities. Basic skills using the large muscle groups of the body are taught through such activities as simple rhythms and quick and active games. In the later elementary years simple games and stunts are introduced with particular emphasis placed on coordination of the mind with physical activities. Skills and Lead-up activities are taught which teach the essentials of team sports, tumbling, rhythm, balancing and mat work are begun at this level.

At the Junior High School the emphasis is on the basic techniques for team games and individual sports. The fundamentals of football, basketball, and baseball are introduced. Also introduced are volleyball, tumbling and gymnastics. The second annual gymorama show was held. This show was open to the public and was a great success. Many thanks should be given to the faculty and administration of the Junior High School for a job well done. A special note of commendation should be tendered to Mr. Ruggiero and Mrs. Collins of the physical education staff for their fine efforts.

In the Spring the annual Field Days were held and were a great success. Once again, the administration, faculty and physical education staff should be congratulated for a job well done.

At the High School team games are also taught but now the emphasis is on the teamwork that is needed for the successful fulfillment of the skills that have been learned. More attention is now given to the individual and individual sports for their carryover values in later life.

The physical education staff attempts to provide a balanced program fitted to the needs and desires of the students. A wide variety of activities are introduced so that the students will be exposed to as many areas as possible. The student then will be able to choose those activities that will be of interest to him now and later in life.

Physical fitness tests are administered throughout the system and Medfield compares favorably with the national norms that have been established. The High School entered the United States Marine Corps Physical Fitness Test and won the championship of the State of Massachusetts; they were then entered in the New England Championship and finished second to the State of Maine. Wayne Clive of the Class of 1968 was honored as the Outstanding Competitor in the New England Competition.

At present we have intramural activities in football, basketball, volleyball, body-building, gymnastics and winter track. These activities provide opportunities for all pupils, regardless of ability, to put into practice skills and knowledge acquired in the class program.

The Junior High School participated in interscholastic activities once again. Fourteen games of basketball, and twelve games of baseball were played. The High School fielded varsity and junior varsity teams in the following sports that competed in the Tri Valley Conference. They were cheerleading, crosscountry, football, boys and girls basketball, baseball, tennis, softball and track. Also competing for the first time in the league was the girls field hockey team.

We also started an after-school intramural activity in golf and a special note of gratitude should be extended to Mr. George Callahan and Mr. Edward Keyes for their cooperation in instituting this program and providing transportation for those interested students.

In track, Wayne Clive of the Class of 1968 and Richard Lovelace of the Class of 1969 won the State Championship in the 440 and 880, respectively; the relay team won the league relay race and established a new record in the process.

Our varsity football team shared the Tri Valley Conference Championship which marks the third year in a row that Medfield has won the league trophy in football.

Over 325 people attended the Annual All Sports Banquet in the High School cafeteria. Two hundred forty-three certificates were awarded to the young men and women athletes. One hundred thirty varsity letters were awarded and thirty-nine sweaters were awarded to junior and senior letter award winners. Cheryl Hussey and Michael Kelleher received the single highest honor that can be awarded to an athlete by receiving the Scholar Athlete Award.

The Athletic Department would like to thank the Medfield School Booster Club for the support they have given to our athletic teams this

past year. We were happy to have awarded at the Annual All Sports Banquet the Booster Club Award which this year went to Miss Marcia Mains. The generous amount of $250 was presented to her for her use in furthering her education. The School Department and the Town of Medfield is very fortunate to have such dedicated people to help support our school activities.

Physical education in Medfield is an ever-expanding, improving and challenging program to the students, staff, administration and community. It continues to strive to meet the needs of every child by providing rich experiences in a variety of activities. The future is bright and promising.

Respectfully submitted,
EDWARD KEYES
Director of Physical Education
and Athletics

REPORT OF SCHOOL LUNCH PROGRAM

To the Superintendent of Schools:

I am pleased to submit my fifth annual report as Director of the School Lunch Program for the year of 1968.

Each year an increase in the enrollment of pupils in the school system means an increase in participation in the lunch program also. To cover the extra work involved in the preparation of additional food the cafeteria staff has been increased, too. At the present time we have a staff of twenty-one workers divided among the four schools. When the new Elementary School opens on Elm Street we will have to add more workers to the staff.

The Commonwealth of Massachusetts, Department of Education offered an eight-unit course on Food Preparation Methods and Baking Techniques in a School Lunch In-Service Workshop under the direction of Mr. James Berrini from Northeastern University. Several members of the cafeteria staff took advantage of the opportunity to attend these classes and earned a certificate which may be used as a credit toward an Associate Degree in foods. Several courses are available through the Department of Education which enables those interested to work for their Associate Degree.

Last May a dinner meeting for Area 4 of the Massachusetts School Food Service Association was held at the Senior High School. Guests at the head table included Mrs. Dorothy Griffin, President of the Association, Mr. Julius Candela, Treasurer, Miss Louise Watts, Supervisor in Education from the Boston School Lunch Office, Mr. Charles Mains, Prin-

cipal of the High School and Mrs. Mains. Mr. Mains gave the address of welcome and wished everyone a pleasant evening. Highlights of the evening were a demonstration of floral arrangements by a representative of the Sudbury Floral Shoppe and a Silent Auction. Many door prizes were awarded to the lucky winners.

The Massachusetts School Food Service Association is divided into eight areas. Medfield is one of the twenty-seven towns included in Area 4. This is the only professional organization for school lunch workers and supervisors, so all are urged to join.

I have attended many State Conventions of the Massachusetts School Food Service Conventions in past years and found them to be most helpful in the School Lunch Program. Last August I was privileged to attend the National Convention of the American School Food Service Association at Las Vegas. There were many fine speakers at the general sessions, and the seminars and exhibits were very well planned. It was a wonderful experience to meet so many other people from all over the country connected with School Lunch and discuss the pros and cons of our programs.

As the 1968 President of the American School Food Service Association was Miss Marion Cronan from Brookline, it was most fitting to have a sizeable representation from her home state. Forty-five loyal members of the Massachusetts Association honored her by their presence.

In conclusion, I would like to take this opportunity to express my gratitude to the Superintendent of Schools, to all of the school personnel, and especially to the Cafeteria Staff for their co-operation and support during the year.

Respectfully submitted,
IRENE F. TODD
School Lunch Director

ANNUAL REPORT ADULT EDUCATION

To the Superintendent of Schools:

January 6, 1968 was the beginning of the second semester of the 1967–1968 Adult Education Program. A total of eighteen classes, in thirteen different courses, were continued by the director. The courses offered and continued were in Rug Braiding, Knitting, Shorthand, Flower Arrangement, Sewing, Pottery, Typing, Art, Modern Square Dancing, Woodworking, Physical Education for Women, Physical Education for Men, Bridge and Driver Education. These courses were offered on Tuesday,

Wednesday, and Thursday evenings between 7:00 and 10:00 P.M. for ten additional weeks.

The 1968–1969 Adult Education Program offered nineteen different courses. Seventeen of these classes were established and operating. Some new courses were offered and these were Crewel Embroidery, Crafts, and Securities and Investments.

Three hundred and thirty-six people registered for the above courses which were offered on Tuesday, Wednesday or Thursday evenings between 7:00 and 10:00 p.m. for twenty weeks beginning the week of October 1, 1968 and ending the week of March 25, 1969.

Registration fees for tuition courses were increased. The new fees established were $10 for two hour courses, and $15 for three hour courses. Each course met one evening per week for twenty weeks. Registration fees for State Aided Courses remained the same at $5.

This year we requested and were granted both Federal and State Funds to support the Adult Education Program. The funds will pay some of the expenses of the Non-Tuition Courses.

The Achievement Night for the 1968–1969 Adult Education Program will be held on Wednesday, April 2, 1969.

Respectfully submitted,
JOHN CUOCO, Jr.
Director

REPORT OF THE SCHOOL HEALTH DEPARTMENT

To the Superintendent of Schools:

I. Health Appraisal Services:

A. Health examinations are conducted by a school physician in the presence of the school nurse, who enters the doctor's observations on the school health record.
B. All pupils in the first, fourth, seventh and tenth grades are examined.
C. Pre-school children are examined with a parent present on registration day prior to entering first grade.
D. All pupils participating in competitive sports are examined before the start of practice.

II. Dental Survey:
At the beginning of school all elementary pupils are examined by the school dentist. If one area of dental caries is found, a notice to

parents is sent to signify dental care is necessary. After all elementary pupils have been screened by Dr. Kirschbaum, we proceed with the operating clinic. Parental consent slips are sent home by the nurse, and no child may be treated unless we have a signed request from a parent.

III. Vision Test:

All pupils in grades one through twelve are vision tested annually. The Titmus vision tester is used. All failures are retested and all defects are reported to parents. Referral and follow-ups are conducted by the school nurse.

IV. Hearing Tests:

All pupils in grades one through twelve are individually tested annually by means of the Pure Tone Audiometer. All defects are individually charted on an audiogram by the nurse and notices are sent to the parents. Follow-ups are then conducted by the nurse.

V. Chest X-ray and Tuberculosis Screening:

All school personnel are required by law to be X-rayed every three years. This program is carried on by Norfolk County Tuberculosis Association. All the records are kept by the School Nurse. This fall Tine Testing for T.B. was offered to all children in the first and ninth grades whose parents requested it be done. The School Nurse is responsible for recording these results.

VI. First Aid:

First aid is administered by the nurse to all pupils and the staff for accidental injuries, sudden illnesses and other emergencies.

Respectfully submitted,
MADELEINE HARDING, R.N.
School Nurse

TINE TESTING

The Tuberculin Tine Test was offered to the first grade at the Memorial School and the ninth grade at the High School on October 11, 1968. This is an intrademal test for the detection of tuberculosis sensitivity, and is only a screening.

MEMORIAL SCHOOL

190	Certificate signed for taking tests
2	Absent
188	Received test
2	Students did not return forms

Joseph Zanstuck 20 Frairy Street	Plant Chemist, The Ruberoid Co., 60 Curve Street, Millis, Mass.

TOWN CLERK'S REPORT

FOR THE YEAR ENDING DECEMBER 31, 1968

VITAL STATISTICS

IMPORTANT NOTICE

Chapter 45 of the General Laws of Massachusetts requires that every physician shall within fifteen days after the birth at which he has officiated, report the same to the Town Clerk of the Town in which the birth took place.

Parents within forty days after the birth of a child and every householder, within forty days after a birth in his house shall cause notice thereof to be given to the Town Clerk of the Town in which the birth took place.

Failure to give such notice is punishable with a fine.

Blanks for the return may be obtained upon application to the Town Clerk.

Parents and others are requested to carefully examine the following lists and if there are any errors or omissions, report such at once to the Town Clerk. This is important so that we may have as accurate and complete a record of Vital Statistics as possible.

BIRTHS RECORDED IN MEDFIELD DURING THE YEAR 1968

Date	Child's Name	Place of Birth	PARENTS
1967			
Sept. 1	Beven Kagel Cherot	Boston	Bevin and Kathleen Kagel

NOTE: The foregoing lists of Medfield Servicemen are as accurate and complete as I can ascertain but as the records of the present VIETNAM CONFLICT are not complete, I feel that it would be more appropriate to record a complete list of names when it is available.

CHARLES W. KEIRSTEAD
Town Clerk

TOWN OF MEDFIELD

WARRANT FOR ANNUAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs to meet at the Memorial School, in said Medfield, on Monday, the fourth of March A.D. 1968, at 6:00 A.M., then and there to act on the following articles:

ARTICLE 1. To choose all Town Officers required to be elected annually by ballot, viz:

One Moderator, One Town Clerk, One Selectman, all for one year.
One Selectman, One Assessor, One Collector of Taxes, Two Trustees of the Public Library, Two Members of the School Committee, One Member of the Board of Health, One Cemetery Commissioner, One Member of the Water and Sewerage Board, Two Members of the Park Commission, One Member of the Board of Public Welfare, and Three Constables, all for three years.
One Member of the Planning Board for five years.

QUESTIONS OF PUBLIC POLICY

An amendment to Chapter 32-B, General Laws, adding Section 9C.

A town may provide for such payment if a majority of the votes cast in answer to the following question which shall be printed on the official ballot to be used at an election in said town is in the affirmative:

An act providing that a local governmental unit may pay one-half the cost of a premium and the full amount of an additional rate for group health insurance for the widow and children of a fire fighter who was killed or who died from injuries received in the performance of his duty.

"Shall the town pay one-half of a premium for group health insurance for the surviving widow and dependents of an insured fire fighter who was killed or who died from injuries received in the performance of his duty, with the survivor paying the remaining one-half, and shall the town also pay a subsidiary or additional rate?"

YES ☐ NO ☐

An amendment to Chapter 32-B, Adding Section 9D, General Laws.

A town may provide for such payment if a majority of the votes cast in answer to the following question on the official ballot to be used at an election in said town is in the affirmative:

An act authorizing certain political subdivisions of the Commonwealth to contribute one-half of the cost of certain premiums of health insurance of the surviving spouse of insured active or retired employees.

"Shall the town pay one-half of the premium costs payable by the surviving spouse of an employee or retired employee for group general or blanket hospital, surgical, medical and other health insurance?"

YES ☐ NO ☐

An amendment to Chapter 32-B, General Laws, adding Section 11D.

A town may provide for such payment if a majority of the votes cast in answer to the following question which shall be printed on the official ballot to be used at an election in said town is in the affirmative:

An Act providing that a local governmental unit may pay one half the cost of a premium and the full amount of an additional rate for group accidental death insurance for policemen and firemen who are killed or who die from injuries received in the performance of their duties.

"Shall the town pay one half of the premium for group accidental death insurance for policemen and firemen who are killed or who die from accidental injuries received in the performance of their duties with such employee paying the remaining one half, and shall the town also pay a subsidiary or additional rate?"

YES ☐ NO ☐

The polls will be opened at 6:00 A.M. and shall be closed at 8:00 o'clock P.M.

On Monday, the eleventh day of March A.D. 1968 commencing at 7:30 P.M., the following articles will be acted on at the Amos Clark Kingsbury School Gymnasium in said Medfield, viz:

ARTICLE 2. To see if the Town will vote to accept the reports of the several Town Officers for the past year.

ARTICLE 3. To see if the Town will vote to raise and appropriate and/or transfer such sums of money as may be necessary to defray the following departmental and other expenses of the Town for the ensuing year, and to fix the salary and compensation of all elected officers of the Town as provided for in Section 108, Chapter 41 of the General Laws.

ARTICLE 37. To see what sum of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purpose of installing traffic and pedestrian control signals at the intersection of Main Street and North Street, or take any action relative thereto. *(Board of Selectmen)*

ARTICLE 38. To see what sum of money the Town will vote to raise and appropriate for the purpose of compiling, printing and publishing the Town's By-Laws, Rules and Regulations and records or take any action relative thereto. *(Board of Selectmen)*

ARTICLE 39. To see if the Town will vote to raise nda appropriate or transfer a sum of money for the purpose of providing recreation for the physically and mentally handicapped, or do or act anything in relation thereto. *(Board of Selectmen)*

ARTICLE 40. To see if the Town will vote to raise and appropriate a sum of money to purchase and install a memorial plaque to be placed at Baxter Park to honor the men and women of Medfield who have served their Country during the Viet Nam Conflict, or do or act anything in relation thereto. *(Viet Nam Honor Roll Committee)*

ARTICLE 41. To see if the Town will vote to instruct the Town Clerk to memorialize in the Town Clerk's records the names of those men who honorably served their country in the Civil War, World War I, World War II and the Korean Conflict, or do or take any action in relation thereto. *(Board of Selectmen)*

ARTICLE 42. To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from existing funds, to be spent by the Board of Trustees of the Memorial Public Library for the renovation and remodeling of a portion of the Memorial Public Library at Main and Pleasant Streets, or take any other action thereto.

(Board of Trustees, Mem. Pub. Library)

ARTICLE 43. To see if the Town will vote under Massachusetts General Laws (Ter. Ed.) Chapter 121, Section 26K, as amended, to establish a Housing Authority and in that connection to make any and all determinations and declarations deemed necessary or desirable and take any action in relation thereto. *(Housing for the Elderly Committee)*

ARTICLE 44. To see what sums of money the Town will vote to raise and appropriate, transfer and/or borrow for the purpose of rebuilding Well No. 2 and/or installing new equipment necessary to eliminate sand now in parts of existing water system, or do or act anything in relation thereto. *(Water & Sewerage Board)*

ARTICLE 45. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purchase and installation of water pipes in Grove Street for approximately 1,100 feet from the end of the present existing water line to the intersection of West Mill Streets and for approximately 800 feet westerly in West Street, together with the necessary fittings and appurtenances thereto, and all under the provisions of the Water Betterment Act, so-called, or take any other action relative thereto. *(Board of Selectmen)*

ARTICLE 46. To see what sums of money the Town will vote to raise and appropriate, borrow or transfer from available funds for the purchase and installation of water pipes in West Mill Street for approximately 1,400 feet from the end of the present water line to the intersection of West Mill Street and West Street and for approximately 800 feet westerly in West Street, together with the necessary fittings and appurtenances thereto and all under the provisions of the Water Betterment Act, so-called, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 47. To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from available funds in the Treasury for the purpose of improving the Bakers Pond area, or take any other action relative thereto. *(Park & Recreation Commission)*

ARTICLE 48. To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from available funds in the Treasury for the purpose of installing certain capital improvements to the Town's swimming facility off Green Street, or take any other action relative thereto. *(Park & Recreation Commission)*

ARTICLE 49. To see if the Town will authorize the Park and Recreation Commission to disburse from its annual appropriation miscellaneous sums of money for entry fees, the purchase of prizes, and awards, and the like in connection with the participation of groups sponsored by the Commission in meets, contests, and competitions both within and without the confines of the Town of Medfield, or take any action relative thereto. *(Park & Recreation Commission)*

ARTICLE 50. To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from available funds in the Treasury for the purpose of purchasing vacant land adjacent to the land presently owned by the Town of Medfield and use in conjunction with the Conservation Program and the Swimming Pond, or take any other action relative thereto.

ARTICLE 51. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds for the purpose of hiring a person or persons under the direction of the Park & Recreation Commission to act as a recreational coordinator and/or playground director, or take any other action relative thereto.

(Park & Recreation Commission)

ARTICLE 52. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds for the purpose of hiring employees under the direction of the Park & Recreation Commission to act as playground personnel, or take any other action relative thereto. *(Park & Recreation Commission)*

ARTICLE 53. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds for the purpose of purchasing playground equipment under the direction of the Park & Recreation Commission, or take any other action relative thereto.

(Park & Recreation Commission)

ARTICLE 54. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds for the purpose of reconstructing an existing ball field adjacent to the present Little League field at the location of Metacomet Park for use as a Town softball field, or take any action relative thereto. *(Park & Recreation Commission)*

ARTICLE 55. To see if the Town will vote to declare that an Industrial Development Financing Authority is needed in the Town of Medfield and that (1) unemployment or the threat thereof exists in the Town of Medfield, or (2) security against future unemployment and lack of business opportunity is required in the Town, and that unemployment or the threat thereof can be alleviated or the security against future unemployment and lack of business opportunity can be provided, by attracting new industry to the Town or substantially expanding industry in the Town through an industrial development project or projects financed under Chapter 772 of the Acts of 1967, (Note: In determining the need for such an Authority the Town shall take into consideration its ability to adjust to any expected increase in the demand for municipal facilities and services as a result of the expected increase in employment and business activities from such industrial development), or take any action relative thereto. *(Board of Selectmen)*

ARTICLE 56. To see if the Town will vote to raise and appropriate and/or transfer from available funds and/or borrow a sum of money for the purpose of a soil survey analysis, or do or take any other action in relation therto.
(Conservation Comm., Master Plan Implemen. Comm. & Planning Board)

ARTICLE 57. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of $225.00 for the purchase of a wide carriage standard typewriter for the Town Clerk's Department, or do or act anything in relation thereto. *(Town Clerk)*

ARTICLE 58. To see what sum the Town will vote to raise and appropriate or transfer from available funds for the use of the Board of Assessors in the purchase of a set of Assessors' Plans of the Town of Medfield, or do or act anything in relation thereto. *(Board of Assessors)*

ARTICLE 59. To see if the Town will vote to raise and appropriate the sum of $500.00, such sum to be used for resurfacing the drives in Vine Lake Cemetery or do or act anything in relation thereto.
(Cemetery Commissioners)

ARTICLE 60. To see if the Town will vote to authorize the Board of Assessors to use a sum of money from Free Cash in the Treasury

for the reduction of the 1968 Tax Rate, or do or act anything in relation thereto. *(Board of Assessors)*

ARTICLE 61. To see if the Town will vote to authorize the Moderator to appoint a committee of five (5) members and authorize it to make arrangements and to spend money appropriated under Article 3 for the observance of Memorial Day. *(Board of Selectmen)*

ARTICLE 62. To see if the Town will vote to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz:

Vincenzo Dalo Lot	$100.00	Clarence Palady Lot	$100.00
James Dawson Lot	100.00	Earl Rhodes Lot	100.00
Edward Dornig Lot	100.00	Albert Tuttle Lot	100.00
Owen Getchell Lot	100.00		

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this sixth day of February A.D. Nineteen Hundred and Sixty-eight.

AUSTIN C. BUCHANAN
WALTER M. FRANK
Selectmen of Medfield

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss. Medfield, Massachusetts
February 24, 1968
9:30 A.M.

By virtue of this warrant I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections to meet at the time and for the purpose named by posting attested copies of said warrant in not less than five public places in the Town at least seven days before the time of holding the meeting.

GEORGE W. KINGSBURY
Constable of Medfield

ANNUAL TOWN MEETING FOR THE ELECTION OF OFFICERS

March 4, 1968

Pursuant to the foregoing warrant the meeting was opened at 6:00 A.M. by the Town Clerk with the reading of the warrant through Article 1. The ballot box had been previously checked and found to be in good working order, a corrected voting list displayed and instructions to voters and specimen ballots posted within the polling place. The following persons were sworn in and assigned to their duties: Mary Mair Etienne and Alice Ripley distributing ballots and checking at the entrance; Beatrice Bangs and Anne Donlan checking at the ballot box and Leo Kelly and John Gattoni, Warden and Deputy Warden in charge of the Ballot Box, Charles W. Keirstead, Clerk and Marie Burke, Deputy Clerk. The tellers for the counting of ballots after the polls were closed were Edward Jenkins, Mary Nyren, Hildegarde Munson, Mary Timmerman, Thomas Clancy, Florence Roberts, Elizabeth Ekstrom, Evelyn Gronberg, Beatrice Bangs, Mary Mair Etienne, Mary Hazel, Reigh Porter, Phyllis Ganley, Donald Harding and Alma Richards and Marie Burke.

The polls were declared closed at 8:00 P.M.

The total vote cast was 1611 of which 1610 were cast in person and 1 by absentee ballot. This was about 50% of the 3175 registered voters.

After the final tabulation was made, the results were announced as follows:

QUESTION OF PUBLIC POLICY

QUESTION NO. 1

An amendment to Chapter 32-B, General Laws, adding Section 9C.

A town may provide for such payment if a majority of the votes cast in answer to the following question which shall be printed on the official ballot to be used at an election in said town is in the affirmative:

An Act providing that a local government unit may pay one-half the cost of a premium and the full amount of an additional rate for group health insurance for the widow and children of a fire fighter who was killed or who died from injuries received in the performance of his duty.

"Shall the town pay one half of a premium for group health insurance for the surviving widow and dependents of an insured fire fighter who was killed or who died from injuries received in the performance of his duty, with the survivor paying the remaining one half, and shall the town also pay a subsidiary or additional rate?"

YES	1157
NO	273
Blanks	181

QUESTION NO. 2

An amendment to Chapter 32-B, General Laws, Adding Section 9D.

A town may provide for such payment if a majority of the votes cast in answer to the following question which shall be printed on the official ballot to be used at an election in said town is in the affirmative:

An Act authorizing certain political subdivisions of the Commonwealth to contribute one half of the cost of certain premiums of health insurance of the surviving spouse of insured active or retired employees.

"Shall the town pay one half of the premium costs payable by the surviving spouse of an employee or retired employee for group general or blanket hospital, surgical, medical and other health insurance?"

YES	804
NO	578
Blanks	229.

QUESTION NO. 3

An amendment to Chapter 32-B, General Laws, adding Section 11D.

A Town may provide for such payment if a majority of the votes cast in answer to the following question which shall be printed on the official ballot to be used at an election in said town is in the affirmative:

An Act providing that a local governmental unit may pay one half the cost of a premium and the full amount of an additional rate for group accidental death insurance for policemen and firemen who are killed or who die from injuries received in the performance of their duties.

"Shall the town pay one half of a premium for group accidental death insurance orf policemen and firemen who are killed or who die from accidental injuries received in the performance of their duties with such employee paying the remaining half and shall the town also pay a subsidiary or additional rate?"

YES	1153
NO	271
Blanks	187.

After the results were publicly announced, the ballots, tally sheets and master sheet were turned over to the Town Clerk for safe keeping as prescribed by law.

A true copy attest:

CHARLES W. KEIRSTEAD
Town Clerk

ANNUAL TOWN MEETING FOR THE TRANSACTION OF BUSINESS HELD ON MARCH 11, 1968

The meeting was called to order by the Moderator at 7:30 P.M. in the Amos Clark Kingsbury School and the following action was taken on the remaining articles in the warrant:

ARTICLE 2. Voted to accept the reports of the several Town Officers for the past year.

ARTICLE 3. (Voted to act on Articles 6, 7, 8, and 9 prior to Art. 3.) (Note: The action taken on all articles will be recorded in their regular sequence regardless of the order in which they were voted.)

ARTICLE 3. Voted that this article be financed in the following manner:

a. To transfer the sum of $14,000.00 from the Overlay Reserve Account to the Reserve Fund. (Item 137 of this article).

b. To apply the sum of the following account balances against the remaining items of the article:

Article	Town Meeting of	Amount
5	April 4, 1955	130.32
29	March 5, 1962	926.41
26	March 9, 1964	827.22
18	Nov. 30, 1964	1,122.27
2	March 9, 1965	1,747.76
19	Nov. 22, 1965	834.25
31	Nov. 22, 1965	456.09
54	March 14, 1966	50.00
20	March 13, 1967	49.43
22	March 13, 1967	1,052.38
24	March 13, 1967	54.64
54	March 13, 1967	2,181.65
56	March 13, 1967	86.96
67	March 13, 1967	54.69
	Total	$9,574.07

c. To raise and appropriate the remaining amount required, on the 1968 Tax Levy, to defray the departmental and other expenses of the Town for the ensuing year, and to fix the salary and compensation of all elected officers of the Town as provided for in Section 108, Chapter 41 of the General Laws:

ARTICLE 17. Voted that this article be dismissed wherein a survey of the Police Department was suggested.

ARTICLE 18. Voted to raise and appropriate the sum of $6,000.00 as the Town's share for the reconstruction of a section of Hospital Road (Route 27), to authorize the Selectmen to enter into any and all contracts necessary or incidental thereto; said money to be used with funds allotted by the County and State, and to authorize the Selectmen to acquire by eminent domain or otherwise all easements as may be necessary.

357 voted in favor of passage. 7 voted against.

ARTICLE 19. Voted unanimously to transfer the sum of $11,758.59 received under the provisions of Chapter 679 of the Acts of 1965 to be used in addition to Chapter 90 funds for the purpose of reconstructing a section of Hospital Road.

ARTICLE 20. Voted unanimously to raise and appropriate the sum of $15,000.00 for the purpose of reconstructing a section of Green Street and to authorize the Selectmen to acquire by eminent domain or otherwise all easements as may be necessary.

ARTICLE 21. Voted unanimously to raise and appropriate the sum of $5,000.00 and appropriate it to the Street Improvement Program for the purpose of reconstruction of a section of Granite Street, and to authorize the Selectmen to acquire by eminent domain or otherwise all easements as may be necessary.

ARTICLE 22. Voted that this article be dismissed wherein the sum of $7,500.00 was sought for resurfacing 3,300 feet of Hospital Road, beginning at the N.Y., N.H. & Hartford Railroad crossing and continuing in an easterly direction.

ARTICLE 23. Voted to raise and appropriate the sum of $10,000 for the purchase of a tractor and backhoe for the Street Department and authorize the Selectmen to trade a Ford Diesel Tractor and Backhoe as part of the purchase price.

ARTICLE 24. Voted to raise and appropriate the sum of $3,000 for the purpose of purchasing a hydraulic self-unloading sand spreader for the use of the Street Department, and authorize the Selectmen to trade a 1956 sand spreader.

ARTICLE 25. Voted unanimously to authorize the Selectmen to acquire by purchase, eminent domain or otherwise, an easement for drainage purposes off Elm Street, through the property now or formerly of Ruth N. Wheelwright and through the property now or formerly of Mary A. Schaeffer, as shown on a plan entitled "Plan of Drainage Easement to be acquired by the Town of Medfield" dated December 7, 1967 by Cheney Engineering, on file with the Board of Selectmen.

ARTICLE 26. Voted unanimously to accept as public ways the following named streets or parts thereof:
BELKNAP ROAD from Station 3 + 89.07 to Station 10 + 44.78.
STAGECOACH ROAD from Station 7 + 37.80 to Station 14 + 75.00.
as laid out by the Board of Selectmen and as shown on plans referred to in the Orders of Layout on file with the Town Clerk's office and to authorize the Board of Selectmen to acquire by eminent domain or otherwise, such rights, titles and easements, including drainage easements as may be necessary to accomplish such purpose.

ARTICLE 27. Voted to raise and appropriate the sum of $498.31 for the purpose of paying land damages arising from the relocation of West Street.

ARTICLE 28. Voted that this article be dismissed wherein a sum of money was sought for the purchase of a car for the Fire Chief.

ARTICLE 29. Voted to hear and act on any reports of committees appointed at previous Town Meetings or by the Moderator or Selectmen. None were given.

ARTICLE 30. Voted that the sum of $5,200.00 be raised and appropriated for the purpose of making extraordinary repairs, renovations and alterations to the Town Hall with $1,200.00 be apportioned for downstairs work and $4,000.00 for work in the upper hall.

At 10:45 P.M. in compliance with the Town By-Law time limit it was voted to adjourn the meeting to March 18, 1968 at 7:30 P.M. at this Amos C. Kingsbury School Gymnasium.

ADJOURNED ANNUAL TOWN MEETING

March 20, 1968

The meeting was called to order by the Moderator at 7:30 P.M. in the auditorium of the Amos C. Kingsbury School and after an official quorum count of 274 action was resumed on the remaining articles in the warrant.

At this time at the suggestion of the Board of Selectmen a vote of appreciation was given to members of the following departments for their invaluable help to the residents of Medfield with their water problems during the unusual flooding conditions of the last few days:

The Police Dept. – The Fire Dept. – The Water Dept. – The Tree Dept.
The Highway Dept. – The Civil Defense Dept. – the School Department

ARTICLE 31. Voted that this article be dismissed wherein a sum of money was sought for the construction of an elementary school on land owned by the Town on Eml Street.

ARTICLE 32. Voted that the sum of $78,500.00 be raised and appropriated for the purpose of acquiring final plans, working drawings and specifications for a new Elementary School to be constructed on land presently owned by the Town on Elm Street, said money to be disbursed by the School Planning and Building Committee for that purpose.

280 voted in favor of passage
100 voted against passage

ARTICLE 33. Voted that this article be dismissed wherein a sum of money was sought for the construction of about 2400 feet of Elm Street from South Street easterly and a section of South Street from Elm Street northerly.

ARTICLE 34. A motion that this article pass, wherein the sum of $2,500.00 was requested to replace windows in the High School Gymnasium failed to carry as

152 voted in favor of passage
196 voted against passage

Voted that this article be dismissed.

A motion to reconsider Article 6 failed to carry as

110 voted for reconsideration
139 voted against reconsideration.

ARTICLE 35. Voted to raise and appropriate the sum of $3,000 for the installation of a Vandal Alarm System in the Memorial School, the Dale Street School and the High School.

ARTICLE 36. Voted that this article be dismissed wherein the sum of $15,000.00 was asked for the continuation of a Summer School Program in remedial reading and mathematics for intermediate grades.

ARTICLE 37. A motion that a sum of money be appropriated for the installation of traffic lights at the intersection of Main and North Street failed to pass as

152 voted in favor of passage
204 voted against passage.

Voted that this article be dismissed.

ARTICLE 38. Voted to raise and appropriate the sum of $500.00 to be used in conjunction with an appropriation of $500.00 made under Article 34 of the Annual Town Meeting of March 11, 1963 for the purpose of compiling, printing and publishing the Town's By-Laws, Rules and Regulations and records.

ARTICLE 39. Voted to raise and appropriate the sum of $1,100 for the purpose of providing recreation for the physically and mentally handicapped persons.

ARTICLE 40. Voted to thank the Viet Nam Honor Roll Committee for their extensive work after a motion that the sum of $600.00 be raised and appropriated for the purchase and installation of a Memorial Plaque at Baxter Park failed to carry.

Voted that this article be dismissed.

ARTICLE 41. Voted to instruct the Town Clerk to memorialize in the Town Clerk's Records the names of those men who honorably served their country in the Civil War, World War I, World War II, the Korean Conflict and the Viet Nam Conflict.

ARTICLE 42. Note: An official quorum count of 321 was taken at 10:18 P.M. prior to action on Article 42.

Voted to raise and appropriate the sum of $15,000.00 to be spent by the Board of Trustees of the Memorial Public Library for the renovation and remodeling of a portion of the Memorial Public Library at Main and Pleasant Streets.

Note: After a motion was on the floor but prior to any action taken on Article 43, the Moderator noticing that several voters were leaving

called for a quorum count which showed that only 248 voters were present which necessitated closing the meeting.

Voted that the meeting be adjourned until 7:30 P.M. on Thursday March 21, 1968 at this Amos C. Kingsbury School Auditorium.

ADJOURNED ANNUAL TOWN MEETING

March 21, 1968

The meeting scheduled for this date could not be held as the 219 voters present was not enough to meet the quorum requirements of 250. After waiting a considerable time and still not being able to get a quorum, those present voted to postpone the meeting until Monday, March 25, at 7:30 P.M. in the Dale Street School Auditorium.

ADJOURNED ANNUAL TOWN MEETING

March 25, 1968

The meeting was called to order by the Moderator at 7:40 P.M. and after an official quorum count of 278 the following action was taken on the remaining articles in the warrant:

After discussion and explanation of a Housing Authority it was voted to withdraw the motion made at the previous meeting on Wednesday evening and act on a properly worded motion as follows:

ARTICLE 43. Voted that, whereas there exists in the Town a shortage of safe, sanitary dwellings available for elderly persons of low income at rentals which they can afford,

Whereas it is hereby determined that a Housing Authority is needed for the provision of housing for elderly persons of low income,

Therefore the Medfield Housing Authority shall be organized and established under the provisions of Massachusetts General Laws (Ter. Ed.) Chapter 121, Section 26K and Acts in amendment thereof and in addition thereto.

229 voted in favor of passage
92 voted against passage.

Prior to Article 44, a motion to reconsider Item 64 (Salaries of Fire Dept. Officers) of Article 3 failed to pass as:

23 voted for reconsideration
238 voted against reconsideration.

ARTICLE 44. Voted that this article be dismissed wherein a sum of money was asked for the purpose of rebuilding Well No. 2 or installing new equipment necessary to eliminate sand now in parts of the existing water system.

ARTICLE 45. Voted that this article be dismissed wherein installation of approximately 1,100 feet of water pipe in Grove Street from the end of the present existing water line to the intersection of Grove and West Streets and for approximately 800 feet westerly in West Street was proposed.

ARTICLE 47. Voted that the sum of $250.00 be raised and appropriated for the purpose of improving the Bakers Pond area.

Note: At this time the following Resolution submitted by Mr. Scott Fader was accepted:

Be it Resolved, that on this day, the Town of Medfield express its gratitude and applaud the young people of the Medfield Youth Center for their untiring and conscientious efforts on the project of converting the North Street School into a multi-purpose Recreation Center.

A standing ovation was given Mr. Fader by the voters present for his extensive and dedicated work as director and guiding hand of the young people who accomplished the aforementioned project.

ARTICLE 48. Voted that the sum of $500.00 be raised and appropriated for the purpose of installing certain capital improvements to the Town's swimming facility off Green Street.

ARTICLE 49. Voted to authorize the Park and Recreation Commission to disburse from its annual appropriation miscellaneous sums of money for entry fees, the purchase of prizes and awards, and the like in connection with the participation of groups sponsored by the Commission in meets, contests, and competitions both within and without the confines of the Town of Medfield.

ARTICLE 50. Voted that this article be dismissed wherein a sum of money for the purchase of vacant land adjacent to the land presently owned by the Town of Medfield was proposed.

ARTICLE 51. Voted that the sum of $3,000.00 be raised and appropriated for the purpose of hiring a person or persons under the direction of the Park and Recreation Commission to act as a recreational coordinator and/or playground director.

166 voted for passage
110 voted against passage.

ARTICLE 52. Voted to raise and appropriate the sum of $1000.00 for the purpose of hiring employees under the direction of the Park and Recreation Commission to act as playground personnel.

ARTICLE 53. Voted to raise and appropriate the sum of $500.00 for the purpose of purchasing playground equipment under the direction of the Park and Recreation Commission.

ARTICLE 54. Voted that this article be dismissed wherein a sum of money was sought for the purpose of reconstructing an existing ball field adjacent to the present Little League Field in Metacomet Park for use as a Town softball field.

ARTICLE 55. Voted to dismiss this article wherein the establishment of an Industrial Development Financing Authority was contemplated.

ARTICLE 56. Voted to dismiss this article wherein a sum of money was proposed for the purpose of securing a soil survey analysis.

ARTICLE 57. Voted to raise and appropriate the sum of $225.00 for the purchase of a wide carriage standard typewriter for the use of the Town Clerk's Department.

ARTICLE 58. Voted to raise and appropriate the sum of $4,000 for the use of the Board of Assessors in purchasing a set of Assessors' Plans of the Town of Medfield.

ARTICLE 59. Voted to raise and appropriate the sum of $500.00 for the purpose of resurfacing the drives in the Vine Lake Cemetery.

ARTICLE 60. Voted that this article be dismissed wherein a sum of money from Free Cash in the Treasury for the reduction of the 1968 Tax Rate was proposed.

Note: At this time Mr. John Rhodes proposed and the voters unanimously approved a motion that:

The citizens of the Town of Medfield commend and thank their public servants, especially the Highway and Fire Departments, for their devotion to duty and the Public welfare during the Flood Emergency of March 18, 1968 to the present time.

ARTICLE 61. Voted to authorize the Moderator to appoint a committee of five (5) members and authorize it to make arrangements and

to spend money appropriated under Article 3 for the observance of Memorial Day.

ARTICLE 62. Voted to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz:

Vincenzo Dalo Lot	$100.00
James Dawson Lot	100.00
Edward Dornig Lot	100.00
Owen Getchell Lot	100.00
Clarence Palady Lot	100.00
Earl Rhodes Lot	100.00
Albert Tuttle Lot	100.00

Voted that the meeting be adjourned at 9:45 P.M.

A true copy attest:

CHARLES W. KEIRSTEAD
Town Clerk

TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS

Norfolk ss.

To either of the Constables of the Town of Medfield, in said County, greeting:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs, to meet at the Dale Street School in said Medfield on Monday, the 29th day of April A.D. 1968 at 7:30 P.M. then and there to act on the following articles:

ARTICLE 1. To see if the Town will vote to amend the Zoning By-Law by adding "Section X. RULES AND REGULATIONS GOVERNING EARTH REMOVAL USES.

The removal of earth from all zoning districts of the Town of Medfield shall be permitted only after special permission of the Board of Selectmen and under these rules and regulations. The Board of Selectmen shall grant no such permit as would in their opinion adversely affect the scheme of growth laid down in the Zoning By-Law or elsewhere, or the economic status of the town, or tend to impair the beauty of the town, or of the district most immediately affected, or develop health or other hazards.

All applications for approval or endorsement for the removal of earth in the Town of Medfield shall be made in accordance with the rules and regulations hereinafter set forth.

Before an applicant can obtain a permit for the purpose of removal of earth in the Town of Medfield, he shall present to the Board of Selectmen an original and five copies of a plan made by a Registered Engineer or Registered Land Surveyor, which shall show in detail the following information:

(1) All the property where earth is to be removed with the boundaries shown in detail.
(2) All buildings on said property and buildings within one hundred feet of said property lines.
(3) All adjacent roads, their elevations and established grades.
(4) All adjacent waterways, brooks, swamps and their elevations.
(5) Contour lines for the entire property at two-foot intervals showing existing and proposed elevations.
(6) Any and all easements existing and proposed, public or private.
(7) Any and all bench marks.
(8) All land shall be divided into five-acre grids.

The plan shall be drawn to a scale of 1" equals 40'. All profiles shall be drawn to a scale of 1" equals 8'.

The Board of Selectmen after study, may make such corrections and revisions as it deems advisable in the public interest.

1. *General Requirements.* In approving the plan, the Board of Selectmen will require that the land shall be suitable for the removal of earth without danger to health and life and that proper steps are taken so as not to hinder or danger traffic on public ways. The Board of Selectmen may require, at its discretion that police control of the traffic be provided by the applicant at his expense. Only under special circumstances will the Board approve a plan for the removal of earth where intentions are shown for excavation below an already existing public way.

2. *Procedure.* The Board of Selectmen will act upon application for approval of earth removal only when proper plans have been submitted with all information that is required clearly shown.

Before approval is granted, a public hearing shall be held by the Board of Selectmen, notices of which shall be sent by certified or registered mail with return receipt to mortgagees, if any, of the applicant's property and to all owners of property as appearing on the most recent tax list, any part of which lies within one hundred feet of the property of the applicant.

The applicant shall arrange and pay for such publications and notices and shall deliver a list of said mortgagees, property owners, return receipts, and a copy of the paper containing the notice of the hearing to the Clerk of the Board of Selectmen at least twenty-four hours prior to the hearing.

The notice shall appear in a paper of general circulation within the Town, at least seven days prior to the hearing.

The word "applicant" as used in these rules and regulations shall mean the owner of the property or his legal representative or persons authorized by the owner.

Corporations shall file with the Board of Selectmen a list of their officers and designate their authority to sign legal documents.

Before approval of any plan, and in order to insure the fulfillment of the following requirements, the Board of Selectmen will require a proper bond, deposits of money, or negotiable securities on a scale of not less than five hundred dollars per acre, the exact amount to be set by the Board.

Said bond or security to be held by the Town of Medfield until all requirements of the Specifications have been complied with. The Board of Selectmen shall be the agent to enforce compliance with these rules and regulations, and upon satisfactory completion will release the security.

Only under exceptional circumstances will any applicant be allowed to work more than one five-acre grid at any one time.

3. *Specifications.* All work shall be done in accordance with the following specifications:

(1) Trees are to be cut (not bulldozed).

(2) All trees, brush and stumps are to be burned or chipped on the site, unless removed for commercial purposes.

NOTE: *Before any burning is done, a fire-burning permit must be obtained from the Fire Chief of the Town of Medfield.*

(3) All loam and subsoil must be bulldozed into piles for future respreading. No loam or subsoil may be removed from the property.

(4) Earth may be removed only to contours as specified by the Board of Selectmen. In earth removal areas, ledge shall not be left exposed above the approved grade and boulders, when encountered shall be buried at least such that their tops are six feet below the approved grade and in the event that ledge is encountered, prior to reaching the approved grade, a revision of the approved grade plan must be immediately obtained.

(5) After the earth has been removed from the first five-acre grid, and before proceeding to the next five-acre grid, excavation shall be graded to the approved grade and all loam and subsoil shall then be respread over the excavation, except in such areas as are required in subsequent operations.

(6) Rye grass shall be seeded on this reloamed area at the rate of two hundred pounds per acre.

(7) Fingerling fir or other approved trees shall be planted over the entire area, five to six feet on centers.

(8) Upon completion and approval by the Board of Selectmen of a five-acre grid, the security may be released in part or in whole or it may be advanced to the next grid.

Removal of earth which is not intended as a business, but for the improvement of a person's property and does not include large acreage, will be allowed on a weekly permit upon such conditions and terms as specified by the Board of Selectmen. This type of permit must be renewed every seven days at a time and place set by the Board of Selectmen.

In every case, whether it be a large or small earth removal operation if any violation occurs, the permit shall be revoked forthwith and will not be renewed every seven days at a time and place set by the Board of Selectmen.

These rules and regulations governing earth removal uses in the Town of Medfield shall not apply to operations that were in progress and operated on land owned by the applicant prior to April 9, 1938, except that the final grade of the land shall be approved by the Board of Selectmen immediately upon approval of this By-Law.

The Board of Selectmen shall designate authority to inspect the earth removal operations under these rules and regulations.

The Board of Selectmen shall reserve the right to limit the days and hours of operation and may require anti-dust treatment in those areas that in the Board of Selectmen's opinion require such treatment.

The Board of Selectmen may also require additional surety to cover the cost of drainage to existing town roadways or clean-up requirements caused by the earth removal operation.

or do or act anything in relation thereto. *(Planning Board)*

ARTICLE 2. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds to the Police Department "Payroll: Vacation and Holidays" account or take any other action in relation thereto. *(Police Department)*

ARTICLE 3. To see what sums of money the Town will vote to raise and appropriate, transfer, and/or borrow for the purpose of rebuilding Well No. 2 and/or installing new equipment necessary to eliminate sand now in parts of existing water system, or do or act anything in relation thereto. *(Petition)*

ARTICLE 4. To see what sums of money the Town will vote to raise and appropriate, borrow or transfer from available funds for the purchase and installation of a water main in Hartford Street for a distance of approximately 1400 feet Northeasterly from the present terminus of the water main therein, or do or act anything in relation thereto.

(Petition)

ARTICLE 5. To see if the Town will vote to transfer to the Memorial Public Library of Medfield the sum of One Thousand Five Hundred Five and 25/100 Dollars ($1505.25) received from the Commonwealth of Massachusetts under the provisions of Chapter 760, Acts of 1960, as amended, an Act providing state aid to cities and towns for free public libraries, or take any other action relative thereto.

(Trustees of the Memorial Public Library)

ARTICLE 6. To see if the Town will vote to rescind the action taken under Article 17 of the Special Town Meeting of November 13, 1967 and vote to raise and appropriate or transfer from available funds the sum of Ninety-Nine and 35/100 Dollars ($99.35) for the purpose of paying land damages arising from the relocation of Hospital Road, or do or act anything in relation thereto. *(Board of Selectmen)*

ARTICLE 7. To see if the Town will vote to rescind the action taken under Article 18 of the Special Town Meeting of November 13, 1967 and vote to raise and appropriate or transfer from available funds the

sum of Twelve Thousand Five Hundred & Fifty-one and 45/100 Dollars ($12,551.45) for the purpose of paying land damages arising from the relocation of Philip Street, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 8. To see if the Town will vote to amend the Building Code by deleting Section 104.7 as presently worded and by substituting therefore Section 104.7 as follows:

> *Fees* – The Board of Selectmen shall establish, and may from time to time amend, a schedule of fees for all permits required by this Code. Such schedule of fees shall be published in a newspaper of general circulation in the Town and shall be effective thereafter Repairs and alterations costing less than Two Hundred Fifty and no/100 Dollars ($250.00) which do not involve structural changes shall not require a permit,

or do or act anything in relation thereto.

(Board of Selectmen & Building Code Committee)

ARTICLE 9. To see if the Town will vote to raise and appropriate or transfer from available funds the amount of Two Hundred Twenty-six and 68/100 Dollars ($226.68) for payment for services rendered by Edward Callow for sanitary inspections during the calendar year 1967 under the jurisdiction of the Board of Health or take any other action in relation thereto. *(Board of Health)*

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this 18th day of April A.D. Nineteen hundred and sixty-eight.

Constable of Medfield

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss. Medfield, Massachusetts
April 18, 1968

By virtue of this warrant I have notified and warned the inhabitants of the Town of Medfield qualified to vote in elections to meet at the time and for the purpose named by posting attested copies of said warrant in not less than five public places in the Town at least seven days before the time of holding the meeting.

E. NINA IAFOLLA
Constable of Medfield

SPECIAL TOWN MEETING

April 29, 1968

After a wait of half an hour the Moderator announced that the meeting would not be held due to the lack of a quorum (250). The approximately 125 voters present voted to adjourn the meeting to 7:30 P.M. on May 13, 1968 at the Dale Street School Auditorium.

SPECIAL TOWN MEETING

May 13, 1968

Dale Street School Auditorium

Waiting until 8:00 P.M. the Moderator ordered an official Quorum count to be taken by the tellers. Said count showed that 262 voters were present, thus meeting the Town By-Law requirement of 250.

The meeting was called to order by the Moderator and the following action was taken on the articles in the warrant:

ARTICLE 1. Voted unanimously to amend the Zoning By-law of the Town of Medfield by adding "Section X. RULES AND REGULATIONS GOVERNING EARTH REMOVAL USES.

The removal of earth from all zoning districts of the Town of Medfield shall be permitted only after special permission of the Board of

Selectmen and under these rules and regulations. The Board of Selectmen shall grant no such permit as would in their opinion adversely affect the scheme of growth laid down in the Zoning By-law or elsewhere, or the economic status of the town, or tend to impair the beauty of the town, or of the district most immediately affected, or develop health or other hazards.

All applications for approval or endorsement for the removal of earth in the Town of Medfield shall be made in accordance with the rules and regulations hereinafter set forth.

Before an applicant can obtain a permit for the purpose of removing earth in the Town of Medfield, he shall present to the Board of Selectmen an original and five copies of a plan made by a Registered Engineer or Registered Land Surveyor, which shall show in detail the following information:

(1) All the property where earth is to be removed with the boundaries shown in detail.
(2) All buildings on said property and buildings within one hundred feet of said property lines.
(3) All adjacent roads, their elevations, and established grades.
(4) All adjacent waterways, brooks, swamps and their elevations.
(5) Contour lines for the entire property at two-foot intervals showing existing and proposed elevations.
(6) Any and all easements existing and proposed, public or private.
(7) Any and all bench marks.
(8) All land shall be divided into five-acre grids.

The plan shall be drawn to a scale of 1" equals 40'. All profiles shall be drawn to a scale of 1" equals 8'.

The Board of Selectmen after study, may make such corrections and revisions as it deems advisable in the public interest.

1. *General Requirements.* In approving the plan, the Board of Selectmen will require that the land shall be suitable for the removal of earth without danger to health and life and that proper steps are taken so as not to hinder or endanger traffic on public ways. The Board of Selectmen may require, at its discretion that police control of the traffic be provided by the applicant at his expense. Only under special circumstances will the Board of Selectmen approve a plan for the removal of earth where intentions are shown for excavation below an already existing public way.

2. *Procedure.* The Board of Selectmen will act upon application for approval of earth removal only when proper plans have been submitted with all information that is required clearly shown.

Before approval is granted, a public hearing shall be held by the Board of Selectmen, notices of which shall be sent by certified or registered

mail with return receipt to mortgagees, if any, of the applicant's property and to all owners of property as appearing on the most recent tax list, any part of which lies within one hundred feet of the property of the applicant.

The applicant shall arrange and pay for such publications and notices and shall deliver a list of mortgagees, property owners, return receipts, and a copy of the paper containing the notice of the hearing to the Clerk of the Board of Selectmen at least twenty-four hours prior to the hearings.

The notice shall appear in a paper of general circulation within the Town, once in each of two successive weeks, the first publication at least fourteen days before the day of the hearing.

The word "Applicant" as used in these rules and regulations shall mean the owner of the property or his legal representative or persons authorized by owner.

Corporations shall file with the Board of Selectmen a list of their officers and designate their authority to sign legal documents.

Before approval of any plan, and in order to insure the fulfillment of the following requirements, the Board of Selectmen will require a proper bond, deposits of money, or negotiable securities on a scale of not less than five hundred dollars per acre, the exact amount to be set by the Board of Selectmen.

Said bond or security to be held by the Town of Medfield until all requirements of the Specifications have been complied with, The Board of Selectmen shall be the agent to enforce compliance with these rules and regulations, and upon satisfactory completion will release the security.

Only under exceptional circumstances will any applicant be allowed to work more than one five-acre grid at any one time.

3. *Specifications.* All work shall be done in accordance with the following specifications:

(1) Trees are to be cut (not bulldozed).

(2) All trees, brush and stumps are to be burned or chipped on the site, unless removed for commercial purposes.

NOTE: *Before any burning is done, a fire-burning permit must be obtained from the Fire Chief of the Town of Medfield.*

(3) All loam and subsoil must be bulldozed into piles for future respreading. No loam or subsoil may be removed from the property.

(4) Earth may be removed only to contours as specified by the Board of Selectmen. In earth removal areas, ledge shall not be left exposed above the approved grade and boulders, when encountered shall be buried at least such that their tops are six feet below the approved grade and in the event that ledge is encountered, prior to reaching the approved grade, a revision of the approved grade plan must be immediately obtained.

(5) After the earth has been removed from the first five-acre grid, and before proceeding to the next five-acre grid, excavation shall be graded to the approved grade and all loam and subsoil shall then be respread over the excavation, except in such areas as are required in subsequent operations.

(6) Rye grass shall be seeded on this reloamed area at the rate of two hundred pounds per acre.

(7) Fingerling fir or other approved trees shall be planted over the entire area, five to six feet on centers.

(8) Upon completion and approval by the Board of Selectmen of a five-acre grid, the security may be released in part or in whole or it may be advanced to the next grid.

Removal of earth which is not intended as a business, but for the improvement of a person's property and does not include large acreage, will be allowed on a weekly permit upon such conditions and terms as specified by the Board of Selectmen. This type of permit must be renewed every seven days at a time and place set by the Board of Selectmen.

In every case, whether it be a large or small earth removal operation if any violation occurs, the permit shall be revoked forthwith and will not be renewed until the violation has been corrected to the satisfaction of the Board of Selectmen.

These rules and regulations governing earth removal uses in the Town of Medfield shall not apply to operations that were in progress and operated on land owned by the applicant prior to April 9, 1938, except that the final grade of the land shall be approved by the Board of Selectmen immediately upon approval of this By-Law.

The Board of Selectmen shall designate authority to inspect the earth removal operations under these rules and regulations.

The Board of Selectmen shall reserve the right to limit the days and hours of operation and may require anti-dust treatment in those areas that in the Board of Selectmen's opinion require such treatment.

The Board of Selectmen may also require additional surety to cover the cost of drainage to existing town roadways or clean-up requirements caused by the earth removal operation.

ARTICLE 2. Voted that the sum of $3,846.00 be raised and appropriated for the Police Department 'Payroll: Vacation and Holidays Account.'

Voted that action on Articles 3 and 4 be deferred until after action is taken on the remaining articles in the warrant, namely 5, 6, 7, 8, and 9.

ARTICLE 5. Voted to transfer the sum of $1,505.25 received from the Commonwealth of Massachusetts under the provisions of Chapter 760, Acts of 1960, as amended, an Act providing state aid to cities and towns for free public libraries.

ARTICLE 6. Voted to rescind the action taken under Article 17 of the Special Town Meeting of November 13, 1967 and to raise and appropriate the sum of Ninety-Nine and 35/100 Dollars ($99.35) for the purpose of paying land damages arising from the relocation of Hospital Road.

ARTICLE 7. Voted to rescind the action taken under Article 18 of the Special Town Meeting of November 13, 1967 and to raise and appropriate the sum of $12,551.45 for the purpose of paying land damages arising from the relocation of Philip Street.

ARTICLE 8. Voted to amend the Building Code of the Town of Medfield by deleting Section 104.7 as presently worded and by substituting therefore Section 104.7 as follows:

> *Fees* – The Board of Selectmen shall establish, and may from time to time amend, a schedule of fees for all permits required by this code. Such schedule of fees shall be published in a newspaper of general circulation in the Town and shall be effective thereafter. Repairs and alterations costing less than Two Hundred and Fifty Dollars ($250.00) which do not involve structural changes shall not require a permit.

ARTICLE 9. Voted unanimously to raise and appropriate the sum of $226.68 for the payment of services rendered by Edward Callow for sanitary inspections during the calendar year 1967 under the jurisdiction of the Board of Health.

Action on Article 3 was not taken as follows:

1. A motion to dismiss this article failed to pass.
2. After settling the method of financing this article by voting to raise and appropriate the amount involved, a motion to raise and appropriate the sum of $23,000.00 failed to carry as shown by a counted vote of:

   110 in favor of passage,
   117 against passage.
3. A motion to raise and appropriate the sum of $10,000.00 to investigate the condition of No. 2 Well and the surging of same failed to pass.
4. Finally a vote to raise and appropriate the sum of $23,000.00 to rebuild Well No. 2 and install new equipment necessary to eliminate sand in said well was questioned and a standing count, although showing a majority of:

   147 in favor of passage, and
   89 against passage

   also showed that there was not a quorum of voters now present which necessitated ending the meeting.

The voters present now voted that Articles 3 and 4 upon which no final action has been taken, be carried over and acted upon at a Special Town Meeting contemplated for some time in June.

Voted that the meeting be dissolved.

A true copy attest:

CHARLES W. KEIRSTEAD
Town Clerk

Approval by the Attorney General of Articles 1 and 8 of the Special Town Meeting of April 29, 1968 which was adjourned because of the lack of a quorum and subsequently held on May 13, 1968:

Boston, Mass. July 22, 1968

Art. 1: The foregoing amendment to Zoning By-laws adopted under Article 1 is approved.

ELLIOT L. RICHARDSON
Attorney General

Boston, Mass. July 22, 1968

Art. 8: The foregoing amendment to Building By-laws adopted under Article 8 is approved.

TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County,

Greeting:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs, to meet at the Dale Street School in said Medfield on Monday the ninth day of September A.D. 1968 at 7:30 P.M. then and there to act on the following articles:

ARTICLE 1. To see what sums of money the Town will vote to raise and appropriate, borrow or transfer from available funds for the purchase and installation of a water main in Hartford Street for a distance of approximately 1400 feet northeasterly from the present terminus of the water main therein, or do or act anything in relation thereto. *(Petition)*

ARTICLE 2. To see what sums of money the Town will vote to raise and appropriate, transfer, and/or borrow for the purpose of rebuilding Well No. 2 and/or installing new equipment necessary to eliminate sand now in parts of existing water system, or do or act anything in relation thereto.

ARTICLE 3. To see if the Town will vote to amend the Classification of Positions and Pay Schedules of the Personnel Administration Plan by making the following change thereto:

Ambulance Serviceman $2.00 per run – $20.00 minimum per month.

(Board of Selectmen)

ARTICLE 4. To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury a sum of money for the Ambulance other expenses, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 5. To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury a sum of money for the Ambulance salaries and payroll account, or take any other action relative thereto. *(Board of Selectmen)*

ARTICLE 6. To see if the Town will vote to amend the Classification of Positions and Pay Schedules of the Personnel Administration Plan by making the following change thereto:

Sanitation Inspector $5.00 per inspection

(Board of Health)

ARTICLE 7. To see if the Town will vote to raise and appropriate, borrow or transfer from available funds a sum of money for the purpose of installing traffic signal lights at the intersection of North, Main and Pleasant Streets, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 7. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Forty-three Dollars and Eighty-two Cents ($43.82) for the purpose of paying land damages arising from the relocation of Philip Street, or do or act anything in relation thereto. *(Board of Selectmen)*

ARTICLE 9. To see if the Town will vote to transfer a sum of money for a second-hand chassis for the Street Department and authorize the Selectmen to trade or sell a 1956 Dodge Chassis, as part of the purchase price, or do or act anything in relation thereto. *(Board of Selectmen)*

ARTICLE 10. To see what sums of money the Town will vote to raise and appropriate, borrow or transfer from existing funds, to be spent by the Board of Trustees of the Memorial Public Library for painting in connection with the remodeling of the library, and for the purchase of book shelving for the new room, or take any action relating thereto.

(Trustees of the Memorial Public Library)

ARTICLE 11, To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from available funds in the Treasury for the purpose of purchasing vacant land adjacent to the land presently owned by the Town of Medfield and use in conjunction with the Conservation Program and Swimming Pond, or take any other action relative thereto. *(Park and Recreation Commission)*

ARTICLE 12. To see if the Town will vote to raise and appropriate, borrow or transfer from available funds a sum of money to be disbursed by the Planning Board for the purpose of having a survey made of the central business district of the Town including the employment of consultants and the purchase of plans, or take any other action relative thereto. *(Planning Board)*

ARTICLE 13. To see if the Town will vote to appropriate a sum of money for constructing, originally equipping and furnishing an elementary school, and to determine if such appropriation shall be raised by borrowing or otherwise, or take any other action relative thereto.

(School Planning & Building Committee)

ARTICLE 14. To see if the Town will vote to raise and appropriate and/or transfer and/or borrow a sum of money for the construction of

approximately Twenty-four Hundred (2400) feet of Elm Street from South Street easterly and a section of South Street from Elm Street northerly and authorize the Treasurer with the approval of the Selectmen to borrow a sum of money in accordance with Chapter 44 of the General Laws and further to authorize the Selectmen to acquire by eminent domain or otherwise all easements as may be necessary, and to do or act anything in relation thereto. *(Board of Selectmen)*

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this 27th day of August A.D. Nineteen hundred and sixty-eight.

Norfolk, ss. Medfield, Massachusetts
August 28, 1968

By virtue of this warrant I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections to meet at the time and for the purpose named, by posting attested copies of said warrant in not less than five public places in the Town at least seven days before the time of holding the meeting.

E. NINA IAFOLLA
Constable of Medfield

SPECIAL TOWN MEETING

September 9, 1968

Pursuant to the foregoing warrant the meeting was called to order by the Moderator at 7:30 P.M. at the Dale Street School and after reading the

warrant notice and Constable's return, action was taken on the articles as follows:

ARTICLE 1. Voted that this article be dismissed wherein a sum of money was sought for the installation of approximately 1400 ft. of water main in Hartford Street.

ARTICLE 2. Voted to transfer the sum of $10,000.00 from Free Cash in the Treasury for the purpose of rebuilding Well No. 2 and/or installing new equipment necessary to eliminate sand now in parts of the existing water system.

ARTICLE 3. Voted to amend the Classification of Positions and Pay Schedules of the Personnel Administration Plan by making the following change thereto:

Ambulance Serviceman – $2.00 per run – $20.00 minimum per month.

ARTICLE 4. Voted that this article be dismissed wherein a sum of money was sought for Ambulance other expenses.

ARTICLE 5. Voted that this article be dismissed wherein a sum of money was sought for Ambulance salaries and payroll account.

ARTICLE 6. Voted that this article be dismissed wherein an amendment to the Sanitation Inspector's Pay Schedule under the Personnel Administration Plan was sought.

ARTICLE 7. Voted that the sum of $10,000.00 be appropriated for the purpose of installing traffic signal lights at the intersection of North, Main and Pleasant Streets and that to meet this appropriation the sum of $2,500.00 be transferred from Free Cash in the Treasury and the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow the sum of $7,500.00 for a period of not more than five years under the provisions of Chapter 44 of the General Laws.

(421 voted approval – 11 voted No)

ARTICLE 8. Voted that this article be dismissed as the Finance Committee approved the transfer from available funds in the Treasury of $43.82 for the purpose of paying land damages arising from the relocation of Philip Street.

ARTICLE 9. Voted to transfer the sum of $2,500.00 from the Highway Snow and Ice Account for the purchase of a second-hand chassis for the Street Department and authorize the Selectmen to trade or sell a 1956 Dodge Chassis as part of the purchase price.

ARTICLE 10. Voted that the sum of $6,000.00 be transferred from Free Cash in the Treasury, to be spent by the Board of Trustees of the

Memorial Public Library for painting in connection with the remodeling of the library building and for the purchase of book shelving for the new room in the library building.

ARTICLE 11. Voted to transfer the sum of $3,000.00 from Free Cash in the Treasury for the purpose of purchasing vacant land adjacent to the land presently owned by the Town of Medfield and use in conjunction with the Conservation Program and Swimming Pond.

ARTICLE 12. Voted to transfer $500.00 from the Planning Board and $1,000.00 from Free Cash in the Treasury, said sum of $1,500.00 to be disbursed by the Planning Board for the purpose of having a survey made of the central business district of the Town including the employment of consultants and the purchase of plans.

ARTICLE 13. Voted unanimously that the sum of $1,625,000.00 be appropriated for constructing, originally equipping and furnishing an elementary school; that to raise this appropriation the Treasurer, with the approval of the Selectmen, be authorized to borrow the sum of $1,625,000 under Chapter 645 of the Acts of 1948 as amended; and that the School Planning and Building Committee be authorized to take all action necessary to carry out this vote.

ARTICLE 14. Voted unanimously that the sum of $3,600.00 be transferred from Free Cash in the Treasury and that the Treasurer with the approval of the Selectmen be authorizedto borrow the sum of $68,400.00 for not more than 10 years for the purpose of construction of approximately 2400 feet of Elm Street from South Street easterly and a section of South Street from Elm Street northerly.

Voted that the meeting be dissolved.

A true copy attest: CHARLES W. KEIRSTEAD
Town Clerk

Relative to foregoing Article 13:

Note

The official minutes of the Special Town Meeting of September 9, 1968 of Medfield, Massachusetts have been amended as follows and the following is a copy of those minutes:

"The Permanent School Planning and Building Committee had on display the large architects rendering of the proposed two story school. This was the exact same plan as shown on the brochure distributed at the Annual Town Meeting of March 11, 1968.

The Committee explained in detail the number of class rooms included in the school plus the extra rooms which are typical of an

elementary school. The cost of the building plus the cost of equipping the school was explained in detail. Reference was made to the appropriation of $78,500.00 for final plans by the Town Meeting of March 11, 1968 and this amount was subtracted from the total cost before the motion for the appropriation was presented.

The final plans were essentially the same as those presented ot the March 11, 1968 Town Meeting. The only variation was the elimination of the elevator from the final plan as this will not be required by laws of the Commonwealth, as was anticipated."

WARRANT FOR STATE PRIMARY

THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, Greeting:

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of said town who are qualified to vote in Primaries to meet in Memorial School, Adams Street, Medfield, Massachusetts

TUESDAY, THE SEVENTEENTH DAY OF SEPTEMBER, 1968

at 12:00 o'clock Noon for the following purposes:

To bring in their votes to the Primary Officers for the Nomination of Candidates of Political Parties for the following offices:

REPRESENTATIVE IN CONGRESS	10th Congressional District
COUNCILLOR	2nd Councillor District
SENATOR	2nd Norfolk Senatorial District
1 REPRESENTATIVE IN GENERAL COURT	10th Norfolk Representative District
COUNTY COMMISSIONER	Norfolk County
SHERIFF	Norfolk County

The polls will be open from 12:00 Noon to 8:00 P.M.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this third day of September A.D., 1968.

Constable of Medfield

STATE PRIMARIES

September 17, 1968

Pursuant to the foregoing warrant, the meeting was opened at 12:00 o'clock Noon and after reading the warrant and Constable's Return, the polls were declared open. The ballot box had been previously examined and found to be in good working order, instructions to voters and specimen ballots were posted according to law and election officials equally apportioned from the two major parties were sworn in and assigned to their duties by the Town Clerk as follows:

Leo F. Kelly, Warden; Ellen Sullivan; Deputy Warden; Charles W. Keirstead, Clerk; Marie Burke, Deputy Clerk; Mary Mair Etienne, Inspector; Alice Ripley, Deputy Inspector; Anne Donlan, Inspector; and Beatrice Bangs, Deputy Inspector. Tellers for the counting and tabulating of ballots were Thomas Clancy, Lorraine Ricci, Hildegarde Munson, Alma Richards, Beatrice Bangs, Mary Timmerman, Helen Wills, Edna McGlynn, Reigh Porter, Mary Hazel, Florence Roberts and Mary Lovell.

The ballots were removed from the ballot box after the polls were closed and after counting, the final tabulation was publicly announced as follows:

The total number of votes cast was 276.

Republican 179. Democratic 97.

WARRANT

STATE ELECTION

Tuesday, November 5, 1968
COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, Greeting:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections, to meet at the Memorial School, in said Medfield, on

TUESDAY NEXT AFTER THE FIRST MONDAY IN NOVEMBER.
IT BEING THE FIFTH DAY OF SAID MONTH, IN THE YEAR
ONE THOUSAND NINE HUNDRED AND SIXTY EIGHT AT 6:00 A.M.

In the forenoon to bring in their votes for the following officers and questions, to wit:

Presidential Electors; (1) Representative in Congress (10th District) (1) Councillor (2nd) District; (1) Senator (2nd Norfolk); (1) Representative in General Court (10th Norfolk); (2) County Commissioners (Norfolk County); (1) Sheriff (Norfolk County) and (1) County Commissioner (Norfolk County) (to fill vacancy).

QUESTIONS

QUESTION NO. 1
PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held June 16, 1965, received 210 votes in the affirmative and 26 in the negative, and in a joint session of the two branches held May 10, 1967, received 220 votes in the affirmative and 9 in the negative? YES ☐
NO ☐

SUMMARY

The proposed amendment of the Constitution increases from five days to ten days the period of time the Constitution gives the Governor to

act upon measures passed by the Legislature and submitted to him for approval. No other changes are made in the several Constitutional provisions relative to action by the Governor upon such measures.

QUESTION NO. 2

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held August 30, 1966, received 188 votes in the affirmative and 46 in the negative, and in a joint session of the two branches held May 10, 1967, received 174 votes in the affirmative and 78 in the negative?

YES ☐
NO ☐

SUMMARY

The proposed amendment of the Constitution authorizes the Legislature to impose an income tax graduated according to total income, and authorizes the granting of reasonable exemptions, deductions and abatements, as an alternative to the exercise of the Legislature's existing power to tax income under Article 44 of the Amendments to the Constitution. Without limiting the foregoing authorization, the proposed amendment permits any such tax to be imposed at a uniform percentage of an individual's federal income tax liability or at graduated rates applied to his total income taxable federally, and permits reasonable variations of any federal provisions. It requires that the graduated rates, exemptions, and deductions be set without regard to the kind of income being taxed.

QUESTION NO. 3

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held July 20, 1966, received 225 votes in the affirmative and 1 in the negative, and in a joint session of the two branches held July 15, 1967, received 210 votes in the affirmative and 2 in the negative?

YES ☐
NO ☐

SUMMARY

The proposed amendment of the Constitution defines the circumstances in which a Governor's inability to perform his functions shall cause his office to become vacant, and it establishes a procedure for making the necessary determinations. The office will become vacant following a declaration of disability by the Governor himself or by the Chief Justice and a majority of the Associate Justices of the Supreme Judicial Court, or such other body as the Legislature may provide. The vacancy will terminate four days after the Governor declares that no disability exists, unless (1) within that period the Chief Justice and majority of the Associate Justices, or such body provided by the Legislature, should make a contrary declaration and (2) within another stated period the Legislature, by two-thirds of each branch present and voting then determines the issue contrary to the Governor's declaration.

The same procedure will also apply to a Lieutenant Governor who in the case of a vacancy is performing the Governor's duties.

The proposed amendment also requires the election of a Governor for the unexpired balance of the four-year term if a vacancy in the office of Governor as described in the proposed amendment continues for a six-month period expiring more than five months prior to a biennial state election other than an election for Governor.

QUESTION NO. 4

LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, upon which the House of Representatives did not vote and upon which the Senate did not vote?

YES ☐
NO ☐

SUMMARY

The proposed law provides that the official ballot in the biennial State election for the year 1970 shall contain a question asking the voters whether there shall be a convention in 1971 to (1) revise, alter or amend the constitution of the Commonwealth on the following subjects, insofar as they relate to the structure of government, and no others: the Executive Branch; the General Court; the Executive Council; the government of cities, towns and counties and their relationship to each other and to the government of the Commonwealth; (2) simplify and rearrange the constitution, and (3) provide methods of amendment thereof. The question will state

that the convention shall not consider or propose any measure which relates to the Massachusetts Declaration of Rights, the provisions of the Massachusetts constitution concerning the "Judiciary Power" (other than provisions respecting the Executive Council), or any of the excluded matters enumerated in Article XLVIII, II, Section 2 of the Massachusetts constitution. The question will fix the number of delegates to the convention at 150, of whom 20 members shall be members of the General Court, the remaining 130 members shall be elected by the voters in the manner summarized below. The question will also state that the convention shall conclude its business not later than 120 days from its first session.

The proposed law provides that if a majority of the votes on the foregoing question is in the affirmative, the convention shall be held in July, 1971 to revise, alter or amend the constitution on the matters enumerated above only.

The House of Representatives and the Senate shall each elect as delegates 10 of its members, not more than 6 from each branch coming from the same political party. Of the remaining 130 delegates, 10 shall be elected at large and 120 shall be elected from the 40 senatorial districts, 3 from each. Provision is made for the manner of nominating and electing these 130 delegates, without party or political designation, for filling vacancies occurring in the position of any delegate, from whatever source chosen, and for the conduct of the convention's business.

Any revisions, alterations and amendments of the Massachusetts constitution adopted by the convention shall be submitted to the people at the State election in 1972 for their ratification and adoption in such manner as the convention may direct. If a majority of the people voting thereon ratify and adopt such revision, alteration or amendment, the constitution shall be deemed to be changed accordingly.

The proposed law also provides that if the vote on the question to be submitted at the biennial State election in 1970 is in the affirmative, the Governor shall appoint a preparatory commission of 5 members to compile data to aid the convention in the discharge of its duties. Each member of the commission shall receive compensation of $10,000.00 and the commission may expend a sum not in excess of $200,000 as the Governor may approve, for its expenses.

QUESTION NO. 5

A. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES ☐
NO ☐

B. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

YES ☐
NO ☐

C. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

YES ☐
NO ☐

D. Shall licenses be granted in this city (or town) for the sale of all alcoholic beverages by hotels having a dining room capacity of not less than ninety-nine persons and lodging capacity of not less than fifty rooms?

YES ☐
NO ☐

In all cities and towns except Bolton, Burlington, Lexington, Wakefield, and Woburn.

QUESTION NO. 6

"Shall the Commonwealth of Massachusetts retain capital punishment for crime?"

YES ☐
NO ☐

THE POLLS WILL BE OPEN FROM 6:00 A.M. to 8:00 P.M.

And you are directed to serve this warrant by posting an attested copy thereof, in the usual places for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this twenty-first day of October, A.D. Nineteen Hundred and Sixty-eight.

WALTER M. FRANK

STATE ELECTION

November 5, 1968

Pursuant to the foregoing warrant the meeting was held at the Memorial School on Tuesday, the 5th day of November, 1968 at 6:00 A.M. The warrant was read, the ballots delivered to the ballot clerks and the polls declared open at 6:00 A.M.

The ballot box had been previously examined and found to be in good working order, specimen ballots and cards of instruction were posted both inside and outside of the polling place and the following election officers were sworn in and assigned to their duties:

Leo F. Kelly, Warden; Thomas F. Clancy, Deputy Warden; Charles W. Keirstead, Clerk; Marie Burke, Deputy Clerk; Mary Mair Etienne, Inspector; Alice Ripley, Deputy Inspector; distributing ballots at the entrance, and Anne Donlan, Inspector; and Beatrice Bangs, Deputy Inspector, checking out voters at the ballot box. Leo F. Kelly and Thomas Clancy in charge of the ballot box.

The polls were closed at 8:00 P.M. after the heaviest turnout of voters the Town has ever had in any election. The following persons were sworn in as tellers and assigned to counting and tabulating all of the ballots cast:

Hildegarde Munson, Edward Jenkins, Beatrice Bangs, Evelyn Gronberg, Weston Kolsti, Helen Wills, Donald Harding, Lorraine Ricci, Viola Burr, Reigh Porter, Cynthia Blandy, Jane McCarty, Mary Mair Etienne, Phyllis Ganley, Alma Richards, Mary Lovell, Edna McGlynn, Mary Jane Timmerman, Clara DeNucci, Mary Hazel, Betty Ann Ipolitti, Gloria Morris, Sarah Regan and Margaret McLaughlin.

The total vote cast for the complete ballot was 3328 which was about 90.4% of the 3680 registered voters. There were also 131 Partial Ballots cast for Presidential Electors only, thus the complete breakdown of ballots cast was:

WARRANT

For

TOWN OF MEDFIELD

ANNUAL TOWN MEETING

1969

TOWN OF MEDFIELD

WARRANT FOR ANNUAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs to meet at the Memorial School, in said Medfield, on Monday, the third day of March A.D. 1969 at 6:00 A.M., then and there to act on the following articles:

ARTICLE 1. To choose all Town Officers required to be elected annually by ballot, viz:

One Moderator, One Town Clerk, all for one year.
One Constable, One Member of the Planning Board, for two years.
One Selectman, One Treasruer, One Assessor, Two Trustees of the Public Library, Two Members of the School Committee, One Member of the Board of Health, One Cemetery Commissioner, One Member of the Water and Sewerage Board, One Member of the Park Commission, One Member of the Planning Board, all for three years.
One Member of the Planning Board for five years.
Four Members of the Housing Authority.

The polls will be opened at 6:00 A.M. and shall be closed at 8:00 o'clock P.M.

On Monday, the tenth day of March A.D. 1969 commencing at 7:30 P.M., the following articles will be acted on at the Amos Clark Kingsbury School Gymnasium in said Medfield, viz:

ARTICLE 2. To see if the Town will vote to accept the reports of the several Town Officers for the past year.

ARTICLE 3. To see if the Town will vote to appropriate sums of money requested by the Selectmen or any other Town Officer, Board, Commission and Committee to defray operating expenses of the Town for the current year or such other sums as the Town may determine and to fix the salary

or other compensation of all elected officers of the Town as required by General Laws, Chapter 41, Section 108, or do or act anything in relation thereto.

ARTICLE 4. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1969, and to issue a note or notes therefor payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Chapter 44, Section 17, General Laws.

ARTICLE 5. To see if the Town will authorize the Collector to use all means in the collection of taxes as the Treasurer might if elected to that office.

ARTICLE 6. To see if the Town will vote to amend the Personnel Administration Plan by deleting Section 8. (Step Increases) in its entirety and substituting therefor the following section:

Step Increases

Section 8

Progression through the rate ranges normally will be one step annually unless otherwise recommended by the department head and the Personnel Board,

or take any other action relative thereto. (Personnel Board)

ARTICLE 7. To see if the Town will vote to amend the Personnel Administration Plan by deleting subsection a. of section 14 (Sick Leave) in its entirety and substituting therefor a new paragraph as follows:

a. Upon completion of 30 days permanent full-time employment, an employee shall be allowed one and one-quarter days sick leave with pay for each month of employment completed in any given calendar year provided such leave is caused by sickness or injury or by exposure to contagious disease, but not injury sustained in other employment.

or take any other action relative thereto. (Personnel Board)

ARTICLE 8. To see if the Town will vote to amend the Personnel Administration Plan by adding a new section as follows:

Funeral Leave.

23. Regular full-time employees shall be given up to three days leave with pay for the purpose of making arrangements and attending the funeral of members of their immediate family which is defined as the following: mother, father, mother-in-law, father-in-law, sister, brother, spouse, child and grandparents of the employee,

or take any other action relative thereto. (Personnel Board)

ARTICLE 9. To see if the Town will vote to amend the Personnel Administration Plan by adding the following language to the Classification of Positions and Pay Schedules:

Full-time employees shall receive an annual longevity payment of $50 after 5 years continuous full-time employment plus $10 for each additional year of service up to a total maximum of $200 payable on the 2nd pay day of December,

or take any other action relative thereto. (Personnel Board)

ARTICLE 10. To see if the Town will vote to amend the Classification of Positions and Pay Schedules of the Personnel Administration Plan by making the following changes and additions thereto:

ARTICLE 14. To see if the Town will authorize the Cemetery Commissioners to appoint one of its members as Superintendent, or do or act anything in relation thereto. (Cemetery Commissioners)

ARTICLE 15. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to purchase and equip a motor vehicle for use as a police cruiser, and to authorize the Board of Selectmen to trade or sell as part of the purchase price one of the present cruisers, or do or act anything in relation thereto. (Police Department)

ARTICLE 16. To see if the Town will vote to accept the provisions of Chapter 147, Section 17D of the Massachusetts General Laws, providing that members of the Police Department shall be excused from duty and from attendance at the Police Station or other place for two (2) days without loss of pay while in attendance as an official delegate at the Annual Convention of the Massachusetts Police Association held within the Commonwealth or do or act anything in relation thereto.
(Board of Selectmen)

ARTICLE 17. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purpose of making extraordinary repairs, renovations and alterations to the Town Hall, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 18. To see if the Town will vote to raise and appropriate the sum of Six Thousand Three Hundred and Fifty Dollars ($6,350.), which sum is to be used with County and State Chapter 90 allotments of $19,050 for the purposes of constructing a bridge and approaches over Charles River on Bridge Street and for reconstructing a section of Hospital Road and to authorize the Selectmen to enter into any and all contracts necessary or incidental thereto. (Board of Selectmen)

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of Thirty-five Hundred Dollars ($3,500) for the purpose of adjusting water mains in conjunction with the relocation of Route 27, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 20. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of eleven thousand dollars ($11,000.) and appropriate it to the Street Improvement Account for the

purpose of reconstructing a section of Granite Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 21. To see if the Town will vote to accept the relocation of a section of Green Street from Station 8 + 00 as shown on a plan entitled Plan of Proposed Relocation of a Portion of Green Street, dated September 28, 1960 and extending westerly a distance of approximately eleven hundred and seventy-five (1175) feet as shown on a Plan entitled Plan of Relocation of a Portion of Green Street dated February 3, 1969, and on file in the Town Clerk's Office, and authorize the Selectmen to acquire such rights, titles and easements as may be necessary to accomplish said purpose and to further raise and appropriate a sum of money for payment of land damages incurred in connection with said relocation, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 22. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Thirteen Thousand Dollars ($13,000) for the purpose of reconstructing a section of Green Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 23. To see if the Town will vote to raise and appropriate the sum of Fourteen Thousand Dollars ($14,000) for the purpose of purchasing a Street Sweeper for the use of the Street Department, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 24. To see if the Town will vote to transfer the sum of Seven Thousand, Eight Hundred and Thirty-nine Dollars and 06/100 ($7,839.06), received or to be received, under the provisions of Chapter 616 of the Acts of 1967 for the purpose of installing traffic signal lights at the intersection of South and Main Streets, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of $10,000 for the construction of sidewalks for approximately five hundred (500) feet on the northerly side of Dale Street from Adams Street to North Street, approximately seven hundred (700) feet on the westerly side of North Street from Dale Street to Pine Street and approximately seventeen hundred (1700) feet on the easterly side of North Street from Pine Street to Winter Street, or take any action relative thereto. (Board of Selectmen)

ARTICLE 26. To see if the Town will vote to accept as public ways the following named streets or parts thereof:

Blacksmith Drive from Station 6 + 25.98 to Station 11 + 74.92
Stagecoach Road from Station 14 + 75.00 to Station 22 + 13.29

as laid out by the Board of Selectmen and as shown on plans referred to in the Orders of Layout on file with the Town Clerk's office and to authorize the Board of Selectmen to acquire by eminent domain or otherwise, such rights, titles and easements, including drainage easements as may be necessary to accomplish such purpose, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 27. To see if the Town will vote to authorize the Board of Selectmen to appoint a committee of ten citizens of the Town for the purpose of completely reviewing and studying all facets of the Town's government and to report no later than December 1, 1969 to the Selectmen its findings and recommendations and to see what sum the Town will vote to raise and appropriate for the expenses of said committee, or take any action relative thereto. (Board of Selectmen)

ARTICLE 28. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Four Hundred Thirty-nine Dollars and eighty-three cents ($439.83) for the purpose of paying land damages arising from the relocation of Philip Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 29. To see if the Town will vote to raise and appropriate and/or transfer a sum of money for the purpose of providing recreation for the physically and mentally handicapped, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 30. To see if the Town will vote to amend Section 21 of the By-laws of the Town of Medfield by deleting $500. and substituting $2,000 in place of it in the first sentence and the last sentence. The first sentence would then read as follows:

> When the estimated amount of a proposed contract exceeds two thousand dollars ($2,000.) proposals shall be called for in the manner provided in this section.

The last sentence would then read as follows:

> As far as practicable, contracts for less than two thousand dollars ($2,000.) shall be awarded in such a manner as to secure reasonable competition.

or to take any other action relative thereto. (School Committee)

ARTICLE 31. To see if the Town, under Chapter 149, Section 1781 of the Massachusetts General Laws as amended by Chapter 633 of the Acts of 1967 will vote to authorize the School Committee to designate an

attorney to represent it in collective bargaining, if necessary, whether for compensation or not and whether the attorney is compensated by the community or not, or to take any other action relative thereto.
(School Committee)

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of $10,000. to continue operation of a Summer School Program in remedial reading and mathematics for intermediate grades, or to take any other action relative thereto. (School Committee)

ARTICLE 33. To hear and act on the reports of any special committees appointed at any previous Special Town Meeting or Annual Town Meeting or appointed by the Moderator or Selectmen as authorized by the vote of the Town. (Board of Selectmen)

ARTICLE 34. To see if the Town will vote to raise and appropriate the sum of Four Thousand, Two Hundred Dollars ($4,200) for the purchase of a truck chassis and a utility body to be mounted on the same, and authorize the Water & Sewerage Board to trade or sell as part of the purchase price the present 1962 truck, or do or act anything in relation thereto.
(Water & Sewerage Board)

ARTICLE 35. To see if the Town will vote to raise and appropriate the sum of Six Thousand Dollars ($6,000) for preliminary engineering studies, surveys, borings, etc. in connection with determining a suitable site for a sewage treatment plant, or do or act anything in relation thereto.
(Water & Sewerage Board)

ARTICLE 36. To see if the Town will vote to raise and appropriate a sum of money for a preliminary engineering study to determine detailed cost estimates and recommend course of action for a sewerage system for the Town of Medfield or do or act anything in relation thereto.
(Water & Sewerage Board)

ARTICLE 37. To see if the Town will vote to raise and appropriate and/or transfer from available funds in the Treasury a sum of money for the purpose of having the Town Clerk's Official Birth, Marriage and Death Certificates permanently bound under the provisions of Chapter 66, Section 9 of the Massachusetts General Laws or do or act anything in relation thereto. (Town Clerk)

ARTICLE 38. To see what sum of money the Town will raise and appropriate for the purpose of improving Bakers Pond or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 39. To see what sum of money the Town will raise and appropriate for the purpose of installing two basketball backboards, or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 40. To see what sum of money the Town will raise and appropriate to drain and re-shape the swimming pond, or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 41. To see what sum of money the Town will raise and appropriate to build an addition to the bath house, or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 42. To see what sum of money the Town will raise and appropriate for the purchase and construction of turn-boards for the swim pond docks, or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 43. To see what sum of money the Town will raise and appropriate for the purpose of repointing the recreational building or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 44. To see what sum of money the Town will raise and appropriate to resurface the tennis court on Dale Street, or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 45. To see what sum of money the Town will raise and appropriate to supplement the Christmas lighting fund or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 46. To see if the Town will vote to raise and appropriate the sum of One Thousand and Five Hundred Dollars ($1,500.00), such sum to be used for the construction of a garage-office building within the Cemetery grounds, or do or act anything in relation thereto. (Cemetery Commissioners)

ARTICLE 47. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars ($1,000.00), such sum to be used to purchase one rider-type mower and two manual mowers, or do or act anything in relation thereto. (Cemetery Commissioners)

ARTICLE 48. To see if the Town will vote to authorize and empower the Selectmen to appoint an Executive Secretary under the provisions of General Laws of Massachusetts, Chapter 41, Section 23A, or take any other action relative thereto. (Petition)

ARTICLE 49. To see if the Town will vote to instruct the Selectmen to petition the Boston Edison Company to install street lights on the following named street:

Curve Street – poles 28/2 and 28/4

or do or act anything in relation thereto. (Petition)

ARTICLE 50. To see what sum of money the Town will vote to raise and appropriate to install approximately five hundred and thirty (530) feet of drainage in Lowell Mason Road and approximately three hundred and forty (340) feet of drainage in Green Street to correct drainage problems in the vicinity of Lowell Mason Road, Meade Avenue and Green Street, or do or act anything in relation thereto. (Petition)

ARTICLE 51. To see if the Town will vote to designate that area in the vicinity of the intersection of Main Street and South Street as "John P. Ross, Jr. Square" in memory of the late John P. Ross, Jr. who gave his life June 4, 1945 while serving his country during World War II in the Pacific and to authorize appropriate dedicatory services. (Petition)

ARTICLE 52. To see if the Town will vote to amend the Building Code adopted at the adjourned Special Town Meeting of November 23, 1965 by adding a section concerning swimming pool enclosures as follows:

All outdoor residential, existing or contemplated swimming pools, capable of containing a depth of water exceeding twenty-four inches at one point, shall be completely surrounded by a fence, wall, or barrier not less than four feet in height. The fence, wall, or barrier shall be so located as to surround the entire pool, contiguous walks, and any diving structure, or platform. A building may be used as part of such enclosure. A fence surrounding the entire property shall meet the intent of this article. Each such fence, wall, or barrier shall be so constructed as not to have openings, holes, or gaps larger than four inches in any dimension except for doors and gates and except for picket fences in which case, however, the gaps between the pickets shall not exceed four inches. All fences shall be constructed of wood, chain link, or other material which meets the intent of this article. Every fence shall be substantially anchored to posts set in the ground. All gates or doors opening through such enclosures shall be of not less than the same height as the fence, wall, or barrier and shall be equipped with a self latching device located not less than four feet above ground.

or take any action relative thereto. (Petition)

ARTICLE 53. To see if the Town will vote to authorize the release to Ronald J. Curry and Margaret B. Curry of the easements set forth in a grant made by Annie E. Phillips et al to the Inhabitants of the Town of Medfield, dated October 22, 1928 and duly recorded in Book 1832, Page 505, insofar as the same relate to the premises described in a certain Owners Duplicate Certificate of Title No. 82225 and being premises of said Ronald J. Curry and Margaret B. Curry, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 54. To see if the Town will vote to add the following new article to the Town's by-laws:

ARTICLE VII

Section 1. *License fees; exemption for seeing-eye dogs; refund of fees.*

The annual fee for every dog license, except as otherwise provided by law, shall be three dollars for a male dog, and six dollars for a female dog unless a certificate of a registered veterinarian who performed the operation that such female dog has been spayed and has thereby been deprived of the power of propagation has been shown to the Town Clerk, in which case the fee shall be three dollars. A certified copy of such certificate on file in the office of any city or town clerk within the Commonwealth may be accepted as evidence that such operation has been performed. If the Town Clerk is satisfied that the certificate of the veterinarian who spayed the dog cannot be obtained, he may accept in lieu thereof a statement signed under the penalties of perjury by a veterinarian registered and practicing in the Commonwealth describing the dog and stating that he has examined such dog and that it appears to have been, and in his opinion has been spayed and thereby deprived of the power of propagation. No fee shall be charged for a license for a dog specially trained to lead or serve a blind person; provided, that the division of the blind certifies that such dog is so trained and actually in the services of a blind person. No license fee or part thereof shall be refunded because of the subsequent death, loss, spaying or removal from the Commonwealth or other disposal of the dog, nor shall any license fee or part thereof paid by mistake be paid or recovered back after it has been paid over to the county under Chapter 140, Section 147 of the General Laws.

Section 2. *Disturbing the peace.*

No person shall own or keep in the Town any dog which by biting, excessive barking, howling or in any other manner disturb the quiet of the public.

Section 3. *Complaint of nuisance*

If any person shall make a complaint in writing to the Dog Officer that any dog owned or harbored within his jurisdiction is a nuisance by reason of vicious disposition or excessive barking or other disturbance, the Dog Officer shall investigate such complaint, which may include an examination under oath of the complainant, and submit a written report to the Selectmen of his findings and recommendations, together with the written complaint. Upon receipt of such report and examination of the complainant under oath, the Selectmen may make such order concerning the restraint, muzzling or disposal of such dog as may be deemed necessary. Within ten days after such order the owner or keeper of such dog may bring a petition in the district court within the judicial district of which the dog is owned or kept, addressed to the justice of the court, praying that the order may be reviewed by the court, and after such notice to the officer or officers involved as the court may deem necessary it shall review such action, hear the witnesses and affirm such order unless it shall appear that it was made without proper cause or in bad faith, in which case such order shall be reversed. The decision of the court shall be final and conclusive upon the parties. The dog officer, after investigation, may issue an interim order that such dog be restrained or muzzled for a period not to exceed fourteen days to enable the Selectmen to issue their order following receipt of the report of the Dog Officer. If the Selectmen fail to act during the period of the interim order, upon expiration of the period the interim order automatically is vacated.

Section 4. The Dog Officer may restrain or muzzle, or issue an interim order to restrain or muzzle, for a period not to exceed fourteen days, any dog for any of the following reasons:

a. For having bitten any person.
b. If found at large or unmuzzled, as the case may be, while an order for the restraint of such dog is in effect.
c. If found in a school, schoolyard or public recreational area.
d. For having killed or maimed or otherwise damaged any other domesticated animal.
e. For chasing any vehicle upon any public way or way open to public travel in the Town.
f. For any violation of Section 2.

Upon restraining or muzzling, or issuing an interim order to restrain or muzzle, the Dog Officer shall submit in writing to the Selectmen a report of his action and the reasons therefor. Upon receipt of such report the Selectmen may make such order concerning the restraint, muzzling or

disposal of such dog as may be deemed necessary. Within ten days after such order the owner or keeper of such dog may bring a petition in the district court within the judicial district of which the dog is owned or kept, addressed to the justice of the court, praying that the order may be reviewed by the court, and after such notice to the officer or officers involved as the court may deem necessary it shall review such action, hear the witnesses and affirm such order unless it shall appear that it was made without proper cause or in bad faith, in which case such order shall be reversed. The decision of the court shall be final and conclusive upon the parties. If the Selectmen fail to act upon the report during the period the dog is restrained or muzzled, upon expiration of the period, the interim order automatically is vacated.

Section 5. *Appeal of restraint or muzzling.*

The owner or keeper of any dog that has been ordered to be restrained or muzzled or has been restrained under this article, may file a request in writing with the Dog Officer that the restraining order be vacated, or that the dog be released, and after investigation by the Dog Officer such Officer may vacate such order or release such dog, if the order or restraint was imposed by him. If the order was imposed by the Selectmen, the Dog Officer shall submit a written report of his investigation, with his recommendations, to the Selectmen, who may vacate such order.

Section 6.

Any owner or keeper of a dog who shall fail to comply with any order of the Dog Officer or Selectmen issued pursuant to this article shall be punishable by a fine of ten dollars.

or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 55. To see if the Town will vote to authorize the Board of Assessors to use a sum of money from Free Cash in the Treasury for the reduction of the 1969 Tax Rate, or do or act anything in relation thereto. (Board of Assessors)

ARTICLE 56. To see if the Town will vote to authorize the Moderator to appoint a committee of five (5) members and authorize it to make arrangements and to spend money appropriated under Article 3 for the observance of Memorial Day. (Board of Selectmen)

ARTICLE 57. To see if the Town will vote to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz.

George & Amy Baker Lot	$150.00
William & Margaret Blanchard Lot	100.00
Paul Bready Lot	150.00
John Clewes Lot	50.00
Stuart Clive Lot	100.00
Theresa & James Cotter Lot	150.00
Robert & Pauline Coulter Lot	200.00
Herbert Crump Lot	100.00
Angelo Dellacona Lot	400.00
William Emery Lot	100.00
Warren & Eleanor Fenton Lot	100.00
Malcolm Haskell Lot	100.00
Arthur L. Lewis Lot	500.00
Elizabeth B. Martin & Katherine B. Allen Lot	250.00
Alfred M. MacKay Lot	100.00
Erwin A. Seidel Lot	100.00
Alfred Todesco Lot	100.00
Edwin & Winifred Turner Lot	100.00

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this fourth day of February A.D., Nineteen Hundred and Sixty-nine.

WALTER M. FRANK
HARRY A. KELLEHER
LAWRENCE E. ABAR
Selectmen of Medfield

DEPARTMENTAL REPORTS

FOR THE YEAR ENDING

DECEMBER 31, 1969

ANNUAL REPORT OF THE BOARD OF SELECTMEN

The Selectmen, in submitting our report for the year are taking the liberty to reprint part of the Town Report for the year 1871. At that time, our Town was already over two hundred years old. With this in mind, in reviewing the town affairs of that day, we find that the problems of that time were not too different from those of today. For example, on page fourteen of the 1871 report under "Roads and Bridges", it shows us working on bridges at that time. In 1970, the State is completely replacing Brastow's Bridge at a bid price of $377,479.45. We note that petitioners were patiently waiting to have something done to Philip Street and, unfortunately, they are still waiting today. Philip Street is one of the major problems facing us in the near future. Canal Street, as referred to in the report, is now known as Hospital Road. One hundred years later we have been appropriating money at the last three Annual Town Meetings in preparation of doing a major rebuilding job on this road.

We would particularly refer you to probably the most interesting part of the report—the School Committee's report. You will find that times may have changed but the people and problems have not!

The price of goods and services were considerably less than today, but certainly relative to the incomes of the times. The tax rate of $12.50 seems high in comparison to the departmental budgets, but then we do not know all the circumstances.

As an additional point, we would like to show a little parallel between the tax rates of 1871 and 1969 as they relate to the services and needs of the community:

	1871	1969
Tax Rate	$ 12.50	$ 38.00
Assessed Valuation	791,528.00	54,823,295.00
Raised for General Purposes	4,500.00	1,194,843.00
Schools	2,000.00	1,689,600.00
Highways	1,300.00	232,057.00
State Tax	1,650.00	24,934.00
County Tax	727.00	35,952.00

In addition, you also pay a sales tax, meals tax, gasoline tax, cigarette tax, liquor tax, and Federal and State income tax. We also now receive from the State: Local Aid, Motor Vehicle Excise taxes and other reimbursements totaling $1,047,447.

We all must agree, progress means money!

On March 4, 1969, the Selectmen reorganized with Harry A. Kelleher, Chairman; Lawrence E. Abar, Clerk; and Walter M. Frank, third member.

In April, the Selectmen of Medfield, along with Co-ordinator for Relocation and Widening of Route 109, Charles C. Cain, called a meeting to discuss the petition to the Massachusetts Department of Public Works submitted in 1965. Officials from all the towns along the route were present, along with Representative Charles W. Long and Representative John F. St. Cyr, and a representative of Senator John M. Quinlan as well as a representative from the Metropolitan Area Planning Council. It was the consensus of the meeting that a serious traffic problem exists on Route 109 and that the Department of Public Works be approached to determine what they planned to do about it. A resolution was adopted for the direction of the Co-ordinators to the effect that we should do all within our power toward the improvement of Route 109 through relocation and-or widening without delay. Except for minor concerns expressed over the possible exact location of a new road, there was, indeed, complete unanimity expressed in the framing of this resolution. Commissioner Ribbs of the Department of Public Works was apprised of the foregoing and asked that Route 109 needs be included in his short-range planning.

A Recommended Highway and Transit Plan was prepared by the Bureau of Transportation Planning and Development of the Massachusetts Department of Public Works in conjunction with the Massachusetts Bay Transportation Authority. Unfortunately, the southwest corridor of which Route 109 is a part was relegated to the "poor cousin" area, namely the long-range program of 1975-1990. The Selectmen of Medfield pointed out to Commissioner Ribbs that the southwest corridor is the largest remaining expanse of territory in the region not presently served by a high standard radial facility and that it is vitally necessary to open up the southwestern portion of the region to provide the relief of the existing arteries which are already suffering from congestion and "hardening of the arteries".

We are pleased to report that plans were turned over to the Norfolk County Commissioners on December 29, 1969, by the Massachusetts Department of Public Works in Taunton. The Commissioners expect to hold the first hearing on the relocation of Route 27 early in 1970 and the Department of Public Works anticipates that the project will be ready for advertisement sometime late in 1970. The approaches of other streets that will intersect new route 27 will be constructed by the State. Although only a small amount of Cemetery land will be taken for the layout, it requires a special act of the Legislature.

We petitioned for the relocation of Bridge Street, six hundred feet northeasterly of the Millis town line in conjunction with the relocation of Brastow's Bridge which was closed after the flood in March of 1968. The contract was awarded by the Department of Public Works in December for $377,479.45, and the work is to be

completed in October of 1970. The Town's portion of this expense was $6,000.00 and the bridge's completion will represent an effort of about seven years. The Town was reimbursed $3,021.25 by the Flood Relief Board in accordance with Chapter 684 Acts of 1968 for damages incurred by the flood. Although bridges over non-route roads are the responsibilities of the towns involved, Brastow's Bridge was included in a limited State program for rebuilding sub-standard bridges.

While we all strive to preserve the country atmosphere of our Town, progress came in the form of traffic lights in our Square this year in an effort to better control the flow of traffic and provide safe crossing for the pedestrians. Traffic signals were installed at Main and North Streets in accordance with Chapter 515 of the Acts of 1967, which provided limited funds for certain dangerous intersections. The net cost to the Town was $1,590.00. Medfield was the first municipality in the Commonwealth to complete signals under this program.

Traffic signals were also installed at Main and South Streets and inter-connected with the signals at North Street. The South Street signals were installed with the Town's share of the bond issue provided for by Chapter 616 Acts of 1967.

We have been troubled by the large increase in train traffic through our Town and have met with officials of the Department of Public Utilities and the Penn Central Railroad in an effort to provide safety measures at the grade crossings. In December, the Selectmen voted unanimously to petition the Department of Public Utilities to provide more adequate protection at all the grade crossings.

The latest information that is available is that the Massachusets Detparment of Public Works will signalize the new intersection of Route 27 at Spring Street and pre-empt the signals at the nearby grade crossing.

In 1969 the Town voted to institute a sidewalk program by appropriating $10,000 for sidewalks on North Street and Dale Street. Eight hundred and thirty-seven feet of sidewalk was built on Dale and North Streets in the area of the schools. Fill was hauled from Elm Street and dumped in a deep area along the easterly side of North Street where the sidewalk will be constructed in 1970. The fill will reduce the cost of North Street when it is eventually reconstructed in accordance with the new layout.

The construction of a sidewalk on Winter Street, as will be proposed in 1970, will connect the large areas of development in this area with both the schools and the central business district.

A sidewalk will also be proposed for Cross Street which will provide safe walking for school children in the area.

As the outlying growth areas which are now separated from the central part of Town are connected by sidewalks, the cost of bussing school children will be less than without sidewalks. Children and adult pedestrians will be afforded greater safety at all times as the sidewalk program extends onward.

The Selectmen have petitioned the County to relocate South Street between Pound Street and Spring Street (Route 27) so that in the future a street may be constructed of adequate width to accommodate the traffic that will use it and so that sidewalks may be built for the increased number of school children who will use it from the southern part of Town.

The Selectmen have petitioned the County for a layout of the South Street Grade Crossing in conjunction with the South Street relocation.

Priority for street construction in 1969 was assigned to Elm Street and construction progressed sufficiently to have it surfaced for the opening of the new elemetary school. The intersection of Knollwood Road, South and Elm Streets was designed by the Massachusetts Department of Public Works. Not only is greater safety provided at the intersection but also at the nearby grade crossing. Completion of the sidewalks the installation of granite and bituminous asphalt curbing, the restoration of property, and the finished surface are contemplated for completion early in 1970. This section of Elm Street will require no surface maintenance for many years.

In 1969 a gravel penetrated surface and seal was put on the eighteen hundred feet of Granite Street for which drainage was installed in 1968. The facts that directed a priority to programming this street in 1963 are now developing rapidly. Several development streets are now being connected to Granite Street which will mean that ever increasing traffic will be imposed on the street. It would have been difficult, as well as expensive, to try to maintain this ancient way as a gravelled road. Properly constructed streets are investments in that maintenance costs are less, and at the same time greater safety and convenience is provided for the public. A reduced amount will be requested in 1970 to continue work on this street and the project will be completed in 1971.

Main Street (Route 109), as anticipated last year, requires resurfacing between Hartford Street and the Dover town line. To keep costs lower, the Selectmen elected in 1969, at a hearing in Dedham, to ask that part of the 1970 Chapter 90 funds be allocated for maintenance so that this section of Main Street can be surfaced in 1970.

The Town started accumulating Chapter 90 and bond issue funds for the reconstruction of existing Route 27 between the State Hospital gate and West Mill Sreet in 1967. In 1969 most of the

Chapter 90 funds were assigned for the Town's share of the construction of Brastow's Bridge. To date, $62,565 has been carried over. In 1970 articles in the Warrant request that additional Chapter 90 and bond issue funds be assigned to these two public ways. Upon the completion of the new Route 27, Hospital Road would no longer qualify for Chapter 90 funds. Harding Street, which has been designated as a Rural Minor Collector Street, will remain eligible.

Although the new Route 27 will relieve much of the traffic on Hospital Road, a substantial number will probably use the latter for access to the Medfield State Hospital as an access to the new Route 27. Because the Massachusetts Department of Public Works has given, and will continue to assign, so much engineering time to both Brastow's Bridge and the new Route 27, time will not permit them to get the construction ready for advertising before 1971.

In 1969, .24 miles of streets were accepted, making a total of 54.45 miles of public ways in the Town.

Chairman Kelleher participated in the newly-formed Council on Regional Issues which we believe will prove to be of vital import to our town and the problems which are being faced regionally, including waste disposal, police and fire protection, and administration of municipal government.

We inaugurated a program for upgrading the street lights and have ordered the replacement of all incandescent lighting on Main Street with Mercury Vapor illumination. We plan to continue this program in 1970 and update lighting on North Street, Spring Street, High Street and South Street.

We regretfully acknowledge the resignation of Harry E. Conway as Assessor who served so well since 1925. We had the pleasure of nominating him for Distinguished Citizen's award given by the Massachusetts Selectmen's Association.

We also nominated Harry Leighton, Superintendent of the Water and Sewerage Board, as Outstanding Municipal Employee and submitted the nomination to the Massachusetts League of Cities and Towns.

It was our pleasure to present a placque to Marie Burke on April 10, 1969 in recognition of her forty years of service to the Town. All those who have sought information from the Town Hall appreciate her worth.

It was also our pleasure to bestow honorary citizenship on Christiane Dostal, the American Field Service Student from Nancy, France, at the High School Graduation ceremonies.

The highlight of the Memorial Day services this year was the dedication of the Square at South and Main Streets in honor of

John P. Ross, Jr., who served in the Coast Guard in World War II and was killed in combat and buried on the island of Okinawa in the First Marine Division Cemetery. He was an Honor student graduate of Medfield High School.

The Selectmen met regularly with the Police Chief and the Fire Chief each month this year and this has proved to be beneficial to all concerned.

On August 18, 1969, we appointed William H. Mann, permanent Chief of the Police Department. One additional patrolman was appointed, Harry C. Tominey, Jr.

The Town is in urgent need of additional dump land and have under option approximately twenty-four acres of land abutting the present dump. The 1970 Annual Town Meeting will be asked to vote funds to acquire this land. A Dump Advisory Committee has studied the problem thoroughly and will recommend the acquisition at that time. We arranged a reciprocal dump utilization with our neighboring town of Millis to be instituted should an emergency arise where facilities would be temporarily unavailable in either town.

Selectman Frank represented the Selectmen on the Drug Abuse Committee. This committee has been actively presenting educational facts to the Town of Medfield.

The Selectmen voted unanimously to name the new school the "Ralph Wheelock School" in honor of the Town's first schoolmaster.

The Norfolk Conservation District conducted a study at the request of Medfield officials of a section in the north end of Town near Harding Street and Kaymark Drive to determine what will need to be done to correct a serious drainage problem. The District has presented its report to us and we will seek funds at the Annual Town Meeting to implement corrective measures.

We met with the Water and Sewerage Board following a directive from the Water Resources Commission that it had been determined that the Town was discharging inadequately treated wastes into the Charles River and that steps must be taken to implement a plan to correct this situation. At a Town Meeting in October, funds were appropriated for the purpose of improving the chlorination facilities at the existing sewrage plant and for the purpose of having an engineering study made to determine courses of action relative to the present and future sewerage treatment facility needs of the Town.

A study has been initiated to establish speed zoning on our route roads and Hartford Street and the Police Department is working with the Registry of Motor Vehicles and Traffic Division of the Department of Public Works in this regard.

The study made by the New England Fire Insurance Rating Association was completed in 1969 and effective early in 1970, the classification for Medfield was upgraded from 7th Class to 5th Class for specifically rated properties and from Grade "D" to Grade "C" for dwelling minimum rates.

Under Article 27 of the 1969 Annual Town Meeting the voters authorized the Board of Selectmen to appoint a committee of ten citizens to make a complete review of our town government structure and report to the Board of Selectmen by December 1, 1969, the results of that study and any changes they would recommend in that structure for consideration by the Board. A committee of ten was appointed consisting of: Thomas McMurtrie, Frank Tobin, Jane Partis McCarty, Robert E. Dooley, Sandra G. Munsey, Andrew R. Sifflard, Fredric C. Temple, Thomas V. Sweeney, Jr., Francis J. Walsh, Richard H. Whelan.

On December 2, 1969, the results of this study were presented to the Board of Selectmen. The Committee was complimented on its report by the Board, which expressed its appreciation for the time and effort devoted to the report, which could not have been completed without the Committee's dedicated and diligent efforts. Copies of this report can be obtained at the Town Hall for those interested and we would suggest you pick one up, as some of the committee's recommendations will be included in the Warrant at the 1970 Annual Town Meeting.

At this time last year we reported that the Town and the Medfield Police League were in the middle of collective bargaining negotiations for a contract with the Police Department. After a series of meetings between the negotiating teams, an agreement was reached and signed by the Chairman of the Board of Selectmen and the President of the Medfield Police League on February 25, 1969. The agreement signed was effective April 1, 1969, and continues to March 31, 1971. The funding conditions of the contract were approved by the 1969 Annual Town Meeting.

The long awaited reopening of the upstairs of the Town Hall for municipal purposes should be accomplished by Annual Town Meeting time. Inflation has driven up the prices so that an additional appropriation for interior partitions and electrical work will be necessary for consideration at the Annual Town Meeting.

The Selectmen wish to express their appreciation to the office staff, Town Counsel, departments of the Town and all Boards Inspectors and other individuals who have cooperated during the past year.

Respectfully submitted,

HARRY A. KELLEHER, Chairman
LAWRENCE E. ABAR, Clerk
WALTER M. FRANK, Third Member

ROADS AND BRIDGES.

The Turnpike Bridge being left to the judgment of the Selectmen to repair, we notified the Selectmen of Medway, and both Boards met and examined, and decided, that the bridge required all new piles, nearly all new sleepers (and as we needed what plank were fit for use to repair other bridges,) decided to put on all new plank, making nearly, if not quite, a new bridge. It has been the aim to have the job well done in every way, and at as low a figure as possible, and we trust the repairs will be satisfactory to the town.

The Sluice Bridge this side, will soon need something done if not rebuilding, and the posts are on the ground towards putting up a railing where needed, on sides of roadway.

The bridge on West Mill Street has been thoroughly repaired, and roadway raised.

The road as laid out and accepted by the town, from Maine to Foundry Street, has been put under contract, and is nearly graded, but owing to the early freezing of the ground, the Contractor was obliged to defer finishing the road until Spring, partial payments have been made, but a sufficient sum has been reserved to insure the fullfilment of the contract.

At the November meeting, the town voted $500 to be expended under the direction of the Selectmen in improving Phillip St., which has not been used for want of time before freezing up; and we would respectfully call the attention of the incoming board to this street, as the Petitioners, living thereon, have been waiting patiently to have something done; also to the Bridge on Foundry street, which is narrow and somewhat out of repair.

CANAL STREET.

We have had complaints from this street, especially about the R. R. Crossing, which has not been graded according to the orders of the

County Commissioners; this, together with the road to, and the railing on Dearths Bridge, should receive early attention.

To conclude this subject, we would respectfully suggest to the town larger appropriations for the improving of narrow and dangerous places in the existing roads as a better policy than expensive new roads that are not actually demanded for the convenience or growth of the town.

GUIDE BOARDS.

By Chap. 45, Section 2, of the General Statutes, the Selectmen of each town are required to submit to the inhabitants, at every Annual Meeting, a report of all the places at which Guide Posts are erected and maintained within the town, and of all places at which, in their opinion, they ought to be erected and maintained.

In pursuance of this act we report Guide Posts or Boards at junction of Main and Cedar Hill Sts., Main and South Sts., Main and Causeway Sts., Main and Breck Sts., Breck and West Sts., West and West Mill Sts., West and River Sts., junction of River, Canal and Dover Sts., North and Farm Sts., North and River Sts., North and Pine Sts., Causeway and Orchard, and Upper Bridge Sts., South and Phillips Sts., Phillips and Foundry, and East Mill Sts., East Mill and Elm Sts., South and Elm Sts., South and Curve Sts., South and Berry Sts., South and Granite Sts., South and Plain Sts.

When the new street from Main to Foundry is done, Guide Boards will be needed at each end; we also recommend one at the junction of River and West Mill Sts.

Bound posts have been set on Green and River Sts., and are delivered, ready to set, on new street from Main to Foundry.

Bounds have not been set on the "New and Pleasant Avenue," because the omission was not discovered until it was too late to set them.

All of which is respectfully submitted.

B. F. SHUMWAY,
OLIVER CLIFFORD,
J. B. HALE.

REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF MEDFIELD,

1871.

The Schools of Medfield have, during the past year, been generally successful, and are now in a very satisfactory condition.

HIGH SCHOOL.

This School, under the management of Mr. Walter S. Parker, has made remarkable progress, and commences its new year under the most auspicious circumstances. Entering upon his duties with the school in a disorganized and demoralized condition, the two teachers preceding him having utterly failed in discipline, the one resorting to corporal punishment, and the other erring in the opposite direction of extreme lenity, Mr. Parker has, by earnest and persistent labor, brought about the present gratifying results. He has, while with us, proved himself an energetic and faithful teacher, and an indefatigable worker, being always on his feet among the scholars, encouraging them to habits of study, stimulating their ambition, and infusing his own enthusiasm throughout the entire school. He possesses, in a marked degree, the power of commanding at once the love and respect of his pupils, while keeping the school in perfect order, and under his complete control. In accordance with the requirements of the law, the committee have employed

an assistant in this school during the past year. Miss Sarah E. Dyer occupied this position for one term, and gave very general satisfaction. She was succeeded by Miss Esther Emerson, who has also been successful, and is a thorough and efficient teacher. The Committee have elected, from a large number of applicants, as Mr. Parker's successor, Mr. William L. Whittemore of Milford, N. H., whose success is almost assured, coming to us with a large experience and the highest testimonials.

CENTRE PRIMARY SCHOOL.

The first term was taught by Mrs. Hixon, now Mrs. Ware, of whose success as a teacher it is unnecessary to speak. Her rare qualities of mind and heart have been extolled in every school report for many years past, and are fully known and appreciated by all. The second and third terms were taught by Miss Lizzie E. Packard, who taught with success the first term of the South District School, and was transferred to her present position as a suitable successor to Mrs. Hixon. The hopes which the committee entertained with regard to Miss Packard have been fully realized, and although in a much larger school, and one much more difficult to govern, she has met with unqualified success. Her gentle, kind, and amiable disposition has endeared her to the hearts of all her pupils, while her calm and firm demeanor has won their respect and secured their obedience.

NORTH DISTRICT SCHOOL.

Until the third term, the North School had, so far as any beneficial results are concerned, been a complete failure. The cause of failure lies partly with the teachers, and partly with the taught. The school is a very difficult one to govern, and very few teachers could have carried it through with success. Miss Nancy C. M. Winship, who taught the first term, entered upon her work with earnestness, but soon became disheartened, and failed to maintain order, or make her authority felt by the scholars. Miss Abbie A. Adams, who succeeded Miss Winship, failed for want of energy and force of character, and it was not until the third term, when Mrs. S. D. Austin took charge of the school, that a change became apparent in its character. Possessed of a strong and vigorous will, she has by perseverence and persistent endeavor, brought the school under her control and infused into it

new life and energy. The peculiar dulness and listlessness, which have so long characterized it, have disappeared, and the change has already been productive of the most beneficial results.

SOUTH DISTRICT SCHOOL.

This School, although small in numbers, is in excellent condition, and doing remarkably well. The second term was taught by Miss Olive B. Young, under whose direction the high tone and character imparted to the school by Miss Packard, were well sustained. The third term was taught by Miss Addie A. Ellis, who also succeeded admirably. Both Miss Young and Miss Ellis received their education in the schools of this town, and, although entering upon their work without experience, they have exhibited a talent for teaching which will assure them success in that profession.

FITTING FOR COLLEGE.

We have plenty of material in town from which to make collegians, and it is the earnest desire of the committee that a class of young men may be formed and prepared for college. Such opportunities for a liberal education as are now afforded ought not to be neglected. Parents should endeavor to impress upon the minds of their sons the inestimable advantages of such an education, and encourage them to obtain it. Let any young man of ordinary capacity once enter upon and acquire a taste for college studies, and his ambition will soon carry him through the preparatory course. A knowledge of the classics, however, is necessary, not only for the purposes of a college education, but also for the ordinary business of life. The study of Greek and Latin imparts that mental training and gives that power of mind, which is as essential to the merchant as a knowledge of the common rules of arithmetic, essential, because it enables him to cope with his fellow-men and to "grasp successfully the varying risks of trade." "There are wide differences of opinion as to what constitutes the most valuable studies, or what is meant by a mastery of the higher branches. With some it means adding to the students' list of facts, accumulating results acquired by others. But many such studies require no weighing of testimony, no appreciation of evidence, and are productive of no mental vigor. Some assume the utility of a

study because it deals with what is useful, and is supposed to produce practical men. Many times this is a mere supposition, and, if true, we must remember that to be practical, and nothing else, is the definition of a machine.

To educate is to change; otherwise it were useless. Success in life depends upon mental training, upon those studies which form character and lead the student to a knowledge of his own strength.

'It is a blunder founded on meanness, vulgarity, and a total misconception of man's real dignity, to suppose that a future merchant needs only such mental training as will enable him to cast up accounts correctly, read a newspaper with ease, and write a business letter without committing gross errors.'

We have the testimony of experts that the classics give by far the best mental training. In Germany it is found that boys of the classical school excel boys of the corresponding forms or grade, even in those studies recited together. A writer of high authority states that even business men in that country prefer for clerks those trained in the classics. Let a business man inquire into the daily practical value of his former school studies, and he finds a few of the simplest mathematical rules meet all his wants. He may have no occasion to use an algebraical equation during his lifetime. Much of geography, history, and scientific fact fades from his mind for want of use. But there is not a day nor an hour in which he does not want to express an idea, and may reap the advantages of classical training. Allied as the proper study of Latin is with the derivation of words, with ancient history and civilization, so closely connected with the sciences that scarcely one can be properly understood without its aid, its value as an educational instrument must be accorded, and no subordinate place claimed for it."

A GROWING EVIL.

The Committee beg leave to call attention to an evil which is growing rapidly in our midst; and that is, the removal of children from school at too early an age, to engage in the active pursuits of life. The practice of taking boys and girls from school and placing them to work in the straw shops of the town, or elsewhere, is fraught with the most pernicious consequences. They are children and their habits are yet unformed. They must be educated somewhere, and if not in

the schoolroom, then in the street; and while the one system of education tends to make them good citizens, and enables them to take high and honorable positions in life, the other may make them bad, or at least indifferent members of society; and let every parent remember that, although these children in their youthful indiscretion and want of judgment may now think it is a very fine thing to be freed from the restraint of the schoolroom, the time will soon come when they will look back upon their removal from school as the greatest misfortune of their lives.

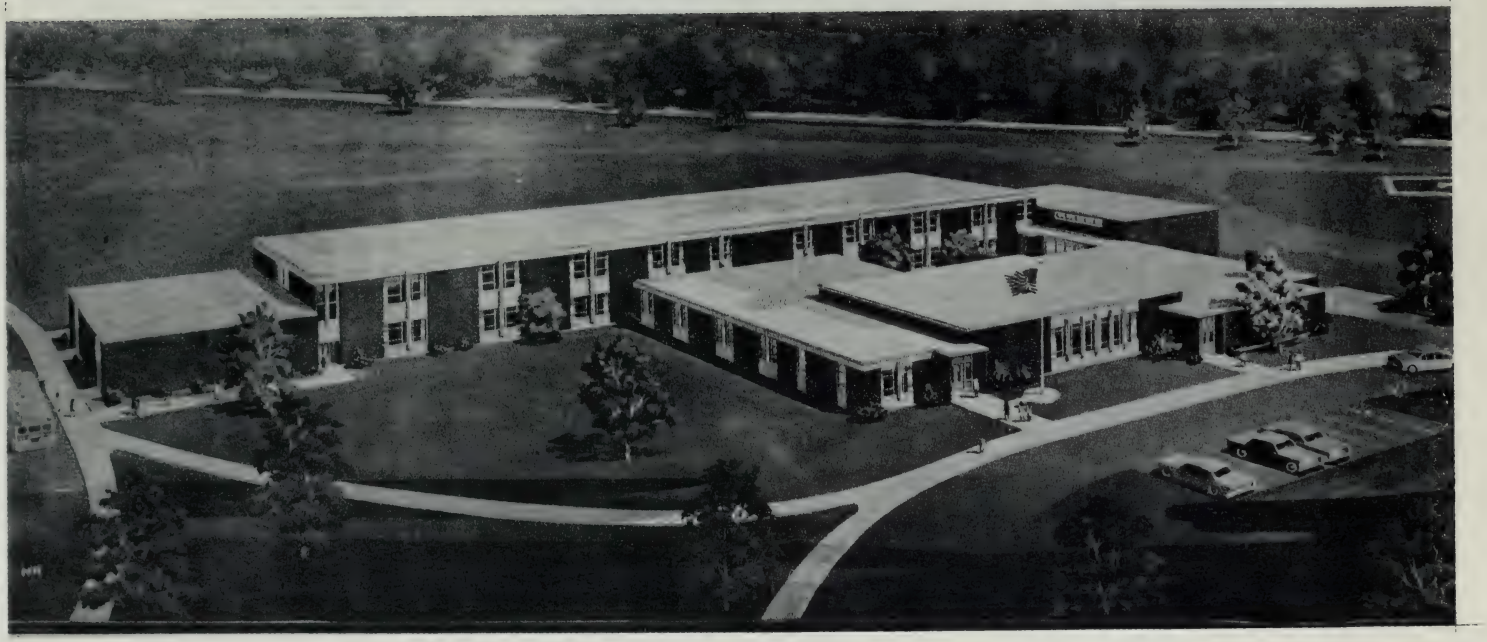

For the Committe,

JAMES HEWINS.

REPORT OF THE FIRE DEPARTMENT

Honorable Board of Selectmen:
Gentlemen:

I herewith submit my report for 1969.

During the year, several changes have taken place in the operations of the Fire Department. At the Annual Town Meeting, funds were voted to employ a full-time Chief for the first time. This move has already proven its merit. In many instances, it has been possible for the Chief to handle situations without calling the entire Department. It has also provided better communications for the townspeople with a man available to handle the many calls that come to the Station each day, as well as twenty four-hour telephone coverage at the Chief's home.

On May 1, a Safety Program was initiated with regular inspections being made in all Schools, Churches, Industrial Plants and Business Places of all types. I feel strongly that all citizens are becoming more Fire Safety conscious than ever before, starting with children in their first years of school. Most fires are caused by carelessness and if youngsters are brought up with the realization that fires may be prevented, Medfield will be a safer town in which to live.

With many new homes being built in outlying districts, a new problem arises. The Department now has to travel a considerable distance to some areas and is often faced with a lack of water. Unless available men can be kept in the Department, the Town will be compelled to employ full-time Firefighters during the day, in the very near future. This action has been recommended by the New England Fire Insurance Rating Association for many years and deserves high priority on the list of future expenditures.

Department equipment is in satisfactory condition, but two of the older pieces should be replaced with one modern truck in the near future. (1971)

The Station and facilities are being used afternoons by the girl scout Brownies and the basement is occupied exclusively by the local Civil Defense Unit. Arrangements have been made recently to allow the Edison Co. to use the Assembly Room during storms and other emergencies requiring their assistance in the Town for extended periods.

My request for a Chief's Car is based on the experience of having used my own car for five, years and finding it to be very unsatisfactory. A fully equipped car, preferably a Station Wagon, could be very useful in handling minor fires and also in case of serious accidents to which it would respond immediately and if necessary, would be available as an emergency ambulance.

In closing, I wish to thank all Officers and Members of the Department, Fire Alarm Operators and all Department Heads who rendered valuable assistance during the year.

Respectfully submitted,
WALTER F. REYNOLDS, Chief

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen:

I hereby submit the annual report of the Medfield Police Department for the year ending December 31, 1969.

RAPE	1

PERSONNEL

One of the biggest problems of the day in the Police Profession is personnel shortage. The department has had three vacancies all year. Harry C. Tominey, Jr. of Norwood was recently appointed reducing the present shortage to two. The vacancies have been covered by extra work by the regular officers and with the help of about ten special officers. The organization setup now is Chief, two Sergeants, and eight patrolmen. I desire two more sergeants to be promoted from the rank and four new patrolmen. This will allow needed coverage, with a sergeant on each shift and a full time investigator. The amount of larceny, burglary, drug use, malicious destruction of property and many other crimes warrant a full time investigator.

Robert Brady is the Juvenile Officer for the Medfield Police Department and is setting up files in the department as well as attendinding schools to become better acquainted with the duties and problems of the position. He is available to speak to parents and groups or organizations.

John Garvey is the Safety Officer for the department and is currently preparing an educational program to educate the public on pedestrian safety with regard to our town by-law and our traffic lights. Officer Garvey is also the drug-co-ordinator of the Police Department in conjunction with the Medfield Drug Abuse Committee. The Safety Officer also spends a lot of time speaking to groups, schools and other organizations.

Several Officers have attended various seminars and schools during the past year. Sgt. E. Nina Iafolla and Sgt. George W. Kingsbury attended a Basic Fingerprint School at the Brockton Police Academy. Sgt. Iafolla and Officer Brady are attending Dean Junior College studying Criminal Investigation and Case Preparation and Criminal Psychology. Officer Harry Tominey has been attending Northeastern University for the past two years and will begin his basic police training at the Quincy Police Academy on January 12, 1970. Chief Mann has attended Northeastern University the past year on Criminal Law, Evidence and Court Procedure I and II, Criminal Investigation, Case Preparation I and a drug course. Chief Mann recently attended the State Police Drug Identification Course and other officers will attend this course during 1970.

With the opening of the Ralph Wheelock School, one new woman traffic supervisor has been appointed, bringing the total to nine. They have been very dependable and conscientious in their duties.

COMMUNICATIONS

Our present base radio station is approximately fifteen years old and does not operate as efficiently as it should. In anticipation of a future expenditure of $2,000 to $3,000 for a new base station, I have made an application to The Highway Safety Program for 50 percent Federal reimbursement on the purchase of a new base station along with a new inter-city network receiver-transmitter. This will give us the communications we should have to keep in constant communication with our cruisers and surrounding towns. The new radio will have 100-watt output as opposed to the present 50-watt output, thereby eliminating the dead spots in Medfield at the remote parts of town. I also desire direct communications with the fire station. At the present time we can communicate with the fire apparatus and the Chief's car, but not with the fire station. Additional portables are needed also to work investigative jobs and to

keep an officer in contact when he has to leave the cruiser on foot.

The present teletype network, tremendously overloaded, will be discontinued on or about May 1, 1970 and a new computerized teleprocessing system will go into operation. Medfield Police Department has been accepted into this system and will receive the machine soon. This will facilitate checks on such things as wanted or missing persons, stolen cars, stolen identifiable items that we cannot do now.

With the ever increasing amount of calls being received by the Police Department, I have ordered new telephones for the station. Effective January 29, 1970, the Police Department telephone number for all calls will be 359-2315. This number will be automatic trunk-hunt line as used by most police departments and many private businesses. We wil no longer answer the telephone in the center while on traffic duty, etc. I would recommend that the fire alarm transmitter be moved to the Police Department so the desk officer will be able to sound the alarm for fire.

TRAINING

This year, I plan to implicate an in-service training program, mainly around the use of firearms, which will be co-ordiated by Officer Robert Ripley. Each officer will be required to fire his service weapon periodically. I will attempt to keep the officers abreast of the new laws and Supreme Court decisions. I have been appointed to the Legislative Committee within the Norfolk County Prosecutors Association to keep the participating departments informed of these changes.

TRAFFIC

In 1969, traffic lights have been installed at two locations in Medfield; at the intersection of Main, North and Pleasant Streets and at the intersection of South and Main Streets. The traffic lights have made a safer center of town for both pedestrians and motorists. Traffic on Main Street between Spring and North Streets is approximately 16,000 per day and on North Street near the Unitarian Church approximately 9,000 per day. To expedite the flow of traffic during the peak hours in Medfield center, a police officer is required. I believe also, an officer should be at the intersection of South and Main Streets on school days between 7:30 and 8:00 a.m.

I have atteded meetings with the Board of Selectmen, Highway Superintendent, Massachusetts Department of Public Utilities and Department of Public Works representatives and the Penn Central Railroad during the past few months to see what can be done to safely and effectively move the traffic through Medfield on Route 109, principally during the rush hours. One thing is quite clear.

Traffic on Route 109 is just to heavy to move ideally through Medfield center. Limiting parking on Main Street during the rush hours is seen as a possible help and is being worked on by the Safety Officer, myself, the Board of Selectmen and others. Also, I believe there is an immediate need for traffic lights at the intersection of Spring and Main Street and at the Railroad crossing at Main Street which will be synchronized with the present lights at North, Main and Pleasant Streets and South and Main Streets. The purchase and installation of these lights, however, may have to wait for the construction or final plans of the proposed Route 27 change.

Speed-zoning of Routes 27 and 109 and Hartford Street have been suggested by the Board of Selectmen and at a meeting with the Registry of Motor Vehicles and Department of Public Works representatives, it was learned that there are certain procedures that are incumbent on the Police Department which are quite time-consuming and it has been delayed somewhat by lack of manpower, but will be complete this winter, I expect.

I am requesting the purchase of a Vehicle Speed Indicator and mobile radios for better coverage throughout the town and to curb speeding on our highways. We now have a radar machine purchased several years ago and this new indicator will allow speed traps at two parts of the town at the same time. Many times we have found a need for more than one mobile radio. If approved by the townspeople, the town will be eligible for 100 percent reimbursement by the Federal Government under the Highway Safety Program.

POLICE STATION

With the moving of the Welfare office from the Town Hall, the Police Department was given additional space which has been badly needed for many years. To make it a more workable arrangement and to operate more efficiently, I am requesting funds to renovate the interior of the police station. I am also requesting that a committee be appointed to plan a new Police Station. Our office space, cell area, locker space and interrogation facilities are presently inadequate. We should also have a garage to house the ambulance near the police station.

GENERAL

I believe that we will have to purchase cruisers sooner than has been done in the past. With outlying areas continually building up, and new streets being constructed, our mileage is steadily increasing. In 1969, the two police cruisers traveled a total of 93,445 miles. Our newest cruiser has 39,000 miles in seven months. Additional miles have been traveled in private vehicles. I also believe a third cruiser will be required soon.

Because of complaints received each hunting season of hunters very close to residential areas and the lessening of wooded area in town, I am suggesting a town by-law be adopted forbidding the discharge of firearms or hunting without written permission of the landowner.

In our traffic marking program progressing fine with one exception. The crosswalks were not painted until school was almost over for the summer. This year, I hope to have the bids opened before Town Meeting so it can be awarded earlier. Also, I suggest a special article so the funds can be encumbered from year to year.

In my short term as Chief of Police I have been greatly impressed with the cooperation between departments within the town. I am deeply grateful for all the assistance received from all town officials and department heads and especially the Town Hall secretaries.

Respectfully submitted,

WILLIAM H. MANN, Chief

REPORT OF OPERATION OF TOWN AMBULANCE

We hereby submit the Annual Report for the Operation and Maintenance of the Town of Medfield Ambulance for the year ending December 31, 1969:

Ambulance trips made in 1969	161
Budget expended in 1969	$3,448.13
Insurance coverage	132.65
Total amount billed for 1969 trips	2611.00
Outstanding bills for 1969	912.00
Outstanding bills for 1968	436.00
Total outstanding bills	1,348.00

Ambulance runs for the year were slightly under the number of 167 in 1968.

We have included an article in the Annual Town Meeting Warrant for replacement of the ambulance. The present ambulance is a 1961 Cadillac which was a second-hand ambulance. It is the recommendation of the Ambulance Serviceman, Joseph E. Ryan, that the ambulance be replaced in view of the poor condition of the ambulance which could jeopardize the condition of the patients. We have applied and received preliminary approval under the Federal Highway Safety program for reimbursement of $6,750 toward the estimated purchase price of $14,700.

Respectively submitted,

HARRY A. KELLEHER, Chmn.
LAWRENCE E. ABAR, Clerk
WALTER M. FRANK
BOARD OF SELECTMEN

REPORT OF THE CIVIL DEFENSE DEPARTMENT

To the Honorable Board of Selectmen:

The Civil Defense Department has had a reasonably active year. Your Director and John Varnum, Deputy Director, have attended the monthly meetings held at the State Sector Office as well as many others pertaining to special activities.

The Auxiliary Police, under the able direction of John Varnum, has undergone some reorganization, additional personnel added and much training done. The contingent made up of State Hospital employees will provide additional trained people for critical areas when the training is completed. The Auxiliary have provided extra coverage on holiday weekends and special coverage for a fire and a train accident during the year.

The Radio and other communications are being evaluated and upgraded by Radio Officer Tom Dewitt. Improved operation has been experienced in the use of mobile units with the Auxiliary Police, changes are underway in our required Sector capability.

Matching funds program for the equipping of the emergency truck received its third consecutive approval from the State only to be turned down again for lack of Federal funds. It is my opinion that we should go ahead with the acquisition of the equipment for which money was appropriated two years ago. This equipment is needed by the public safety departments of the town and at present there is little to indicate that Federal money will be available for some time.

The program papers and progress reports filed with the State and Federal Civil Defense Departments have been approved without question so that the Town continues to be eligible to participate in the surplus property program. This program returns to the town each year, more in savings, than is appropriated for the entire civil defense budget. The benefits are shared by all town departments.

I wish at this time to thank the Board of Selectmen, Chief Mann, Chief Reynolds, Sergeant Iafolla, William McCarthy and the many other town employees for their cooperation and assistance during the year. Last, but hardly least, I want to thank the dedicated volunteers who have taken the time to involve themselves in the Civil Defense effort. Their help and support are most appreciated.

Respectfully submitted,

AUSTIN C. BUCHANAN, Director

REPORT OF VETERANS' AGENT

To the Honorable Board of Selectmen:

I hereby submit my report for Veterans' Benefits Assistance and Veterans' Services for the year ending December 31, 1969.

The following is a breakdown of service and assistance rendered Medfield Veterans and their dependents as authorized by the Commissioner of Veterans' Services:

VETERANS' BENEFITS

This assistance includes: food, clothing, fuel, and medical expenses for Veterans and their dependents which the state reimburses to the community.

Application for Ordinary Assistance	25
Benefits Administered	23

VETERANS SERVICES

This program is designed to orient and educate the veteran with regard to Federal and State programs of Assistance and direct them toward the institutional programs.

Hospitalization	20
Education	25
Veteran Bonuses	70
Insurance	15
Burial Allowance	10
Compensation	20
Civil Service	10
Vocational Rehabilitation	5
Social Security	12
Pension Assistance	15

We encourage all community Vietnam Veterans and their families to submit the names of Medfield participants to this department for a future memorial in their behalf.

I wish to thank Marie Burke, Charlotte Randolph, Town Officials, Veterans Organizational Officers and Community Physicians for their fine spirit of cooperation and assistance this past year.

Respectfully submitted,
PHILIP J. BURR, Veterans' Agent

REPORT OF THE PARK AND RECREATION COMMISSION

To the Honorable Board of Selectmen:

During 1969 the Commission improved and pursued the following activities:

1. The operation and maintenance of the bathing beach along with a Red Cross Swimming Instruction Program for the residents.

2. The operation and maintenance of the recreation building in which many town organizations have met and conducted their programs and business.

3. The operation of a Youth Center which has provided work parties, social interests and recreation.

4. The care and upkeep of Medfield's parks and other properties under its jurisdiction as follows:
   a. Baxter Park
   b. Metacomet Park
   c. Baker's Pond Park
   d. Tennis courts on Adams Street
   e. Green Street property—the location of the Skating and Swimming Pond.
5. The operation of a Skating Program
6. The operation of a Summer Playground
7. The operation of a diversified recreation program headed by the Recreation Coordinator.
8. Installation of Christmas lights in the center of Town.

The Swim Pond Program boasts of an increased enrollment in swimming lessons to over 1,000 children and adults. This far surpassed other years and made it necessary to increase our teaching staff. It was also necessary, due to the great numbers turning out for the general Swim Pond to have extra man-hours spent guarding. Many times during the summer, there were over 1,000 people at the Pond site and swimming periods had to be split to enable the guards to safely watch the swimmers.

This year, the Commission is asking for money to hire additional lifeguards to satisfy Red Cross Safety Requirements. Over 400 certificates of merit were awarded to those who qualified during Swimming Instruction. The Park and Recreation Commission thanks its overworked staff for another successful year of swimming.

This year, the Swim Pond enjoyed major improvements. The Pond was completely drained and the sandbed was scraped off and replaced and reshaped with new sand. Basketball backboards were installed in the play area of the Pond site. The exterior and interior of the bathouse was painted and refurbished.

It greatly disturbed the Commission to have to spend countless hours to correct and rectify the thoughtless acts of vandalism committed at the Pond site.

The Medfield Youth Cer Program remains very successful. Attendance at the dances and other activities remains high. The success of this Program is a credit to the young people responsible for its operation led by their President, Richard DeSorgher, and the Adult Advisory Board.

The building has been used almost continually by various Town Boards and Committees, Clubs, and civic functions, as well as recreation events and Youth Center activities.

The Park and Recreation Commission regretfully accepted the resignation of Fred Claidge, the Treasurer, of the Adult Advisory Board for all of its eight years. The Medfield Youth Center and the Park and Recreation Commission wishes to thank Mr. Claidge for his many hours of dedicated work for the young people of the town.

The badly needed job of repointing the brick of the Center building was completed and repairs were made to the roof and the cap flashing. Presently, the only major improvements needed on the existing building is the painting of the windows.

Plans and work projects were continued on the Metacomet Park area. The Medfield Softball League and the Little League combined with the help of the Park Commission to fill and regrade the field so that two additional baseball play areas can be made available to the Town. Special "thanks" to Mr. Stanley Fisher and Mr. Richard Weiker for their contributions at the Baker's Pond site.

It was necessary to make temporary repairs to the stones along the top surrounding the Pond and the sluiceway. This urgent need of repairs cut back the planting program at the Pond, however, we did manage to plant a line of flowering crabtrees along the south side of the Pond.

The Park and Recreation Commission, along with the Medfield Sportsman's Club, were again co-sponsors of the Medfield Fishing Derby held on April 19, 1969 at Baker's Pond. The Pond was stocked by the Mass. Fish and Game Department with some especially large trout purchased by The Sportsman's Club. Although youngsters of all ages competed, 8-year old Jimmy Morgan landed the largest trout exceeding 2½ pounds.

Mr. Richard Cantrell has carried out a variety of successful programs acting as the Commission's Recreational Co-Ordinator. Over 75 young people participated in co-ed volleyball. Fifty or more young people participated in high-school aged basketball program with about 45 taking part in the junior high aged basketball group.

A Soccer Program for junior high aged boys proved to be surprisingly successful with about 210 youngsters involved in the program. A photography Club was started and on Tuesday evenings a dozen young people will be found creating new projects for themselves at the Youth Center.

Many other activities are in the planning stage and the success of these future programs will depend on the cooperation and efforts given by volunteers.

Now in its second year, the Playground Program showed marked improvement. Although the number of children participating fluctuated, a positive productive program was developed and carried out. The Playground Counselors, along with Mr. Cantrell, deserve much credit and the Commission is looking forward to an even greater success next year.

The Skating Program has enjoyed increased popularity. The Commission purchased a snowblower and it is felt that along with our other equipment, this will make more ice available after snowstorms.

The contract for the care and upkeep of the Parks and areas under the jurisdiction of the Commission, was won by Wayne Stokes and Kenneth Fader. This is the first time young people submitted a conract and we are quite pleased with the results.

Due to a personal increased workload, Mrs. Jean Bibby, was unable to complete her term. At a joint meeting of the Park and Recreation Commission and the Board of Selectmen, Robert Morrision was elected to fill out her unexpired term until March 1st.

The success of all our programs depends on volunteer help. Due to the great support of our fellow towns' people, we have continued to carry out positive programs.

We would like to "Thank" all those who gave so freely of their time, especially the schoos for allowing us the use of their buildings and the Highway Department for all their help.

Respectfully submitted,
BRUCE A. SIMPSON, Chmn.
O. SCOTT FADER
L. LEE DESORGHER
ROBERT LUKE, JR.
JEAN BIBBY
ROBERT MORRISON

REPORT OF THE CEMETERY COMMISSIONERS

To the Honorable Board of Selectmen:
Gentlemen:

The Cemetery Commissioners of Vine Lake Cemetery respectfully submit their report for the year ending December 31, 1969.

General maintenance has been accomplished with a minimum of expense. It has been a season without the usual drought. Constant mowing was necessary with no opportunity to conserve funds.

The new garage has been started, with the excavation, walls and floor being completed.

A new section has been outlined, and in the Spring of 1970 we should grade and seed this section, and set the corner markers for each lot.

In trying to conserve our funds, the fall clean-up was held to a minimum, and will necessitate a slightly higher expense in the Spring of 1970.

We are, under three articles, asking for the sum of $1,500.00 to complete the garage, the sum of $500.00 to grade and seed Section G and the sum of $1,100.00 for the purchase of a rider-type mowing machine.

Again, we wish to express our thanks to the Highway Department for their co operation, and extending to us the use of their equipment and men whenever we needed them most.

The use of Town equipment has saved us several hundreds of dollars.

Respectfully submitted,
ALLISON T. CARR
WALTER F. REYNOLDS, JR.
JOSEPH A. ROBERTS

REPORT OF THE TRUSTEES OF THE MEMORIAL PUBLIC LIBRARY

To the Honorable Board of Selectmen:

1969 has seen the completion of the library remodeling that was begun after the unanimous approval given by the March 1968 Town Meeting. Steel beams have been inserted in the area where the supports for the main floor joists had been partially cut away in 1953 when the heating ducts for the Children's Room were installed. Thus there is now a safe foundation for the new book stacks, which will permit an eventual increase of 6000 volumes or almost fifty percent above our 1968 collection.

The new stairway and entrance on the east side of the building provide a second safe exit from the Children's Room, and easier access to the later for both patrons and personnel. Repainting the walls of the main floor and the purchase of new draperies add greatly to the attractiveness of the adult department. Modern fluorescent lighting in the Dailey Room is a boon to both patrons and staff, and points to the need for improving the lighting in the original reading room.

The final cost of the remodeling was $29,609, of which $6,493 was paid from accumulated interest on the trust fund willed to the

Town by Granville S Dailey, who gave us the library building in 1969.

In addition to remodeling, the library plant has undergone several essential repairs in 1969; re-caulking of all the windows and tightening of their stop beads; re-pointing of the bad joints on the east wall, and silicone waterproofing of that area; repair of the copper downspouts and installation of iron downspouts for the lower ten feet on both northeast and northwest corners; installation of a new dry well and cleaning of the pipes leading to it on the northwest corner. It now appears that the above measures have dealt satisfactorily with the problems created in 1967 and 1968 by water seepage into the Children's Room.

On November first, Miss Ethel Hersey retired after twenty-five years of faithful service to our library, sixteen of them as head librarian, Miss Hersey was a prime mover in the creation of a separate Children's Room was a prime mover in the creation of a y's collection during a period when the annual circulation increased from 17,000 to over 47,000.

Miss Hersey's retirement posed a problem for the Trustees, since Medfield's head librarianship is still a half-time position not likely to attract a professional librarian, and yet Medfield is now entering a population range in which employment of a non-professional would endanger our State Aid grant in the near future. Hence Medfield has been most fortunate in obtaining the services of Jane B. Archer (Mrs. Carl S. Archer, Jr.) of Medfield, a graduate of the College of William and Mary, with teaching and library experience, who obtained her Master of Library Science degree from Simmons College in 1969. Mrs. Archer has started her work with a diligence, enthusiasm, and keenness which bode well for the future of Medfield's library service.

The Trustees wish to express their appreciation to the retired librarian, the entire staff, and the custodian for their faithful work under the trying conditions created by the remodeling. It should also be noted that Mr. Francis J. Mastropieri has given the other Trustees invaluable advice on various aspects of construction and building maintenance.

Respectfully submitted,

LAURA H. SMITH, Chairman
EUGENE FETTEROLL, JR. V. Chmn.
LUCILE F. STURTEVANT, Publicity
JAMES F. BARTON, Recording Sec.
MARY M. HAY, Financial Secretary
FRANCES J. MASTROPIERI

REPORT OF MEMORIAL PUBLIC LIBRARY
LIBRARIAN'S REPORT

To the Honorable Board of Selectmen:

I hereby submit the annual report for the year ending December 31, 1969.

STATISTICS

New applicants for library cards	793
Circulation:	
Adult books and related materials	25,905
Juvenile books and related materials	23,898
Total circulation	49,803
Acquisition:	
Books	822
Records	97
Number of books discarded	941 (785 juvenile)

The children's collection had not been weeded for many years, and a consultant from the Boston Public Library assisted in this undertaking. Many of the books were donated to a school in Roxbury.

During the year, both the adult and children's collections were evaluated by consultants from the Eastern Regional Public Library System and received commendation for being current and relevant within the limitations of budget and space. Suggestions were given for expanding the collections in certain subject areas and for discarding books no longer useful.

The concept of providing public library service within the framework of library systems has been implemented during 1969 with the initiation of bookmobile service provided by the Eastern Regional Public Library System to member libraries on a monthly basis. The increased resources which this service brings to our library has been highly praised by library patrons. An additional service offered by the Eastern Regional Public Library System to Medfield residents is the opportunity to borrow materials free of charge from the Wellesley Public Library.

An effort to bring closer cooperation between the public library and the Medfield schools has been inaugurated with a meeting of the librarian and the school curriculum coordinators. Copies of the new curriculum course guides have been obtained by the librarian so that materials can be purchased which meet both the informational needs of the students and the general public.

The completion of the new room in the adult department has permitted the collection to be reorganized. Reference materials are now shelved all together and are readily accessible for use. In addition there now is a special fiction and non-fiction section for adults.

During the summer a successful reading program was continued with 116 children involved in it, and in October the popular story hour for pre-school children was resumed on Wednesdays from 3:30 to 4:30 p.m.

A memorial fund of over $500.00 in memory of Mr. Robert Peters was given to the library. Mr. Peters served as chairman of the Library Board of Trustees at the time the long range expansion plans for the library were formulated.

The library wishes to extend appreciation to all those who have donated books and other materials during the year.

Respectfully submitted,
JANE B. ARCHER, Librarian

REPORT OF THE CONSERVATION COMMISSION

Your Conservation Commission during the year of 1969 has been the recipient of gifts of several choice parcels of valuable land. Through the generosity of Edmund and Peter Wheelwright of Elm Street, our Commission was deeded 434 acres of land adjacent to the new Ralph Wheelock Elementary School. Plans are being developed to use this area as an outdoor classroom for the study of nature and conservation. In addition, a generous gift of 5.33 acres of land on the banks of Mine Brook, off Millbrook Road, was deeded to our Commission from Mr. and Mrs. Thomas T. Baldwin. This parcel initiated our program of land acquisition on both sides of Mine Brook in order to protect our new well-field watershed from the ravages of early pollution.

We also have acquired 14 acres of wetlands along the Charles and Stop Rivers at a tax title auction on December 20, 1969. This brings the total area preserved for conservation in Medfield to 216.25 acres.

The Commission of 1969 initiated, and will sponsor and support financially a two-week vacation scholarship to the Massachusetts

Conservation Camp in Spencer, Massachusetts. This scholarship is open to all boys between the ages of 14-16 by June 1970.

Mrs. Charles Gifford and other members have had meetings with the School Department to coordinate courses of study in Conservaion in the Medfield Public Schools. Further investigation and cooperative efforts will be continued in this field of interest in the coming year.

The Medfield Garden Club has once again added to our Conservation Fund the sum of $75.00 which is very much appreciated.

Daniel Hinkley has again represented our Commission, and the Town of Medfield, as a member of the Board of Directors of the Charles River Valley Watershed Association.

Robert Kinsman represents the Commission at the Neponset River Valley Conservation Association meetings.

The primary aim in 1970 will be to continue to acquire as much land as possible along the Charles and Stop Rivers and Mine Brook. All citizens who are owners of such property, and interested in conservation and the prevention of water pollution, should contact the Commission concerning their lands.

Our meetings are held regularly the 4th Monday of the month at 7:30 p.m. at the Medfield Youth Center, and all interested residents are invited to attend.

REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

To the Citizens of Medfield:

Submitted herewith is the report of the Norfolk County Mosquito Control Project of its activities in the Town of Medfield for the year ending December 31, 1969.

Aerial Larvacide	1,805 Acres
Misting from trucks	1,595 Acres

Winter pre-hatch dusting	60 Acres
Drainage ditches cleaned	4,720 Feet
Brush cut	1,930 Feet
Culverts cleaned	29 Culverts
Back-pack spraying	50 Acres
Fog applications	1,250 Acres

Respectfully submitted,
ALBERT W. HEUSER
Superintendent

REPORT OF THE BOARD OF APPEALS ON ZONING

To the Honorable Board of Selectmen:

The Board of Appeals on Zoning submits, herewith, its report for the year ending December 31, 1969.

The present Board was organized at a meeting on May 22, 1969 as follows: Charles Kenny, Chairman; James T. Regan, Clerk; Paul E. Nyren, Richard A. Chagnot, Associate Member; Mrs. Kathleen C. Conners, Secretary.

In summary, hearings were held during 1969 on requests for the following:

One Special Permit to permit the alteration of a single family unit to allow for housing of relatives. **Granted**

One Variance from side yard restrictions. **Granted**

One change of non-conforming use to permit parking. **Granted**

One Permit for building two apartment structures connected to town sewers. **Denied**

One Special Permit for construction of a gasoline station. **Granted**

Two Variances from Zoning By-Laws to permit on-site sewage disposal. **Both Granted**

One Special Permit for municipal use of land located in an "A" Residence District. **Granted**

In each case the decision of the Board of Appeals was unanimous.

Respectfully submitted,
CHARLES KENNY, Chairman

REPORT OF THE PLANNING BOARD

To the Honorable Board of Selectmen:

The Medfield Planning Board hereby submits its annual report for the year ending December 31, 1969.

MEETINGS

The Planning Board held regular weekly meetings at the Town Hall.

In addition to the regular meetings, the Board members held work sessions to finish work on the Flood Plain District and Watershed Protection District zoning to have this ready for a town meeting vote. Also during the year there were meetings with the Board of Selectmen, Board of Health, Water and Sewerage Board, the Industrial Commission, the Master Plan Implementation Committee and other Medfield boards and committees. The Board also met with town representatives from Norfolk, Walpole, Millis, Sherborn and Needham.

Saturday, Sunday and evening inspections were made by the Board members, occasionally with Superintendent of Streets William E. McCarthy present, to inspect the areas proposed for new subdivisions and to check street construction and drainage in subdivisions under development.

SUBDIVISIONS

Wagonwheel Heights, a subdivision of 32 lots, was approved by the Board following the legal procedure required for such approval. The Noon Hill Estates subdivision of 116 lots, originally submitted in 1962, was resubstituted under the Subdivision Control Law and 13 lots were added, changing the former "Noon Hill Estates No. 1" to read "Noon Hill Estates No. IA" and changing the total lots within this subdivision to 129.

Eight subdivisions were active during 1969. A table is included showing subdivision lots approved for building, number of lots released during the year for building and the number of lots remaining in each subdivision to be built. The table runs from 1956 to present.

REPORT OF SUBDIVISIONS
Medfield Planning Board

Name & Location	TOTAL LOTS IN APPROVED SUBDIVISIONS: On Accepted Streets	Within Subdivision	NUMBER OF LOTS RELEASED PER YEAR: 1956 thru 1960	1961	1962	1963	1964	1965	1966	1967	1968	1969	Total of Released Lots	Total of un-releas. Lots

***Stagecoach Estates was formerly Stop River Oaks, off South Street.

*Hatters Hill was formerly Pine Needle Park #4, off Main Street.

**Noon Hill Estates #1A - New plan approved containing 131 lots in total, two of which are on public ways.

Portions of the following streets within the subdivisions were recommended to the Board of Selectmen for acceptance:

Tamarack Road	Lee Road
Flint Locke Lane	Snyder Road
Green Street	Oxbow Road
Cypress Street	Colonial Road

ZONING BY-LAW

After many months of studying requirements for the Flood Plain and Watershed Protection Districts, which included the inspection of each brook and wet area in Medfield by members of the Board, two amendments to the "Zoning By-Law, Town of Medfield, Massachusetts" were presented to the people at a Special Town Meeting held on October 27, 1969. These amendments were passed unanimously.

OTHER MATTERS

Work sessions were held with a consultant to study possible solutions to the Central Business District problems. An open meeting was held with Medfield businessmen and other interested citizens to discuss the Central Business District. The Board intends to work with a committee composed of interested businessmen to assist in finding final solutions to the problems of the business district.

A soil survey authorized by the Town of Medfield in 1969 was conducted by the Soil Conservation Service of the United States Department of Agriculture. Final reports have yet to be received by the Board.

The Planning Board corresponded with Federal and State agencies urging the preservation of of rights of way that may be abandoned by railroads as entities for other future use. Correspondance received from these agencies indicates that they are studying this matter.

After study and a public hearing, the Planning Board revised the "Land Subdivision Rules and Regulations", principally to remedy on-lot drainage problems.

The Planning Board has worked with the Board of Selectmen and State and County officials on the relocation of Routes 109 and 27.

The Board met with the Industrial Commission to discuss a proposed zoning change to permit use of land for apartments in areas now zoned for industry and residences.

The Board held discussions with the Master Plan Implementation Committee concerning the updating of the Master Plan. The Planning Board considers the updating of the Master Plan to be of primary importance, with emphasis on the Central Business District, Capital Outlay Projections and Residential Lane Use, including apartments.

GENERAL

The Planning Board would like to express its appreciation to the many citizens, town officials and builders with whom we have worked during the year for their cooperation and assistance.

Requests for information and appointments may be obtained from the Planning Board Assistant, Mrs. John C. Willis, 14 Hearthstone Drive, Medfield.

Respectfully submitted,

BURGESS P. STANDLEY, Chmn.
NORMAN A. GRAY, JR., V. Chmn.

WILLIAM F. ROGERS, JR.
ROBERT A. VANSLETTE

REPORT OF INDUSTRIAL AND DEVELOPMENT COMMISSION

To the Honorable Board of Selectmen:

Early in 1969 a proposal was made to the Commission to use the land currently zoned for Industry, to build a large apartment complex. The Committee spent a considerable amount of time working with the various Town Boards to assess the impact of apartments in the Town of Medfield. We will be in a position to make a recommendation based on our study early in 1970.

Respectfully submitted,

G. B. GRENZBERG, Chairman

REPORT OF THE MASTER PLAN IMPLEMENTATION COMMITTEE

To the Honorable Board of Selectmen:

The Master Plan Implementation Committee (MPIC) continued to work with Town Officials and Boards during 1969 to put various aspects of the Master Plan into effect.

The following recommendations of the Master Plan took place:

1. Traffic Signals were installed at North and Main Streets and South and Main Streets (Selectmen).
2. Sections of Green and Granite Streets were paved (Selectmen).
3. Work was started on sidewalks along Dale and North Streets (Selectmen).
4. The Ralph Wheelock School on Elm Street was opened about one year earlier than projected by the School Building Committee of the Master Plan.
5. Approximitately 24 acres of additional land was obtained by the Town for conservation (Conservation Commission).
6. A Soil Survey of the Town was voted (Planning Board).
7. Funds were voted to have a Sewerage System Study done (Water and Sewerage Board).

The Town failed to purchase additional land for the Town Dump.

MPIC is available to all Town Boards and Committees to help or advise on all aspects of the Master Plan.

MPIC is co-sponsoring with the Planning Board an article in the Warrant to update the Master Plan.

REPORT OF BUILDING CODE COMMITTEE

To the Honorable Board of Selectmen
and Residents of the Town of Medfield

The Building Code Committee held regular meetings each month in the Selectmens' office at the Town Hall beginning at 7:30 p.m. During the year, Benjamin M. Greely, Vice Chairman

and Carl J. Mellea resigned from the committee because of other demands. We regret this loss. Forest T. Wills of Nebo Street was appointed by the Board of Selectmen to fill the unexpired term of Mr. Greely. Mr. Wills was one of the original members of the committee which compiled the present building code for the town, and we consider his appointment a recognition of his past performance. The replacement of Mr. Mellea as associate member has not been made and the committee would welcome any names presented to us for consideration as an associate member.

During 1969, the Building Code Committee worked closely with the Board of Selectmen, the Planning Board, the Board of Health, and other inspectors in the interpretation of the Medfield Building Code.

Discussions were held with officers of the American Legion and the applicant for the 88 unit apartment complex on the Pleasant Street site of the American Legion; also with Mr. Gerard F. Gallagher, Chairman of the Board of Health in reference to amendments to the Building Code regarding swimming pools; also, with Mr. Joseph F. Erskine, Wiring Inspector, regarding electrical permits for swimming pools, and the grounding of aluminum siding on buildings.

Additional meetings were held to draft the new proposed amendments to the Building Code on swimming pools, and aluminum siding, to be presented to the voters at the annual town meeting to be held in March 1970.

Several complaints made to the Building Inspector during the year 1969 were presented to this committee for review and were resolved to the satisfaction of all parties concerned.

Respectfully submitted,
GEORGE T. JONES, Chmn.
NICHOLAS LAVERGHETTA, V. C.
HERBERT B. BURR, Clerk
CHIEF WALTER F. REYNOLDS
FOREST T. WILLS

REPORT OF BUILDING INSPECTOR

To the Honorable Board of Selectmen:

The following is my annual report for the year beginning January 1, 1969 through December 31, 1969.

I have issued a total of 264 Building Permits (1968—257) as listed below, and have made a total of 800 inspections. Mr. Henry Kingsbury, assistant inspector until April 4, 1969 made 7 inspections and Mr. Richard A. Ostrander, his successor, made 66 inspections for 1969 as against 700 inspections in 1968.

New single family dwellings 95

New 88 unit apartment house		1
New American Legion Hall		1
Additions to private dwellings		52
Renovations to private dwellings		34
Additions to business property		2
Renovations to business property		2
Additions to Industrial property		2
Swimming Pools		19
Private stables		2
Reshingling and sidewalks		48
Demolitions		6
Total Permits		264
Total income from Building Permits (Fees) (1968—$4,368.50)	$	4,740.30
Estimated construction costs new dwellings (1968—$2,706,500.00)		1,787,200.00
Estimated cost Legion Hall		84,000.00
Estimated cost 88 unit Apartment House		1,000,000.00
Estimated construction costs of all renovations, additions, pools, shingling (1968—$220,000.00)		830,000.00
New construction on Industrial Business		none

In April, 1969, Mr. Richard Ostrander, South Street was appointed Acting Building Inspector for a term of five years, replacing Mr. Henry Kingsbury whose term expired at that time.

Article 52 of the annual town meeting of March 3, 1969 was approved by the voters and subsequently approved by the Attorney General of the Commonwealth of Massachusetts. This article amended the Building Code by adding a section concerning swimming pool enclosures around all outdoor residential, existing and contemplated pools capable of containing a depth of water exceeding twenty-four inches at one point. This necessitated additional investigations and inspections. It should be noted that 19 new swimming pools were installed during the year 1969, and indications are there should be a greater number in 1970.

The duty of assigning house numbers is still the responsibility of the Building Inspector. The number of complaints for the Enforcing Officer for Zoning has increased due to the growth and problems of the town. These combined duties make the position of the Building Inspector a full time-part time position as I have to be available at all hours every day.

I wish to thank the town officials, the other department inspectors, the administrative secretaries in the Town House, and Mrs. Kathleen C. Conners for the assistance and cooperation they have rendered me during the past year.

The local and out-of-town builders continue to be very cooperative and more than willing to improve their workmanship if I so request.

The members of the Building Code Committee of the Town of Medfield are to be commended on the solution of the many problems that I have confronting me in the performance of my duties.

Respectfully submitted,
HERBERT B. BURR,
Building Inspector

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen:

I hereby submit the annual report for the year 1969.

	Sealed
SCALES	
Over 10,000 lbs.	—

Telephone and Transportation	50.00
Bond	10.00
Supplies and Postage	31.00
TOTAL	$241.00

RECEIPTS	
Sealing Fees	$166.60
TOTAL	$166.60

Respectfully submitted,
GEORGE E. CROWELL, Sealer

REPORT OF THE BOARD OF HEALTH

To the Honorable Board of Selectmen:

The following is the report of the Board of Health for the year beginning January 1, 1969 through December 31, 1969:

The Board of Health met regularly the second and fourth Thursday of each month. No meetings were held for the first three months of the year due to lack of a quorum. Additional meetings were held, as needed, with other boards and committees.

The garbage contract was renewed with F. J. Cassidy of Medway with collections scheduled once a week during the winter months and twice weekly during the summer.

The following licenses were issued during the year:

Food Service Establishments	9
Mobile Catering	1
Ice Cream Manufacturing	1
Funeral Home Directors	2
Transportation of Rendering	1
Dump Licenses (Contractors)	3
Private Commercial Collector	1
Septic Installers Permits	17

Various organizations were also issued permits for food sales.

The Board enacted several new regulations during the year:

1. Animal Control for horses, cows, goats, sheep, swine, poultry and fur-bearing animals.
2. Four regulations were adopted regarding septic installations, including a time limit of one year for a Board of Health Permit; use of portable sanitary facilities at work sites by all builders; minimum sizes of septic tanks and leaching areas; use of certified plot plans; registration of all septic installers who repair, or install such systems.

Three new sub-divisions definitive plans were approved subject to the percolation tests on individual lots: Wagon Wheels by Huna Rosenfeld; Camelot by M & D Builders; Noon Hill Estates by Hoover Realty Company.

The Board's Registered Sanitarian Charles W. Pierce, Jr. of Newton inspected all food establishments and the public schools twice during the year. Tests were also made on the Town Swim Pond during the summer. Laboratory analysis for bacterial count was conducted on all places and found to be well within the norm allowed.

The Sanitary Inspector, Herbert B. Burr, issued 99 Board of Health Permits for new homes and repair work during the year. He also investigated approximately 45 complaints during the year. Total inspections, including complaint trips made from April 1 to December 31, 1969 totalling 231. During the year the Sanitary Inspector Edward Callow was replaced in April by Mr. Roy Owens, who was replaced in June by Herbert B. Burr. The Board wishes at this time to thank Mr. Burr for his dedication to his job and the residents of the town. Mr. Burr with a desire to know more about his work attended a six week course at the State House, receiving a State Certificate on completion of the course.

The Visiting Nurse Association under the direction of Mrs. Porter Whitney, R.N. made 663 visits covering a total of 114 cases. Three immunization clinics were held involving 278 patients. Sixteen calls were made on TB follow-up and preventive care. A total of 54 communicable diseases were reported by physicians, and a total of 12 premature infants were reported to the nursing staff. There were also 10 cases of child care and two trips to the laboratory. The Board of Health wishes to thank Mrs. Whitney and her nursing staff, as well as Mrs. Madeleine Harding, School Nurse, for their cooperation during the past year. The Board also wishes to thank Dr. A. Rittchey Stagg for being Consulting Physician for the year.

Conditions at the Town Dump present the usual problems. We are indeed very fortunate to have such fine cooperation and dedication from our Highway Department, Fire Department, and most certainly our Custodian. The increase in population coupled with the increased use of disposables have put an immediate stress on maintenance of our present dump area. Emergencies due to fires ballooned the cost of operations this year. The Board of Health asks again at this time the cooperation of all citizens during the year to abstain from any careless actions while using the dump area. We are indeed fortunate to have such a fine disposal area. Let us keep it that way. The Board wishes to thank Mr. John C. Martell for the unselfish devotion to duty throughout the year.

Total income to the Board through permits, licenses, etc., in 1969 was approximately $1,950.

The Board of Health will have an office open in the Town Hall on Mondays and Wednesdays for the benefit of the public during the coming year.

Respectfully submitted,
GERARD F. GALLAGHER, Chmn.
ARTHUR L. FARRAR, Clerk
ARTHUR P. WALKER

REPORT OF THE SLAUGHTER INSPECTOR

Board of Health
Medfield, Mass.
Dear Mr. Gallagher:

There were no animals inspected or slaughtered for the year of 1969.

Very truly yours,
FRANCIS X. MAGUIRE

REPORT OF THE ANIMAL INSPECTOR

To the Honorable Board of Selectmen:

Following is my report, as Animal Inspector, for the year ending December 31, 1969.

Fifty (50) dogs alleged to have bitten or scratched people were quarantined for a period of ten days. When these animals were checked at the end of the quarantine period, none of them showed any evidence of rabies.

Two cats and one raccoon were sent into the Wasserman laboratory to be checked for rabies. These animals were negative for Negri bodies by the impression method.

Twenty five stables used as shelters for horses, sheep, goats, beef cattle or swine were examined for general cleanliness, water supply and sufficient light. The premises were also checked for approved animal husbandry practices.

For the annual inspection, a total of 51 horses, 6 beef cattle, 28 sheep, 2 goats, 17 ponies, and 4 swine were inspected for and appeared to be free from any communicable diseases.

Respectfully submitted,
RICHARD A. ELLSWORTH, JR.
Animal Inspector

REPORT OF THE PLUMBING INSPECTOR

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report as Plumbing Inspector for the year ending December 31, 1969.

Number of Permits Issued	135
Number of Inspections	315
Number of Violations	27
Permit Fees	$1926.00

I wish to thank the administrative secretaries, and the other inspectors for their assistance and cooperation during the year.

Respectfully submitted,
J. ROGER PETRIE, Plumbing Inspector

REPORT OF THE GAS INSPECTOR

To the Honorable Board of Selectmen:

I hereby submit my report as Gas Inspector for the year ending December 31, 1969.

Number of permits issued	191
Inspections by Gas Inspector	216
Inspections by Acting Inspector	16
Total fees collected	$1,330.00
Total monies expended	$1,276.00

I wish to thank the Town Officials, the Secretaries at the Town Hall, and the other inspectors for their help and co-operation during the year.

Respectfully submitted,
WALTER R. NYE
Inspector of Gasfitting

REPORT OF WATER & SEWERAGE BOARD

To the Honorable Board of Selectmen:

	1968 Actual	1969 Actual	1970 Estimate
Total Services	1947	2050	2175
New Services	127	103	125

Totals:	$ 49,490	$ 48,152	$ 41,901

Respectfully submitted,
JOHN D. WILLIAMS, Chairman
HARRY R. LEIGHTON
ROBERT L. COULTER, Clerk

REPORT OF THE INSPECTOR OF WIRES

To the Honorable Board of Selectmen:

I hereby submit my report as Inspector of Wires for the year ending December 31, 1969.

Permits Issued	276
Inspections made	413
Income from Wiring Permits	$2507.50
Department expenses	$2347.50

At this time I would like to thank town officials, other department inspectors, Marie Burke, Gwendolyn Suereth, and Pauline Goucher for their assistance and cooperation.

Respectfully submitted,

JOSEPH F. ERSKINE, JR.
Inspector of Wires

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Medfield:

The School Committee recommends that you read the following reports of the Superintendent and other administrative personnel of our school system. One thing should be very apparent, the Medfield School system is big business! Like big business, hundreds of man hours have gone into negotiations and Committee considerations. No Annual Report should be written without some recognition being given to all of the people involved who give so much of themselves.

The School Budget continues to climb and so it will in view of increasing costs of living and its effect on salaries, material costs and necessary maintenance. Postponement of repairs is never a money saving technique, time after time we have found that the repairs are more serious and more expensive. A planned preventive maintenance program is the only economical approach to this problem. The budget also will increase in view of our ever increasing enrollment coupled with State required and teacher negotiated ratios. A factor of increasing complexity with the influx of over thirty students since the start of school in September.

The space problem has not been solved, even with the opening of the Ralph Wheelock School on December 8, 1969. The High School has a serious cramped situation which is stifling their program and has forced us to move the ninth grade into the Junior High, which is not best educationally nor economically in view of the duplication of efforts and the inability to utilize staff properly. The necessary addition to the High School is also preventing our introducing Kindergartens into the system. We must move the ninth grade back into the High School, the sixth grade back into the Junior High before we will have the necessary space in the elementary schools.

This year we have introduced Curriculum Coordinators into the system replacing the Department Head. These Coordinators are charged with working within the individual subject areas and developing it into a coordinated program from grades one to twelve. Hopefully this will ease the transition of students from one school to another, as well as the marrying of two sets of elementary school pupils at the Junior High School. It should be noted that by the introduction of these trained personnel into the system an even greater demand for materials, aids, work shops and other budgeting items come under consideration.

This report must also record the excellent cooperation and understanding demonstrated by all people affected by the need for double sessions the first half of this school year. Truly, happiness was December 8, 1969. However, this cooperation and understanding are only another example of the excellent rapport between the school system and the citizens of Medfield who provide and demand the best education possible.

Respectfully submitted,

RICHARD R. RANDLETT, Chairman
JAMES D. SULLIVAN
DENIS ROBINSON
GORDON W. THOMAS
LENNARD T. SWANSON

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Chairman and Members of the School Committee:

I have the honor to submit herewith my Thirteenth Annual Report which is the eighteenth in a series of Annual Reports of the Superintendent of Schools in Medfield.

ENROLLMENT BY GRADE

October 1, 1969

Gr.	Spec.	1	2	3	4	5	6	7	8	9	10	11	12	Total
Boys	7	113	117	108	129	128	110	115	117	103	86	88	78	1299
Girls	5	122	118	125	130	109	112	113	93	91	91	84	77	1270
Total	12	235	235	233	259	237	222	228	210	194	177	172	155	2569

ENROLLMENT EFFECTS

As of October 1, 1969, a gain of 205 students was noted over the enrollment figure of October 1, 1968. The trend of a steady gain continues each year as is evidenced by an increase of 164 in 1965, 176 in 1966, 190 in 1967, and 185 in 1968.

Medfield will have to meet this growth by providing new school construction and adding facilities to existing buildings.

The preliminary plans for an addition to the High School have been approved and early in 1970, the Town will be requested to approve funds for its construction.

An examination of the enrollment figures by grades as of October 1, 1969, indicate the need of additional space at the Junior High School no later than three years from now. It must be noted that there will be an increase in these figures each year due to natural growth.

RALPH WHEELOCK SCHOOL

In December, the Board of Selectmen officially designated the new elementary school on Elm Street to be named the Ralph Wheelock School in honor of Medfield's first Schoolmaster.

The school was opened for students and staff on Monday, December 8. All spaces were utilized with the exception of the library, kitchen, stage and the two physical education areas.

From September 3 through December 5 all youngsters in Grades 1 through 6 were on double sessions. The enrollees and Staffs for Memorial and Dale attended from 8 a.m. to 12 noon at Memorial and Dale—the Wheelock group attended from 1 p.m. to 5 p.m. at Memorial and Dale.

There is no question but that this was an "ordeal" for everyone concerned, however, the attitude and cooperation of the children, the Staffs and the parents left little to be desired. The highest commendation is thankfully given to all.

MAINTENANCE REPORT

The following is a complication of repair, replacement, additions and preventative maintenance done on our schools during the 1969 calendar year. Prepared by James H. Morris, Ass't Supt. and Harold Pritoni.

Memorial School

1. Painting.
   a. All outside doors and frames
   b. All outside trim
   c. All exterior awnings
   d. In the Old wing — all inside windows and door frames
   e. Carport
   f. Exterior roof vents
   g. Kitchen walls
   h. All exposed radiators
   i. Boiler Room (walls and piping)
   j. Table, benches, and wells in cafeteria
   k. Main entrance
   l. All exterior windows (putty and paint)
2. Pointed and caulked exterior masonry walls where necessary.
   a. Replacd exterior glass blocks on walls
3. Replaced curtains on glass wall and on Stage in the Auditorium.
4. Replaced window shades in new wing.
5. Boilers, chimney, smoke pipes cleaned.

Resurfaced Stage Floor in Auditorium
Repaired Dutch Oven in Boiler #1.
Installed new Fire-eye Control Panel in Boiler Room.
Installed new Pre-Heater Pump in Boiler Room.
Six blackboards replaced.
All blackboards resurfaced.
Four sink frames in classrooms rebuilt and new tile installed on counters.
All roof leaks repaired.
Replaced mirror in boys room in new wing.
All broken glass replaced throughout the School.

New Equipment

1 Vacumatic water vacumn cleaner
1 20" buffing machine
1 Tool Kit
1 Mop bucket
10 End locks for cafeteria benches & tables
1 Step ladder
1 Garbage disposal
New filters for Univent control system

Dale Street School

1. Painting
   a. Entire front entrance on Dale Street
   b. Front corridor
   c. Rear stairwell to the Boiler Room
   d. All exterior doors
   e. Custodian's office
   f. Boys & girls toilets
   g. 6 Window sills in Administration office — completely sanded and refinished
2. Replace 2 fuel pump motors in boiler room.
3. Dutch Oven in number 2 burner replaced.
4. Installed new exterior sign for Administrative Offices.
5. All roof leaks repaired and shingls replaced where necessary.
6. Toilet seats replaced in all toilets.
7. All permanent seats in the Auditorium drilled and reset where necessary.
8. All exterior masonry walls pointed and caulked where necessary.
9. Initial work began to soundproof old girl's locker room for instrumental area.
10. Installed new exhaust fan motor for library.
11. Condensate vacumn pump and automatic feed pumps in boiler room overhauled.
12. Boilers, chimney and smoke pipes cleaned.
13. All broken glass replaced.
14. Storage room opened under school.
15. Chain link fence installed.
16. Driveway hot topped.
17. Overhead door installed.
18. Return pump on heating system installed.

New Equipment
   1 20" Buffer
   1 Vacumn Cleaner
   1 Tool Kit

Junior High School

1. Painting
   a. All outside doors
   b. Carport scraped and cleaned
   c. Bleachers for football field
2. New wood shop wired.
3. Control valves replaced on
   a. Univent in girls' gymnasium
   b. Hot water system in boiler room
4. New pump installed on Pre-heater in boiler room.
5. Replaced relief value on domestic hot water burner.
6. Installed in boilers #1 and #2
   4 Dutch Ovens

4 Noze Cones
4 Spinner Cups
4 Air Rings

7. Replaced water bubbler in boys' gymnasium.
8. New louvres installed in boiler room windows.
9. All roof leaks repaired where necessary.
10. Boilers, chimney and smoke pipes cleaned.
11. All broken glass replaced.
12. Pointed and Caulked.
    a. Boys' locker room
    b. West corridor, first floor walls
    c. Chimney
13. New water bubbler installed at boys' end of gymnasium.
14. New battery installed in emergency generator.
15. Outside basketball courts resealed.
16. All kitchen traps cleaned by Roto-rooter service company.
17. All pulleys and belts for Univents and motors repaired or replaced.

Senior High

1. Painting
    a. All outside doors
    b. Danger zones around machines in the Wood Shop
    c. Window sills caulked and painted where needed
    d. Boys locker room walls
2. New Pre-heater installed in boiler room.
3. New Fire Eye Control Panel for burners.
4. Motor for fresh air intake and controls for induction fan for boiler room.
5. 2 Fuel pump motors rewired.
6. Gymnasium pointed and caulked.
7. Gymnasium door retracked.
8. New battery installed in emergency generator.
9. All pulleys and belts for Univents and motors repaired or replaced.
10. All broken glass with exception of gymnasium wall replaced.
11. All roof leaks repaired when necessary.
12. Boilers, chimney and smoke pipes cleaned.
13. 6 Thermostats repaired.
14. Garbage disposal installed.
15. Emergency generator rebuilt.
16. Frames on all outside doors repaired.
17. Venetian blinds repaired in office area.
18. Tool Kit.

Outside Grounds

1. All fields fertilized.
2. Track and baseball diamonds saturated Spring and Fall with Weed Killer.
3. All dead trees and shrubs removed and replaced.
4. Dry well installed at Dale Street.

5. Sections of Wood Fence replaced at the High School.
6. Soccer nets and frames built for play area at Junior High School.

Other

1. Vandal Alarms installed in all schools.
2. Water treatment started for all heating systems.
3. New truck purchased.
4. Survey of all boiler systems and pumps undertaken.

FEDERAL FUNDS

The Elementary and Secondary Education Act of 1965, Public Law 89-10, Title I funded three projects during the year. Project "Respond" provided psychological service in the amount of $3000. Project "Develop" was the summer school program at the Junior High School and was funded in the amount of $17,880. Project "Counselor" was funded $2500 and provided additional counseling service at the Junior High School.

The National Defense Education Act, Public Law 864, Title V granted $493.50 for Guidance.

The Elementary and Secondary Education Act of 1965, Title II funded $1958.89 for library materials.

The Vocational Education Act of 1963, Public Law 88-210 provided $448 for Business Education.

ACKNOWLEDGEMENTS

I know that all of the school staff personnel and students join me in extending gratitude to the citizens of Medfield for the financial and civic support given throughout the year.

We also are grateful for the honors, gifts and scholarships given by the Medfield High School Student Council, Lions Club, Daughters of the American Revolution, American Legion Post No. 110, Hannah Adams Club, Medfield Teachers Association, The Boosters Club, Medfield Youth Center, American Legion Auxiliary Beckwith Post No. 110 and Dr. and Mrs. Sheldon D. Murphy.

The courtesies and assistance given to us by our Town Officials and Departments have been thoroughly enjoyed and appreciated.

Personally I wish to recognize our administrators, teachers, secretaries, custodians, health and cafeteria staff for the helping hands they have made available to our students and for the cooperative effort which has made this year a success.

Within my office I am grateful for the support given to this system and to me by Mr. Morris, Mrs. Kerr, Mrs. Shugrue, Mrs. Greenlaw, Judy Kerr and Mrs. McCarthy.

Sincere thanks and appreciation are extended to the members of the School Committee and the School Planning and Building Committee who have worked so diligently for the maintenance and improvement of the Medfield Public Schools.

Respectfully submitted,

THOMAS A. BLAKE, Superintendent

REPORT OF THE MEMORIAL ELEMENTARY SCHOOL

To the Superintendent of Schools:

It is a pleasure to submit my fifteenth annual report as principal of the Memorial School for the year ending December 31, 1969.

The double sessions this past fall did not prove to be confusing or damaging to the daily program. The teachers are to be commended for their patience, hard work, concern, and interest in giving their "all" to the pupils in their charge during the shortened school days.

The communicative arts, which include reading, still hold first place in our curriculum. Our main objective is to develop a sound foundation in the area of reading. Learning to read is a continuous process involving a number of skills. These skills are introduced in the primary grades and continue to be developed in the later grades through the secondary level.

In the primary grades it is desirable that rather than as a chore children be led to regard reading as a means of enjoyment and recreation. Since children progress at different rates of speed the students are grouped accoding to their learning ability in reading.

Mathematics is another subject of importance in the early grades. Many people believe that mathematics is not a well-liked subject, even at the primary level. We feel that much of this distaste, to the extent that it exists, can be eliminated by classifying the pupils in accordance with their capacity to progress with satisfactory results in mathematics. Following this procedure, each group is working at the level which its members can comprehend, and they arrive at a stage of success and a feeling of security without becoming frustrated.

The newly appointed coordinators are working with the teachers bringing forth supplementary help in all subject areas.

Audio-Visual aids are a useful adjunct to conventional instruction. Overhead projectors, television, film strips, record players, and tape recorders are being utilized daily in the various subjects by all classroom teachers.

The administering of tests to determine ability and achievement takes place in the fall and spring with the assistance of the guidance department.

We are lacking space at Memorial School. Our auditorium is serving as a gymnasium. One room now devoted to our audio-visual programs will be needed as a classroom next year. Each year we are hopeful of setting aside a room in which to establish a true library, but this hope has not yet come to realization. But we do have the individual classroom libraries.

Our Christmas celebration of 1969 took the form of open house, with parents visiting the classrooms, viewing the decorations, talking to Santa, and listening to the singing of Christmas carols.

As a new year dawns, it is possible to recognize and to write that the preceding year in our academic groves has again been one of challenge and reward.

I wish to thank the Superintendent, Assistant Superintendent, School Committee, School Faculty, and the citizens of Medfield for their loyalty and cooperation during the year.

Respectfully submitted,
MAUDE S. WASHBURN, Principal

REPORT OF THE DALE STREET SCHOOL

To the Superintendent of Schools:

As Principal of the Dale Street School, it is my pleasure to submit my seventh Annual Report for the year ending December 31, 1969.

School Population

Dale Street School grew to a total of 718 students from January to June. This made our building extremely crowded with every available space utilized. Fortunately, with the enthusiasm and professionalism of the staff and the cooperation of the students, it was possible to maintain a complete and varied program. This September, with the division of the students North and South, school opened with 438 pupils in seventeen classrooms.

Program

During the Spring, all staff members participated in:

1. General achievement testing of all students

2. Revising and rewriting the curriculum
3. Taking a complete inventory of all texts and equipment
4. Frequent meetings for individual student evaluation
5. Parental conferences

As an integral part of the total school program, the following co-curricular activities offered opportunities for student involvement:

1. Science-Math Fair
2. Spring Music and Art Festival
3. Class assembly programs
4. Intramural basketball
5. Square dancing
6. Class Day—Grade five
7. Award Day assembly

The planned September opening of the new elementary school at Elm Street was delayed until December eight. This caused major changes in all areas of our school's operation. With the cooperation and professionalism of the faculties of both schools, a complete academic program was successfully offered to all students. The opening of school in September, the daily operation of the schools, and the move to Elm Street on December eight were all accomplished with a minimum of difficulty.

This Fall the following activities and improvements were offered and made in the program:

1. Intramural Flag Football for boys
2. Intramural soccer for girls
3. Report card revision grades four, five and six
4. Additional physical education period per week for both boys and girls
   a. Includes AAHPER Fitness Test twice a year
   b. Fitness program to improve scores
5. A full period of Art and Music each week for every student
6. Instrumental Music Program

Library

The library has been expanded in size by using what was classroom No. 14. This expansion has relieved overcrowding and allows each class to use the library facilities comfortably and more efficiently. Our library program continues to increase its offerings and to become an increasingly important part of each student's school life.

I wish to thank the Superintendent, Assistant Superintendent, School Committee, School Faculty, and the citizens of Medfield for their cooperation and assistance during the year.

Respectfully submitted,

ALLAN K. BELCHER, Principal

REPORT OF THE RALPH WHEELOCK SCHOOL

To the Superintendent of Schools:

As Principal of the Ralph Wheelock School, it is a pleasure to submit my first annual report for the year ending December 31, 1969.

The 1969-70 academic year commenced with double sessions at the elementary level. For approximately three months children were attending classes at Memorial School in Grades 1 through 3 and at Dale Street School in Grades 4 through 6 from 1:00 to 5:00 p.m. During the four hour afternoon session, children were receiving a regular class program with art, music and physical education.

On Monday, December 8, 1969, all Wheelock students and teachers were transported from their assigned schools to an attractive, two-story, 28-classroom building. It was designed and constructed to meet the needs of all children. The following facilities are included:—Large classrooms, kindergarten, health and conference rooms, remedial reading room, two physical education areas, cafetorium, an instructional materials center, administrative offices and a teachers' dining and lounge area. Grades 1 through 3, a special class and music room are on the first floor and Grades 4 through 6 and an art room constitute the second floor. At this writing, the two physical education areas and the cafetorium were near completion.

On January 5, 1970 the total enrollment was 543. With four classes of each grade and one trainable special class; the average class size is twenty-three (23).

The following is a brief description of our educational programs geared to meet the needs of all pupils. Certain revisions have been instituted through the combined efforts of coordinators and teachers.

READING— Our total reading program has basically three distinct parts.

1. **Phonics** which teaches children to "sound out" words. They begin by learning the letters and their sounds and putting the sounds together to make words. Phonic instruction is continued through Grade 6 as part of the reading and spelling program.

2. **Reading Skills** teaches children **how** to read. These skills are developed through a Basal Reading Program and through other various techniques and materials. Many classes have three or more small groups which allows a child to receive individual help. Through constant evaluation a child's reading ability is checked which will permit him to progress at his own rate from one level of reading to the next.

3. **Remedial Reading** is given to individuals or small groups of children who have specific reading difficulties. Special techniques and a variety of materials are utilized. This program is offered to

children by a full-time remedial reading teacher in Grades 1 through 6. She also provides assistance in the selection of new materials, and acts as a consultant in further planning of reading experiences for groups or individuals.

As the school year progressed a goal of our Reading Program was to initiate individualized reading. From a collection of books, covering a wide range of interest, each child will select a book that appeals to him. After he has read the book, his teacher will check him to determine how much he has gained from reading the book. Checking usually takes the form of a discussion concerning the child's reaction to the book, its content and vocabulary. Through this program children will read more books with understanding and enjoymet and will also provide an effective practice of developing reading skills.

The Palo Alto Reading Program was initiated in a first and second grade. This is a new phase of reading for children who experience difficulty in other programs. Mastery of sequential steps through an integrated structure provided maximum opportunity for an individual child to meet his own needs. A child will proceed in a step by-step progression to the point where he can become an independent reader.

MATHEMATICS—The basic objectives of our mathematic program are to help each child develop in logical reasoning and computation and to develop an understanding of the place of mathematics in our society. The children are grouped in mathematics according to the rate in which they learn. An introduction of ability grouping in mathematics was also devised in Grades 2 and 3. Through performance, observation, diagnostic tests and teachers' recommendations, children move from one group to another. Through constant evaluation changes are made to the advantage of the child and to insure the best possible instruction in mathematics.

SOCIAL STUDIES—GEOGRAPHY AND HISTORY have been treated as separate subjects. Plans have been formulated to include social sciences, physical sciences and humanities so that the child develops knowledge, skills and attitudes needed for effective social living.

ENGLISH— is composed of grammar, spelling and oral and written expression. Creativity is emphasized in the program.

SCIENCE— With the tremendous change in this field, children are taught to understand scientific concepts which will develop through investigation and experimentation.

ART—The Art Program enriches a child's visual experience. Many graphic illustrations such as murals, posters, designs, and paper mache have been displayed in corridor and classroom bulletin boards reflecting the wide interest and abilities of our pupils.

MUSIC—The Music Program consists of two major parts:

1. Classroom or vocal

2. Instrumental

Children have an opportunity in the upper grades to participate in band and chorus during after-school hours.

PHYSICAL EDUCATION—Calisthentics not only is taken into consideration but also the enjoyment of playing games. Basic skills such as running, jumping, hopping, activity involving balancing and coordination are instrumental in developing more advanced skills. An intramural program was established upon completion of the physical education areas.

SPEECH THERAPY—Under the direction of a speech therapist, pupils are given training which will aid them in speaking and hearing as effectively as possible. Therapy is given to certain children of grades 1 through 6.

HANDWRITING—The Rinehart Writing System continues to be the penmanship program for grades 1 through 6. A new instructional method has been investigated and will be piloted in Grade 1 in September.

LIBRARY—A full library program will not be scheduled for pupils until late spring. However, audio-visual equipment and books have been accessible to the teachers. Such aids as tape recorders, record players, overhead film and slide projectors, etc., which were purchased through the Building Fund has helped teachers to reinforce the learning situation at a more rapid rate and contributed to more effective teaching. A reference collection for special projects was provided through the cooperation of the Librarian. As the weeks progressed more books and instructional material were made available. The school library with its excellent facilities will become the central focus for instruction, student research and recreational reading activities.

TEAM TEACHING—is another organizational pattern within which our school has greatly improved the quality of its instructional programs. Periodically during the year two or more teachers have share responsibility for the planning, presentation and evaluation of lessons prepared for two or more classes of students. This plan has made it possible for: 1. Better utilization of the teaching staff in specialty areas. 2. More flexibility in grouping and scheduling. 3. Privisions for large group, small group and individual instruction. 4. Increase use of audio-visual aids.

Periodically during the year a newsletter was sent home with the children informing parents of special notices and school activities. Articles of an educational nature were included. The newsletter goal was to provide answers to many school questions and to achieve harmonious relations with the home.

I wish to express my gratitude to the principals and teachers at the Dale and Memorial Schools for allowing us to share their facilities, materials and equipment which made it possible to carry on an effective educational program.

Appreciation is extended to the parents for their patience and cooperation during the double session period.

I wish to thank the Superintendent, Assistant Superintendent, School Committee and all school personnel for their assistance and cooperation.

Respectfully submitted,

FRANK J. HOFFMAN, Principal

REPORT OF THE JUNIOR HIGH SCHOOL

To the Superintendent of Schools:

I am pleased to submit the annual report for the year ending December 31st, 1969.

Beginning in September, 1969, and continuing for a period of two academic years, Grades 7, 8, and 9 are included in the junior high school. Enrollment in these grades presently numbers 640.

Items of interest in the subject areas for 1969 are as follows:

English: A new literature program, referred to as the Oregon Curriculum, was introduced into some seventh and eighth grade classes on an experimental basis in September. It is a sequential program including the various forms of literature such as folklore, myths and ballads. This approach to the study of literature appears very logical and staff members are pleased with its results. Continued stress is being placed on correct and effective written and oral expression. In the study of both literature and grammar teachers are making use of transparencies and the overhead projector. This instructional tool is most helpful in initiating writing assignments which are creative in nature.

Reading: Developmental reading instruction in junior high is designed to make critical and intensive reading more meaningful. This skill is most important both to academic and social success. Many of our seventh and eighth grade students are programmed into the developmental reading course, while ninth graders have the freedom of choosing the subject. Individual attention is constantly available to pupils who are in need of this help.

Mathematics: In order to provide a five-year sequence of high school advanced mathematics, accelerated programs are offered to seventh and eighth graders. Algebra I is given to some pupils at eighth grade level, followed by Geometry in grade nine. The department relates the new interpretations of mathematics to the fundamental principles of the subject matter. A remedial program has been in effect enabling students to have individual help after school. In departmental meetings, staff members are continuing their study and revision of the curriculum.

Science: With the advent of the ninth grade to the junior high school, B.S.C.S. Biology is offered to one class at this grade level. The Earth Science program has been extended to meet the Science needs of all other grade nine pupils. All six Science laboratories are now being used and major stresses of the instructional program involve laboratory techniques, scientific inquiry and problem solving.

Social Studies: A new inquiry approach is being taught on an experimental basis to some grade seven students in United States History. The plan is to use original sources and case studies in order to help the student better analyze and appreciate the history of our country.

The area studies approach in World Geography is being extended to all Grade eight classes. Four major regions have been selected for in-depth study.

The Grade nine curriculum will be evaluated this year. Selected paperbacks are being used in the Ancient History and Government classes.

Last spring our students took part in a successful program entitled "Drug Use and Abuse". Students watched several television programs and reacted to these programs during class discussion that followed.

Foreign Language: Foreign language offerings at ninth grade level include both French I and French II as well as first year Spanish. Beginning French is offered to students both in seventh and eighth grades. Presently the French Club activities include foreign language games and songs as well as the study of French customs. The language laboratory services thirty students at one time and continues to be a focal part of the language program. Stress is placed on the audio-lingual approach to the study of both French and Spanish and efforts are made toward the mastering of the four basic language skills: listening, speaking, reading, and writing.

Music: Last spring, the music department, with the aid of the drama club, presented Gilbert and Sullivan's Operetta "The Mikado". It was well received by students and parents alike.

The junior high band is becoming a well-knit, experienced group. Rehearsals are now held three times per week.

Industrial Art and Homemaking: September saw the opening of the second Wood Shop for boys and the addition of a teacher to the Home Economics Department. A most successful fashion show climaxed the 1968 69 school year, and the Industrial Arts project displays in June evidenced work of a superior nature in this department.

Speech: Twenty-two of our students are enrolled in the Speech Therapy Program at present. The major portion of the program is devoted to the correction of articulation errors, non-fluency and the voice disorders of poor speech quality, inadequate pitch, lack of intensity and poor rate of speaking. Speech problems due to organic causes such as cleft-palate, cerebral palsy, and mental retardation are also included. Students become aware of the importance of good speech in their classroom performance as well as in their future vocations. Emphasis is placed on learning to listen discriminately to sounds as well as voice patterns of good speakers. Extensive use is made of audio-visual equipment incorporating choral reading, poetry, and excerpts from literature.

Physical Education: Both boys and girls classes have participated in the American Association of Health, Physical Education, and Recreation fitness test programs. Speedball, football, volleyball and basketball are included as regular units in the boys' program. A new unit on cross country was initiated earlier this year. Girls have concentrated on soccer, field hockey, volleyball, and tumbling, and a new unit on rhythmics has recently been introduced.

The junior high intramural program is very active. The seventh, eighth and ninth grade boys participate in flag football in the fall, and in basketball during the winter months. The girls have worked most profitably on the seasonal games related to daily class activities.

Library: Room 116 has now been opened as a library reference room. Here are located all of our encyclopedias and related reference materials. This has made possible the development of a new listening and viewing station in the main reading room of the library. The book collection now numbers 4,751.

I would like to express my sincere thanks to the Superintendent, the Assistant Superintendent, the members of the Faculty and the School Committee for their help and cooperation throughout the course of the year.

Respectfully submitted,

THOMAS F. DONAHUE, Principal

ANNUAL REPORT OF THE
AMOS CLARK KINGSBURY HIGH SCHOOL

As Principal of the Amos Clark Kingsbury High School, I hereby submit my fifteenth annual report for the year ending December 31, 1969.

In March of 1969, the faculty completed the self-evaluation program in preparation for the evaluation by the New England Association of Colleges and Secondary Schools, Inc. The Association accredits colleges and secondary schools in the six state area.

The Visiting Committee consisting of 22 educators, evaluated the school on April 28, 29 and 30. Based on their findings, it was recommended that the high school be voted a full ten years membership in the Association. It was so voted.

In September, due to lack of space, grade nine remained in the Junior High School. Grades 10, 11 and 12 are presently housed in the high school as plans for an addition are being considered.

At graduation exercises on June 8, 1969, diplomas were awarded to 117 members of the graduating class.

The following awards were made at commencement: Harvard Prize Book, Virgil Stites; Faculty Award of Merit, David Sexton; Bausch & Lomb Science Award, Joanne Running; The Alton H. Hartford Award, Linda Spender and Nancy Bowman; American Legion Medals, Richard Lovelace and Margo Mastropieri.

The following scholarships were awarded: The Medfield Teachers' Club, Jay Aronson (Middlebury College); American Legion Beckwith Post No. 110, Robert Alexander (Brown University); Medfield Lions Club, Joanne Running (Massachusetts Institute of Technology); Hannah Adams Club, Ellen Vanslette (University of Massachusetts); Fernandes Market, Jeffrey Lee (Bowdoin College); Medfield Youth Center, Celeste Templeton (Lyndon State Teachers College); Medfield Chapter National Honor Society, Jill Rulfs (University of Massachusetts); Hannah Adams Club (music) Pamela Fader (Keene State Teachers College); American Legion Auxiliary, David Sexton, (Wentworth Institute).

Respectfully submitted,

CHARLES F. MAINS, Principal

ANNUAL GUIDANCE REPORT

To the Superintendent of Schools:

As Guidance Director of the Medfield Public Schools, I am pleased to submit my sixth Annual Report. This encompasses the period from January 1, 1969 to December 31, 1969.

It is said the primary purpose of a guidance program is to facilitate the maximum development of each individual through education. This implies that a guidance or personnel program is essential to appraise adequately individual needs and potentialities and to assist pupils in self-understanding and self direction. We emphasize the application of guidance activities for all pupils and again express the need for the extension of counselors to the elementary level. Pupil personnel activities and programs are not separate from, but an integral part of any school program which is focused on effective learning and teaching. To this end the guidance staff in the High School, the Junior High and the consulting psychologist are utilizing specific tools for the study of the individual and groups of pupils.

We have found in recent years that a fair proportion of our students are from other sections of the country and this population has become fairly transient due to the highly professional nature of the community. This leads to a much greater variety among students in their backgrounds, capabilities, interests and goals. It also suggests the need for the counselors at all levels to become more aware of the diversification of educational and vocational placements both in school and out that must be made and the techniques necessary to keep abreast of such changes. Meetings in the evenings have been held either individually or in groups with parents and pupils discussing such diverse areas as course selections, post secondary applications, analysis of interest inventories, employment and occupational trends and the college boards. The High School counselors, as guests of the sponsoring institutions, visited colleges in Pennsylvania and the Middle West and we earnestly suggest this continue as being a valuable resource in describing more realistically the educational oportunities outside New England. Walpole was the host town in the spring with the rotating system of college nights and a large segment of our upperclassmen attended. We are encouraging admission officers from other sections of the country to visit Medfield to talk with interested students and over twenty-five were welcomed in 1969.

The percentages of students going on to post secondary education (63 percent) and those entering the work force (20 percent) has remained fairly constant. However, the changing complexity of occupations and the needs of the labor market has necessitated upgrading and diversification of entry skills, a continued expansion of the work-study program and the administration of more sophisticated interest inventories at both the Junior High and High School. Our graduate intern from Northeastern University has fo-

cused on the in-depth interpretation of these devices to students in both the 9th and 11th grades. To supplement this orientation, the Massachusetts Department of Education will be conducting a multi-occupational experience directed towards the girls in grade 9. This will provide simulated job tasks representative of employment opportunities in the greater community. Data gathered from our procedures and theirs will generate profiles that can show the need to provide prevocational intervention and expanded vocational offerings in our schools.

During the spring we called on members of the community who had preschoolers to assist us in the screening of their youngsters to indicate readiness for entrance into Grade 1. The response was extremely gratifying and over 190 youngsters were done. A group of volunteer mothers were trained and assisted with some other selective aspects of the testing. Although questions of constitutional and developmental lag are not clearly defined at this age level the screening was very helpful in defining those youngsters who might not be ready for school or those who would profit from supportive school services.

With a view to the future as guidance services are extended to all levels we will be able to reorient priorities in pupil services from a crisis orientated to a prevention oriented approach. For example certain major social issues have implications for children. The draft, drug use and abuse, student protests, racial tensions, human relations and morality and the like confront young people with the necessity for major personal decisions. Pupil services should vigorously confront these issues and press for organizational and curricular modification where and when it is needed. To do this, closer contact with parents, students and teachers will enable guidance to be the catalyst to convert groundswells of thought into influencing school policies, objectives and procedures.

Our earnest thanks to all who have contributed in so many supportive ways to the functioning of pupil services in the Medfield Schools.

Respectfully submitted,

ALAN E. HASTINGS, Guidance Director

REPORT OF THE DIRECTOR OF ATHLETICS

To the Superintendent of Schools:

It gives me great pleasure to submit my first annual report as the Director of Athletics for the year ending December 31, 1969.

At the High School teams participated in football, cross country, field hockey, boys and girls basketball, baseball, golf, softball, tennis, and track.

The football team led by Captains Gerry Finn and Gary Vollmuth won their fourth straight Tri-Valley League championship. The team compiled a record of seven wins and two ties.

The Junior Varsity, coached by Mr. Peter Larson, had a very successful seven wins and one loss season.

Our Cross Country Team, coached by Mr. Robert Belmont were victorious in seven out of ten meets. Led by Ray Oglesby they finished fourth in the league and fourth in the conference championship.

The Basketball Team, coached by Mr. George Ruggiero and led by high scorer Jeffrey Coon, finished with a record of nine wins and eleven losses. This year they are playing a twenty game schedule and are undefeated through their first three games.

The Junior Varsity compiled a thirteen won and six loss season. This year, coached by Mr. Michael Rogers, they have embarked on what will be a very successful season.

Mrs. Nancy Kelley coached the girls Basketball and Field Hockey Teams to successful seasons. The girls play in junior varsity competition in both sports.

The Girls Softball Team, coached by Mrs. Mary Jane Keyes, enjoyed a very successful season..

Mr. Gordon Hodne coached the baseball team to a record of six wins and ten losses. Kevin Minnaert was voted the most valuable player by his team mates.

Golf was conducted on an informal basis against league opponents. This team was coached by Mr. Edward Keyes and enjoyed a successful season.

The Track Team, coached by Mr. Peter Mulcahy, with a five win, three loss record finished third in the league and third in the conference meet. Their season was highlighted by a record breaking relay team composed of Richard Lovelace, Jeffrey Lee, Gary Vollmuth, and Charles Sullivan.

Tennis led by Bill Anes and Joe White compiled a record of four wins and eight losses.

At the Junior High teams participated in football, basketball, and baseball.

Mr. Henry Mangili coached the Junior High Football Team to a record of four wins and three losses.

Mr. Gordon the ninth grade coach and Mr. Robert Hunter the eighth grade coach in basketball have had very successful seasons.

The Junior High Baseball Team was coached by Mr. Bill Flecca.

As the school system grows, new sports will be organized to compete in scholastic competition, such as: hockey, soccer, winter track and gymnastics.

Over 300 people attended the Annual All Sports Banquet in the High School cafeteria. Certificates were awarded to young men

and women who participated in a sport but did not play enough to earn a varsity letter. Many varsity sweaters and letters were awarded to those who qualified. Richard Lovelace and Jay Aronson received the Scholar Athlete Awards.

The Athletic Department would like to thank the Medfield Booster Club for the support they have given to our athletic teams this past year. Miss Jay Aronson was presented the Booster Club Award for use in furthering her education.

Athletics will continue to expand in Medfield and help the boys and girls learn fundamentally important principles such as: winning , losing, discipline, and self-sacrifice.

Respectfully submitted,

WILLIAM YOUNG, Director of Athletics

REPORT OF THE SCHOOL LUNCH PROGRAM

To the Superintendent of Schools:

I am pleased to submit my sixth annual report as director of the Medfield School Lunch Program for the year ending December 31, 1969.

The year of 1969 has proven to be another successful year for the Medfield School Lunch Program.

The ever increasing enrollment in all schools has been one of the factors in the increase of participation in the lunch program. The sale of milk has increased also.

Food and labor costs have continued to rise during this year but our program has managed to remain solvent. Many programs in the State are in the red and have been obliged to seek appropriations to meet their expenses. I hope we will not be obliged to do this. We have taken good advantage of the U.S.D.A. commodities received which have helped tremendously in the success of our program. By doing as much of our own baking as possible we not only save money but the children receive home made rolls and desserts.

With the increased participation in the program the preparation of more food is required to meet the demand. This means more labor is necessary. There are now twenty-four people on the cafeteria staff. We have been training five new people this fall in the various schools, some of whom will transfer to the new school on Elm Street when that cafeteria opens.

Several of the staff have been taking advantage of the workshops offered to members of the School Lunch Programs all over the State by the Board of Education.

These workshops are geared to help both managers and workers in their programs. A three day workshop is conducted annual-

ly in Boston during the April vacation. Several members of our staff attended this year and came back with much valuable information. They also attended the County meeting held at the Millis High School on the day of the Norfolk County Teacher's Convention in October.

I hope all of the managers will be able to attend the conference at the University of Massachusetts in June, or the one in August at Stonehill College in North Easton.

I am very grateful for the assistance given to me by the secretarial staff, the custodial staff, and other members of the school system during the year.

I am especially grateful to the members of the cafeteria staff for their co-operation and loyalty to the School Lunch Program. Without their efforts, this program could not be successful.

Respectfully submitted,

IRENE F. TODD, Director

ADULT EDUCATION REPORT

To the Superintendent of Schools:

January 7, 1969, was the beginning of the second semester of the 1968-1969 Adult Education Program. A total of eighteen classes, in fifteen different courses, was continued. State Aided courses offered were in Rug Braiding, Knitting, Flower Arrangement, Sewing I, Sewing II, Sewing III, Pottery, and Crewel Embroidery. The Tuition courses continued were Typing, Art, Modern Square Dancing, Woodworking, Gym (women), Contract Bridge and Drivers Education. Courses not continued the second semester were Gym (men), Crafts, Securities and Investments.

The courses were scheduled on Tuesday, Wednesday and Thursday evenings between 7:00 and 10:00 p.m. for ten additional weeks.

The 1969-1970 Adult Education Program offered twenty different courses. Sixteen of these classes were established. The successful new courses offered and established were Conversational Spanish, Shorthand and Psychology for the Layman.

A total of 353 people registered for the 1969-1970 Adult Education Program, making this year's program the most successful of any previous year.

This year we once again requested both Federal and State Funds to support the Adult Education Program. The funds will pay for some of the expenses of the Sewing Classes as well as Rug Braiding, Flower Arrangement and Crewel Embroidery classes.

The Achievement Night for the 1969-1970 Adult Education Program will be held on Thursday, April 2, 1970.

Respectfully submitted,

JOHN CUOCO, JR., Director

REPORT OF THE SCHOOL HEALTH DEPARTMENT

To the Superintendent of Schools:

1. Health Appraisal Services:

A. Health examinations are conducted by a school physician in the presence of the school nurse, who enters the doctor's observations on the school health records.

B. All pupils in the first, fourth, seventh and tenth grades are examined.

C. Pre school children are to be examined by their own physicians prior to entering first grade in September.

D. All pupils participating in competitive sports are examined before the start of practice.

II. Dental Survey:

At the beginning of school all elementary pupils are examined by the school dentist. If one area of dental caries is found, a notice to parents is sent to signify dental care is necessary. After all elementary pupils have been screened by Dr. Kirschbaum, we proceed with the operating clinic. Parental consent slips are sent home by the nurse, and no child may be treated unless we have a signed request from a parent.

III. Vision Test:

All pupils in grades one through twelve are vision tested annually. The Titmus Vision Tester is used. All failures are retested and all defects are reported to parents. Referral and follow-ups are conducted by the school nurse.

IV. Hearing Tests:

All pupils in grades one through twelve are individually tested annually by means of the Pure Tone Audiometer. All defects are individually charted on an audiogram by the nurse and notices are sent to the parents. Follow-ups are then conducted by the nurse.

V. Chest X-Ray and Tuberculosis Screening:

All school personnel are required by law to be X-rayed every three years. This program is carried on by Norfolk County Tuberculosis Association. All the records are kept by the School Nurse. This fall Tine Testing for T. B. was offered to all children in the first and ninth grades as well as the twelvth grades whose parents requested it be done. The School Nurse is responsible for recording these results.

VI. First Aid:

First aid is administered by the nurse to all pupils and the staff for accidental injuries, sudden illnesses and other emergencies.

Respectfully submitted,

MADELEINE HARDING, R. N.
School Nurse

LESLIE J. HOWLETT, Accountant

TOWN CLERK'S REPORT

FOR THE YEAR ENDING DECEMBER 31, 1969

VITAL STATISTICS

IMPORTANT NOTICE

Chapter 45 of the General Laws of Massachusetts requires that every physician shall within fifteen days after the birth at which he has officiated, report the same to the Town Clerk of the Town in which the birth took place.

Parents within forty days after the birth of a child and every householder, within forty days after a birth in his house shall cause notice thereof to be given to the Town Clerk of the Town in which the birth took place.

Failure to give such notice is punishable with a fine.

Blanks for the return may be obtained upon application to the Town Clerk.

Parents and others are requested to carefully examine the following lists and if there are any errors or omissions, report such at once to the Town Clerk. This is important so that we may have as accurate and complete a record of Vital Statistics as possible.

BIRTHS RECORDED IN MEDFIELD DURING THE YEAR

Date	Child's Name	Place of Birth	Parents
June 21	Paul Henri Lahaise	Boston	Robert and Carol E. Hopwood

TOWN OF MEDFIELD

WARRANT FOR ANNUAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs to meet at the Memorial School, in said Medfield, on Monday, the third day of March A.D. 1969 at 6:00 A.M., then and there to act on the following articles:

ARTICLE 1. To choose all Town Officers required to be elected annually by ballot, viz:

One Moderator, One Town Clerk, all for one year.
One Constable, One Member of the Planning Board, for two years.
One Selectman, One Treasruer, One Assessor, Two Trustees of the Public Library, Two Members of the School Committee, One Member of the Board of Health, One Cemetery Commissioner, One Member of the Water and Sewerage Board, One Member of the Park Commission, One Member of the Planning Board, all for three years.
One Member of the Planning Board for five years.
Four Members of the Housing Authority.

The polls will be opened at 6:00 A.M. and shall be closed at 8:00 o'clock P.M.

On Monday, the tenth day of March A.D. 1969 commencing at 7:30 P.M., the following articles will be acted on at the Amos Clark Kingsbury School Gymnasium in said Medfield, viz:

ARTICLE 2. To see if the Town will vote to accept the reports of the several Town Officers for the past year.

ARTICLE 3. To see if the Town will vote to appropriate sums of money requested by the Selectmen or any other Town Officer, Board, Commission and Committee to defray operating expenses of the Town for the current year or such other sums as the Town may determine and to fix the salary

or other compensation of all elected officers of the Town as required by General Laws, Chapter 41, Section 108, or do or act anything in relation thereto.

ARTICLE 4. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1969, and to issue a note or notes therefor payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Chapter 44, Section 17, General Laws.

ARTICLE 5. To see if the Town will authorize the Collector to use all means in the collection of taxes as the Treasurer might if elected to that office.

ARTICLE 6. To see if the Town will vote to amend the Personnel Administration Plan by deleting Section 8. (Step Increases) in its entirety and substituting therefor the following section:

Step Increases

Section 8

Progression through the rate ranges normally will be one step annually unless otherwise recommended by the department head and the Personnel Board,

or take any other action relative thereto. (Personnel Board)

ARTICLE 7. To see if the Town will vote to amend the Personnel Administration Plan by deleting subsection a. of section 14 (Sick Leave) in its entirety and substituting therefor a new paragraph as follows:

a. Upon completion of 30 days permanent full-time employment, an employee shall be allowed one and one-quarter days sick leave with pay for each month of employment completed in any given calendar year provided such leave is caused by sickness or injury or by exposure to contagious disease, but not injury sustained in other employment.

or take any other action relative thereto. (Personnel Board)

ARTICLE 8. To see if the Town will vote to amend the Personnel Administration Plan by adding a new section as follows:

Funeral Leave.

23. Regular full-time employees shall be given up to three days leave with pay for the purpose of making arrangements and attending the funeral of members of their immediate family which is defined as the following: mother, father, mother-in-law, father-in-law, sister, brother, spouse, child and grandparents of the employee,

or take any other action relative thereto. (Personnel Board)

ARTICLE 9. To see if the Town will vote to amend the Personnel Administration Plan by adding the following language to the Classification of Positions and Pay Schedules:

Full-time employees shall receive an annual longevity payment of $50 after 5 years continuous full-time employment plus $10 for each additional year of service up to a total maximum of $200 payable on the 2nd pay day of December,

or take any other action relative thereto. (Personnel Board)

ARTICLE 10. To see if the Town will vote to amend the Classification of Positions and Pay Schedules of the Personnel Administration Plan by making the following changes and additions thereto:

or do or act anything in relation thereto. (Personnel Board)

ARTICLE 11. To see if the Town will vote to authorize the Water & Sewerage Board to appoint one of its members as Water Superintendent, or do or act anything in relation thereto. (Water & Sewerage Board)

ARTICLE 12. To see if the Town will authorize the Board of Assessors to appoint one of its members as Clerk, or do or act anything in relation thereto. (Board of Assessors)

ARTICLE 13. To see if the Town will authorize the Board of Health to appoint one of its members as Agent for the Board of Health, or do or act anything in relation thereto. (Board of Health)

ARTICLE 14. To see if the Town will authorize the Cemetery Commissioners to appoint one of its members as Superintendent, or do or act anything in relation thereto. (Cemetery Commissioners)

ARTICLE 15. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to purchase and equip a motor vehicle for use as a police cruiser, and to authorize the Board of Selectmen to trade or sell as part of the purchase price one of the present cruisers, or do or act anything in relation thereto. (Police Department)

ARTICLE 16. To see if the Town will vote to accept the provisions of Chapter 147, Section 17D of the Massachusetts General Laws, providing that members of the Police Department shall be excused from duty and from attendance at the Police Station or other place for two (2) days without loss of pay while in attendance as an official delegate at the Annual Convention of the Massachusetts Police Association held within the Commonwealth or do or act anything in relation thereto.
(Board of Selectmen)

ARTICLE 17. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purpose of making extraordinary repairs, renovations and alterations to the Town Hall, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 18. To see if the Town will vote to raise and appropriate the sum of Six Thousand Three Hundred and Fifty Dollars ($6,350.), which sum is to be used with County and State Chapter 90 allotments of $19,050 for the purposes of constructing a bridge and approaches over Charles River on Bridge Street and for reconstructing a section of Hospital Road and to authorize the Selectmen to enter into any and all contracts necessary or incidental thereto. (Board of Selectmen)

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of Thirty-five Hundred Dollars ($3,500) for the purpose of adjusting water mains in conjunction with the relocation of Route 27, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 20. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of eleven thousand dollars ($11,000.) and appropriate it to the Street Improvement Account for the

purpose of reconstructing a section of Granite Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 21. To see if the Town will vote to accept the relocation of a section of Green Street from Station 8 + 00 as shown on a plan entitled Plan of Proposed Relocation of a Portion of Green Street, dated September 28, 1960 and extending westerly a distance of approximately eleven hundred and seventy-five (1175) feet as shown on a Plan entitled Plan of Relocation of a Portion of Green Street dated February 3, 1969, and on file in the Town Clerk's Office, and authorize the Selectmen to acquire such rights, titles and easements as may be necessary to accomplish said purpose and to further raise and appropriate a sum of money for payment of land damages incurred in connection with said relocation, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 22. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Thirteen Thousand Dollars ($13,000) for the purpose of reconstructing a section of Green Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 23. To see if the Town will vote to raise and appropriate the sum of Fourteen Thousand Dollars ($14,000) for the purpose of purchasing a Street Sweeper for the use of the Street Department, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 24. To see if the Town will vote to transfer the sum of Seven Thousand, Eight Hundred and Thirty-nine Dollars and 06/100 ($7,839.06), received or to be received, under the provisions of Chapter 616 of the Acts of 1967 for the purpose of installing traffic signal lights at the intersection of South and Main Streets, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 25. To see if the Town will vote to raise and appropriate the sum of $10,000 for the construction of sidewalks for approximately five hundred (500) feet on the northerly side of Dale Street from Adams Street to North Street, approximately seven hundred (700) feet on the westerly side of North Street from Dale Street to Pine Street and approximately seventeen hundred (1700) feet on the easterly side of North Street from Pine Street to Winter Street, or take any action relative thereto. (Board of Selectmen)

ARTICLE 26. To see if the Town will vote to accept as public ways the following named streets or parts thereof:

Blacksmith Drive from Station 6 + 25.98 to Station 11 + 74.92
Stagecoach Road from Station 14 + 75.00 to Station 22 + 13.29

as laid out by the Board of Selectmen and as shown on plans referred to in the Orders of Layout on file with the Town Clerk's office and to authorize the Board of Selectmen to acquire by eminent domain or otherwise, such rights, titles and easements, including drainage easements as may be necessary to accomplish such purpose, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 27. To see if the Town will vote to authorize the Board of Selectmen to appoint a committee of ten citizens of the Town for the purpose of completely reviewing and studying all facets of the Town's government and to report no later than December 1, 1969 to the Selectmen its findings and recommendations and to see what sum the Town will vote to raise and appropriate for the expenses of said committee, or take any action relative thereto. (Board of Selectmen)

ARTICLE 28. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Four Hundred Thirty-nine Dollars and eighty-three cents ($439.83) for the purpose of paying land damages arising from the relocation of Philip Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 29. To see if the Town will vote to raise and appropriate and/or transfer a sum of money for the purpose of providing recreation for the physically and mentally handicapped, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 30. To see if the Town will vote to amend Section 21 of the By-laws of the Town of Medfield by deleting $500. and substituting $2,000 in place of it in the first sentence and the last sentence. The first sentence would then read as follows:

> When the estimated amount of a proposed contract exceeds two thousand dollars ($2,000.) proposals shall be called for in the manner provided in this section.

The last sentence would then read as follows:

> As far as practicable, contracts for less than two thousand dollars ($2,000.) shall be awarded in such a manner as to secure reasonable competition.

or to take any other action relative thereto. (School Committee)

ARTICLE 31. To see if the Town, under Chapter 149, Section 1781 of the Massachusetts General Laws as amended by Chapter 633 of the Acts of 1967 will vote to authorize the School Committee to designate an

attorney to represent it in collective bargaining, if necessary, whether for compensation or not and whether the attorney is compensated by the community or not, or to take any other action relative thereto.
(School Committee)

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of $10,000. to continue operation of a Summer School Program in remedial reading and mathematics for intermediate grades, or to take any other action relative thereto. (School Committee)

ARTICLE 33. To hear and act on the reports of any special committees appointed at any previous Special Town Meeting or Annual Town Meeting or appointed by the Moderator or Selectmen as authorized by the vote of the Town. (Board of Selectmen)

ARTICLE 34. To see if the Town will vote to raise and appropriate the sum of Four Thousand, Two Hundred Dollars ($4,200) for the purchase of a truck chassis and a utility body to be mounted on the same, and authorize the Water & Sewerage Board to trade or sell as part of the purchase price the present 1962 truck, or do or act anything in relation thereto.
(Water & Sewerage Board)

ARTICLE 35. To see if the Town will vote to raise and appropriate the sum of Six Thousand Dollars ($6,000) for preliminary engineering studies, surveys, borings, etc. in connection with determining a suitable site for a sewage treatment plant, or do or act anything in relation thereto.
(Water & Sewerage Board)

ARTICLE 36. To see if the Town will vote to raise and appropriate a sum of money for a preliminary engineering study to determine detailed cost estimates and recommend course of action for a sewerage system for the Town of Medfield or do or act anything in relation thereto.
(Water & Sewerage Board)

ARTICLE 37. To see if the Town will vote to raise and appropriate and/or transfer from available funds in the Treasury a sum of money for the purpose of having the Town Clerk's Official Birth, Marriage and Death Certificates permanently bound under the provisions of Chapter 66, Section 9 of the Massachusetts General Laws or do or act anything in relation thereto. (Town Clerk)

ARTICLE 38. To see what ım of money the Town will raise and appropriate for the purpose of improving Bakers Pond or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 39. To see what sum of money the Town will raise and appropriate for the purpose of installing two basketball backboards, or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 40. To see what sum of money the Town will raise and appropriate to drain and re-shape the swimming pond, or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 41. To see what sum of money the Town will raise and appropriate to build an addition to the bath house, or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 42. To see what sum of money the Town will raise and appropriate for the purchase and construction of turn-boards for the swim pond docks, or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 43. To see what sum of money the Town will raise and appropriate for the purpose of repointing the recreational building or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 44. To see what sum of money the Town will raise and appropriate to resurface the tennis court on Dale Street, or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 45. To see what sum of money the Town will raise and appropriate to supplement the Christmas lighting fund or do or act anything in relation thereto. (Park & Recreation Commission)

ARTICLE 46. To see if the Town will vote to raise and appropriate the sum of One Thousand and Five Hundred Dollars ($1,500.00), such sum to be used for the construction of a garage-office building within the Cemetery grounds, or do or act anything in relation thereto. (Cemetery Commissioners)

ARTICLE 47. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars ($1,000.00), such sum to be used to purchase one rider-type mower and two manual mowers, or do or act anything in relation thereto. (Cemetery Commissioners)

ARTICLE 48. To see if the Town will vote to authorize and empower the Selectmen to appoint an Executive Secretary under the provisions of General Laws of Massachusetts, Chapter 41, Section 23A, or take any other action relative thereto. (Petition)

ARTICLE 49. To see if the Town will vote to instruct the Selectmen to petition the Boston Edison Company to install street lights on the following named street:

Curve Street – poles 28/2 and 28/4

or do or act anything in relation thereto. (Petition)

ARTICLE 50. To see what sum of money the Town will vote to raise and appropriate to install approximately five hundred and thirty (530) feet of drainage in Lowell Mason Road and approximately three hundred and forty (340) feet of drainage in Green Street to correct drainage problems in the vicinity of Lowell Mason Road, Meade Avenue and Green Street, or do or act anything in relation thereto. (Petition)

ARTICLE 51. To see if the Town will vote to designate that area in the vicinity of the intersection of Main Street and South Street as "John P. Ross, Jr. Square" in memory of the late John P. Ross, Jr. who gave his life June 4, 1945 while serving his country during World War II in the Pacific and to authorize appropriate dedicatory services. (Petition)

ARTICLE 52. To see if the Town will vote to amend the Building Code adopted at the adjourned Special Town Meeting of November 23, 1965 by adding a section concerning swimming pool enclosures as follows:

All outdoor residential, existing or contemplated swimming pools, capable of containing a depth of water exceeding twenty-four inches at one point, shall be completely surrounded by a fence, wall, or barrier not less than four feet in height. The fence, wall, or barrier shall be so located as to surround the entire pool, contiguous walks, and any diving structure, or platform. A building may be used as part of such enclosure. A fence surrounding the entire property shall meet the intent of this article. Each such fence, wall, or barrier shall be so constructed as not to have openings, holes, or gaps larger than four inches in any dimension except for doors and gates and except for picket fences in which case, however, the gaps between the pickets shall not exceed four inches. All fences shall be constructed of wood, chain link, or other material which meets the intent of this article. Every fence shall be substantially anchored to posts set in the ground. All gates or doors opening through such enclosures shall be of not less than the same height as the fence, wall, or barrier and shall be equipped with a self latching device located not less than four feet above ground.

or take any action relative . (Petition)

ARTICLE 53. To see if the Town will vote to authorize the release to Ronald J. Curry and Margaret B. Curry of the easements set forth in a grant made by Annie E. Phillips et al to the Inhabitants of the Town of Medfield, dated October 22, 1928 and duly recorded in Book 1832, Page 505, insofar as the same relate to the premises described in a certain Owners Duplicate Certificate of Title No. 82225 and being premises of said Ronald J. Curry and Margaret B. Curry, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 54. To see if the Town will vote to add the following new article to the Town's by-laws:

ARTICLE VII

Section 1. *License fees; exemption for seeing-eye dogs; refund of fees.*

The annual fee for every dog license, except as otherwise provided by law, shall be three dollars for a male dog, and six dollars for a female dog unless a certificate of a registered veterinarian who performed the operation that such female dog has been spayed and has thereby been deprived of the power of propagation has been shown to the Town Clerk, in which case the fee shall be three dollars. A certified copy of such certificate on file in the office of any city or town clerk within the Commonwealth may be accepted as evidence that such operation has been performed. If the Town Clerk is satisfied that the certificate of the veterinarian who spayed the dog cannot be obtained, he may accept in lieu thereof a statement signed under the penalties of perjury by a veterinarian registered and practicing in the Commonwealth describing the dog and stating that he has examined such dog and that it appears to have been, and in his opinion has been spayed and thereby deprived of the power of propagation. No fee shall be charged for a license for a dog specially trained to lead or serve a blind person; provided, that the division of the blind certifies that such dog is so trained and actually in the services of a blind person. No license fee or part thereof shall be refunded because of the subsequent death, loss, spaying or removal from the Commonwealth or other disposal of the dog, nor shall any license fee or part thereof paid by mistake be paid or recovered back after it has been paid over to the county under Chapter 140, Section 147 of the General Laws.

Section 2. *Disturbing the peace.*

No person shall own or keep in the Town any dog which by biting, excessive barking, howling or in any other manner disturb the quiet of the public.

Section 3. *Complaint of nuisance*

If any person shall make a complaint in writing to the Dog Officer that any dog owned or harbored within his jurisdiction is a nuisance by reason of vicious disposition or excessive barking or other disturbance, the Dog Officer shall investigate such complaint, which may include an examination under oath of the complainant, and submit a written report to the Selectmen of his findings and recommendations, together with the written complaint. Upon receipt of such report and examination of the complainant under oath, the Selectmen may make such order concerning the restraint, muzzling or disposal of such dog as may be deemed necessary. Within ten days after such order the owner or keeper of such dog may bring a petition in the district court within the judicial district of which the dog is owned or kept, addressed to the justice of the court, praying that the order may be reviewed by the court, and after such notice to the officer or officers involved as the court may deem necessary it shall review such action, hear the witnesses and affirm such order unless it shall appear that it was made without proper cause or in bad faith, in which case such order shall be reversed. The decision of the court shall be final and conclusive upon the parties. The dog officer, after investigation, may issue an interim order that such dog be restrained or muzzled for a period not to exceed fourteen days to enable the Selectmen to issue their order following receipt of the report of the Dog Officer. If the Selectmen fail to act during the period of the interim order, upon expiration of the period the interim order automatically is vacated.

Section 4. The Dog Officer may restrain or muzzle, or issue an interim order to restrain or muzzle, for a period not to exceed fourteen days, any dog for any of the following reasons:

a. For having bitten any person.
b. If found at large or unmuzzled, as the case may be, while an order for the restraint of such dog is in effect.
c. If found in a school, schoolyard or public recreational area.
d. For having killed or maimed or otherwise damaged any other domesticated animal.
e. For chasing any vehicle upon any public way or way open to public travel in the Town.
f. For any violation of Section 2.

Upon restraining or muzzling, or issuing an interim order to restrain or muzzle, the Dog Officer shall submit in writing to the Selectmen a report of his action and the reasons therefor. Upon receipt of such report the Selectmen may make such order concerning the restraint, muzzling or

disposal of such dog as may be deemed necessary. Within ten days after such order the owner or keeper of such dog may bring a petition in the district court within the judicial district of which the dog is owned or kept, addressed to the justice of the court, praying that the order may be reviewed by the court, and after such notice to the officer or officers involved as the court may deem necessary it shall review such action, hear the witnesses and affirm such order unless it shall appear that it was made without proper cause or in bad faith, in which case such order shall be reversed. The decision of the court shall be final and conclusive upon the parties. If the Selectmen fail to act upon the report during the period the dog is restrained or muzzled, upon expiration of the period, the interim order automatically is vacated.

Section 5. *Appeal of restraint or muzzling.*

The owner or keeper of any dog that has been ordered to be restrained or muzzled or has been restrained under this article, may file a request in writing with the Dog Officer that the restraining order be vacated, or that the dog be released, and after investigation by the Dog Officer such Officer may vacate such order or release such dog, if the order or restraint was imposed by him. If the order was imposed by the Selectmen, the Dog Officer shall submit a written report of his investigation, with his recommendations, to the Selectmen, who may vacate such order.

Section 6.

Any owner or keeper of a dog who shall fail to comply with any order of the Dog Officer or Selectmen issued pursuant to this article shall be punishable by a fine of ten dollars.

or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 55. To see if the Town will vote to authorize the Board of Assessors to use a sum of money from Free Cash in the Treasury for the reduction of the 1969 Tax Rate, or do or act anything in relation thereto. (Board of Assessors)

ARTICLE 56. To see if the Town will vote to authorize the Moderator to appoint a committee of five (5) members and authorize it to make arrangements and to spend money appropriated under Article 3 for the observance of Memorial Day. (Board of Selectmen)

ARTICLE 57. To see if the Town will vote to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz.

George & Amy Baker Lot	$150.00
William & Margaret Blanchard Lot	100.00
Paul Bready Lot	150.00
John Clewes Lot	50.00
Stuart Clive Lot	100.00
Theresa & James Cotter Lot	150.00
Robert & Pauline Coulter Lot	200.00
Herbert Crump Lot	100.00
Angelo Dellacona Lot	400.00
William Emery Lot	100.00
Warren & Eleanor Fenton Lot	100.00
Malcolm Haskell Lot	100.00
Arthur L. Lewis Lot	500.00
Elizabeth B. Martin & Katherine B. Allen Lot	250.00
Alfred M. MacKay Lot	100.00
Erwin A. Seidel Lot	100.00
Alfred Todesco Lot	100.00
Edwin & Winifred Turner Lot	100.00

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this fourth day of February A.D., Nineteen Hundred and Sixty-nine.

WALTER M. FRANK
HARRY A. KELLEHER
LAWRENCE E. ABAR
Selectmen of Medfield

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss. Medfield, Massachusetts
February 21, 1969

By virtue of this warrant I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections, to meet at the time and for the purpose named, by posting attested copies of said warrant in not less than five public places in the Town at least seven days before the time of holding the meeting.

E. NINA IAFOLLA
Constable of Medfield

ANNUAL TOWN MEETING FOR THE ELECTION OF OFFICERS
March 3, 1969

Pursuant to the foregoing warrant the meeting was opened at 6:00 A.M. by the Town Clerk with the reading of the warrant through Article 1. The ballot box had been previously checked and found to be in good working order, a corrected voting list displayed and instructions to voters and specimen ballots posted within the polling place. The following persons were sworn in and assigned to their duties: Mary Mair Etienne and Evelyn Gronberg distributing ballots and checking at the entrance; Beatrice Bangs and Anne Donlan checking at the ballot box and Leo Kelly and Thomas Ciancy, Warden and Deputy Warden in charge of the ballot box, and Charles W. Keirstead, Clerk and Marie Burke, Deputy Clerk. The tellers for the counting of ballots after the polls were closed, were Elizabeth Ekstrom, Cynthia Blandy, Phyllis Ganley, Viola Burr, Mary Lovell, Weston Kolsti, Edna McGlynn, Beatrice Bangs, Alma Richards, Susan Breed, Donald Harding, Mary Hazel, Florence Roberts, Evelyn Gronberg, Mary Mair Etienne and Jane Timmerman.

The polls were declared closed at 8:00 P.M.

The total vote cast was 695 which was just under 20% of the 3508 registered voters.

After the final tabulation was made, the results were announced as follows:

CHARLES W. KEIRSTEAD
Town Clerk

ANNUAL TOWN MEETING FOR THE TRANSACTION OF BUSINESS HELD ON MARCH 10, 1969

The meeting was called to order by the Moderator at 7:30 P.M. in the Amos Clark Kingsbury School Auditorium and the following action was taken on the remaining articles in the warrant:

ARTICLE 2. Voted to accept the reports of the several Town Officers for the past year.

Note: Voted to act on Articles 6, 7, 8, 9, and 10 prior to acting on Article 3.
The action taken on all articles will be recorded in their regular sequence regardless of the order in which they were voted.

ARTICLE 3. Voted to raise and appropriate the following named sums to defray the departmental and other expenses of the

Town for the ensuing year, and to fix the salary and compensation of all elected officers of the Town as provided for in Section 108, Chapter 41 of the General Laws:

The General School Budget is the next item to be considered and the 10:45 P.M. time limit as set by the Town By-laws having arrived, it was voted to adjourn the meeting until 7:30 P.M. on March 11, 1969 at this same Amos Clark Kingsbury School Auditorium.

ADJOURNED ANNUAL TOWN MEETING
March 11, 1969

The meeting was called to order by the Moderator at 7:45 P.M. and a quorum count was taken in this Amos Clark Kingsbury Auditorium to make sure the quorum by-law requirement of 250 voters was present. Said count was 259 and later became near 300 as shown by subsequent quorum checks.

The remaining items in Article 3 and all of the subsequent articles in the warrant were acted on as follows:

Article 3 — continued:

ARTICLE 11. Voted to authorize the Water & Sewerage Board to appoint one of its members as Water Superintendent.

ARTICLE 12. Voted to authorize the Board of Assessors to appoint one of its members as Clerk.

ARTICLE 13. Voted to authorize the Board of Health to appoint one of its members as Agent for the Board of Health.

ARTICLE 14. Voted to authorize the Cemetery Commissioners to appoint one of its members as Superintendent.

ARTICLE 15. Voted to raise and appropriate the sum of $3,063.00 to purchase and equip a new Police Cruiser, and to authorize the Board of Selectmen to trade in as part of the purchase price one of the present cruisers.

ARTICLE 16. Voted to accept the provisions of Chapter 147, Section 17D of the Massachusetts General Laws, providing that members of the Police Department shall be excused from duty and from attendance at the Police Station or other place for two (2) days without loss of pay while in attendance as an official delegate at the Annual Convention of the Massachusetts Police Association held within the Commonwealth.

ARTICLE 17. Voted to raise and appropriate the sum of $11,000.00 for the purpose of making extraordinary repairs, renovations and alterations principally to the second floor area of the Town Hall.

ARTICLE 18. Voted to raise and appropriate the sum of $6,350.00 which sum is to be used with County and State Chapter 90 allotments of $19,050.00 for the purposes of constructing a bridge and approaches over the Charles River on Bridge Street and for reconstructing a section of Hospital Road and to authorize the Selectmen to enter into any and all contracts necessary or incidental thereto.

ARTICLE 19. Voted to raise and appropriate the sum of $3,500.00 for the purpose of adjusting water mains in conjunction with the relocation of Route 27.

ARTICLE 20. Voted to raise and appropriate the sum of $11,000.00 and appropriate it to the Street Improvement Account for the purpose of reconstructing a section of Granite Street.

ARTICLE 21. Voted unanimously to accept the relocation of a section of Green Street from Station 8 + 00 as shown on a plan entitled "Plan of Proposed Relocation of a Portion of Green Street",

dated September 28, 1960 and extending westerly a distance of approximately eleven hundred and seventy-five (1175) feet as shown on a Plan entitled "Plan of Relocation of a Portion of Green Street" dated February 3, 1969, and on file in the Town Clerk's Office, and authorize the Selectmen to acquire such rights, titles and easements as may be necessary to accomplish said purpose. Also voted to raise and appropriate the sum of $570.00 for payment of land damages incurred in connection with said relocation.

ARTICLE 22. Voted to raise and appropriate the sum of $13,000.00 for the purpose of reconstructing a section of Green Street.

ARTICLE 23. Voted to raise and appropriate the sum of $11,830.00 for the purchase of a Street Sweeper for the use of the Highway Department.

ARTICLE 24. Voted to transfer the sum of $7,839.06 received or to be received, under the provisions of Chapter 616 of the Acts of 1967 for the purpose of installing traffic signal lights at the intersection of South and Main Streets.

186 voted for passage. 88 voted against passage.

ARTICLE 25. Voted to raise and appropriate the sum of $10,000.00 for the construction of sidewalks for approximately 500 feet on the northerly side of Dale Street from Adams Street to North Street, approximately 700 feet on the westerly side of North Street from Dale Street to Pine Street and approximately 1700 feet on the easterly side of North Street from Pine Street to Winter Street.

ARTICLE 26. Voted unanimously to accept as public ways the following named streets or parts thereof:

Blacksmith Drive from Station 6 + 25.78 to Station 11 + 74.92
Stagecoach Road from Station 14 + 75.00 to Station 22 + 13.29

as laid out by the Board of Selectmen and as shown on plans referred to in the Orders of Layout on file with the Town Clerk's Office, and to authorize the Board of Selectmen to acquire by eminent domain or otherwise, such rights, titles and easements, including drainage easements as may be necessary to accomplish such purpose.

ARTICLE 27. Voted to raise and appropriate the sum of $1,000.00 for the expenses of a committee of ten (10) citizens of the Town which the Selectmen are authorized to appoint for the purpose of completely reviewing and studying all facets of the Town's government and to report no later than December 1, 1969 to the Selectmen its findings and recommendations.

ARTICLE 28. Voted to raise and appropriate the sum of $439.83 for the purpose of paying land damages arising from the relocation of Philip Street.

ARTICLE 29. Voted to raise and appropriate the sum of $1,680.00 for the purpose of providing recreation for the physically and mentally handicapped children of Medfield.

ARTICLE 30. Voted to amend Section 21 of the By-laws of the Town of Medfield by deleting $500. and substituting $2,000. in place of it in the first sentence and the last sentence. The first sentence would then read as follows:

> When the estimated amount of a proposed contract exceeds two thousand dollars ($2,000.), proposals shall be called for in the manner provided in this section.

The last sentence would then read as follows:

> As far as practicable, contracts for less than two thousand dollars ($2,000.) shall be awarded in such a manner as to secure reasonable competition.

ARTICLE 31. Voted to authorize the School Coimmittee, under the provisions of Chapter 149, Section 1781 of the Massachusetts General Laws as amended by Chapter 633 of the Acts of 1967 to designate an attorney to represent it in collective bargaining, if necessary, whether for compensation or not and whether the attorney is compensated by the community or not.

ARTICLE 32. Voted to dismiss this article wherein the sum of $10,000.00 was proposed to operate a Summer School Program in remedial reading and mathematics for intermediate grades.

ARTICLE 33. Voted to receive any reports of committees appointed at previous Town Meetings or appointed by the Moderator or the Board of Selectmen.

ARTICLE 34. Voted to appropriate the sum of $4,200.00 for the purchase of a new truck chassis with a utility body to be mounted on the same for the use of the Water Department. To meet this appropriation the sum of $3,800.00 is to be raised and appropriated and the sum of $400.00 is to be transferred from the Distribution Operations Expenses account in the Water Department Budget.

ARTICLE 35. Voted to raise and appropriate the sum of $6,000.00 for preliminary engineering studies, surveys, borings, etc. in connection with determining a suitable site for a sewage treatment plant.

ARTICLE 36. Voted that this article be dismissed wherein a sum of money was sought for a preliminary engineering study for a Sewerage System in the Town of Medfield.

ARTICLE 37. Voted to raise and appropriate the sum of $370.00 for the purpose of having the Town Clerk's Official Birth, Marriage and Death Certificates permanently bound, in compliance

with the provisions of Chapter 66, Section 9 of the Mass. General Laws.

(A quorum count at this time showed 292 voters present)

ARTICLE 38. Voted to raise and appropriate the sum of $250.00 for the purpose of improving the Bakers Pond area.

ARTICLE 39. Voted to raise and appropriate the sum of $250.00 for the purpose of installing two basketball backboards.

ARTICLE 40. Voted to raise and appropriate the sum of $700.00 for the purpose of draining and re-shaping the swimming pond.

ARTICLE 41. Voted that this article be dismissed wherein a sum of money was considered for the construction of an addition to the bath house at the swim pond.

ARTICLE 42. Voted that this article be dismissed wherein a sum of money was sought for the purchase of turn-boards for the swim pond docks.

ARTICLE 43. Voted to raise and appropriate the sum of $2,000.00 for the purpose of repointing the masonry on the Recreational Building on Dale Street.

ARTICLE 44. Voted to dismiss this article wherein a sum of money was sought to resurface the tennis court on Dale Street.

ARTICLE 45. Voted to dismiss this article wherein a sum of money was sought for the purchase and installation of additional street Christmas lights to supplement the ones purchased and installed in the square this last Christmas.

ARTICLE 46. Voted to raise and appropriate the sum of $1,500.00 to be used for the construction of a garage-office building within the Cemetery grounds.

ARTICLE 47. Voted to raise and appropriate the sum of $250.00 for the purchase of two manual mowers for the Cemetery Department.

ARTICLE 48. Voted to dismiss this article wherein the appointment of an Executive Secretary was petitioned.

ARTICLE 49. Voted to instruct the Selectmen to petition the Boston Edison Company to install street lights on the following named street:

Curve Street — poles 28/2 and 28/4.

The installation cost has been included in the Street Lighting budget voted under Article 3.

ARTICLE 50. Voted to dismiss this article wherein a sum of money was sought to correct drainage problems in the vicinity of Lowell Mason Road, Meade Avenue and Green Street.

ARTICLE 51. Voted to designate that area in the vicinity of the intersection of Main Street and South Street as "John P. Ross, Jr. Square" in memory of the late John P. Ross, Jr. who gave his life June 4, 1945 while serving his country during World War II in the Pacific and to authorize appropriate dedicatory services.

ARTICLE 52. Voted to amend the Building Code adopted at the adjourned Special Town Meeting of November 23, 1965 by adding a section concerning swimming pool enclosures as follows:

All outdoor residential, existing or contemplated swimming pools, capable of containing a depth of water exceeding twenty-four inches at one point, shall be completely surrounded by a fence, wall, or barrier not less than four feet in height. The fence, wall, or barrier shall be so located as to surround the entire pool, contiguous walks, and any diving structure, or platform. A building may be used as part of such enclosure. A fence surrounding the entire property shall meet the intent of this article. Each such fence, wall, or barrier shall be so constructed as not to have openings, holes, or gaps larger than four inches in any dimension except for doors and gates and except for picket fences in which case, however, the gaps between the pickets shall not exceed four inches. All fences shall be constructed of wood, chain link, or other material which meets the intent of this article. Every fence shall be substantially anchored to posts set in the ground. All gates or doors opening through such enclosures shall be of not less than the same height as the fence, wall, or barrier and shall be equipped with a self latching device located not less than four feet above ground.

119 voted in favor of passage — 107 voted against passage.

Note: Although the number voting on this article did not meet the quorum figure of 250, a quorum count prior to voting on Article 54 showed that there were 256 voters present.

ARTICLE 53. Voted unanimously to authorize the release to Ronald J. Curry and Margaret B. Curry of the easements set forth in a grant made by Annie E. Phillips et al to the inhabitants of the Town of Medfield, dated October 22, 1928 and duly recorded in Book 1832, Page 505, insofar as the same relate to the premises described in a certain Owners Duplicate Certificate of Title No. 82225 and being premises of said Ronald J. Curry and Margaret B. Curry.

Prior to acting on Article 54, an official quorum count showed that 256 voters were present, thus meeting the By-law requirement.

ARTICLE 54. Voted to add the following new article to the By-Laws of the Town of Medfield:

ARTICLE VII

SECTION 1. License fees; exemption for seeing-eye dogs; refund of fees.

The annual fee for every dog license, except as otherwise provid-

ed by law, shall be three dollars for a male dog, and six dollars for a female dog unless a certificate of a registered veterinarian who performed the operation that such female dog has been spayed and has thereby been deprived of the power of propagation has been shown to the Town Clerk, in which case the fee shall be three dollars. A certified copy of such certificate on file in the office of any city or town clerk within the Commonwealth may be accepted as evidence that such operation has been performed. If the Town Clerk is satisfied that the certificate of the veterinarian who spayed the dog cannot be obtained, he may accept in lieu thereof a statement signed under the penalties of perjury by a veterinarian registered and practicing in the Commonwealth describing the dog and stating that he has examined such dog and that it appears to have been, and in his opinion has been spayed and thereby deprived of the power of propagation. No fee shall be charged for a license for a dog specially trained to lead or serve a blind person; provided, that the division of the blind certifies that such dog is so trained and actually in the services of a blind person. No license fee or part thereof shall be refunded because of the subsequent death, loss, spaying or removal from the Commonwealth or other disposal of the dog, nor shall any license fee or part thereof paid by mistake be paid or recovered back after it has been paid over to the county under Chapter 140, Section 147 of the General Laws.

SECTION 2. Disturbing the peace.

No person shall own or keep in the Town any dog which by biting, excessive barking, howling or in any other manner disturb the quiet of the public.

SECTION 3. Complaint of nuisance.

If any person shall make a complaint in writing to the Dog Officer that any dog owned or harbored within his jurisdiction is a nuisance by reason of vicious disposition or excessive barking or other disturbance, the Dog Officer shall investigate such complaint, which may include an examination under oath of the complaint, and submit a written report to the Selectmen of his findings and recommendations, together with the written complaint. Upon receipt of such report and examination of the complaint under oath, the Selectmen may make such order concerning the restraint, muzzling or disposal of such dog as may be deemed necessary. Within ten days after such order the owner or keeper of such dog may bring a petition in the district court within the judicial district of which the dog is owned or kept, addressed to the justice of the court, praying that the order may be reviewed by the court, and after such notice to the officer or officers involved as the court may deem necessary it shall review such action, hear the witnesses and affirm such order unless it shall appear that it was made without proper cause or in bad faith, in which case such order shall be reversed. The decision of the court shall be final and conclusive upon the parties. The dog officer, after investigation, may issue an interim order that such dog be restrained or muzzled for a period not to exceed fourteen days to enable the Selectmen to issue

their order following receipt of the report of the Dog Officer. If the Selectmen fail to act during the period of the interim order, upon expiration of the period the interim order automatically is vacated.

SECTION 4. The Dog Officer may restrain or muzzle, or issue an interim order to restrain or muzzle, for a period not to exceed fourteen days, any dog for any of the following reasons:

a. For having bitten any person.
b. If found at large or unmuzzled, as the case may be, while an order for the restraint of such dog is in effect.
c. If found in a school, schoolyard or public recreational area.
d. For having killed or maimed or otherwise damaged any other domesticated animal.
e. For chasing any vehicle upon any public way or way open to public travel in the Town.
f. For any violation of Section 2.

Upon restraining or muzzling, or issuing an interim order to restrain or muzzle, the Dog Officer shall submit in writing to the Selectmen a report of his action and the reasons therefor. Upon receipt of such report the Selectmen may make such order concerning the restraint, muzzling or disposal of such dog as may be necessary. Within ten days after such order the owner or keeper of such dog may bring a petition in the district court within the judicial district of which the dog is owned or kept, addressed to the justice of the court, praying that the order may be reviewed by the court, and after such notice to the officer or officers involved as the court may deem necessary it shall review such action, hear the witnesses and affirm such order unless it shall appear that it was made without proper cause or in bad faith, in which case such order shall be reversed. The decision of the court shall be final and conclusive upon the partie.s If the Selectmen fail to act upon the report during the period the dog is restrained or muzzled, upon expiration of the period, the interim order automatically is vacated.

SECTION 5. Appeal of restraint or muzzling.

The owner or keeper of any dog that has been ordered to be restrained or muzzled or has been restrained under this article, may file a request in writing with the Dog Officer that the restraining order be vacated, or that the dog be released, and after investigation by the Dog Officer such Officer may vacate such order or release such dog, if the order or restraint was imposed by him. If the order was imposed by the Selectmen, the Dog Officer shall submit a written report of his investigation, with his recommendations, to the Selectmen, who may vacate such order.

SECTION 6.

Any owner or keeper of a dog who shall fail to comply with any order of the Dog Officer or Selectmen issued pursuant to this article shall be punishable by a fine of ten dollars.

ARTICLE 55. Voted to dismiss this article wherein a sum of money from Free Cash in the Treasury was sought for the reduction of the 1969 Tax Rate.

ARTICLE 56. Voted to authorize the Moderator to appoint a committee of five (5) members and authorize it to make arrangements and to spend money appropriated under Article 3 for the observance of Memorial Day.

ARTICLE 57. Voted to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz:

George & Amy Baker Lot	$150.00
Wm. & Margaret Blanchard Lot	100.00
Theresa & James Cotter Lot	150.00
Robert & Pauline Coulter Lot	200.00
Herbert Crump Lot	100.00
Warren & Eleanor Fenton Lot	100.00
Elizabeth B. Martin & Katherine B. Allen Lot	250.00
Erwin A. Seidel Lot	100.00
Edwin & Winifred Turner Lot	100.00
William Emory Lot	100.00
Paul Bready Lot	150.00
John Clewes Lot	50.00
Stuart Clive Lot	100.00
Angelo Dellacona Lot	400.00
Malcolm Haskell Lot	100.00
Arthur L. Lewis Lot	500.00
Alfred M. MacKay Lot	100.00
Alfred Todesco Lot	100.00

Voted that the meeting be adjourned at 11 P.M.

A true copy attest:

CHARLES W. KEIRSTEAD
Town Clerk

Approval by the Attorney General of Articles 30, 52 and 54 which were voted for at the Annual Town Meeting of March 11, 1969:

ARTICLE 30.

Boston, Mass. June 4, 1969

The foregoing amendment to By-laws adopted under Article 30 is approved.

ROBERT H. QUINN
Attorney General

ARTICLE 52.

Boston, Mass. June 4, 1969

The foregoing amendment to By-laws adopted under Article 52 is approved.

ROBERT H. QUINN
Attorney General

ARTICLE 54.

Boston, Mass. June 4, 1969

The foregoing amendment to By-laws adopted under Article 54 is approved.

ROBERT H. QUINN
Attorney General

In compliance with General Laws the foregoing approvals were posted in five public places in the Town.

A true copy attest:

CHARLES W. KEIRSTEAD
Town Clerk

TOWN WARRANT
COMMONWEALTH OF MASSACHUSETTS

NORFOLK, SS.

To either of the Constables of the Town of Medfield, in said County,

Greeting:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in town affairs, to meet at the Dale Street School in said Medfield on Monday, the 27th day of October A.D. 1969 at 7:30 P.M. then and there to act on the following articles:

ARTICLE 1. To see if the Town will vote to appropriate a sum of money to be transferred from the Park and Recreation Commission Pay Roll account for the purpose of draining and reshaping the Town Swimming Pond, or take any other action relative thereto.

(Park & Recreation Commission)

ARTICLE 2. To see if the Town will vote to transfer to the Memorial Public Library of Medfield the sum of One Thousand Five Hundred Five and 25/100 Dollars ($1,505.25) received from the Commonwealth of Massachusetts under the provisions of Chapter 760, Acts of 1960, as amended, an act providing State Aid to cities and towns for free public libraries, or take any other action relative thereto. (Trustees of the Memorial Public Library)

ARTICLE 3. To see if the Town will vote to accept the gift of a sum of money contributed in memory of the late Robert E. Peters by

his relatives and friends and appropriate the said sum to an account to be disbursed by the Trustees of the Memorial Public Library for library purposes, or take any other action relative thereto.
(Trustees of the Memorial Public Library)

ARTICLE 4. To see if the Town will vote to adopt the following By-Law:

"Town of Medfield Ambulance shall be under the jurisdiction of the Board of Selectmen. They shall be in charge of maintenance and budget and records and shall hire such help as is necessary. They shall from time to time make rules and regulations regarding care and operation of the ambulance.

"The Chief of Police, or in his absence, the police officer in charge of the station shall be charged with dispatching the ambulance. The ambulance shall be manned by at least two men, one of whom shall possess a Red Cross First Aid Card. Police Officers shall man the ambulance wherever possible and if off duty, shall be considered on duty when manning the ambulance as stipulated in Massachusetts General Laws, Chapter 41, Section 111F." (Police Department)

ARTICLE 5. To see if the Town will vote to amend the Classification of Positions and Pay Schedules of the Personnel Administration Plan by making the following changes and additions thereto:

FULL TIME POSITIONS

	RATE RANGE				
	Minimum	2nd Step	3rd Step	4th Step	Maximum
Secretary	$2.15	$2.25	$2.35	$2.45	$2.55

PART TIME AND TEMPORARY POSITIONS

Dog Officer	$450.00 per year

(Personnel Board)

ARTICLE 6. To see if the Town will vote to amend the Personnel Administration Plan by adding "Section 11A PHYSICAL EXAMINATION":

"Section 11A. Physical Examination. A pre-employment physical examination will be required of all full time and regular part time new personnel by a qualified physician of the employee's choice, report to be made on a form to be provided by the Town of Medfield, examination to be at the expense of the Town."

or do or act anything in relation thereto. (Personnel Board)

ARTICLE 7. To see if the Town will vote to amend the Town By-laws adopted on March 8, 1926 by adding *to Article II a new section* 23 as follows:

"Section 23. Town boards, committees, officers and departments may dispose of personal property having a value of $200.00 or

less belonging to the Town with the approval of the Board of Selectmen when the property is no longer needed by the Town". or take any other action relative thereto.

(Selectmen and School Committee)

ARTICLE 8. To see if the Town will vote to amend the Town By-laws adopted on March 8, 1926 by adding *to Article II a new Section* 24 as follows:

"*Section* 24. It shall be the duty of the Selectmen to relocate and change street lights whenever they shall determine that such relocation or change is necessary for the safety and general welfare of the public".

or take any other action relative thereto. (Board of Selectmen)

ARTICLE 9. To see if the Town wil vote to transfer from Town Hall Utilities Account to Town Hall Other Expenses Account the sum of Five Hundred Dollars ($500.00), or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 10. To see if the Town will vote to transfer from Available Funds in the Town Treasury and/or borrow the sum of Twenty-nine Thousand, Seven Hundred and Sixty-five Dollars ($29,765.00) for the purpose of completing the construction of Elm and South Streets and to further authorize the Selectmen to take such rights, titles and easements as may be necessary therefore, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 11. To see if the Town will vote to transfer from Available Funds in the Town Treasury and/or borrow a sum of money for the purchase of a pickup truck for the use of the Street Department and to authorize the Selectmen to trade as part of the purchase price, or sell a 1962 Ford Pickup Truck, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 12. To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise, additional land for dump purposes, shown on the Town of Medfield Assessors' maps as part of lots 847 and 848, adjacent to the present Town dump; and to see if the Town will vote to appropriate a sum of money to be transferred from available funds and/or borrowed for the purposes of this article, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 13. To see if the Town will vote to transfer a sum of money from available funds to the Town Debt Interest Account, or take any other action relative thereto. (Town Treasurer)

ARTICLE 14. To see if the Town will vote to transfer a sum of money from the Water Department New Services account to the Water Department Operating Expenses account, or take any other action relative thereto. (Water and Sewerage Board)

ARTICLE 15. To see if the Town will vote to appropriate a sum of money to be transferred from available funds and/or borrowed for the purpose of improving the chlorinating facilities at the existing sewage treatment plant, or take any action relative thereto.
(Water and Sewerage Board)

ARTICLE 16. To see if the Town will vote to appropriate a sum of money to be transferred from available funds and/or borrowed for the purpose of having an engineering study made to determine courses of action relative to the present and future sewage treatment facility needs of the Town of Medfield or do or act anything in relation thereto. (Water and Sewerage Board)

ARTICLE 17. To see if the Town will vote to appropriate a sum of money to be transferred from available funds and/or borrowed for the purpose of obtaining preliminary plans for an addition to the Amos Clark Kingsbury High School, or take any other action relative thereto. (School Planning and Building Committee)

ARTICLE 18. To see if the Town will vote to amend the Zoning By-law by adding "Section XI. FLOOD PLAIN DISTRICT" and to amend the Zoning Map of the Town of Medfield, Massachusetts, accordingly as follows:

SECTION XI. FLOOD PLAIN DISTRICT

1. *Purpose*
   The purpose of this section is to promote:
   (a) The health and safety of the occupants of lands subject to seasonal or periodic flooding in the Charles and Stop Rivers Flood Plain District.
   (b) The preservation of the natural flood control characteristics and the water storage capacity of the Flood Plain District.
   (c) The safety and purity of water; control and containment of sewage; safety of gas, electric, fuel and other utilities from breaking, leaking, shortcircuiting, grounding, igniting, electrocuting or any other dangers due to flooding.
2. *Definition*
   (a) The Flood Plain District is superimposed over any other district established by this by-law. The Flood Plain District is defined as all lands along or sloping to the Stop River and Charles River whose elevation is below 125 feet Mean Sea Level based on the Massachusetts Geodetic Datum of 1929 and as shown on the Zoning Map of the Town of Medfield.
3. *Use*
   (a) Land in the Flood Plain District may be used for any purpose otherwise permitted in the underlying district except that:
      (1) No building, wall, dam or other structure shall be erected, constructed, altered, enlarged or otherwise created or moved for any purpose unless a Special Permit from the Board of Appeals is issued.
      (2) Dumping, filling, excavating or transferring of any earth

material within the District is prohibited unless a Special Permit from the Board of Appeals is issued.

(3) No ponds or pools shall be created or other changes in water courses, for swimming, fishing or other recreational uses, agricultural .uses, scenic features or drainage improvements or any other uses unless a Special Permit from the Board of Appeal is issued.

(b) Proper operation and maintenance of dams and other water control devices are permitted uses under this section. This includes the temporary alteration of the water level for emergency or maintenance purposes and the removal of any and all flashboards of a privately-owned dam in order to lower the water level.

(c) Municipal use, such as waterworks, pumping stations and parks, is permitted under this section.

4. *Application for Special Permit*

(a) Any person desiring a special permit for any use set out in Section 3 (a) above within the Flood Plain District shall submit an application to the Board of Appeals, in accordance with the provisions of Chapter 40A of the Massachusetts General Laws as amended, and a copy thereof to the Building Inspector. The application shall be accompanied by plans of any construction and of the premises on which it is to be situated. All plans shall show existing and proposed finished ground contours at two-foot intervals. Contours shall be delineated within 200 feet of the proposed construction.

(b) Copies of the application for special permit to the Board of Appeals with accompanying plans shall also be sent to the Building Inspector, Board of Health and Planning Board for their recommendations to the Board of Appeals, as to their approval, disapproval or appropriate recommendations.

(c) All such plans shall be certified by a Registered Land Surveyor or a Registered Professional Civil Engineer.

5. *Issuance of Special Permits*

(a) The Board of Appeals, after holding a public hearing, shall issue a permit under this section if it finds that the use of the premises will not endanger the health or safety of the occupants thereof or of other land in the Flood Plain District. In deciding applications for a special permit under this section, but without limiting the generality of the foregoing, the Board of Appeals shall assure:

(1) That the basement floor elevation for any structure having sustained living occupancy shall be at least 125 feet above Mean Sea Level, and the top of the foundation wall shall be at least 132 feet above Mean Sea Level.

(2) That structures be so designed and secured that during flooding:

(i) The foundation would not be undermined.

(ii) The structure will not be floated off, battered off or

swept away.

(3) That safe vehicular and pedestrian movement to, over and from the premises is provided on ways having a profile no less than 125 feet above Mean Sea Level.

(4) That because of the location or elevation of the building, filling of the area, or for other reasons, there will be no danger of pollution to public or onsite water facilities.

(5) That the containment of sewage; safety of gas, electric, fuel and other utilities from breaking, leaking, short-circuiting, grounding, igniting, electrocuting or any other dangers due to flooding will be adequately protected.

(6) That the methods of drainage are adequate.

(7) That other land in the Flood Plain District is protected against detrimental or offensive uses of the premises.

(b) If any land included in the Flood Plain District is found by the Board of Appeals not in fact to be subject to seasonal or periodic flooding, the Board of Appeals may grant a Special Permit for the use of such land for any purpose permitted in the underlying district.

(c) No building permit shall be issued until the Board of Health has issued a permit under this section approving the proposed sanitary and storm drainage system or has allowed forty-five (45) days to elapse after receipt of the application.

(d) No occupancy permit shall be issued until the Board of Appeals, the Building Inspector, the Board of Health and the Planning Board have received a certified plan showing the foundation and floor elevations, grading of the premises, elevations of the completed construction and all elevations of the various elements that make up the sewage disposal system, and that all requirements of all permits are satisfied.

(e) In consideration of any of the items under "Section 5—Issuance of Special Permits," the Board of Health and the Board of Appeals shall consider the minimum ground water level in the Flood Plain District to be 123 feet above Mean Sea Level, unless data indicates a higher ground water level.

6. *Limits of Authority*

(a) Nothing contained in this Section XI shall limit the authority of the Board of Health with respect to premises in the Flood Plain District or limit the applicability of the Medfield Building Code to any structure in the Flood Plain District.

or take any other action relative thereto. (Planning Board)

ARTICLE 19. To see if the Town will vote to amend the Zoning By-law by adding "Section XII. WATERSHED PROTECTION DISTRICT" and to amend the Zoning Map of the Town of Medfield, Massachusetts, accordingly as follows:

SECTION XII. WATERSHED PROTECTION DISTRICT

1. *Purpose*

The purpose of this section is:

(a) To preserve and protect the streams and other water courses in the Town of Medfield and their adjoining lands.
(b) To protect the health and safety of persons and property against the hazards of flooding and contamination.
(c) To preserve and maintain the ground water table for water supply purposes.
(d) To protect the community against the detrimental use and development of lands adjoining such water courses.
(e) To conserve the watershed areas of the Town of Medfield for the health, safety and welfare of the public.

2. *Definition*
(a) The Watershed Protection District is superimposed over any other district established by this by-law. The Watershed Protection District is defined as all land area along the streams and brooks for a horizontal distance of at least 25 feet on each side of the centerline thereof and adjacent low, marshy areas, as shown on the Zoning Map of the Town of Medfield. The names of the brooks included within the District are as follows: Great Pond Brook, Horse Brook, Mill Brook, Mine Brook, North Brook, Saw Mill Brook, Sewall Brook, South Plain Brook, Tubwreck Brook, Turtle Brook, Vine Brook, Winter Brook and Brooks "A" through "J" inclusive, as shown on the Zoning Map of the Town of Medfield.
(b) The Watershed Protection District shall include all land that lies within a horizontal distance of 25 feet from the normal high water line of the following major water bodies: Baker's Pond, Cemetery Pond, Chickering Lake, Danielson Pond, Echo Lake, Flynn's Pond, Holt's Pond, Jewell's Pond, June Pond, Kingsbury's Pond, Little Chickering Lake, Notch Pond, Parker's Pond and all other ponds that are shown on the Zoning Map of the Town of Medfield.

3. *Use*
(a) Land in the Watershed Protection District may be used for any purpose otherwise permitted in the underlying district except that:
(1) No building, wall, dam or other structure shall be erected, constructed, altered, enlarged or otherwise created or moved for any purpose unless a Special Permit from the Board of Appeals is issued.
(2) Dumping, filling, excavating or transferring of any earth material within the District is prohibited unless a Special Permit from the Board of Appeals is issued.
(3) No ponds or pools shall be created or other changes in water courses, for swimming, fishing or other recreational uses, agricultural uses, scenic features or drainage improvements or any other uses unless a Special Permit from the Board of Appeal is issued.
(b) Proper operation and maintenance of dams and other water control devices are permitted uses under this section. This

includes the temporary alteration of the water level for emergency or maintenance purposes and the removal of any and all flashboards of a privately-owned dam in order to lower the water level.

(c) Municipal use, such as waterworks, pumping stations and parks, is permitted under this section.

4. *Application for Special Permit*

(a) Any person desiring a special permit for any use set out in Section 3 (a) above within the Watershed Protection District shall submit an application to the Board of Appeals, in accordance with the provisions of Chapter 40A of the Massachusetts General Laws as amended, and a copy thereof to the Building Inspector. The application shall be accompanied by plans of any construction and of the premises on which it is to be situated. All plans shall show existing and proposed finished ground contours at two-foot intervals. Contours shall be delineated within 200 feet of the proposed construction.

(b) Copies of the application for special permit to the Board of Appeals with accompanying plans shall also be sent to the Building Inspector, Board of Health and Planning Board for their recommendations to the Board of Appeals, as to their approval, disapproval or appropriate recommendations.

(c) All such plans shall be certified by a Registered Land Surveyor or a Registered Professional Civil Engineer.

5. *Issuance of Special Permits*

(a) The Board of Appeals, after holding a public hearing, shall issue a special permit under this section if it finds that the use of the premises will not endanger the health or safety of the occupants thereof or of other land in the Watershed Protection District. In deciding applications for a special permit under this section, but without limiting the generality of the foregoing, the Board of Appeals shall assure:

(1) That the basement floor elevation for any structure having sustained living occupancy shall be at least two feet above the elevation of the adjacent Watershed Protection District and that the top of the foundation wall shall be at least nine feet above the elevation of the adjacent District.

(2) That structures be so designed and secured that during flooding:

(i) The foundation would not be undermined.

(ii) The structure will not be floated off, battered off or swept away.

(3) That safe vehicular and pedestrian movement to, over and from the premises is provided on ways having a profile no less than two feet above the elevation of the adjacent District.

(4) That because of the location or elevation of the building

flooding, filling of the area, or for other reasons, there will be no danger of pollution to public or onsite water facilities.

(5) That the containment of sewage; safety of gas, electric, fuel and other utilities from breaking, leaking, short-circuting, grounding, igniting, electrocuting or any other dangers due to flooding will be adequately protected.

(6) That the methods of drainage are adequate.

(7) That other land in the Watershed Protection District is protected against detrimental or offensive uses of the premises.

(b) No building permit shall be issued until the Board of Health has issued a permit under this section approving the proposed sanitary and storm drainage system or has allowed forty-five (45) day to elapse after receipt of the application.

(c) No occupancy permit shall be issued until the Board of Appeals, the Building inspector, the Board of Health and the Planning Board have received a certified plan showing the foundation and floor elevations, grading of the premises, elevations of the completed construction and all elevations of the various elements that make up the sewage disposal system, and that all requirements of all permits are satisfied.

(d) In consideration of any of the items under "Section 5 — Issuance of Special Permits," the Board of Health and the Board of Appeals shall consider the minimum ground water level in the Watershed Protection District to be two feet less than the elevation above Mean Sea Level of the adjacent District, unless data indicates a higher ground water level.

6. *Areas and Yard Regulations*

(a) The portion of any lot in a Watershed Protection District may be used to meet the area and yard regulations for the District in which the remainder of the lot is situated provided that not more than 75% of the lot area is within the Watershed Protection District.

7. *Water Bodies*

(a) All water bodies encircled by the Watershed Protection District are hereby included within said District.

8. *Limits of Authority*

(a) Nothing contained in this Section XII shall limit the authority of the Board of Health with respect to premises in the Watershed Protection District or limit the applicability of the Medfield Building Code to any structure in the Watershed Protection District.

or take any other action relative thereto.

(Planning Board)

ARTICLE 20. To see if the Town will vote to appropriate a sum of money to be transferred from available funds and/or borrowed

for the purpose of purchasing a Radar and two-way mobile unit, or take any other action in relation thereto.

(Police Department)

ARTICLE 21. To see if the Town will vote to authorize the Board of Selectmen to enter into a contract for the installation of street lights on Ledgetree Road, the cost to be paid from the street lighting account, or take any other action relative thereto.

(Board of Selectmen and Petitioners)

ARTICLE 22. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purchase and installation of water pipes in Grove Street for approximately 630 feet in a northwesterly direction from the end of the present existing water line at the dump, toegther with the necessary fittings and appurtenances thereto, and all under the provisions of the Water Betterment Act, so-called, or take any action relative thereto.

(Petition)

ARTICLE 23. To see if the Town will vote to accept the following named sums as Perputual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz:

Carol Banister Lot	$ 50.
Louis Carpenter Lot	200.
H. Ralph DiGiacomo Lot	150.
John and Margaret Hammond Lot	150.
John and Margaret Hammond Lot	100.
Milton and Evelyn Kelley Lot	100.
Leon M. Kennett Lot	100.
Marie and Rita Kreger Lot	200.
Wiley and Christine Scribner Lot	100.
William H. Sharp, Jr. Lot	200.
Howard and Irma Tisdale Lot	100.
Alice Quinn Lot	100.
Patricia Wynn Lot	100.

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this 14th day of October, A.D. Nineteen hundred and sixty-nine.

Harry A. Kelleher
Lawrence E. Abar
Walter M. Frank
Selectmen of Medfield

William H. Mann
Constable of Medfield
Medfield, Massachusetts

Commonwealth of Massachusetts
Norfolk, SS.

October 16, 1969

By virtue of this warrant, I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections to meet at the time and for the purpose named, by posting attested copies of said warrant in not less than five public places in the Town at least seven days before the time of holding the meeting.

William H. Mann
Constable of Medfield

SPECIAL TOWN MEETING
October 27, 1969

Pursuant to the foregoing warrant, the meeting was called to order by the Moderator at 7:30 P. M. in the Dale Street School auditorium and after reading the warrant notice, Selectmen and Constables returns, action was taken on the articles as follows:

ARTICLE 1. (note: a quorum was ascertained prior to voting.) Voted to transfer the sum of $1,200.00 from the Park and Recreation Commission Payroll Account for the purpose of draining and re-shaping the Town Swimming Pond.

ARTICLE 2. Voted that the Town transfer to the Memorial Public Library the sum of One Thousand Five Hundred and Five dollars and twenty five cents ($1,505.25) received from the Commonwealth of Massachusetts under the provisions of Chapter 760, Acts of 1960, as amended, an act providing State Aid to cities and towns for free public libraries.

ARTICLE 3. Voted that the Town accept the sum of Five Hundred and Fifty-Four Dollars ($554.00) contributed as a memorial to the late Robert E. Peters by his family and friends; that this sum be appropriated and disbursed for library purposes by the Trustees of the Memorial Public Library; and that the gratitude of the Town be expressed to the donors for the gift that will contribute to the improvement of library services for all the citizens of Medfield; a cause to which Mr. Peters as a Library Trustee from 1964 to 1966, devoted many hours of earnest and intelligent effort.

ARTICLE 4. Voted that the Town adopt the following By-Law:

"TOWN OF MEDFIELD AMBULANCE shall be under the jurisdiction of the Board of Selectmen. They shall be in charge of maintenance and budget and records and shall hire such help as is necessary. They shall from time to time make rules and regulations regarding care and operation of the ambulance.

The Chief of Police, or in his absence, the police officer in charge of the station shall be charged with dispatching the ambulance. The ambulance shall be manned by at least two men, one of whom shall possess a Red Cross First Aid Card. Police Officers shall man the ambulance wherever possible and if off duty, shall be considered on duty when manning the ambulance as stipulated in Massachusetts General Laws, Chap. 41, Sect. 111F"

ARTICLE 5. Voted to amend the Classification of Positions and Pay Schedules of the Personnel Administration Plan by making the following changes and additions thereto:

FULL TIME POSITIONS

	Minimum	2nd Step	3rd Step	4th Step	Maximum
			RATE RANGE		
Secretary	$2.15	$2.25	$2.35	2.45	$2.55

PART TIME AND TEMPORARY POSITIONS

Dog Officer	$450.00 Per year

ARTICLE 6. Voted to amend the Personnel Administration Plan by adding "Section 11A — PHYSICAL EXAMINATION":

"Section 11A. Physical Examination. A pre-employment physical examination will be required of all full time and regular part-time new personnel by a qualified physician of the employee's choice, report to be made on a form to be provided by the Town of Medfield, examination to be at the expense of the Town."

ARTICLE 7. Voted to amend the Town By-Laws adopted on March 8, 1926, by adding to **Article II, a new section 23** as follows:

"Section 23. Town Boards, committees, officers and departments may dispose of personal property having a value of $200.00 or less belonging to the Town with the approval of the Board of Selectmen when the property is no longer needed by the Town".

ARTICLE 8. Voted to amend the Town By-Laws adopted on March 8, 1926, by adding to **Article II, a new section 24** as follows:

"Section 24. It shall be the duty of the Selectmen to relocate and change street lights whenever they shall determine that such relocation or change is necessary for the safety and general welfare of the public".

ARTICLE 9. Voted to transfer the sum of $500.00 from the Town Hall Utilities Account to Town Hall Other Expenses Account.

ARTICLE 10. Voted unanimously that the sum of $1,765.00 be transferred from Free Cash in the Treasury and the sum of $28,000.00 be borrowed by the Treasurer, with the approval of the Selectmen, for a period of not more than 10 years, for the purpose of completing the construction of Elm and South Streets, and that the Selectmen be authorized to take such rights, titles and easements as may be necessary, for the purposes of this article.

ARTICLE 11. Voted unanimously that the sum of $2,300.00 be transferred from Free Cash in the Treasury for the purchase of a Pickup Truck for the use of the Street Department, and that the Selectmen be authorized to trade the 1962 Ford Pickup Truck as part of the purchase price or to sell said truck.

ARTICLE 12. Voted that this article be dismissed, as the two thirds vote needed for passage was not received as hereby shown: Ref: to acquiring additional land for dump purposes.

195 voted in favor of passage
146 voted against passage

ARTICLE 13. Voted to transfer the sum of $5,500.00 from available funds in the Treasury to the Town Debt Interest Account.

ARTICLE 14. Voted that this article be dismissed, wherein a sum of money was to be transferred from one Water Department account to another.

ARTICLE 15. Voted that the sum of $5,914.00 be transferred from Free Cash in the Treasury, the sum of $5,700.00 be transferred from the balance appropriated under Article 2 at the Special Town Meeting of September 9, 1968, the sum of $2,590.00 be transferred from the balance appropriated under Article 7 of the Special Town Meeting of November 13, 1967 and the sum of $3,000.00 be transferred from the balance appropriated under Article 35 of the Town Meeting of March 10, 1969, for the purpose of improving the chlorinating facilities at the existing sewage treatment plant.

ARTICLE 16. Voted that the sum of $30,000.00 be transferred from Free Cash in the Treasury for the purpose of having an engineering study made to determine courses of action relative to the present and future sewage treatment facility needs of the Town of Medfield.

ARTICLE 17. Voted unanimously that the sum of $1,000.00 be transferred from Free Cash in the Treasury and that the sum of $9,000.00 be borrowed by the Treasurer, with the approval of the Selectmen, for a period of one year, for the purpose of obtaining preliminary plans for an addition to the Amos Clark Kingbury High School.

ARTICLE 18. Voted unanimously to amend the Zoning By-law by adding "Section XI. FLOOD PLAIN DISTRICT" and to amend the Zoning Map of the Town of Medfield, Massachusetts, accordingly as follows:

SECTION XI. FLOOD PLAIN DISTRICT

1. **Purpose**

The purpose of this section is to promote:

(a) The health and safety of the occupants of lands and subject to seasonal or periodic flooding in the Charles and Stop Rivers Flood Plain District.

(b) The preservation of the natural flood control characteristics and the water storage capacity of the Flood Plain District.

(c) The safety and purity of water; control and containment of sewage; safety of gas, electric, fuel and other utilities from breaking, leaking, short-circuiting, grounding, igniting, electrocuting or any other dangers due to flooding.

2. **Definition**

(a) The Flood Plain District is superimposed over any other district established by this by-law. The Flood Plain District is defined as all lands along or sloping to Stop River and Charles River whose elevation is below 125 feet Mean Sea Level based on the Massachusetts Geodetic Datum of 1929 and as shown on the Zoning Map of the Town of Medfield.

3. **Use**

(a) Land in the Flood Plain District may be used for any purpose otherwise permitted in the underlying district except that:

(1) No buliding, wall, dam or other structure shall be erected, constructed, altered, enlarged or otherwise created or moved for any purpose unless a Special Permit from the Board of Appeals is issued.

(2) Dumping, filling, excavating or transferring of any earth material within the District is prohibited unless a Special Permit from the Board of Appeals is issued.

(3) No ponds or pools shall be created or other changes in water courses, for swimming, fishing or other recreational uses, agricultural uses, scenic features or drainage improvements or any other uses unless a Special Permit from the Board of Appeals is issued.

(b) Proper operation and maintenance of dams and other water control devices are permitted uses under this section. This includes the temporary alteration of the water level for emergency or maintenance purposes and the removal of any and all flashboards of a privately-owned dam in order to lower the water level.

(c) Municipal use, such as waterworks, pumping stations and parks, is permitted under this section.

4. **Application for Special Permit**

(a) Any person desiring a special permit for any use set out in Section 3 (a) above within the Flood Plain District shall submit an application to the Board of Appeals, in accordance with the provisions of Chapter 40A of the Massachusetts General Laws as amended, and a copy thereof to the Building Inspector. The application shall be accompanied by plans of any construction and of the premises on which it is to be situated. All plans shall show existing and proposed finished ground contours at two-foot intervals. Contours shall be delineated within 200 feet of the proposed construction.

(b) Copies of the application for special permit to the Board of Appeals with accompanying plans shall also be sent to the Building Inspector, Board of Health and Planning Board for their recommendations to the Board of Appeals, as to their approval, disapproval or appropriate recommendations.

(c) All such plans shall be certified by a Rgistered Land Surveyor or a Registered Professional Civil Engineer.

5. **Issuance of Special Permits**

(a) The Board of Appeals, after holding a public hearing shall issue a permit under this section if it finds that the use of the premises will not endanger the health or safety of the occupants thereof or of other land in the Flood Plain District. In deciding applications for a special permit under this section, but without limiting the generality of the foregoing, the Board of Appeals shall assure:

(1) That the basement floor elevation for any structure having sustained living occupancy shall be at least 125 feet above Mean Sea Level, and the top of the foundation wall shall be at least 132 feet above Mean Sea Level.

(2) That structures be so designed and secured that during flooding:

(i) The foundation would not be undermined.

(ii) The structure will not be floated off, battered off or swept away.

(3) That safe vehicular and pedestrian movement to, over and from the premises is provided on ways having a profile no less than 125 feet above Mean Sea Level.

(4) That because of the location or elevation of the building, filling of the area, or for other reasons, there will be no danger of pollution to public or on-site water facilities.

(5) That the containment of sewage; safety of gas, electric, fuel and other utilities from breaking, leaking, short-

circuiting, grounding, igniting, electrocuting or any other dangers due to flooding will be adequately protected.

(6) That the methods of drainage are adequate.

(7) That other land in the Flood Plain District is protected against detrimental or offensive uses of the premises.

(b) If any land included in the Flood Plain District is found by the Board of Appeals not in fact to be subject to seasonal or periodic flooding, the Board of Appeals may grant a Special Permit for the use of such land for any purpose permitted in the underlying district.

(c) No building permit shall be issued until the Board of Health has issued a permit under this section approving the proposed sanitary and storm drainage system or has allowed forty-five (45) days to elapse after receipt of the application.

(d) No occupancy permit shall be issued until the Board of Appeals, the Building Inspector, the Board of Health and the Planning Board have received a certified plan showing the foundation and floor elevations, grading of the premises, elevations of the completed construction and all elevations of the various elements that make up the sewage disposal system, and that all requirements of all permits are satisfied.

(e) In consideration of any of the items under "Section 5 — Issuance of Special Permits," the Board of Health and the Board of Appeals shall consider the minimum ground water level in the Flood Plain District to be 123 feet above Mean Sea Level, unless date indicates a higher ground water level.

6. **Limits of Authority**

(a) Nothing contained in this Section XI shall limit the authority of the Board of Health with respect to premises in the Flood Plain District or limit the applicability of the Medfield Building Code to any structure in the Flood Plain District.

ARTICLE 19. Voted unanifously to amend the Zoning Bylaw by adding "Section XII. WATERSHED PROTECTION DISTRICT" and to amend the Zoning Map of the Town of Medfield, Massachusetts, accordingly as follows:

SECTION XII. WATERSHED PROTECTION DISTRICT

1. **Purpose**

The purpose of this section is:

(a) To preserve and protect the streams and other water courses in the Town of Medfield and their adjoining lands.

(b) To protect the health and safety of persons and property against the hazards of flooding and contamination.

feet on each side of the centerline thereof and adjacent low, marshy areas, as shown on the Zoning Map of the Town of Medfield.

The names of the brooks included within the District are as follows: Great Pond Brook, Horse Brook, Mill Brook, Mine Brook, North Brook, Saw Mill Brook, Sewell Brook, South Plain Brook, Tubwreck Brook, Turtle Brook, Vine Brook, Winter Brook and Brooks "A" through "J" inclusive, as shown on the Zoning Map of the Town of Medfield.

(b) The Watershed Protection District shall include all land that lies within a horizontal distance of 25 feet from the normal high water line of the following major water bodies: Baker's Pond, Cemetery Pond, Chickering Lake, Danielson Pond, Echo Lake, Flynn's Pond, Holt's Pond, Jewell's Pond, June Pond, Kingsbury's Pond, Little Chickering Lake, Notch Pond, Parker's Pond and all other ponds that are shown on the Zoning Map of the Town of Medfield.

3. **Use**

(a) Land in the Watershed Protection District may be used for any purpose otherwise permitted in the underlying district except that:

(1) No building ,wall, dam or other structure shall be erected, constructed, altered, enlarged or otherwise created or moved for any purpose unless a Special Permit from the Board of Appeals is issued.

(2) Dumping, filling, excavating or transferring of any earth material within the District is prohibited unless a Special Permit from the Board of Appeals is issued.

(3) No ponds or pools shall be created or other changes in water courses, for swimming, fishing or other recreational uses, agricultural uses, scenic features or drainage improvements or any other uses unless a Special Permit from the Board of Appeals is issued.

(b) Proper operation and maintenance of dams and other water control devices are permitted uses under this section. This includes the temporary alteration of the water level

(c) To preserve and maintain the ground water table for water supply purposes.

(d) To protect the community against the detrimental use and development of lands adjoing such water courses.

(e) To conserve the watershed areas of the Town of Medfield for the health, safety and welfare of the public.

2. **Definition**

(a) The Watershed Protection District is superimposed over any other district established by this By-law. The Watershed Protection District is defined as all land area along the streams and brooks for a horizontal distance of at least 25

for emergency or maintenance purposes and the removal of any and all flashboards of a privately-owned dam in order to lower the water level.

(c) Municipal use, such as waterworks, pumping stations and parks, is permitted under this section.

4. **Application for Special Permit**

(a) Any person desiring a special permit for any use set out in Section 3 (a) above within the Watershed Protection District shall submit an application to the Board of Appeals, in accordance with the provisions of Chapter 40A of the Massachusetts General Laws as amended, and a copy thereof to the Building Inspector. The application shall be accompanied by plans of any construction and of the premises on which it is to be situated. All plans shall show existing and proposed finished ground contours at two-floor intervals. Contours shall be delineated within 200 feet of the proposed construction.

(b) Copies of the application for special permit to the Board of Appeals with the accompanying plans shall also be sent to the Building Inspector, Board of Health and Planning Board for their recommendations to the Board of Appeals, as to their approval, disapproval or appropriate recommendations.

(c) All such plans shall be certified by a Registered Land Surveyor or a Registered Professional Civil Engineer.

5. **Issuance of Special Permits**

(a) The Board of Appeals, after holding a public hearing shall issue a special permit under this section if it finds that the use of the premises will not endanger the health or safety of the occupants thereof or of other land in the Watershed Protection District. In deciding applications for a special permit under this section, but without limiting the generality of the foregoing, the Board of Appeals shall assure:

(1) That the basement floor elevation for any structure having sustained living occupancy shall be at least two feet above the elevation of the adjacent Watershed Protection District and that the top of the foundation wall shall be at least nine feet above the elevation of the adjacent District.

(2) That structures be so designed and secured that during flooding:

(i) The foundation would not be undermined.

(ii) The structure will not be floated off, battered off or swept away.

(3) That safe vehicular and pedestrian movement to, over and from the premises is provided on ways having a profile no less than two feet above the elevation of the adjacent District.

(4) That because of the location or elevation of the building, flooding, filling of the area, or for other reasons, there will be no danger of pollution to public or on-site water facilities.

(5) That the containment of sewage, safety of gas, electric, fuel and other utilities from breaking, leaking, short-circuiting, grounding, igniting, electrocuting or any other dangers due to flooding will be adequately protected.

(6) That the methods of drainage are adequate.

(7) That other land in th Watershed Protection District is protected against detrimental or offensive uses of the premises.

(b) No building permit shall be issued until the Board of Health has issued a permit under this section approving the proposed sanitary and storm drainage system or has allowed forty-five (45) days to elapse after receipt of the application.

(c) No occupancy permit shall be issued until the Board of Appeals, the Building Inspector, the Board of Health and the Planning Board have received a certified plan showing the foundation and floor elevations, grading of the premises, elevations of the completed construction and all elevations of the various elements that make up the sewage disposal system, and that all requirements of all permits are satisfied.

(d) In consideration of any of the items under "Section 5 — Issuance of Special Permits," the Board of Health and the Board of Appeals shall consider the minimum ground water level in the Watershed Protection District to be two feet less than the elevation above Mean Sea Level of the adjacent District, unless date indicates a higher ground water level.

6. **Areas and Yard Regulations**

(a) The portion of any lot in a Watershed Protection District may be used to meet the area and yard regulations for the District in which the remainder of the lot is situated, provided that not more than 75% of the lot is within the Watershed Protection District.

7. **Water Bodies**

(a) All water bodies encircled by the Watershed Protection District are hereby included within said District.

8. **Limits of Authority**

(a) Notning contained in this Section XII shall limit the authority of the Board of Health with respect to premises in the Watershed Protection District or limit the applicability of the Medfield Building Code to any structure in the Watershed Protection District.

ARTICLE 20. Voted that this article be dismissed, wherein the sum of $2,695.00 from Free Cash in the Treasury was sought for the purchase of a Radar and two-way Mobile Unit for the Police Department.

ARTICLE 21. Voted to authorize the Board of Selectmen to enter into a contract for the installation of Street Lights on Ledgetree Road, the cost to be paid from the Street Lighting Account.

WARRANT

For

TOWN OF MEDFIELD

ANNUAL TOWN MEETING

1970

TOWN OF MEDFIELD

WARRANT FOR ANNUAL TOWN MEETING

COMMONWEALTH OF MASSCHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs to meet at the Memorial School, in said Medfield, on Monday, the second day of March A.D. 1970 at 6:00 A.M., then and there to act on the following articles:

ARTICLE 1. To choose all Town Officers required to be elected annually by ballot, viz:

One Moderator, One Town Clerk, One Assessor, One Member of the Park Commission, all for one year.
One Treasurer for two years.
One Selectman, One Assessor, Two Trustees of the Public Library, One Member of the School Committee, One Member of the Board of Health, One Cemetery Commissioner, One Member of the Water and Sewerage Board, Two Members of the Park Commission, One Tree Warden, all for three years.
One Member of the Planning Board and One Member of the Housing Authority for five years.

The polls will be opened at 6:00 A.M. and shall be closed at 8:00 o'clock P.M.

On Monday, the ninth day of March A.D. 1970 commencing at 7:30 P.M., the following articles will be acted on at the Amos Clark Kingsbury Sshool Gymnasium in said Medfield, viz:

ARTICLE 2. To see if the Town will vote to accept the reports of the several Town Officers for the past year.

ARTICLE 3. To see if the Town will vote to appropriate sums of money requested by the Selectmen or any other Town Officer, Board, Commission and Committee to defray operating expenses of the Town for the current year or such other sums as the Town may determine and to fix the salary or other compensation of all elected officers of the Town as required by General Laws, Chapter 41, Section 108, or do or act anything in relation thereto.

ARTICLE 4. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1970, and to issue a note or notes therefor payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Chapter 44, Section 17, General Laws.

ARTICLE 5. To see if the Town will authorize the Collector to use all means in the collection of taxes as the Treasurer might if elected to that office.

ARTICLE 6. To see if the Town will vote to amend the classification of positions and Pay Schedules of the Personnel Administration Plan so that it reads as follows:

When an hourly paid employee is called into work on an emergency assignment, he shall receive no less than two (2) hours pay at his straight time hourly rate. This does not apply to planned overtime.

or do or act anything in relation thereto.

(Personnel Board)

ARTICLE 7. To see if the Town will vote to amend the Section 12., Vacations. of the Personnel Administration Plan by deleting the vacation schedule and substituting therefor a new vacation schedule as follows:

Time Employed As of June 1st Each Year	Length of Vacations
6 months up to one year	1 week
1 year, but less than five years	2 weeks
5 years, but less than ten years	3 weeks
10 years and over	4 weeks

or do or act anything in relation thereto.

(Personnel Board)

ARTICLE 8. To see if the Town will vote to amend Section 15., Holidays, of the Personnel Administration Plan by deleting in its entirety the first paragraph under Section 15. "Holidays" and substituting therefor a new paragraph as follows:

Holidays

15. Permanent full time employees and regular part time employees shall be paid for each of the following holidays, except that regular part time employees shall be paid only for those holidays falling on a regularly scheduled work day and on the same basis as their earnings if they had worked:

New Year's Day
Washington's Birthday
Patriot's Day
Memorial Day
Independence Day
Labor Day
Columbus Day
Veterans' Day
Thanksgiving Day
Christmas Day

or do or act anything in relation thereto.

(Personnel Board)

ARTICLE 9. To see if the Town will vote to amend the Personnel Administration Plan by deleting in its entirety Section 16. "Overtime" and substituting therefor a new Section as follows:

Overtime

16.

Regular full time employees, exclusive of Department Heads, will be paid time and one half for all hours worked in excess of forty-four hours (44) per week within the department where the employee is regularly employed. Where overtime is performed for a department other than the employees regular full time department, the overtime rate will be time and one half the appropriate rate schedule for the work being performed as determined by the Department Head for whom the work is being accomlished.

This section shall not apply to time spent in responding to fire calls or snow removal,

or do or act anything in relation thereto.

(Personnel Board)

ARTICLE 10. To see if the Town will vote to authorize and empower the Selectmen to appoint an Executive Secretary under the provisions of the General Laws of Massachusetts, Chapter 41, Section 23A, or take any other action relative thereto.

(Board of Selectmen and Town Government Study Committee)

ARTICLE 11. To see if the Town will vote to accept Section 103 of Chapter 41 of the General Laws of Massachusetts, providing

for the establishment of a Purchasing Department, or take any action in relation thereto.

(Board of Selectmen and Town Government Study Committee)

ARTICLE 12. To see what sums of money the Town will vote to raise and appropriate, borrow and/or transfer from available funds for final plans and specifications for additions to the Amos Clark Kingsbury High School, or take any other action relative thereto.

(School Planning & Building Committee)

ARTICLE 13. To see if the Town will vote to amend the By-laws by adding SECTION 28. to ARTICLE IV — POLICE REGULATIONS as follows:

SECTION 28. No person shall hunt, fire or discharge any firearms or explosives of any kind within the limits of any highway, park or other public property except with the written permission of the Chief of Police given after due consideration of the public safety; or private property except with the written permission of the owner or legal occupant thereof; provided, however, that this By-law shall not apply to the lawful defense of life or liberty or the defense of property nor to any law enforcement officer acting in the discharge of his duties. Any person who violates this By-law shall be punished by a fine of not more then Twenty Dollars ($20.00),

or do or act anything in relation thereto.

(Police Department)

ARTICLE 14. To see if the Town will vote to authorize the Moderator to appoint a committee of five persons to study and make recommendations to the Town at a future town meeting regarding the building of a new police station, or do or act anything in relation thereto.

(Police Department)

ARTICLE 15. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to purchase and equip one or more motor vehicles for use as police cruisers, and to authorize the Board of Selectmen to trade or sell the present cruisers as part of the purchase price, or do or act anything in relation thereto.

(Police Department)

ARTICLE 16. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money for the purpose of purchasing a Vehicle Speed Indicator and Mobile Radios for the use of the Police Department, or do or act anything in relation thereto.

(Police Department)

ARTICLE 17. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money for

the purpose of purchasing one new base station transmitter-receiver — dual frequency, one new dual frequency mobile radio transmitter-receiver and one monitor receiver, for use of the Police and Fire Departments, or do or act anything in relation thereto.

(Police Department)

ARTICLE 18. To see if the Town will vote to raise and appropriate and/or borrow and/or transfer from available funds a sum of money to purchase and equip an ambulance and to authorize the Board of Selectmen to trade or sell the present ambulance for part of the purchase price, or take any other action relative thereto.

(Board of Selectmen and Police Department)

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of Five Thousand Six Hundred Dollars ($5600.) as the Town's Chapter 90 share for the reconstruction of Hospital Road and Harding Street, to authorize the Selectmen to enter into any and all contracts necessary or incidental thereto; said money to be used with funds alloted by the County and State, or take any other action in relation thereto.

(Board of Selectmen)

ARTICLE 20. To see if the Town will vote to transfer the unexpended balance of Three Hundred and Fifty-nine Dollars and Sixteen Cents ($359.16) appropriated under Article 24 of the Annual Town Meeting of 1969 (Traffic Lights Main and South Streets) originally transferred as the Town's share of Chapter 616 of the Acts of 1967 for the purpose of reconstructing Hospital Road and Harding Street, or take any action relative thereto.

(Board of Selectmen)

ARTICLE 21. To see if the Town will vote to transfer the sum of Three Thousand Nine Hundred and Nineteen Dollars and Fifty-three Cents ($3,919.53) received or to be received under the provisions of Chapter 768 of the Acts of 1969 for the purpose of reconstructing Hospital Road and Harding Street, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 22. To see if the Town will vote to raise and appropriate the sum of Fifteen Hundred Dollars ($1500.) as the Town's Chapter 90 share for the maintenance of Chapter 90 roads; said funds to be used with funds alloted by the County and State, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 23. To see if the Town will vote to accept the relocation of a section of Green Street from Station 8 + 00 as shown on a plan entitled Plan of Proposed Relocation of a Portion of Green Street, dated September 28, 1960 and extending westerly a distance of approximately eleven hundred and seventy-five (1175) feet as shown on a Plan entitled Plan of Relocation of a Portion of Green

Street dated February 3, 1969, and on file in the Town Clerk's Office, and authorize the Selectmen to acquire such rights, titles and easements as may be necessary to accomplish said purpose and to further raise and appropriate a sum of money for payment of land damages incurred in connection with said relocation, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 24. To see if the Town will vote to raise and appropriate and/or transfer the sum of Nine Thousand Four Hundred and Sixty-eight Dollars ($9,468.) for the construction of Green Street, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 25. To see if the Town will vote to raise and appropriate and/or transfer the sum of Five Thousand Dollars ($5,000.) and appropriate it to the Street Improvement Account for the construction of Granite Street, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 26. To see if the Town will vote to raise and appropriate and/or transfer the sum of Five Thousand Six Hundred and Seventy Dollars ($5,670.) and appropriate it to the Street Resurfacing Account for the purpose of resurfacing Winter Street or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 27. To see if the Town will vote to raise and appropriate and/or transfer the sum of Nine Thousand Five Hundred Dollars ($9,500.) and appropriate it to the Street Resurfacing Account for the purpose of resurfacing Cross Street, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 28. To see if the Town will vote to raise and appropriate and/or borrow the sum of Twenty Thousand Dollars ($20,000.) for the purchase of a Front End Loader for the Street Department and to authorize the Selectmen to trade or sell a Hough 60 as part of the purchase price, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 29. To see if the Town will vote to raise and appropriate the sum of Seven Thousand Five Hundred Dollars ($7,500.) for the purchase of a sidewalk tractor and plows for the Street Department, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 30. To see if the Town will vote to raise and appropriate the sum of Four Thousand Nine Hundred Dollars ($4,-

900.) for the construction of a sidewalk on the southerly side of Winter Street, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 31. To see if the Town will vote to raise and appropriate the sum of Eighty Thousand Nine Hundred Dollars ($8,-900.) for the construction of a sidewalk on the easterly side of Cross Street, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 32. To see if the Town will vote to raise and appropriate and/or borrow a sum of money for the adjustment of town utilities in conjunction with the relocation of Route 27, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 33. To see if the Town will vote to accept as public ways the following named streets or parts thereof:

Colonial Road from Station 6 + 95.41 to Station 12 + 50.0
Cypress Street from Station 0 + 0 to Station 12 + 0
Flint Locke Lane from Station 21+ 11.24 to Station 28 + 95.05
Green Street from Station 5 + 28.74 to Station 16 + 21.81
Lee Road from Station 20 + 89.76 to Station 24 + 48.74
Oxbow Road from Station 6 + 17.43 to Station 7 + 07.82
Snyder Road from Station 15 + 50.00 to Station 26 + 08.79
Tamarack Road from Station 8 + 39.48 to Station 11 + 89.65

as laid out by the Board of Selectmen and as shown on plans referred to in the Orders of Layout on file with the Town Clerk's office and to authorize the Board of Selectmen to acquire by eminent domain or otherwise, such rights, titles and easements, including drainage easements as may be necessary to accomplish such purpose, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 34. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purpose of making extraordinary repairs, renovations and alterations to the Town Hall, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 35. To see what sums of money the Town will vote to raise and appropriate, borrow and/or transfer from available funds for the purpose of installing a fire alarm system in the Town Hall, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 36. To see if the Town will vote to raise and appropriate and/or borrow and/or transfer from available funds in the Town Treasury a sum of money to purchase a car for the use of the

Fire Chief, or do or act anything in relation thereto.

(Fire Department)

ARTICLE 37. To see if the Town will vote to raise and appropriate and/or borrow a sum of money for the purchase of a truck chassis for the Tree Department and to authorize the Selectmen to trade or sell as part of the purchase price a 1962 truck chassis, or raise and appropriate a sum of money to repair the 1962 truck chassis or do or act anything in relation thereto.

(Tree Department)

ARTICLE 38. To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise, additional land for dump purposes, shown on the Town of Medfield Assessors' maps as part of lots 847 and 848, adjacent to the present Town dump; and to see if the Town will vote to raise and appropriate and/or borrow and/or transfer from available funds a sum of money for the purposes of this article, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 39. To see what sums the Town will vote to raise and appropriate, borrow and/or transfer from available funds for the purchase of equipment for the operation and maintenance of the Town Dump, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 40. To see what sums of money the Town will vote to raise and appropriate and/or transfer from available funds for the operation and maintenance of the Town Dump, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 41. To see what sums of money the Town will vote to raise and appropriate and/or transfer from available funds for the purpose of providing rubbish disposal service for the Town, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 42. To see what sums of money the Town will vote to raise and appropriate, borrow and/or transfer from available funds to construct surface drainage for Spring Valley Road, Stony Brook Road, Longmeadow Road and Kaymark Drive as recommended by the Norfolk Conservation District, and to authorize the Board of Selectmen to acquire by eminent domain or otherwise such rights, titles and easements as may be necessary to accomplish such purpose, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 43. To see if the Town will vote to authorize the Water and Sewerage Board to appoint one of its members as Water Superintendent, or to take any other action relative thereto.

(Water & Sewerage Board)

ARTICLE 44. To see if the Town will vote to raise and appropriate Three Thousand Dollars ($3,000.) to extend the water main from the present terminus in Winter Street northerly to the junction of the present main in Pine Street or do or act anything in relation thereto.

(Water & Sewerage Board)

ARTICLE 45. To see if the Town will vote to raise and appropriate Four Thousand, Two Hundred Dollars ($4,200.) to extend the water main from the present terminus in Forest Street westerly to the present main in Granite Street, or do or act anything in relation thereto.

(Water & Sewerage Board)

ARTICLE 46. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purchase and installation of water pipes in Grove Street for approximately 630 feet in a northwesterly direction from the end of the present existing water line at the dump, together with the necessary fittings and appurtenances thereto, and all under the provisions of the Water Betterment Act, so-called, or take any action relative thereto.

(Petition)

ARTICLE 47. To see what sum of money the Town will vote to raise and appropriate, borrow, or transfer from Available Funds for the preparation of Assessors' Maps under the direction of the Board of Assessors, or take any other action relative thereto.

(Board of Assessors)

ARTICLE 48. To see if the Town will vote to authorize the Board of Assessors to appoint and employ one of its members as a Field Appraiser, and will vote to fix his compensation, or take any action in relation thereto.

(Board of Assessors)

ARTICLE 49. To see if the Town will vote to authorize the Board of Assessors to employ legal counsel from time to time as may be required, or do or act anything in relation thereto.

(Board of Assessors)

ARTICLE 50. To see if the Town will vote to authorize the Board of Assessors to use a sum of money from Free Cash in the Treasury for the reduction of the 1970 Tax Rate, or do or act anything in relation thereto.

(Board of Assessors)

ARTICLE 51. To see what sums of money the Town will vote to raise and appropriate and/or transfer from available funds and/or borrow for the purpose of updating the Master Plan, or take any other action relative thereto.

(Planning Board)

ARTICLE 52. To see what sums of money the Town will vote to raise and appropriate, borrow, and/or transfer from available funds for the purpose of procuring a topographical map or maps of the Town, or take any other action relative thereto.

(Planning Board)

ARTICLE 53. To see what sum of money the Town will vote to raise and appropriate for the purpose of installing five (5) new sea-scroll Christmas lights and erecting presently Town-owned lights or do or act anything in relation thereto.

(Park & Recreation Commission)

ARTICLE 54. To see what sum of money the Town will vote to raise and appropriate for the purpose of constructing an addition to the existing bath house at the Medfield Swim Pond or do or act anything in relation thereto.

(Park & Recreation Commission)

ARTICLE 55. To see what sum of money the Town will vote to raise and appropriate for the purpose of building a ramp to the basement of the Community Recreation Center or do or act anything in relation thereto.

(Park & Recreation Commission)

ARTICLE 56. To see if the Town will vote to raise and appropriate the sum of One Thousand, One Hundred Dollars ($1,100.), such sum to be used for the purchase of one rider type mower for the Cemetery, or do or act anything in relation thereto.

(Cemetery Commissioners)

ARTICLE 57. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars ($500.) such sum to be used for the purpose of grading and seeding Section G. of the Cemetery, or do or act anything in relation thereto.

(Cemetery Commissioners)

ARTICLE 58. To see if the Town will vote to raise and appropriate the sum of One Thousand, Five Hundred Dollars ($1,500.), such sum to be used to complete the Garage in the Cemetery, or do or act anything in relation thereto.

(Cemetery Commissioners)

ARTICLE 59. To hear and act on the reports of any special committees appointed at any previous Special Town Meeting or Annual Town Meeting or appointed by the Moderator or Selectmen as authorized by the vote of the Town.

(Board of Selectmen)

ARTICLE 60. To see if the Town will vote that the Constables shall be appointed by the Selectmen instead of being elected, or take any other action relative thereto.

(Board of Selectmen and Town Government Study Committee)

ARTICLE 61. To see if the Town will vote to dissolve the Master Plan Implementation Committee and instruct the Planning Board to perform the functions that have been performed by said committee, or take any other action relative thereto.

(Board of Selectmen and Town Government Study Committee)

ARTICLE 62. To see if the Town will vote to authorize and instruct the Board of Selectmen to petition the General Court for special legislation to change the offices of Treasurer and Tax Collector from elective offices to appointive offices under the jurisdiction of the Board of Selectmen and to place the function of Park Maintenance under the jurisdiction of the Board of Selectmen, or take any other action relative thereto.

(Board of Selectmen and Town Government Study Committee)

ARTICLE 63. To see if the Town will vote to authorize and instruct the Board of Selectmen to petition the General Court for special legislation to transfer the functions and duties of the Conservation Commission and the Development and Industrial Commission to the Planning Board, or take any other action relative thereto.

(Board of Selectmen and Town Government Study Committee)

ARTICLE 64. To see if the Town will vote to authorize the Town Government Study Committee appointed by the Board of Selectmen pursuant to Article 27 of the Annual Town Meeting of 1969 to continue in operation for a further period and to see what sum the Town will vote to raise and appropriate for the expenses of said Committee, or take any action relative thereto.

(Board of Selectmen)

ARTICLE 65. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of One Thousand, One Hundred and Forty-eight Dollars and 69/100 ($1,148.69) for the purpose of paying land damages arising from the relocation of West Street, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 66. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Eleven Thousand, Five Hundred and Four and 77/100 ($11,504.77) for the purposes of paying land damages arising from the relocation of Elm Street, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 67. To see if the Town will vote to amend the Building Code by adding a new Section 125.0 as follows:

Section 125.0 Installation of Siding

125.1 No side wall or siding which is a conductor of electricity shall be installed on any building unless it is properly grounded and approved by the Town Wiring Inspector and Building Inspector,

or do or act anything in relation thereto.

(Building Code Committee)

ARTICLE 68. To see if the Town will vote to amend the Building Code by adding a *Section* 107*A.O Swimming Pools as follows*:

Section 107A.O *Swimming Pools*

107A.1 *Definitions*

Residential Swimming Pool — Any constructed pool, permanent or portable, which is intended for non-commercial use as a swimming pool by the owner family (ies) and its (their) guests, and which is over twenty-four (24) inches in depth and (a) has a surface area exceeding 250 square feet, or (b) a volume over 3,250 gallons.

Public Swimming Pool — Any swimming pool, other than a residential pool intended to be used collectively by numbers of persons for swimming or bathing and operated by any person as defined herein, whether he be owner, lessee, operator, licensee, or concessionaire, regardless of whether a fee is charged for such use. (The design, construction, and operation of such pools are not subject to the provisions of this By-law.)

Person — Any person, firm, partnership, association, corporation, company, governmental agency, club or organization of any kind.

107A.2 *Submission of Plans and Specifications* — No person shall begin construction of a private residential swimming pool or shall substantially alter or reconstruct any such pool without first having submitted plans and specifications to the Building Inspector for review and approval, and without having received a permit from the Building Inspector for construction. The plans shall be prepared by a registered architect or professional engineer. All plans and specifications shall be submitted in duplicate (or additional copies as specified) and the Building Inspector shall arrange for review and approval of the plans and specifications by the Board of Health and other appropriate departments concerned with such matters as zoning, electrical and structural requirements as he shall determine. A permit to construct, alter, or renovate shall be issued by the Building Inspector following approval of the Plans including such approvals as may be required by other departments. Plans and specifications may be waived at the discretion of the Building Inspector.

107A.3 The application for permit to construct or remodel a residential swimming pool shall be on such forms as may be prescribed, together with any supporting data as may be required for the proper review of the plans.

107A.4 The swimming pool and facilities shall be built in ac-

cordance with plans as approved unless approval of changes has been given in writing by the Building Inspector.

107A.5 The owner or his agent shall notify the Building Inspector at specific predetermined states of construction and at the time of completion of the swimming pool to permit adequate inspection of the swimming pool and related equipment during and after construction. Such inspection shall be performed promptly on notification and at reasonable hours. The swimming pool shall not be placed in operation until such inspections show compliance with the requirements of this By-law.

107A.6 The plans shall be drawn to scale and accompanied by proper specifications so as to permit a comprehensive engineering review of the plans including the piping and hydraulic details and shall include:

1. Plan and sectional view with all necessary dimensions of the swimming pool.
2. A piping diagram showing all appurtenances in sufficient detail as well as pertinent elevation data to permit an hydraulic analysis of the system.
3. The specifications shall contain details and catalog identification on all treatment equipment used.
4. Where the permit sought is for the construction, erection, or assembly of a swimming pool in the form of a complete kit or package sold as a unit, whether above, on, or below ground, the above set forth requirements as to the submission of plans and specifications shall be waived if there is on file with the Building Inspector the plans, specifications, adequate supporting data and the like as may be supplied by the manufacturer or vendor of the kit or package.

107A.7 *Revocation of Permits* — The Building Inspector may revoke any permit for failure to comply with the duly promulgated regulations referred to in this by-law or in case where the permit has been obtained through non disclosure, misrepresentation or misstatement of material facts. The permit shall be reissued upon proper application and upon presentation of evidence that the deficiencies causing revocation have been corrected.

107A.8 *Fences, Enclosures and Safety Equipment* — Outdoor swimming pools shall be protected by a fence, wall, building, enclosure or solid wall of durable material of which the pool itself may be constructed or any combination thereof. Artificial barriers shall be constructed so as to afford no external handholds or footholds, four (4) feet in height and equipped with a self-closing and positive self-latching closure mechanism at a height of four (4) feet and provided with hardware for permanent locking. When the swimming pool is not open for use, access to the pool shall be prevented.

107A.9 *Electrical Requirements* — All electrical wiring shall conform with Article No. 680 of the National Electrical Code of the National Fire Protection Association, and the Massachusetts State Electrical Code.

107A.10 *Set-backs* — Every outdoor residential swimming pool hereafter constructed shall be set back not less than ten (10) feet from any side lot or rear lot line of the premises on which it is constructed, and not less than thirty (30) feet from any front lot line (s). The setback distance shall be measured to the nearest point of the pool including overflow gutters but exclusive of walk-ways or other poolside areas. No pool can be used until an Occupancy and Use Certificate is issued by the Building Inspector. No existing residential swimming pool shall be enlarged so as to violate any of the foregoing set-back requirements.

107A.11 *Repeal and Date of Effect* — All by-laws, or parts of by-laws, in conflict with this by-law are hereby repealed and this by-law shall be in full force and effect immediately upon its adoption and publication as provided by law,

or do or act anything in relation thereto.

(Building Code Committee)

ARTICLE 69. To see if the Town will vote to name the Park and Recreation Commission area which consists of land, swimming pond and skating area, in the vicinity of Green Street, Corporal Steven Hinkley Park, or do or act anything in relation thereto.

(Petition)

ARTICLE 70. To see if the Town will vote to amend the provisions of Section VI-5 of the Zoning By-law of the Town, Waste and Water Disposal, to provide that, in any case in which Town Sewer mains do not abut upon 'B" District Residence premises, a connection with the sewerage system of the Town shall not be required for apartments and any sanitary waste disposal system acceptable to the Commonwealth shall be permitted.

(Petition)

ARTICLE 71. To see if the Town will vote to amend the Zoning By-Law and Zoning Map of the Town of Medfield by removing so much of the hereinafter described premises as is now in the zoning classification "A" Residence District from that classification. and so much of the said premises as is now in the zoning classification Industrial District and by placing all of the said premises in the zoning classification "B" Residence District; the said premises being that certain parcel of land in the Town bounded and described as follows:

NORTHEASTERLY
by Hospital Road, about 372.39 feet;

SOUTHEASTERLY
by lands now or formerly of Charles W. Haigh and by lands now or formerly of Clayton H. Haigh, about 659.69 feet;
NORTHEASTERLY
by land now or formerly of Clayton H. Haigh, about 284.37 feet;
SOUTHEASTERLY
by land now or formerly of George Hinkley, on three courses measuring respectively about 340.49 feet, 37.83 feet and 86.08 feet;
NORTHEASTERLY
by land now or formerly of George Hinkley, about 368.79 feet; generally
NORTHWESTERLY
by land now or formerly of George Hinkley and by land now or formerly of Elizabeth M. Sweeney, on several courses together measuring about 1,203.25 feet;
NORTHEASTERLY
by Harding Street, about 136.13 feet;
SOUTHEASTERLY
by land now or formerly of Neal R. Olsen and Virginia F. Olsen on two courses measuring respectively about 96.40 feet and 119.77 feet;
NORTHEASTERLY
by land now or formerly of Neal R. Olsen and Virginia F. Olsen, about 144.64 feet;
SOUTHEASTERLY
by land now or formerly of Peter D. Vroom, about 238 feet;
NORTHEASTERLY
by land now or formerly of Peter D. Vroom and by land now or formerly of the N.Y.N.H. & Hartford R. R. Co. about 198.37 feet; generally
SOUTHEASTERLY,
SOUTHERLY and
SOUTHWESTERLY
by land now or formerly of the Penn Central Co. on a curved line about 2,650 feet;
NORTHWESTERLY
by land now or formerly of the Commonwealth of Massachusetts, on two courses measuring respectively about 1,156.92 feet and 762.44 feet;
NORTHEASTERLY
by land now or formerly of Ernest E. Walton and Patricia J. Walton, about 100.00 feet; and

NORTHWESTERLY
by land now or formerly of Ernest E. Walton and Patricia J. Walton, about 105.00 feet.

(Petition)

ARTICLE 72. To see if the Town will vote to authorize the Moderator to appoint a committee of five (5) members and authorize it to make arrangements and to spend money appropriated under Article 3 for the observance of Memorial Day.

(Board of Selectmen)

ARTICLE 73. To see if the Town will vote to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz:

Keith Jodoin Lot	$100.00
Byron W. Reed Lot	50.00
Robert K. McCarthy Lot	100.00
John W. Hagman Lot	100.00
Francis A. Hudack Lot	100.00
Arthur Rieth Lot	100.00

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this third day of February, A.D., Nineteen Hundred and Seventy.

BOARD OF SELECTMEN

Harry A. Kelleher

Lawrence E. Abar

Walter M. Frank

TOWN CLERK'S REPORT

FOR THE YEAR ENDING DECEMBER 31, 1970

VITAL STATISTICS

IMPORTANT NOTICE

Chapter 45 of the General Laws of Massachusetts requires that every physician shall within fifteen days after the birth at which he has officiated, report the same to the Town Clerk of the Town in which the birth took place.

Parents within forty days after the birth of a child and every householder, within forty days after a birth in his house shall cause notice thereof to be given to the Town Clerk of the Town in which the birth took place.

Failure to give such notice is punishable with a fine.

Blanks for the return may be obtained upon application to the Town Clerk.

Parents and others are requested to carefully examine the following lists and if there are any errors or omissions, report such at once to the Town Clerk. This is important so that we may have as accurate and complete a record of Vital Statistics as possible.

TOWN OF MEDFIELD

WARRANT FOR ANNUAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs to meet at the Memorial School, in said Medfield, on Monday, the second day of March A.D. 1970 at 6:00 A.M., then and there to act on the following articles:

ARTICLE 1. To choose all Town Officers required to be elected annually by ballot, vis:

One Moderator, One Town Clerk, One Assessor, One Member of the Park Commission, all for one year.

One Treasurer for two years.

One Selectman, One Assessor, Two Trustees of the Public Library, One Member of the School Committee, One Member of the Board of Health,

One Cemetery Commissioner, One Member of the Water and Sewerage Board, Two Members of the Park Commission, One Tree Warden, all for three years.

One Member of the Planning Board and One Member of the Housing Auahority for five years.

The polls will be opened at 6:00 A.M. and shall be closed at 8:00 o'clock P.M.

On Monday, the ninth day of March A.D. 1970 commencing at 7:30 P.M., the following articles will be acted on at the Amos Clark Kingsbury School Gymnasium in said Medfield, viz:

ARTICLE 2. To see if the Town will vote to accept the reports of the several Town Officers for the past year.

ARTICLE 3. To see if the Town will vote to appropriate sums of money requested by the Selectmen or any other Town Officer, Board, Commission and Committee to defray operating expenses of the Town for the current year or such other sums as the Town may determine and to fix

the salary or other compensation of all elected officers of the Town as required by General Laws, Chapter 41, Section 108, or do or act anything in relation thereto.

ARTICLE 4. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1970, and to issue a note or notes therefor payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Chapter 44, Section 17, General Laws.

ARTICLE 5. To see if the Town will authorize the Collector to use all means in the collection of taxes as the Treasurer might if elected to that office.

ARTICLE 6. To see if the Town will vote to amend the classification of Positions and Pay Schedules of the Personnel Administration Plan so that it reads as follows:

	Columbus Day	

or do or act anything in relation thereto.

(Personnel Board)

ARTICLE 9. To see if the Town will vote to amend the Personnel Administration Plan by deleting in its entirty Section 16. "Overtime" and substituting therefor a new Section as follows:

Overtime

16.
Regular full time employees, exclusive of Department Heads, will be paid time and one half for all hours worked in excess of forty-four hours (44) per week within the department where the employee is regularly employed. Where overtime is performed for a department other than the employees rgular full time department, the overtime rate will be time and one half the appropriate rate schedule for the work being performed as determined by the Department Head for whom the work is being accomplished.
This section shall not apply to time spent in responding to fire calls or snow removal,

or do or act anything in relation thereto.

(Personnel Board)

ARTICLE 10. To see if the Town will vote to authorize and empower the Selectmen to appoint an Executive Secretary under the provisions of the General Laws of Massachusetts, Chapter 41, Section 23A, or take any other action relative thereto.

(Board of Selectmen and Town Government Study Committee)

ARTICLE 11. To see if the Town will vote to accept Section 103 of Chapter 41 of the General Laws of Massachusetts, providing for the establishment of a Purchasing Department, or take any action in relation thereto.

(Board of Selectmen and Town Government Study Committee)

ARTICLE 12. To see what sums of money the Town will vote to raise and appropriate, borrow and/or transfer from available funds for final plans and specifications for additions to the Amos Clark Kingsbury High School, or take any other action relative thereto.

(School Planning & Building Committee)

ARTICLE 13. To see if the Town will vote to amend the By-laws by ading SECTION 28. to ARTICLE IV — POLICE REGULATIONS as follows:

SECTION 28. No person shall hunt, fire or discharge any firearms or explosives of any kind within the limits of any highway, park or other public property except with the written permission

of the Chief of Police given after due consideration of the public safety; or private property except with the written permission of the owner or legal occupant thereof; provided, however, that this By-law shall not apply to the lawful defense of life or liberty or the defense of property nor to any law enforcement officer acting in the discharge of his duties. Any person who violates this By-law shall be punished by a fine of not more than Twenty Dollars ($20.00),

or do or act anything in relation thereto. (Police Department)

ARTICLE 14. To see if the Town will vote to authorize the Moderator to appoint a committee of five persons to study and make recommendations to the Town at a future town meeting regarding the building of a new police station, or do or act anything in relation thereto.
(Police Department)

ARTICLE 15. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to purchase and equip one or more motor vehicles for use as police cruisers, and to authorize the Board of Selectmen to trade or sell the present cruisers as part of the purchase price, or do or act anything in relation thereto.
(Police Department)

ARTICLE 16. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money for the purpose of purchasing a Vehicle Speed Indicator and Mobile Radios for the use of the Police Department, or do or act anything in relation hereto.
(Police Department)

ARTICLE 17. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money for the purpose of purchasing one new base station transmitter-receiver—dual frequency, one new dual frequency mobile radio transmitter-receiver and one monitor receiver, for use of the Police and Fire Departments, or do or act anything in relation thereto. (Police Department)

ARTICLE 18. To see if the Town will vote to raise and appropriate and/or borrow and/or transfer from available funds a sum of money to purchase and equip an ambulance and to authorize the Board of Selectmen to trade or sell the present ambulance for part of the purchase price, or take any other action relative thereto.
(Board of Selectmen and Police Department)

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of Five Thousand Six Hundred Dollars ($5600.) as the Town's Chapter 90 share for the reconstruction of Hospital Road and Harding Street, to authorize the Selectmen to enter into any and all contracts necessary or incidental thereto; said money to be used with funds alloted by the County and State, or take any other action in relation thereto.
(Board of Selectmen)

ARTICLE 20. To see if the Town will vote to transfer the unexpended balance of Three Hundred and Fifty-nine Dollars and Sixteen Cents ($359.16) appropriated under Article 24 of the Annual Town Meeting of 1969 (Traffic Lights Main and South Streets), originally transferred as the Town's share of Chapter 616 of the Acts of 1967 for the purpose of reconstructing Hospital Road and Harding Street, or take any action relative thereto. (Board of Selectmen)

ARTICLE 21. To see if the Town will vote to transfer the sum of Three Thousand Nine Hundred and Nineteen Dollars and Fifty-three Cents ($3,919.53) received or to be received under the provisions of Chapter 768 of the Acts of 1969 for the purpose of reconstructing Hospital Road and Harding Street, or take any other action relative thereto.
(Board of Selectmen)

ARTICLE 22. To see if the Town will vote to raise and appropriate the sum of Fifteen Hundred Dollars ($1500.) as the Town's Chapter 90 share for the maintenance of Chapter 90 roads; said funds to be used with funds alloted by the County and State, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 23. To see if the Town will vote to accept the relocation of a section of Green Street from Station 8 + 00 as shown on a plan entitled Plan of Proposed Relocation of a Portion of Green Street, dated September 28, 1960 and extending westerly a distance of approximately eleven hundred and seventy-five (1175) feet as shown on a Plan entitled Plan of Relocation of a Portion of Green Street dated February 3, 1969, and on file in the Town Clerk's Office, and authorize the Selectmen to acquire such rights, titles and easements as may be necessary to accomplish said purpose and to further raise and appropriate a sum of money for payment of land damages incurred in connection with said relocation, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 24. To see if the Town will vote to raise and appropriate and/or transfer the sum of Nine Thousand Four Hundred and Sixty-eight Dollars ($9,468.) for the construction of Green Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 25. To see if the Town will vote to raise and appropriate and/or transfer the sum of Five Thousand Dollars ($5,000.) and appropriate it to the Street Improvement Account for the construction of Granite Street, or do or act anything in relation thereto.
(Board of Selectmen)

ARTICLE 26. To see if the Town will vote to raise and appropriate and/or transfer the sum of Five Thousand Six Hundred and Seventy Dollars ($5,670.) and appropriate it to the Street Resurfacing Account for the purpose of resurfacing Winter Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 27. To see if the Town will vote to raise and appropriate and/or transfer the sum of Nine Thousand Five Hundred Dollars ($9,500.) and appropriate it to the Street Resurfacing Account for the purpose of resurfacing Cross Street, or do or act anything in relation thereto.
(Board of Selectmen)

ARTICLE 28. To see if the Town will vote to raise and appropriate and/or borrow the sum of Twenty Thousand Dollars ($20,000.) for the purchase of a Front End Loader for the Street Department and to authorize the Selectmen to trade or sell a Hough 60 as part of the purchase price, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 29. To see if the Town will vote to raise and appropriate the sum of Seven Thousand Five Hundred Dollars ($7,500.) for the purchase of a sidewalk tractor and plows for the Street Department, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 30. To see if the Town will vote to raise and appropriate the sum of Four Thousand Nine Hundred Dollars ($4,900.) for the construction of a sidewalk on the southerly side of Winter Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 31. To see if the Town will vote to raise and appropriate the sum of Eight Thousand Nine Hundred Dollars ($8,900.) for the construction of a sidewalk on the easterly side of Cross Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 32. To see if the Town will vote to raise and appropriate and/or borrow a sum of money for the adjustment of town utilities in conjunction with the relocation of Route 27, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 33. To see if the Town will vote to acept as public ways the following named streets or parts thereof:

Colonial Road from Station 6 + 95.41 to Station 12 + 50.0
Cypress Street from Station 0 + 0 to Station 12 + 0
Flint Locke Lane from Station 21 + 11.24 to Station 28 + 95.05
Green Street from Station 5 + 28.74 to Station 16 + 21.81
Lee Road from Station 20 + 89.76 to Station 24 + 48.74
Oxbow Road from Station 6 + 17.43 to Station 7 + 07.82
Snyder Road from Station 15 + 50.00 to Station 26 + 08.79
Tamarack Road from Station 8 + 39.48 to Station 11 + 89.65

as laid out by the Board of Selectmen and as shown on plans referred to in the Orders of Layout on file with the Town Clerk's office and to authorize the Board of Selectmen to acquire by eminent domain or otherwise, such rights, titles and easements, including drainage easements as may be necessary to accomplish such purpose, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 34. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purpose of making extraordinary repairs, renovations and alterations to the Town Hall, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 35. To see what sums of money the Town will vote to raise and appropriate, borrow and/or transfer from available funds for the purpose of installing a fire alarm system in the Town Hall, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 36. To see if the Town will vote to raise and appropriate and/or borrow and/or transfer from available funds in the Town Treasury a sum of money to purchase a car for the use of the Fire Chief, or do or act anything in relation thereto. (Fire Department)

ARTICLE 37. To see if the Town will vote to raise and appropriate and/or borrow a sum of money for the purchase of a truck chassis for the Tree Department and to authorize the Selectmen to trade or sell as part of the purchase price a 1962 truck chassis, or raise and appropriate a sum of money to repair the 1962 truck chassis, or do or act anything in relation thereto (Tree Department)

ARTICLE 38. To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise, additional land for dump purposes, shown on the Town of Medfield Assessors' maps as part of lots 847 and 848, adjacent to the present Town dump; and to see if the Town will vote to raise and appropriate

and/or borrow and/or transfer from available funds a sum of money for the purposes of this article, or take any other action relative thereto.
(Board of Selectmen)

ARTICLE 39. To see what sums the Town will vote to raise and appropriate, borrow and/or transfer from available funds for the purchase of equipment for the operation and maintenance of the Town Dump, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 40. To see what sums of money the Town will vote to raise and appropriate and/or transfer from available funds for the operation and maintenance of the Town Dump, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 41. To see what sums of money the Town will vote to raise and appropriate and/or transfer from available funds for the purpose of providing rubbish disposal service for the Town, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 42. (Board of Selectmen)

ARTICLE 43. To see if the Town will vote to authorize the Water and Sewerage Board to appoint one of its members as Water Superintendent, or to take any other action relative thereto. (Water & Sewerage Board)

ARTICLE 44. To see if the Town will vote to raise and appropriate Three Thousand Dollars ($3,000.) to extend the water main from the present terminus in Winter Street northerly to the junction of the present main in Pine Street, or do or act anything in relation thereto.
(Water & Sewerage Board)

ARTICLE 45. To see if the Town will vote to raise and appropriate Four Thousand, Two Hundred Dollars ($4,200.) to extend the water main from the present terminus in Forest Street westerly to the present main in Granite Street, or to do or act anything in relation thereto.
(Water & Sewerage Board)

ARTICLE 46. To see what sums of money the Town will vote to raise and appropriate, borrow, or transfer from available funds for the purchase and installation of water pipes in Grove Street for approximately 630 feet in a northwesterly direction from the end of the present existing water line at the dump, together with the necessary fittings and appurtenances thereto, and all under the provisions of the Water Betterment Act, so-called, or take any action relative thereto. (Petition)

ARTICLE 47. To see what sum of money the Town will vote to raise and appropriate, borrow, or transfer from Available Funds for the preparation of Assessors' Maps under the direction of the Board of Assessors, or take any other action relative thereto. (Board of Assessors)

ARTICLE 48. To see if the Town will vote to authorize the Board of Assessors to appoint and employ one of its members as a Field Appraiser, and will vote to fix his compensation, or take any action in relation thereto. (Board of Assessors)

ARTICLE 49. To see if the Town will vote to authorize the Board of Assessors to employ legal counsel from time to time as may be required, or do or act anything in relation thereto. (Board of Assessors)

ARTICLE 50. To see if the Town will vote to authorize the Board of Assessors to use a sum of money from Free Cash in the Treasury for the reduction of the 1970 Tax Rate, or do or act anything in relation thereto. (Board of Assessors)

ARTICLE 51. To see what sums of money the Town will vote to raise and appropriate and/or transfer from available funds and/or borrow for the purpose of updating the Master Plan, or take any other action relative thereto. (Planning Board)

ARTICLE 52. To see what sums of money the Town will vote to raise and appropriate, borrow, and/or transfer from available funds for the purpose of procuring a topographical map or maps of the Town, or take any other action relative thereto. (Planning Board)

ARTICLE 53. To see what sum of money the Town will vote to raise and appropriate for the purpose of installing five (5) new sea-scroll Christmas lights and erecting presently Town-owned lights, or do or act anything in relation thereto. (Park and Recreation Commission)

ARTICLE 54. To see what sum of money the Town will vote to raise and appropriate for the purpose of constructing an addition to the existing bath

house at the Medfield Swim Pond, or do or act anything in relation thereto.
(Park & Recreation Commission)

ARTICLE 55. To see what sum of money the Town will vote to raise and appropriate for the purpose of building a ramp to the basement of the Community Recreation Center, or do or act anything in relation thereto.
(Park & Recreation Commission)

ARTICLE 56. To see if the Town will vote to raise and appropriate the sum of One Thousand, One Hundred Dollars ($1,100), such sum to be used for the purchase of one rider type mower for the Cemetery, or do or act anything in relation thereto.. (Cemetery Commissioners)

ARTICLE 57. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars ($500.) such sum to be used for the purpose of grading and seeding Section G. of the Cemetery, or do or act anything in relation thereto. (Cemetery Commissioners)

ARTICLE 58. To see if the Town will vote to raise and appropriate the sum of One Thousand, Five Hundred Dollars ($1,500.), such sum to be used to complete the Garage in the Cemetery, or do or act anything in relation thereto. (Cemetery Commissioners)

ARTICLE 59. To hear and act on the reports of any special committees appointed at any previous Special Town Meeting or Annual Town Meeting or appointed by the Moderator or Selectmen as authorized by the vote of the Town. (Board of Selectmen)

ARTICLE 60. To see if the Town will vote that the Constbales shall be appointed by the Selectmen instead of being elected, or take any other action relative thereto. ..
(Board of Selectmen and Town Government Study Committee)

ARTICLE 61. To see if the Town will vote to dissolve the Master Plan Implementation Committee and instruct the Planning Board to perform the functions that have been performed by said committee,, or take any other action relative thereto.
(Board of Selectmen and Town Government Study Committee)

ARTICLE 62. To see if the Town will vote to authorize and instruct the Board of Selectmen to petition the General Court for special legislation to change the offices of Treasurer and Tax Collector from elective offices to appointive offices under the jurisdiction of the Board of Selectmen and

to place the function of Park Maintenance under the jurisdiction of the Board of Selectmen, or take any other action relative thereto.
(Board of Selectmen and Town Government Study Committee)

ARTICLE 63. To see if the Town will vote to authorize and instruct the Board of Selectmen to petition the General Court for special legislation to transfer the functions and duties of the Conservation Commission and the Development and Industrial Commission to the Planning Board, or take any other action relative thereto.
(Board of Selectmen and Town Government Study Committee)

ARTICLE 64. To see if the Town will vote to authorize the Town Government Study Committee appointed by the Board of Selectmen pursuant to Article 27 of the Annual Town Meeting of 1969 to continue in operation for a further period and to see what sum the Town will vote to raise and appropriate for the expenses of said Committee, or take any action relative thereto. (Board of Selectmen)

ARTICLE 65. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of One Thousand, One Hundred and Forty-eight Dollars and 69/100 ($1,148.69) for the purpose of paying land damages arising from the relocation of West Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 66. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Eleven Thousand, Five Hundred and Four and 77/100 ($11,504.77) for the purposes of paying land damages arising from the relocation of Elm Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 67. To see if the Town will vote to amend the Building Code by adding a new Section 125.0 as follows:

Section 125.0 Installation of Siding

125.1 No side wall or siding which is a conductor of electricity shall be installed on any building unless it is properly grounded and approved by the Town Wiring Inspector and Building Inspector.

or do or act anything in relation thereto. (Building Code Committee)

ARTICLE 68. To see if the Town will vote to amend the Building Code by adding a Section 107A.0 Swimming Pools as follows:

Section 107A.0 Swimming Pools

107A.1 Definitions

Residential Swimming Pool — Any constructed pool, permanent or portable, which is intended for non-commercial use as a swimming pool by the owner family(ies) and its (their) guests, and which is over twenty-four (24) inches in depth and (a) has a surface area exceeding 250 square feet, or (b) a volume over 3,250 gallons.

Public Swimming Pool — Any swimming pool, other than a residential pool intended to be used collectively by numbers of persons for swimming or bathing and operated by any person as defined herein, whether he be owner, lessee, operator, licensee, or concessionaire, regardless of whether a fee is charged for such use. (The design, construction, and operation of such pools are not subject to the provisions of this By-law.)

Person — Any person, firm, partnership, association, corporation, company, governmental agency, club or organization of any kind.

107A.2 Submission of Plans and Specifications — No person shall begin construction of a private residential swimming pool or shall substantially alter or reconstruct any such pool without first having submitted plans and specifications to the Building Inspector for review and approval, and without having received a permit from the Building Inspector for construction. The plans shall be prepared by a registered architect or professional engineer. All plans and specifications shall be submitted in duplicate (or additional copies as specified) and the Building Inspector shall arrange for review and approval of the plans and specifications by the Board of Health and other appropriate departments concerned with such matters as zoning, electrical and structural requirements as he shall determine. A permit to construct, alter, or renovate shall be issued by the Building Inspector following approval of the plans including such approvals as may be required by other departments. Plans and specifications may be waived at the discretion of the Building Inspector.

107A.3 The application for permit to construct or remodel a residential swimming pool shall be on such forms as may be prescribed, together with any supporting data as may be required for the proper review of the plans.

107A.4 The swimming pool and facilities shall be built in accordance with plans as approved unless approval of changes has been given in writing by the Building Inspector.

107A.5 The owner or his agent shall notify the Building Inspector at specific predetermined states of construction and at the time of completion of the swimming pool to permit adequate inspection of the swimming pool and related equipment during and after construction.

Such inspection shall be performed promptly on notification and at reasonable hours. The swimming pool shall not be placed in operation until such inspections show compliance with the requirements of this By-law.

107A.6 The plans shall be drawn to scale and accompanied by proper specifications so as to permit a comprehensive engineering review of the plans including the piping and hydraulic details and shall include:

1. Plan and sectional view with all necessary dimensions of the swimming pool.
2. A piping diagram showing all appurtenances in sufficient detail as well as pertinent elevation data to permit an hydraulic analysis of the system.
3. The specifications shall contain details and catalog identification on all treatment equipment used.
4. Where the permit sought is for the construction, erection, or assembly of a swimming pool in the form of a complete kit or package sold as a unit, whether above, on, or below ground, the above set forth requirements as to the submission of plans and specifications shall be waived if there is on file with the Building Inspector the plans, specifications, adequate supporting data and the like as may be supplied by the manufacturer or vendor of the kit or package.

107A.7 Revocation of Permits — The Building Inspector may revoke any permit for failure to comply with the duly promulgated regulations referred to in this by-law or in case where the permit has been obtained through non-disclosure, misrepresentation or misstatement of material facts. The permit shall be reissued upon proper application and upon presentation of evidence that the deficiencies causing revocation have been corrected.

107A.8 Fences, Enclosures and Safety Equipment — Outdoor swimming pools shall be protected by a fence, wall, building, enclosure or solid wall of durable material of which the pool itself may be constructed or any combination thereof. Artificial barriers shall be constructed so as to afford no external handholds or footholds, four (4) feet in height and equipped with a self-closing and positive self-latching closure mechanism at a height of four (4) feet and provided with hardware for permanent locking. When the swimming pool is not open for use, access to the pool shall be prevented.

107A.9 Electrical Requirements — All electrical wiring shall conform with Article No. 680 of the National Electrical Code of the National

Fire Protection Association, and the Massachusetts State Electrical Code.

107A.10 Set-backs — Every outdoor residential swimming pool hereafter constructed shall be set back not less than ten (10) feet from any side lot or rear lot line of the premises on which it is constructed, and not less than thirty (30) feet from any front lot line (s). The set-back distance shall be measured to the nearest point of the pool including overflow gutters but exclusive of walk-ways or other pool-side areas. No pool can be used until an Occupancy and Use Certificate is issued by the Building Inspector. No existing residential swimming pool shall be enlarged so as to violate any of the foregoing set-back requirements.

107A.11 Repeal and Date of Effect — All by-laws, or parts of by-laws, in conflict with this by-law are hereby repealed and this by-law shall be in full force and effect immediately upon its adoption and publication as provided by law,

or do or act anything in relation thereto.

(Building Code Committee)

ARTICLE 69. To see if the Town will vote to name the Park and Recreation Commission area which consists of land, swimming pond and skating area, in the vicinity of Green Street, Corporal Steven Hinkley Park, or do or act anything in relation thereto. (Petition)

ARTICLE 70. To see if the Town will vote to amend the provisions of Section VI-5 of the Zoning By-law of the Town, Waste and Water Disposal, to provide that, in any case in which Town Sewer mains do not abut upon "B" District Residence premises, a connection with the sewerage system of the Town shall not be required for apartments and any sanitary waste disposal system acceptable to the Commonwealth shall be permitted.

(Petition)

ARTICLE 71. To see if the Town will vote to amend the Zoning By-Law and Zoning Map of the Town of Medfield by removing so much of the hereinafter described premises as is now in the zoning classification "A" Residence District from that classification, and so much of the said premises as is now in the zoning classification Industrial District and by placing all of the said premises in the zoning classification "B" Residence District; the said premises being that certain parcel of land in the Town bounded and described as follows:

NORTHEASTERLY by Hospital Road, about 372.39 feet;

SOUTHEASTERLY by lands now or formerly of Charles W. Haigh and by lands now or formerly of Clayton H. Haigh, about 659.69 feet;

NORTHEASTERLY by land now or formerly of Clayton H. Haigh, about 284.37 feet;

SOUTHEASTERLY by land now or formerly of George Hinkley, on three courses measuring respectively about 340.49 feet, 37.83 feet and 86.08 feet;

NORTHEASTERLY by land now or formerly of George Hinkley, about 368.79 feet; generally

NORTHWESTERLY by land now or formerly of George Hinkley and by land now or formerly of Elizabeth M. Sweeney, on several courses together measuring about 1,203.25 feet;

NORTHEASTERLY by Harding Street, about 136.13 feet;

SOUTHEASTERLY by land now or formerly of Neal R. Olsen and Virginia F. Olsen on two courses measuring respectively about 96.40 feet and 119.77 feet;

NORTHEASTERLY by land now or formerly of Neal R. Olsen and Virginia F. Olsen, about 144.64 feet;

SOUTHEASTERLY by land now or formerly of Peter D. Vroom, about 238 feet;

NORTHEASTERLY by land now or formerly of Peter D. Vroom and by land now or formerly of the N.Y.N.H. & Hartford R.R. Co. about 198.37 feet; generally

SOUTHEASTERLY, SOUTHERLY and SOUTHWESTERLY by land now or formerly of the Penn Central Co. on a curved line about 2,650 feet;

NORTHWESTERLY by land now or formerly of the Commonwealth of Massachusetts, on two courses measuring respectively about 1,156.92 feet and 762.44 feet;

NORTHEASTERLY by land now or formerly of Ernest E. Walton and Patricia J. Walton, about 100.00 feet; and

NORTHWESTERLY by land now or formerly of Ernest E. Walton and Patricia J. Walton, about 105.00 feet.

(Petition)

ARTICLE 72. To see if the Town will vote to authorize the Moderator to appoint a committee of five (5) members and authorize it to make arrangements and to spend money appropriated under Article 3 for the observance of Memorial Day. (Board of Selectmen)

ARTICLE 73. To see if the Town will vote to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz:

Keith Jodoin Lot	$100.00	John W. Hagman Lot	$100.00
Byron W. Reed Lot	50.00	Francis A. Hudack Lot	100.00
Robert K. McCarthy Lot	100.00	Arthur Rieth Lot	100.00

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this third day of February, A.D., Nineteen Hundred and Seventy.

HARRY A. KELLEHER
LAWRENCE E. ABAR
WALTER M. FRANK

Board of Selectmen

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss. Medfield, Massachusetts

February 21, 1970

By virtue of this warrant, I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections to meet at the time and for the purpose named, by posting attested copies of said warrant in not less than five public places in the Town at least seven days before the time of holding the meeting.

GEORGE W. KINGSBURY

Constable of Medfield

ANNUAL TOWN MEETING FOR THE TRANSACTION

OF BUSINESS HELD ON

March 9, 1970

The meeting was called to order by the Moderator at 7:30 P.M. in the Amos Clark Kingsbury School Auditorium and the following action was taken on the remaining articles in the warrant:

Article 2. Voted to accept the reports of the several Town Officials for the past year.

Note—Voted to act on Articles 6, 7, 8, 9, 10, prior to acting on Article 3.

The action taken on all articles will be recorded in their regular sequence regardless of the order in which they were voted.

Article 3. Voted to raise and appropriate the following named sums to defray the departmental and other expenses of the Town for the ensuing year, and to fix the salary and commission of all elected officers of the Town as provided for in Section 108, Chapter 41 of the General Laws:

ARTICLE 42. Voted to raise and appropriate the sum of Twelve Thousand Six Hundred and Ninety-Five Dollars ($12,695.00) to construct surface drainage for Spring Valley Road, Stony Brook Road, Longmeadow Road and Kaymark Drive as recommended by the Norfolk Conservation District, and to authorize the Board of Selectmen to acquire by eminent domain or otherwise such rights, titles and easements as many be necessary to accomplish such purpose.

Voted for passage 324
Voted against passage 15

ARTICLE 43. Voted to authorize the Water and Sewerage Board to appoint one of its members as Water Superintendent.

ARTICLE 44. Voted to raise and appropriate the sum of Three Thousand Dollars ($3,000.00) to extend the water main from the present terminus in Winter Street northerly to the junction of the present water main in Pine Street.

ARTICLE 45. Voted to dismiss this Article which sought a sum of money to extend the water main on Forest Street.

ARTICLE 46. Original Motion did not carry.
Note: As there was no motion on the floor and it was 10:45 a motion was made to adjourn the meeting to March 11, 1970, Wednesday at the Amos Clark Kingsbury School Gymnasium at 7:30 P.M.

March 11, 1970

The meeting was called to order at 7:45 by the Moderator in the Gymnasium of the Amos Clark Kingsbury High School. Action was then taken on Article 46.

ARTICLE 46. Voted to raise and appropriate the sum of Five Thousand Four Hundred Dollars ($5,400.00) for the purchase and installation of water pipes in Grove Street for approximately 630 feet in a northwesterly direction from the end of the present existing water line at the dump, together with necessary fittings and appurtenances thereto, and under the provisions of Chapter 40, Section 42-G, H, I, of the General Laws of the Commonwealth of Massachusetts and the Regulations adopted by the Town of Medfield, the Special Water Betterments Act, and that the costs of the assessments under this act be borne solely by the Beckwith Post #110, American Legion Incorporated of Medfield, Massachusetts. Under this act, 25 percent of the cost to be paid for by the Town of Medfield and 75 percent by the Beckwith Post #110, American Legion, Incorporated with payments prorated over a period of 10 years, plus 4 percent interest per annum on the unpaid balance.

ARTICLE 47. Voted that the sum of Twenty Three Thousand Dollars ($23,000.00) be appropriated for the acquisition and purchase by the Board of Assessors of a new set of Assessors Maps of the Town of Medfield; that to meet said appropriation the unexpended balance of Four Thousand Dollars ($4,000.00) of an appropriation made under Article 49 of the Warrant for the Annual Town Meeting of 1967, and the unexpanded balance of Three Thousand Two Hundred and Eighty-three Dollars and Sixty Cents ($3,283.60) remaining from an appropriation made under Article 58 of the Warrant for the Annual Town Meeting of 1968 and the unexpended balance of One Thousand Two Hundred and Ninety-eight Dollars and Sixty-four Cents ($1.298.64) remaining from an appropriation made under Article 48 of the Warrant for the Annual Town Meeting of 1967 all be transferred and the sum of Fourteen Thousand Four Hundred and Seventeen Dollars and Seventy-six Cents ($14,417.76) be raised on the current tax levy.

ARTICLE 48. Voted to dismiss this Article which sought to authorize the Board of Assessors to appoint and employ one of its members as a Field Appraiser.
Note: This Article was originally considered with Article 3. under the Assessors Item and was dismissed.

A Motion to reconsider this Article at this time was defeated. 204 voted for reconsideration—103 voted against reconsideration. Recount showed 218 for reconsideration—116 against reconsideration. As a 2/3 vote is necessary, the Motion to reconsider was defeated.

ARTICLE 49. Voted to authorize the Board of Assessors to employ legal counsel from time to time as may be required.

ARTICLE 50. Voted to authorize the Board of Assessors to use the sum of One Hundred Thousand Dollars ($100,000.00) from Free Cash in the Treasury for the reduction of the 1970 Tax Rate.

ARTICLE 51. Voted to dismiss this Article wherein a sum of money was sought to update the Master Plan.

ARTICLE 52. Voted to dismiss this Article wherein a sum of money was sought for the purpose of procuring a topographical map of the town.

ARTICLE 53. Voted to dismiss this Article wherein a sum of money was sought for installing Christmas lights.

ARTICLE 54. Voted to raise and appropriate the sum of Four Thousand Dollars ($4,000.00) for the purpose of constructing an addition to the existing bath house at the Medfield Swim Pond.

ARTICLE 55. Voted to raise and appropriate the sum of Two Thousand Five Hundred Dollars ($2,500.00) for the purpose of building a ramp to the basement of the Community Recreation Center.

ARTICLE 56. Voted to raise and appropriate the sum of One Thousand One Hundred Dollars ($1,100.00) for the purchase of one rider type mower for the Cemetery.

ARTICLE 57. Voted to raise and appropriate the sum of Five Hundred Dollars ($500.00) such sum to be used for the purpose of grading and seeding Section G. of the Cemetery.

ARTICLE 58. Voted to raise and appropriate the sum of One Thousand Five Hundred Dollars ($1,500.00) such sum to be used to complete the Garage in the Cemetery.

ARTICLE 59. Voted to hear and act on the reports of any special committees appointed at any previous Special Town Meeting or Annual Town Meeting or appointed by the Moderator.

ARTICLE 60. Voted that Constables shall be appointed by the Selectmen instead of being elected.

ARTICLE 61. Voted to dissolve the Master Plan Implementation Committee and instruct the Planning Board to perform the functions heretofore performed by said Committee. To implement assumption of these functions, the Planning Board is to create by appointment a standing committee of no fewer than three, nor more than nine members, of which no more than one member is also a member of the Planning Board, to carry out the activities relative to Master Plan Implementation.

ARTICLE 62. Voted to place the function of Park Maintenance under the jurisdiction of the Board of Selectmen.

Voted not to authorize the Selectmen to petition the General Court for special legislation to change the offices of Tax Collector from elective offices to appointive offices under the jurisdiction of the Board of Selectmen.

126 voted for authorization
201 voted against authorization

In view of the above a motion to reconsider the placing of the Park Maintenance under the jurisdiction of the Selectmen was made and the entire article was dismissed.

ARTICLE 63. Voted to dismiss this Article which sought to authorize and instruct the Board of Selectmen to petition the General Court for special legislation to transfer the functions and duties of the Conservation Commission and the Development and Industrial Commission to the Planning Board.

116 voted for passage
173 voted against passage

ARTICLE 64. Voted to raise and appropriate the sum of Two Thousand Four Hundred Fifty Dollars ($2,450.00) for the expenses of the Town Government Study Committee; and to authorize the Town Government Study Committee appointed by the Board of Selectmen pursuant to Article 27 of the Annual Town Meeting of 1969 to continue in operation for a further period.

ARTICLE 65. Voted to raise and appropriate the sum of One Thousand, One Hundred and Forty-eight Dollars and Sixty-nine Cents ($1,148.69) for the purpose of paying land damages arising from the relocation of West Street.

ARTICLE 66. Voted to raise and appropriate the sum of Eleven Thousand, Five Hundred and Four Dollars and Seventy-Seven Cents ($11,504.77) for the purposes of paying land damages arising from the relocation of Elm Street.

ARTICLE 67. Voted to amend the Building Code by adding a new Section 125.0 as follows:

Section 125.0 Installation of Siding

125.1 No side wall or siding which is a conductor of electricity shall be installed on any building unless it is properly grounded and approved by the Town Wiring Inspector and Building Inspector.

ARTICLE 68. Voted to amend the Building Code by adding a SECTION 107A.0 SWIMMING POOLS as follows:

SECTION 107A.O SWIMMING POOLS

107A.1 DEFINITIONS

RESIDENTIAL SWIMMING POOL — Any constructed pool, permanent or portable, which is intended for non-commercial use as a swimming pool by the owner family (ies) and its (their) guests, and

which is over twenty-four (24) inches in depth and (a) has a surface area exceeding 250 square feet, or (b) a volume over 3,250 gallons

PUBLIC SWIMMING POOL—Any swimming pool, other than a residential pool intended to be used collectively by numbers of persons for swimming or bathing and operated by any person as defined herein, whether he be owner, lessee, operator, licensee, or concessionaire, regardless of whether a fee is charged for such use. (The design, construction, and operation of such pools are not subject to the provisions of this By-law.)

PERSON—Any person, firm, partnership, association, corporation, company, governmental agency, club or organization of any kind.

107A.2 SUBMISSION OF PLANS AND SPECIFICATIONS—No person shall begin construction of a private residential swimming pool or shall substantially alter or reconstruct any such pool without first having submitted plans and specifications to the Building Inspector for review and approval, and without having received a permit from the Building Inspector for construction. The plans shall be prepared by a registered architect or professional engineer. All plans and specifications shall be submitted in duplicate (or additional copies as specified) and the Building Inspector shall arrange for review and approval of the plans and specifications by the Board of Health and other appropriate departments concerned with such matters as zoning, electrical and structural requirements as he shall determine. A permit to construct, alter, or renovate shall be issued by the Building Inspector following approval of the Plans including such approvals as may be required by other departments. Plans and specifications

may be waived at the discretion of the Building Inspector.
107A.3 The application for permit to construct or remodel a residental swimming pool shall be on such forms as may be prescribed, together with any supporting data as may be required for the proper review of the plans.

107A.4 The swimming pool and facilities shall be built in accordance with plans as approved unless approval of changes has been given in writing by the Building Inspector.

107A.5 The owner or his agent shall notify the Building Inspector at specific predetermined states of construction and at the time of completion of the swimming pool to permit adequate inspection of the swimming pool and related equipment during and after construction. Such inspection shall be performed promptly on notification and at reasonable hours. The swimming pool shall not be placed in operation until such inspections show compliance with the requirements of this By-law.

107A.6 The plans shall be drawn to scale and accompanied by proper specifications so as to permit a comprehensive engineering review of the plans including the piping and hydraulic details and shall include:

1. Plan and sectional view with all necessary dimensions of the swimming pool.
2. A piping diagram showing all appurtenances in sufficient detail as well as pertinent elevation data to permit an hydraulic analysis of the system.
3. The specifications shall contain details and catalog identification on all treatment equipment used.
4. Where the permit sought is for the construction, erection, or assembly of a swimming pool in the form of a complete kit or package sold as a unit, whether above, on, or below ground, the above set forth requirements as to the submission of plans and specifications shall be waived if there is on file with the Building Inspector the plans, specifications, adequate supporting data and the like as may be supplied by the manufacturer or vendor of the kit or package.

107A.7 REVOCATION OF PERMITS—The Building Inspector may revoke any permit for failure to comply with the duly promulgated regulations referred to in this by-law or in the case where the permit has been obtained through non disclosure, misrepresentation or misstatement of material facts. The permit shall be reissued upon proper application and upon presentation of evidence that the deficiencies causing revocation have been corrected.

107A.8 FENCES, ENCLOSURES AND SAFETY EQUIPMENT—Outdoor swimming pools shall be protected by a fence, wall, building, enclosure or solid wall of durable material. Artificial barriers shall be constructed so as to afford no external handholds, or footholds, four (4) feet in height and equipped with a self-closing and positive self-latching closure mechanism at a height of four (4) feet and provided with hardware for permanent locking. When the swimming pool is not open for use, access to the pool shall be prevented.

107A.9 ELECTRICAL REQUIREMENTS—All electrical wiring shall conform with Article No. 680 of the National Electrical Code of the National Fire Protection Association, and the Massachusetts State Electrical Code.

107A.10 SET-BACKS—Every outdoor residential swimming pool hereafter constructed shall be set back not less than ten (10) feet from any side lot or rear lot line of the premises on which it is constructed, and not less than thirty (30) feet from any front lot line(s). The

setback distance shall be measured to the nearest point of the pool including overflow gutters but exclusive of walk-ways or other poolside areas. No pool can be used until an Occupancy and Use Certificate is issued by the Building Inspector. No existing residential swimming pool shall be enlarged so as to violate any of the foregoing set-back requirements.

107A.11 REPEAL AND DATE OF EFFECT—All by-laws, or parts of by-laws, in conflict with this by-law are hereby repealed and this by-law shall be in full force and effect immediately upon its adoption and publication as provided by law.

Note: Note deletion of the words in 107A.8 — of which the pool itself may be constructed or any combination thereof which were in the original Article.

ARTICLE 69. Voted to designate that area under the jurisdiction of the Park and Recreation Commission, which consists of land, swimming pond and skating area, in the vicinity of Green Street, Corporal Steven Hinkley Park.

ARTICLE 70. Voted to dismiss this Article which sought to amend the Zoning By-laws by striking out Section VI, paragraph 5, **Waste and Water Disposal** and substituting therefor the following:

5. **Waste and Water Disposal**

All waste water shall be disposed of by means of adequate connection to the sewerage system of the Town of Medfield wherever town sewer mains abut on the premises.

On any parcel of land which does not abut on town sewer mains, any sanitary waste system approved by the Commonwealth of Massachusetts shall be permitted provided said parcel has an area of not less than 75,000 sq. ft.

1 voted for passage — 340 voted against passage

ARTICLE 71. Voted to dismiss this Article wherein it was sought to amend the Zoning By-law and Zoning Map of the Town of Medfield relative to land off West Mill Street in the Industrial Area and "A" Residence District.

ARTICLE 72. Voted to authorize the Moderator to appoint a committee of five (5) members and authorize it to make arrangements and to spend money appropriated under Article 3 for the observance of Memorial Day.

ARTICLE 73. Voted to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz:

Keith Jodoin Lot	$100.00
Byron W. Reed Lot	50.00
Robert K. McCarthy Lot	100.00
John W. Hagman Lot	100.00
Francis A. Hudack Lot	100.00
Arthur Rieth Lot	100.00

Voted that the meeting be dissolved.

A True Copy Attest:

NANCY J. PRESTON
Town Clerk

Article 67:

Boston, Mass. June 9, 1970

The foregoing amendment to building code adopted under Article 67 is approved.

ROBERT H. QUINN
Attorney General

Article 68:
Boston, Mass. July 7, 1970

The foregoing amendment to building code adopted under Article 68 is approved.

ROBERT H. QUINN
Attorney General

In compliance with General Laws the foregoing approvals were posted in five public places in the Town.

WARRANT FOR STATE ELECTION

THE COMMONWEALTH OF MASSACHUSETTS

NORFOLK, SS.

To either of the Constables of the Town of Medfield, in said County,

GREETING:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections, to meet at the Memorial School, in said Medfield on

TUESDAY NEXT AFTER THE FIRST MONDAY IN NOVEMBER, IT BEING THE THIRD DAY OF SAID MONTH, IN THE YEAR ONE THOUSAND NINE HUNDRED AND SEVENTY AT 6:00 A.M.

in the forenoon to bring in their votes for the following officers and questions, to wit:

(1) Senator in Congress; (1) Governor; (1) Lieutenant Governor; (1) Attorney General; (1) Secretary; (1) Treasurer; (1) Auditor; (1) Representative in Congress (10th District); (1) Councillor (2nd District); (1) Senator (Middlesex and Norfolk); (1) Representative in General Court (10th Norfolk); (1) District Attorney (Norfolk County); (1) Clerk of Courts (Norfolk County); (1) Register of Deeds (Norfolk County); (1) County Commissioner (Norfolk County).

QUESTIONS AND SUMMARIES

QUESTION NO. 1

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held July 15, 1968, received 155 votes in the affirmative and 98 in the negative, and in a joint session of the two branches held May 14, 1969, received 147 votes in the affirmative and 119 in the negative?

YES ☐
NO ☐

SUMMARY

The proposed amendment to the Constitution authorizes the Legislature to classify real property according to uses, and authorizes the assessment, rating and taxation of real property at different rates in the different classes so established, but proportionately in the same class. The amendment further authorizes the granting of reasonable exemptions and abatements.

QUESTION NO. 2

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held October 9, 1967, received 237 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held May 14, 1969, received 262 votes in the afirmative and 4 in the negative?

YES ☐
NO ☐

SUMMARY

The proposed amendment to the Constitution abolishes the requirement that in order to vote in a state election a person must have resided within the Commonwealth one year. If amended, the Constitution would require only that a voter have resided six months in the town or district in which he claims a right to vote.

QUESTION NO. 3

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in a joint session of the two branches held October 9, 1967, received 142 votes in the afirmative and 102 in the negative, and in a joint session of the two branches held May 14, 1969, received 222 votes in the affirmative and 49 in the negative?

YES ☐
NO ☐

SUMMARY

The proposed amendment to the Constitution reduces the minimum age for voting in a state election from twenty-one to nineteen.

QUESTION NO. 4

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held July 15, 1968, received 181 votes in the affirmative and 66 in the negative, and in a joint session of the two branches held May 15, 1969, received 208 votes in the affirmative and 54 in the negative?

YES ☐
NO ☐

SUMMARY

The proposed amendment to the Constitution amends the existing constitutional provisions which direct the division of the Commonwealth into 240 representative districts and 40 senatorial districts. It provides for a census of the inhabitants of each city and town in the Commonwealth in the year 1971 and in every tenth year thereafter. The census in 1971 is to be the basis for determining the representative and senatorial districts for the ten-year period beginning January 1, 1975. Each subsequent census shall be the basis for determining the districts for each ten-year period beginning the fourth January following each census, so that the census in 1981 will determine the districts as of January, 1985, etc.

The amendment provides that the house of representatives shall consist of two hundred and forty members and the senate of forty members. In its first regular session following each census, the Legislature shall divide the Commonwealth into two hundred and forty representative districts of contiguous territory and forty senatorial districts also of contiguous territory. Each representative district shall contain, as nearly as may be, an equal number of inhabitants according to the census. Each senatorial district shall also contain as nearly as may be an equal number of inhabitants according to the census. A representative district shall not unite two or more counties, towns, or cities, or parts thereof, or a city and a town, or parts thereof, in one district unless the same is unavoidable. Further, no town of less than six thousand inhabitants shall be divided in forming representative districts. It is also provided that Dukes County and Nantucket County shall each be a representative district, notwithstanding the foregoing. The senatorial districts, each of which shall elect one Senator, shall be formed without uniting two counties or parts of two or more counties, unless the same is unavoidable.

Each representative shall be an inhabitant of the district for which he is chosen at least one year immediately preceding his election, and

each senator shall be an inhabitant of the district for which he is chosen at the time of his election and shall have been an inhabitant of the Commonwealth for at least five years immediately preceding his election. Any representative or senator who ceases to be an inhabitant of the Commonwealth shall cease to represent his district.

The amendment also provides that the Legislature (1) may by law limit the time within which judicial proceedings may be instituted calling in question any such division and (2) shall prescribe by law the manner of calling and conducting elections for the choice of representatives and of ascertaining their election.

Finally, the amendment annuls the existing constitutional provisions with respect to apportionment of representative and senatorial districts, although those provisions will remain in effect until January 1, 1975.

QUESTION NO. 5

MULTIPLE CHOICE QUESTION

Which one of the following do you prefer with reference to the future course of action by the United States in Vietnam?

To vote on this question mark a cross X in the square at the right of the subdivision you prefer DO **NOT** VOTE FOR MORE THAN **ONE.**

A. Win a military victory. ☐

B. Withdraw our armed forces in accordance with a planned schedule. ☐

C. Withdraw all our armed forces immediately. ☐

QUESTION NO. 6

A. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (Whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES ☐
NO ☐

B. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)

YES ☐
NO ☐

C. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

YES ☐
NO ☐

D. Shall licenses be granted in this city (or town) for the sale of all alcoholic beverages by hotels having a dining room capacity of not less than ninety-nine persons and lodging capacity of not less than fifty rooms?

YES ☐
NO ☐

THE POLLS WILL BE OPEN FROM 6:00 A.M. to 8:00 P.M.

And you are directed to serve this warrant by posting an attested copy thereof, in the usual places for posting warrants in said Medfield, seven days at least before the time of holding said meeting.
Hereof fail not and make due return of this warrant with your doings thereon unto the Town Clerk at the time and place of meeting aforesaid. Given under our hands this 24th day of October, A.D. Nineteen Hundred and Seventy.

HARRY A. KELLEHER
LAWRENCE E. ABAR
WESTON G. KOLSTI

Selectmen of Medfield

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss. Medfield, Massachusetts

October 26, 1970

By virtue of this warrant, I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections to meet at the time and for the purpose named by posting attested copies of said warrant in not less than five public places in the town at least seven days before the time of holding the meeting.

WARRANT FOR SPECIAL TOWN MEETING

November 16, 1970

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, greeting:

In the Name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs, to meet at the Dale Street School in said Medfield on Monday, the 16th day of November A.D. 1970 at 7:30 P.M. then and there to act on the following articles.

SPECIAL TOWN MEETING

Dale Street School — Monday, November 16, 1970—7:30 P.M.

ARTICLE 1. To see what sum of money the Town will vote to transfer from available funds to the Veterans' Benefits and Administration Account, or do or act anything in relation thereto.

(Veterans' Agent)

ARTICLE 2. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds to the Collector of Taxes "Payroll" Account, or take any other action in relation thereto.

(Collector of Taxes)

ARTICLE 3. To see if the Town will vote to raise and appropriate and/or transfer funds from the Police School Training and Education Account and from any other available funds to the Police Department Other Expenses Account, or do or act anything in relation thereto.

(Police Department)

ARTICLE 4. To see if the Town will vote to raise and appropriate and/or transfer funds from the Police Uniforms Account and from any other available funds to the Police Department Cruiser Account, or do or act anything in relation thereto. (Police Department)

ARTICLE 5. To see if the Town will vote to add the following new article to the Town's by-laws:

ARTICLE VIII — COUNCIL ON AGING

Section 1. The Board of Selectmen shall appoint a Council on Aging in accordance with the provisions of Chapter 40, Section 8B of the General Laws for the purpose of co-ordinating or carrying out programs designed to meet the problems of the aging in cooperation with programs of the Commission on Aging established under Chapter 6, Section 73 of the General Laws.

Section 2. The Board of Selectmen shall appoint the Council on Aging consisting of nine (9) members. Upon acceptance of this by-law, the Board shall appoint three (3) members for three (3) years, three (3) members for two (2) years and three (3) members for one (1) year terms. Members can be re-appointed for concurrent terms. The members of the Council shall serve without pay.

Section 3. Whenever a vacancy shall occur in the membership of the Council, by reason of death, resignation, inability to act or for any other reason, the vacancy shall be filled by appointment by the Selectmen for the remainder of the term.

Section 4. The Council on Aging at its first annual meeting and thereafter, annually in April of each year, shall elect from its membership a President, 1st Vice President, 2nd Vice President, Secretary and Treasurer. Each officer shall hold office until the next annual election. In the event a vacancy occurs in any of the offices above, the Council shall hold a special meeting for the purpose of electing one of its members to fill such vacancy.

Section 5. The Council shall prepare and submit an annual report of its activities to the Town and shall send a copy thereof to the Commission on Aging.

(Study Committee for A Council on Aging and Board of Selectmen)

ARTICLE 6. To see if the Town will vote to transfer the sum of Two Hundred Fifty Dollars ($250.) from "Free Cash" to "Library-Other Expenses", or do or act anything in relation thereto.

(Trustees of the Memorial Public Library)

ARTICLE 7. To see if the Town will vote to transfer to the Memorial Public Library of Medfield the sum of One Thousand Five Hundred Five and 25/100 Dollars ($1,505.25) received from the Commonwealth of Massachusetts under the provisions of Chapter 760, Acts of 1960, as amended, an act providing State Aid to cities and towns for free public libraries, or take any other action relative thereto.

(Trustees of the Memorial Public Library)

ARTICLE 8. To see if the Town will vote to transfer a sum of money from the Assessors' Payroll Account to the Assessors' Other Expenses Account, or do or act anything in relation thereto.

(Board of Assessors)

ARTICLE 9. To see what sum of money the Town will vote to raise and appropriate or transfer from available funds to the Board of Assessors to defray its operating expenses for the balance of the current year, or do or act anything in relation thereto. (Board of Assessors)

ARTICLE 10. To see if the Town will vote to create a special unpaid committee for a regional vocational school study to consist of three members, including one member of the School Committee, to be appointed by the Moderator in accordance with the provisions of Section 14 of Chapter 71 of the General Laws as amended and to see if the Town will vote to raise and appropriate and/or transfer from available funds for the use of said committee the sum of Five Hundred Dollars ($500.), or do or act anything in relation thereto. (School Committee)

ARTICLE 11. To see if the Town will vote to accept the provisions of Section 7L of Chapter 90 of the Massachusetts General Laws providing that the operator of a school bus shall not allow the number of school children riding in the bus at any one time to exceed the number of seats therein, nor shall he drive said bus until each child is seated, or do or act anything in relation thereto. (School Committee)

ARTICLE 12. To see if the Town will vote to amend the current Zoning Map of the Town of Medfield by removing the hereinafter described premises from the provisions of Section 111. "B" Residence District Uses of the Zoning By-Law of the Town of Medfield and by placing the same under the provisions of Section IV Business District Uses of said Zoning By-Law, or do or act anything in relation thereto.

That certain parcel of land situated on the Northeasterly side of Spring Street, Medfield, Norfolk County, Massachusetts and bounded and described as follows:

SOUTHWESTERLY	by Spring Street, 180.00 feet;
NORTHWESTERLY	by land now or formerly of Henry Carlson, indicated on the plan hereinafter referred to 185.88 feet;
NORTHEASTERLY	by land now or formerly of N. Y. N. H. & H. R. R. Co., indicated on said plan, 181.78 feet; and
SOUTHEASTERLY	by land now or formerly of the Blood Estate, indicated on said plan, 210.00 feet.

Said premises contain 35,620 square feet of land and are shown on a certain plan recorded with Norfolk Deeds as Plan No. 889 of 1927 in Book 1768, Page 415 and to which said plan reference is hereby made for a further and more particular description of the said premises. (Petition)

ARTICLE 13. To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise, for a sewage treatment plant site, that parcel of land shown as lot 6 on a plan of land entitled "Plan of land of Boston-Berkshire Composite Brick Company, Bridge and West Sts., Medfield, Mass., Scale 100 feet per inch, E. Worthington, Eng'r, Sept. 9, 1914" filed with the Land Court of the Commonwealth of Massachusetts as plan number 5358A, containing 12.30 acres more or less; and to see what sum the Town will vote to raise and appropriate and/or borrow and/or transfer from available funds for the purposes of this article, or take any other action relative thereto.
(Board of Selectmen & Water and Sewerage Board)

ARTICLE 14. To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise, for conservation purposes, land to be under the control and management of the Conservation Commission as authorized under the provisions of Chapter 40, Section 8C, Massachusetts General Laws, those parcels of land shown as lots 5, 7, 8, 9 and 10 on a plan of land entitled "Plan of land of Boston-Berkshire Composite Brick Co., Bridge and West Sts., Medfield, Mass., Scale 100 feet per inch, E. Worthington, Eng'r, Sept. 9, 1914", filed with the Land Court of the Commonwealth of Massachusetts as plan number 5358A, containing 71.39 acres more or less, and to see what sum the Town will vote to raise and appropriate and/or borrow and/or transfer from available funds for the purposes of this article, or take any other action relative thereto.
(Board of Selectmen and Conservation Commission)

ARTICLE 15. To see if the Town will vote to appropriate a sum of money for the construction of sewerage systems and sewage treatment and disposal facilities and to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise, for a sewage treatment plant site, that parcel of land shown as lot 6 on a plan of land entitled "Plan of land of Boston-Berkshire Composite Brick Company, Bridge and West Sts., Medfield, Mass., Scale 100 feet per inch, E. Worthington, Eng'r, Sept, 9, 1914", on file with the Massachusetts Land Court as Plan Number 5358A containing 12.30 acres more or less, and all rights, titles, permits and easements as may be necessary to accomplish said purposes, and to determine whether such appropriation shall be raised by borrowing or otherwise, and to determine what portion of the costs of

construction of the sewerage systems and sewage treatment and disposal facilities shall be borne by the Town and what portion shall be assessed as betterments in accordance with the provisions of Chapter 83 of the Massachusetts General Laws, or to take any other action in relation thereto.

(Water & Sewerage Board)

ARTICLE 16. To see if the Town will vote to appropriate a sum of money for the construction of sewerage systems and sewage treatment and disposal facilities, and to determine whether such appropriation shall be raised by borrowing or otherwise, or to take any other action in relation thereto

(Water & Sewerage Board)

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warant with your doings thereon, unto the Town Clerk at the time and place of meeting asforesaid.

Given under our hands this fourth day of November A. D. Nineteen hundred and seventy.

HARRY A. KELLEHER
LAWRENCE E. ABAR
WESTON G. KOLSTI
Selectmen of Medfield

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

Medfield, Massachusetts

November 6, 1970

By virtue of this warrant, I have notified and warned the inhabitants of the Town Of Medfield, Qualified to vote in elections to meet at the time and for the purpose named by posting attested copies of said warrant in not less than five public places in the town at least seven days before the time of holding the meeting.

WILLIAM H. MANN

Constable

SPECIAL TOWN MEETING

November 16, 1970

Pursant to the foregoing warrant, the meeting was called to order by the Moderator at 7:50 P.M. in the Dale Street School auditorium and after reading the warrant notice, Selectmens and Constables returns, action on the articles as follows:

A quorum was ascertained prior to voting.

ARTICLE 1: Voted to transfer the sum of Three Thousand Five Hundred Dollars ($3,500.) from Free Cash to the Veterans' Benefits and Administration Account.

ARTICLE 2: Voted to transfer the sum of Six Hundred Dollars ($600.) from Free Cash in the Treasury to the Collector of Taxes "Payroll" Account.

ARTICLE 3: Voted to transfer the sum of Seven Hundred Dollars ($700.) from the Police School Training and Education account to the Police Department Other Expenses Account.

ARTICLE 4: Voted to transfer the sum of One Thousand Five Hundred Dollars ($1,500.) from the Police Uniforms Account to the Police Department Cruiser Account.

ARTICLE 5: Voted to add the following new article to the Town's by laws:

ARTICLE VIII — COUNCIL ON AGING

Section 1. The Board of Selectmen shall appoint a Council on Aging in accordance with the provisions of Chapter 40, Section 8B of the General Laws for the purpose of co-ordinating or carrying out programs designed to meet the problems of the aging in cooperation with programs of the Commission on Aging established under Chapter 6, Section 73 of the General Laws.

Section 2. The Board of Selectmen shall appoint the Council on Aging consisting of nine (9) members. Upon acceptance of this by-law, the Board shall appoint three (3) members for three (3) years, three (3) members for two (2) years and three (3) members for one (1) year terms. Members can be re-appointed for concurrent terms. The members of the Council shall serve without pay.

Section 3. Whenever a vacancy shall occur in the membership of the Council, by reason of death, resignation, inability to act or for any other reason, the vacancy shall be filled by appointment by the Selectmen for the remainder of the term.

Section 4. The Council on Aging at its first annual meeting and thereafter, annually in April of each year, shall elect from its membership a President, 1st Vice President, 2nd Vice President, Secretary and Treasurer. Each officer shall hold office until the next annual election. In the event a vacancy occurs in any of the offices above, the Council shall hold a special meeting for the purpose of electing one of its members to fill such vacancy.

Section 5. The Council shall prepare and submit an annual report of its activities to the Town and shall send a copy thereof to the Commission on Aging.

ARTICLE 6. Voted to transfer the sum of Two Hundred Fifty Dollars ($250.) from Free Cash in the Treasury to Library Other Expenses.

ARTICLE 7. Voted to transfer the sum of One Thousand Five Hundred Five and 25/100 Dollars ($1,505.25) from Free Cash in the Treasury to the Memorial Public Library of Medfield. Such sum was received from the Commonwealth of Massachusetts under the provisions of Chapter 760, Acts of 1960, as amended, an act providing State Aid to cities and towns for free public libraries.

ARTICLE 8: Voted to transfer the sum of One Thousand Two Hundred Dollars ($1,200.) from the Assessors' Payroll Account to the Assessors' Other Expense Account.

ARTICLE 9: Voted to transfer the sum of Six Hundred Dollars ($600.) from Free Cash in the Treasury to the Board of Assessors to defray its operating expenses for the balance of the year.

ARTICLE 10: Voted to create a special unpaid committee for a regional vocational school study to consist of three members, including one member of the School Committee, to be appointed by the Moderator in accordance with the provisions of Section 14 of Chapter 71 of the General Laws as amended. It was voted to transfer the sum of Five Hundred Dollars ($500.) from free cash in the Treasury for the use of said committee.

ARTICLE 11: Voted to dismiss this article wherein it was sought to accept the provisions of Section 7L of Chapter 90 of the Massachusetts General Laws providing that the operator of a school bus shall not allow

the number of school children riding in the bus at any one time to exceed the number of seats therein, nor shall he drive said bus until each child is seated.

ARTICLE 12: Voted to dismiss this article which sought to change a parcel of land from the provisions of Section III. "B" Residence District uses of the Zoning By-Law of the Town of Medfield and by placing the same under the provisions of Section IV. Business District Uses of said Zoning By-Law.

ARTICLE 13: Voted to dismiss this article which sought to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise a parcel of land for use as a sewage treatment plant site.

ARTICLE 14: Voted to authorize the Board of Selectmen to acquire by purchase, taking by eminent domain or otherwise, for conservation purposes, land to be under the control and management of the Conservation Commission as authorized under the provisions of Chapter 40, Section 8C, Massachusetts General Laws, those parcels of land shown as lots 5, 7, 8, 9 and 10 on a plan of land entitled "Plan of land of Boston-Berkshire Composite Brick Co., Bridge and West Sts., Medfield, Mass., Scale 100 feet per inch, E. Worthington, Eng'r, Sept. 9, 1914, filed with the Land Court of the Commonwealth of Massachusetts as plan number 5358A, containing 71.39 acres more or less. It was voted to take the sum of Fifty Thousand Dollars ($50,000.) from Free Cash and to authorize the Treasurer to borrow the sum of Twenty Two Thousand Dollars ($22,000.) for a period not to exceed three (3) years for the purpose of this article.

Voted for passage	Yes	351
Voted against	No	11

ARTICLE 15: Voted that the sum of Four Million, Nine Hundred Thousand Dollars ($4,900,000.) be appropriated for the construction of the sewerage systems and sewage treatment and disposal facilities and that the Board of Selectmen be authorized to acquire by purchase, taking by eminent domain or otherwise, for a sewage treatment plant site, that parcel of land shown as lot 6 on a plan of land entitled "Plan of land of Boston-Berkshire Composite Brick Company, Bridge and West Sts., Medfield, Mass., Scale 100 feet per inch, E. Worthington, Eng'r, Sept. 9, 1914, on file with the Massachusetts Land Court as Plan 5358A containing 12.30 acres more or less, and all rights, titles, permits and easements as may be necessary to accomplish said purposes, and that to raise this appropriation the Treasurer be authorized to borrow, with the approval of the Board of Selectmen, the sum of Four Million, Nine Hundred Thousand Dollars ($4,900,000.) under General Laws, Chapter 44, Section 8 (15) as

amended; that the Board of Selectmen and the Water and Sewerage Board be authorized to contract for federal and state grants for the project, provided that the total authorized appropriation shall be reduced by the amount of any state or federal grants received to carry out the project, and that the Board of Selectmen and the Water and Sewerage Board be authorized to take all actions necessary to carry out this project.

Voted for passage	Yes	428
Voted against	No	120

It was then voted that the Board of Selectmen and the Water and Sewerage Board not proceed with construction of the facilities called for in this article unless federal and state grants are available and committed to this project.

ARTICLE16: Voted to dismiss this article wherein a sum of money was sought for the construction of sewerage systems and sewage treatment and disposal facilities.

Voted that the meeting be dissolved

A true copy attest:

NANCY J. PRESTON

Town Clerk

REPORT OF THE
TOWN GOVERNMENT STUDY COMMITTEE
MEDFIELD, MASSACHUSETTS

October 6, 1970

As requested at the time of its reappointment by the Board of Selectmen, the Town Government Study Committee has continued its study of various aspects of town government. The report submitted by the Town Government Study Committee on December 1, 1969, pointed out basic weaknesses in Medfield's governmental and administrative structure — weaknesses centering around the fact that the responsibility and authority for managing town affairs and providing essential services are currently fragmented among several boards, all of which are legally independent of one another.

These weaknesses are not immediately apparent to the casual observer, because the high degree of cooperation between town departments and individual employees and officials has, up to now, kept things running smoothly. Nevertheless, as our society and its needs and problems become more complex, the structure of our town government needs to be strengthened in ways that will enable it to respond positively and quickly when the need for action arises. Cooperation is, of course, essential in any human enterprise, but it should be supported by responsibility and authority for gettings things done.

What a town can do to up-date its governmental and administrative structure, and who can do it, are determined by the town's charter. Whether its citizens realize it or not, every town has a charter. In a few towns which have taken advantage of the Home Rule Amendment, which was enacted into law in 1966, the charter is a simple, comparatively clear document comparable to the State or Federal Constitution. In those towns the voters have the right to bring about needed changes by the simple process of enacting local by-laws that conform to the provisions of their own Home Rule Charter.

Most towns, including Medfield, do not have a Home Rule Charter, and therefore do not have such a simple way of making changes when changes are needed. Instead, their charter consists of an accumulation of many general laws and special acts of the State Legislature pertaining to town government, plus an accumulation of by-laws and regulations that have been adopted by the voters of the town as permitted by the general and special laws. Medfield's by-laws have been accumulated over a period of more than 300 years; they fill a large volume, compiled laboriously by our present and prior Town Counsel. In short, Medfield

has a very cumbersome town charter, which would have to be published by 1976 if a Home Rule Charter has not been adopted.

During (and, indeed, even before) our 1970 Annual Town Meeting, we learned how difficult it is to amend our present town charter. Many parts can be amended only if the State Legislature is willing to enact a special law for the purpose. Experience has shown this is a clumsy, slow, and uncertain means of making changes when they are needed. A Home Rule Charter provides a better means. It brings government of the town back home; it places the town, rather than the Legislature, in the driver's seat as far as its local problems are concerned.

A Home Rule Charter represents the basic first step to improve town government. It does not necessarily deal in detail with administrative matters; it does not necessarily cover specific situations of the type referred to in our original report. What it does is simply to provide a framework for self-government — one which must, of course, conform to our State Constitution — and a means of making changes locally that will keep the administration of the town responsive to the needs and desires of its residents.

The approval of a Home Rule Charter by the Attorney General, and its subsequent adoption by the voters of the town, has the same effect as a special law passed by the Legislature. The town then ceases to be subject to many general and special laws previously enacted by the Legislature dealing with town government. From that point on, the town becomes largely self-governing under its own Home Rule Charter.

Prior to the passage of the Home Rule Amendment in 1966 a municipality could do only those things specifically permitted by the State Constitution and Legislature. With the passage of the Home Rule Amendment, the towns and cities may do anything which has not been specifically forbidden to them, provided that they adopt a Home Rule Charter.

From its inception the Town Government Study Committee has recognized the merits of a Home Rule Charter and felt that this would be the ultimate solution to solving our administrative problems. Since events before and during our last Annual Town Meeting have demonstrated that a piecemeal approach to solving problems cannot produce the results we had hoped for, it is obvious to us now that the town should progress as quickly as possible in the direction of a Home Rule Charter.

It is our unanimous recommendation, therefore, that all the necessary steps be taken promptly so that a Home Rule Charter Commission can be elected at the next Annual Town Election, as the first step toward creating a new charter for the Town of Medfield. We as a group, are

preparing to do whatever is necessary to lay the groundwork for this endeavor, a timetable for which is attached.

At the time of its reappointment the Town Government Study Committee was also requested to look into the relative merits of Open Town Meeting vs. Representative Town Meeting. We have done so with inconclusive results.

It is clear to us that Representative Town Meetings solve a space problem when a town ceases to be able to accommodate, under one roof,all the citizens desirous of attending a town meeting. Beyond this — in spite of the fact that it is not difficult to find ardent proponents of both types of meetings — it is our opinion that the advantages and disadvantages pretty much cancel each other out. For example, inability to make a quorum is often cited as an argument against open town meetings; yet, in many towns which have representative town meetings, getting a quorum seems to be a major problem.

There is some indication from a recent survey conducted by the Jaycees, that open town meetings are favored over representative town meetings by Medfield voters (54% - 31%, with 15% undecided). Whether this will be borne out by the more extensive survey that—hopefully—will be made by a Home Rule Charter Commission, remains to be seen. Until the superiority of one type of meeting over the other can be established, it would seem that the preference of the voters should be the determining factor as to the makeup of Medfield's legislative body.

Respectfully submitted,

TOWN GOVERNMENT STUDY COMMITTEE

PROPOSED SCHEDULE: MEDFIELD HOME RULE CHARTER

Event	Initiate or Earliest Date	Complete or Latest Date
1. Town Government Study Committee requests an appropriation on the Annual 1971 Warrant to fund the Charter Commission.	—	10-31-70
2. Citizens circulate petition to have Selectmen place Home Rule Charter question on 1971 ballot.	11-2-70	11-20-70
3. Present petition to Registrars for validation.	—	11-20-70
4. Present petitions to Selectmen.	—	12-1-70
5. Selectmen order election — (1) to determine whether the existing charter should be revised, and (2) to elect the members of the Charter Commission. (As of December 31, 1970, the above has been very successfully completed)	—	12-31-70
6. Candidates file nomination papers for Charter Commission Election.	—	1-31-71
7. Annual Election — 1971.	—	3-1-71
8. Commission holds organizational meeting.	3-2-71	3-11-71
9. Treasurer credits funds.	3-2-71	3-19-71
10. Notification of first public hearing.	3-2-71	4-5-71
11. First public hearing	3-12-71	4-15-71
12. Publication of preliminary report.	—	BY—11-1-71
13. Attorney General's opinion on preliminary report.	—	BY—12-1-71
14. Notification of public hearing on preliminary report.	—	BY—11-19-71
15. Public hearing on preliminary report.	—	BY—12-1-71
16. Final report to Selectmen.	—	BY—12-31-71
17. Selectmen order Election.	—	BY—1-6-72
18. Charter Commission must file question of Home Rule Charter for ballot with Town Clerk.	—	BY—1-31-72
19. Copies of proposed Charter mailed to all Town residences.	—	BY—2-21-72
20. Annual Election — 1972 — vote on Charter.	—	3-6-72

OFFICE OF WIRING INSPECTOR

To the Honorable Board of Selectmen,

I hereby submit my report as Wiring Inspector for the year ending December 31, 1970.

Number of permits issued	218
Number of Inspections	315
Permit fees	$1747.50
Department salaries and expenses	$1980.00

At this time I wish to thank the secretaries at the Town House, Town Officials, and the other Inspectors for their help, and cooperation, during the year.

Respectfully Yours,

JOSEPH F. ERSKINE, JR.

Inspector of Wires

OFFICE OF VETERANS' SERVICE

To the Honorable Board of Selectmen:

I hereby submit my report for Veterans' Benefits Assistance and Veterans' Services for the year ending December 31, 1970.

The case load of Veterans receiving ordinary assistance increased from 9 in 1969 to 18 in 1970. Our budget increased from $14,000 as authorized by town meeting to $24,000 to satisfy Veterans and their dependents' needs.

The following is a breakdown of service and assistance rendered Medfield Veterans and their dependents as authorized by the Commissioner of Veterans' Services:

Veterans' Benefits:

This assistance includes food, clothing, fuel, and medical expenses for Veterans and their dependents which the state reimburses to the community.

Application for Ordinary Assistance	30
Benefits Administered	18

Veterans' Services:

This program is designed to orient and educate the veteran with regard to Federal and State programs of Assistance and direct them toward the institutional programs.

Hospitalization	28
Education	35
Veteran Bonuses	50
Insurance	25
Burial Allowance	30
Compensation	35
Civil Service	40
Vocational Rehabilation	20
Social Security	35
Pension Assistance	45

We encourage all community Vietnam Veterans and their families to submit the names of Medfield participants to this department for a future memorial in their behalf.

I wish to thank Marie Burke, Charlotte Randolph, Town Officials, Veterans Organizational Officers and Community Physicians for their fine spirit of cooperation and assistance this past year.

Respectfully submitted,

PHILIP J. BURR

Veterans' Agent

REPORT OF THE SLAUGHTER INSPECTOR

Board of Selectmen

Medfield, Mass.

Gentlemen:

Herewith is report as Slaughter Inspector for 1970.

Number of animals slaughtered and inspected — Two (2).

Very truly yours,

FRANCIS X. MAGUIRE

REPORT OF THE CEMETERY COMMISSIONERS

To the Honorable Board of Selectmen:

The Cemetery Commissioners respectfully submit the following report for the year ending December 31, 1970.

Due to higher costs of materials and labor, completion of our program of development has been curtailed and limited progress has been made. The need to complete this program is becoming acute and must continue in spite of the ever increasing costs of General Maintenance.

In 1967, $500.00 was appropriated for a preliminary plan of existing land available. This plan has been extremely beneficial in laying out a part of Section G.

A special article in the annual meeting of 1971 will request a sum for the purpose of finalizing these plans on a permanent basis. This would be necessary in laying out roads, paths and lot lines for orderly development.

We do wish to point out that this is not mandatory for our operations in 1971, but rejection of this article would only prolong a necessary tool needed in conducting the orderly development of the cemetery.

Under a request inthe General Budget, we have included 2 (two) new small power mowers of the LawnBoy type. Our other equipment should last to the end of 1971, at which time we will probably need to replace the Rider-Tractor purchased three years ago.

Again the commissioners wish to express our appreciation of the assistance we have received from other Town Departments, especially to the Highway Dept. for the use of their equipment and under certain conditions, their men to operate them.

Respectfully Submitted,

WALTER F. REYNOLDS, Jr.

ALLISON T. CARR

JOSEPH A. ROBERTS

Cemetery Commissioners

REPORT OF THE ANIMAL INSPECTOR

December, 1970

To the Honorable Board of Selectmen, and
Residents of the Town of Medfield:

The following is my report as Animal Inspector for the year ending December 31, 1970.

Fifty three (53) dogs alleged to have bitten or scratched people were quarantined for a period of ten days. When these animals were checked at the end of the quarantine period, none of them showed any evidence of rabies.

Two (2) squirrels, and one raccoon were sent to the Wasserman laboratory to be checked for rabies. These animals checked out negative.

Thirty-three stables used as shelters for horses, sheep, goats, beef cattle, or swine were examined for general cleanliness, water supply and sufficient light. The premises were also checked for approved animal husbandry practices.

For the annual inspection, a total of 70 horses, 20 ponies, 5 beef cattle, 37 sheep, 7 goats, 3 swine and 1 donkey were inspected for and appeared to be free of any communicable diseases.

Respectfully submitted,

RICHARD A. ELLSWORTH, Jr.

Animal Inspector, Town of Medfield

REPORT OF THE PLUMBING INSPECTOR

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report as Plumbing Inspector for the year ending December 31, 1970.

Number of Permits Issued	85

Number of Inspections	172
Number of Violations	11
Permit Fees	$1,168.00

I wish to thank the administrative secretaries, and the other inspectors for their assistance and cooperation during the year.

Respectfully submitted,

J. ROGER PETRIE

Plumbing Inspector

Lawrence A. Wood 24 Emerson Road	Manager, Engineering Services, RCA Corp., 150 A Street, Needham, Mass.
Maurice L. Woodward 6 Pleasant Court	Greenhouse Worker - Emil Heinrich, 717 Washington Street, Dedham, Mass.

REPORT OF THE SCHOOL COMMITTEE

The pages following, report the progress and accomplishments of your school system in the past year. For the first time in many years there has been some slowing of the increase in the number of students. This is due to the decreased building as a result of the current national economic picture. As noted elsewhere, however, the increase in the population of our town has been about 50% in the last ten years and there has been an even greater increase in the number of students attending our public schools.

This year we have appointed the last of the coordinators and the school administration is undertaking a thorough study of our present curriculum and philosophy of education to keep up to date the numerous course offerings. The School Committee would like to take this opportunity to give public recognition to the enthusiasm and long hours of preparation that the various coordinators have put into their planning. The music program in the elementary grades is a notable example.

We have long been concerned with students who complete their formal education on graduation from high school, and some positive steps are being taken to improve their lot. A recent governmental grant has allowed us to set up an expanded business department and a more varied course offering will be available to students with little expense to the town. At the special town meeting in the fall, the town voted to form a committee to work with surrounding communities and the planning of a regional vocational school. These meetings are now being held and a final report and recommendations will be forthcoming.

We are again faced with a building program, this time at the high school. The School Commitee has been working diligently with the School Planning and Building Committee to give Medfield the best facilities that it can reasonably afford, and one that will meet our needs not only for the present, but for the foreseeable future. Along with the building program, we are engaged in a maintenance program with our present structures, which we feel will give us many years of additional use of these buildings.

Costs are escalating, and every year, as with most items, the school budget rises. The greatest proportion of school costs, as in previous years, is in the salaries. Currently, we are required to negotiate with four separate organizations on salaries and that is proving to be very burdensome. We have been able to maintain the town in a favorable financial situation while attracting superior teachers to the system.

We would like to express our appreciation to all members of the school system at every level for their dedication and cooperation during the past year. We would also like to thank the newly formed AVIS volunteers for

their countless hours of work and also the public spirited citizens who have given unstintingly of their time assisting us with the school construction problems.

JAMES D. SULLIVAN, M.D., Chairman
DENIS ROBINSON, Vice-Chairman
MRS. DAWN AUSTIN, Secretary
GORDON W. THOMAS, Fin. Secretary
RICHARD R. RANDLETT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Chairman and Members of the School Committee:

I have the honor to submit herewith my Fourteenth Annual Report which is the nineteenth in a series of Annual Reports of the Superintendent of Schools in Medfield.

SCHOOL COMMITTEE

Sullivan, James D., M.D.	Chairman	Term expires 1971
Robinson, Denis	Vice-Chairman	Term expires 1972
Austin, Dawn (Mrs.)	Secretary	Term expires 1973
Thomas, Gordon W.	Fin. Secretary	Term expires 1971
Randlett, Richard R.		Term expires 1972

OFFICE OF SUPERINTENDENT OF SCHOOLS

ENROLLMENT BY GRADE — October 1, 1970

Gr.	Spec.	1	2	3	4	5	6	7	8	9	10	11	12	Total
Boys	9	122	102	115	116	119	119	117	117	112	107	77	82	1314
Girls	5	107	118	118	119	129	117	110	117	97	94	88	87	1306
Total	14	229	220	233	235	248	236	227	234	209	201	165	169	2620

ENROLLMENT EFFECTS

As of October 1, 1970, a gain of 51 students was noted over the enrollment figure of October 1, 1969. This is the first year since 1959 that the net increase has been less than 100 students.

It is evident that the economical situation affected the number of new home constructions and, in turn, our enrollment did not meet the projection for the year.

There is still concern about space at the High School. Positive action must be taken by the Town in 1971 in order to assure adequate facilities for the High School students in 1972. The projected enrollment in Grades

10, 11, 12 for that year is 666 which is 100 more than the rated capacity of the school program.

In 1972 the projected enrollment in Grades 7, 8, 9 at the Junior High is 810 which is 90 more than the rated capacity of the school program.

It is imperative that construction be determined very soon in order that we may continue even our existing programs of study at the secondary level.

MAINTENANCE REPORT

The following is a compilation of repair, replacement, installation, and preventive maintenance done on our schools during the 1970 calendar year.

MEMORIAL SCHOOL

HOT TOP (310 yards) Sidewalk to North Street; East and West of the Carport; Strip South and West of Cafeteria; Strip at the Auditorium; Patched existing Parking Lot.

PAINT and CAULK all inside rooms (ceilings, walls, trim, casings) Rooms 4 through 15, 41 through 45, Kindergarten, Library, Auditorium, and Cafeteria.

INSTITUTED: Protective Maintenance Agreement on all heating controls.

INSTALLED: New automatic boiler-feed system; New exterior doors in North Corridor of the old wing; Ventilation fan in the Kitchen; Emergency exterior lights for boiler failure; New all weather rugs in lobby; New water bubbler in Room 45; New lighting fixtures in main office areas: New curtains on all windows in the old wing; New drain pipes on East wing of the Auditorium; 14 new toilet seats.

REPAIRED: Clock System; Kitchen oven doors; Retubed Boilers #1 and #2.

REPLACED: Worn and broken floor tiles in all rooms; Bearings in univent motor in Room 7.

Power supply changed to lobby heaters: Refinished all classroom desks; Resealed Stage floor; Welded broken chairs and tables in the Cafeteria.

DALE STREET SCHOOL

HOT TOP (115 yards) Receiving Room area; Oil storage tanks; Adams Street entrance.

POINT and CAULK 3 Offices, Cafeteria, Activity Room, Rooms 1 through 10.

INSTALLED: New compressor unit for walk-in freezer; Exhaust fans in Auditorium toilets; Exterior emergency lights for boiler failure; Partition for Library and Reading Room; Exterior Flagpole; Wind deflectors in central offices; Induction fans in boiler room altered with timers.

Girl's Locker Room remodeled into Instrumental Music Area; Automatic boiler feed valve rebuilt for #3 burner; Rebuilt #1 fuel pump from oil tanks; Rewired burners #1 and #2.

REPLACED: Tile in Coordinator's Room; Sash in central offices.

RALPH WHEELOCK SCHOOL

REPLACED: Fan assembly in Cafeteria univent; Welded two tables in Cafeteria.

JUNIOR HIGH SCHOOL

INSTALLED: New shaft and bearings in univent in Kitchen; New coils in univent in Gymnasium; 2 New burners in boiler room; 24 Shower curtains in girl's locker room; New fire panel for boilers; 2 Spot lights on South wall; 5 New toilet seats.

Overhauled slicer in Kitchen; Resealed outdoor Basketball Courts; Rebuilt #1 burner.

REPAIRED: Linkage in univent in boy's Gym; 2 Overhead doors in Shop and Garage.

REPLACED: Diaphragm in sewage ejection system; Section of Girl's Gymnasium floor; Ground wires to 3 gas stoves in Home Economics Room.

SENIOR HIGH SCHOOL

POINT and CAULK Auditorium, Stage, Chimney—completely resealed chimney.

INSTALLED: Door lock guards on Auditorium doors; 2 New spot lights on girl's Gymnasium exterior walls; New corner posts in the fence on the North side of the Gymnasium; Exterior emergency lights for boiler failure; Plywood in 7 Gymnasium windows; New fixtures on the Flagpole.

Rebuilt automatic water feed system to boilers; Removed and repaired fan shaft in univent in Wood Shop; Rebuilt and repaired emergency generator.

REPAIRED: Gymnasium lobby heater bearings; Frozen dampers and adjusted linkage in univent in girl's Gymnasium; Orbital sander shaft; Dampers in emergency generator room; Tubing in irrigation system on practice field; Gymnasium doors also new panels; Broken locker tops in corridors; All corridor fire doors and installed new door stops; All outside doors and installed new door stops; Compressor motor in Wood Shop; All automatic door closers; Twelve (12) thermostats.

REPLACED: Four outlying pancake pumps (twin units) and four thermostatic traps; All worn floor tiles.

ALL SCHOOLS

Boiler treatment continued in all systems; All pulleys and belts for univents and motors repaired or replaced where necessary; All Kitchen traps cleaned; All Gymnasium and Stage floors resealed; Preventive Maintenance report continued on all pumps; All roofs repaired and re-shingled where necessary; All boilers, chimneys and smoke pipes cleaned; All filters for univents replaced; All broken glass replaced; All thermostats repaired where necessary; All alarm systems repaired and recalibrated; All fire extinguishers recharged; All parking lanes repainted; all fields fertilized; All baseball diamonds and the track saturated in Spring and Fall with weed killer; All dead trees and shrubs removed; New sleeves and caps installed on the irrigation system at the Junior and Senior High Schools; Drive belts for the power unit for the lawnmowers replaced on the Cub tractors.

NEW EQUIPMENT:

One 1966 Chevrolet 3/4 ton truck; One Paint Marker; Two Lawn Sweepers; One Upright Vacuum Cleaner; One Air Conditioner; Assorted hand tools.

FEDERAL FUNDS

The Elementary and Secondary Education Act of 1965, Public Law 89-10, Title I funded $14,269 to "Project Inspire", a summer school program held at the Junior High School and involving children in Grades 1-8.

The National Defense Education Act, Public Law 85-864 funded three projects: under Title III, $509.50 for Reading, $194.50 for Foreign Language and $890.50 for Guidance.

The Elementary and Secondary Education Act of 1965, Public Law 89-10, Title II funded $1,938.43 for library materials.

The Vocational Education Amendments of 1968, Public Law 90-576 funded $62,533 for the establishment of an Occupational Education Program at the secondary level.

ACKNOWLEDGEMENTS

Warm personal appreciation is extended to the citizens of Medfield for their recognition of the importance of excellence in education and their willingness to support quality programs.

I join with our students in expressing thanks for the scholarships, honors and gifts to The American Legion Auxiliary, (Beckwith Post No. 110), The Medfield Youth Center, The Boosters Club, Medfield Teachers Association, Hannah Adams Club, American Legion Post No. 110, Daughters of the American Revolution, Lions Club and Medfield High School Student Council.

Without question, our Public Officials and the Departments of Police, Fire, Highway, Water and Trees have contributed services that are commendable.

I am indeed grateful to the administrators, teachers, secretaries, custodians, health and cafeteria staffs for their dedication and interest in the welfare of our young men and women.

A new service was rendered to our schools during the year by the Association of Volunteers in the Schools (AVIS). We are truly grateful for the voluminous typing projects and the assistance provided in the school libraries.

The Central Office is responsible for the over-all operation of any school system and deep appreciation is expressed to James H. Morris, Assistant Superintendent, Mrs. Virginia Kerr, Mrs. Mary Shugrue, Mrs. Ruth McCarthy and Harold Pritoni, Head Custodian for their assistance, encouragement and energy.

Two committees are completely involved, week-in and week-out, with planning, policies, budgets, listening, discussing and decisions on items and projects concerning the educational programs and progress of our Medfield Schools. To the members of the School Committee and the School Planning and Building Committee, I offer my sincere thanks and appreciation.

Respectfully submitted,

THOMAS A. BLAKE

Superintendent

REPORT OF THE MEMORIAL ELEMENTARY SCHOOL

To the Superintendent of Schools:

I hereby submit my sixteenth and final annual report as Principal of the Memorial School for the year ending December 31, 1970.

In this past year the coordinators have worked closely with the teachers and have made numerous resources available to them.

Our reading program is centered on a basal reading plan that has been carefully selected. In addition, much attention is given to development in the content field of literature. The objective of our primary reading program is to provide for basic skill instruction through the practice of grouping within the self-contained classroom.

The language lessons are really a supplement to the vital reading program. Audio-visual materials, puppets, games, creative writing workbooks — all designed to stress the communicative skills of the pupil — are in use. The children have received instruction in creative writing from their teachers, with excellent results.

Penmanship is given much emphasis at the primary level with a carry-over into other written lessons.

Although we have not adequate space for a full-fledged library, we do have individual classroom libraries. This year we have been provided with library experiences in audio-visual and print materials by the librarian on a biweekly basis in the classrooms. With sufficient budgeting this year, we have laid the groundwork to supply an Instructional Media Center beginning in September of 1971; it is hoped that full-time personnel will be forthcoming to staff it.

We have adopted a new mathematics series that includes a complete diagnostic testing program and workbook in addition to the text itself. The use of rods in grade one contributes to setting forth the related mathematical facts and patterns. Grades two and three are grouped in order that mathematics may be taught at various rates of speed.

Two major programs are being piloted in social studies in the first three grades. They emphasize a variety of concepts that will aid the child in gaining a complete picture of our society.

The science program continues with stress on the teaching of the natural sciences. It is hoped that the Science Curriculum Improvement Study will commence in September, 1971. This takes advantage of the natural curiosity of children. Its explorations enable them to accumulate experiences and ideas that move their processes of thought from the concrete to the abstract.

This year we have been most fortunate to have full-time teachers in the fields of music, art, and physical education. This has already resulted in marked progress.

Particular attention has been directed to the observance of special occasions during the course of the year. They furnish a happy combination of instruction and enjoyment.

I extend my sincere thanks and gratitude to the Superintendent of Schools, Assistant Superintendent, School Committee, school personnel, homeroom mothers, and parents for their support and cooperation.

Respectfully submitted,

MAUDE S. WASHBURN

Principal

REPORT OF THE DALE STREET SCHOOL

To the Superintendent of Schools:

As Principal of the Dale Street School, it is my pleasure to submit my eighth Annual Report for the year ending December 31, 1970.

SCHOOL POPULATION

For the first time the student population of the school decreased by nine pupils from December to June, and increased by only fifteen from June to December. The addition of two classroom teachers enable us to maintain a pupil-teacher ratio of 1 to 24.

PROGRAM

The following changes and additions have been made in the instructional program:

1. Revision of report card.
2. Utilizing multiple copy report card for periodic reports of pupil progress.

3. Expansion of the multimedia approach to learning with records, cassette recordings, overhead transparencies, film strips, and motion pictures in all subject areas.
4. New text materials in Social Studies, Mathematics, Reading, and English.
5. Introduction of new course offerings in English, Reading, Science, Social Studies, and Physical Education.

All students had an opportunity to participate in the following cocurricular activities:

1. Band and instrumental and vocal music program.
2. Class assembly programs.
3. Intramural basketball for boys and girls.
4. Intramural touch football for boys.
5. Square dancing.
6. Intramural soccer for girls.

LIBRARY

Audio-visual material use by the students has been introduced. All classes are scheduled into the Library for one period each week in addition to free use before and after school. The use of volunteers sponsored by AVIS has allowed us to improve the Library services. Their cooperation and helpfulness is appreciated.

I wish to thank the Superintendent, Assistant Superintendent, School Committee, School Faculty, and the citizens of Medfield for their cooperation and assistance during the year.

Respectfully submitted,

ALLAN K. BELCHER

Principal

REPORT OF THE RALPH WHEELOCK SCHOOL

To the Superintendent of Schools:

As Principal of the Ralph Wheelock School, it is a pleasure to submit my second annual report for the fiscal year ending December 31, 1970.

On January 4, 1971, the total enrollment was 537. The average class size is 23 with 4 sections in each grade and 1 trainable special class.

Two Open Houses were held early in the school year to meet the teachers and to familiarize parents with our programs, policies and procedures.

Formal parent-teacher conferences were held on the nights of November 18th and 24th for grades 1 — 3. Report cards were distributed and the specific details of the student's progress were described and discussed in a ten-minute scheduled appointment for each parent. This method of reporting was a tremendous success.

The school library is the heart of our instructional program. It serves as an agency to supplement and enrich the curriculum and to provide a material center of learning for every child and faculty member in the school. Services have been increased to all grades, each class being scheduled once every two weeks. Extra time is also allowed for independent research and free use for children in grades 4 — 6 from both study halls and class.

A great and extremely worthwhile addition to library services has been the volunteer program sponsored by AVIS. Their devotion and co-operation has been greatly appreciated.

The reading program is designed to provide for individual differences of all students. A formal structured readiness program was introduced in grade 1. After diagnosis, observation and evaluation, children were grouped according to their reading needs. The individualized reading program has become an integral part of the curriculm. Through a wide selection of classroom library books, a child's desire to read has been created.

A new mathematics series has been adopted for grades 1 & 2. A complete diagnostic testing program and workbook have been included. Mathematics laboratories, a new text for slower moving students and a cuisenaire rod program have provided for the varying rates within the grades and have greatly improved the quality of instruction.

In English and Social Studies current pilot programs are being evaluated to determine future adoption.

At this writing a standarized Science Kit program has been proposed for grades 1 — 3. Teachers and students have been involved for the future utilization of the outdoor classroom in the wooded area next to the school grounds.

At the primary level, team teaching has been incorporated on a regularly scheduled basis.

Appreciation is extended to the Superintendent, Assistant Superintendent, School Committee, Coordinators, and all school personnel for their assistance and cooperation.

Respectfully submitted

FRANK J. HOFFMAN

Principal

REPORT OF THE JUNIOR HIGH SCHOOL

To the Superintendent of Schools:

It is a pleaseure to submit the annual report for the year ending December 31, 1970.

Our junior high school continues to increase in size, numbering a total of 691 students in Grades 7, 8, and 9 as of December 18th. To meet the needs of this growing population, the program of studies is under continuous study, and changes and improvements are being made with the aid and assistance of the subject coordinators.

A new science course entitled "Ecology" was added to ninth grade offerings in September. This class, requested by interested students last spring gives attention to some of the problems facing todays's society: air and water pollution, depletion of natural resources, radio activity contamination, and increased urbanization.

As part of eighth grade science courses, we are introducing a comprehensive study of drug use and abuse. Both the physiological and psychological effects are to be studied.

In September, Spanish I was offered for the first time to some Grade 7 students.

Presently there are two classes of seventh grade Spanish and French, respectively. The introduction of the languages at this level strengthens the program and provides for a longer sequence in the study of foreign language.

In September, 1971, a multimedia French program, "La France En Direct" will be introduced. It provides a series of audio-visual encounters with France, its people, and its culture. The student learns French

through sight, sound, imitation, and has increased confidence in his own ability. This innovative approach is the product of ten years of intensive research and experimentation in the United States and Europe.

In October of this year, a new program of business education was instituted at ninth grade level. First year typing and Introduction to Business classes are offered to pupils who made application for this training. Two classes of personal typing have also been added for students who are not in the vocational education program.

A second art classroom was opened in September making possible an increase in our time offerings in this field. Students have completed excellent projects in lettering, water color, montages and ceramics. Last spring several of the projects were entered in the Greater Boston Art Exhibition sponsored by the Boston Globe.

Boys and girls in Physical Education classes have again earned a substantial number of badges as part of the physical fitness program sponsored by the American Association of Health, Physical Education, and Recreation. Interscholastic competition in football and basketball as well as an active intramural program have been most beneficial.

In September a second guidance counselor was added to service in our growing school population. Speech education is offered to students who are in need of this help.

The concept of the library as an instructional materials center was enhanced this fall by the transformation of Room 116 to an audio-visual center. Students use of materials such as film strips, cassettes, and the tape recorder has been greatly increased. This area is supervised by a specialist added to the staff on a part-time basis: Library volunteers, sponsored by A.V.I.S., have served our library tremendously in filing, typing, sending for free reference materials. Our library is open from 7:30 to 3:30 p.m. daily and our full-time librarian is now free to work with students and teachers alike.

My sincere thanks are expressed to the Superintendent, the Assistant Superintendent, the School Committee, and the Faculty for their help and cooperation throughout the course of the year.

Respectfully submitted

THOMAS F. DONAHUE,

Principal

REPORT OF THE AMOS CLARK KINGSBURY HIGH SCHOOL

To the Superintendent of Schools:

In 1969 — 1970 the enrollment of the High School was 491 students. Official enrollment for 1970 — 1971 is 535. For the coming year, it is expected that the High School will have an enrollment around 600. As enrollment increases so does the staff. There are 47 professionals serving our High School youth this school year, including the media specialist and speech therapist, the latter working with approximately 35 students.

As students and staff increase, curriculum is expanding. Particular emphasis is being given to provide a broader base of educational offerings through a federally, state and locally supported program of occupational education, which will be initiated during the second semester.

In our second year of English electives at the junior and senior level, nearly twenty percent of these students are electing more than one pair of English electives. Further offerings are being planned.

French I is integrating the use of audio-visual materials to reinforce a comprehensive approach to current language learning theories. One student is now studying French V, "Culture and Civilization of France", through independent study. This course will be offered for the first time next year and will be an honors course.

Shop mathematics now being taught was incorporated to give practical application for students in related industrial arts courses. For students who require an extended approach to college preparatory mathematics, a sequence started in grade nine now exists in high school whereby a student may complete three years of this program during his four high school years. Mathematical Analysis, the standard senior course, has been updated to provide better unity and coherence of topics prior to taking Calculus.

The Social Studies this year is offering an advanced course. American Studies to juniors, providing an in-depth study of certain aspects of the American experience. Social and Behavioral Sciences is offered to seniors on current topics and is being evaluated with the possibility of making it a two-year sequence. Social Problems offered to sophomores is currently being studied as a series of mini-units, topics being selected by students and instructor. Also at the sophomore level is the new course "The Shaping of Western Society."

A revision of the Advanced Biology course this year into an "Anatomy and Physiology" structure provides the student with greater time for individual laboratory work and research. Further efforts by the staff

are being given to provide the general chemistry students with a practical approach to chemistry. Plans for a twelfth grade course in science next year offered to vocationally oriented students are being formulated.

A new course in basic electronics is being given this year to acquaint students with the fundamentals of radio and television circuitry. New courses and revisions in business education and home economics are being planned. Work-Study as a supplemental but related experience to the academic program is undergoing research to make it more meaningful to school-related work and future vocational plans.

A full-time reading teacher works with remedial and developmental students to improve reading skills at all levels. We presently offer reading an an elective basis, but future developments may mandate the need for making reading a required course for students who would not elect the course, but who are identified as needing additional reading instruction.

Many more opportunities for students both of an academic and non-academic nature are being considered by our staff as we grow and face almost daily changing needs.

Respectfully submitted,

RUSSELL H. JOHNSTON, JR.,

Principal

REPORT OF GUIDANCE DEPARTMENT

To the Superintendent of Schools:

As Guidance Director of the Medfield Public Schools, I am pleased to submit my seventh Annual Report. This encompasses the period from January 1, 1970 to December 31, 1970.

As intimated in last year's report the changing complexion of the community necessitated the need of an expansion of the work experience program and allied curriculum changes. Through the medium of a Federal Grant this process is being initiated. Programs to be conducted at our High School will be designed to provide new courses in business and consumer education and upgrading the industrial arts, art, and home economics facilities. A service center and model office is envisioned to supplement the business curriculum. The Medfield State Hospital as a cooperative agent in the Grant will provide a number of training facilities and employment for our speciality oriented students. The school in turn will provide the aforementioned model office and other business facilities to be used for the training of certain designated patients. This reciprocity of facilities to meet the needs of the hospitalized patients, as well as the students of Medfield who are desirous of knowing more about education as a system of vocational development, meet the tenets of Federal thrusts in vocational education.

As noted, diversification among the students in their backgrounds, capabilities, interests and goals has expanded the assignments of the counselors at the secondary levels. Meetings are held either individually or in groups to discuss course selections, analysis of interests, employment and college boards. During the year, visitations were held with some 32 such admission officers and 55 were in attendance during our

annual school night. It is gratifying to see the increasing evidence of the solicitation by the health specialities in offering training and/or immediate employment. An increasing number of graduates and veterans seek additional counseling.

Interest and Aptitude tests are conducted at crucial points from Grade 8-12. Interest inventories reflect the direction of motivation and are related to occupational stability and satisfaction. The results of the aptitude tests are correlated with persons employed in a variety of vocational settings, indicating occupational areas in which aptitudes may be developed through training and use.

More than 70% of the class of 1970 is engaged in some aspect of post-secondary education with approximately 25% going on directly to the field of work or the service.

Realistically, these figures shift from year to year depending on the complexion of a particular class. The real measure is the hope that each student by the time he is a senior knows more about himself as a person being capable of a choice that is meaningful for him.

The screening of the pre-schoolers was held again in the spring of 1970 wherein some 225 youngsters were surveyed. Certain specialists in early childhood development within the community were of great assistance in formulating testing procedures and assessing the value of the 1969 screening as a prognostic tool. The evaluation substantiated in many ways its usefulness and led to recommendations of feasible ways to accommodate youngsters who might experience difficulty or profit by some sort of special educational experience.

The screening and referrals received from the Elementary principals and teachers for assistance substantiate the need of extending pupil personnel services and counselors to that level. If we can be adequate and effective in our early and continuing developmental practices in guidance we should preclude the necessity of spending so much time later in being adjustive with a comparative few.

The Guidance staff extends its warm thanks for the many considerations and support given to them by the community at large.

Respectfully submitted,

ALAN E. HASTING,

Guidance Director

REPORT ON OCCUPATIONAL EDUCATION

To the Superintendent of Schools:

It is my pleasure to submit the first annual report on Occupational Education.

Federal grants totaling $62,533 were received by the Medfield Public Schools for the 1970-1971 school year to assist the Community in its efforts to upgrade existing curricula as well as to promote innovative programs in Occupational Education. Occupational Education presently includes Business Education, Home Economics, and Industrial Arts.

In November, 1969, a proposal was submitted to the State Department of Education, which recommended improvements in program and facilities for occupational training. Also, a cooperative program was suggested whereby the Medfield State Hospital would make available their facilities for on-the-job training of High School students, and in return would place certain selected patients in occupational training areas in the school program.

Interested ninth grade students were interviewed by the Occupational Counselor, and twenty-seven students were placed in the Business Education program. Students concentrated on development of typewriting skills, as well as investigation of the business community and examination of the various employment opportunities open to them upon graduation to better assist them in determining their future course selections. An additional thirty students elected to learn typewriting for their presonal use.

Plans for the development of an office simulated classroom have been formulated, and implementation has begun. These facilities will be used by those high school students currently enrolled in the business course; a special program will also be set up for the selected patients at the Medfield State Hospital.

Additional proposals inthe areas of Home Economics and Industrial Arts are being developed and will be submitted to the State Department of Education for evaluation and funding in future years.

I wish to thank the Superintendent, Assistant Superintendent, School Committee, and all school personnel for their assistance and cooperation in this initial year of operation.

Respectfully submitted,

JAMES J. RENNICK, JR.,
Director

REPORT OF ADULT EDUCATION

To the Superintendent of Schools:

January 5, 1970 was the beginning of the second semester of the 1969-70 Adult Education Program. A total of eighteen classes in sixteen different courses were continued by the Director. The courses continued were Rug Braiding, Flower Arrangement, Dressmaking I and II, Tailoring Crewel Embroidery, Typing, Art, Woodworking, Gym for Women, Gym for Men, Conversational Spanish, Psychology, Bridge, Shorthand and Drivers Education. These courses were offered on Tuesday, Wednesday and Thursday evenings between 7:00 and 10:00 p.m. for the second semester.

The 1970 Adult Education program had an initial offering of twenty-four courses, seventeen of these classes were established. Some of the new courses offered were: Advanced Flower Arrangements, Slip Covers, Theatre of the Absurd, Calculus, Yoga and Drugs.

330 people registered for the above courses in September of 1970. 74 additional students were also enrolled in the Drivers Education program in January of 1970.

The Stated Aided Courses still proved to be more popular than the tuition course. Yoga, Sewing, Drivers Education, Gym and Flower Arrangements were the most popular of all the courses maintaining full enrollment.

This year we requested and received State Funds to support the Adult Education Program.

Achievement Night for the 1970 — 1971 Adult Education Program will be held on Wednesday, March 31, 1971.

Respectfully sumbitted,

JOHN CUOCO,

Director

REPORT OF THE DIRECTOR OF ATHLETICS

To the Superintendent of Schools:

It gives me great pleasure to submit my second annual report as the Director of Athletics for the year ending December 31, 1970.

The Junior High School participated in interscholastic activities once again. Mr. Gordon Hodne and Mr. Robert Hunter coached the ninth and eighth grade teams. Mr. Henry Mangili was the ninth grade baseball coach while Mr. James Georgian coached the eighth grade team. Mr. George Ruggiero became the football coach and had a very successful year.

The High School fielded varsity and junior varsity teams in the following sports that competed in the Tri Valley League. They were Cheerleading, coached by Mrs. Katherine Holden and Mrs. Diana Dyro; Cross Country, coached by Mr. Robert Belmont; Football, coached by Mr. William Young, Mr. Gary Youlden, and Mr. David Gibbs; Boys Basketball, coached by Mr. George Ruggiero and Mr. Michael Rogers; Girls Basketball and Field Hockey, both coached by Mrs. Nancy Kelley.

The High School also fielded varsity teams, that competed in league competition, in the following sports. They were Baseball, under Mr. Gordon Hodne; Softball, under Mrs. Katherine Holden; Track, under Mr. Peter Mulcahy; and Tennis, under Mr. Robert Hunter.

The basketball team advanced to the semi finals in class D, held at the Boston Garden. Another high point in the sports year was a fine 10 and 2 record by the cross country team.

In the spring, a sports awards assembly was held honoring all the boy and girl athletes. Every boy or girl who participated in sports during the school year received a letter, a certificate, or a sweater. The most valuable players were presented with tropies. Miss Georganne Iverson was presented the annual school spirit award by Mr. Edward Keyes in whose honor the trophy was named. This is a $250 award presented by the Boosters Club of Medfield to further a youngsters education. Craig Guthrie received the top scholar athlete award for boys. Miss Deborah Hollis received the scholar athlete award for girls.

The athletic program is expanding and will continue to do so in the future as it moves along with the overall growth of the Medfield schools.

Respectfully submitted,

WILLIAM YOUNG,

Director of Athletics

REPORT OF SCHOOL LUNCH PROGRAM

To the Superintendent of Schools:

It is with pleasure that I submit my first annual report of the School Lunch Program for the year ending December 31, 1970.

A part of this year, the Medfield School Lunch Program was under the direction of Irene F. Todd to whom we are indebted for her faithful service. Mrs. Todd retired from her post last June.

December of 1969 we were pleased to open the cafeteria in the Ralph Wheelock School serving hot lunches from an attractive kitchen with all the latest equipment. I am pleased to announce that during the past two months hot rolls and french bread have been made and served from this kitchen.

We hope the Memorial School will be able to continue the baking program that they now have but new stoves are much needed and are included in the 1971 School Budget.

During the past year U.S.D.A. commodities of meat, cheese, and juice decreased, and with the increase of labor and food prices the lunch funds declined. The School Lunch Program was also hit by several bomb threats which came after lunch preparation or during lunch servings. This totaled a substantial loss of food and income. I was very grateful to have the Medfield State Hospital accept food already prepared which could not be refrozen or held because of length of time lapsed before another lunch would be served.

We are fortunate to have the "State" assisting us in serving more free hot lunches to needy children. We trust that the new year will have many parents giving their children thirty cents daily so "Johnny" or "Mary" can enjoy a hot meal in the school cafeteria — our lunches contain the daily food requirements that every child should have.

I was very pleased to be able to attend the conference this summer for School Lunch Program personnel held at Stonehill College in North Easton, given by the State Board of Education. I hope to attend more of the conferences and trust some of the staff will also attend. I was glad to have some of the lunch managers and workers attend the "County" meeting held at the Sharon Junior High School on the day of the Teacher's Convention. The program that day was of much value to our bakers.

I would like to take this opportunity to thank the School Committee, Superintendent and Assistant Superintendent of Schools for giving me the privilege to serve as School Lunch Director and to thank all of the school personnel and last but not least each and every one of the cafeteria staff for their cooperation and support since I have taken over as Director .

Respectfully submitted,
DOROTHY E. AVERY
School Lunch Director

REPORT OF THE BOARD OF APPEALS — 1970

To the Honorable Board of Selectmen
and Residents of the Town of Medfield:

The Board of Appeals on Zoning submits, herewith, its report for the year ending December 31, 1970.

The present Board was organized at a meeting held on April 2, 1970 as follows:

Charles Kenny, Chairman
James T. Regan, Clerk
Richard A. Chagnot
James O. Aronson, Associate Member

In summary, hearings were held during 1970 on various requests as follows:

1 Special Permit to expand an existing gasoline station. Denied.

1 Variance from zoning by-laws to allow on-site sewage disposal. Granted.

1 Variance from zoning by-laws to change a two apartment dwelling into a four apartment dwelling. Denied.

2 Permits to conduct "Home Occupation" type business. One granted. One denied.

1 Variance from zoning by-law to construct an eight unit apartment house with an on-site sewage disposal. Denied.

With the exception on the hearing on the Special Permit to expand the gasoline station, the decisions of the Board of Appeals were unanimous.

Respectfully submitted,

JAMES T. REGAN, Clerk

MASTER PLAN IMPLEMENTATION COMMITTEE

To the Honorable Board of Selectmen:

At the March town meeting it was voted to reorganize the Master Plan Implementation Committee under the auspices of the Planning Board. Previously the MPIC had been an autonomous unit whose members were appointed by the Moderator.

At the Planning Board request, during 1970 the MPIC worked to try to promote various aspects of the original Master Plan and to ascertain whether parts or all of the original plan need updating. It was decided that an updating at this time would help to establish guidelines for the future capital expenditures of the community. Consequently, a request for an updating will be presented at the 1971 annual town meeting.

The following recommendations were acted upon by the town during 1970.

1. Additional land adjacent to the present dump was purchased by the town for dump purposes.
2. The town converted to a sanitary land fill dump operation.
3. The town voted to acquire 12 acres of land along the river and construction of a sewage treatment plant was approved.
4. The town voted to purchase over 70 acres of land for conservation purposes along the Charles River.
5. Work authorized in 1969 for the reconstruction of Green Street was not completed. The town voted to dismiss a further appropriation for this purpose and requested that that portion authorized in 1969 be constructed.
6. An article recommending further reconstruction of Granite Street was dismissed.
7. The town dismissed an article requesting additional funds for the sidewalk construction program (Winter Street).

Respectfully submitted,

REPORT OF THE TRUSTEES OF THE MEMORIAL PUBLIC LIBRARY — January 1971

To the Honorable Board of Selectmen

Gentlemen:

1970 has been the first complete year of utilization of the expanded library facilities voted by the Town in 1968. A record increase of 4048 or 16% in adult circulation seems evidence of the public's appreciation, not only of the library's offerings, but also of the improvements made possible by the remodeling. New racks for magazines, with both current and back numbers readily available, plus record racks, leave the tables in the main reading room clear for comfortable use by students and other patrons. Non-fiction is now arranged in proper numerical order; and a new, much larger card catalogue has been installed, replacing the original one purchased in 1918. This latter acquisition permits more cross-referencing of book titles; i.e., listing by subject matter headings as well as by author and title, thus increasing the usefulness of the collection to persons seeking material on a given subject.

In completing the changes made possible by the remodeling, the new head librarian, Mrs. Jane Archer, has most satisfactorily furthered the plans originated by her predecessor, Miss Ethel Hersey. Admirable innovations introduced by Mrs. Archer are described in her report.

Basic repairs to the library building have been necessary in 1970. In April, leaks through the bricks required immediate attention to the east, south, and west walls, where the weak joints were cut out and repointed, with subsequent silicone waterproofing of the entire three surfaces. This work carries a three year guarantee against water penetration.

To pay for the above masonry repairs and for some chimney work which they uncovered, it was necessary for the Trustees to use the $1950 allocated in the 1970 budget for work on the north wall, previously considered the most vulnerable, and to ask the Finance committee for $830 additional from the Reserve Fund. In 1971 all the joints in the north wall will be cleaned out and repointed, and the entire surface covered with silicone waterproofing. This work will be guaranteed for five years.

It should be noted that until 1969 virtually no repointing of the library building had been done since its construction in 1918. Experts believe that a brick structure should be completely repointed every twenty years to maintain it in satisfactory condition.

Another maintenance problem occurred in August, when water on the floor of the Children's Room necessitated digging out to a depth of

almost five feet the window well on the side of the front wall toward St. Edward's rectory. The soil-clogged gravel was then replaced with crushed stone, and a "berm" (curb) installed to prevent surface water and overflow roof water from seeping into the Children's Room. This treatment, which involves a good deal of hand labor, may have to be extended in the near future, to other window wells.

The Trustees hope that the next few years may be less demanding than the recent past in regard to repairs on library property. However, it should be remembered that the total cost to the taxpayers of maintaining the library is less than one percent of the total Town budget; that increased capacity and increased circulation require more hours of employee service; that Medfield's salary scale is not high for any type of library work; and that we are paying our head librarian an amount well below the current rate for a person with professional qualifications.

Respectfully submitted,

Board of Trustees of the Memorial Public Library

Laura H. Smith, Chairman
James F. Barton, Vice-chairman
Mary M. Hay, Recording Secretary
Kenneth G. Fettig, Financial Secretary
Lucile F. Sturtevant, Publicity
Edward P. Jenkins

REPORT OF THE MEMORIAL PUBLIC LIBRARY

To the Honorable Board of Selectmen:

STATISTICS

New Applicants for library cards	646
Circulation Figures	
Adult Department	29,953
Children's Room	22,614
Acquisitions	1,080
Discarded Books	691

52,567

Many of the discarded books were stored down stairs, and were not in active circulation. While they were no longer useful in our library, the American Merchant Marine Library was happy to receive them.

During the year, a program of continuous review of the library's collection was implemented, and the current year's acquisitions were tailored to balance and upgrade areas of weakness. Every effort was made to obtain books through Inter-library Loan for requests of titles not in our collection.

For those with visual handicaps in the community, an initial collection of large print books was begun. This collection has been supplemented with large print books obtained through the Eastern Massachusetts Regional Bookmobile, and patients at the Medvale Nursing Home are now receiving these books on a monthly basis.

The library's collection was further expanded with the initiation of a paperback section in which current hard cover best sellers and other popular titles are duplicated.

Close cooperation with the schools was maintained, and a number of subject bibiographies were prepared for teachers as well as other residents of the town.

A revolving exhibit program was instituted to give the community an opportunity to see the reservoir of talent that exists in the town. Among the exhibits was an attractive display of paintings and sculpture from The Center for Creative Arts and a photography exhibition.

The concept of regional library service was given support by the library Board of Trustees when they voted to grant free borrowing privileges to members of other libraries in the Eastern Massachusetts sub-region. A number of other libraries have reciprocated, so that at the present time Medfield residents may borrow materials free from the Norwood, Westwood, Wellesley, Dedham, and Natick Public Libraries.

The closing hour of the library was extended from 8:30 p.m. to 9:00 p.m., Monday through Friday, with hopes of accomodating more commuters and students.

For the children, the Wednesday afternoon story hour for four and five year olds continued to be popular with the year Culminating in a special Christmas party attended by 40 excited youngsters. The summer reading program attracted 116 eager participants with prizes awarded to first and second place winners in grades 1-6.

During the year, I attended the monthly Greater Boston Public Library Administrator's meetings, and found the crossfertilization of ideas invigorating.

Having completed my first full year as Librarian, I would like to thank all Town officials who so willingly provided assistance during the year, and especially the Library Board of Trustees and my faithful staff for their cooperation and support.

Respectfully submitted,

JANE B. ARCHER
Head Librarian

The present organizational table for the Medfield Police Department is a Chief, two sergeants and ten patrolmen. Officer Nicholas Gugliotta retired on August 29, 1970 after some 25 years on the department. Patrick W. Clancy, 72 South Street, Medfield was appointed a regular full-time patrolman on October 15, 1970 and was inducted into the Army on October 22, 1970. We now have five full-time permanent patrolmen working following the loss of Officers Gugliotta and Clancy.

To fill the vacancies, five provisionals have been working full time. They are Michael J. Donahue, Ralph G. Knowles, Anthony Bertone, and David Sloan, all of Medfield, and Robert E. Naughton of Norwood.

During the year, several schools were attended by officers. Twelve persons attended a one-day course on the operation of the teleprocessing machine in Hyde Park conducted by the New England Telephone Company and the Massachusetts State Police. Officer Harry Tominey attended the Quincy Police Academy for eight weeks police training. Officer Tominey also attended an eight-day course on Drug Identification conducted by the Attorney General's office. Sgt. E. Nina Iafolla, Officers Robert W. Brady, John T. Garvey and Robert E. Naughton attended a five-day course on Drug Identification and Investigation conducted by the Massachusetts State Police. Sgt. Iafolla and Officer Brady are presently enrolled in Dean Police Science Institute and are taking courses on Court Prosecution and Evidence. Chief Mann attended a three-week course at Babson College on Police Management conducted by the New England Association of Chiefs of Police. Several seminars were also attended by various officers throughout the year.

TRAINING:

Since there were so many vacancies this year, personnel shortage prevented a good in-service training program being conducted. The State law calls for in-service for all personnel. As a start in this program, educational literature called the "training keys" is being sent to the Police department during 1971 paid for by the Governor's Committee on Law Enforcement and Administration, with the following year to be paid for by the Town of Medfield. This publication is published by the International Association of Chiefs of Police and covers many subjects pertinent to police work. I have also subscribed to the publication by the same organization called **Legal Points** which keeps the department abreast of new court rulings.

EQUIPMENT:

Much valuable new equipment was received this year. A Vehicle Speed Indicator called "Vascar" was installed in one cruiser which enables the officer to clock vehicles several different ways without setting up any special equipment.

Two portable radios were purchased this year. We now have three such portables which have proved invaluable at accidents, investigations, foot patrols and checking inside buildings. The Radios and Vascar were paid by town appropriation and were 100% reimbursed by the Federal Government under the Federal Highway Safety Program.

Bids were awarded to the General Electric Corporation for new radios for the police station and one cruiser. These radios will be delivered shortly and will greatly increase the communications of the department, both within the town and with neighboring communities. Fifty percent of the funds expended will be reimbursed to the Town by the Federal Highway Safety Program.

A new 1970 Cadillac Ambulance was received on December 24, 1970, also fifty percent reimbursible from the Highway Safety Program. I would like to express my thanks to Austin C. Buchanan, Civil Defense Director who spent many hours preparing the application and specifications to submit for Federal funds.

In May, 1970, we were connected by the installation of new equipment to the Massachusetts State Police teleprocessing network called "Leaps", which greatly increased the efficiency of area departments in crime detection. We now have a direct connection to the National Crime Information Center in Washington, D.C., as well as to the State Police computer. Approximately sixty percent of the cost of the monthly rental of the teleprocessing machine is being reimbursed to the Town by the Governor's Committee on Law Enforcement and Administration.

With the additional telephones installed in the Police Station in January, 1970, residents now enjoy a more prompt response to their calls. A busy signal is now a rarity. I again recommend that the Fire Alarm Transmitter be transferred to the Police Station from the State Hospital where it has been for several years.

During the year, police functioning on a regional basis became a reality when the Central Norfolk Tactical Unit was formed by twenty surrounding towns. Officers Harry Tominey, Ralph Knowles, and Michael Donahue received training with the unit, which may be used by any of the participating towns in time of civil disorder.

GENERAL:

In 1970, our two cruisers travelled a combined total of 124,748 miles. In the year 1969, the total was 93,445. Most of the increased mileage is because of increased general patrolling of the town. As a result of additional patrolling, the number of Breaking and Entering cases decreased from fifty in 1969 to thirty-one in 1970. We also used the Radar with more regularity than ever before. The number of traffic citations almost

doubled that of 1969, and I am pleased to report that we did not have any fatal accidents this past year.

I am again in 1971 recommending that cruisers be replaced yearly as each vehicle is now travelling more than 60,000 miles per year. I also am requesting a third cruiser for use on investigations, court trips, and to be used as a back-up car. Investigations of crimes being committed are associated with crimes in communities far away from Medfield. A cruiser cannot always be spared for out-of-town travel, nor is a private vehicle available.

I am requesting a part-time secretary to free the officers and myself from typing reports, filing and general office work so they may concentrate more on general police functions. Better records should be kept and experienced office help is required to keep them. Last year I requested four new patrolmen and the town voted to add two only. This year I will request one additional man. I am also requesting the adoption of Chapter 41, Section 97-A of the Massachusetts General Laws which places the Chief of Police in charge of policy-making in the Department.

Throughout the year, I have received a great deal of assistance from the Board of Selectmen and from the Highway Superintendent to help make our streets safer, and I wish to express my sincere thanks since it makes the Police Department's job easier. I also wish to thank members of the Fire, Water, Tree, Park and School Departments for all their cooperation during the year. I wish to thank all town officials, and especially the Town Hall secretaries for their cooperation and assistance in 1970.

Respectfully submitted,

WILLIAM H. MANN
Chief of Police

ANNUAL REPORT OF THE HOUSING AUTHORITY

The Medfield Housing Authority, at their Annual Meeting on the second Tuesday of April, 1970, elected for its slate of officers:

RICHARD C. J. PALSON, Chairman
DAVID IVERSON, Vice Chairman
HAZEL FRANK, Secretary (Governor's Appointee)
CHARLES SLOAN, Treasurer
HERBERT B. BURR, Assistant Treasurer

Mr. Sloan was elected to the Housing Authority for a five-year term at the Town elections in March. One of the five positions is open for election each year for a five-year term.

Regular meetings were held the second and fourth Tuesday of each month during the entire year at the Town Hall at 7:30 P.M.

The site on Pound Street, selected by the Housing Authority for the construction of forty units of housing for the elderly, was tentatively approved by the Department of Community Affairs of the Commonwealth. The Department of Community Affairs informed the Authority that $680,000 would be set aside for their use in the construction when certain conditions are met. Several interviews were held with the property owner, Mrs. Blanche Kingsbury, who expressed her willingness to sell the property for this purpose.

The architectural firm of Robert Charles Associates of Boston, selected by the Authority to design the housing units, conducted a soil stratification survey of the property with the assistance of the Medfield Highway Department. The results were acceptable.

Meetings were held with Algernon Heine of Ashland, the attorney chosen by the Authority, to discuss a number of legal questions pertaining to the work of the Authority.

Sewage requirements on the chosen site resulted in interviews with the State Board of Health and Department of Water Pollution Control, who establish state-wide conditions. Meetings were held with various town committees relative to these requirements. At the Special Town Meeting in November, the Town voted to proceed with necessary sewage treatment facilities, which opens the door to final preparations for the construction of the housing units.

Respectfully submitted,

RICHARD C. J. PALSON, Chairman
DAVID IVERSON, Vice Chairman
HAZEL FRANK, Secretary
CHARLES SLOAN, Treasurer
HERBERT B. BURR,
Assistant Treasurer

REPORT OF THE CIVIL DEFENSE DEPARTMENT

To: The Honorable Board of Selectmen

Subject: Annual Departmental Report for 1970

Without a declared war or an impending disaster, maintaining interest in a Civil Defense Program requires either a great deal of effort or a great deal of interest. The Town of Medfield is indeed fortunate in having a nucleus of people interested in preparing and planning for a day we all hope will not come.

The Emergency Operating Center, located in the basement area of the Fire Station is taking shape slowly but surely. With the use of volunteer manpower and technical skills, an area capable of continuing Town Government and Emergency Operations is being assembled. Radio Officer, Thomas DeWitt is developing a communications facility to provide both local and State level capability. The outline and design for this center is prescribed by Federal Directives. The value to the community of such a facility has been proven in several incidents where normal facilities have been disrupted.

The Auxiliary Police continue to maintain an active program under the able direction of John E. Varnum, Jr. Regular monthly meetings and drills keep this organization alert and available for any back-up that may be required for the regular Police Department.

Equipment has been added to the Emergency Truck through gifts, and the adaptation of materials acquired from the Surplus Property Program. This vehicle is available at all times where emergency lighting or electrical power, first aid, or heavy rescue equipment may be required. It also responds to all night fire alarms under the direction of the Fire Chief.

The Surplus Property Program continues to make available many thousands of dollars of equipment, materials and supplies, to all Town Departments, at a fraction of their worth. Participation in this program is made possible by maintaining an active Civil Defense Organization.

In closing this report, I wish to thank the many individuals who have taken the time to get involved in the thankless task of preparing and planning for a time we all hope will not come. To the many Town Family members, my personal thanks for your cooperation throughout the year.

Respectfully,

AUSTIN C. BUCHANAN, Director

FIRE CHIEF JOSEPH E. RYAN AND POLICE CHIEF WILLIAM H. MANN ACCEPT NEW AMBULANCE

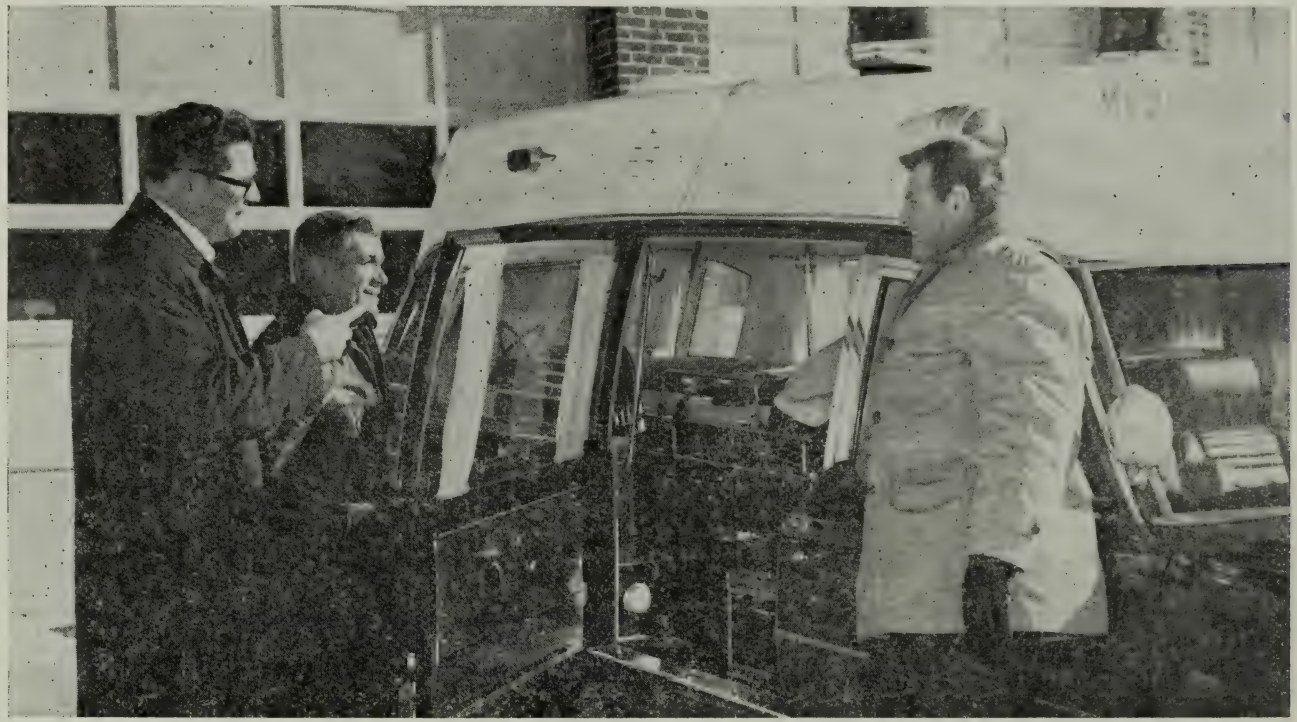

Photo by Frank Simonetti, Jr.

REPORT OF OPERATION OF TOWN AMBULANCE

We hereby submit the Annual Report for the Operation and Maintenance of the Town of Medfield Ambulance for the year ending December 31, 1970:

Ambulance trips made in 1970	147
Budget expended in 1970	$3,492.11
Insurance coverage	97.07
Total amount billed for 1970 trips	2,436.00
Outstanding bills for 1970	669.00
Outstanding bills for 1969	432.00
Total outstanding bills	$1,101.00

In December 1970 the Town acquired a new Cadillac Ambulance to replace its 1961 Cadillac Ambulance which had been a secondhand vehicle. The Town was successful in obtaining $6,750. under the Federal Highway Safety Program towards the purchase price of $13,700.

The new ambulance is able to carry more patients, provide greater comfort for patients and more facilities for emergency medical care.

Respectfully submitted,

HARRY A. KELLEHER, Chairman
LAWRENCE E. ABAR, Clerk
WESTON G. KOLSTI
Board of Selectmen

ANNUAL REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen and Residents of the Town of Medfield:

The following is my annual report for the year ending December 31, 1970.

I have issued a total of 195 Building Permits (1969-264) as listed below, and have made a total of 603 inspections; with Richard A. Ostrander, assistant inspector making 59 inspections for a total of 662 inspections as against 873 made in 1969.

The following is a break-down of permits issued:

New single family dwellings	33
New two-family dwellings	3
Additions to private dwellings	49
Renovations to private dwellings	20
Retail Store — new	1
Workshop — Industrial/Business — new	1
Gasoline Station	1
Addition to Restaurant	1
Store Renovations	2
Restaurant Renovations	1
Workshop — Rocky Woods	1
Municipal Building — dump garage	1
Swimming Pools	26
Private stables	1
Reshingling roofs and new sidewalling	48
Demolitions	5
Temporary Platform	1
TOTAL PERMITS	195
Total income from Building Permits (Fees) — (1969 — $4,740.30)	$ 2,090.50
Estimated construction costs new dwellings — (1969 — $1,787,200.00)	936,000.00
Estimated construction costs all renovations, additions, pools, shingling	193,900.00
New construction on industrial/business	64,500.00

Articles 67 and 68 of the annual town meeting of March, 1970 were approved by the voters and subsequently by the Attorney General of the Commonwealth of Massachusetts. These articles amended the Building Code by adding a section concerning the installation of siding which is a conductor of electricity, and a section which is a complete clarification of swimming pool regulations which define the residential pools, public pools and submission of plans and specifications, revocation of permits, fences, enclosures and safety equipment, electrical requirements, set-backs and repeal and date of effect.

House numbers are assigned by the Building Inspector.

The duties of Enforcing Officer for Zoning now include the responsibilities of watershed protections districts and flood plain districts enforcement.

I wish to thank the town officials, the other department inspectors, the administrative secretaries in the Town House, Mrs. Kathleen C. Conners and Mrs. Helen Wills for the assistance and cooperation they have rendered me during the past year.

The local and out-of-town builders and contractors continue to be cooperative and more than willing to conform to the Building Code and Zoning regulations.

The members of the Building Code Committee of the Town have cooperated with me in the solution of the many problems confronting this department in the performance of my duties.

Respectfully submitted,

HERBERT B. BURR
Building Inspector

REPORT OF THE BOARD OF HEALTH — 1970

To the Honorable Board of Selectmen and
Residents of the Town of Medfield:

The following is the report of the Board of Health for the year beginning January 1, 1970 through December 31, 1970.

The Board met regularly on the second and fourth Thursday of each month. Additional meetings were held with the planning board, water and sewer board, and pertinent State meetings were attended.

The garbage contract was renewed with Francis J. Cassidy of Holliston Street in Medway with collections scheduled once a week during the winter months and twice weekly during the summer.

The following licenses were issued during the year:

Food Establishments	13
Catering License	1
Ice Cream License	1
Septic Installers Permits	16
Carrying of Effluent	9
Laundomat	1
Funeral Directors	2

Milk and Oleo Licenses	6
Dump Fee for Commercial Packers	1
	50

Various church and civic organizations were also issued permits for food sales.

The Board enacted several new regulations during the year:

1. New pool by-laws regarding the installation and operation of pools.
2. Regulations were adopted regarding on-site sewage systems, including the assessment of a fee for a third inspection of a system.:
   a. All percolation tests to be witnessed by an Agent of the Board.
   b. AS BUILT plans to be submitted to the Board of Health by all builders.
   c. Acceptance of use of aeration chambers.
   d. Percolation tests conducted during July and August and tests of 15 minutes or more will not be acceptable to this Board.
   e. A seven day waiting period is required for approval of all plot plans submitted.
   f. Percolation tests and plot plans may not be required on repair work on older homes if an observation pit is approved by an Agent of the Board.
3. Article VII of the State Rules for Swim Ponds was accepted.
4. Dead animals must have a sanitary burial.

Two new sub-division definitive plans were approved, subject to the percolation tests on individual lots:

1. Carol Ann Drive — Stivaletta —
2. Noon Hill Definitive #2 by Hoover Realty Trust, final action subject to the Planning Board.

A total of 165 inspections were made during the year by the Board of Health Registered Sanitarian, Mr. Ferial Morrissette. These included forty-three nuisance complaints; seventy-seven restaurant, market and bakery inspections; twenty-six inspections relative to on-site sewage installations and complaints. The cafeteria cleanliness in all the Medfield schools was checked four times during the year, as well as the health standards of the beach and water at the Hinkley Swim Pond on Green Street. The Board also used Mr. Morrissette as consultant with many other Boards on various problems.

Herbert B. Burr, Sanitary Inspector for the Board reported a total of 196 sanitary inspections made for on-site sewage disposal systems in town. These inspections included checking observation holes for stratification of soil; witnessing two percolation tests on each building lot, which

were performed by the builders, civil and registered engineers; the septic installations placed on each lot, besides the many repairs performed on older homes.

Mr. Burr reports that all builders and engineers are most cooperative and wishes to thank the members of the Board of Health, Mr. Morrissette and Mrs. Kathleen Conners, secretary, for their cooperation during the year.

The Visiting Nurse Association made a total of 745 visits in Medfield involving a total of 104 cases. Mrs. Porter Whitney serves as a Public Health Nurse for the Board of Health. These visits include bedside care, therapeutic nursing, public health nursing involving TB prevention and follow-up, communicable diseases, premature infants, new born, maternal health, health teaching and referrals.

Six immunization Clinics were held involving 1,387 patients, which included immunization for Rubella, Mumps, Diptheria, Tetanus, Whooping Cough, Polio, Measles and Smallpox. Three of these were town-wide clinics and three were in cooperation with the School Health Department under the direction of Mrs. Madeleine Harding, R.N., School Nurse.

During the year two cases requiring physical therapy involved a total of 39 visits. The Visiting Nurse Association contracts for physical therapy service through the Norwood Hospital.

It should be noted that the Visiting Nurse Association loans sick room equipment such as hospital beds, wheel chairs, walkers, crutches, etc. Loans are free of charge for a period of two months, after which time a minimal charge is made.

The Board of Health wishes to thank the VNA nurses and Mrs. Whitney, Mrs. Harding and Dr. A. Ritchie Stagg who served as a Consulting Physician for the Board.

The Board of Health for the first time ran a Rabies Clinic in conjunction with dog licensing which was most successful. The Clinic was under the direction of Dr. Gordon Goodband of Walpole, and a total of 344 dogs were vaccinated for rabies in one day. Plans for a 1971 Clinic are being made to be held some time in March.

In conjunction with the Board's animal control law a total of twenty-four persons have registered their horses, cows, goats, sheep, swine and hens during the year. There is no charge for this registration but all residents who contemplate owning such animals must so register with the Board of Health before securing them. These animals are to be registered every calendar year.

The responsibility of operating the Town Dump was restored to the Board of Selectmen when the Sanitary Landfill Operation went into effect and the Board of Health is responsible only for the health standards in the area.

Effective in 1971, the Slaughtering Inspections will be under the control of the State Department of Public Health. The Board wishes to thank Dr. Francis X. Maguire of Walpole for his many years of service to the town as its Slaughtering Inspector.

It should be noted that there is a Vaccine Center located in the Town Hall for local physicians established under the control of Mrs. Whitney, Public Health Nurse, who stocks and inventories same, making vaccines and various test kits readily available.

The total income of the Board in 1970 amounted to some $1,650.00 from permits, licenses, and fees.

The Board of Health wishes to take this opportunity to thank Herbert B. Burr, its very competent Sanitary Inspector; Mr. Ferial R. Morrissette, its Registered Sanitarian whose many years of experience in the field of public health has proved to be invaluable; Mrs. Whitney for assuming the duties of Board of Health nurse; Richard Ellsworth, Animal Inspector, for the many inspections made on complaints and permits; Dr. Goodband and Dr. Maguire for a very successful Rabies Clinic.

Respectfully submitted,

FRANCIS X. CURRY, Clerk
GERARD F. GALLAGHER,
Chairman
ARTHUR L. FARRAR

1970 REPORT OF CONSERVATION COMMISSION

TO THE HONORABLE BOARD OF SELECTMEN:

The increased awareness of the need for Conservation in 1970 found the members of the Commission filling requests for speakers to the Ralph Wheelock Elementary School, Medfield High School (Earth Day and tenth grade class), League of Women Voters Annual Meeting, Medfield Garden Club, and a meeting with the Curriculum Coordinators of the school.

A detailed plan for the "Outdoor Classroom" has been obtained from the U. S. Soil Conservation Division of the Department of Agriculture, and a sub-committee of interested citizens established to implement this project. The initial efforts to clean up and establish trails is now being made by the Boy Scouts.

At the November Special Town Meeting, funds were allocated to purchase seventy-two acres of land adjacent to the proposed site for the Sewerage Disposal Plant as Conservation Land. The bulk of this land is flood plain zoned and a welcome addition for flood as well as wildlife protection.

Daniel Hinkley, Director of the Charles River Valley Watershed Association, and continuing representative of the town, has secured samples of water from the Charles River during the bulk of the year for testing and rating purposes.

Lindsey Ripley, III, attended two weeks at the Junior Conservation Camp as the first winner of the annual scholarship offered by the Commission. He returned with the first place trophy for "Fly Tying and Casting" contest and placed third highest in the state on his written examinations. David Guenette, alternate winner, and Lindsey Ripley have shown their continued interest by attending the meetings of the committee establishing the "Outdoor Classroom." These two men were chosen from seven applicants. It is the hope of the commission members that the other six applicants will apply again this year, along with any other interested boy, ages fourteen to seventeen.

The Annual Fader Award for outstanding contribution or service to or for conservation was given to Charles and Ruth Allen for the year 1969, and is being awarded in 1970 to Major Edmund and Peter Wheelwright for their gift of land for the purpose of the "Outdoor Classroom."

After the first hearing in June on the relocation of Route 27, the Commission made a statement in support of the proposed location.

The Conservation Fund has been aided by the donations of $75.00 from the Medfield Garden Club and $20.00 from the Hannah Adams Club. In addition, a representative from both these women's groups is donating time and advice in the development of the "Outdoor Classroom."

The aim for 1971 is the continued conservation of land, primarily along Charles, Stop Rivers and Mill Brook, either by gift, purchase or conservation easement. Education of our natural heritage will be pursued wherever possible and for all persons interested. The establishment of Associate Members is now being organized and all persons interested should contact the Chairman.

The regular monthly meetings are held the 4th Monday of the month at 7:30 P.M. in the Youth Center and are open to the public. Members of the Millis Conservation Commission; Mr. Robert Hilton; Medfield citizen; High School students; Women's Club members, and the Citizens for Participation Politics, have attended Commission meetings this year, exchanging many excellent points of mutual interest.

Respectfully submitted,

MRS. ELLEN GIFFORD, Chairman
JOSEPH DONNELLY, JR.
DANIEL HINKLEY
ROBERT KINSMAN
MARIO PEDERZINI

PETER SCHROEDER

1970 DOG OFFICER'S REPORT

TO THE HONORABLE BOARD OF SELECTMEN:

I hereby submit my report as Dog Officer for the year ending December 31, 1970.

Since taking over as Dog Officer on June 4, 1970, there has been one Court case, three citations, and 132 complaints received, investigated and disposed of.

Dogs turned over to rightful owners	34
Dogs killed by automobiles	3
Stray dogs picked up by police	17

Stray dogs picked up by Dog Officer	34
Dog bites	5
Dogs hit by automobiles	11
Dogs lost from Medfield and neighboring towns and returned to rightful owners	19
Dogs and Kennels registered for the year 1970	1149
Dogs restrained by Dog Officer	8

All delinquent dogs were registered and monies turned over to the Town Clerk.

Respectfully submitted,

RAYMOND P. WOLLAK

Dog Officer

ANNAUL REPORT OF THE FIRE DEPARTMENT 1970

TO THE HONOARBLE BOARD OF SELECTMEN:

I hereby submit my first annual report as Fire Chief for the year ending December 31, 1970.

The department consists of a full time Chief and twenty-five call firefighters. Patrolling and inspecting schools, nursing homes and business and industrial areas is being done daily. Fire prevention programs were held in the elementary school and the fire station during Fire Prevention Week.

Training with audio film is being conducted monthly. Three firefighters attended a two-day Seminar held in Walpole in September.

The Fire Alarm System was expanded by the installation of four street boxes, bringing the total in operation to twenty-seven.

The Department equipment is satisfactory, but replacement of older apparatus should start in 1972. It should be noted that from the time a piece of apparatus is ordered and delivered, a span of eighteen months or more is needed before it can be put into service.

I feel a Chief's vehicle should be purchased and fully equipped this year.

The services rendered during 1970 are classified as follows:

Buildings	25
Weeds and Grass	51
State Hospital	2
Public Dump	2
Automobiles and Trucks	17
Rubbish	6
Gasoline Washdowns	3
Pumping Cellars	6
Station Duty	11
Highway Accidents	2
Mutual Aid	8
Outside Assistance Called	4
False Alarms	8
Cat in Tree	3
Lock-Outs	2
Reports of Bomb in Schools and Business	5
Electrical	5
Oil or Gas burners	6
Still Alarms	14
Blasting Permits	10
Burning Permits	528
Oil Storage Permits	31
Building Inspections	437
Alarms	122
Investigations	72

In closing I express my sincere appreciation to Retired Chief Walter F. Reynolds for his assistance and cooperation. He served the town for over forthy-six years until his retirement June 30, 1970. I would also like to extend my sincere thanks for the cooperation of the officers and men of the Department, members of the Police Department, secretaries in the Town office, fire alarm operators and all other Town departments.

Respectfully submitted,

JOSEPH E. RYAN

Fire Chief
Town of Medfield

PARK AND RECREATION COMMISSION

TO: The Honorable Board of Selectmen

Our reports to you for the years 1968 and 1969 have informed you of our appointing a part-time recreation co-ordinator and instituting some activities for the youth of the Town throughout the year. During 1970 we have instituted the following programs:

MONDAY — Dance-twirl lessons open to Junior and Senior High School girls, held at our Recreation Building.

TUESDAY — Photography Club open to Junior and Senior High students, held at our Recreation Building.

Co-ed Volley Ball open to all High School students, held at the Town's Junior High School.
Basketball for High School boys held at the Town's Junior High School.

WEDNESDAY — Basketball open to High School boys at the Dale Street School.

FRIDAY — Basketball open to Junior High School boys at the Junior High.

SATURDAY — Soccer open to Junior High boys. This year we played 3 competitive games with other surrounding towns.

A dance, pool, ping-pong and gathering spot held every Saturday evening at the Recreation Building.

Softball — coed and for students of High School age.
Boys Basketball — grades 4, 5 and 6. Instructions and light competition. Hours are 9 A.M. to 12 Noon.

The above listed programs are held usually between 7 P.M. and 9 P.M.

This past summer our playground tripled in attendance over last year. The program was most successful and the addition of two counselors made it possible to increase our crafts and game times.

The swimming program continued with increased demand for swimming lessons and water safety programs. The swim team had a favorable record in competitive swim meets with many surrounding towns. To continue to pass the State's density test, it will be necessary to replace all sand in and about the pond before our 1971 season.

The skating program was longer than usual thanks to the weatherman, and for the first time we had skating during the school February vacation.

MEDFIELD'S SWIM TEAM IN ACTION
SPONSORED BY PARK & RECREATION COMMISSION

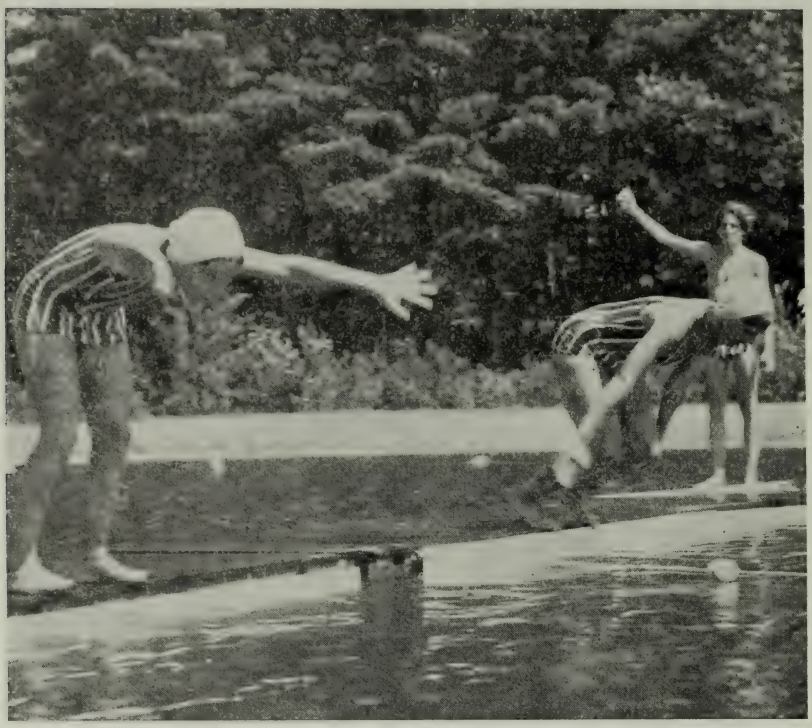

Photo by Frank Simonetti, Jr.

We feel it is necessary to stop here and advise we try to provide as many programs as possible and if it were not for volunteers throughout the year, we could not provide all the above listed programs. While we cannot name all the volunteers who helped us, we feel the following have given more time to us than expected.

Mr. Daniel Hogan
Mrs. Patricia Bragg
Mr. Stanley Strom
Mr. Warren Sheard
Junior Chamber of Commerce volunteers
Chief Mann and the Medfield Police Department
Supt. William McCarthy and his entire Highway Department
The School Department for the use of the schools

Our Recreation Building is used every day and demands for the use of it cannot be completely complied with due to lack of space or time. The Medfield Youth Center continues interest in the building by continually improving, cleaning and repairing. The Youth Center presented two $100 scholarships at the High School graduation exercises, held drug programs and assisted us in all our programs. Our thanks go to the Adult Sub-committee of 18 couples who oversee and chaperone the Youth Center activities.

The addition to our bathhouse enabled us for the first time to have an area to store our snow removal equipment, provided a dressing area for employees and a first aid station. During the winter months the addition will serve as a warming hut and storage of swim pond equipment, including all docks.

The ramp added to the Recreation Building now gives access to the basement area and additional storage space is now provided for our playground supplies and equipment. There is still considerable repair and cleaning out to be done, but progress is being made by the youths.

We feel somehow our increased year round recreational programs for the youth of all ages within the town has reduced the many so-called problems of waste and destruction. For the first time in many years we can report we have had but a minimum of vandalism to our various properties throughout the Town, which in many instances remain unused for many months during the year.

We continue the care and upkeep of Medfield's park and other properties under our jurisdiction as follows:

a. Baxter Park
b. Metacomet Park
c. Bakers Pond Park
d. Tennis court on Adams Street
e. Cpl. Stephen Hinkley Pond and Park, our swimming and skating areas.

We feel we have touched on many of our programs, we have others but our activities are increasing to a point where space does not permit us to report more. We wish to thank all residents of our Town for their support during this past year.

Respectfully submitted,

ROBERT H. LUKE, JR., Chairman
ROBERT W. MORRISON, Clerk
LOUIS L. DeSORGHER
BRIAN BYRNE
ED M. BAYLISS

REPORT OF THE BUILDING CODE COMMITTEE

To the Honorable Board of Selectmen and
Residents of the Town of Medfield:

The Building Code Committee held regular meetings each month in the Town House. At the January meeting Forest T. Wills was nominated and elected Chairman, Mr. Nicholas Laverghetta, Vice-Chairman, and Herbert B. Burr, Clerk. During the May meeting, due to the untimely death of our chairman, Mr. Wills, on February 15th, the Committee reorganized with the advancement of Mr. Laverghetta to the chair; Mr. Joseph T. Cunning, our new member, to Vice-Chairman, with the Clerk remaining the same. Mr. Francis J. Mastropieri was appointed as a new associate member. The Committee is very fortunate that the Selectmen appointed Mr. Cunning and Mr. Mastropieri as they are both well qualified in the field of construction.

In September, Joseph E. Ryan replaced Walter F. Reynolds, Sr., as Fire Chief, and as such became a member of the Building Code Committee. We appreciate the cooperation of these two representatives of the Fire Department.

The two articles submitted to the town meeting in March were approved by the voters, with the swimming pool article amended. Subsequently, they were approved by the Attorney General.

During the year, the Code Committee worked closely with the Board of Selectmen, Town Counsel, Plumbing, Wiring and Gas Inspectors in the interpretation of the Medfield Building Code.

During the year 1971 we anticipate working on amendments to the Building Code which will be sent to the Planning Board for their approval, and subsequently submitted to a town meeting for approval of the voters.

Respectfully submitted,

HERBERT B. BURR, Clerk
Committee:
NICHOLAS LAVERGHETTA
JOSEPH T. CUNNING
GEORGE T. JONES
CHIEF JOSEPH RYAN
FRANCIS J. MASTROPIERI

REPORT OF THE PLANNING BOARD

TO THE HONORABLE BOARD OF SELECTMEN:

The Medfield Planning Board hereby submits its annual report for the year ending December 31, 1970.

MEETINGS

The Planning Board held regular weekly meetings at the Town Hall.

In addition to the regular meetings, the Board members held sessions to work on revising the Zoning Bylaws. Also during the year there were meeting with the Board of Selectmen, Board of Health, Water and Sewerage Board, the Master Plan Implementation Committee and other Medfield boards and committees.

Saturday, Sunday and evening inspections were made by the Board members, occasionally with Superintendent of Streets, William E. McCarthy present, to inspect areas proposed for new subdivisions under development.

SUBDIVISIONS

Two new subdivisions were approved by the Board after following the legal procelure required for such approval; namely Camelot Lane, a six-lot subdivision off Granite Street, and Carol Ann Drive, an eight-lot subdivision off Flint Locke Lane.

A proposed subdivision entitled "Noon Hill Estates — Section II" was submitted to the Planning Board. To date a decision on the acceptance of the 104-lot subdivision has not been made.

A table is included showing subdivision lots approved for building, number of lots released during the year for building and the number of lots remaining in each subdivision to be built. The table runs from 1956 to date.

(See separate sheet for Table)

Portions of the following streets within the subdivisions were recommended to the Board of Selectmen for acceptance:

Tamarack Road	Lee Road
Flint Locke Lane	Snyder Road
Green Street	Oxbow Road
Cypress Street	Colonial Road
Curtis Drive	Blacksmith Drive
Spring Valley Road	Hutson Road

OTHER MATTERS

The Soil Survey, authorized by the Town of Medfield in 1969, was received from the Soil Conservation Service of the United States Department of Agriculture. This report is an extremely useful tool for the Town and will help insure Medfield's growth in areas most suitable for building.

The Planning Board has worked with the Board of Selectmen and State and County officials on the relocation of Route 27 and North Street.

The Master Plan Implementation Committee was put under the direction of the Planning Board by Town Meeting vote. The MPIC and the Planning Board have been working together on articles for the Town Warrant concerning the updating of the Master Plan, with emphasis on a Capital Outlay Program for the Town.

A program for the lowering of the water table in the Harding Estates and Kaymark Drive areas was embarked upon with the Norfolk Conservation District. The work which has been completed to date has resulted in a remarked improvement in the ground water level.

GENERAL

The Planning Board would like to express its appreciation to the many citizens, town officials and builders with whom we have worked during the year for their cooperation and assistance.

Requests for information and appointments may be obtained from the Planning Board Assistant, Mrs. John C. Willis, at either 359-8505 or 359-2726.

Respectfully submitted,

MEDFIELD PLANNING BOARD
Norman A. Gray, Jr., Chairman
Richard M. Ezequelle, Vice Chairman
William F. Rogers, Jr., Secretary
Robert A. Vanslette
F. Gordon Yarlott

ANNUAL REPORT OF THE BOARD OF SELECTMEN — 1970

On February 24, 1970, the Board paid tribute to retiring member, Walter M. Frank, who had tirelessly given his energies, time and talents to the service of the Town, not only as Selectman, but also as a member of the School Committee and Park and Recreation Commission. It was their privilege to honor him with a plaque.

On March 3, 1970, the Board reorganized as follows: Harry A. Kelleher, Chairman; Lawrence E. Abar, Clerk; and Weston G. Kolsti, third member.

In 1970, the Town continued to respond to the growth that it has been experiencing in recent years. The preliminary figures from the 1970 decennial census indicates that the present population of the Town of Medfield is 9,634. This is a 60% increase over the 1960 figure of 6.021. Between 1950 and 1960, the town's population grew from 4,549 to 6.021, an increase of 32.4% while over the previous twenty years (1930-1950), the town's growth was from 4,066 to 4,549, an increase of only 11%.

The census figures further show that the Town of Medfield is located in one of the most rapidly growing regions of the Metropolitan Boston Area. Our southwest region accounts for 17.5% of the total growth in the metropolitan area.

In spite of this rapid growth, Medfield has been fortunate that early in its growth, it established excellent zoning by-laws which resulted in well-planned development and a sufficient control on growth to enable the Town to keep pace with the increased need of municipal facilities and services.

This past year, we have seen a number of developments geared to enabling the Town to continue to keep pace with its growth. These changes have occurred in government structure, physical facilities and regional arrangements.

Two serious environmental problems were attacked in 1970; the conversion of the town dump to a sanitary landfill project and the initial step towards a new sewer facility.

The Annual Town Meeting in 1970 appropriated funds for the acquisition of an additional twenty-six acres of land to supplement the previous dump land as a sanitary landfill project, and in an other article, funds were provided for the necessary equipment and facility for this project. The garage for the sanitary landfill equipment has been completed and is now in use.

THE FACE OF THE PUBLIC DUMP BEFORE SANITARY LANDFILL INSTITUTED

The fact that these steps were taken by the Town made it possible for Medfield to comply with the Regulations for the Control of Air Pollution in the Metropolitan Boston Air Pollution Control District which went into effect on July 1, 1970. The sanitary landfill project of the Town was in operation before that date.

In early November, another feature was added to the sanitary landfill project when a facility was placed at the site for collection of papers. These papers are purchased by a paper company which recycles them. This process helps protect our natural resources in that the recycling of paper saves trees at a rate of 17 trees per ton of paper. In two months of operation in the Town of Medfield, this project has saved approximately 204 trees.

The October 1969 Special Town Meeting approved an article for an engineering study of the Town's sewerage needs and recommendations for meeting these needs. Based on the findings of this study, the Water & Sewerage Board recommended that the Special Town Meeting of November 16, 1970 appropriate funds for a new sewer treatment plant, upgrading of the present sewer system, and adding an additional 18,400 feet of street sewers. The Special Town Meeting approved this article for the new sewer system. The total cost of this system will be $4,900,000. The anticipated Federal and State aid will cover $3,003,000. of this cost, leaving the net cost to the Town of $1,897,000.

The November Special Town Meeting also approved an article providing for purchase of 72 acres of land in the vicinity of the proposed sewer site for conservation purposes. The anticipated State and Federal funds will provide the Town with seventy-five per cent of the cost of acquiring this land.

The renovation of the second floor of the Town Hall was completed and opened for use. The space presently provides office facilities for the Board of Assessors, the Board of Health, the Building Inspector, the Water & Sewerage Board and the Planning Board. It is also used for the meetings of numerous Town boards and committee.

The Board of Selectmen continued its policy of participating in various state and regional endeavors in behalf of the interests of the Town and its surrounding area.

The Board assisted in the development of the Southwest Area Selectmen's Coordinating Committee which we hope will foster better communication on problems which are common to all or some of the towns involved. This increased communication is essential since problems no longer are confined to municipal boundaries. The Coordinating Committee includes the Selectmen from eleven towns in the area bounded by Routes I-95, 182, 109 and I-495.

The increased population mentioned above in the area southwesterly of Boston is indicative of the present and future transportation difficultions for the area. Population and its trend upward in this area reflects the need for better transportation for the inhabitants which can be satisfied only by the construction of a new Route 109.

Progress was made, however, on Route 27 which is also vital to both the present and future traffic needs of the area. In April of 1970 a hearing was held in the Town Hall for public officials to view the plans presented by the Massachusetts Department of Public Works and to receive any comment or suggestion for change. On June 18, 1970 the first public hearing was held in the Dale Street School Auditorium, at which time and place opportunity was afforded for interested parties to view the plans and discuss the effect on adjacent property. A second public hearing was held in the Town Hall October 28, 1970. At that time, Associate Commissioner Robert S. Foster of the Massachusetts Department of Public Works informed the meeting that the project would be advertised in 1971 and construction started late in the year.

EXECUTIVE SECRETARY AND HIGHWAY SUPERINTENDENT ADMIRE NEW PAYLOADER

Photo by Kenneth McLean

Significant progress was made in improving the highways of the Town on a number of other fronts during the year.

A new, modern bridge at a new location was constructed over the Charles River at Dover Road, Millis and Bridge Street, Medfield to replace the old bridge which had been condemned.

The two towns, who worked together over a period of years, consider themselves fortunate in that State funds are very limited for this program, which is to replace substandard bridges that are not on route roads. Although the low bid for the project was $377,479.45, Medfield's tax rate was influenced only to the extent of a $6,000. appropriation. Traffic that has been using various other means to travel through Medfield are returning to the old pattern of using West Street because the bridge is now open.

Chapter 90 funds and the Town's share of a 1965 bond issue accumulated for several years now total $72,254. for Hospital Road reconstruction. The total funds that will be made available for 1971 will be $22,400., which will make the total available for construction $94,654.

Chapter 90 construction projects are based upon the State contributing 50% of the funds, the County 25% and the Town 25%.

The Massachusetts Department of Public Works has informed the Selectmen that this project will be worked up and advertised in 1971.

In 1968 the Planning Board, Board of Health and Board of Selectmen recognizing the high water table in the northerly part of town and its effect on new homes, consulted with the Norfolk County Soil Conservation District for a solution.

During 1969 the area was studied and recommendations made to the Town. The major recommendation was regrading to a lower elevation Hospital Brook which drained the area so that the water table would be dropped. A sixty inch cement pipe was installed under Hospital Road with Chapter 90 State Aid funds to accomodate the increased flow of storm water. Most of the work recommended in the study was completed in 1970. In 1971, the remaining items will be completed.

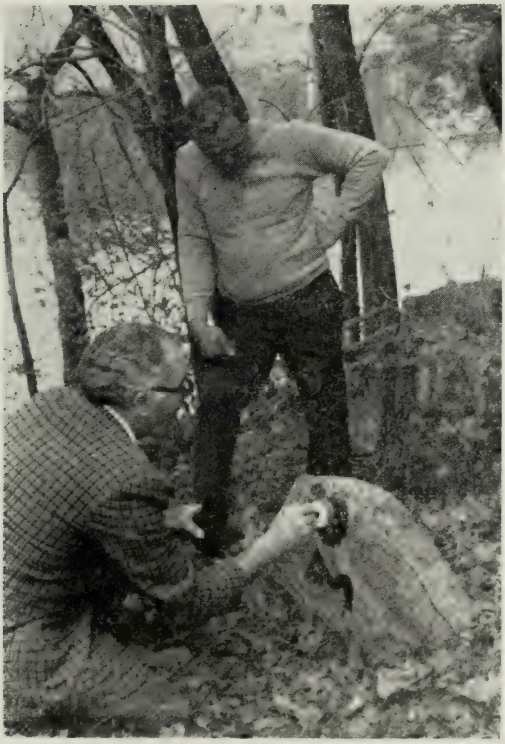

The construction of Elm Street from South Street to the Ralph Wheelock School was completed. Sidewalks were installed, berms and granite curbing laid and the finished surface applied. The Selectmen, in accordance with an overall street lighting plan for the Town, improved the street lighting on this street.

In 1962 the Town instructed the Selectmen to petition the County to relocate North Street between School Street and the Dover town line. A second hearing was held June 30, 1970 and the return was made by the Norfolk County Commissioners November 17, 1970 and recorded in the Registry of Deeds on December 2, 1970.

The combined vertical and horizontal curves on Green Street near Summer Street were improved by lowering the grade of the street. It is proposed in 1971 to resurface the section completed to date, and to install a sidewalk.

The Board of Selectmen requested the Norfolk County Mosquito Control District to review the brook that originates off Granite Street opposite Camelot Lane and flows northerly into Danielson's Pond. The Superintendent of the Norfolk County Mosquito Control District has reported that improvement of the flow can be accomplished, and thereby eliminate mosquito breeding area. The work on the brook will be completed in 1971.

CHAIRMAN OF BOARD OF SELECTMEN HARRY A. KELLEHER MARKS MEDFIELD-SHERBORN TOWN BOUND ON PERAMBULATION DAY

In fulfillment of their responsibilities under Section 2 of Chapter 42 of the General Laws, on May 16, 1970 the Selectmen perambulated the boundary lines of the Town with the Selectmen of contiguous communi-

ties. Monuments at the angle points and road stones were viewed and marked as required.

In August a search was made by canoe for a bound along the Charles River which marked the boundary between Millis, Norfolk and Medfield. A new bound was made for this location since the old bound which had been set in 1903 has apparently washed into the river. The new bound has been transported to the location by ski-mobile and will be set by the three towns when the weather is suitable.

In 1970, .68 mile of roadway was accepted by the Town making a total of 55.13 miles in Medfield.

In accordance with an article passed at the Special Town Meeting in November, the Board of Selectmen appointed Medfield's first Council on Aging, following a study group which established the need for such a Council.

On June 30, 1970, Walter F. Reynolds retired as Chief of the Fire Department after having served the Town since 1924 on the department. It was our privilege to present "Hindy" with a plaque noting his outstanding service to the community at a testimonial given in his honor in October.

The Selectmen voted to appoint Joseph E. Ryan as Chief of the Fire Department effective July 1, 1970. Chief Ryan has been with the department since 1946 and was promoted from the rank of Lieutenant.

The retirement of Nicholas N. Gugliotta from the Police Department was effective August 29, 1970. "Nick's" service dated back some 25 years. "Nick" was also honored by his many friends and co-workers at a testimonial in December, at which time we were pleased to have the opportunity to present him with a plaque for his meritorious service to the Town.

The Selectmen were also pleased to present the American Field Service Student, Guilherme Simos de Abreu from Brazil, with a key to the Town and honorary citizenship at the High School graduation.

The retirement of Charles Warren Keirstead from the office of Town Clerk on March 2, 1970, meant a loss to the Town of one of the most dedicated and competent public officials in its history. For thirty-three years, Mr. Keirstead performed his duties with thoroughness and accuracy, regardless of the difficulty of the task or the hour of the day.

That this outstanding performance was recognized by the townspeople is clear from the fact that year after year, Mr. Keirstead received more votes than any other candidate for any town office.

A testimonial was held in Mr. Keirstead's honor at which he was presented with a plaque which expressed the gratitude of the people of Medfield.

The Town Government Study Committee completed its work, and with the support of the Selectmen, sufficient signatures were obtained to place the Charter Commission on the 1971 ballot. If the Charter Commission is approved by the voters, the nine members of the Commission will be recommending a Charter for the Town at the 1972 election.

The Town's first Executive Secretary, Frederick C. Conley, was appointed by the Board of Selectmen. Mr. Conley will represent the Selectmen in providing full-time administration of town affairs and long range planning for town services and facilities.

The Board of Selectmen deeply appreciate the cooperation which they received from all Town boards and committees. We are indeed very fortunate to have so many dedicated people who work tirelessly in our mutual interest for the betterment of the Town of Medfield and its inhabitants. The various civic organizations should also be thanked for their generous contribution of time and effort in their participation in public affairs.

Respectfully submitted,

HARRY A. KELLEHER, Chairman

ANNUAL

TOWN

ELECTIONS

MARCH 9, 1970

ANNUAL TOWN MEETING FOR THE ELECTION OF OFFICERS

March 2, 1970

Pursuant to the foregoing warrant, the meeting was opened at 6:00 A.M. by the Town Clerk with the reading of the warrant through Article 1. The ballot box had been previously checked and found to be in good working order, a corrected voting list displayed and instructions to voters and specimen ballots posted within the polling place. The following persons were sworn in and assigned to their duties: Mary Mair Etienne and Alice Ripley distributing ballots and checking at the entrance; Beatrice Bangs and Anne Donlan checking at the Ballot Box and Clara Denucci, Warden and Thomas Clancy, Deputy Warden, in charge of the Ballot Box; Charles W. Keirstead, Clerk and Marie Burke, Deputy Clerk. The tellers for the counting of ballots after the polls were closed were Evelyn Gronberg, Norma Heyman, Mary Mair Etienne, Alma Richards, Jane Timmerman, Edna McGlynn, Edward Harding, Beatrice Bangs, Susan Breed, Lorraine Ricci, Elizabeth Ekstrom, Elizabeth Ippoliti, Mary Hazel, Phyllis Ganley, Louellen Walsh, Donald Harding, Florence Roberts, Reigh Porter, Mary Lovell and Gloria Morris.

The polls were declared closed at 8:00 P.M.

The total vote cast was 1779 of which 1773 were cast in person and 6 by absentee ballot. This was about 48.5% of the 3702 registered voters.

After the final tabulation was made, the results were announced as follows:

CHARLES W. KEIRSTEAD

Town Clerk

WARRANT

For

Town of Medfield

ANNUAL TOWN MEETING

1971

TOWN OF MEDFIELD
WARRANT FOR ANNUAL TOWN MEETING
COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs to meet at the Memorial School, in said Medfield, on Monday, the first day of March A.D., 1971 at 6:00 o'clock A.M., then and there to act on the following articles:

ARTICLE 1. To choose all town Officers required to be elected annually by ballot, viz:

One Moderator, One Town Clerk, One Selectman, all for one year.
One Selectman, One Assessor, Two Trustees of the Public Library, One Collector of Taxes, Two Members of the School Committee, One Member of the Board of Health, One Cemetery Commissioner, One Member of the Water and Sewerage Board, Two Members of the Park Commission, all for three years.
One Member of the Planning Board and one Member of the Housing Authority for five years.

QUESTION OF ADOPTING A CHARTER

If the vote on the question submitted is in the affirmative, the nine candidates receiving the highest number of votes shall be declared elected.

"Shall A Commission be elected to frame a charter for the Town of Medfield?"

YES ☐
NO ☐

Nine members of Charter Commission as provided in the Constitution and General Laws.

The polls will be opened at 6:00 o'clock A.M. and shall be closed at 8:00 o'clock P.M.

On Monday, the eighth day of March A.D. 1971 commencing at 7:30 P.M., the following articles will be acted on at the Amos Clark Kingsbury School Gymnasium in said Medfield, viz:

ARTICLE 2. To see if the Town will vote to accept the reports of the several Town Officers for the past year.

ARTICLE 3. To see if the Town will vote to appropriate sums of money requested by the Selectmen or any other Town Officer, Board, Commission and Committee to defray operating expenses of the Town for the current year or such other sums as the Town may determine and to fix the salary or other compensation of all elected officers of the Town as required by General Laws, Chapter 41, Section 108, or do or act anything in relation thereto.

ARTICLE 4. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue for the financial years beginning January 1, 1971 and January 1, 1972, in accordance with provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17, or take any other action relative thereto.

ARTICLE 5. To see if the Town will authorize the Collector to use all means in the collection of taxes as the Treasurer might if elected to that office.

ARTICLE 6. To see if the Town will vote to amend the Classification of Positions and Pay Schedules of the Personnel Administration Plan so that it reads as follows:

Medfield-Norwood Mental Health and Retardation Area Board

The Medfield representative to the Medfield-Norwood Mental Health and Retardation Area Board, Department of Mental Health is Mrs. Charles W. Johnson (Norine) 55 Saw Mill Lane, 359-4065. Area Boards consist of citizens appointed by the Governor of the Commonwealth to help develop plans and generally supervise the comprehensive delivery of services needed for the mentally ill and retarded in their specific area and particularly for citizens of their town.

DEPARTMENTAL REPORTS

FOR THE YEAR ENDING DECEMBER 31, 1971

ANNUAL REPORT OF THE BOARD OF SELECTMEN

TRANSITION

On January 8, 1971, Lawrence E. Abar resigned from the Board after three years of service to the Town as a Selectman. His resignation was noted with deep regret by the Board who commended him as an outstanding public servant.

SELECTMEN PAY TRIBUTE TO FORMER SELECTMAN ABAR

Photo by Frank Simonetti, Jr.

On March 2, 1971, the Board of Selectmen reorganized with Harry A. Kelleher as Chairman, Weston G. Kolsti as Clerk and Joseph L. Marcionette as third member.

On May 25, 1971, the three members of the Board of Selectmen met with four members of the School Committee to fill the vacancy on the School Committee which was created by the resignation of Denis Robinson. Arthur L. Lomker was unanimously elected to fill that office.

On June 29, 1971, the three members of the Board met with two members of the Park and Recreation Commission to fill a vacancy on the Park and Recreation Commission due to the resignation of Louis Lee DeSorgher. Warren E. Sheard was unanimously elected to that office.

In 1971, the Board appointed four new members of the Town's Police Department. Richard D. Bishop, Raymond J. Wheeler and Robert D. Roy were appointed on June 29, 1971 and Ronald E. Kerr on September 28, 1971.

TRIBUTE PAID

The Selectmen proclaimed April 30, 1971 Maude S. Washburn Day to pay tribute to her for faithful and dedicated service as an educator and administrator in the Medfield School Department.

On May 4th the Selectmen spoke with sadness of the passing of Marion Henderson, who was a trusted and dedicated citizen of the Town. Mrs. Henderson was one of the founders of the Home Committee, as well as an elected official.

At their meeting on June 1, 1971, the Selectmen noted with sadness the sudden passing of former Selectman John J. O'Keefe who had been a dedicated public servant.

At their meeting on October 12, 1971, the Selectmen expressed sorrow and deep regret at the passing of Charles C. Cain. Mr. Cain made outstanding contributions to the Town in many capacities. He was a member of the Planning Board from 1951 until 1968 and served the Town well through his position as County Engineer.

EVENTS OF NOTE IN 1971

In 1971, .42 miles was added to the Town's total road mileage, making the total for the Town 55.55 miles of roadway accepted by the Town.

The Board of Selectmen completed the microfilming of the Town Clerk's records which was approved in Article 32 of the Annual Town Meeting of 1971.

On May 18, 1971, the Board of Selectmen signed the collective bargaining contract with the Medfield Police League, covering the period July 1, 1971 until June 30, 1973.

At a hearing conducted by the Norfolk County Commissioners, the Board of Selectmen were recorded in favor of the County layout of that portion of North Street which is not included in the new North Street layout. This action was necessary in order that this section of Town road remain a public way.

At their meeting on August 28, 1971, the Board of Selectmen voted to approve the recommendation of the Massachusetts Department of

Public Works that South Street from High Street to Route 109 be made eligible for funding under the new federal Urban Systems Highway Program.

On September 18, 1971, the Selectmen from Medfield and Millis perambulated a new witness mark which was set by the Norfolk County Commissioners' Office. This witness mark, which delineates the boundaries between the Towns of Norfolk, Medfield and Millis, replaces a previous witness mark which is believed to have washed into the river during flood time. The absence of this witness mark was discovered during the 1970 preambulation of the Town bounds required by the Massachusetts General Laws.

On October 26, 1971, the Board of Selectmen brought to completion Medfield's transition from an open dump to a sanitary landfill by approving with the Board of Health rules and regulations for the operation of the Town's landfill.

On November 30, 1971, the Board of Selectmen submitted to the Norfolk County Commissioners a petition for the relocation of Dale Street between the proposed new Route 27 and North Street. The purpose of this relocation is to adjust this street to the new Route 27, to be constructed under the Massachusetts Department of Public Works.

The Board of Selectmen received from the Town Garage Committee a report stating that a new town garage is necessary at this time for the economical and efficient function of the highway and water departments. It is also estimated that this facility would reduce vehicle maintenance costs for other town departments. Significant increases in the area available for parking in the center of Town will be created by the moving of Town equipment and vehicles to a new garage.

CRUCIAL YEARS

The fact that the Medfield equalized tax rate increased from $38.00 in 1969 to $41.90 in 1970, an increase of 10%, and increased to $50.60 in 1971, an increase of 22%, is only one of the many indications that the next ten to twenty years may be the most crucial years in the financial history of Medfield.

The financial crisis in which the Town presently finds itself is caused by some factors which are affecting local governments throughout the Commonwealth and even throughout the nation, and by some facts which are unique to Medfield and towns that are at similar stages in their growth.

The financial crisis, however, is not unique to Medfield. The equalized tax rate for the Commonwealth as a whole in 1971 was $59.70, which was $9.10 higher than the Medfield equalized rate of $50.60.

The factors creating this crisis are many:

1. Heavy Reliance on Property Tax
2. Inflation
3. Increased Complexity
4. Ecological Demands

1. Heavy Reliance on Property Tax

The Master Tax Plan Commission reported that in 1968 property taxes in Massachusetts amounted to 53% of the total State and Local Tax Levy, while the average for all other States was 40%.

The Legislature in Massachusetts limits local taxation to the property tax and the motor vehicle excise tax, but laws continue to be passed which establishes salaries of municipal employees and otherwise impose additional expenditures on cities and towns. Such legislation not only creates large financial impacts on municipal budgets but also leaves local officials and voters responsible for a smaller and smaller portion of the local budget.

At the same time that such legislation is being passed, less revenue is coming to municipalities from the State. On the 1971 cherry sheet, State assessments against Medfield rose by $30,000. from 1970 while State grants decreased by $30,000., leaving a total impact of $60,000. or $1.00 on the tax rate in 1971.

2. Inflation

The inflationary spiral which has had its impact on all sectors of the economy has contributed to increasing tax rates as well.

3. Increasing Complexity of Society

The urbanization of society has meant an increased complexity in the problems which must be dealt with by municipal government. These problems require more sophisticated and usually more expensive solutions.

4. Ecological Demands

With the increased awareness of the impact which our actions have on the environment, and in turn, of the impact which the environment has on human life, there is a greater necessity of considering methods of service which are initially more costly, but in the long run, their damage to the economy is less.

All of these factors have had an impact on the financial problems of the Town of Medfield. Their impact is intensified in towns such as Medfield in that the rapid growth rate in the Town has required a response to a number of these problems at the same time. As a Town grows rapidly, there is a dramatic change not only in the quantity but also the type of service which must be provided.

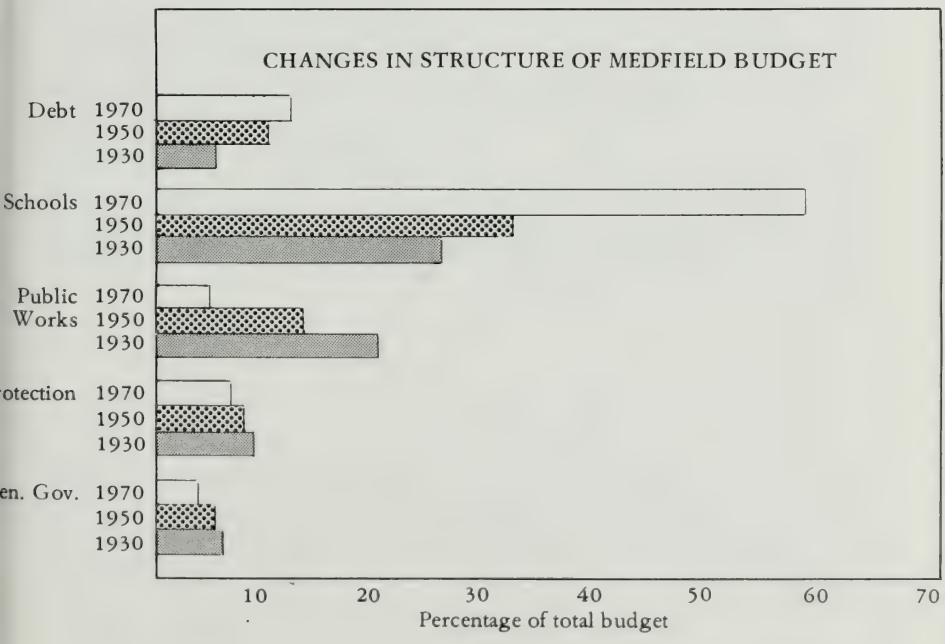

When the population of the Medfield State Hospital is excluded, the population of the Town is seen to be even more dramatic than official census figures would indicate. This growth has mainly taken place in recent years.

Population Increases in Medfield

Year	Population	Increase	% Increase
1930	2,018	615	30
1950	2,633	1,877	71
1960	4,510	4,671	101
1970	9,181		

The population of the Boston Metropolitan area increased by 7.8% and during the same time period, the population increase of the Southwest region of the Metroplitan Area was 32.6%.

Not only the magnitude of a municipal budget but also the structure of the budget changes as a town grows as shown by the following graph.

The solution to this complicated and urgent problem must have many components. The Board of Selectmen believes that the following are necessary elements in any sound approach to the financial crisis facing the Town:

1. A programmed approach to all expenditures
2. Federal Revenue Sharing
3. Municipal Home Rule
4. Regionalization
5. Expansion of the local property tax.

1. Financial Program

One of the first responsibilities of Town officials and citizens is to exercise economy; we cannot afford the mistake of failing to carry through on projects which are necessary and whose costs will greatly escalate with delay.

If the Town is to continue to respond to the increasing service demands while exercising restraint on expenditures, an analysis of priorities and a planned program are necessary. The Selectmen, therefore, supported the updating of the Town's Financial Impact Study and Capital Improvements Program and assigned the Executive Secretary to work closely with the consultant in its preparation. This plan will now be updated by the Selectmen's Office on an annual basis.

2. Federal Revenue Sharing

If the ever increasing service needs of local communities are to be met, a larger share of the national tax dollar must be channeled in these areas. It will not be sufficient, however, simply to increase the amount available under the present federal programs. Such an approach would maintain the system by which the Federal government determines local priorities and for which an elaborate and expensive beaurocracy is required.

The Board of Selectmen joined with the Massachusetts Selectmen's Association, the Massachusetts League of Cities and Towns, and the Massachusetts Mayors' Association in supporting Federal Revenue Sharing. The Board will continue to place before the congressional leaders the need to allocate a larger share of the Federal tax dollar to the service needs of local government in some form of general revenue sharing program.

Although the proper method of channeling funds to local service needs is some form of revenue sharing which provides local communities with the necessary power of setting their own priorities, the Board has made every effort to take advantage of the Federal and State Programs which are available to provide services to the Town with Federal and State rather than local funds.

In 1971, the Town received $199,000. from the Division of Water Pollution Control for the final plans for the sewer project. The Town is already assured of most of the other Federal and State funds for this project.

SELECTMEN SIGN CONTRACT FOR SEWER ENGINEERING WHILE WATER AND SEWERAGE BOARD LOOK ON

Photo by Frank Simonetti, Jr.

The new Route 27 will be built in 1972. This project is estimated to cost $2,000,000., all of which will be Federal and State funds.

The Town was fortunate in having the services of Mr. Stephen Ross of Framingham during the summer months of 1971. Mr. Ross was a government intern who worked on the capital improvements program and whose salary was paid by the Massachusetts Department of Community Affairs.

STEPHEN ROSS, SUMMER INTERN, AND EXECUTIVE SECRETARY CONLEY CONFER WITH SELECTMEN

Photo by Frank Simonetti, Jr.

The Town has recently acquired two employees under the Federal Emergency Employment Act of 1971. Mr. Edward P. Gavin of Millis is working as Civil Engineer and aiding the Town with a number of surveying and engineering projects. Mrs. Jean Raffin of Medfield is working as a clerk in the Police Department. The salaries of these two positions total $16,350. and are entirely paid by the Federal Government.

In 1972, Hospital Road will be reconstructed under Chapter 90 of the Massachusetts General Laws. The total cost of this project is estimated to be $106,569., of which the Commonwealth will contribute $61,125. and Norfolk County will contribute $22,722.

3. Municipal Home Rule

Throughout 1971, the Selectmen were in constant contact with our representatives in the Legislature and with the Governor's Office in an attempt to show them the urgency of financial crises of cities and towns and urging them to reject any legislation which imposed additional costs on municipalities.

The 1971 session of the Massachusetts Legislature passed one bill which aided the local fiscal situation. Chapter 1010 of the Acts of 1971 increased State Aid to local school building projects. This legis-

lation was first proposed to the General Court by Walter Frank while he was a member of the Medfield Board of Selectmen. But Chapter 1082 of this same session directed municipalities to pay all Police Chiefs' salaries based upon specific ratios above the salary of the highest paid patrolmen. This act has a dramatic financial impact on municipalities, violates the principles of the state-mandated collective bargaining, disrupts the personnel plan of the towns, and further reduces fiscal accountability of local officials.

In 1971, the citizens of Medfield voted to elect nine commissioners to write a Home Rule Charter for Medfield. The Board of Selectmen has supported this effort from its inception. On December 28, 1971, the Board of Selectmen formally received the final draft of the proposed new Home Rule Charter for Medfield. This Charter will be distributed to all residents of the Town and shall be on the ballot on March 6, 1972. Although principle cities and towns should have home rule charters, there is a practical urgency in towns which are growing as rapidly as Medfield. This rapid growth not only requires an examination of the structure of government which is the task of the Charter Commission, but the existence of the charter gives to the town the means of changing its structure from time to time as change in service needs dictate. Without a home rule charter, many such changes would require the approval of the Massachusetts Legislature.

CHARTER COMMISSION CHAIRMAN FREDERIC C. TEMPLE PRESENTS PROPOSED CHARTER TO SELECTMEN.

Photo by Frank Simonetti, Jr.

4. Regionalization

The Board of Selectmen has engaged in regional activities which are laying the foundation for future regional solutions to local service problems. We have been active in the Metropolitan Area Planning Council and in the study the Southwest Area Selectmen's Coordinating Committee of the possibility of a regional solid waste disposal system.

In the coming year, the Board will make efforts to take advantage of the new legislation allowing for regional purchasing arrangements.

In spite of their recognition of the need to engage in regional activities, the Board has joined with thirteen cities and towns in filing legislation to remove the Town from the Massachusetts Bay Transportation Authority. This system has failed to provide specific service for Medfield while its financial burden for the Town has become intolerable.

GROWTH IN MBTA ASSESSMENTS IN MEDFIELD

Year	MBTA Assesment	% Increase	Impact on Tax Rate
1971	$44,300.00	113%	$0.73
1970	20,702.00	234%	0.34
1969	6,799.36	560%	0.11
1968	1,045.27	49%	0.02
1967	702.32	--	0.01

5. Expansion of the Tax Base

Almost 95 percent of the present real estate valuation in Medfield is composed of residential or undeveloped land. Only about 1 1/2 percent of that valuation is composed of industrial development. This situation places a great burden on the owners of residential property in Town.

The Board has been informed that new Route 27 will be constructed in 1972. This new highway will provide access to the Town's present industrial area. With the combination of this new highway and the new sewer lines which will go near this land, there is reason to hope that this land will be attractive to new industry and thus provide a broader distribution of the tax burden.

None of these activities of the past year provide a solution to the present financial crisis facing the Town. Each of them, however, represents progress in those areas in which solutions will ultimately be found.

The Board will continue to strive to advance the Town in these directions. These efforts must always attempt to strike a balance between making changes to meet the Town's new problems and preserving the essential character and tradition of the Town.

Respectfully submitted,

HARRY A. KELLEHER. Chairman
WESTON G. KOLSTI, Clerk

REPORT OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen:

I hereby submit my annual report as Fire Chief for the year ending December 31, 1971.

Patrolling of business & industrial areas is being done daily, which keeps the fire hazards down.

Inspections and fire drills are held quarterly in all schools, the nursing home and State Hospital.

Training with audio film during winter months and hose layouts, ladder, pumping drills during summer months keeps my men informed in all phases of firefighting.

One firefighter attended a two-day Seminar at Walpole and a thirty-seven hour course at the Massachusetts Fire Academy in Lakeville, Mass.

Two new street boxes and the nursing home have been added to our Fire Alarm System.

Fire prevention programs were held in the elementary schools and Fire Station during Fire Prevention Week.

The department equipment is satisfactory, but when older equipment breaks down parts are not easily found. I know this is the year to start replacing apparatus so will be asking for money to purchase a new pumper and chassis for the forest truck.

The services rendered during 1971 are classified as follows:

Buildings	22
Brush and Grass	55
Automobiles and Trucks	12
Rubbish	4
Gasoline Washdowns	3
Highway Accidents	8
Chimney	1
Mutual Aid	8
Outside Assistance	3
False Alarms	10
Cat in tree	2
Lock out	2
Electrical	8
Oil and Gas Burners	5
Still Alarms	25

Pumping Cellars	3
Station Duty	8
Dryers	3
Ovens	4
Alarms by phone	133
Burning Permits up to July 1	174
Blasting Permits	35
Model Rocket Permits	13
Oil Storage Permits	43
Investigations	62
Inspections	473

I would like to extend my sincere thanks for the cooperation of the officers and men of the department, members of the Police department, secretaries in the Town office, building and gas inspectors, fire alarm operators and all other Town Departments.

I would also like to extend my sincere thanks for the cooperation of the townspeople on the no outdoor burning ban that went into effect July 1.

Respectfully submitted,

JOSEPH E. RYAN
Fire Chief

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen:

I hereby submit the Annual Report of the Medfield Police Department for the year ending December 31, 1971.

Accidents reported	180
Persons killed in motor vehicle accidents	2
Ambulance trips	153
Arrests	103
Assaults	11
Accosting	4
Assistance:	
Other Departments	231
Motorists	164
General	208

Automobiles:	
Removed from highway	7
Reported Stolen	10
Stolen motor vehicles recovered	8
Citations issued	733
(131 warnings, 571 summons, 31 arrests)	
Suspensions or revocations of licenses	25
Bomb Scares	1
Breaking and entering	38
Attempted breaking and entering	12
Burglar alarms answered	402
Civil matters and family problems	91
Closed homes checked	522
Court attendance	411
Disturbances	16
Doors found unlocked or open	134
Windows found unlocked or open	73
Intoxicated persons	13
Emergency calls	137
Fires responded to by Police	95
Put out by Police	8
Funeral Escorts	21
Indecent Exposure	1
Indecent assault and battery on child under 14	1
Rape	1
Investigation for miscellaneous complaints	1843
Investigations with other departments	54
Larceny:	206
Under $50.00	90
Over $50.00	54
Bicycles	52
Motor Vehicles	10
Lost children reported	6
Located by Police	1
Malicious destruction to property	183
Missing patients reported	148
Returned by Police	42
Missing Persons Reported	46
Located by Police	30
Messages delivered	90
Permits issued:	
Firearms dealer (Ammunition-2: Gunsmith-1)	3
Firearms ID Cards	39
Pistol Permits	97
Bicycles registered	223
Property reported lost	85
Lost property turned into Police	153
Prowlers	35

Prison Breaks Covered	3
Street lights reported out by Police	118
Power failures	15
Summonses served	209
Suspicious Motor Vehicles reported	163
Suspicious Persons reported	106
Suspicious Phone Calls reported	75
Wires Down	14
Sudden deaths investigated	6
False Alarms Investigated	9
Committments to State and VA Hospitals	6

During 1971, four persons were appointed as full-time patrolmen to the department. Richard D. Bishop of Norwood, Robert D. Roy of Sherborn, Raymond J. Wheeler of Wrentham and Ronald E. Kerr of Norfolk. Harry Tominey resigned on June 18. We still have one vacancy for Patrick Clancy who is on military leave to the US Army, and two permanent vacancies. A recent court ruling prevents hiring any more permanent men until after a new Civil Service exam is held.

Mrs. John Raffin of Medfield was hired as Secretary in November under a federally-funded program. Many hours of work by Officers and the Chief have been saved by the hiring of Mrs. Raffin. Files are being set up so that the department will operate in a more efficient manner.

We now have a Chief, 2 Sergeants, 11 Patrolmen and a Secretary. There are 9 School Traffic Supervisors. During the year Mrs. Nyren and Mrs. Cruickshank resigned, and Mrs. John Mahoney and Mrs. John Johnson were appointed to replace them.

All four newly-appointed men are attending schools on their own time. Officers Roy, Wheeler and Kerr enrolled in the Police Science Institute at Dean Junior College. Officer Bishop is attending Northeastern University. Sgt. Iafolla and Officer Brady are in their third year at Dean.

Chief Mann attended the New England Police Institute at Babson College for two one-week courses on Police Budgets and Police Communications. Officers Brady and Garvey attended fingerprint school, and advanced fingerprint schools conducted by the FBI. Officer Garvey attended Identification School conducted by the Smith & Wesson Co. The Drug Identification School conducted by the Attorney General and the Massachusetts State Police was attended by Officers Ripley, Knowles, Naughton, Bishop, and Wheeler. In-service training has been conducted for 2 hours per week for several weeks, covering all phases of Police work, and will continue in 1972.

During the year, many hours were spent in investigating drug abuse, and in attempting to prevent drug abuse among our young people. In conjunction with this, Chief Mann and Narcotics Officer Garvey have held several drug discussions with various groups such as Girl Scouts, Boy Scouts, 4H, CCD Classes, etc. Films have been shown at the High School for those students wishing to see them. I feel we have helped to keep the problem down somewhat. This is not to say there is no problem in Medfield, but the best way to minimize it, in my opinion, is through education in the pre-teen age group, and the education of the parents.

Office Brady, as Juvenile Officer, has kept in close contact with the school officials, and has aided children and parents through some trying times.

Though our crime incidence in a lot of areas did not increase sharply, our number of arrests rose from 43 in 1969 to 67 in 1970 and to 103 in 1971. The number of court appearances by our Officers rose from 146 in 1969 to 277 in 1970 to 411 in 1971. These figures show more diligence and efficiency, and are partly the reason for our town not showing a sharp rise in the rate of crime, along with some other communities in Massachusetts. Many hours of investigating were required in solving some of these crimes and preparing for the trials.

By sending Officers to fingerprint schools conducted by the FBI, we are able to do our own investigations from the beginning by searching crime scenes for latent fingerprints. We have a fingerprint file started, and it will be helpful in solving future crimes, as well as possibly solving cases from past years. We no longer find it necessary to call outside sources to lift fingerprints, as we have had to do in the past.

In order to get the best possible evidence in this regard, I am requesting a fingerprint kit and a Speed Graphic Camera in 1972.

During 1971, our cruisers were driven a total of 130,475 miles, and our maintenance costs soared. We must purchase two new cruisers yearly to keep maintenance costs down. I still recommend the purchase of a third car. Many times we must take a cruiser to court or elsewhere on official police business, leaving only one cruiser to cover the town. Our number of motor vehicle citations increased from 268 in 1969 to 540 in 1970 to 733 in 1971. This is mostly from constant use of the radar on major roads. Nine persons were arrested for operating under the influence of alcoholic beverages; 18 for operating negligently; and 14 for using motor vehicles without authority. The latter 14 were all apprehended by Officer Ralph G. Knowles.

Our radios purchased in 1970 and delivered in 1971 have been a

great aid to our routine police duties, and have made the town more secure as we are able to summon many towns and cities in the event of a crisis, and, by the same token, are kept aware of serious crimes committed in other communities.

During the late part of 1972 or early 1973, the New England Telephone Company plans to install equipment in Medfield to allow the Emergency Telephone Number 911 to function in Medfield. In conjunction with this, I recommend that the Fire Department Alarm transmitter be moved to the Police Station. When put into service, the people of Medfield will be able to dial 911 for any type of emergency.

We must think of a new Police Station. We have inadequate space for booking, interrogating and normal daily routine work. Our cells are not approved for juveniles or females, and are, in fact, outdated for safe detainment of any person. Medfield has one of the poorest Police Stations in the area.

I am requesting an additional man to be appointed to the Police force this year. This is necessary in order to free an officer for full-time investigation work. With routine duties taking most of the officers' time, many investigations are conducted by officers on overtime, as it is necessary that an investigation be continued without interruption once it has started.

During 1972, the four Officers appointed in 1971 must attend Basic Police School for eight weeks each, and by state statute, in-service training will be conducted on a regular basis. I hope to be able to continue sending Officers to Drug Investigation schools, also.

I wish to thank the Lions Club who furnished us with two Safety Films through their Community Service Program.

I also wish to thank the members of the other Town Departments for their assistance, and especially the town hall secretaries for their help in 1971.

WILLIAM H. MANN
Chief of Police

REPORT OF OPERATION OF TOWN AMBULANCE

We hereby submit the Annual Report for the Operation and Maintenance of the Town of Medfield Ambulance for the year ending December 31, 1971:

Ambulance trips made in 1971	153
Budget expended in 1971	$3,407.27
Insurance coverage	97.07
Total amount billed for 1971 trips	2,560.00
Outstanding bills for 1971	1,008.00
Outstanding bills for 1970	340.00
Total outstanding bills	1,348.00

Respectfully submitted,

HARRY A. KELLEHER, Chairman
WESTON G. KOLSTI, Clerk
JOSEPH L. MARCIONETTE
Board of Selectmen

REPORT OF THE CIVIL DEFENSE DEPARTMENT

To the Honorable Board of Selectmen:

Nineteen Seventy-one has been another active year for this Department. While international tension has not been high, the need for civil preparedness continues.

The possibility of a natural or man made disaster, or a nuclear accident is ever present. A class of Radiological Monitoring was held in cooperation with the Fire Department and 23 persons were certified by the State.

First Aid classes have been sponsored for Fire, Police and lay groups to maintain skills, teach new techniques and train others to provide emergency assistance for themselves.

Monthly tests are conducted, unannounced, by the Federal Government to check our ability to receive warnings through the National Alert Warning System.

Annual Program papers and semi-annual progress reports are prepared for both State and Federal Civil Defense Agencies. The approval of these reports allow us to continue participation in the State

Surplus Property Program. This year the Town has received approximately $33,000.00 in supplies and equipment for the expenditure of $300.00. These supplies and equipment are distributed to the Civil Defense and other Town Departments for their use while upgrading our survival capability.

I wish to thank the many volunteers who make our Department function, and without whom, it would not exist. My thanks also to office staff at the Town Hall, the Fire and Police Chiefs and Department Heads for their cooperation.

Respectfully,

AUSTIN C. BUCHANAN
Director

REPORT OF THE SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen:

Gentlemen:

The report of the Superintendent of Streets for the year 1971 is hereby respectfully submitted.

For the past fifteen years, the Street Department has operated according to a fiscal as well as a physical plan for the public ways of the Town.

The extremely rapid growth of the Town during this time period made many of the streets inadequate for the amount of traffic which was using them. When this kind of situation occurs, the maintenance problem increases greatly.

The response to this problem in Medfield has been two-fold:

(1) Continued attention to the primary responsibility of the Department, maintaining Town streets.

(2) Constructing more permanent surfaces in Town streets which require little or no maintenance.

By utilizing available man hours and by small appropriations, the Department has been able to reduce part one of this program. If the Department had not carried on a gradual reconstruction program, the

FINE EXAMPLE OF TOWN HIGHWAY DEPARTMENT WORK ON GREEN STREET.

Photo by Frank Simonetti, Jr.

cost of the present maintenance problem would require a department much larger than the present department and it would require the total attention of that department.

During 1971, permanent progress was made by permanent surfacing 2700 feet of Green Street. This section, which was in part a gravel road and the remainder inadequately constructed, will now require a minimum amount of maintenance for many years. The time formerly spent in maintaining only the status quo of this section can be applied more advantageously to improvements on other streets.

An additional section of Green Street is in the process of being laid out by the Selectmen but funds for construction will not be requested until the sewerage is installed in 1972 or 1973.

Route 27 southerly which involves primarily High Street was reconstructed between 1955 and 1962 under the Chapter 90 program. This 8500' section of route road now requires maintenance work.

Streets originally constructed with Chapter 90 funds are eligible for Chapter 90 maintenance.

In 1971, the Town appropriation of $1500 was matched by the same amount by the County and State, making a total of $4500 available for applying one inch of bituminous mix.

Twenty-five hundred feet of resurfacing was done in 1971 and the program is projected for three more years until it is completed; this type of work does not involve many man hours other than preparatory items in that the surface is applied on a contract basis.

Chapter 81 is another State Aid Program whereby the State contributes $275 per mile and the Town $150 per mile. The primary use of this mutual program is preparing and sealing older streets.

Streets or sections of streets sealed in 1971 were South Street, Granite Street, Noon Hill Street, High Street, Cross Street, Pine Street, Nebo Street, Causeway Street, North Street, Millbrook Road, Philip Street and Dale Street.

When this program is formulated in the early spring, other concerned departments and public utilities are notified so that work can be coordinated.

During 1971, the Street Department as other departments cooperated with the Master Plan Implementation Committee by supplying

information which is incorporated in the Financial Impact Anaylsis and Ten-year Capital Improvements Program.

Respectfully submitted,

WILLIAM E. MC CARTHY
Superintendent of Streets

REPORT OF THE WATER AND SEWERAGE BOARD

To the Honorable Board of Selectmen:

	1970 Actual	1971 Actual	1972 Estimate
Total Services	2,175	2,189	2,239
New Services	125	14	50
Thousand Gallons pumped	262,321	296,112	326,000
Thousand Gallons sold	195,091	237,887	261,700
Water sold	$125,277	$130,355	$143,391
	Departmental Operating		
Expenses	$ 55,251	$ 60,839	$ 70,254
Debt Services:			
Smith Station & Wells	$ 41,901	$ 35,775	$ 34,725

Town water consumption during the past year on peak days surpassed the total production capabilities of two of our three well sites. The Town population, having increased as it has, the time has come to consider additional well facilities in order to meet increased domestic usage and provide adequate fire protection without any need to curtail usage during the summer months.

We are therefore asking the Town to provide a sum of money to allow test borings and engineering this year preparatory to the construction of a new well(s) in the immediate future.

Respectfully submitted,

JOHN D. WILLIAMS, Chairman
HARRY R. LEIGHTON
JOHN C. WILLIS, Clerk

OFFICE OF WIRING INSPECTOR

To the Honorable Board of Selectmen:

I hereby submit my report as Inspector of Wires for the year ending December 31, 1971:

Permits Issued	202
Inspections made	324
Income from Wiring Permits	$2,025.00
Department Expenses	$2,156.17

At this time I would like to thank the girls at the Town House, other inspectors and departments for their help and cooperation during the year.

Respectfully Submitted,

JOSEPH F. ERSKINE
Inspector of Wires

OFFICE OF VETERANS' SERVICE

To the Honorable Board of Selectmen:

I hereby submit my report for Veterans' Benefits Assistance and Veterans' Services for the year ending December 31, 1971.

The case load of Veterans receiving ordinary assistance increased from 18 in 1970 to 20 in 1971. Our budget increased from $25,000 as authorized by town meeting to $26,200 to satisfy Veterans and their dependents' needs.

The following is a breakdown of service and assistance rendered Medfield Veterans and their dependents as authorized by the Commissioner of Veterans' Services:

Veterans' Benefits:

This assistance includes food, clothing, fuel, and medical expenses for Veterans and their dependents which the state reimburses to the community.

Application for Ordinary Assistance	30
Benefits Administered	20

MEMORIAL DAY 1971

Photo by Frank Simonetti, Jr.

Veterans' Services:

This Program is designed to orient and educate the veteran with regard to Federal and State programs of Assistance and direct them toward the institutional programs.

Hospitalization	30
Education	35
Veteran Bonuses	120
Insurance	20
Burial Allowance	40
Compensation	30
Civil Service	25
Vocational Rehabilitation	35
Social Security	40
Pension Assistance	56

We encourage all community Vietnam Veterans and their families to submit the names of Medfield participants to this department for a future memorial in their behalf.

I wish to thank Marie Burke, Charlotte Randolph, Town Officials, Veterans Organizational Officers and Community Physicians for their fine spirit of cooperation and assistance this past year.

Respectfully submitted,

PHILIP J. BURR
Veterans' Agent

REPORT OF THE CEMETERY COMMISSIONERS

To the Honorable Board of Selectmen:

Gentlemen:

The Cemetery Commissioners respectfully submit the following report for the year ending December 31, 1971.

Section G is nearly completed and ready for sale of lots. It has approximately 1150 graves and a possibility for 2000 interments.

This Commission agrees that the more we invest in the "Perpetual Care Fund", the quicker this department will be self-supporting. We have, this year, been funneling all monies received from the sale of lots in this section into this fund.

Section G, when sold out will turn into the "Perpetual Care Fund" an estimated $115,000.00. The present fund has approximately $64,000.00 in it and turned into our department approximately $3,700.00 toward our expenses.

We also feel that the interest from this fund be accumulated this year and a "known" amount be applied to the requests for 1973. This will eliminate the "guessing game" of how much will be available to us each year. It is apparent that we have not been too successful of late.

We are also asking, in a special article, for a sum of money for a permanent plan of Sections G - H - I and J. The necessity for this became apparent in the "trial and error" in laying out boundries in Section G.

This Commission can only repeat our expressed appreciation for the assistance we have received from the Highway Department for the use of their equipment and men to operate it.

Respectfully Submitted,

JOSEPH A. ROBERTS
ALLISON T. CARR
WALTER F. REYNOLDS, JR.
Cemetery Commissioners

REPORT OF THE PLUMBING INSPECTOR

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report as Plumbing Inspector for the year ending December 31, 1971.

Number of Permits	83
Number of Inspections	198
Permit Fees	$1,435.00
Salaries and Expenses	$1,398.00

I wish to thank the Secretaries at the Town House, Town Officials, and the other Inspectors for their help and cooperation.

Respectfully Submitted,

J. ROGER PETRIE
Plumbing Inspector

REPORT OF THE ANIMAL INSPECTOR

To the Honorable Board of Selectmen, and
Residents of the Town of Medfield:

The following is my Report as Animal Inspector for the year ending December 31, 1971.

Fifty four (54) dogs alleged to have bitten, or scratched people were quarantined for a period of ten days. When these animals were checked at the end of the quarantine period, none of them showed any evidence of rabies.

One opossum, and one squirrel were sent to the Wasserman Laboratory for rabies checks - These animals checked out negative.

Thirty-two (32) stables used as shelters for horses, sheep, goats, beef cattle, or swine were examined for general cleanliness, water supply, sufficient light, and conformation to Board of Health Rules and Regulations.

For the annual Inspection a total of 75 horses, 16 ponies, 9 beef cattle, 42 sheep, 3 goats, 1 swine, and 1 donkey were inspected for and appeared to be free of any communicable diseases.

Respectfully submitted,

RICHARD A. ELLSWORTH, JR.
Animal Inspector

PARK AND RECREATION COMMISSION

To The Honorable Board of Selectmen
Town of Medfield, Massachusetts:

Gentlemen:

Last year we reported to you the number of new programs and activities planned for 1971. You will recall three years ago The Park and Recreation Commission had very few. With the assistance of a part-time Recreation Co-ordinator, I am pleased to report attendance to our programs have been greatly accepted. There were registered and in attendance 2933 youngsters and oldsters.

The most successful new program was our soccer program for boys between the ages of nine to fourteen. However, our cheerleading program for girls, at the same age level, was equally as successful.

For the first time our programs are reaching to the feminine side, as our Dance-Twirl program now has 45 young ladies participating weekly.

The swimming lessons during our 10 week program broke all records this year. While the registration of residents was down from last year, we had a record breaking 1006 young people register and participate in swimming lessons. Hinkley Pond passed all Board of Health tests including the Density Test required by the State. The Bacteria Counts were always lower than the accepted minimum and we are pleased to report very few chemicals were used, thus keeping the waters at Hinkley Pond as near natural as possible.

The Medfield Youth Center, now in its tenth consecutive year, held 49 dances. Membership numbers 552 with approximately 8578 young people in attendance throughout the year. The Youth Center spent approximately $1600 this year on the Town's Recreation Building. The main hall was redecorated, floors refinished along with many hidden improvements. The Youth Center also continues to present two $100 scholarships each year to two Medfield High School Graduates.

The Recreation Building is being used to full capacity seven days and evenings a week. Thanks to the young people and donations by the users of the building, upkeep and maintenance continues at a minimum cost to the twon.

One of the Members of our Commission, Lee DeSorgher, resigned early this year. Warren Sheard was appointed to fill Mr. DeSorgher's term until the next annual town election. Mr. Sheard, although on our commission for a very short time, has been a great help to us and instituted our successful soccer program this year.

Our Commission could not have had such great success without the assistance of many interested townspeople. We now have three subcommittees assisting us in transportation, teaching, judging, and subsidising in part. The Committees are:

The Medfield Youth Center Advisory Committee
The Friends of the Hinkley Swim Pond
The Friends of the Soccer League

The list of volunteers is too long to list but we wish to thank everyone who has helped us this year, in particular the Medfield Jaycee's whose members assist our weekly basketball programs and chauffered 42 Senior Citizens to our first summer band Concert. Also, we express our thanks to the Medfield Board of Health, the Chief of Police and his department, and the Superintendent of Highways.

Mr. Richard Cantrell, our recreation co-ordinator during the next year, will with our assistance, be adding at least one program a month for the Senior Citizens. We feel, with the assistance of volunteers, the young people's programs are well established and we will be able to give full support to this newly formed group.

We are placing long-range plans as a priority for our fast-growing town. Our Board has met with County, State, and Federal Boards for guidance in this area. We hope to receive funds for the planning and start of Metacomet Park as a central recreation area for all age groups.

Cordially yours,

ROBERT H. LUKE, JR.
Chairman

REPORT OF THE COUNCIL ON AGING

Pursuant to the recommendations of a Study Committee on Aging, the voters authorized the formation of a Council On Aging at a special Town Meeting held in November of 1970. The Council was formed under the jurisdiction of the Board of Selectmen who appointed nine residents to serve on same. The original appointees were: Richard Knopf, Madeleine I. Harding, Virginia Couper, Ardus Hjelmstead, Orrin Wilkins, William Cleary, Jeanne Harding, Charles Bourke and Ralph Good.

Following some preliminary meetings of the Council, a general organizational meeting for Senior Citizens was conducted on February 26, 1971 at the High School. At this meeting Senior Citizens were registered and issued identification cards. By reason of earlier efforts of the Council members, a discount program, underwritten by local merchants, was offered to Senior Citizens enabling those qualified to obtain discounts on purchases at local stores and businesses upon presentation of proper identification cards. There was also sponsored by the Council a hot lunch program, co-ordinated with the school lunch program, which has been carried on through the present time. This program allows Senior Citizens to purchase a hot lunch for $.50 and any cost disparity is charged back to the State Department of Community Affairs. Subsequent to these initial undertakings, the Council's next effort was to sponsor the formation of a Senior Citizens Club. At the Town Meeting in March of 1971, we went before the voters and requested an appropriation of $1,000.00 which was to be matched on a one time only basis by the State Department of Community Affairs. This appropriation request was unanimously voted by the residents of the Town and a proposal for matching funds was thereafter submitted to the State and was acted upon favorably. It might be

noted that the matching funds as of this date have not yet arrived, but are anticipated soon. With the benefit of this initial funding, the Council established a Senior Citizens Club. Membership in the same now comprises some 400 senior citizens of Medfield. Working with the Park and Recreation Commission, a schedule for Senior Citizens Club use of the Community Center was devised and the Senior Citizens Club has the use of this facility daily as a drop-in center and on Tuesday of each week they enjoy this facility all day and into the evening hours. The Council has used its initial appropriation to defray the cost of certain capital purchases, including folding chairs, card tables, a public address system and coffee making equipment. The Senior Citizens Club, of course, enjoys autonomy and exists independent of the Council On Aging and through the efforts and direction of its officers has conducted many fine programs for its members, including card parties, a speaker's program and bus trips to various points of interest.

In September of 1971, Mr. Charles Doyle, a senior citizen, was designated by the Selectmen to fill the unexpired term of Mr. Richard Knopf who had moved from Medfield. The other original appointments to the Council remain as they were at its inception and three of the members have been reappointed for continuing terms.

While we are yet a fledgling body, we have become congnizant of many of the areas of common concern to all of our senior citizens. We hope our efforts to date have proven of some benefit to our senior brothers and sisters and anticipate in terms of future goals the attempt to secure funding either federal or state, for purposes of establishing a full time exclusive senior citizen facility in the Town of Medfield. It is proposed in the near future to alk with the County Co-ordinator of Federal Funding Programs to secure his advice and direction in pursuing this end. We gratefully acknowledge the cooperapion of the senior citizens and urge them to continue in this spirit of cooperation and assistance, which has made our effort all the more worthwhile.

Respectfully sumitted,

RALPH C. GOOD, JR.,
President

REPORT OF THE BUILDING CODE COMMITTEE

To the Honorable Board of Selectmen
and Residents of the Town of Medfield

The Building Code Committee held meetings this year as problems were brought to the attention of the Committee by the Building Inspector and by other boards. There were approximately six meetings.

As requested by the Board of Assessors, it is now required as part of the issuance of a Building Permit that a Certification Plan be furnished to the Town showing new structures after completion, but prior to occupany, and that a copy be made available to the Board of Assessors.

Also, on request of the Planning Board, retaining walls are now inspected by the Building Inspector under the BOCA Basic Building Code, which was adopted by the Department of Public Safety as the Board of Standards Building Code, Form STD-10. The section which will be referred to is 871.0 - Retaining Wall.

In view of the fact that there is legislation before the General Court that all towns and cities adopt the BOCA Basic Building Code, the Medfield Building Code Committee deems it advisable not to work on any amendments to the Medfield Building Code until this legislation is resolved.

Respectfully submitted,

NICHOLAS LAVERGHETTA, Chairman
JOSEPH T. CUNNING,
Vice Chairman
GEORGE T. JONES
JOSEPH RYAN, Chief, Fire Department

MASTER PLAN IMPLEMENTATION COMMITTEE

To The Honorable Board of Selectmen:

The major project for the Master Plan Implementation Committee was the completion of a Financial Impact Analysis and Ten Year Capital Improvements Program, voted as a partial updating of the original Master Plan, at the March 1971 Annual Town Meeting. MPIC members headed up citizens' groups to do the research of Town Department capital needs. This information was then sifted by Mr. James Woglom of Metcalf & Eddy, who compiled the finished report.

In conjunction with the above a Community Attitude Survey was mailed to all residents. Tabulation of the results was done by MPIC member Mrs. Richard Schutte.

Other recommendations in the Master Plan acted upon by the Town included:

1. Continuance of a Town Garage Study Committee.
2. An appropriation for final plans and specifications for an addition to the Amos Clark Kingsbury High School.
3. The Town voted money for continuance of reconstruction of Green Street.
4. The Town dismissed and article recommending further reconstruction of Granite Street.
5. The Town dismissed an article requesting additional funds for the Sidewalk Construction Program (Winter Street).
6. The Conservation Commission has acquired additional land along the Charles River and along Noon Hill Street.

The Planning Board has completed a Preliminary Draft for a new Zoning By-Law.

Respectfully submitted,

MRS. ELIZABETH M. PLACE,

ANNUAL REPORT OF THE HOUSING AUTHORITY

To the Honorable Board of Selectmen
and Residents of the Town of Medfield

Early in the year, the Department of Water Pollution Control gave the Housing Authority approval to tie into the Medfield sewer system at the proposed project site on Pound Street. This approval was granted after the Authority, with the help and cooperation of the Medfield Water and Sewer Board, proved to the department's satisfaction that the existing line was not surcharged.

Following the town elections at which Richard Palson was re-elected to a five year term, the Authority reorganized as follows:

Herbert B. Burr, Sr. - Chairman
David R. Iverson - Vice Chairman
Charles D. Sloan - Treasurer
Richard C. J. Palson - Aisstant Treasurer
Hazel R. Frank - Secretary

At the town meeting in March, the town voted a change in zonging from A Residence to B Residence for three lots on Pound Street, previously approved by the Department of Community Affairs of the Commonwealth as an excellent site for the 40 unit Housing for the Elderly project.

In August the Commonwealth arranged for the public sale of State guaranteed bonds through competitive bidding, and raised the $690,001.00 needed for the construction of Medfield's project. At the year end such funds remained under the control of the Authority, invested in short term U. S. Treasury obligations.

The Authority's architects, Robert Charles Associates, were requested to present preliminary plans for the construction of 40 units on the Pound Street site. Upon completion, these plans as well as a parking survey compiled by Mr. Sloan, and other pertinent information regarding proposed variances were brought before the Zoning Board of Appeals at a hearing on October 21, 1971 of which all abutters and interested parties were notified. The four variances requested were necessary to comply with the Commonwealth's requirements for the building of the project. No one appearing at the hearing was recorded as being in opposition to the granting of such variances.

On December 16, 1971 the Zoning Board notified the Authority that the variances for which it had applied had been denied. According to the Department of Community Affairs, Medfield's petition was the only one to have been rejected before a local Zoning Board of Appeals in the entire Commonwealth.

Throughout the year the Authority met the second and fourth Tuesday of each month at 7:30 P. M. at the Town House. Various alternatives and additional proposals were discussed and investigated by the Authority. Alternate sites were inspected but at the year's end no other suitable locations were under active consideration.

The Authority met with HUD officials to discuss the opportunities that could be pursued through Federal financing. A survey will be conducted to establish whether a need exists for low income housing in Medfield.

The Authority was fortunate in obtaining the services of Mrs. William Conners for secretarial and clerical duties. Her services have already been of invaluable assistance to the Authority.

Attorney Algernon Heine of Ashland will continue to advise the Authority on legal matters.

The Housing Authority has gone through an extremely frustrating year, during which its efforts have been thwarted at every turn. The Authority is sympathetic to the elderly people who are paying prohibitively high rents, or living under sub-standard conditions while waiting for their project to be completed. At the year end 69 applications had been received by the Authority, representing 19 couples and 50 individuals, totaling 88 persons. Their disappointment is fervently shared by the Authority, which came into being, it believed, in good faith with the townspeople, to build Housing for the Elderly.

Respectfully submitted,

HAZEL R. FRANK,
Secretary

REPORT OF THE CONSERVATION COMMISSION

To the Board of Selectmen:

It is with deep regret that the Commission recognized the death of Daniel C. Hinkley. Dan had been a member of the Commission since its inception in 1961. He will be most remembered for his very active participation in the activities of the Charles River Valley Watershed Association.

Several parcels of land have been acquired in accordance with the original objectives of the Commission to preserve flood plain acres and to establish a town forest. Probably the most notable acquisition is that of 72 acres along the Charles River adjoining the proposed sewage disposal plant. Ten acres (10) have been obtained in the Noon Hill area and bargaining is underway for additional acreage in that area.

Besides acquiring land, the Commission has participated in a variety of activities. This year Conrad Franke was sponsored for two weeks sojourn at the Massachusetts Junior Conservation Camp in Spencer. William Mitchell was chosen as an alternate. Several Commissioners attended the annual meeting of the Massachusetts Association of Conservation Commissions in Wrentham. Topics of interest included flood plain protection, subdivision control as a conservation tool, and the role of conservation commissions both now and in the future.

The annual Fader Award was presented to Messrs. Wheelwright for their gift of the land composing the "Outdoor Classroom." The Commission gratefully acknowledges the help of the Boy Scouts in

a clean-up program to restore the land and make it more easily accessible. Their efforts have provided a clearer trail and stairway for safe access to this area. A program was worked out with Boston State College for a formal course to provide teachers with training in field biology to better utilize this area as a classroom. It is hoped that this program will grow and come to reflect the aims of the Wheelwrights and Commissioners.

The Conservation Commission and the Planning Board met together to seek ways for coordinating their activities. It is felt that the meeting proved very successful and resulted in land to be a gift from a developer to the Town for Conservation purposes.

Suggestions and recommendations were sent to the Charter Commission, one being provisions for establishment of Associate Memberships in the Commission.

Work is underway to provide for the recycling of cans and bottles which now represent a considerable waste of natural resources, while adding unnecessary bulk to the town disposal area.

Under the able direction of Mrs. Dorothy Kane, the Commission co-sponsored a program entitled "Respect for Life" a program of color photography given by Mr. Les Campbell at the Medfield High School. Approximately 250 pupils and 150 adults were able to share this dynamic experience. A special debt of gratitude is due Mrs. Kane not only for this but for th past eight (8) years of voluntary secretarial services she has donated to the Commission. Her replacement will now cost the Town money, as we have no volunteer to date.

Thanks are due the Medfield Garden Club and the Sportmen's Club for their donations and continued support of the Conservation Fund.

It is to be noted that all interested individuals are cordially invited to attend the meetings of the Commission which are held the fourth Wednesday of each month at 7:30 P. M. in the Town Hall.

Respectfully Submitted,

MRS. ELLEN GIFFORD, Chairman
JOSEPH DONNELLY, JR.

ALBERT W. HEUSER
Superintendent

REPORT OF GASFITTING INSPECTOR

To the Honorable Board of Selectmen
Town of Medfield, Massachusetts:

I hereby submit my report as Inspector of Gasfitting for the year ending December 31, 1971.

Number of permits issued	107
Total fees collected	$752
Inspections by Gas Inspector	151
Inspections by Acting Gas Inspector	10
Total monies expended	$966

I wish to thank the Town Officials, the Secretaries at the Town Hall, and the other Inspectors for their help and cooperation during the year.

Respectfully submitted,

WALTER R. NYE
Inspector of Gasfitting

FINANCE COMMITTEE CHAIRMAN EDWARD R. PERRY ADDRESSES TOWN MEETING.

Photo by Frank Simonetti, Jr.

ANNUAL REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen
and Residents of the Town of Medfield:

The following is my annual report for the year ending December 31, 1971:

I have issued a total of 216 Building Permits (1970-195) as listed below, and have made a total of 763 inspections, with Rebel Palumbo, Assistant Inspector making 26 inspections, for a total of 789 inspections as against 603 made in 1970.

The following is a breakdown of permits issued:

New single family dwellings	61
New two-family dwellings	1
Additions to private dwellings	39
Renovations to private dwellings	25
Additions to Florist Shop	2
Additions to Dental Office	1
Workshop-Industrial - New	1
Addition to Recreation Building (Rocky Woods)	1
Additions to apartment building	1
Private Swimming Pools	32
Private stables	3
Reshingling roofs and installation new side walls	39
Demolitions	5
Boys' Clubhouse	1
Temporary trailor office (Jaycees)	1
Addition to Dental Office	1
Renovations to Stores	2
Total Permits	216

Total income from Building Permit Fees: (1970-$2,090.50)	$2,649.00
Estimated construction costs on new dwellings: (1970-$936,000.00)	$1,426,000.00
Estimated construction costs renovations and additions, pools, shingling (1970-$193,900.00)	$221,600.00
New construction on Industrial/Buisness: (1970-$64,500.00)	$27,500.00

Because of the increased demand on the Building Department more inspections are required on all categories, such as new construction, swimming pools, additions or renovations to present buildings,

and requests from the Department of Public Safety and the Department of Public Health.

It is mandatory that the Building Inspector and the Assistant Building Inspector attend the courses conducted by the Massachusetts Department of Community Affairs which are averaging about once a month at Holy Cross College in Worcester for a period of three days at a time. If the legislation before the General Court is approved, all Building Inspectors will have to be certified by the Department of Community Affairs.

I wish to thank the town officials, Mr. Fred Conley, the Executive Secretary, the other department inspectors, the administrative secretaries in the Town House, and Mrs. Kathleen C. Conners for the assistance and cooperation they have rendered me during the past year.

The local and out of town builders and contractors continue to be very cooperative in the performance of their work with the town in abiding by the Town of Medfield Building Code.

Respectfully submitted,

HERBERT B. BURR
Building Inspector

REPORT OF THE BOARD OF APPEALS

To the Honorable Board of Selectmen
and Residents of the Town of Medfield:

The Board of Appeals on Zoning submits, herewith, its report for the year ending December 31, 1971.

The Board was organized at a meeting held on
as follows:

Charles Kenny, Chairman
James T. Regan, Clerk
Richard A. Chagnot
James O. Aronson, Associate Member
Mrs. Kathleen Conners, Secretary

During the year, Mr. Chagnot resigned and Mr. Aronson was appointed third member, and Mr. Ralph C. Copeland, Associate Member.

During the year ten hearings were held at the Town Hall and in summary, decisions were as follows:

1 Permit for "Home Occupation" business. Granted.

2 Permits for businesses. Granted.

2 Permits for "Mother-in-law" living units. Granted.

2 Variances concerning lot frontages. Denied.

1 Variance concerning side yard. Granted.

1 Permit regarding multi-family dwelling. Granted.

1 Request for variances concerning Housing for the Elderly. Denied.

In each case, the decisions of the Board of Appeals were unanimous.

Respectfully submitted,

CHARLES KENNY,
Chairman

REPORT OF THE TRUSTEES OF THE MEMORIAL PUBLIC LIBRARY

To the Honorable Board of Selectmen:

Gentlemen:

The past year has been one of continued growth in the use of the Town's public library facilities. Circulation increased from 52,567 in 1970 to 58,675 in 1971. New volumes were added to bring our collection to more than 16,000. The library provided several new services in 1971, including large print books for residents with reading problems, creative arts for children in the reading program, and a library information brochure for new residents.

While the trustees were pleased with the progress made, it must be stated that by every objective standard the Public Library does not provide the type of service which a town like Medfield deserves. The library

does not have enough volumes, enough reading space, or a large enough staff to provide the per capita service deemed desirable by the American Library Association.

To meet these deficiencies, the library budget for 1972 will call for the head librarian's position to be increased to 30 hours per week from 20 hours, thus bringing the position up to the level of surrounding towns. A fourth large bookstack will be requested to hold new volumes. While these measures will help, it becomes increasingly obvious that Medfield will need expanded library facilities in the mid-1970's. There simply is not enough space in the Memorial Library to provide the service which Medfield requires.

The Trustees met eleven times last year, once in conjunction with the School Library officials to determine ways in which we can cooperate for more effective service to school age patrons.

In addition to providing proper library service, a major concern was maintenance of the Memorial Public Library building. The north (front) wall was thoroughly repaired in the spring; i.e. all joints were completely cleaned out before remortaring and waterproofing with silicone. This work, which carries a five year guarantee against water penetration, was the first of any magnitude done on the north wall since Mr. Dailey donated the building to the town in 1918. This work completed a two year repointing project. As a result of this work there were no major leaks into the building as has happened in past years.

The Trustees wish to publicly acknowledge the fine work done by our Head Librarian, Assistant and Children's Librarians, Aides, and Custodian over the past year. We also wish to acknowledge the cooperation and patience of our patrons.

Respectfully submitted,

Board of Trustees of the
Memorial Public Library

REPORT OF THE MEMORIAL PUBLIC LIBRARY

To the Honorable Board of Selectmen:

I hereby submit my third annual report as Librarian for the year ending December 31, 1971.

Circulation figures	
Adult Department	36,476
Children's Room	22,199
Total Circulation	58,675
New Books added during 1971	
Adult	812
Juvenile	423
Total Acquisitions	1,235
Discarded Books	539
Volumes owned as of December 31, 1971	16,246
New borrowers registered in 1971	708

It is a pleasure to report that the use of the library increased substantially in 1971 as evidenced by a growth of 22 in adult circulation over 1970 figures. This greater activity extended into the summer months as well. Library use of the children's collection remained approximately the same.

In order to meet the heavier demands made on the library, it is desirable that the number of books purchased each year be increased over the present level. A report issued by the Bureau of Library Extension revealed that Medfield ranks low in number of volumes owned per capita compared with libraries of similar size in the eastern region of the state.

Increased use of the library by businessmen led to the purchase of "Thomas Register of American Manufacturers" and "The Massachusetts Industrial Directory" and a subscription to "The Wall Street Journal". It is hoped that a photo copying machine can be added to the library in answer to the many requests received.

Services provided by the Eastern Regional Library System were frequently used in 1971, with requests for books borrowed through inter-library loan double that of 1970. In addition, a number of films were also borrowed for the Medfield schools and the fire department. A 16mm. film projector is now available for loan to local organizations free of charge through the Eastern Regional System.

During the year the library was pleased to sponsor a number of art exhibits, among which was the work of well known local artist, Byron

Reed. Art work from various Medfield schools was also displayed. The library would welcome more exhibits from local artists.

In an effort to introduce the library to new residents in town, a brochure delineating the materials and services provided was printed and is being distributed by the Welcome Wagon representative.

The story Hour for four and five year old children proved so popular this year that it was necessary to hold an additional afternoon session. A new dimension was added by involving the children in craft projects coordinated with the stories read. Several volunteers from the Future Teachers of America Club at the Senior High School have given us help for which we are most appreciative.

During the summer, 112 enthusiastic readers participated in the reading program with prizes awared to two children in each grade.

A new card catalog was purchased for the children's room, replacing the one that had been well used for 50 years.

During the year the library was the recipient of a number of donated books, and as in years past, the Medfield Garden Club has kindly given us flowers to brighten the library. For all these evidences of friendship we are most grateful.

This busy year could not have been so successful without the willing help of everyone on my loyal staff and the support of the Board of Trustees, and to them all go my most sincere thanks.

Respectfully submitted,
JANE B. ARCHER
Head Librarian

1971 DOG OFFICER'S REPORT

To the Honorable Board of Selectmen:

I hereby submit my report as Dog Officer for the year ending December 31, 1971.

Since being appointed in June 1971, there have been 93 complaints received, investigated and resolved.

Dogs returned to rightful owners	14
Dogs killed by automobiles	3
Dogs picked up by Police	9
Stray Dogs picked up by Dog Officer	15
Dogs returned to owners in other towns	2
Dogs and Kennels registered - 1971	1116
Dogs Restrained by Dog Officer	6

All monies collected for registering delinquent dogs turned over to town clerk.

Respectfully submitted,

HOWARD L. KILMER
Dog Officer

REPORT OF BOARD OF HEALTH

To the Honorable Board of Selectmen
and Residents of the Town of Medfield:

The following is the report of the Board of Health for the year beginning January 1, 1971 through December 31, 1971:

The Board met regularly on the second and fourth Thursday of each month, and additional meetings were held with various town boards. Pertinent State meetings were also attended by all members.

PERMITS-The following permits were issued during the year:

Food	21
Catering	2
Effluent Cartage	4
Laundomat	1

Funeral Homes	1
Milk & Oleo	8
Installer Septic Permits	10
On-Site Sewage Permits	54

Various church and civic organizations were also issued permits for food sales during the year.

Total income from these permits amounted to $1,598.00.

GARBAGE-The garbage contract was renewed with Francis J. Cassidy of Medway with collections scheduled once a week during the winter months and twice a week during the summer.

REGULATIONS-The Board adopted the following regulations this year:

In July the local Board adopted officially the State Rules and Regulations for Day Care Services for Children, as adopted by the Massachusetts Department of Public Health on December 10, 1963, and in August an amendment was added concerning the control of contagious diseases and maintenance of proper health certificates. The Board's agents will inspect these privately run schools at least three times a year in conjunction with State personnel.

In August, after a year of extreme complaints regarding the keeping of horses and livestock in various residential areas of the town, the Board was forced to enact strict rules for the keeping of horses, finding that the horses in a development (where many homes are close together) constitute a nuisance as to flies, vermin, odors, and noise. All permits for horses are at the discretion of the Board of Health, and there is now a fee of $7 per horse for pivate pets and $14 per horse for a commercial stable. No horse may be kept on property less than 30,000 square feet.

A total of 32 persons have registered their livestock during the year. With a total of 75 horses in town inspected by the Animal Inspector all have been registered with the Board with the exception of one commercial stable in an alleged violation of zoning. Mr. Richard Ellsworth, Animal Inspector, works closely with the Board during the year and his report may be found elsewhere.

Mr. Ellsworth reminds residents that all animal bites, or scratches should be reported immediately to the Board of Health, or to him in order that he may quarantine the animal, or make laboratory examinations.

SWIM POND-On recommendation of the Board of Health, the Green Street Swim Pond made extensive changes in the sand base and algae

treatment. The resulting pollution tests made weekly proved to be more than excellent, as compared to last year's testing, with the average coliform count less than 175 for the entire season.

RABIES CLINIC-The second Rabies Clinic held in March, in conjunction with the licensing of dogs was most successful. Under the direction of Dr. Gordon Goodband of Walpole, a total of 315 dogs were vaccinated. Plans for a 1972 Clinic are being made to be held late in March. According to State law all dogs must be vaccinated for Rabies every 18 months. Dogs vaccinated in 1970 should be immunized again in 1972. The Clinic is self-supporting with an approximate fee of $2.00 per vaccination.

Dog licenses may be secured from the Town Clerk, Mrs. Nancy Preston, the same day as the Rabies Clinic.

REGISTERED SANITARIAN-Mr. Ferial R. Morrissette, the registered sanitarian for the town made a total of 239 inspections during the year. These included general nuisance complaints, restaurant, market, and bakery inspections; also, swim pond testing on a weekly basis, and dye testing in sewage systems.

Canned goods prohibited by the FDA were removed from markets, and a check made for DDT in town stores. Observation of strat pits and percolation tests were made in the absence, and in conjunction with, the Sanitary Inspector.

In accordance with the Day Care Center regulations, offical inspections will be made at least three times during a year.

SANITARY INSPECTOR-Herbert B. Burr, Sanitary Inspector for the Board reported a total of 226 inspections for on-site sewage. These included both new dwellings and repair work. New dwellings involved checking observation pits for stratification of soil, witnessing two perc tests on each building lot, as well as the actual septic installations placed on each house lot.

In accordance with the new Day Care Center regulations, these private schools will be inspected at least three times a year, in conjunction with State personnel.

Mr. Burr reports all builders and engineers most cooperative and wishes to thank the members of the Board of Health, Mr. Morrissette and the secretary, Mrs. Kathleen Conners for their cooperation during the year.

PUBLIC HEALTH NURSING-The Visiting Nurse Association, under Mrs. Porter Whitney who serves as the Public Health Nurse in Medfield

for the Board of Health, reports a total of 592 visits in Medfield, involving a total of 104 cases. These visits included bedside care, therapeutic nursing, public health nursing involving TB prevention and follow up, communicable diseases, premature infants, new born, maternal health, health teaching and referrals. In accordance with the new regulations for Day Care Centers, Mrs. Whitney will inspect these schools at least three times during the year.

Two immunization Clinics were held immunizing 277 for Rubella, Mumps, Diptheria, Tetanus, Whooping Cough, Polio, Measles and Smallpox.

Other duties of the Public Health Nurse involve securing people for housekeepers, sitters, nurses, etc., for homes with illness, telephone conferences for advice and/or referral (of which 67 calls were handled during the year). Also, assistance at the pre-school vision screening program, lending of sick room equipment such as hospital beds, wheel chairs, walkers, crutches, etc. Loans are made free of charge for a period of two months, after which time there is a minimal charge.

The Public Health Nurse also serves on the Medfield Home Committee, as well as prepares statistics for the Massachusetts Department of Public Health and attends its meetings and seminars.

Tine Testing for TB, is handled by the public health agent, Mrs. Madeleine Harding, School Nurse, and all records maintained by her.

The Board of Health has established a Vaccine Center under the direction of Mrs. Whitney who stocks and inventories it, making the vaccines and various test kits available to local physicians.

The Board of Health wishes to advise residents who expect to travel abroad this year to check thoroughly with the Immigration authorities as to whether small pox vaccinations are necessary for the various countries they may be visiting. Although the smallpox vaccine is not required in many countries, there are still some requirements from Asian countries.

SANITARY LANDFILL-The Board voted to approve the Sanitary Landfill Rules and Regulations as written by the Board of Selectmen, who control the operation of the area.

The Board of Health wishes to take this opportunity to thank Mr. Burr, Mr. Morrissette and Mrs. Whitney for their cooperation during the year. Also, Mr. Richard Ellsworth for his service during the Rabies Clinic. The Board wishes to extend a special thanks to the secretary, Mrs. Kathleen Conners for her untiring effort throughout the year and for the many long hours spent helping the townspeople

with their problems. Mrs. Conners is an invaluable asset to the function of the Board.

Respectfully submitted,

GERARD F. GALLAGHER, Chairman
FRANCIS X. CURRY, Clerk
ARTHUR L. FARRAR

REPORT OF THE PLANNING BOARD

To the Honorable Board of Selectmen:

The Medfield Planning Board hereby submits its annual report for the year ending December 31, 1971.

MEETINGS

The Planning Board held regular weekly meetings at the Town Hall. In addition to these meetings, the Board members met frequently to work on revising the Zoning By-law of the Town of Medfield. A complete revision of the Zoning By-law has been made by the Board and will be presented to the Town for its consideration.

Saturday, Sunday and evening inspections were made by Board members to inspect areas proposed for new subdivisions and subdivisions already under construction.

SUBDIVISIONS

Plans for new subdivisions were presented to the Board for its action.

A table is included showing subdivision lots approved for building, number of lots released during the year for building, and the number of lots remaining in each subdivision to be built. The table runs from 1956 to date.

(SEE SEPARATE SHEET FOR TABLE)

Portions of the following streets within the subdivisions were recomended to the Board of Selectmen for acceptance:

Lakewood Drive from Granite Street to Station 6 plus 75
Lee Road from Station 14 plus 90 to Station 20 plus 89.76

OTHER MATTERS

The Planning Board worked with the Master Plan Implementation Committee and Mr. Frederick C. Conley, Executive Secretary, to formulate a Capital Improvements Program. This program, under the direction of Mr. James Woglom of Metcalf & Eddy, has been completed. This was the first step in updating Medfield's Master Plan.

An Educational Study Committee has been formed. This committee is comprised of one member from the School Committee, one member from the School Planning and Building Committee and one member of the Planning Board. The purpose of this committee is to screen potential consultants for the purpose of conducting an indepth study of Medfield's school system, consisting not only of the school curriculum but also the management and the physical plant.

The Planning Board called a meeting of town officials and citizens' groups to discuss the possibility of a program for the employment of Medfield's teenagers.

GENERAL

The Planning Board would like to express its appreciation to the many citizens, town officials and builders who gave the Board their cooperation and assistance.

All regular Planning Board meetings are open to the public. Requests for information may be obtained from the Planning Board Assistant, Mrs. John C. Willis, at either 359-8505 or 359-2726.

Respectfully submitted,

SCHOOL DEPARTMENT REPORTS

FOR THE YEAR ENDING DECEMBER 31, 1971

REPORT OF THE SCHOOL COMMITTEE

The reports following, of the various school administrators, detail the progress of Medfield Schools in the past year. We are still increasing our enrollment with a net gain of 94 students over the last academic year. There has been a noticeable shift in the age of students who are moving into the town. The increase is greater now in the upper grades, whereas, the reverse was true a few years ago.

Financial affairs continue again this year to be a primary concern to the School Committee. We are faced with an expanding system in an economy that has been troublesome for the past few years. The state and federal governments appear to be at last moving in a direction that will afford tax relief to the property owner. The recent legislation of financial assistance for school buildings is an example of this and a distinct advantage to Medfield.

With the increasing school population the School Committee has been investigating alternative methods of scheduling to determine if a different system, such as a twelve month school year, open campus, etc., would be more economical without detracting from the quality of education.

This report would be incomplete if we did not recognize with appreciation the countless townspeople who have helped in various ways to make the Medfield School System as good as it is. A partial list includes the AVIS volunteers who have helped directly in the schools; the COME Committee who have assisted the School Committee in numerous areas such as student-teacher relations, school building, etc.; and the League of Women Voters who have spent several years working with us in the School System as their major study project.

JAMES D. SULLIVAN, M.D., Chairman
DAWN AUSTIN, Vice-Chairman
ARTHUR LOMKER, Secretary
GORDON W. THOMAS, Fin. Secretary
RICHARD R. RANDLETT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Chairman and Members of the
School Committee:

I have the honor to submit herewith my fifteenth annual report which is the twentieth in a series of annual reports of the Superintendent of Schools in Medfield.

SCHOOL COMMITTEE

Sullivan, James D., M. D.	Chairman	Term expires 1974
Austin, Dawn (Mrs.)	Vice-Chairman	Term expires 1973
Lomker, Arthur L.	Secretary	Term expires 1972
Thomas, Gordon W.	Fin. Secretary	Term expires 1974
Randlett, Richard R.		Term expires 1972

OFFICE OF SUPERINTENDENT OF SCHOOLS

Blake, Thomas A., Ph.B., Ed.M., CAGS	Superintendent
Morris, James H., A.B., Ed.M.	Assistant Superintendent
Kerr, Virginia D. (Mrs.)	Secretary
Shugrue, Mary N. (Mrs.)	Secretary
McCarthy, Ruth L. (Mrs.)	Secretary

SENIOR HIGH SCHOOL

ENROLLMENT BY GRADE - OCTOBER 1, 1971

	SPED	1	2	3	4	5	6	7	8	9	10	11	12	Total
Boys	14	139	112	115	114	119	131	133	120	114	110	102	64	1387
Girls	2	108	111	117	124	117	122	111	116	126	97	91	85	1327
Total	16	247	223	232	238	236	253	244	236	240	207	193	149	2714

ENROLLMENT EFFECTS

As of October 1, 1971, a gain of 94 students was noted over the enrollment figure of October 1, 1970--a percentage increase of 46%.

The enrollment projections are running a year behind but this will not affect new construction planning. The enrollment by grade still indicates the necessity of additional space at the secondary level.

Preliminary plans for the addition and alteration to the high school have been approved by the State Department of Education. Presently, the architects are preparing working drawings which will go out for bid prior to a special town meeting in the spring.

Town meeting approval of the High School Project is most necessary to insure the continuance of an educational plan which affects all grades and also the implementation of a kindergarten program in 1973.

MAINTENANCE REPORT

The following is a compilation of repair, replacement, installation and preventive maintenance done on our schools during the 1971 calendar year.

MEMORIAL SCHOOL

INSTALLED: Parking lot extension along the fence at South end and installed driveway at Northeast corner of the school; New tubes in both boilers; Exterior flood lights around the school; Emergency generator.

REPAIRED: All Cafeteria tables and chairs; mobil chair rack; Doors and locks in main lobby, teacher's room, auditorium, library and boiler room; Windows in teacher's room.

REPLACED: Steam traps in four classrooms.

PURCHASED: 2 Mobile racks for chairs; 100' Garden hose; 1 Custodial cart; 1 Strap-O-Vac Cleaner; Protective Maintenance Agreement on all heating controls.

DALE STREET SCHOOL

INSTALLED: Exterior flood lights around the school; Lights and outlets in the storage area; New sump and pump in boiler room; 2 Corkboards; Heavy duty screens for the auditorium windows; Safety guards for front door glass; Shelving in room 113; Extended driveway entrances at Adams Street.

PAINTED: Exterior of the building.

REPAIRED: 3 Automatic water feeders for boilers; Rewired electrical panels for First and Second Floors.

PURCHASED: 1 Strap-O-Vac Cleaner.

WHEELOCK SCHOOL

INSTALLED: Drapery guards in the library; Tile in front lobby.

REPLACED: Bushings in five Univents.

JUNIOR HIGH SCHOOL

INSTALLED: Fences on the roof at gym exits; Baseboard in the gymnasium; 8 electrical outlets in room 116; Completed asphalt of front entrances, boiler room area, shop exit, water bubbler area, and parking area extension for 12 cars.

PAINTED: All exterior doors, varnished window sills on South side; Teacher's dining room; Sealed all panelling in gymnasium.

POINTED and CAULKED: Joint at floor gym area.

REPAIRED: All screens in office area; Sump Pump for boiler room.

REPLACED: Formica counter top in art room.

PURCHASED: 2 Upright Vacuum Cleaners.

SENIOR HIGH SCHOOL

INSTALLED: Cement posts on walk at East side of School; Complete set of floor outlets in the typing room; Outlet for Whirlpool; Ramp for stage.

PAINTED: Flagpole, light poles and goal posts.

REPAIRED: All stalls in toilets; 37 Seats in auditorium; All exhaust fans on the roof.

REPLACED: 14 Thermostats.

PURCHASED: 1 Strap-O-Vac Cleaner.

ALL SCHOOLS:

Loamed and reseeded all edges of raods; Rebuilt 7 man sled for football team; Fertilized all fields; Spread broadleaf and insect control on all fields; Repaired all chain-link fences; Boiler treatment for all schools; Protective Maintenance Report continued on all pumps.

Replaced $3600 broken glass in school.

All pulleys and belts for univents and motors repaired or replaced where necessary; All gymnasium and stage floors resealed; All roofs repaired and reshingled where necessary; All boilers, chimneys and smoke pipes recleaned; All univent filters replaced; All fire extinguishers recharged.

NEW EQUIPMENT:

2 Rotary lawn mowers, 2 Step ladders, 4 Tractor tires, Backboard for tennis court, 1 five pound fire extinguisher.

REGIONAL SPECIAL EDUCATION PROJECT

In September Medfield joined the Tri-Valley Regional Special Education Program. Towns involved with Medfield are Millis, Medway, Ashland, Holliston and Hopkinton.

Regionalization has broadened the scope of programs in that classes are offered in the following categories: educational mentally retarded for primary, intermediate, junior high school and high school; emotionally disturbed for primary and adolescent. Personnel involved are: a Director, two psychologists, one speech therapist, eleven teachers and two teacher aides.

Expenditures for this type program are reimbursed at the rate of 50%.

FEDERAL FUNDS

The Elementary and Secondary Education Act of 1965, Public Law 89-10, Title I funded $18,352 to "Project Succeed", a summer school program held at the Junior High School involving children in grades 1-8.

The National Defense Education Act, Public Law 85-864, Title III funded science in the amount of $3,229 and reading $1508.

The Elementary and Secondary Education Act of 1965, Public Law 89-10, Title II funded $4149 for library materials.

The Vocational Education Amendments of 1968, Public Law 90-576 funded $8984 to assist in the continuance of the Occupational Education Program.

SUPERINTENDENT OF SCHOOLS THOMAS A. BLAKE HONORS
RETIRING PRINCIPAL MAUDE WASHBURN

Photo by Frank Simonetti, Jr.

ACKNOWLEDGEMENTS

In November the Town lost a valued business man, and the schools lost a good friend.

Gordon "Goodie" Newell was indeed a friend to our children. For forty-eight years he was the school transportation operator and many times he went out of his way to accommodate the children on stormy days. To them and to all who knew him he was "Goodie".

We all miss him and our sympathy is expressed to Doris and daughter, Cindy.

We are grateful to the Town officials and their staffs, the Departments of Police, Fire, Highway, Trees and Water for continued assistance in school business.

My personal appreciation is expressed to the administrators, teachers, secretaries, health and cafeteria staffs for their interest in and support of our students.

This office is dependent upon the services of persons without whom we could not function. Sincere gratitude is extended to James H. Morris, Assistant Superintendent, Virginia Kerr, Mary Shugrue, Ruth McCarthy and Harold Pritoni.

To the members of the School Committee and the School Planning and Building Committee many, many thanks for your support.

Respectfully submitted,

THOMAS A. BLAKE
Superintendent

REPORT OF THE MEMORIAL ELEMENTARY SCHOOL

To the Superintendent of Schools:

It is a pleasure to submit my first Annual Report for the year ending December 31, 1971.

ENROLLMENT AND STAFF

Memorial School enrollment has decreased appreciatively from a total of 444 in January 1971, to a total of 409 in December 1971. Grade three has shown the most significant decrease from 155 students to the present total of 139. Currently the teacher-pupil ratio is a very desirable 1 to 22.7 for the entire school.

At the opening of school in September 1971, new personnel filled the positions of Principal, teacher grade 3, teacher grade 1, and Art Specialist. The previously full-time Art Specialist now has shared duties, teaching seven classes per week at Medfield High School. An Elementary Guidance Specialist was added to the staff on a shared basis with the Dale Street School.

PROGRAM

The most notable addition to the Memorial School program has been the opening of a permanently based Instructional Materials Center. This facility is staffed entirely through the efforts of volunteer aides. Now equipped on a minimal basis, the Center provides 1184 books, 425 pieces of Audio-Visual material, and 67 pieces of equipment to give strong support to our curriculum. The addition of a permanent IMC staff member will greatly increase the services offered by the Center.

Reading 360 was introduced in all grades at the beginning of this school year. The program is a ten-level, non-graded series with major emphasis developed vertically throughout. Children start at a level best suited to them and proceed at a rate determined by their individual success. Levels 1-10, which make up our program, were prepared as a complete set of skills necessary for a strong reading base. They are being used as such.

Science Curriculum Improvement Study was also initiated in all grades this school year. The instructional strategy of this program is to provide the children with first-hand experiences in a laboratory setting. The children explore natural phenomena individually or in small groups, leading to conceptual development.

COMMUNITY - SCHOOL

1. A well-attended Open House was held on October 27 to outline the school program and meet informally with parents and teachers.

2. Evening Parent-Teacher Conferences were held on November 17 and 23. During these evenings, 395 individual conferences were conducted.

3. Parents were invited to visit during the school day on December 23.

4. A Home Bulletin has been started to inform parents of events and developments at the school.

Since the opening of school, we have attempted to constructively communicate all facets of the school program. Through this report, I would like to reaffirm our intention to continue, and request direct community response on any matters concerning your school.

My sincere appreciation is extended to the Memorial School Staff, parents and volunteers, Superintendent, Assistant Superintendent, and School Committee for their cooperation and assistance.

Respectfully submitted,

RUSSELL A. DEVEREAU
Principal

REPORT OF THE DALE STREET SCHOOL

To the Superintendent of Schools:

As Principal of the Dale Street School, I hereby submit my ninth Annual Report for the year ending December 31, 1971.

SCHOOL PUPULATION

The Dale Street student population has been in a state of numerical change during the year. In June there were 446 students in grades 4, 5, and 6. In September there were 436, and as of this writing, there are 428 students.

PROGRAM

The following changes and additions have been made in the instructional program:

1. Guidance - The addition of a half-time elementary Guidance Counsellor.

2. Instructional Media Center - A change to the IMC concept from the School Library approach. Free access to the IMC materials for staff and students instead of scheduled classes at specified times.

3. Development of and updating of Basic Curriculum guides in all areas during in-service time.

4. Continuation and expansion of the individualized program in Reading.

5. Introduction of new materials and/or texts in English, Social Studies, Music, Reading, Science, and Mathematics.

6. Utilization of curriculum oriented Field Trips.

SPECIAL PROGRAMS

Members of Avis have been most helpful in the areas of special typing projects, IMC aides, and Hostesses for the National Education Week Open House. An Administrative Intern program has been in effect since September. Mr. James Georgian, Junior High Mathematics teacher, has been working part of each day at the Dale Street School on all phases of Elementary Administration, such as scheduling, budgeting, administrative records, and assemblies.

I wish to thank the Superintendent, Assistant Superintendent, School Committee, School Faculty, and the citizens of Medfield for their cooperation and assistance during the year.

Respectfully submitted,

ALLAN K. BELCHER
Principal

REPORT OF THE RALPH WHEELOCK SCHOOL

To the Superintendent of Schools:

As Principal of the Ralph Wheelock School, it is a pleasure to

submit my third annual report for the fiscal year ending December 31, 1971.

On January 3, 1971 the total enrollment was 595 which represents an increase of approximately 50 students over last year. Average class size was 24 with 4 sections in each grade and a trainable class of 6 students.

At the beginning of the school year two open houses were held to familiarize parents with school programs, to have an opportunity to tour the available facilities, and to meet the teachers. On November 17th and 23rd conferences were conducted for parents of children in grades 1-3. This method of reporting resulted in 98 percent participation.

The adoption and implementation of the new nongraded Ginn 360 reading series in grades 1 - 3 allowed children to progress at their own rate. Through careful and continuous evaluation, individual children were shifted from group to group making it possible for each child to be placed at a level where he could develop best. The program will be expanded to the intermediate level next year.

The Instructional Materials Center, (library), the core of the instructional program, is available to all students in grades 1 - 6 from 8:00 A. M. to 3:00 P. M. This open concept allowed children and teachers the opportunity of making full utilization of the available facilities. With the assistance of the AVIS volunteers and student aides many areas of IMC work was accomplished.

Team Teaching at the primary level has been implemented in the areas of science and social studies. This organizational pattern for planning allows two teachers to share responsibilities for presenting and evaluating lessons for two classes.

SCIS (Science Curriculum Improvement Study), a standardized curriculum, was introduced last September. Through a presentation of major science concepts, a child was given the opportunity to discover and draw conclusions with a diversity of materials. In grades 4 - 6 science teachers during last summer's workshop developed a curriculum guide which was also introduced last September.

With the addition of a full time counselor, guidance has become an integral part of the educative process. Individuals and group seesions were conducted to meet the educational, social and emotional needs of certain children.

The majority of the students in grades 4, 5, and 6 participated in an extra curricula activity such as chorus, intramurals, and the band.

Study period is a time when children can complete their homework or engage in an activity that is of interest to them. They have an opportunity also to visit the library, to assist children in the primary grades and to have instrumental lessons.

Appreciation is extended to the Superintendent, Assistant Superintendent, School Committee, Coordinators, Avis Volunteers, Parents, and all school personnel for their assistance and cooperation.

Respectfully submitted

FRANK J. HOFFMAN
Principal

REPORT OF THE JUNIOR HIGH SCHOOL

To the Superintendent of Schools:

With pleasure I am submitting the annual report for the year ending December 31, 1971.

As of this writing, the student census is 729 distributed over three grades as follows; 243 at Grade 7, 237 at Grade 8, 238 at Grade 9, and eleven Special Education students.

A change in the grouping process was introduced this September which provided for a semi-heterogenous grouping structure of students in all of the subject areas. This enables students to enjoy a wider social and more flexible academic experience than was possible in the previous homogenous grouping structure.

In the area of foreign languages, the French program, "La France En Direct" was introduced. This program offers the students a wide and varied exposure to the French language and culture through a multi-sensory media approach.

Practical Science at the 9th Grade and Intermediate Science Curriculum Study at the 8th Grade were two new courses introduced to the Science curriculum this September.

This past year was both an active and productive year for the Social Studies department. Materials and methods have been developed which make possible a greater amount of individualization of the curriculum. Varied activities including the use of field trips have been introduced into the curriculum. In addition, two new courses, "Comparative Economic and Political Systems" and "Early Studies", have been implemented at Grade 9.

In the area of Math, units dealing with the slide rule and the metric system were introduced this year. In addition, an Individualized Mathematics program has been implemented. Presently there is one Individualized Mathematics class at each grade level. This program has been designed to stimulate interest in mathematics through units dealing with geometry, probability, the slide rule, flow charts, and basic mathematics fundamentals arranged so that the student can move at his own pace and learning style.

A team teaching approach has been adopted at the 7th Grade in the area of Language Arts for the preparation and presentation of materials and instruction to help further individualize the curriculum. Also, the minimum objectives for the Language Arts 7-9 were completed, published, and distributed to the teachers.

The total school program has benefited again this year through the efforts of volunteers including members of AVIS who served our needs as library aides and field trip chaperones.

I thank the Superintendent, Assistant Superintendent, members of the School Committee, the Faculty and School personnel for their assistance and cooperation.

Respectfully submitted,

JAMES W. O'CONNELL
Principal

REPORT OF THE
AMOS CLARK KINGSBURY HIGH SCHOOL

To the Superintendent of Schools:

The high school opened its doors in September with a student enrollment of 550. This figure respresents about fifty fewer students than expected. Probable reasons for this situation were partly due to a slowdown in home construction and a reduction of immigration. The staff is composed of 44 full-time professionals and 12 part-time professionals, most of whom are full-time in the system, but are part-time at the high school.

A variety of new courses was offered this year. An elective system of semester courses was introduced in home economics, such as: Interior Decorating, Child Care and Development, and Creative Stitchery as well as other diverse offerings. Also, two sections of a course in Marriage and Family Living have been meeting, this course being a full-year elective. Enrollments in home economics courses required a second teacher for the department.

By offering two new courses in art - Ceramics and Crafts - our enrollment in art more than doubled that of last year. Our art room receives almost optimum use as a result.

In business education a two-year sequence in Office Practice was introduced for juniors and seniors. A second year of Stenography was offered, but due to low enrollment the class did not meet.

In many of our occupational education courses students have the option of taking these subjects either as majors or part-time electives, thereby giving the students the opportunity to concentrate in a certain area or to have greater flexibility to take a variety of offerings.

Work-study has been a regular part of the school's program for a number of years. This past year three other programs were introduced which permit a student to leave the school before the end of the day and to pursue an activity which will also allow him to receive credits toward graduation. Work Experience is a cooperative program where the work done outside of the school is directly related to the subjects the student is taking. Our Teacher Aides assist teachers in each of the elementary schools and the junior high school. Several students in the Health Aide program have received training at the Medfield State Hospital and work with patients there on a daily basis. There are over fifty students participating in all of these special programs. As the need emerges we hope to incorporate other special programs, wherein students may serve their community and receive graduation credit.

All students now have the opportunity to accelerate their high school education and may meet diploma requirements in three or three and one-half years instead of the usual four years, depending upon their interests and abilities.

Summer tutoring as an alternative to summer school now enables students to make up failed courses or to earn a necessary prerequisite grade in order to continue in a sequential subject, such as in the areas of mathematics and foreign languages.

The Class of 1971 had 172 graduates, one of whom distinguished herself as a National Merit Scholarship Finalist. Approximately seventy-five percent of the class is furthering its education, forty-seven percent at four-year schools.

We are grateful to the Medfield organizations and clubs which provide awards and scholarships for our young people each year. The names of these groups are shown on the graduation program which follows this report.

Respectfully submitted,

RUSSELL H. JOHNSTON, JR.
Principal

GUIDANCE REPORT

To the Superintendent of Schools:

As Guidance Director of the Medfield Public Schools, I am pleased to submit my eighth Annual Report. This encompasses the period from January 1, 1971 to December 31, 1971.

This past year we approached our goal of establishing a coordinated system of guidance services throughout the entire school system. Guidance counselors have now been assigned to the Elementary schools.

One of the areas that lay people question is the role of the counselor specialist. Established relationships, whether the student be child or adolescent is collaborative. Both counselor and student view presenting concerns, clarify feelings, consider alternatives, develop problem solving techniques and arrive at decisions. Because of the changing decisions necessary for the child at significant developmental points, the counselors at the varying levels utilize differing tools and techniques. The counseling at the Elementary is more developmental. The counselors there are resources for children to learn about self and interpersonal relationships in a purposeful way. They assist in crisis situations but are careful not to be identified by staff and students as crisis or maladjustment centered. In Junior High School the counselor is aware of increased decision making relative to students embarking on their high school program. This process is often in conflict with their emerging self perception and changing physical development and need support and direction. In high school, values, aptitudes and interest are more clearly defined and modified by experience and school achievement. Focus is placed upon the individual's concept of himself in relationship to his current or eventual educational/vocational pursuits so that wise choices can be made.

Operationally, this process is fostered by the utilization of group counseling, classroom observation, role playing and pre vocational exploration at the Elementary level in constant interaction with instructional staff, parents and curriculum objectives. At the secondary level these procedures are reinforced by actual manipulation of curricula in keeping with changes of school admission and work needs of industry, individual program adjustments, rap sessions and work-study experiences to prepare for gainful employment.

Specifically, Northeastern University is again offering a series of occupational conferences to implement career exploration. We have found statistically that a greater proportion of last year's class is now entering the two-year community colleges and technical institutions because of the questioned viability of a four-year college experience and its allied cost. For example, a survey conducted with our students in guidance in grades 10 through 12 indicate well over one-third might be interested in attending a vocational-technical high school should it be made available to them. Medfield students are pretty well precluded from this option at the present time.

The Medfield State Hospital, under our Federal Grant criteria, is continuing and expanding its relationship with our work experience and handicapped programs. Supervisory personnel in the psychiatric and nursing services as well as social service and occupational therapy are providing on-the-job training for certain selected Medfield students. These trainees are given course credit and will be considered eligible for eventual employment if so desired. Moreover, the field coordinator who is partially assigned to instructing the adult patients in our office service center at the high school has been extremely gratified with the progress they have made not only in absorbing office skills, but notes their greater levels of aspiration vocationally. This is consistent with their new perception of themselves as productive and capable persons.

This report has touched on certain aspects of the roles and purposes served by the various specialists in guidance. We are extremely grateful for the interest maintained by groups in the community such as AVIS and COME who are attempting to make our functions better known and the School Committee and the Administrative officers who implemented the expansion of guidance services to the Elementary levels.

Respectfully submitted,

ALAN E. HASTINGS
Guidance Director

REPORT ON OCCUPATIONAL EDUCATION

To the Superintendent of Schools:

It is my pleasure to submit the second annual report on Occupational Education.

Student enrollments in Occupational Education classes (Business Education, Home Economics, and Industrial Education) showed an increase of 17 per cent in 1971. Participation in Art Education increased 12 per cent. These increases are due in part to the addition of courses in the programs, and also to the efforts of the Occupational Counselor, Mr. Robert F. Lynch, and faculty members.

A job placement program was initiated whereby the Counselor's office seeks employment offers from the business and residential community, and advertises these openings to those Junior and Senior High School students seeking either part-time or full-time employment.

The Occupational Counselor has served as coordinator of the work experience and work-study programs, as well as the newly-instituted Teacher Aide and Health Aide programs. During the year High School students with an interest in education as a career have been training in the Junior High, Memorial, and Wheelock Schools. High School students interested in Mental Health Careers have been receiving on-the-job training at the Medfield State Hospital. Participation in the work study and work experience programs has increased significantly.

As part of a reciprocal agreement with Medfield State Hospital, and under Federal funding, adult students at the Hospital are being trained in office skills under the direction of Mr. Daniel R. Feeney.

As a result of the In-Service program initiated this year, the curricula of the Occupational Education and Art Education programs are being evaluated and defined. The chairmen of these committees have been: Mrs. Claire Reed, Art Education; Mrs. Jean MacDonald and Mrs. Olive Potter, Business Education; Mrs. Louise Richardson, Home Economics; Mr. James E. Morris, Industrial Education.

A Career Education Seminar was held during the summer months for Junior and Senior High School students in order to stimulate self-examination of their interests and abilities, present available career opportunities and the training required, provide information on educational planning and financial assistance, explain procedures in applying for employment, and explore employer-employee relations with emphasis on the transition from school to the job. The Seminar was well received by both students and parents, with 54 students participating in the two-week program.

I wish to thank the Superintendent, Assistant Superintendent, School Committee, and all school personnel for their assistance and cooperation in the development of our program.

Respectfully submitted,

JAMES J. RENNICK, JR.
Director

REPORT OF ADULT EDUCATION

To the Members of the School Committee and
Mr. Thomas Blake, Superintendent of Schools:

January 5, 1971 was the beginning of the second semester of the 1970-1971 Adult Education Program. A total of fifteen courses of the original twenty-four offered were continued by the director. The courses continued by the director were Knitting, Flower Arrangement, Clothing I & II, Tailoring, Typing, Art, Woodworking, Gym for Men, Gym for Women, Advanced Flower Arrangement, Spanish, Yoga, Bridge and Drivers Education. These courses were held at the high school on Tuesday, Wednesday or Thursday evenings between the hours of 7:00 and 10:00 p.m.

The 1971-1972 Adult Education program had an original offering of twenty-four different courses, of these courses twenty-one classes were established. Duplicate courses in Woodworking, and Drivers Education were offered on different evenings. The new courses offered were Intermediate Spanish, Slipcovering, Tennis, Amateur Photography, Securities and Investments, Intermediate Yoga and Great Decisions of 1971.

Registration for the 1971 Adult Education Program was the largest ever, 381 people were registered for the fall courses and 80 different students enrolled in the Drivers Education program in January 1971.

The State-Aided courses still proved to be the more popular courses, Yoga I, Intermediate Yoga, Gym for Men, Gym for Women, Tennis, Drivers Education and Typing were the most popular of the tuition courses.

This year we requested and received State Funds to support the Adult Education Program.

Achievement Night for the 1971-1972 Adult Education Program will be on March 29, 1972, from 7:00 to 9:00 p.m. at the high school.

Respectfully submitted,

JOHN CUOCO
Director of Adult Education

REPORT OF THE DIRECTOR OF ATHLETICS

To the Superintendent of Schools:

I respectfully submit my first report as the Director of Athletics for the year ending December 31, 1971. The junior high and senior high athletic program herein reported is considered as an integral part of the curriculum.

Interscholastic teams were fielded at the junior high school. Basketball and baseball teams for boys have been set up for seventh and eighth graders. There are freshman teams in basketball, baseball, and football for the ninth graders. Following is listed the coaching staff at the junior high:

Seventh & Eighth grades	basketball	Mr. Robert Hunter
Seventh & Eighth grades	baseball	Mr. Stuart Maynard
Freshman	basketball	Mr. Gordon Hodne
Freshman	baseball	Mr. James Georgian
Freshman	football	Mr. George Ruggerio

Interscholastic teams at the high school were fielded for boys in football, basketball, baseball, cross-country, tennis, and outdoor track. Girls teams competed in basketball, softball, field hockey, and cheerleading. Following is listed the coaching staff at the senior high school:

boys - basketball (varsity)	Mr. George Ruggerio - head coach
boys - basketball (J.V.)	Mr. David Gibbs
boys - baseball (varsity)	Mr. Gordon Hodne - head coach
boys - baseball (J.V.)	Mr. James Georgian
boys - tennis	Mr. Robert Hunter
boys - outdoor track	Mr. Robert Belmont
boys - cross-country	Mr. Robert Belmont
boys - indoor track	Mr. Gary Youlden
boys - football (varsity)	Mr. William Young - head coach
	Mr. Gary Youlden - assistant coach
boys - football (J.V.)	Mr. David Gibbs
girls - softball	Miss Susan Carney
girls - basketball	Miss Karen Klosowski
girls - field hockey	Mrs. Nancy Kelley
girls - cheerleading	Mrs. Diana Dyro (January - March)
girls - cheerleading I & II	Miss Linda Grady (Sept. - December)

All teams competed in the Tri-Valley League, except the indoor track team, which competed in the Massachusetts Suburban Indoor Track League. The softball and girls basketball coaches served as varsity and junior varsity mentors for their respective teams. Boys golf was

coached on a volunteer basis by Dr. James Sproul as an unofficial school sport. All teams were successful in imparting good sportsmanship, teamwork, and school spirit.

At the annual sports award assembly every boy and girl who participated in athletics during the school year received a letter, a certificate, or a sweater. Trophies were given to the most valuable players. The Edward Keyes School spirit Award, which is a $250.00 prize given by the Boosters Club of Medfield, and a trophy for school spirit were presented to Deborah Sears. The Scholar Athlete Award for boys was presented to Donald Conlon. The Scholar Athlete Award for girls was presented to Eileen O'Brien.

During 1971 interested citizens approached the School Committee with detailed programs for the integration of soccer and ice hockey into the athletic program. As a goal of the overall interscholastic program there will be a concerted effort to meet all curriculum needs with an expansion of the athletic program, especially in the area of girls sports.

Respectfully submitted,

BERNARD J. SHEA
Director of Athletics

REPORT OF THE SCHOOL LUNCH PROGRAM

To the Superintendent of Schools:

It is with pleasure I submit my annual report of the School Lunch Program for the year ending December 31, 1971.

During the past year the school cafeterias served an average of 1800 meals per day, although In-Service Days and Field Trips cut into our participation.

We try to have menus that appeal to our students but at the same time State requirements and price of food do not allow us to satisfy all their "wants". Parents have been surprised to know the Medfield School Lunch Program is self-supporting.

The Dale Street School has been serving lunches to our Senior Citizens. Chicken and turkey seem to be their favorite "drawing cards".

The Junior and Senior High School Cafeterias are pleased to have student assistants at the lunch hour rush. Student workers are paid a small hourly wage and receive a free lunch.

In January 1972, it is mandatory that all school children be able to have a school lunch provided for them. This town is very fortunate, each school has a kitchen and cafeteria so a "carry-out program" is not necessary.

The High School Student Council has requested a snack breakfast program which is being given careful consideration.

In the Memorial School, with the expected help of State aid for some new equipment, we look forward to improved cooking and serving facilities.

I wish to thank the Superintendent, Assistant Superintendent, School Committee, Cafeteria Personnel, and all other school personnel for their assistance and cooperation throughout the past year.

Respectfully submitted,

DOROTHY E. AVERY
School Lunch Director

TOWN CLERK'S REPORT

FOR THE YEAR ENDING DECEMBER 31, 1971

VITAL STATISTICS

IMPORTANT NOTICE

Chapter 45 of the General Laws of Massachusetts requires that every physician shall within fifteen days after the birth at which he has officiated, report the same to the Town Clerk of the Town in which the birth took place.

Parents within forty days after the birth of a child and every householder, within forty days after a birth in his house shall cause notice thereof to be given to the Town Clerk of the Town in which the birth took place.

Failure to give such notice is punishable with a fine.

Blanks for the return may be obtained upon application to the Town Clerk.

Parents and others are requested to carefully examine the following lists and if there are any errors or omissions, report such at once to the Town Clerk. This is important so that we may have as accurate and complete a record of Vital Statistics as possible.

BIRTHS RECORDED IN MEDFIELD DURING THE YEAR 1971

Date	Child's name	Place of Birth	Parents
Jan. 2	Robert Edward Kornasky	Needham	Edward J. and Janet M. Fittin

TOWN OF MEDFIELD
WARRANT FOR ANNUAL TOWN MEETING
COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs to meet at the Memorial School, in said Medfield, on Monday, the first day of March A.D., 1971 at 6:00 o'clock A. M., then and there to act on the following articles:

ARTICLE 1. To choose all Town Officers required to be elected annually by ballot, viz:

One Moderator, One Town Clerk, One Selectman, all for one year.

One Selectman, One Assessor, Two Trustees of the Public Library, One Collector of Taxes, Two Members of the School Committee, One Member of the Board of Health, One Cemetery Commissioner, One Member of the Water and Sewerage Board, Two Members of the Park Commission, all for three years.

One Member of the Planning Board and one Member of the Housing Authority, for five years.

QUESTION OF ADOPTING A CHARTER

If the vote on the question submitted is in the affirmative, the nine candidates receiving the highest number of votes shall be declared elected.

"Shall A Commission be elected to frame a charter for the Town of Medfield?"

YES ☐

NO ☐

Nine members of Charter Commission as provided in the Constitution and General Laws.

The polls will be opened at 6:00 o'clock A.M. and shall be closed at 8:00 o'clock P.M.

On Monday, the eighth day of March A.D. 1971 commencing at 7:30 P.M., the following articles will be acted on at the Amos Clark Kingsbury School Gymnasium in said Medfield, viz:

ARTICLE 2. To see if the Town will vote to accept the reports of the several Town Officers for the past year.

ARTICLE 3. To see if the Town will vote to appropriate sums of

money requested by the Selectmen or any other Town Officer, Board, Commission and Committee to defray operating expenses of the Town for the current year or such other sums as the Town may determine and to fix the salary or other compensation of all elected officers of the Town as required by General Laws, Chapter 41, Section 108, or do or act anything in relation thereto.

ARTICLE 4. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of the revenue for the financial years beginning January 1, 1971 and January 1, 1972, in accordance with provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17, or take any other action relative thereto.

ARTICLE 5. To see if the Town will authorize the Collector to use all means in the collection of taxes as the Treasurer might if elected to that office.

ARTICLE 6. To see if the Town will vote to amend the Classification of Positions and Pay Schedules of the Personnel Administration Plan so that it reads as follows:

Charles & Marjorie Sloan Lot	$50.00
Paul & Margaret Seeley Lot	$200.00
Byron & Claire Reed Lot	$100.00
William Bullard Lot	$100.00
Walter & Ruth Anderson Lot	$100.00
Herman & Kathe Remmers Lot	$100.00
Raymond & Margaret Hollis Lot	$200.00

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this second day of February, A.D., Nineteen Hundred and Seventy-one.

HARRY A. KELLEHER
WESTON G. KOLSTI
Selectmen of Medfield

COMMONWEALTH OF MASSACHUSETTS

Medfield, Massachusetts
February 19, 1971

Norfolk, s.s.

By virtue of this warrant, I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections to meet at the time and for the purpose named, by posting attested copies of said warrant in not less than five public places in the Town of Medfield at least seven days before the time of holding the meeting.

WILLIAM H. MANN
Constable of Medfield

ANNUAL TOWN MEETING FOR THE ELECTION OF OFFICERS

March 1, 1971

Pursuant to the foregoing warrant the meeting was opened at 6:00 A. M. by the Town Clerk with the reading of the warrant through Article 1. The ballot box had been previously checked and found to be in good working order, a corrected voting list displayed and instructions to voters and specimen ballots posted within the polling place. The following persons were sworn in and assigned to their duties: Mary Mair Etienne and Alice Ripley distributing ballots and checking at the entrance; Beatrice Bangs and Anne Donlan checking at the ballot box and Leo Kelly and Thomas Clancy, Warden and Deputy Warden in charge of the ballot box, and Louellen D. Walsh, Clerk and Marie Burke, Deputy Clerk. At 4:00 P. M. Mae Maguire, Barbara Connors, Elizabeth Ipolliti, and Clara DeNucci were also sworn in as checkers. The tellers for the counting of ballots after the polls were closed were John DeMartino, Clara DeNucci, Elizabeth Ekstrom, John Harney, Elizabeth Ipolliti, Mary Lovell, Mary Mair Etienne, Anna Murphy, Edna McGlynn, Sarah Regan, Beatrice Bangs, Barbara Connors, Roberta Kolsti, Evelyn Gronberg, Elmer Portmann, Jana LaPoint, Mae Maguire, Jean Minesinger, Reigh Porter and Beverly Smith.

The polls were declared closed at 8:00 P. M.

The total vote cast was 2003. This included 31 absentee ballots. This was just under 50% of the 4025 registered voters.

After the final tabulation was made, the results were announced as follows:

ARTICLE 49. Voted to authorize the Moderator to appoint a committee of five (5) members and authorize it to make arrangements and to spend money appropriated under Article 3 for the observance of Memorial Day.

At this time the General School Budget, Item 96 was brought up for reconsideration. A motion to amend the budget failed and the sum of Two Million, Three Hundred Ninety-nine Thousand, Seven Hundred Eighty-nine Dollars ($2,399,789) was voted.

Motion to amend	Yes	242
	No	316

Resolutions adopted:

1. This town meeting resolve that the school committee be directed to appoint, as soon as possible, citizens of Medfield to act as advisory committees to all principals and department coordinators. The function of these committees will be to participate to the extent of their abilities and qualifications in all phases of the budgetary process--evaluation, planning, programming, and budgeting--this process to be a continuous one. And that the school committee also be directed to search out other methods such as, but not limited to, public hearings, forums and volunteer programs, to further involve the citizenry.

2. Whereas, The Medfield tax rate has shown an alarming rise over the past two years (of 15 and approximately 16% respectively) and

Whereas, We, the citizens of Medfield find not only the present tax rate but also the continuing rapid rise oppressive and unacceptable: and

Whereas, In order to prevent this rapid rise in future years, be it therefore

Resolved, That all officials of the Medfield Town Government be apprised that we the citizens do not desire to have additional services provided for us unless approved in town meeting.

Resolved, that it is the sense of this meeting that the heads of all committees, branches and departments of the Medfield Town Gov-

ernment are directed to review the operations for which they are responsible to eliminate non-essential activities and services, to find new and more economical ways of providing necessary services, and to take any other steps necessary to reduce the cost of town government, and thereby the tax rate.

Resolved, That it is the sense of this meeting that the heads of all committees, branches and departments of the Medfield Town Government be directed in the preparation of future year budgets to limit their financial requests to the present levels, modified by cost of living indices published by the U. S. Bureau of Labor Statistics and the gross quantity of services they provide to the citizens as established by changes in town population and changes in services provided as approved in town meeting.

3. Requesting future School Budget reports, as recommended and published by the Finance Committee, be broken down in greater detail along the general guidelines as presented at this meeting.

This motion is in no way a reflection of our confidence in the present Finance Committee or the School Committee, but is presented in an effort to have a better informed town meeting membership.

TOWN WARRANT

SPECIAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, S.S.

To either of the Constables of the Town of Medfield in said county, greeting:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and town affairs, to meet at the Amos Clark Kingsbury School in said Medfield on Monday, the 8th day of March A. D. 1971 at 8:00 P. M. then and there to act on the following articles:

ARTICLE 1. To see if the Town will vote to authorize the Board of Selectmen to acquire for conservation purposes, by eminent domain or otherwise, that parcel of land containing 5.33 acres shown as lot 110 on a plan of land on file with the Conservation Commission entitled "Plan of Land in Medfield, Mass. Subdivision of Lot 18 as Shown on Land Court Plan 16428-8, Scale 1" = 40' dated December 4, 1969 by Cheney Engineering Co., Inc. or however, else said parcel may be described, as authorized by Massachusetts General Laws, Chapter 40, Section 8C, as amended, and all other applicable laws, or take any other action relative thereto. (Conservation Commission)

ARTICLE 2. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Seven Hundred and Fifty Dollars ($750) for the purpose of paying land damages arising from the relocation of Elm Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 3. To see if the Town will vote to raise and appropriate or borrow or transfer a sum of money for the purpose of laying out public ways in the Gun Hill Park Subdivision and laying out drainage for Pine Needle Park Subdivision No. 4 also known as Hatters Hill Subdivision, or take any other action relative thereto.
(Board of Selectmen)

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting aforesaid.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this first day of March, A.D. Nineteen Hundred and Seventy-one.

HARRY A. KELLEHER
WESTON G. KOLSTI
Selectmen of Medfield

COMMONWEALTH OF MASSACHUSETTS

Medfield, Massachusetts
Norfolk, ss. March 1, 1971

By virtue of this warrant, I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections to meet at the time and for the purpose named, by posting attested copies of said warrant in not less than five public places in the Town of Medfield at least seven days before the time of holding the meeting.

WILLIAM H. MANN
Constable of Medfield

SPECIAL TOWN MEETING

March 8, 1971

Pursuant to the foregoing warrant, the meeting was called to order by the Moderator at 8:00 P. M. in the Amos Clark Kingsbury School and after reading the warrant notice and the Selectmen and Constable's returns, action was taken on the articles as follows:

ARTICLE 1. Voted to authorize the Board of Selectmen to acquire for conservation purposes, by eminent domain or otherwise, that parcel of land containing 5.33 acres shown as lot 110 on a plan of land on file with the Conservation Commission entitled "Plan of Land in Medfield, Mass. Subdivision of Lot 18 as Shown on Land Court Plan 16428-8., Scale 1" = 40' dated December 4, 1969 by Cheney Engineering Co., Inc. or however, else said parcel may be described, as authorized by Massachusetts General Laws, Chapter 40, Section 8C, as amended and all other applicable laws. The vote was unanimous.

ARTICLE 2. Voted to raise and appropriate the sum of Seven Hundred and Fifty Dollars ($750) for the purpose of paying land damages arising from the relocation of Elm Street.

ARTICLE 3. Voted to raise and appropriate the sum of Eight Hundred Dollars ($800) for the purpose of laying out public ways in the Gun Hill Park Subdivision and laying out drainage for Pine Needle Park Subdivision No. 4, also known as Hatters Hill Subdivision.

The meeting was adjourned at 8:10 P. M.

Town Clerk

TOWN OF MEDFIELD
WARRANT FOR SPECIAL TOWN MEETING
COMMONWEALTH OF MASSACHUSETTS

Norfolk, S.S.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs, to meet at the Dale Street School, in said Medfield on Monday the seventh day of June A. D. 1971 at 7:30 then and there to act on the following articles:

ARTICLE 1. To see if the Town will vote to appropriate, and/or borrow, and/or transfer a sum of money as the Town's Chapter 90 share for the construction of Hospital Road and Harding Street, said money to be used with funds alloted by the County and State, or take any action in relation thereto. (Board of Selectmen)

ARTICLE 2. To see if the Town will vote to delete the present classification and rates for Patrolman and Sergeant in the Personnel Administration Plan and substitute the following:

	Minimum	Step 2	Step 3	Maximum
Patrolman	7,260	7,810	8,360	9000
Sergeant	9,000	9,600	10,000	

or do or act anything in relation thereto.

(Personnel Board)

ARTICLE 3. To see if the Town will vote to amend Section 14 b of the Personnel Administration Plan so as to read as follows:

b. An employee in continuous employment shall be credited with the unused portion of sick leave granted under subsection (a) up to a maximum of seventy-five (75) days.

(Personnel Board)

ARTICLE 4. To see if the Town will vote to transfer to the Memorial Public Library of Medfield the sum of One Thousand, Five Hundred Five and 25/100 Dollars ($1,505.25) received from the Commonwealth of Massachusetts under the provisions of Chapter 760, Acts of 1960 as amended, an act providing State Aid to cities and towns for free public libraries, or take any other action relative thereto.

(Library Trustees)

ARTICLE 5. To see if the Town will vote to amend the Zoning By-law and Zoning Map by removing from the provisions of Section II "AA" "A" and "C" Residence District Uses and placing under the provisions of Section III "B" Residence District Uses that certain parcel of land in Medfield, Norfolk County, Massachusetts bounded and described as follows:

NORTHWESTERLY by Pound Street, Eleven Hundred Three 77/100 (1103.77) feet, as shown on said plan.

SOUTHWESTERLY by South Street, Two Hundred Sixty-six 97/100 (266.97) feet.

NORTHWESTERLY by land owned by the Town of Medfield, Three Hundred Four 34/100 (304.34) feet.

SOUTHEASTERLY by three courses measuring Three Hundred Forty-seven 2/100 (347.02) feet and Eighty-one 45/100 (81.45) feet by land now or formerly of Henry C. Bridge and Mary E. Bridge and Eight Hundred Two 97/100 (802.97) feet bounded by land owned by the Town of Medfield containing Three Hundred Fifty-five Thousand Nine Hundred Ninety-nine (355,999) square feet, more or less.

shown as lots 3, 4, 5, 6, 7, 8, 9, 12, 21, 22, and 23 located on the Southeasterly side of Pound Street in Medfield, Massachusetts on a plan of land entitled "Plan of Land in Medfield, Mass., Scale: 1 in. = 40 ft., Cheney Engineering Co., Needham, Mass., June 8, 1964."

or take any other action relative thereto. (Housing Authority)

ARTICLE 6. To see if the Town will vote to raise and appropriate sums of money requested by the School Committee to defray operating expenses of the School Department for the current year or such other sums as the Town may determine, or do or act anything in relation thereto. (School Committee)

ARTICLE 7. To see if the Town will vote to raise and appropriate a sum of money requested by the School Committee for additional salaries pursuant to the collective bargaining statute of the Commonwealth of Massachusetts, or do or act anything in relation thereto. (School Committee)

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this twenty-fifth day of May A.D. Nineteen Hundred Seventy-one.

HARRY A. KELLEHER
WESTON G. KOLSTI
JOSEPH L. MARCIONETTE
Selectmen of Medfield

COMMONWEALTH OF MASSACHUSETTS

Norfolk, SS.

Medfield, Massachusetts
May 31, 1971

By virtue of this warrant, I have notified and warned the inhabitants of the Town of Medfield, qualified to vote in elections to meet at the time and for the purpose named, by posting attested copies of said warrant in not less than five public places in the Town of Medfield at least seven days before the time of holding the meeting.

WILLIAM H. MANN
Constable of Medfield

TOWN OF MEDFIELD SPECIAL TOWN MEETING
June 7, 1971

Pursuant to the foregoing warrant, the meeting was called to order by the Moderator at 7:40 P. M. in the Dale Street School Auditorium and after reading the warrant notice, Selectmen's and Constable's returns action on the articles was as follows:

A quorum was ascertained prior to voting on the articles.

ARTICLE 1. Voted that the sum of Two Thousand Dollars ($2,000) be raised and appropriated as the Town's Chapter 90 share for the construction of Hospital Road and Harding Street, said money to be used with funds allotted by the County and State.

ARTICLE 2. Voted to delete the present classification and rates for Patrolman and Sergeant in the Personnel Administration Plan and substitute the following:

	Minimum	Step 2	Step 3	Maximum
Patrolman	7,260	7,810	8,360	9,000
Sergeant	9,000	9,600	10,000	

ARTICLE 3. Voted to amend Section 14 b. of the Personnel Administration Plan so as to read as follows:

b. An employee in continuous employment shall be credited with the unused portion of sick leave granted under subsection (a) up to a maximum of seventy-five (75) days.

ARTICLE 4. Voted to transfer to the Memorial Public Library of Medfield the sum of One Thousand, Five Hundred Five and 25/100 Dollars ($1,505.25) received from the Commonwealth of Massachusetts under the provisions of Chapter 760, Acts of 1960, as amended, an act providing State Aid to cities and towns for free public libraries.

ARTICLE 5. Voted to amend the Zoning By-law and Zoning Map by removing from the provisions of Section II "AA", "A" and "C" Residence District Uses and Placing under the provisions of Section III "B" Residence District Uses that certain parcel of land in Medfield, Norfolk County, Massachusetts bounded and described as lots 7, 8, and 9 located on the Southeasterly side of Pound Street in Medfield, Massachusetts on a plan of land entitled "Plan of Land in Medfield, Mass., Scale: 1 in. 40 ft., Cheney Engineering Co., Needham, Mass., June 8, 1964.

Yes	368
No	16

ARTICLE 6. Voted to raise and appropriate the sum of Sixty Four Thousand, Two Hundred Sixty-Six Dollars ($64,266) to defray operating expenses of the School Department for the current year.

ARTICLE 7. Voted to raise and appropriate the sum of Fifty-Four Thousand, Four Hundred Nineteen Dollars ($54,419) for additional salaries pursuant to the collective bargaining statute of the Commonwealth of Massachusetts, for the School Department.

Yes	210
No	154

Voted that the meeting be dissolved.

FINANCIAL REPORTS

TOWN OF MEDFIELD

FOR THE YEAR ENDING DECEMBER 31, 1971

ASSESSORS' REPORT

To the Citizens of Medfield:

The Board of Assessors is not a policy making Board, its basic function being to determine how much money must be raised to defray the costs of the "government" of Medfield and then going about the business of levying the taxes needed to meet these costs. In the process of doing this we note - and call your attention to the fact - that our tax rate has increased each year from $37.00 in 1968 to $52.25 in 1971; this represents a 41% increase in just four years. We also suggest to you that there is no possibility of reducing expenditures since municipal services now being provided cost more each year, plus the fact that new and additional services are added from time to time as the public requires. Tax relief, a much bandied slogan, has now given way to tax reform. But tax reform is a long way off. What then, if anything, can the citizens of Medfield do in order to shift some of the tax burden from the single family dwelling?

Under its present zoning by-law Medfield is essentially dedicated to single family dwellings. It is true that on paper a substantial area of land near the Medfield Junction is dedicated exclusively to Industry and nothing else. No industry has come to this area during the last 34 years and the land lies fallow. Another substantial portion of the town is dedicated to 2 acre zoning, so-called, for single family dwellings. For all practical purposes this area remains substantially as it was at the time this zoning passed. It is possible that other substantial areas of the town are being wasted, tax-wise. Our present by-law excludes some kinds of multi-unit dwellings, discourages others, and leaves business and commerce nowhere to go but into the already overcrowded central section of the town.

The fact of the matter is that unless some sensible modification of our zoning by-law is made, the owner of the single family dwelling will have no high tax yield property to help him carry the ever increasing burden he faces. It is not necessary to destroy the essential character of the town or its amenities in order to produce some tax relief but it will take some serious study and clear thinking. We hope Medfield's citizens will be equal to the task.

Our customary Report follows:

Total Appropriations		$4,243,958.78

WARRANT

FOR

TOWN OF MEDFIELD

ANNUAL TOWN MEETING

1972

TOWN OF MEDFIELD
WARRANT FOR ANNUAL TOWN MEETING
COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To either of the Constables of the Town of Medfield, in said County, greetings:

In the name of the Commonwealth you are directed to notify and warn the inhabitants of the Town of Medfield, qualified to vote in elections and in town affairs to meet at the Memorial School, in said Medfield, on Monday, the sixth day of March A. D., 1972 at 6:00 o'clock A. M., then and there to act on the following articles:

ARTICLE 1. To choose all town Officers required to be elected annually by ballot, viz:

One Moderator, One Town Clerk, all for one year.

One Selectman, One Assessor, One Treasurer, Two Trustees of the Public Library, Two Members of the School Committee, One Member of the Board of Health, One Cemetery Commissioner, One Member of the Water and Sewerage Board, One Member of the Park Commission, all for three years.

One Member of the Planning Board for five years.

QUESTION OF ADOPTING A CHARTER

"Shall this Town approve the new Charter recommended by the Charter Commission as summarized below?"

Yes ☐ No ☐

Main features of proposed Charter:

(a) Increased information for voters through an expanded Annual Town Meeting Warrant Report and public hearing prior to its publication;

(b) Dates of Town Election and Town Meeting changed in in view of change in Town's Fiscal year required by Law;

(c) Open Town Meetings retained;

(d) Three-member Board of Selectmen retained;

(e) All present elective officers retained except four, which will become appointive to permit improved supervision of essential Town services (Board of Health, Cemetery Commission, Tree Warden and Water and Sewerage Board.)

QUESTION OF PUBLIC POLICY

"Shall licenses be granted in this town for the operation, holding or conducting a game commonly called Beano?"

Yes ☐ No ☐

The polls will be opened at 6:00 o'clock A. M. and shall be closed at 8:00 o'clock P. M.

On Monday, the thirteenth day of March A. D. 1972 commencing at 7:30 P. M., the following articles will be acted on the Amos Clark Kingsbury School Gymnasium in said Medfied, viz:

ARTICLE 2. To see if the Town will vote to accept the reports of the several Town Officers for the past year.

ARTICLE 3. To see if the Town will vote to appropriate sums of money requested by the Selectmen or any other Town Officer, Board, Commission and Committee to defray operating expenses of the Town for the current year or such other sums as the Town may determine as required by General Laws, Chapter 41, Section 108, or do or act anything in relation thereto.

ARTICLE 4. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen, to borrow money in anticpation of the revenue for the financial years beginning January 1, 1972 and January 1, 1973, in accordance with provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17, or take any other action relative thereto.

ARTICLE 5. To see if the Town will authorize the Collector to use all means in the collection of taxes as the Treasurer might if elected to that office.

ARTICLE 6. To see if the Town will vote to fix the salary and compensation of the following elected officers:

Moderator
Town Clerk
Treasurer
Selectmen
Assessors
School Committee
Trustees of Public Library
Collector of Taxes
Board of Health
Cemetery Commissioners
Water and Sewerage Commissioners
Planning Board
Park Commissioners
Tree Warden

or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 7. To see if the Town will vote to amend Section 16 of the Personnel Administration Plan by changing the first sentence to read as follows:

> Regular full-time employees exclusive of the Department Heads will be paid one and one-half time for all hours worked in excess of forty (40) hours per week within the Department where the employee is regularly employed, effective July 1, 1972.

or do or act anything in relation thereto.
(Personnel Board & Selectmen)

ARTICLE 8. To see if the Town will vote to amend certain positions under Classification of Positions and Pay Schedules of the Personnel Administration Plan as follows:

Position	Rate Range				
POLICE DEPARTMENT	Minimum	2nd Step	3rd Step	4th Step	Maximum
Sergeant	9,600	10,000	10,500		
Patrolmen	7,260	7,810	8,360	9,000	9,600

or do or act anything in relation thereto. (Personnel Board)

ARTICLE 9. To see if the Town will vote to amend Section 12 of the Personnel Administration Plan by deleting the table of Time Employed and substituting the following therefor:

As of June 1st Each Year	Length of Vacations

6 months up to one year	5 days
1 year, but less than five years	10 days
5 years, but less than ten years	15 days
10 years and over	20 days

or do or act anything in relation thereto. (Personnel Board)

ARTICLE 10. To see what change the Town will vote to make in the Classification of Positions and Pay Schedules of the Personnel Administration Plan as it pertains to the position of Recreation Coordinator, or take any other action relative thereto. (Personnel Board)

ARTICLE 11. To see what action the Town wishes to take with regard to amending the Classification of Positions and Pay Schedules of the Personnel Administration Plan to read as follows:

REGULAR PART TIME POSITIONS

		Minimum	2nd Step	3rd Step	4th Step	Maximum
LIBRARY						
Librarian	annual	4,455	4785	5,115	5,445	5,940

or do or act anything in relation thereto. (Personnel Board)

ARTICLE 12. To see if the Town will vote to direct the Board of Selectmen to petition the General Court to enact legislation to remove the position of Chief of Police of the Town of Medfield from the operation of the Civil Service Law, or take any other action relative thereto. (Personnel Board)

ARTICLE 13. To see if the Town will vote to amend the Personnel Administration Plan by adding a Section 24 as follows:

> For the purpose of this by-law, a Temporary Intermittent Police Officer working as a full-time scheduled officer shall be considered a regular part-time employee in the application of Section 12 (Vacations), Section 14 (Sick Leave), and Section 15 (Holidays) and shall be paid or given time off accordingly.

or do or act anything in relation thereto. (Police Department)

ARTICLE 14. To see if the Town will vote to amend the Personnel Administration Plan as follows:

1) by adding to section 14 (Sick Leave), sub-section "a" the following:

Upon completion of 30 days of regular part-time employment, an employee in a Regular part-time postion paid on an annual basis shall be allowed one normal working day of sick leave with pay for each month of employment completed in any given calendar year provided such leave is caused by sickness or injury or by exposure to contagious disease, but not by injury sustained in other employment.

2) by inserting in Section 23 (Funeral Leave) after the phrase "Regular full-time employees" the following:

and regular part-time employees paid on an annual basis

or take any other action relative thereto.

(Trustees of the Memorial Public Library)

ARTICLE 15. To see if the Town will vote to amend the Classification of Positions and Pay Schedules of the Personnel Administration Plan so that it reads as follows:

CLASSIFICATION OF POSITIONS AND PAY SCHEDULE

FULL TIME POSITIONS

Position		Minimum	2nd Step	3rd Step	4th Step	Maximum
EXECUTIVE DEPARTMENT						
Admin. Secretary	Annual	5,940	6,380	6,820	7,260	7,660

or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 16. To see if the Town will vote a Step-increase or a 5.5% pay increase for the following positions in the Street Department Pay Schedule:

Foreman, Equipment Operator Repairman, Heavy Equipment Operator and Light Equipment Operator, and to raise and appropriate a sum of money therefor, or do or act anything in relation thereto.

(Petition)

ARTICLE 17. To see if the Town will vote a 5.5% pay increase for the following positions in the Water and Sewerage Department Pay Schedule:

Foreman, Light Equipment Operator and Secretary, and to raise and appropriate a sum of money therefor, or do or act anything in relation thereto. (Petition)

ARTICLE 18. To see if the Town will vote to authorize the Water and Sewerage Board to appoint one of its members as Water Superintendent, and to fix the compensation for said position, or do or act anything in relation thereto. (Water and Sewerage Board)

ARTICLE 19. To see if the Town will vote to authorize the Cemetery Commissioners to appoint one of its members as Superintendent, and to fix the compensation for said position, or do or act anything in relation thereto. (Cemetery Commissioners)

ARTICLE 20. To see if the Town will vote to amend Article 26 of the Annual Town Meeting of March 11, 1963 as follows:

After the first sentence, insert the following sentence:

"No such person shall solicit after dark, unless by prior appointment."

or do or act anything in relation thereto. (Police Department)

ARTICLE 21. To see if the Town will vote to substitute the following for Section 14 of Article IV, Police Regulations, of the Town By-laws:

"Article IV, Section 14.

"No person shall fire or discharge any firearm within the limits of any park, playground, or other public property except with the consent of the Board of Selectmen, or hunt or fire or discharge any firearm or any private property except with the consent of the owner or legal occupant thereof. This by-law shall not apply to the lawful defense of life or property, or to any law enforcement officer acting in the discharge of his duties. Any person violating any of the provisions of this by-law shall be punished by a fine of not more than twenty (20) dollars for each offense."

or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 22. To see if the Town will vote to raise and appropriate and/or transfer from available funds, a sum of money to purchase and equip one or more vehicles for use as police cruisers, and to authorize The Board of Selectmen to trade or sell the present cruisers as part of the purchase price, or do or act anything in relation thereto.
(Police Department)

ARTICLE 23. To see if the Town will vote to raise and appropriate the sum of Nineteen Thousand Dollars ($19,000.) for the purchase of a truck chassis and body for the Street Department and authorize the Board of Selectmen to trade as part of the purchase price a 1954

White chassis, or do or act anything in relation thereto.
(Board of Selectmen)

ARTICLE 24. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Two Thousand, Two Hundred and Forty Dollars ($2,240) for the installation of storm drainage in Pleasant Street between Curve Street and Metacomet Street, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 25. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Fifty-nine Hundred Dollars ($5,900) for the purpose of replacing a drainage culvert in Upham Road, or do or act anything in relation thereto.
(Board of Selectmen)

ARTICLE 26. To see if the Town will vote to raise and appropriate the sum of Fifteen Hundred Dollars ($1,500) as the Town's Chapter 90 share for the maintenance of Chapter 90 roads; said funds to be used with funds allotted by the County and State, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 27. To see if the Town will vote to raise and appropriate Six Thousand, Five Hundred and Twenty-five Dollars ($6,525) as the Town's Chpater 90 share for the reconstruction of Hospital Road and Harding Street and/or North Street, and to authorize the Selectmen to enter into any and all contracts necessary or incidental thereto, said money to be used with funds allotted by the County and State, or take any action relative thereto. (Board of Selectmen)

ARTICLE 28. To see what sum of money the Town will vote to raise and appropriate, borrow or transfer from available funds, including the stabilization fund, for the construction of a Town Garage; and to see if the Town will vote to authorize the Board of Selectmen to enter into contracts for the same, to approve payment of bills and to accept the work when completed, or do or act anything in relation thereto.
(Town Garage Committee and Board of Selectmen)

ARTICLE 29. To see if the Town will vote to accept as public ways the following named streets or parts thereof:

Lakewood Drive from Station 1 + 20.91 to Station 6 + 75.00
Lee Road from Station 14 + 90.00 to Station 20 + 89.76

as laid out by the Board of Selectmen and as shown on plans referred to in the Orders of Layout on file with the Town Clerk's Office and to authorize the Board of Selectmen to acquire by eminent domain or otherwise, such rights, titles and easements, including drainage easements as may be necessary to accomplish such purpose, or take any other action relative thereto. (Board of Selectmen)

ARTICLE 30. To see if the Town will vote to raise and appropriate and/or transfer from available funds the following sums for the purpose of paying land damages arising from the relocation of the following named streets:

North Street	$512.08
Philip Street	270.00

or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 31. To see if the Town will vote to raise and appropriate the sum of Eight Thousand Dollars ($8,000) for the purpose of adjusting town utilities in conjunction with the construction of proposed Route 27, or do or act anything in relation thereto.

(Board of Selectmen)

ARTICLE 32. To see if the Town will vote to accept as a public way a portion of Green Street extending in a westerly direction approximately one hundred and eighty (180) feet from its intersection with Brook Street, and an easterly direction approximately four hundred and sixty (460) feet from its intersection with Brook Street to Town-owned property, as relocated by the Board of Selectmen and as shown on a plan by Cheney Engineering Company, Inc. entitled, "Relocation of a Portion of Green Street", dated January 11, 1972 and filed with the Town Clerk, to authorize the Selectmen to acquire by eminent domain or otherwise such rights, titles and easements in such land as are necessary therefor to accomplish said purposes and further to raise and appropriate a sum of money for the payment of land damages therefor, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 33. To see if the Town will vote to authorize the Board of Selectmen to appoint a committee to study the feasibility of having the records of the town departments maintained by electronic data processing or similar processing, and to see what sum of money the Town will vote to raise and appropriate for the expenses of said committee, or take any other action relative thereto.

(Board of Selectmen)

ARTICLE 34. To see if the Town will vote to amend the By-laws by adding Section 23 to Article II as follows:

> "The Board of Selectmen may apply for and enter into contracts for grants or gifts of funds from the federal government, the state government, a charitable foundation, a private corporation, or an individual; provided, however, that no contract calling for expenditure of funds by the Town shall be entered into until such time as the funds have been appropriated by vote of the Town. The School Committee shall have the same powers as the Board of

Selectmen regarding grants or gifts of funds for educational purposes."

or take any other action relative thereto. (Board of Selectmen)

ARTICLE 35. To see if the Town will vote to raise and appropriate and/or transfer a sum of money for the purpose of providing recreation for the physically and mentally handicapped, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 36. To hear and act on the reports of any special committee appointed at any previous Special Town Meeting or Annual Town Meeting or appointed by the Moderator or Selectmen as authorized by the vote of the Town. (Board of Selectmen)

ARTICLE 37. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Twelve Thousand Dollars ($12,000) to the Conservation Fund for the purchase of Lot 726 as shown on the Assessors' plans, 10.3 acres, located on Noon Hill Road, now or formerly belonging to James F. Gilmore, Frederick H. Gilmore, Warren R. Gilmore and Samuel R. Gilmore, and to authorize the Board of Selectmen and the Conservation Commission to apply to any and all Federal, State and private agencies or individuals for grants, gifts or other reimbursements for all or part of the purchase price, or take any action relative thereto. (Conservation Commission)

ARTICLE 38. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of Twenty Thousand Dollars ($20,000) to the Conservation Fund, to purchase Lot 737 as shown on the Assessors' Plans, 9.9 acres, on Noon Hill, now or formerly belonging to Delmer Kelley, and to authorize the Board of Selectmen and the Conservation Commission to apply to any and all Federal, State and private agencies or individuals for grants, gifts or other reimbursements for all or part of the purchase price or take any action relative thereto. (Conservation Commission)

ARTICLE 39. To see if the Town will vote to raise and appropriate and/or transfer from available funds a sum of money to the Conservation Fund to purchase lot 1179 as shown on the Assessors' Plans, 25.8 acres, located on Noon Hill Road and portion of lot 1178 as shown on the Assessors' Plans, approximately 2.5 acres, abutting Stop River, now or formerly belonging to Catherine M. Ramsdell, and to authorize the Board of Selectmen and the Conservation Commission to apply to any and all Federal, State and private agencies or individuals for grants, gifts or other reimbursements, for all or part of the purchase price, or take any action relative thereto.

(Conservation Commission)

ARTICLE 40. To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of Five Thousand Dollars ($5,000) for the "Conservation Fund", or do or act anything in relation thereto. (Conservation Commission)

ARTICLE 41. To see if the Town will vote to raise and appropriate and/or transfer the sum of Nine Hundred Fifty Dollars ($950) for the paving of the diagonal sidewalk in Baxter Park, or do or act anything in relation thereto. (Park and Recreation Commission)

ARTICLE 42. To see if the Town will vote to raise and appropriate and/or borrow or transfer from available funds the sum of Sixty-one Hundred Dollars ($6,100) to repair approximately 170 feet in length of bulging retaining wall at Baker's Pond; and authorize the Park and Recreation Commission to enter into contracts for the work to approve payment of bills for the work and to accept the work when completed, or take any other action relative thereto.
(Park and Recreation Commission)

ARTICLE 43. To see if the Town will vote to raise and appropriate and/or borrow or transfer from available funds Two Thousand Dollars ($2,000) to repair the retaining wall and sidewalks at Baker's Pond, corner of Frairy and North Streets; and authorize the Park and Recreation Commission to enter into contracts for the work, to approve payment of bills for the work and to accept the work when completed, or take any other action relative thereto.
(Park and Recreation Commission)

ARTICLE 44. To see if the Town will vote to raise and appropriate and/or borrow or transfer from available funds Five Hundred Dollars ($500) to reset granite caps in certain areas of Baker's Pond retaining wall; and authorize the Park and Recreation Commission to enter into contracts for the work, to approve payment of bills for the work and to accept the work when completed, or take any other action relative thereto. (Park and Recreation Commission)

ARTICLE 45. To see if the Town will vote to raise and appropriate and/or borrow or transfer from available funds Four Hundred Dollars ($400) to repair the Baker's Pond granite retaining wall on the southeast corner facing North Street; and authorize the Park and Recreation Commission to enter into contracts for the work, to approve payment of bills for the work and to accept the work when completed, or take any other action relative thereto. (Park and Recreation Commission)

ARTICLE 46. To see if the Town will vote to raise and appropriate and/or borrow or transfer from available funds the sum of One Thousand Dollars ($1,000) to replace and/or repair fencing at Baker's Pond; and authorize the Park and Recreation Commission to enter into

contracts for the work, to approve payment of bills for the work and to accept the work when completed, or take any other action relative thereto. (Park and Recreation Commission)

ARTICLE 47. To see if the Town will vote to raise and appropriate and/or transfer the sum of Two Thousand Six Hundred Dollars ($2,600) for the purpose of purchasing and installing an aeration/circulation system at the Corporal Stephen Hinkley Memorial Park, or do or act anything in relation thereto.
(Park and Recreation Commission)

ARTICLE 48. To see if the Town will vote to raise and appropriate and/or transfer the sum of Three Thousand Dollars ($3,000) to be disbursed by the Park and Recreation Commission, for the purposes of employing engineering consultants, securing plans and specifications, and initiating preliminary work to present a comprehensive plan for the development of Metacomet Park as a recreational and sports area, to the Massachusetts Bureau of Natural Resources and/or the Federal Department of Housing and Urban Development, or other governmental agencies having funds for this purpose, for approval as a joint project, eligible for joint funding, or do or act anything in relation thereto. (Park and Recreation Commission)

ARTICLE 49. To see if the Town will vote to form a School Survey Committee, to be appointed by the Moderator, to consist of one member from the School Committee, one member from the School Planning and Building Committee, one member from the Finance Committee, one member from the Planning Board and three members at large, said committee to be charged with the responsibility of making an in-depth study of the Town's public school curriculum, facilities and management, to make recommendations and to assist with the implementation of such recommendations, and that said committee be empowered to retain consultants to assist with carrying out the purposes of this article and that a sum of money, to be expended over a three-year period, be raised and appropriated for this purpose, or take any other action relative thereto. (Planning Board)

ARTICLE 50. To see what sum of money the Town will vote to raise and appropriate and/or transfer from available funds for the purpose of updating the Master Plan, or take any other action relative thereto. (Planning Board)

ARTICLE 51. To see what sum the Town will vote to raise and appropriate and/or borrow and/or transfer from available funds for the purpose of replacing the 1954 chassis for the 1954 forest truck for the Fire Department, or do or act anything in relation thereto.
(Fire Department)

ARTICLE 52. To see what sum the Town will vote to raise and

appropriate and/or borrow and/or transfer from available funds for the purpose of purchasing a new 1000 gallon per minute Class A Pumper for the Fire Department, or do or act anything in relation thereto. (Fire Department)

ARTICLE 53. To see if the Town will vote to raise and appropriate a sum of money to make an engineering survey and to drill test wells in order to seek new water supply, or do or act anything in relation thereto. (Water and Sewerage Board)

ARTICLE 54. To see if the Town will vote to authorize the Board of Assessors to use a sum of money from Free Cash in the Treasury for the reduction of the 1972 Tax Rate, or do or act anything in relation thereto. (Board of Assessors)

ARTICLE 55. To see if the Town will vote to substitute the following for the existing Zoning By-law, upon approval of the Attorney General:

ZONING BYLAW

for the

Town of Medfield, Massachusetts

SECTION 1

SCOPE

1.1 TITLE

This Bylaw shall be known and may be cited as the Zoning Bylaw for the Town of Medfield, Massachusetts, which herein is called "this Bylaw."

1.2 AUTHORITY

This Bylaw is adopted by virtue of and pursuant to the authority granted to the Town of Medfield by Chapter 40A of the General Laws of the Commonwealth of Massachusetts as now existing or hereafter amended herein called the Zoning Enabling Act.

1.3 PURPOSE

To promote the health, safety, convenience and welfare of the inhabitants of Medfield by lessening congestion in the streets; securing safety from fires, panic, or other danger;

providing adequate light and air; preventing the overcrowding of land; avoiding undue congestion of population; facilitating the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements; and by other means in accordance with a comprehensive Master Plan prepared during the years 1963 and 1964.

SECTION 2

DEFINITIONS

2.1 For the purpose of this Bylaw, certain terms and words shall have the meaning given herein. Words used in the present tense include the future. The singular number includes the plural, and the plural the singular. The words used or occupied include the words designed, arranged, intended or offered to be used or occupied. The words building, structure, lot, land or premises shall be construed as though followed by the words "or any portion thereof." The word shall is always mandatory and not merely directory.

Terms and words not defined herein but defined in the Medfield Building Code shall have the meanings given therein unless a contrary intention clearly appears. Words not defined in either place shall have the meaning given in Webster's Unabridged Dictionary, Third Edition. Uses listed in the Table of Use Regulations under the classes Retail and Service Trades and Wholesale Trade and Manufacturing shall be further defined by the Standard Industrial Classification Manual published by the U. S. Bureau of the Census.

2.1.1 Abandonment--The visable or otherwise apparent intention of an owner to discontinue a nonconforming use of a building or premises, or the removal of the characteristic equipment or furnishing used in the performance of the nonconforming use, without its replacement by similar equipment or furnishings, or the replacement of the nonconforming use or building by a conforming use or building.

2.1.2 Alteration--Any construction, reconstruction or other action resulting in a change in the structural parts or height, number of stories, size, use or location of a building or other structure.

2.1.3 Board--The Board of Appeals of the Town of Medfield, Massachusetts.

2.1.4 Building--A combination of any materials, whether

portable or fixed, having a roof, to form a structure for the shelter of persons, animals or property. For the purposes of this definition "roof" shall include an awning or any similar covering, whether or not permanent in nature.

2.1.5 Building Accessory--A detached subordinate building, the use of which is customarily incidental and subordinate to that of the principal building, and which is located on the same lot as that occupied by the principal building.

2.1.6 Community Facilities--Premises owned and operated by a governmental or other chartered nonprofit organization but not including fraternal, sports or similar membership organizations.

2.1.7 Driveway, Legal Service--An open space, located on a private lot, which is not more than 24 feet in width built for access to a private garage or off-street parking space.

2.1.8 Drive-In Establishment--A premise in which persons while in cars are served, view, purchase and/or consume as appropriate; food, movies, goods, materials or equipment.

2.1.9 Dwelling, Multi-Family--A building containing three or more dwelling units.

2.1.10 Dwelling, Row--A dwelling building containing three or more attached one-family dwelling units each with its own exit.

2.1.11 Dwelling Unit--One or more living or sleeping rooms arranged for the use of one or more individuals living as a single housekeeping unit, with cooking, living, sanitary and sleeping facilities.

2.1.12 Essential Services--The erection, construction, alteration, or maintenance by public utilities or governmental agencies of underground or overhead gas, electrical, steam, or water transmission or distribution systems, collection, communication, supply, or disposal system, including poles, wires, mains, drains, sewers, pipes, conduits, cables, fire alarm boxes, police call boxes, traffic signals, hydrants and other similar equipment and accessories in connection therewith, but not including buildings

necessary for the furnishing of adequate service by such public utilities or governmental agencies for the public health or safety or general welfare.

2.1.13 Family--One or more persons, including domestic employees, occupying a dwelling unit and living as a single, nonprofit housekeeping unit.

2.1.14 Flood Plain District--The Flood Plain District is superimposed over any other district established by this bylaw. The Flood Plain District is defined as all lands along or sloping to the Stop River and Charles River whose elevation is below 125 feet Mean Sea Level based on the Massachusetts Geodetic Datum of 1929 and as shown on the Zoning Map of the Town of Medfield.

2.1.15 Floor Area, Net--The sum of the areas of the several floors of a building, measured from the exterior faces of the walls. It does not include cellars, unenclosed porches, or attics not used for human occupancy or any floor space in accessory buildings or in the main building intended and designed for the parking of motor vehicles in order to meet the parking requirements of this Bylaw, or any such floor space intended and designed for accessory heating and ventilating equipment.

2.1.16 Floor Area Ratio (F.A.R.)--The ratio of the net floor area of the principal building to the total lot area.

2.1.17 Height--The vertical distance from the adjacent ground to the top of the structure or highest roof beam of a flat roof, the mean level of the highest gable, and slope of a hip roof.

2.1.18 Home Occupation--An accessory use which by custom has been carried on entirely within and only by the occupants of a dwelling unit, which use is incidental and subordinate to the dwelling use, and which does not in any manner change the residential character of the building.

2.1.19 Loading Space--An off-street space used for loading or unloading and which is not less than 14 feet in width, 45 feet in length and 14 feet in height and containing not less than 1300 square feet, including both access and maneuvering area.

2.1.20 Lodging Unit--One or more rooms contained in a lodging house for the use of one or more individuals not living as a single housekeeping unit and not having cooking facilities. A "Lodging Unit" shall include a boarding unit, tourist house unit, or a rooming unit.

2.1.21 Lot--An area or parcel of land in the same ownership or any part thereof designated by its owner or owners as a separate lot. For purposes of this Bylaw a lot may or may not have boundaries identical with those recorded in the Norfolk County Court House.

2.1.22 Lot, Corner--A lot at the point of intersection of and abutting on two or more intersecting streets, the angle of intersection of the street lot line, or in case of a curved street extended lot lines, being not more than 135 degrees.

2.1.23 Lot Depth--The mean horizontal distance between the front lot line and the rear lot line.

2.1.24 Lot Line, Front--The property line dividing a lot from a street. On a corner lot only one street line shall be considered the front line, except in those cases where the latest deed restrictions specify another line as the front lot line.

2.1.25 Lot Line, Rear--The lot line opposite from the front lot line, except in the case of corner lot, the owner shall have the option of choosing which of the two lot lines which are not street lines is to be considered the rear lot line.

2.1.26 Lot Line, Side--Any lot line not a front or rear lot line.

2.1.27 Lot, Nonconforming--A lot lawfully existing at the effective date of this Bylaw, or any subsequent amendment thereto, which is not in conformity with all provisions of this Bylaw.

2.1.28 Lot, Through--An interior lot, the front and rear lot lines of which abut streets, or a corner lot two opposite lines of which abut streets.

2.1.29 Lot Width--The horizontal distance between the side lot lines as measured at the required front yard

depth which may or may not coincide with the actual front setback line.

2.1.30 Membership Club--A building used to house a non-profit social, sports or fraternal association or organization which is used exclusively by members and their guests and which may or may not contain bar facilities.

2.1.31 Open Area Residential Development--A residential development of a tract of land over 10 acres subject to area regulations less than the minimum required per individual lot as specified in table of area regulations wherein the total number of lots does not exceed the number of lots which can be developed under Planned Residential Development.

2.1.32 Owner--The duly authorized agent, attorney, purchaser, devicee, trustee or any person having vested or equitable interest in the use, structure or lot in question.

2.1.33 Parking Space--An off-street space having an area of not less than 200 square feet, plus access and maneuvering space, whether inside or outside a structure for exclusive use as a parking stall for one motor vehicle.

2.1.34 Person--The word "person" shall include one or more individuals, a partnership, an association and a corporation.

2.1.35 Planned Development--Any development involving the construction of two or more principal dwellings or community facility buildings on a single lot.

2.1.36 Recorded--Recorded in the Norfolk Registry of Deeds or registered in the Norfolk Registry District of the Land Court.

2.1.37 Residential Area--A residential area is any area situated within a district zoned primarily for residential purposes under the Zoning Bylaw. It includes RE, RT, RS and RU.

2.1.38 Sign--The word "sign" shall include any letter, word symbol, drawing, picture, design, device, article, and object that advertises, calls attention to or indicates any premises, person or activity, whatever the

nature of the material and manner of composition or construction.

2.1.39 Sign, Accessory--Any billboard, sign or other advertising device that advertises, calls attention to, or indicates the person occupying the premises on which the sign is erected or the business transacted thereon, or advertises the property itself, or any part thereof as for sale or to let, and which contains no other advertising matter.

2.1.40 Sign, Nonaccessory--Any billboard, sign or other advertising device that does not come within the foregoing definition of an accessory sign.

2.1.41 Sign, Advertising--A sign used to direct attention to a service, sale or other activity not performed on the same premises upon which the sign is located.

2.1.42 Sign, Business--A sign used to direct attention to a service, product sold or other activity performed on the same premises upon which the sign is located.

2.1.43 Sign, Identification--A sign used simply to identify the name, address and title of an individual family or firm occupying the premises upon which the sign is located.

2.1.44 Sign, Size--In applying the maximum height and width limitations prescribed in this Bylaw for signs, any intermediary removable surface to which a sign is affixed shall be deemed to be a part of the sign.

2.1.45 Sign, Standing--The term "standing Sign" shall include any and every sign erected on or affixed to the land and any and every exterior sign that is not attached to a building.

2.1.46 Sign, Surface Area of

2.1.46.1 For a sign, either free-standing, or attached, the area shall be considered to include all lettering, wording, and accompanying designs and symbols, together with the background, whether open or enclosed, on which they are displayed, but not including any supporting framework and bracing which are incidental to the display itself.

2.1.46.2 For a sign painted upon or applied to a building, the area shall be considered to include all lettering, wording, and accompanying designs or symbols together with any backing of a different color than the finish material of the building face.

2.1.46.3 Where the sign consists of individual letters or symbols attached to or painted on a surface, building, wall or window, the area shall be considered to be that of the smallest quadrangle which encompasses all of the letters and symbols.

2.1.47 Special Permit--A use of a structure or lot or any action upon a premises which may be permitted under this Bylaw only upon application to and the approval of the Board and in accordance with the provisions of Section 13.

2.1.48 Store--A "store" shall include any establishment, office or place of business.

2.1.49 Story--A "story" is defined as that part of a building between any floor and the floor or roof next above. For the purposes of this Zoning Bylaw, where a building is not divided into stories, a story shall be considered fifteen (15) feet in height.

2.1.50 Street--A way which is dedicated or devoted to public use by legal mapping by the user, or by any other lawful procedure, and includes any avenue, boulevard, parkway, road, land, public square, highway and similar public ways which affords the prescribed means of principal access to an abutting lot.

2.1.51 Structure--A combination of materials assembled at a fixed location to give support or shelter, such as a building, bridge, trestle, tower, framework, retaining wall, tank, tunnel, tent, stadium, reviewing stand, platform, bin, fence, sign, flagpole, swimming pool or the like.

2.1.52 Structure, Nonconforming--A structure lawfully existing at the effective date of this Bylaw or any subsequent amendment thereto, which is not in conformity with all provisions of this Bylaw.

2.1.53 Substantially Different Use--Any use which is not permitted either by right, or by Special Permit of the Board of Appeals within the district in which the lot is located.

2.1.54 Substantially Greater Extent--An accessory use which exceeds 40 percent of the floor area of the existing structure or any principal use which encroaches into any yard or set back area.

2.1.55 Usable Open Space--Space in a yard or within a set back area on a lot that is unoccupied by buildings, unobstructed to the sky, not devoted to service driveways or off-street loading or parking spaces and available to all occupants of the building on the lot expressed as a percentage of gross floor area.

2.1.56 Use--The purpose for which a structure or lot is arranged, designed, or intended to be used, occupied or maintained.

2.1.57 Use, Accessory--A use cutomarily incidental and subordinate to the principal use of a structure or lot, or a use not the principal use which is located on the same lot as the principal structure.

2.1.58 Use, Nonconforming--A use lawfully existing at the effective date of this Bylaw or any subsequent amendment thereto which is not in conformity with the provisions of this Bylaw.

2.1.59 Use, Principal--The main or primary purpose for which a structure or lot is designed, arranged, or intended, or for which they may be used, occupied or maintained under this Bylaw. Any other use within the main structure or the use of any other structure or land on the same lot and incidental or supplementary thereto and permitted under this Bylaw shall be considered an accessory use.

2.1.60 Variance--Such departure from the terms of this Bylaw as the Board, upon appeal in specific areas is empowered to authorize under the terms of Section 13.

2.1.61 Watershed Protection District--The Watershed Protection District is superimposed over any other district established by this Bylaw. The Watershed Protection

District is defined as all land area along the streams and brooks for a horizontal distance of at least 25 feet on each side of the centerline thereof and adjacent low, marshy areas, as shown on the Zoning Map of the Town of Medfield. The Watershed Protection District shall also include all land that lies within a horizontal distance of 25 feet from the normal high water line of major water bodies. (See Section 11.2.1 and 11.2.2 .)

2.1.62 Yard--A portion of a lot, other than a court on the same lot as the principal building, unobstructed artificially from the ground to the sky, except as otherwise provided herein.

2.1.63 Yard, Front--A space extending for the full width of the lot between the front line of the nearest building wall and the front lot line.

2.1.64 Yard, Rear--A space, unoccupied, except by an accessory structure or accessory use as herein permitted, extending for the full width of the lot between the rear line of the building wall and the rear lot line.

2.1.65 Yard, Side--An unoccupied space extending for the full length of a building between the nearest building wall and the side lot line.

2.1.66 Zoning Bylaw--The Zoning Bylaw of the Town of Medfield as from time to time in force and effect.

2.1.67 Zoning Enabling Act--Chapter 40A of the General Laws of the Commonwealth of Massachusetts and amendments thereto.

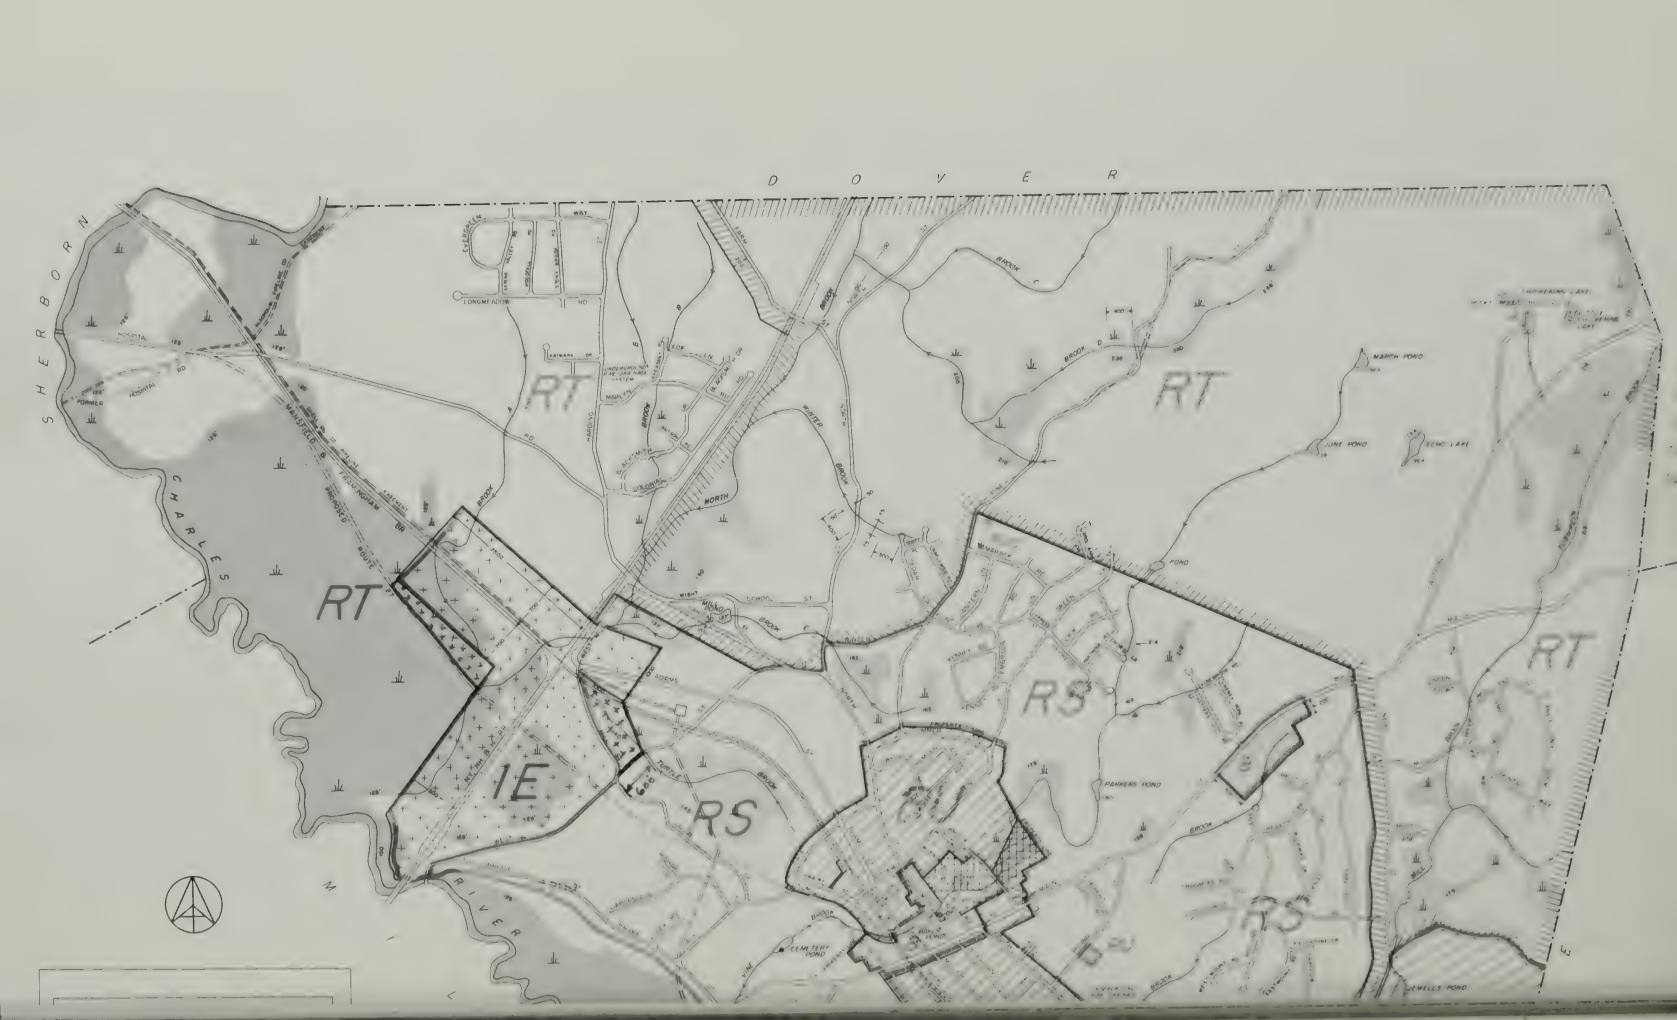

SECTION 3

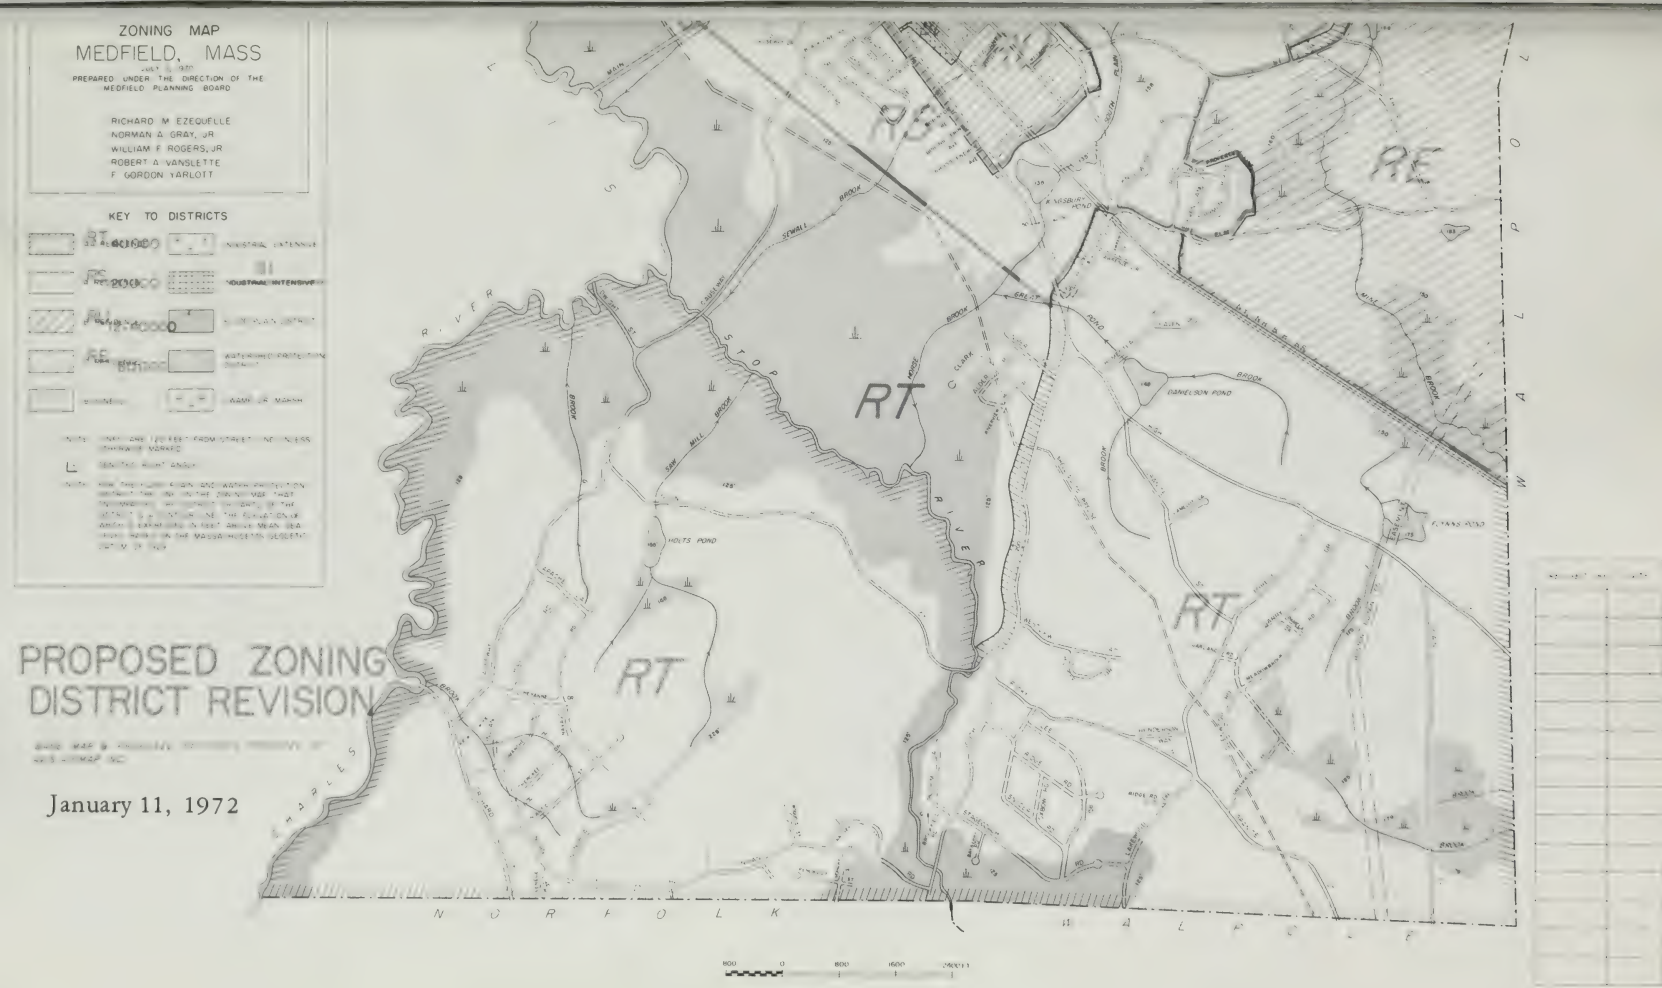

ESTABLISHMENT OF ZONING DISTRICTS

3.1 DIVISION INTO DISTRICTS

The Town of Medfield, Massachusetts, is hereby divided into seven zoning districts to be designated as follows:

3.2 ZONING MAP

The location and boundaries of the Zoning District are hereby established as shown on a map titled "Zoning Map, Medfield, Massachusetts" dated January 11, 1972, which accompanies and is hereby declared to be a part of this Bylaw. The authenticity of the Zoning Map shall be identified by the signature of the Town Clerk, and the imprinted seal of the Town under the words: "This is to certify that this is the Zoning Map of the Town of Medfield, Massachusetts, referred to in the Zoning Bylaw of the Town of Medfield, Massachusetts, which was adopted by the Town Meeting commencing March 6, 1972." Any subsequent change in the location of boundaries of a Zoning District hereafter made through the amendment of this Bylaw shall be authenticated in the same manner. The Zoning Map shall be located in the Office of the Planning Board. Photographic reductions of this large scale zoning map may serve as copies of the zoning map in any subsequent printing of this Bylaw.

3.3 BOUNDARIES OF DISTRICTS

Where any uncertainty exists with respect to the boundary of any district as shown on the Zoning Map, the following rules apply:

3.3.1 Where a boundary is indicated as a street, railroad, watercourse or other body of water, it shall be construed to be the centerline or middle thereof, or where such boundary approximates a Town boundary then to the limits of the Town boundary.

3.3.2 Where a boundary is indicated as following approximately or parallel to a street, railroad, watercourse, or other body of water, it shall be construed to be parallel thereto and at such distance therefrom as shown on the Zoning Map.

3.3.3 Where a boundary is indicated as a definitive elevation, it shall be construed as the datum mean sea level of the United States Geological Survey.

3.3.4 When a district boundary line divides any lot in one ownership of record at the time such line is adopted, a use that is permitted on one portion of the lot may be extended 30 feet into the other portion provided the first portion includes the required frontage. This allowance does not apply to Flood Plain or Watershed Protection Districts described in Sections 10 and 11.

SECTION 4

INTERPRETATION AND APPLICATION

4.1 INTERPRETATION

The provisions of this Bylaw shall be interpreted to be the mimimum requirements adopted for the promotion of the health, safety, or the general welfare of the Town of Medfield, Massachusetts, and except for the Zoning Bylaw adopted by the Town Meeting on April 21, 1938, and all subsequent amendments thereto, the provisions of this Bylaw are not intended to repeal, amend, abrogate, annul or in any way impair or interfere with any lawfully adopted law, statute, ordinance, bylaw, covenants, regulations or rules. Whenever the regulations made under the authority hereof differ from those prescribed by any law, statute, ordinance, bylaw or other regulations, that provision which imposes the greater restriction or the higher standard shall govern.

4.2 APPLICATION

Except as herein provided, or as specifically exempted by a shall clause of the Zoning Enabling Act, the provisions of this Bylaw shall apply to the following: the erection, construction, reconstruction, alteration, or use of buildings and structures or use of land. Any existing conforming use, structure or lot shall not by any action become nonconforming and any existing nonconforming use, structure or lot shall not become nonconforming or further nonconforming except as provided herein.

SECTION 5

USE REGULATIONS

5.1 APPLICABILITY OF USE REGULATIONS

Except as provided by the Zoning Enabling Act or in this Bylaw in each district no building, structure, or land shall be used or occupied except for the purposes permitted in the

district in this Section applicable thereto. Any use not listed shall be construed to be prohibited.

5.2 PERMITTED USES

In the following Table of Use Regulations, the uses permitted by right in the district shall be designated by the word "Yes." Those uses that may be permitted by Special Permit in the district, in accordance with Section 13, shall be designated by the letters "SP". Uses designated by the word "No" shall not be permitted in the district.

5.3 USES SUBJECT TO OTHER REGULATIONS

5.3.1 Uses permitted by right or by Special Permit shall be subject, in addition to use regulations, to such regulations of height, area, yard, setback, lot size, lot area, lot width, floor area ratio, usable open space, parking, loading, sign and all other provisions of this Bylaw.

5.3.2 In any district no building or premises shall be erected, altered or used for any purpose injurious, dangerous, noxious, or offensive to the community by reason of the emission of odor, fumes, dust, smoke, vibration, noise or other cause.

5.3.3 No vehicular access to an Industrial District shall be on land that is zoned Residential. Vehicular access to an Industrial District shall be over a public way.

5.3.4 New public ways and ways into Industrial Districts will be constructed in accordance with the latest Land Subdivision Rules and Regulations for the Town of Medfield, Massachusetts.

5.3.5 Existing public ways, when rebuilt, will be constructed to conform reasonably with the latest Land Subdivision Rules and Regulations for the Town of Medfield, Massachusetts.

5.3.6 For multifamily dwellings, all waste water shall be disposed of by means of adequate connection to the sewage system of the Town of Medfield.

5.4 TABLE OF USE REGULATIONS

The Table of Use Regulations that immediately follows is declared to be part of this Bylaw.

5.4 TABLE OF USE REGULATIONS

	Use	R-E	R-T	R-S	R-U	B	B-I	I-E

SECTION 6

AREA, HEIGHT AND BULK REGULATIONS

6.1 APPLICABILITY OF AREA, HEIGHT AND BULK REGULATIONS

The regulations for each district pertaining to minimum lot area, minimum lot width, minimum lot depth, maximum height of buildings, maximum number of stories, maximum floor area ratio, minimum usable open space, minimum front yard depth, minimum side yard width, minimum rear yard depth and minimum residential net floor area shall be as specified in this section and set forth in the Table of Area Regulations and Table of Height and Bulk Regulations, and subject to the further provisions of this Section.

See Table of Area Regulations, plus attached notes which are declared to be part of this Bylaw.

6.2 TABLE OF AREA REGULATIONS

District	Use	Minimum Required Lots Area sq.ft.	Width ft.	Depth ft.	Yards Front ft.	Side ft.	Rear ft.
R-E	Any permitted structure or principal use	80,000	225	200	40	25	50
R-T	Any permitted structure or principal use	40,000	175	150	40	15	50
R-S	Any permitted structure or prinicipal use	20,000	120	125	30	12	40
R-U	One-family dwelling	12,000	100	100	20	12	30
	Two-family dwelling	20,000	100	100	20	12	30
	Multi-family dwelling	12,000	200	100	30	20	50
	plus per unit	3,000					
	Convalescent or nursing home	40,000	200	100	30	20	50

	Funeral home or mortuary establishment	40,000	200	100	30	20	50
	Any permitted community facility	12,000	100	100	20	12	30
	Any other permitted structure or prinicipal use	12,000	100	100	20	12	30
B	Any permitted structure or prinicpal use	12,000	60	60	15	12	12
	Automotive sales, service or repair establishment	40,000	200	100	25	12	12
	Motion picture or amusement and recreation establishment	40,000	200	100	25	12	12
	Any other permitted structure or prinicipal use	12,000	60	60	15	12	12
B-I	Any permitted structure or prinicipal use	10,000	60	60	10	6	12
I-E	Any permitted structure or principal use	40,000	200	200	25	25	25

6.2 Table of Area Regulation Notes

6.2.1 Except for Planned Developments, Community Facilities and public utilities (See Section 13.) only one principal structure shall be permitted on one lot.

6.2.2 A corner lot shall have minimum street yards with depths which shall be the same as the required front yard depths for the adjoining lots.

6.2.3 A side yard which is used for a legal service driveway shall have a minimum width of 12 feet.

6.2.4 At each end of a through lot, there shall be a setback depth required which is equal to the front yard depth required for the district in which each street frontage is located.

6.2.5 Building within the Flood Plain District or Watershed Protection District shall be subject to Sections 10 and 11.

6.2.6 Projections into required yards, or other required open spaces are permitted subject to the following:

a. Balcony or bay window limited in total length to one half the length of the building, not more than two feet.

b. Open terrace, or steps or stoop under 4 feet in height up to one half the required yard setback.

c. Steps or stoop over 4 feet in height, window sill, belt course, chimney, roof eave, fire escape, fire tower, storm enclosure or similar architectural features, not more than 2 feet.

6.2.7 In "B" and "B-I" Districts all uses shall be conducted within a completely enclosed building, except: disspensing of food, beverages or goods at a drive-in or stand; dispensing of gas, water or lubricants at a garage or gasoline service station; vegetation; permitted parking or loading area; and permitted exterior signs.

6.2.8 Screening and buffers shall be required in the Industrial-Extensive (I-E) District. There shall be a landscaped buffer strip along each boundary which

adjoins a residential district. This strip shall be at least 150 feet in width and shall be portioned as follows:

a. The portion of such buffer strip within one hundred feet of the district boundary line shall be used only for, and maintained as, a planting area for lawns, trees, shrubs, or other landscape materials to provide a parklike area of separation between districts.

b. The remaining fifty (50) feet of space may be used for off-street parking or other permitted open uses, but shall not contain any permanent structure.

6.2.9 In a Business District or a Business-Industrial District or a lot in a R-U District on which a multi-family dwelling is placed, there shall be a landscaped buffer strip along each boundary which adjoins a residential lot. The strip shall be at least 10 feet in width and shall contain a screen of plantings in the center of the strip not less than five feet in width and six feet in height at the time of the occupancy of any lot. Individual bushes or trees shall be planted not more than three feet on centers, and shall thereafter be maintained by the owner or occupants so as to maintain a dense screen year round. One hundred percent of the plantings shall consist of evergreens. No building shall be placed within this buffer strip.

6.2.10 In any "R" District any permitted accessory building shall conform to the following provisions: It shall not occupy more than 40 percent of the required rear yard; it shall be not less than 60 feet from any street lot line, except on a corner lot if used for garage purposes, then the same distance as the required depth of the front yard for the adjacent lots; it shall not be less than six feet from any lot line.

6.3 TABLE OF HEIGHT AND BULK REGULATIONS

See Table of Height and Bulk Regulations, plus notes which are declared to be part of this Bylaw.

6.3 TABLE OF HEIGHT AND BULK REGULATIONS

District	Maximum Height (feet)	Permitted Height (Stories)	Maximum Floor Area Ratio Inc. Acc. Bldgs.	Minimum Usable Open space Percent	Minimum Residential Net floor area (sq. ft.)	Multi-family Dwelling Minimum Unit Floor area (sq. ft.)
R-E	35	2 1/2	0.20	40	768	Not Permitted
R-T	35	2 1/2	0.25	40	768	Not Permitted
R-S	35	2 1/2	0.35	40	768	Not Permitted
R-U	35	3 or 4 *	0.40	25	768	500 450 **
B	30	2	0.75	5	Not Permitted	Not Permitted
B-I	30	2	0.75	5	Not Permitted	Not Permitted
I-E	(See Appendix G, Building Code, Town of Medfield, Massachusetts for maximum permitted height in feet and the maximum number of story heights permitted.)		0.50	10	Not Permitted	Not Permitted

* See Section 6.3.4

** 450 sq. ft. required for Housing for the Elderly

6.3.1 Any maximum height permitted in this Bylaw shall be further subject to the restrictions of the Medfield Building Code and shall not apply to:

6.3.1 a. Community facility and public utility structures, provided that the side and rear yards or setbacks required in the district for the highest permitted principal structure shall be increased 2 feet in width for each foot by which the height of such structure exceeds the height permitted in the district.

6.3.1 b. Necessary appurtenant structures such as church spire, belfrey, cupola, dome, smokestack, monument, derrick, conveyor, flagpole, radio or television tower, mast, antenna, aerial, airplane hangar, roof tank, building service equipment, roof structure other than a penthouse, chimney or parapet wall, or any similar appurtenance provided that any such structure shall be set back from the vertical plane of the required setback building line one foot horizontally for each two feet that the height of such structure exceeds the height permitted in the district.

6.3.1 c. Special industrial structures; such as a cooling tower, grain elevator, sugar refinery, gas holder or other similar structure where the industrial process requires a greater height, provided that any such structure shall not occupy more than 15 percent of the lot area and shall be not less than 50 feet from any lot line.

6.3.2 A fence, hedge, wall or other enclosure may be maintained on a corner lot, provided that it shall not obstruct visual clearance at intersecting streets by being between 3-1/2 feet and 10 feet above the grade within the triangular area formed by the intersection of the curb lines and a straight line joining said curb lines at points which are 25 feet measured from the intersection of the curb lines. Where curbs do not exist, the lines shall be where such curb would be required if built.

6.3.3 A basement or cellar, to be inhabited, must have the ceiling not less than five (5) feet above the average

elevation of the land immediately surrounding the building foundation wall.

6.3.4 Where four (4) stories are built, only three (3) stories may be inhabited.

SECTION 8

OFF-STREET PARKING AND LOADING REGULATIONS

8.1 OFF-STREET PARKING AND/OR LOADING REQUIREMENTS

In any district, if the use of any structure constructed, enlarged, or extended and any use of land established, or any existing use is changed, after the effective date of this Bylaw, parking and loading spaces shall be provided in accordance with the following tables. A structure enlarged or a use extended after the effective date of this Bylaw shall be required to provide loading spaces in accordance with the following Table of Off-Street Parking Standards (See the Table of Off-Street Parking Standards which is declared to be a part of this Bylaw) for the entire structure or use unless the increase in units or measurements amounts to less than 15 percent maximum as a whole whether such increase occurs at one time or in successive stages.

8.2 GENERAL PARKING AND LOADING REGULATIONS

8.2.1 Accessory parking or loading spaces being maintained in any district in connection with any existing use on the effective date of this Bylaw shall hereafter be maintained so long as said use remains, unless an equivalent number of parking or loading spaces is constructed elsewhere conforming to the requirements of the above tables, provided: these regulations shall not require the maintenance of more parking or loading spaces than is required according to the tables.

8.2.2 When units or measurements determining number of required parking or loading spaces result in a requirement of a fractional space, any fraction over one-half shall require one parking or loading space.

8.2.3 Off-street parking spaces required hereunder shall be provided either on the same premises with the parking generator, or on any premises associated therewith; provided, however, that the walking distance between the farthest point of the parking area and the main pedestrian entrance to the building or use in question shall not exceed five hundred (500) feet, except that in the case of parking space for employees only, the distance may be increased to eight hundred (800) feet.

8.1 TABLE OF OFF-STREET PARKING STANDARDS

Use	Number of Parking Spaces per Unit
Dwelling	Two per unit
Lodging house, motel or hotel	One and one-half per rental unit
Retail, service, finance, insurance or real estate establishment	One per each 75 square feet of net floor space
Wholesale establishment	One per each 300 square feet of net floor space
Manufacturing or industrial establishment	One per each 1000 square feet of net floor space
Auditorium, stadium, theatre, church or other places of assemblage	One space for each four seats therein to be based on the maximum seating capacity
Hospitals, sanatoriums or nursing homes	Two per bed at design capacity
Housing for Elderly	One fourth per unit
Medical offices and clinics	Five spaces for each doctor having office space therein
School or college	Two per classroom in an elementary and junior high school and four per classroom in a senior high school plus spaces needed above for auditorium or gymnasium whichever has the larger capacity

Business, community facility (church, town building, recreation, etc.) or public utility establishment	One per 300 square feet or fraction thereof of net floor space
Restaurants, night clubs or eating places	One space for each 50 square feet of floor area
Bowling alley	Seven spaces for each bowling lane
Barber shop, beauty parlor	Two spaces for each chair installed, and one space for each two operators
Self-service dry cleaners and self-service laundries	One space for each two machines installed, including dryers
Gasoline and service stations	Two spaces for each service bay

8.2 GENERAL PARKING AND LOADING REGULATIONS

8.2.1 Accessory parking or loading spaces being maintained in any district in connection with any existing use on the effective date of this Bylaw shall hereafter be maintained so long as said use remains, unless an equivalent number of parking or loading spaces is constructed elsewhere conforming to the requirements of the above tables, provided: these regulations shall not require the maintenance of more parking or loading spaces than is required according to the tables.

8.2.2 When units or measurements determining number of required parking or loading spaces result in a requirement of a fractional space, any fraction over one-half shall require one parking or loading space.

8.2.3 Off-street parking spaces required hereunder shall be provided either on the same premises with the parking generator, or on any premises associated therewith; provided, however, that the walking distance between the farthest point of the parking area and the main pedestrian entrance to the building or use in question shall not exceed five hundred (500) feet, except that in the case of parking space for employees only, the distance may be increased to eight hundred (800) feet.

8.2.4 Where required parking spaces are provided away from the lot on which the use, other structure, or lot they are intended to serve is located, such spaces shall be in the same possession, either by deed or long-term lease, as the property occupied by the use, structure or lot to which the parking spaces are accessory.

8.2.5 The loading spaces required for the uses listed in the above table shall in all cases be on the same lot as the use they are intended to serve. In no case shall the required loading spaces be part of the area used to satisfy the parking requirements of this Bylaw.

8.2.6 No accessory off-street parking shall be permitted within the required front yard or side yard in any "R" District, except in a legal service driveway.

8.2.7 For any use not enumerated in this section, the required off-street parking facilities shall be determined by a unit of floor area or number of employees or some other unit measurement as specified by the Building Inspector with the advice of the Planning Board, which shall be guided in its determination by the requirements of this section applicable to comparable uses.

8.2.8 Where differing uses occur on a single parcel of land, the off-street parking facilities to be provided in respect of such parcel shall be aggregate of the requirements under this section for each such use.

8.3 PARKING AND LOADING SPACE STANDARDS

All parking or loading areas containing over five spaces, including automobile service and drive-in establishments, shall be either contained within structures, or subject to the following:

8.3.1 The area shall be effectively screened on each side which adjoins or faces the side or rear lot line of a lot situated in any "R" District. The screening shall consist of that required for buffers as specified in Section 6, paragraphs 6.2.8 and 6.2.9. The screening required by the subsection shall be setback from each street the same as if it were a main building wall.

8.3.2 The area and access driveways thereto shall be surfaced with a durable and dustless material and shall be graded and drained so as to dispose of all surface water accumulation.

8.3.3 A substantial bumper of masonry, steel, heavy timber or concrete curb stop shall be placed at the edge of surfaced areas except driveways in order to protect abutting structures, properties and sidewalks.

8.3.4 Any fixture used to illuminate any area shall be so arranged as to direct the light away from the street and away from adjoining premises used for residential purposes.

8.3.5 Any repair or service facility for use by vehicles such as gas, oil, or water shall not be less than 25 feet from any lot line.

8.3.6 Any parking area shall also be subject to the following:

8.3.6 a. There shall not be any motor vehicle parked within 5 feet of any front side or rear lot line.

8.3.6 b. There shall not be any vehicle repair facilities or any repair made to any vehicles.

8.3.6 c. There shall not be any storage of material, or equipment.

8.3.6 d. Except for driveways, parking shall not be located within the required front yard area in any "R" District.

8.3.6 e. Parking and loading spaces shall be so arranged as not to permit backing of automobiles onto any street.

8.3.6 f. Any portion of any entrance or exit driveway to the area shall not be closer to an intersecting street than 150 feet. No more than two driveways shall serve any one area.

8.3.6 g. Any two driveways leading from a street to a single area shall not be within 50 feet of each other at their intersections with the front lot line.

8.3.6 h. Any entrance or exit driveway shall not exceed 20 feet in width, except for a suitable radius of curvature at the entrance. All entrance and exit driveways in "B" and "I" Districts shall be one way.

SECTION 9

NONCONFORMING USES, STRUCTURES AND LOTS

9.1 NONCONFORMITY BY INITIAL ENACTMENT OR AMENDMENT

The provisions of this Section affecting nonconforming uses, structures and/or lots cited herein and certain related nonconformities shall apply under the provisions of the Bylaw and established districts as enacted initially or as subsequently amended.

9.2 EXTENSION AND ALTERATION

9.2.1 Any nonconforming use except primarily for agriculture, horticulture or floriculture, or a portion of any open space on a lot outside a structure shall not be extended.

9.2.2 Any nonconforming use except primarily for agriculture, horticulture, or floriculture, or a lot not occupied by a structure shall not be extended.

9.2.3 Any nonconforming principal use of a structure shall not be extended.

9.2.4 Any conforming principal use of a nonconforming structure may be extended throughout the existing structure.

9.2.5 Any nonconforming accessory use of a portion of a structure or any conforming accessory use of a portion of a nonconforming structure may be extended up to a maximum of 40 percent of the floor area of the existing structure.

9.2.6 Any nonconforming structure located in any "R" District, may be altered and the use, if conforming, may be extended throughout the altered portion provided: any conforming use shall not be made nonconforming; and any resultant alteration shall

not cause the structure to violate the maximum floor area ratio and yard regulations of the District in which it is located.

9.2.7 Any nonconforming structure or portion thereof which has come into conformity shall not again become nonconforming.

9.3 RESIDENTIAL LOT OF RECORD

Any nonconforming lot lawfully laid out by plan or deed duly recorded or any nonconforming lot shown on a plan endorsed by the Planning Board with the words "approval under the subdivision control law not required" or words of similar import which complies at the time of recording or such endorsement whichever is earlier with the minimum area, frontage, width and depth requirements, of any of the zoning bylaws then in effect may be built upon provided it is in accordance with the Zoning Enabling Act and all other requirments of this Bylaw.

9.4 REDUCTION OR INCREASE

9.4.1 Any nonconforming lot or open space on the lot (yards, setbacks, courts, usable open space, or floor area ratio) if already smaller or greater, as the case may be than that required shall not be further reduced or increased so as to be in greater nonconformity.

9.4.2 Any nonconforming off-street parking or loading spaces, if already less than the number required to serve their intended use shall not be further reduced in number.

9.5 CHANGE

9.5.1 Any nonconforming use of a structure may not be changed to another nonconforming use.

9.5.2 Any nonconforming use which has been once changed to a permitted use shall not again be changed to another nonconforming use.

9.5.3 Any nonconforming lot which has come into conformity shall not again be changed to a nonconforming lot.

9.6 RESTORATION

9.6.1 Any nonconforming structure damaged less than 50% by fire or other cause may be rebuilt if in accordance with the Area and Yard Regulations of this Bylaw. Such a nonconforming use will require a new variance.

9.6.2 Any conforming structure damaged more than 50% by fire or other cause located on a nonconforming lot as described in paragraph 9.3 of this Bylaw may be restored or rebuilt. No such restoration or rebuilding shall be permitted which otherwise changes the use or structure to a nonconforming use.

9.7 ABANDONMENT

Any nonconforming use, except for agriculture, horticulture or floriculture use, or a structure and/or lot which has been abandoned for a continuous period of one year or more shall not be used again except by a conforming use.

9.8 MOVING

Any nonconforming structure shall not be moved to any other location on the lot or any other lot unless every portion of such structure, the use thereof and the lot shall be conforming.

9.9 UNSAFE STRUCTURE

Any structure determined by the Building Inspector to be unsafe may be restored to a safe condition, provided such work on any nonconforming structure shall not place it in greater nonconformity, and provided, further if the cost to restore any structure shall exceed 50 percent of its physical replacement value, it shall be reconstructed only as a conforming structure and used only for a conforming use unless a new variance is secured.

SECTION 10

FLOOD PLAIN DISTRICT

10.1 PURPOSE

The purpose of this section is to promote:

a. The health and safety of the occupants of lands subject to seasonal or periodic flooding in the Charles and Stop Rivers Flood Plain District.

b. The preservation of the natural flood control characteristics and the water storage capacity of the Flood Plain District.

c. The safety and purity of water; control and containment of sewage; safety of gas, electric, fuel and other utilities from breaking, leaking, shortcircuiting, grounding, igniting, electrocuting or any other dangers due to flooding.

10.2 DEFINITION

The Flood Plain District is superimposed over any other district established by this Bylaw. The Flood Plain District is defined as all lands along or sloping to the Stop River and Charles River whose elevation is below 125 feet Mean Sea Level based on the Massachusetts Geodetic Datum of 1929 and as shown on the Zoning Map of the Town of Medfield.

10.3 USE

10.3.1 Land in the Flood Plain District may be used for any purpose otherwise permitted in the underlying district except that:

10.3.1.1 No building, wall, dam or other structure shall be erected, constructed, altered, enlarged or otherwise created or moved for any purpose unless a Special Permit from the Board of Appeals is issued.

10.3.1.2 Dumping, filling, excavating or transferring of any earth material within the District is prohibited unless a Special Permit from the Board of Appeals is issued.

10.3.1.3 No ponds or pools shall be created or other changes in water courses, for swimming, fishing or other recreational uses, agricultural uses, scenic features or drainage improvements or any other uses unless a Special Permit from the Board of Appeals is issued.

10.3.2 Proper operation and maintenance of dams and other water control devices are permitted uses under this section. This includes the temporary alteration of the water level for emergency or maintenance purposes and the removal of any and all flashboards of a privately-owned dam in order to lower the water level.

10.3.3 Municipal use, such as waterworks, pumping stations and parks, is permitted under this section.

10.4 APPLICATION FOR SPECIAL PERMIT

10.4.1 Any person desiring a Special Permit for any use set out in Section 10.3.1 above within the Flood Plain District shall submit an application to the Board of Appeals, in accordance with the provisions of Chapter 40A of the Massachusetts General Laws as amended, and a copy thereof to the Building Inspector. The application shall be accompanied by plans of any construction and of the premises on which it is to be situated. All plans shall show existing and proposed finished ground contours at two-foot intervals. Contours shall be delineated within 200 feet of the proposed construction.

10.4.2 Copies of the application for Special Permit to the Board of Appeals with accompanying plans shall also be sent to the Building Inspector, Board of Health and Planning Board for their recommendations to the Board of Appeals, as to their approval, disapproval or appropriate recommendations.

10.4.3 All such plans shall be certified by a Registered Land Surveyor or a Registered Professional Civil Engineer.

10.5 ISSUANCE OF SPECIAL PERMITS

10.5.1 The Board of Appeals, after holding a public hearing, shall issue a permit under this section if it finds that the use of the premises will not endanger the health or safety of the occupants thereof or of other land in the Flood Plain District. In deciding applications for a Special Permit under this section, but without limiting the generality of the foregoing, the Board of Appeals shall assure:

10.5.1.1 That the basement floor elevation for any structure having sustained living occupancy shall be at least 125 feet above Mean Sea Level, and the top of the foundation wall shall be at least 132 feet above Mean Sea Level.

10.5.1.2 That structures be so designed and secured that during flooding:

a. The foundation would not be undermined.

b. The structure will not be floated off, battered off or swept away.

10.5.1.3 That safe vehicular and pedestrian movement to, over and from the premises is provided on ways having a profile no less than 125 feet above Mean Sea Level.

10.5.1.4 That because of the location or elevation of the building, filling of the area, or for other reasons, there will be no danger of pollution to public or onsite water facilities.

10.5.1.5 That the containment of sewage; safety of gas, electric, fuel and other utilities from breaking, leaking, shortcircuiting, grounding, igniting, electrocuting or any other dangers due to flooding will be adequately protected.

10.5.1.6 That the methods of drainage are adequate.

10.5.1.7 That other land in the Flood Plain District is protected against detrimental or offensive uses of the premises.

10.5.2 If any land included in the Flood Plain District is found by the Board of Appeals not in fact to be subject to seasonal or periodic flooding, the Board of Appeals may grant a Special Permit for the use of such land for any purpose permitted in the underlying district.

10.5.3 No building permit shall be issued until the Board of Health has issued a permit under this section approving the proposed sanitary and storm drainage system or has allowed forty-five (45) days to elapse after the receipt of the application.

10.5.4 No occupancy permit shall be issued until the Board of Appeals, the Building Inspector, the Board of Health and the Planning Board have received a certified plan showing the foundation and floor elevations, grading of the premises, elevations of the completed construction and all elevations of the

various elements that make up the sewage disposal system, and that all requirements of all permits are satisfied.

10.5.5 In consideration of any of the items under "Section 10.5 - Issuance of Special Permits," the Board of Health and the Board of Appeals shall consider the minimum ground water level in the Flood Plain District to be 123 feet above Mean Sea Level, unless data indicates a higher ground water level.

10.6 LIMITS OF AUTHORITY

Nothing contained in this Section 10 shall limit the authority of the Board of Health with respect to premises in the Flood Plain District or limit the applicability of the Medfield Building Code to any structure in the Flood Plain District.

SECTION 11

WATERSHED PROTECTION DISTRICT

11.1 PURPOSE

The purpose of this section is:

a. To preserve and protect the streams and other water courses in the Town of Medfield and their adjoining lands.

b. To protect the health and safety of persons and property against the hazards of flooding and contamination.

c. To preserve and maintain the ground water table for water supply purposes.

d. To protect the community against the detrimental use and development of lands adjoining such water courses.

e. To conserve the watershed areas of the Town of Medfield for the health, safety and welfare of the public.

11.2 DEFINITION

11.2.1 The Watershed Protection District is superimposed over any other district established by this Bylaw. The Watershed Protection District is defined as all land area along the streams and brooks for a horizontal distance of at least 25 feet on each side of the

centerline thereof and adjacent low, marshy areas, as shown on the Zoning Map of the Town of Medfield. The names of the brooks included within the District are as follows: Great Pond Brook, Horse Brook, Mill Brook, Mine Brook, North Brook, Saw Mill Brook, Sewall Brook, South Plain Brook, Tubwreck Brook, Turtle Brook, Vine Brook, Winter Brook and Brooks "A" through "J" inclusive, as shown on the Zoning Map of the Town of Medfield.

11.2.2 The Watershed Protection District shall include all land that lies within a horizontal distance of 25 feet from the normal high water line of the following major water bodies: Baker's Pond, Cemetery Pond, Chickering Lake, Danielson Pond, Echo Lake, Flynn's Pond, Holt's Pond, Jewell's Pond, June Pond, Kingsbury's Pond, Little Chickering Lake, Notch Pond, Parker's Pond and all other ponds that are shown on the Zoning Map of the Town of Medfield.

11.3 USE

11.3.1 Land in the Watershed Protection District may be used for any purpose otherwise permitted in the underlying district except that:

11.3.1.1 No building, wall, dam or other structure shall be erected, constructed, altered, enlarged or otherwise created or moved for any purpose unless a Special Permit from the Board of Appeals is issued.

11.3.1.2 Dumping, filling, excavating or transferring of any earth material within the District is prohibited unless a Special Permit from the Board of Appeals is issued.

11.3.1.3 No ponds or pools shall be created or other changes in water courses, for swimming, fishing or other recreational uses, agricultural uses, scenic features or drainage improvements or any other uses unless a Special Permit from the Board of Appeals is issued.

11.3.2 Proper operation and maintenance of dams and other water control devices are permitted uses under this section. This includes the temporary alteration of the

water level for emergency or maintenance purposes and the removal of any and all flashboards of a privately-owned dam in order to lower the water level.

11.3.3 Municipal use, such as waterworks, pumping stations and parks, is permitted under this section.

11.4 APPLICATION FOR SPECIAL PERMIT

11.4.1 Any person desiring a Special Permit for any use set out in Section 11.3.1 above within the Watershed Protection District shall submit an application to the Board of Appeals, in accordance with the provisions of Chapter 40A of the Massachusetts General Laws as amended, and a copy thereof to the Building Inspector. The application shall be accompanied by plans of any construction and of the premises on which it is to be situated. All plans shall show existing and proposed finished ground contours at two-foot intervals. Contours shall be delineated within 200 feet of the proposed construction.

11.4.2 Copies of the application for Special Permit to the Board of Appeals with accompanying plans shall also be sent to the Building Inspector, Board of Health and Planning Board for their recommendations to the Board of Appeals, as to their approval, disapproval or appropriate recommendations.

11.4.3 All such plans shall be certified by a Registered Land Surveyor or a Registered Professional Civil Engineer.

11.5 ISSUANCE OF SPECIAL PERMITS

11.5.1 The Board of Appeals, after holding a public hearing, shall issue a Special Permit under this section if it finds that the use of the premises will not endanger the health or safety of the occupants thereof or of other land in the Watershed Protection District. In deciding applications for a Special Permit under this section, but without limiting the generality of the foregoing, the Board of Appeals shall assure:

11.5.1.1 That the basement floor elevation for any structure having sustained living occupancy shall be at least two feet above the elevation of the adjacent Watershed Protection District and that the top of the foundation

wall shall be at least nine feet above the elevation of the adjacent District.

11.5.1.2 That structures be so designed and secured that during flooding:

a. The foundation would not be undermined.

b. The structure will not be floated off, battered off or swept away.

11.5.1.3 That safe vehicular and pedestrian movement to, over and from the premises is provided on ways having a profile no less than two feet above the elevation of the adjacent District.

11.5.1.4 That because of the location or elevation of the building flooding, filling of the area, or for other reasons, there will be no danger of pollution to public or onsite water facilities.

11.5.1.5 That the containment of sewage; safety of gas, electric, fuel and other utilities from breaking, leaking, shortcircuiting, grounding, igniting, electrocuting or any other dangers due to flooding will be adequately protected.

11.5.1.6 That the methods of drainage are adequate.

11.5.1.7 That other land in the Watershed Protection District is protected against detrimental or offensive uses of the premises.

11.5.2 No building permit shall be issued until the Board of Health has issued a permit under this section approving the proposed sanitary and storm drainage system or has allowed forty-five (45) days to elapse after receipt of the application.

11.5.3 No occupancy permit shall be issued until the Board of Appeals, the Building Inspector, the Board of Health and the Planning Board have received a certified plan showing the foundation and floor elevations, grading of the premises, elevations of the completed construction and all elevations of the various elements that make up the sewage disposal

system, and that all requirements of all permits are satisfied.

11.5.4 In consideration of any of the items under "Section 11.5 - Issuance of Special Permits," the Board of Health and the Board of Appeals shall consider the minimum ground water level in the Watershed Protection District to be two feet less than the elevation above Mean Sea Level of the adjacent District, unless data indicates a higher ground water level.

11.6 AREAS AND YARD REGULATIONS

The portion of any lot in a Watershed Protection District may be used to meet the area and yard regulations for the District in which the remainder of the lot is situated provided that not more than 75% of the lot area is within the Watershed Protection District.

11.7 WATER BODIES

All water bodies encircled by the Watershed Protection District are hereby included within said District.

11.8 LIMITS OF AUTHORITY

Nothing contained in this Section 11 shall limit the authority of the Board of Health with respect to premises in the Watershed Protection District or limit the applicability of the Medfield Building Code to any structure in the Watershed Protection District.

SECTION 12

RULES AND REGULATIONS GOVERNING EARTH REMOVAL USES

12.1 REMOVAL

12.1.1 The removal of earth from all zoning districts of the Town of Medfield shall be permitted only after special permission of the Board of Selectmen and under these rules and regulations. The Board of Selectmen shall grant no such permit as would in their opinion adversely affect the scheme of growth laid down in the Zoning Bylaw or elsewhere, or the economic status of the town, or tend to impair the beauty of the town, or of the district most immediately affected, or develop health or other hazards.

12.2 APPLICATION

12.2.1 All applications for approval or endorsement for the removal of earth in the Town of Medfield shall be made in accordance with the rules and regulations hereinafter set forth.

12.2.2 Before an applicant can obtain a permit for the purpose of removing earth in the Town of Medfield, he shall present to the Board of Selectmen an original and five copies of a plan made by a Registered Engineer or Registered Land Surveyor, which shall show in detail the following information:

12.2.2 a. All the property where earth is to be removed with all boundaries shown in detail.

12.2.2 b. All buildings on said property and buildings within one hundred feet of said property lines.

12.2.2 c. All adjacent roads, their elevations, and established grades.

12.2.2 d. All adjacent waterways, brooks, swamps and their elevations.

12.2.2 e. Contour lines for the entire property at two-foot intervals showing existing and proposed elevations.

12.2.2 f. Any and all easements existing and proposed, public or private.

12.2.2 g. Any and all benchmarks.

12.2.2 h. All land shall be divided into five-acre grids.

12.3 SITE PLAN

The plan shall be drawn to a scale of 1" equals 40'. All profiles shall be drawn to a scale of 1" equals 8'.

The Board of Selectmen after study may make such corrections and revisions as it deems advisable in the public interest.

12.4 GENERAL REQUIREMENTS

In approving the plan, the Board of Selectmen will require that the land shall be suitable for the removal of earth without

danger to health and life and that proper steps are taken so as not to hinder or endanger traffic on public ways. The Board of Selectmen may require, at its discretion, that police control of the traffic be provided by the applicant at his expense. Only under special circumstances will the Board of Selectmen approve a plan for the removal of earth where intentions are shown for excavation below an already existing public way.

12.5 PROCEDURE

The Board of Selectmen will act upon application for approval of earth removal only when proper plans have been submitted with all information that is required clearly shown.

Before approval is granted, a public hearing shall be held by the Board of Selectmen, notices of which shall be sent by certified or registered mail with return receipt to mortgagees, if any, of the applicant's property and to all owners of property as appearing on the most recent tax list, any part of which lies within one hundred feet of the property of the applicant.

12.6 PUBLICATION AND NOTICES

12.6.1 The applicant shall arrange and pay for such publications and notices and shall deliver a list of said mortgagees, property owners, return receipts, and a copy of the paper containing the notice of the hearing to the Clerk of the Board of Selectmen at least twenty-four hours prior to the hearing.

12.6.2 The notice shall appear in a paper of general circulation within the Town, once in each of two successive weeks, the first publication at least fourteen (14) days before the day of the hearing.

12.6.3 The word "applicant" as used in these rules and regulations shall mean the owner of the property or his legal representative or persons authorized by owner.

12.6.4 Corporations shall file with the Board of Selectmen a list of their officers and designate their authority to sign legal documents.

12.7 BOND

12.7.1 Before approval of any plan, and in order to insure the fulfillment of the following requirements, the Board of Selectmen will require a proper bond, deposits of money, or negotiable securities on a scale

of not less than five hundred dollars per acre, the exact amount to be set by the Board of Selectmen.

12.7.2 Said bond or security to be held by the Town of Medfield until all requirements of the Specifications have been complied with. The Board of Selectmen shall be the agent to enforce compliance with these rules and regulations, and upon satisfactory completion will release the security.

12.7.3 Only under exceptional circumstances will any applicant be allowed to work more than one five-acre grid at any one time.

12.8 SPECIFICATIONS

12.8.1 All work shall be done in accordance with the following specifications:

12.8.1 a. Trees are to be cut (not bulldozed).

12.8.1 b. All trees, brush and stumps are to be chipped on the site, unless removed for commercial purposes. DISPOSAL BY BURNING IS NOT PERMITTED.

12.8.1 c. All loam and subsoil must be bulldozed into piles for future respreading. No loam or subsoil may be removed from the property.

12.8.1 d. Earth may be removed only to contours as specified by the Board of Selectmen. In earth removal areas, ledge shall not be left exposed above the approved grade and boulders, when encountered, shall be buried at least such that their tops are six feet below the approved grade and in the event that ledge is encountered prior to reaching the approved grade, a revision of the approved grade plan must be immediately obtained.

12.8.1 e. After the earth has been removed from the first five-acre grid, and before proceeding to the next five-acre grid, excavation shall be graded to the approved grade and all loam and subsoil shall then be respread over the excavation, except in such areas as are required in subsequent operations.

12.8.1 f. Rye grass shall be seeded on this reloamed area at the rate of two-hundred pounds per acre.

12.8.1 g. Fingerling fir or other approved trees shall be planted over the entire area, five to six feet on centers.

12.8.1 h. Upon completion and approval by the Board of Selectmen a five-acre grid, the security may be released in part or in whole or it may be advanced to the next grid.

12.9 REMOVAL OF EARTH NOT INTENDED FOR BUSINESS

12.9.1 Removal of earth which is not intended as a business but for the improvement of a person's property and does not include large acreage, will be allowed on a weekly permit upon such conditions and terms as specified by the Board of Selectmen. This type of permit must be renewed every seven days at a time and place set by the Board of Selectmen.

12.9.2 In every case, whether it be a large or small earth removal operation if any violation occurs, the permit shall be revoked forthwith and will not be renewed until the violation has been corrected to the satisfaction of the Board of Selectmen.

12.9.3 These rules and regulations governing earth removal uses in the Town of Medfield shall not apply to operations that were in progress and operated on land owned by the applicant prior to April 9, 1938, except that the final grade of the land shall be approved by the Board of Selectmen immediately upon the approval of this Bylaw.

12.9.4 The Board of Selectmen shall designate authority to inspect the earth removal operations under these rules and regulations.

12.9.5 The Board of Selectmen shall reserve the right to limit the days and hours of operation and may require antidust treatment in those areas that in the Board of Selectmen's opinion require such treatment.

12.9.6 The Board of Selectmen may also require additional surety to cover the cost of drainage to existing town roadways or clean-up requirements caused by the earth removal operation.

SECTION 13

ADMINISTRATION AND ENFORCEMENT

13.1 BUILDING INSPECTOR AND/OR ZONING ENFORCING OFFICER

It shall be the duty of the Board of Selectmen, who may appoint an agent, the Building Inspector and/or Zoning Enforcing Officer, to administer and enforce the provisions of this Bylaw.

13.2 PERMIT REQUIRED

It shall be unlawful for any owner or person to erect, construct, reconstruct, or alter a structure or change the use, increase the intensity of use, or extend or displace the use of any building, other structure or lot without applying for and receiving from the Building Inspector and/or Zoning Enforcing Officer the required permit therefor. For purposes of administration such permit and application procedure involving a structure may be made at the same time and combined with the permit required under the Building Code. Where the application does not involve a structure, but only a lot, a permit shall be applied for and may be issued. In addition to complete plot plans and drawings required for submission by the Medfield Building Code (prepared and certified to be a professional engineer and/or land surveyor), plans and information for signs and off-street parking and loading shall also be filed with the Building Inspector. An application for a permit in the Flood Plain or Watershed Protection Districts shown on the Zoning Map shall meet all requirements of Sections 10 and 11.

13.3 PREVIOUSLY APPROVED PERMITS

The status of previously approved permits shall be as determined by the Zoning Enabling Act.

13.4 CERTIFICATE OF USE AND OCCUPANCY REQUIRED

It shall be unlawful to use or occupy any structure or lot for which a permit is required herein without the owner applying for and receiving from the Building Inspector a certificate of use and occupancy.

13.5 PERMIT AND CERTIFICATE FEES

Fees shall be established by the Board of Selectmen.

13.6 SPECIAL PERMIT TIME LIMITS

A building permit shall be applied for to the Building Inspector by the applicant for a special permit within 180 days of the date of authorization by the Board or the special permit will become null and void. Any work for which any permit has been issued by the Building Inspector shall be actively prosecuted within 90 days and completed within one year of the date of the issuance of the special permit. Any special permit issued for a project which is actively prosecuted for one year may be extended for up to an additional year at the discretion of the Board of Selectmen.

13.7 VIOLATIONS

The Building Inspector and/or Zoning Enforcing Officer shall serve a notice of "VIOLATION and ORDER" to any owner or person responsible for the erection, construction, reconstruction, conversion, alteration of a structure or change in use, increase in intensity of use or extension or displacement of use of any structure or lot in violation of the provisions of the Bylaw or in violation of any approved plan, information certificate issued under the provisions of this Bylaw, and such order shall direct the discontinuance of the unlawful action, use or condition and the abatement of violation within a time to be specified by the Building Inspector and/or Zoning Enforcing Officer. Any owner who having been served with a notice and who ceases any work or other activity, shall not leave any structure or lot in such condition as to be a hazard or menace to the public safety, health or general welfare. The Building Inspector shall have the power to require that such premises be put in such condition as he directs.

13.8 PROSECUTION OF VIOLATION

If the notice of "VIOLATION and ORDER" is not complied with promptly, the Building Inspector and/or Zoning Enforcing Officer, shall request the Board of Selectmen to institute the appropriate action or proceeding at law or in equity to prevent any unlawful action, use or condition to restrain, correct or abate such violation.

13.9 BOARD OF APPEALS

There shall be a Board of Appeals of three members and one associate member appointed as provided in Section 30 of Chapter 40 of the General Laws, as amended, which shall act on all matters within its jurisdiction under this Bylaw in the manner prescribed in said section, and subject always to

the rule that it shall give due consideration to promoting the public health, safety, convenience, and welfare, and conserving property values, that it shall permit no building or use injurious, noxious, offensive or detrimental to a neighborhood, and that it shall prescribe appropriate conditions and safeguards in each case.

13.10 SPECIAL PERMITS

Certain uses, structures or conditions are designated as SP in Section 5, Paragraph 5.4 Table of Use Regulations, and elsewhere in this Bylaw. Upon application duly made to the Board, the Board may, in appropriate cases and subject to appropriate conditions and safeguards, grant a special permit for such exceptions and no others.

13.10.1 In action upon an application for a special permit the Board shall take into consideration whether: the specific site is an appropriate location for the use or structure; the adequacy of public sewerage and water facilities, or the suitability of soils for on-lot sewerage and water systems; the use developed will adversely affect the neighborhood; there will be undue nuisance or serious hazard to vehicles or pedestrians; and adequate and appropriate facilities will be provided to ensure the proper operation of the proposed use, structure, or condition. The Board shall authorize such special permit only when it finds that, in view of these considerations, such special permit is consistent with the spirit of this Bylaw and generally in conformity with the Master Plan for the Town.

13.10.2 The Board shall also impose the conditions specified below for the following uses:

13.10.2 a. For the Planned Residential Development of land for any permitted use in any Residential District, provided the minimum distance between principal buildings shall be twice the minimum required side yard; and the minimum lot area required per dwelling unit or other permitted unit shall be multiplied by the number of units to obtain the minimum lot area required for the total tract of the land.

13.10.2 b. For the Open Area Residential Development of land for one-family residential purposes in any "R-T" and "R-E" District subject to area regula-

tions less than the minimum required in the Table of Area Regulations provided: the tract in single or consolidated ownership at the time of application shall be at least 10 acres in size and subject to approval by the Planning Board under the Subdivision Control Law; a development plan shall be presented for the entire tract; each individual lot shall be subject to all lot requirements for a one-family dwelling in an "R-S" District; the total number of proposed lots in the development shall not exceed the number of lots which could be developed under normal application requirements of the "R-T" or "R-E" District; the development shall be served by both public water and sewerage systems; at least 10 percent of the total tract area of which at least 50 percent shall not be wetlands or over 5 percent slope land shall be set aside as commonland and may be either deeded to the town or covenanted to be maintained as permanent "open space" in private or cooperative nonprofit ownership; such common land shall be deeded to the town or permanently covenanted simultaneously with the Planning Board's approval of the Definitive Subdivision Plan; such common land shall be restricted to open space uses such as tot lot, park, playground, playfield or conservation area; and such common land shall have access to a street.

13.10.2 c. For the use of a trailer located in any District provided; any trailer shall not be used for more than six months; no wheels, tires or other means of keeping the trailer mobile shall be removed; any trailer shall have a current state motor vehicle license; and no skirts, porches, fences or similar materials or equipment shall be added to any trailer which would detract from its mobility. Each trailer and its lot shall be subject to the requirements of the District.

13.10.2 d. For the conversion or location of a lodging house in any "R-U" District, provided: it shall be limited to not more than five persons; it shall be located in the principal building; official residence shall be maintained therein by the owner of the premises; and it shall be used for non-transients only.

13.10.2 e. For the use of a one-family dwelling in any "R" District for a home occupation, provided: not

more than one nonresident shall be employed therein; not more than 500 square feet of floor area is devoted to such use; the use is carried on strictly within the principal building; not more than 40 percent of the existing floor area not to exceed 500 square feet is devoted to such use; that there shall be no display of goods or wares visible from the street; no advertising on the premises other than a small nonelectrical sign not to exceed 1.5 square feet in area and carrying only the name and occupation of any occupant of the premises such as physician, artisan, teacher, (day-nurses), lawyer, architect, engineer, clergyman, accountant, osteopath, dentist, and similar occupations or professions; and provided further that the buildings or premises occupied shall not be rendered objectionable or detrimental to the residential character of the neighborhood due to the exterior appearance, emission of odor, gas, smoke, dust, noise, electrical disturbance or in any other way; and that such building shall include no feature of design not customary in buildings for residential use. Such uses as clinics, barber shops, beauty parlors, tea rooms, real estate offices, tourist homes, animal hospitals, kennels, and others of a similar nature shall not be considered as home occupations.

13.10.2 f. For the planned business or industrial development of land for any permitted use in "B" or "B-I" District subject to a floor area ratio more than the maximum permitted in the Table of Area Regulations and less than the parking requirements contained in Section 8, provided; the tract in single or consolidated ownership at the time of application shall be at least three acres in size; a development plan shall be presented for the entire tract; the development shall be served by one common parking area, exit and entrance; the maximum floor area ratio shall not exceed 0.50; and the reduction in parking space requirements shall not exceed more than 10 percent those required under normal application requirements of the "B" or "B-I" District.

13.10.2 g. For the manufacturing or other industrial use of any lot in any "I" District listed as an exception provided: the proposed use shall not emit any smoke of a shade darker than No. 2 on the

Ringelmann Smoke Chart as published by the U. S. Bureau of Mines; no air pollution particle concentrations shall exceed 0.3 grains per cubic foot; all inflammable or radioactive liquids shall be stored underground; the discharge of wastes shall be into a public sewer or the system subject to written approval of the Massachusetts Department of Public Health; vibration shall not exceed the safe range of Table 7, U. S. Bureau of Mines, Bulletin No. 442; there shall be no unusual or objectionable odor; and no direct or sky reflected glare shall be permitted; and further provided all materials shall be stored within a completely enclosed building.

13.10.2 h. Use of land for, and/or the erection and use of any building and/or other structure in any District for a principal and/or accessory use where the provisions of this Bylaw cannot reasonably be interpreted to provide anywhere in this Bylaw for such use, provided: the Board determines in each instance such use shall be essential to the general welfare of the Town, they shall be permitted only in a district where uses similar to the use shall be permitted; and the use shall be subject to all provisions prescribed in this Bylaw for the District in which the similar use is provided for as a permitted use.

13.10.2 i. For the enlargement of any nonconforming structure (not including a sign) beyond the maximum floor area ratio and yard regulations in any District, and the extension of the use thereof refer to Section 9.

13.10.2 j. Alteration to single or multi-family residences so as to adapt them to additional limited multiple family use upon the following conditions:

13.10.2 j. 1. That there will be no change in the existing district use and the approval shall automatically cease when the structure is removed.

13.10.2 j. 2. That a minimum floor space of five hundred (500) square feet per family unit be provided.

13.10.2 j. 3. That satisfactory off-street parking must be provided.

13.10.2 j. 4. That each family unit must be a complete housekeeping unit.

13.10.2 j. 5. That additions or appurtenances may not be added without the prior approval of the Board of Appeals, except for openings for ingress and egress, for necessary stairs and steps including shelters therefor, and for the provisions of the housing of one motor vehicle per family unit.

13.10.2 j. 6. And upon other conditions as may lawfully be required by the Board of Health, the Building, Plumbing and Wiring Inspectors, and the Board of Appeals, not inconsistent with the foregoing.

13.11 VARIANCE

The Board may authorize a variance for a particular use or parcel of land or to an existing building thereon from the terms of this Bylaw where, owing to conditions especially affecting such a building but not affecting generally the Zoning District in which it is located, a literal enforcement of the provisions of this Bylaw would involve substantial hardship, financial or otherwise, to the appellant, and where desirable relief may be granted without substantial detriment to the public good and without nullifying or substantially derogating from the intent or purpose of this Bylaw. In authorizing such variance the Board may impose limitations both of time and use, such as, but not limited to those specified in Subsections 13.10.1 and 13.10.2 (a) to (j) inclusive, and a continuation of the use permitted may be conditioned upon compliance with regulations to be made and amended from time to time hereafter.

13.12 SITE PLAN APPROVAL

13.12.1 No single-family, multi-family, business or industrial building shall hereafter be erected or externally enlarged, and no business or industrial use shall hereafter be established or expanded in ground area except in conformity with a site plan bearing an endorsement of approval by the Building Inspector or the Building Inspector and the Board of Appeals.

13.12.2 Said site plan shall show the following:

13.12.2 a. Dimensions of the lot.

13.12.2 b. All existing and proposed buildings and structures.

13.12.2 c. Parking spaces, driveway opening, driveways, service areas, and other open road.

13.12.2 d. Front, side and rear yard areas.

13.12.2 e. All facilities for sewerage, refuse, and other waste disposal, and for surface water drainage.

13.12.2 f. All landscape features, such as fences, walls, planting areas and walks.

13.12.2 g. Zoning district or boundary of zoning districts if lot extends into two or more districts.

13.13 APPROVAL OF SITE PLAN

Upon approval of the site plan, the builder may apply for a Building Permit under the appropriate section of the Building Code, Town of Medfield, Massachusetts.

13.14 APPEAL PERIODS

13.14 a. Any appeal to the Board of Appeals to any order or decision relative to this Bylaw shall be made within thirty (30) days of the date of the order or decision which is being appealed. All such appeals shall be conducted in accordance with the Zoning Enabling Act.

13.14 b. Any person aggrieved by a decision of the Board of Appeals may petition the courts within twenty-one (21) days and to higher courts in accordance with the Zoning Enabling Act.

SECTION 14

AMENDMENT, VALIDITY, REPEALER AND EFFECTIVE DATE

14.1 AMENDMENT

This Bylaw may be amended from time to time in accordance with the Zoning Enabling Act.

During the amendment procedure subdivision plans in process of review by the Planning Board under the Subdivision Control Law shall be subject to the provisions of the Zoning Enabling Act.

14.2 VALIDITY

The invalidity, unconstitutionality or illegality of any provision of this Bylaw or boundary shown on the Zoning Map shall not have any effect upon the validity, constitutionality or legality of any other provisions or boundary.

14.3 REPEALER

The Zoning Bylaw for the Town of Medfield, Massachusetts, adopted on April 21, 1938, and all subsequent amendments thereto are repealed in whole.

14.4 EFFECTIVE DATE

This Bylaw shall take effect upon the date resulting from the procedure provided for in Section 32 of Chapter 40 of the General Laws of the Commonwealth of Massachusetts.

NOTE: For simplicity, the effective date of the current amendment to the Medfield Zoning Bylaw shall be March 6, 1972.

or take any other action relative thereto. (Planning Board)

ARTICLE 56. To see if the Town will vote to add to the Zoning Bylaw a Section 7, Signs, or adopt as Article VIII of the general Bylaws the following:

SIGNS

7.1 PURPOSE

This section is adopted for the regulation and restriction within the various zoning districts of the Town of Medfield of billboards, signs and other advertising devices on public ways or on private property within public view of a public way, public park or reservation. This section shall not apply to signs exempted by Section 32 of Chapter 93 of the General Laws.

7.2 REGULATIONS AND RESTRICTIONS

7.2.1 "R" Districts

7.2.1.1 Accessory Signs--No accessory sign shall be erected or maintained on any premises

in connection with a use permitted in a residential area by the Zoning Bylaw, except as follows:

7.2.1.1 a. One sign for each dwelling unit, provided: such sign shall not exceed 1.5 square feet in surface area; if lighted, it shall be illuminated with white light by indirect method only, and it shall not be used other than for identifying the occupancy. It shall set back at least one half of the required depth of the front yard.

7.2.1.1 b. One sign for each community facility or public utility use: provided the sign shall not exceed 12 square feet in surface area; if lighted, it shall be illuminated with white light by indirect method only; and it shall set back at least one half of the required depth of the front yard.

7.2.1.1 c. One unlighted sign offering premises for sale or lease for each parcel in one ownership, provided: it shall not exceed 4 square feet in surface area; and it shall be set back at least one half of the required depth of the front yard.

7.2.1.1 d. One unlighted temporary sign of a painter or other artisan erected during the period such person is performing work on such premises on which such sign is erected, provided: it shall not exceed 4 square feet in surface area; and it shall be set back at least one half of the required depth of the front yard.

7.2.1.1 e. Accessory signs on premises lawfully being used for business or commercial purposes under a valid nonconforming use or variance granted by the Board of Appeals must comply with the provisions of the Zoning Bylaw as to accessory signs in "B" districts and such special conditions as the Board may require under Section 13.

7.2.1.1 f. One sign for each hotel or multi-family use in a "R-U" district: provided the sign shall not exceed 12 square feet in surface area; if lighted, it shall be illuminated with white light by indirect method only, and it shall set back at least one half of the required depth of the front yard.

7.2.1.2 Nonaccessory Signs

No nonaccessory sign shall be erected or maintained in an "R" district.

7.2.1.3 Special Signs

Signs advertising subdivisions shall be limited to one (1) sign per subdivision. Such a sign need not be on the property of the developer. The sign shall not exceed twelve (12) square feet in area and shall not be illuminated. A yearly permit for erection of the sign is required and may be granted by the Board of Selectmen at their discretion. The Board may for any reason rescind the permit.

7.2.2 "B" District or "B-I" District

7.2.2.1 Accessory Signs

Any sign shall be permitted that is permitted in the "R" district subject to the same provisions of use. Additionally, accessory signs that comply with the provisions hereinafter set forth are permitted. All other accessory signs are expressly prohibited.

7.2.2.1 a. Location. The sign shall be affixed to a building except as hereinafter provided. A sign attached to a building shall be securely affixed to one of the walls or a roof of the building. If affixed to a wall, it shall be parallel with and not project more than twelve (12) inches from the face of such wall and shall not project beyond the face of any other wall of the building. If affixed

to the roof, it shall be parallel with the front wall of the store and shall not project beyond the face of any wall of the building. No sign, whether affixed to a wall or roof of a building, shall project above the highest line of the main roof of the building, provided however, that if the sign is attached to a wall having a parapet extending above the highest line of such roof, then the sign may reach but may not project above the top of the parapet wall.

7.2.2.1 b. Size. A sign shall not be more than three (3) feet overall in height. A sign on the exterior wall of the first floor of a building may extend across the full width of the store wall, unless the store occupies the entire first floor of a detached building, in which event the sign may extend across not more than three fourths (3/4) of the width of the wall. The height of signs of stores occupying other than the first floor of a building shall not exceed three (3) feet.

7.2.2.1 c. Number. There shall not be more than one exterior sign for each store except that if the store has a direct entrance into the store in a wall other than the store front, there may be a secondary sign affixed to such wall and, if the store has a wall other than the store front that faces upon a street or parking area, there may be a secondary sign affixed to such wall whether or not such wall contains an entrance to the store; provided, however, that no store shall have more than two secondary signs in any event. The width of the secondary sign or signs shall not exceed fifty percent (50%) of the maximum permissible width of the sign on the store front. In addition to the foregoing sign or signs, there may be one directory of the occupants or tenants of the building affixed to the exterior wall of the building at each

entrance to the building. Such directory shall not exceed an area determined on the basis of one (1) square foot for each occupant or tenant of the building.

7.2.2.1 d. Construction. No sign shall be painted on or posted directly on the exterior surface of any wall, including windows and doors. All signs must be painted, posted or otherwise securely affixed to a substantial intermediary removable surface and such surface shall be securely affixed to the wall of the building. The foregoing, however, shall not prevent installation of a sign by individual letters or devices cut into or securely affixed to the exterior wall of a building, provided that such letters or devices have a minimum depth or projection of one fourth (1/4) of an inch. The material of the sign and intermediary surface and the manner of affixation of the sign to the intermediary surface and of the intermediary surface to the wall of the building shall be subject to the approval of the Building Inspector for the purpose of protecting the safety of the public.

7.2.2.1 e. Illumination. Moving and flashing signs are prohibited. No red or green lights shall be used on any sign. No sign may be illuminated between 12:00 p.m. and 6:00 a.m., except signs identifying police or fire stations and such other signs as the Board of Appeals may specifically authorize to be illuminated at other hours, if the Board finds that the nature of the use of the premises is such that such illumination should be permitted in the public interest.

The provisions of this paragraph shall apply not only to exterior signs but also to interior signs that are designed or placed so as to shine through windows or doors of the building.

7.2.2.1 f. Maintenance. All signs whether erected before or after the effective date of this Bylaw shall be maintained in a safe condition to the satisfaction of the Building Inspector, and, if not, shall be removed.

7.2.2.1 g. Gasoline Filling Stations and Garages. Gasoline filling stations and garages may, if they elect to do so, divide the one exterior sign affixed to the front wall of the building, to which they are entitled as hereinabove provided, into separate signs affixed to and parallel to such wall and indicating the separate operations or departments of the business, provided, however, that the total of the widths of the separate signs shall not exceed the maximum width permitted under this Bylaw for a single exterior sign on such wall. The standard type of gasoline pump bearing thereon in usual size and form, the name or type of gasoline and the price thereof shall not be deemed to be in violation of this Bylaw. Temporary or movable signs of any and every type are specifically prohibited.

7.2.2.2 Nonaccessory Signs

No nonaccessory sign shall be erected or maintained in any "B" District or "B-I" District unless otherwise permitted in this section of the Zoning Bylaw.

7.2.2.3 Special Signs

A directory-type sign listing the occupants in an industrial complex may be permitted subject to permission being granted by the Board of Appeals. Such a sign shall not exceed 20 square feet for use as a heading and no more than 3 square feet per occupant. In no case shall any such sign exceed 80 square feet in area or 8 feet in width.

7.2.2.4 Other

No accessory, nonaccessory or special signs (other than a directory) shall be of the standing type. Standing signs are prohibited.

7.2.3 "I" District

7.2.3.1 Accessory Signs

7.2.3.1 a. Any sign shall be permitted that is permitted in the "B" District and in a "B-I" District subject to the same provisions of use.

7.2.3.1 b. One wall sign shall be permitted for each building unit, provided: it shall be attached to the main wall of a building; it shall not project horizontally more than 12 inches therefrom; it shall be erected at a height not less than 10 feet, nor more than 30 feet above the ground or sidewalk; it shall not exceed 100 square feet in surface area; and if lighted, it shall be illuminated by reflector method with white light only.

7.2.3.1 c. Projecting signs are prohibited.

7.2.3.1 d. One ground sign for each building unit, provided: it shall not exceed 50 square feet in surface area; it shall set back at least one half the depth of the required front yard; and, if lighted, it shall be illuminated by indirect method with white lights only.

7.2.3.2 Nonaccessory Signs

No nonaccessory sign shall be erected or maintained in any "I" District unless otherwise permitted in this section of the Zoning Bylaw.

7.2.3.3 Special Signs

A directory-type sign listing the occupants

in an industrial complex may be permitted subject to permission being granted by the Board of Appeals. Such a sign shall not exceed 20 square feet for use as a heading and no more than 3 square feet per occupant. In no case shall any such sign exceed 80 square feet in area or 8 feet in width.

7.3 MISCELLANEOUS

7.3.1 Nonconforming Signs

Signs legally erected before the adoption of this Bylaw that do not conform to the provisions of this Bylaw must be made to so comply within five (5) years after the effective date of this Bylaw, except that standing signs must be made to comply within three (3) years after the effective date of this Bylaw and except that all signs must be made to comply with the provisions of Paragraphs 7.2.1, 7.2.2 and 7.2.3 relative to illumination within one (1) year after the effective date of this Bylaw.

or take any other action relative thereto. (Planning Board)

ARTICLE 57. To see if the Town will vote to add to the Zoning Bylaw Section 7, Regulations and Restrictions for Signs, or adopt as Article VIII of the general Bylaws the following:

REGULATIONS AND RESTRICTIONS FOR SIGNS

7.1 PURPOSE

This section is adopted for the regulation and restriction within the various zoning districts of the Town of Medfield of bill-boards, signs and other advertising devices on public ways or on private property within public view of a public way, public park or reservation. This section shall not apply to signs exempted by Section 32 to Chapter 93 of the General Laws.

7.2 "R" DISTRICTS

7.2.1 Accessory Signs

No accessory sign shall be erected or maintained on any premises in connection with a use permitted in

a residential area by the Zoning Bylaw, except as follows:

7.2.1.1 One sign for each dwelling unit, provided: such sign shall not exceed 1.5 square feet in surface area; if lighted, it shall be illuminated with white light by indirect method only, and it shall not be used other than for identifying the occupancy. It shall set back at least one half of the required depth of the front yard.

7.2.1.2 One sign for each community facility or public utility use: provided the sign shall not exceed 12 square feet in surface area; if lighted, it shall be illuminated with white light by indirect method only; and it shall set back at least one half of the required depth of the front yard.

7.2.1.3 One unlighted sign offering premises for sale or lease for each parcel in one ownership, provided: it shall not exceed 4 square feet in surface area; and it shall be set back at least one half of the required depth of the front yard.

7.2.1.4 One unlighted temporary sign of a painter or other artisan erected during the period such person is performing work on such premises on which such sign is erected, provided: it shall not exceed 4 square feet in surface area; and it shall be set back at least one half of the required depth of the front yard.

7.2.1.5 Accessory signs on premises lawfully being used for business or commercial purposes under a valid nonconforming use or variance granted by the Board of Appeals must comply with the provisions of the Zoning Bylaw as to accessory signs in "B" districts and such special conditions as the Board may require under Section 13.

7.2.1.6 One sign for each hotel or multifamily use in a "R-U" district: provided the sign shall not exceed 12 square feet in surface

area; if lighted, it shall be illuminated with white light by indirect method only, and it shall set back at least one half of the required depth of the front yard.

7.2.2 Nonaccessory Signs

No nonaccessory sign shall be erected or maintained in an "R" district.

7.2.3 Subdivision Sign

Signs advertising subdivisions shall be limited to one (1) sign per subdivision. Such a sign need not be on the property of the developer. The sign shall not exceed twelve (12) square feet in area and shall not be illuminated. A yearly permit for erection of the sign is required and may be granted by the Board of Selectmen at their discretion. The Board may for any reason rescind the permit.

7.3 "B" District and "B-1" District

7.3.1 Accessory Signs

Any sign shall be permitted that is permitted in the "R" district subject to the same provisions of use. Additionally, accessory signs that comply with the provisions hereinafter set forth are permitted. All other accessory signs are expressly prohibited.

7.3.1.1 One pole sign for each street frontage of an automotive service establishment, provided it shall not exceed 40 square feet in surface area; no portion of it shall set back less than 15 feet from any street lot line; it shall not be erected so that any portion of it is over 30 feet above the ground or sidewalk.

7.3.1.2 One wall sign for each lot street frontage of each building unit, provided: it shall be attached to the main wall of a building: it shall not project horizontally more than 12 inches therefrom; it shall be erected at a height not less than 10 feet, nor more than 30 feet above the ground or sidewalk; it shall not exceed 40 square feet in surface area.

7.3.1.3 One projecting sign for each lot, street frontage of each building unit provided: it shall be attached to the main wall of a building; it shall project horizontally not more than 6 feet therefrom; it shall be erected at a height not less than 10 feet, nor more than 30 feet above the ground or sidewalk, it shall not exceed 40 square feet in surface area.

7.3.2 Nonaccessory Signs

No nonaccessory sign shall be erected or maintained in any "B" District or "B-I" District unless otherwise permitted in this section of the Zoning Bylaw.

7.4 "I" District

7.4.1 Accessory Signs

Any sign shall be permitted that is permitted in the "B" District and "B-I" District subject to the same provisions of use.

7.4.1.1 One wall sign for each building unit, provided it shall be attached to the main wall of a building; it shall not project horizontally more than 12 inches therefrom; it shall be erected at a height not less than 10 feet, nor more than 30 feet above the ground or sidewalk; it shall not exceed 100 square feet in surface area.

7.4.1.2 One projecting sign for each building unit, provided: it shall be attached to the main wall of a building; it shall project horizontally not more than 6 feet therefrom; it shall be erected at a height not less than 10 feet, nor more than 30 feet above the ground or sidewalk; it shall not be more than 100 square feet in surface area.

7.4.1.3 One ground sign for each building unit, provided: it shall not exceed 50 square feet in surface area; it shall set back at least one half the depth of the required front yard.

7.4.2 Nonaccessory Signs

No nonaccessory sign shall be erected or maintained in any "I" District unless otherwise permitted in this section of the Zoning Bylaw.

7.4.3 Special Signs

A directory-type sign listing the occupants in an industrial complex may be permitted subject to permission being granted by the Board of Appeals. Such a sign shall not exceed 20 square feet for use as a heading and no more than 3 square feet per occupant. In no case shall any sign exceed 80 square feet in area or 8 feet in width.

7.5 General Sign Provisions

7.5.1 Construction. No sign shall be painted on or posted directly on the exterior surface of any wall, including windows and doors. All signs must be painted, posted or otherwise securely affixed to a substantial intermediary removable surface and such surface shall be securely affixed to the wall of the building. The foregoing, however, shall not prevent installation of a sign by individual letters or devices cut into or securely affixed to the exterior wall of a building, provided that such letters or devices have a minimum depth or projection of one fourth (1/4) of an inch. The material of the sign and intermediary surface and the manner of affixation of the sign to the intermediary surface and of the intermediary surface to the wall of the building shall be subject to the approval of the Building Inspector for the purpose of protecting the safety of the public.

7.5.2 Illumination

7.5.2.1 No sign may be illuminated between 12:00 p.m. and 6:00 a.m., except signs identifying police or fire stations and such other signs as the Board of Appeals may specifically authorize to be illuminated at other hours, if the Board finds that the nature of the use of the premises is such that such illumination should be permitted in the public interest.

The provisions of this paragraph shall apply not only to exterior signs but also to interior signs that are designed or placed so as to shine through windows or doors of the building.

7.5.2.2 A sign or its illuminator shall not by reason of its location, shape, intensity, or color interfere with traffic or be confused with or obstruct the view of effectiveness of any official traffic sign, traffic signal or traffic marking; nor shall any sign be over 3 1/2 feet in area and less than 10 feet in height above the ground or sidewalk if it is located within the triangular area formed by the intersection of the curb lines of streets and/or track lines of railroads with streets and a straight line adjoining said curb and/or track lines at points which are 25 feet distant from the point of intersection measured along such lines.

7.5.2.3 In an Industrial-Extensive (I-E) District all lights and other sources of illumination (whether interior or exterior) and all intense light emanating from operation or equipment (such as from an acetylene torch) shall be shielded from direct view at normal eye level from streets and Residential District.

7.5.3 Maintenance. All signs whether erected before or after the effective date of this Bylaw shall be maintained in a safe condition to the satisfaction of the Building Inspector, and, if not, shall be removed.

or take any other action relative thereto. (Planning Board)

ARTICLE 58. To see if the Town will vote to amend its zoning by-law and its zoning map, as amended, by adding to Section I, Subsection 1. a seventh class of district to be known as VI A, "P" Public Housing District, pass any vote or take any action relative thereto. (Medfield Housing Authority)

ARTICLE 59. To see if the Town will vote to amend the Zoning By-laws by adding the following:

Section VI A "P" Public Housing District

In a "P" Public Housing District no buildings or premises shall be erected, altered or used for any purpose except:

1. Any use permitted in an "A" Residence District unless specifically prohibited by this zoning by-law.

2. Public Housing which shall hereby be defined as housing operated by a public body created pursuant to Section 26K of Chapter 121 of the General Laws to provide housing for the elderly.

3. Public Housing shall be specifically exempt from the following requirements under Section VI, Apartments, of the Zoning By-laws, all other provisions of said Section VI shall otherwise be in full force and effect in this district:

   Exemptions - Section VI, Section 1 -".....each apartment building shall occupy one lot in single ownership throughout.....", Paragraph 1. (e), minimum living space per square feet of living space per dwelling unit; 2. Area and width regulations; Paragraph 4. (a) required minimum off street parking spaces.

Pass any vote or take any action relative thereto.

(Medfield Housing Authority)

ARTICLE 60. To see if the Town will vote to amend the Zoning By-law of the Town by removing from Section III, "B" residence and the zoning map of the Town to Section VI A "P" Public Housing District the following described parcel of land:

Commencing at a point on the southerly sideline of Pound Street approximately 263.77 feet from the intersection of the southerly sideline of Pound Street and the easterly sideline of South Street, thence:

Southeasterly in three courses 54.20 feet, 210.00 feet and 81.45 feet; thence

Easterly 282.95 feet; thence

Northwesterly in three courses 133.93 feet, 168.00 feet and 50.00 feet to Pound Street; thence

Southwesterly along Pound Street 288.00 feet to the point of beginning.

Meaning and intending to rezone lots 7, 8 and 9 now or formerly owned by one Kingsbury which were the subject of a zoning article at the special town meeting of June 1971.

Containing 97,844 square feet, more or less,

Pass any vote or take any action relative thereto.
(Medfield Housing Authority)

ARTICLE 61. To see if the Town will vote to appoint a Committee consisting of the Chairman of the Board of Selectmen, the Chairman of the Finance Committee, the Chairman of the Planning Board, the Chairman of the Industrial Committee, the Chairman of the Board of Assessors and the Chief of Police and the Chief of the Fire Department, said Committee to study the possibility of re-zoning for the Town of Medfield with a view to broadening the tax base of the Town and to see what sum of money the Town will vote to raise and appropriate or transfer from available funds to defray the expenses of the Committee, or do or act anything in relation thereto. (Petition)

ARTICLE 62. To see if the Town of Medfield will vote to authorize the Board of Selectmen to instruct Boston Edison Company to install street lights on Arnold Drive for safety reasons, on the following utility poles: 2, 4, 6, 8. (Petition)

ARTICLE 63. To see if the Town will vote to authorize the Moderator to appoint a committee of five (5) members and authorize it to make arrangements and to spend money appropriated under Article 3 for the observance of Memorial Day, or do or act anything in relation thereto. (Board of Selectmen)

ARTICLE 64. To see if the Town will vote to accept the following named sums as Perpetual Trust Funds for the care of lots in the Vine Lake Cemetery, the interest thereof or as may be necessary to be used for said care, viz:

Theodore Suereth Lot	$200
Conners-Barcello Lot	100
Ernest Elsemore Lot	100
Charles & Gladys Clougherty Lot	600
Walter & Elizabeth Lefbvre Lot	200
Robert Chase Lot	400
Audrey Tighe Lot	100
Donald Wallace Lot	120
Adele Duffy Lot	100
Byron Reed Lot	20
Bullard-Hughes Lot	200
Burgess P. Standley Lot	800
Ewan Cebrowski Lot	600
Charles Cain Lot	400
Mildred Rossi Lot	150
Wiley Scribner Lot	100

And you are directed to serve this warrant by posting an attested copy thereof, in the usual place for posting warrants in said Medfield, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon, unto the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this first day of February, A.D., Nineteen Hundred and Seventy-two.

HARRY A. KELLEHER
WESTON G. KOLSTI
JOSEPH L. MARCIONETTE
Selectmen of Medfield
